***San Francisco Bay Area Rapid Transit District***

## ***Environmental Policy***

*Consistent with its mission to provide rapid transit service, BART is committed to continuously improving its operating practices to preserve the environment of the San Francisco Bay Area by adopting feasible practices to:*

- Prevent pollution and preserve natural resources.*
- Build partnerships, to sustain and enhance our environment.*
- Meet or exceed environmental, health, and safety requirements.*
- Address and responsibly correct conditions that hinder a sustainable environment.*
- Create and achieve environmental objectives and targets that are measurable and meaningful.*
- Communicate this policy to all employees and to the community BART serves.*
