

BART Agreement Number: 6M8179

Approval Date: 08/05/21

Work Plan No. A.03-01 Construction Support Services for North Berkeley Access Improvements

Scope:

This work will consist of management and implementation of bicycle and pedestrian access improvements at North Berkeley Station with the following goals: to advance the 2016 Station Access goals (safer, healthier, greener) and targets (52% active mode share by 2025); to reduce congestion in the Ohlone Greenway, and to improve pedestrian safety and security. This work will be performed by a combination of in-house BART forces and outside Contractors.

Project scopes included but not limited to the following:

- New two-way cycle tracks.
- New speed table and raised crosswalks.
- Modifications to curb ramps and crosswalks.
- New crash rated bollards in front of the station.
- New standard bollards.
- New ADA-accessible passenger loading zone.
- Widening section of Ohlone Greenway for separation between a two-way cycle track and a pedestrian-only path.
- New electronic bike lockers.
- Hydrant relocation.
- Landscaping, irrigation, and storm water improvements.
- New phone/ CCTV pedestal.
- New midblock bulbout and raised crosswalk on Delaware St.
- New midblock bulbout on Sacramento St.
- New wayfinding signage.
- New pedestrian-scale lighting.
