Seismic Updates at Lake Merritt BART Facilities

January 2015

Dear BART Customer:

As part of the BART systemwide Earthquake Safety Program, work has begun on efforts to prepare underground BART facilities to better withstand future earthquakes. **Construction crews will be present at and around the Lake Merritt Station, with personnel accessing sites near the corner of Oak Street and 8th Street. The work will take place between the hours of 8 am – 4:30 pm. This work is expected to last through March 2015.**

The public may see personnel and small construction devices in the area. During construction, there will be no impacts to access to public areas. We will monitor noise and dust and work to minimize any inconveniences. We appreciate your patience and cooperation during this work.

To contact the Earthquake Safety Program or obtain additional information, please visit our website at **www.bart.gov/earthquakesafety** or call our Program Information Line at **(510) 874-7425**.

Thank you again for your patience and cooperation.

If you need language assistance services, please call BART's Transit Information Center at (510) 465-2278.

如果需要语言帮助服务，请拨打 BART Transit（快速交通）信息中心，电话号码为 (510) 465-2278。

통역이 필요하시면, BART 수송 정보 센터 (510) 465-2278로 전화해 주십시오.

Si necesita servicios de asistencia de idioma, llame al centro de información de tránsito del BART al (510) 465-2278.

Nếu quý vị cần các dịch vụ trợ giúp ngôn ngữ, xin gọi cho Trung Tâm Thông Tin Chuyên Chở Công Cộng của BART tại số (510) 465-2278.

ABOUT THE PROGRAM

The BART Earthquake Safety Program will upgrade the original BART system to ensure safety and the ability to return to operation shortly after a major earthquake.

Priorities for strengthening work include BART's Transbay Tube, elevated structures, and many stations.

Thank you for supporting BART's efforts to protect this Bay Area asset.
