Construction Notification # 09

Construction To Begin Between Walnut Avenue & Stevenson Boulevard

March 25, 2010

Construction of the Fremont Central Park Subway will begin between Walnut Avenue and Stevenson Boulevard in late March 2010. The work will take place within the undeveloped BART property between the existing apartment and condominium complexes. There is a map showing the work area on the opposite side of this notification. The work will include, but is not limited to:

- Setting up fencing to define the contractor's work area
- Removing the dog run area at the rear of the Archstone complex
- Reconfiguring the Tule Pond storm water storage area at Walnut Avenue
- Constructing the embankment and retaining walls necessary for the BART subway

As of **March 29, 2010**, there will no longer be access to the dog run at the rear of the Archstone complex. The dog park in Fremont Central Park is accessible via Stevenson Boulevard. Watch for signage indicating the location of the new pathway to the dog park. The new Fremont Central Park Dog Park, located near Civic Center Drive and Stevenson Boulevard, will be open and available for use by dog owners in mid-spring.

The estimated duration of construction between Walnut Avenue and Stevenson Boulevard is 20 months.

Note: Archstone residents look for future work that will affect you.

We appreciate your continued patience during construction. If you have questions regarding these activities, please contact our project information line at (510) 476-3900 or e-mail
