

# BART Oakland Airport Connector

## Construction Details

### Summary of Activities

Construction of the OAC guideway foundation and column structures along Hegenberger Road between Interstate 880 and Hegenberger Loop.

### Start Date

May 2012

### Estimated Duration

- Guideway foundation and column structure construction through September 2012
- General construction of OAC through 2013

### Impacts

- Lane reconfigurations, closures and shifting of traffic
- Noise and vibration from pile driving, deep drilling and jackhammering
- Dust from excavating and off-hauling materials

## General Work Hours

7 am to 7 pm  
Monday through Saturday

9 pm to 5 am  
Monday through Sunday

# Construction Notification #23

## *Guideway Foundation and Column Construction – Hegenberger Road between Interstate 880 and Hegenberger Loop*

## May 2012

The Oakland Airport Connector (OAC) project will soon begin to construct the system's guideway foundation and column structures along Hegenberger Road between Interstate 880 and Hegenberger Loop. In late 2011 and 2012 Hegenberger Road was widened in the same area to accommodate the system. After the foundation and column structures are constructed, the system's steel truss guideway will be installed, which will allow OAC vehicles to travel along the median of Hegenberger Road on the elevated structure.

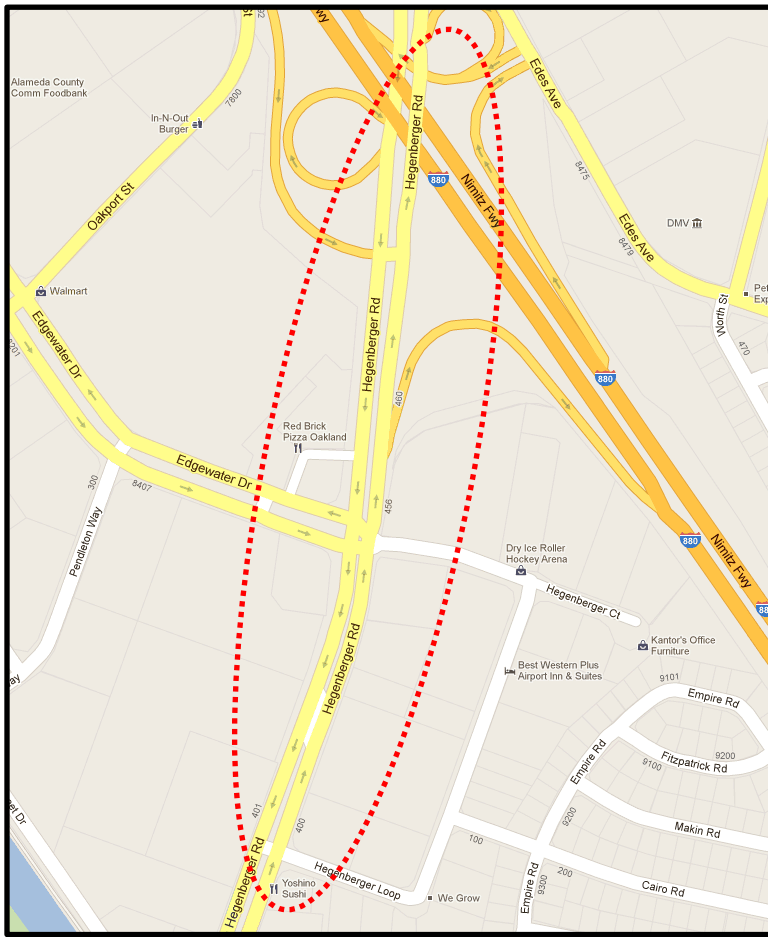

The public should be aware of the following construction impacts:

- Lane reconfigurations, lane closures and shifting of traffic on Hegenberger Road
- Noise and vibration from pile driving, deep drilling and jackhammering
- Dust from excavating and off-hauling materials

**General work hours are 7 am to 7 pm Monday through Saturday. However, some work will be performed at night between 9 pm and 5 am Monday through Saturday.**

Noise, dust and vibration levels will be monitored and all efforts will be taken to minimize these and other disruptions to the community. Stormwater pollution prevention plans are also in place to mitigate the project's environmental impacts. Please watch for notices regarding future construction activities and signs with safety information.

We appreciate your patience and cooperation during this work.
