

BART Warm Springs Extension

Construction Notification #49

Upcoming Changes to Parking at Fremont Station

Construction Details

Summary of Activity

Reconfiguration of southwest customer parking areas and bus circulation routes.

Construction of embankment and Walnut Avenue Bridge.

Additional street and offsite parking will be available to offset the temporary loss of parking at the Fremont Station.

Estimated Start Date

January 6, 2014.

Estimated Duration

Intermittent work for approximately one year.

Impacts

Loss and relocation of parking. Reconfiguration of vehicle entrances and exits.

General Work Hours

7 am to 7 pm
Monday through Friday

9 am to 6 pm Saturday

Night time work as necessary

December 19, 2013

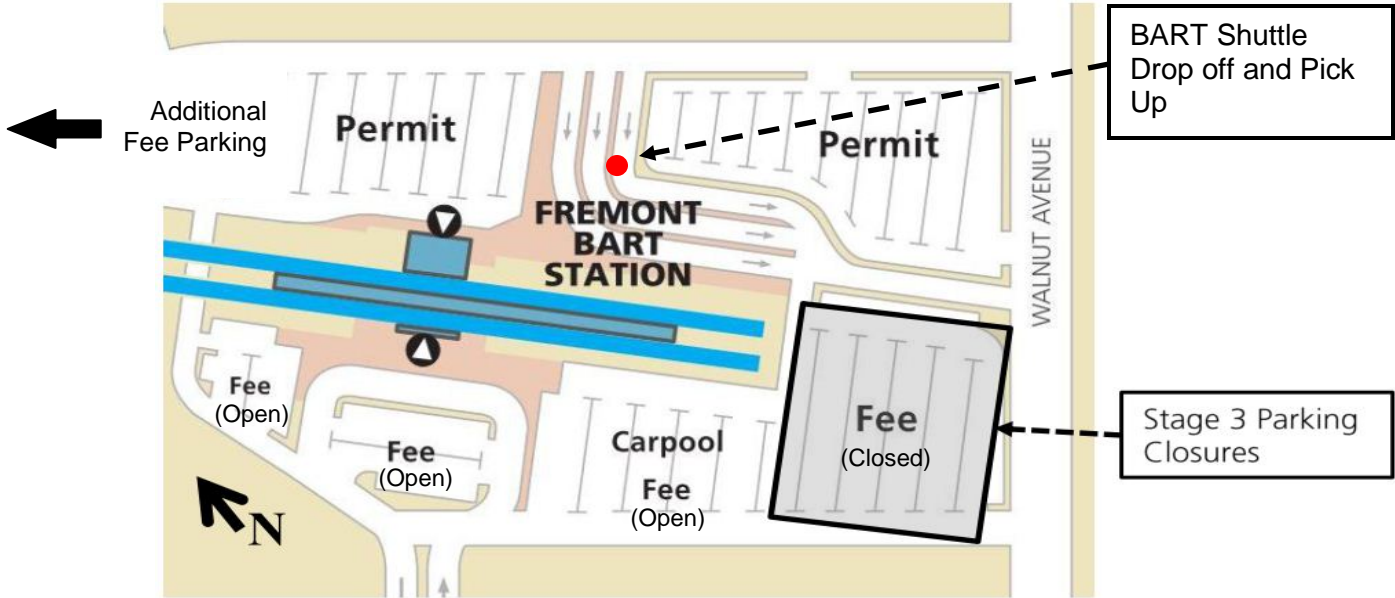

As part of the Warm Springs Extension, Stage 3 of construction at the Fremont Station will begin the week of January 6, 2014, in the southwest parking lot. This work will involve construction of the trackway embankment as well as a new overpass over Walnut Avenue and will require significant changes for vehicle parking at Fremont Station.

Stage 3 work will reduce the number of daily fee parking spaces. This reduction will be partially offset by the addition of street parking on nearby Civic Center Drive. Additionally, free, offsite parking and shuttle service will be provided to BART customers at the Old City Hall parking lot adjacent to the Alameda County Library Fremont Branch located at the foot of Civic Center Drive. Shuttle service will run approximately every ten minutes from 7 am until 10 pm, Monday through Friday, except for holidays. There will be no shuttle service on weekends. BART Police will provide security patrols for this parking. A diagram showing the staging and impacted areas is on the reverse side of this bulletin.

You can also expect temporary construction related noise, dust and traffic impacts. We will monitor noise and dust and will work to minimize any inconvenience to the surrounding community.

We appreciate your patience during construction. If you have questions regarding this work, please contact our project information line at (510) 476-3900 or e-mail bartwarmingsextension@bart.gov.
