Construction Notification #15 *Hegenberger Road Reconfiguration*

November 2011

On November 9, crews working on the Oakland Airport Connector (OAC) project will begin construction to widen Hegenberger Road at the Edgewater Drive intersection. This work will prepare the area for upcoming construction of the guideway foundation and column structures. Lane closures in each direction on Hegenberger Road between Interstate 880 and Hegenberger Loop (southern end) will be required for the duration of the work.

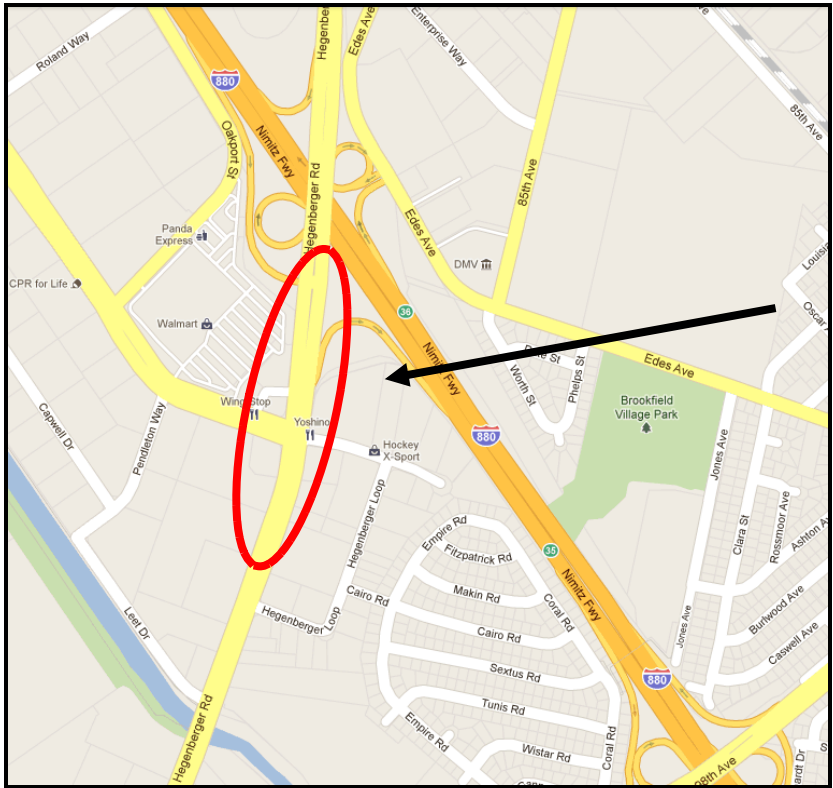

General work hours are 7 am to 7 pm Monday through Saturday.

However, some work will be performed at night between 9 pm and 5 am Monday through Saturday.

As part of the continued work, the public should be aware of the following conditions:

- Lane closures and shifting of traffic
- K-rail (concrete barrier) installation
- Pedestrian detours
- Clearing the work area, including cutting of concrete, jackhammering and tree removal
- Delivery of construction materials
- Increased dust, as part of the excavating process

Jackhammering will produce noise and vibrations in the immediate area. Noise, dust and vibration levels will be monitored and all efforts will be taken to minimize these and other disruptions to the community. Please watch for notices regarding future construction activities and signs with safety information. We appreciate your patience and cooperation during this work.

**Construction Work
Impact Zone**

Work Area: Hegenberger Road,
between Interstate 880 and
Hegenberger Loop (southern end)

Lane Closures: 1-2 lanes on
Hegenberger Road
