Work Plan No. B.08-02 Earthquake Response Team (ERT) Implementation Program

Scope:

Under this Work Plan, CONSULTANT will provide input and graphics for a field manual intended to be used by BART maintenance crews to guide post-disaster inspections and to aid in identifying BART assets as well as adjacent structures that could pose a hazard to BART's normal revenue service operations.

CONSULTANT's services will include the following:

- a) Prepare presentation materials for a four-hour instruction program intended to introduce responders to the ERT Manual and processes.
- b) Assist in presentations for up to four (4) four-hour instruction sessions for BART employees participating in the ERT program.
- c) Attend two (2) four-hour site visits to familiarize ERT team on BART assets and provide input on best practices for post-earthquake observations.
- d) Solicit feedback from the ERT staff for improvements to the ERT program.
