

BART Agreement Number: 6M8150
Work Plan No. B.08 - Structure Inspection Services

Approval Date: 4/09/19

Scope:

eBART is seeking a new work plan with added services to WP B.9.0 and B9.1 under Agreement 6M8107. The new work plan calls for annual routine structure inspection services on the East Contra Costa County Extension - eBART. The work involves the update of the Bridge Management Plan, BMP Version 1.0 dated November 14, 2018, to include Box Culvert and Tunnel sections, load capacity review, code analysis and, bridge, tunnel, and culvert inspection services.

The scope includes a total of 7 bridges, 2 tunnels, and 1 culvert:

- 6 Ballasted concrete box-girder bridges with two trackways each spanning roadways.
- 1 Steel truss pedestrian bridge spanning Hwy. 4 westbound lanes.
- 2 Cast-in-Place concrete tunnels.
- 1 Aqueduct culvert.

Prime: PreScience
