## May the luck of the Irish be with you this month!

### Take BART to St. Patrick's Day events in SF, Dublin

Paint the town green! Not literally, of course, but with St. Patrick's Day spirit.

Saturday, March 17, San Francisco will celebrate St. Patrick's Day, and everything Irish, with a parade full of thousands of dancers, musicians and revelers of all kinds, filling the City with laughter and mirth.

Those who take BART will be smiling a bit more than others, having avoided traffic and parking hassles on the way to the parade and festival. Exit BART at the Montgomery Street, Powell Street or Civic Center stations to find your pot of gold. Plan your trip at [bart.gov](http://bart.gov).

The Parade begins at 11:30 a.m. at the corner

of Second and Market. The festival will take place from 10 a.m. to 5 p.m. at San

Francisco's Civic Center Plaza. For more information, visit [uissf.org](http://uissf.org).

If you're celebrating St. Paddy's Day in the East Bay, check out Dublin's St. Patrick's Day festival Saturday and Sunday, March 17

and 18 from 10 a.m. to 5 p.m. at the Dublin Civic Plaza.

Your bus trip from the Dublin/Pleasanton BART station to the Dublin Civic Center is free when you take a Route 10 bus from Dublin/Pleasanton BART to the festivities! Please visit [wheelsbus.com](http://wheelsbus.com) or call 925/455-7500 for more information.

#### From the General Manager

### BART's a great way to avoid high gas prices...

Gas prices have been in the news a lot lately, and as you know, that usually means the price of gas is going in one direction—up. With gas prices shooting well past \$4.00 a gallon, BART is an even more economical alternative to driving. Add this to the other benefits of riding BART: reliable, less stressful than driving in traffic and so much better for the environment, and it's easy to see why BART is the right choice for so many Bay Area residents.

As the calendar moves toward spring, many weekends will be filled with big community events like the St. Patrick's Day festivals in San Francisco and Dublin (see story above), Major League Baseball's Opening Day with both the Giants and the A's, Earth Day events, Carnaval and more. Traffic gets quite hectic around these big events and parking more difficult to find. Don't waste your valuable weekend time sitting in traffic, take BART.

As always, we appreciate it when you choose BART. Thanks for riding.

  
Grace Crunican, General Manager

### Attend a BART community meeting

Please join BART as we seek input on three critical issues.

**Proposed Fare Increase** — Small, regular fare increases have been key to keeping BART's service safe and reliable. For the next fiscal year, BART is planning a small fare increase effective July 2012 in order to raise approximately \$5 million. Your input is needed on possible alternative fare change options that could generate that amount and on a long-term extension of BART's current inflation-based fare increase program.

**Clipper Card Distribution for Seniors and Youth** — BART is part of "Clipper," the regional fare payment system. Seniors and youth can get their discounted fare automatically by using the discounted Clipper card. BART wants to insure that eligible BART customers can readily obtain discounted cards in their communities. Your input is necessary to determine the adequacy of existing locations to obtain Clipper cards and to comment on what would be adequate for you and your community.

**Draft Environmental Justice Policy** — Your input is needed on BART's draft Environmental Justice Policy. The proposed Environmental Justice Policy includes three primary components:  
1) integrating Environmental Justice principles into BART's transportation planning; 2) evaluating impacts on minority and low-income populations; and 3) enhancing public involvement activities to identify and address the needs of minority and low-income populations in making transportation decisions.
