December 10, 2012.

Estimated Duration

One week.

Impacts

The detour is expected to cause minimal disruption.

General Work Hours

7 am to 7 pm
Monday through Friday
Saturday work as necessary

Construction Notification #41

Access to Pedestrian Pathway Temporarily Closed

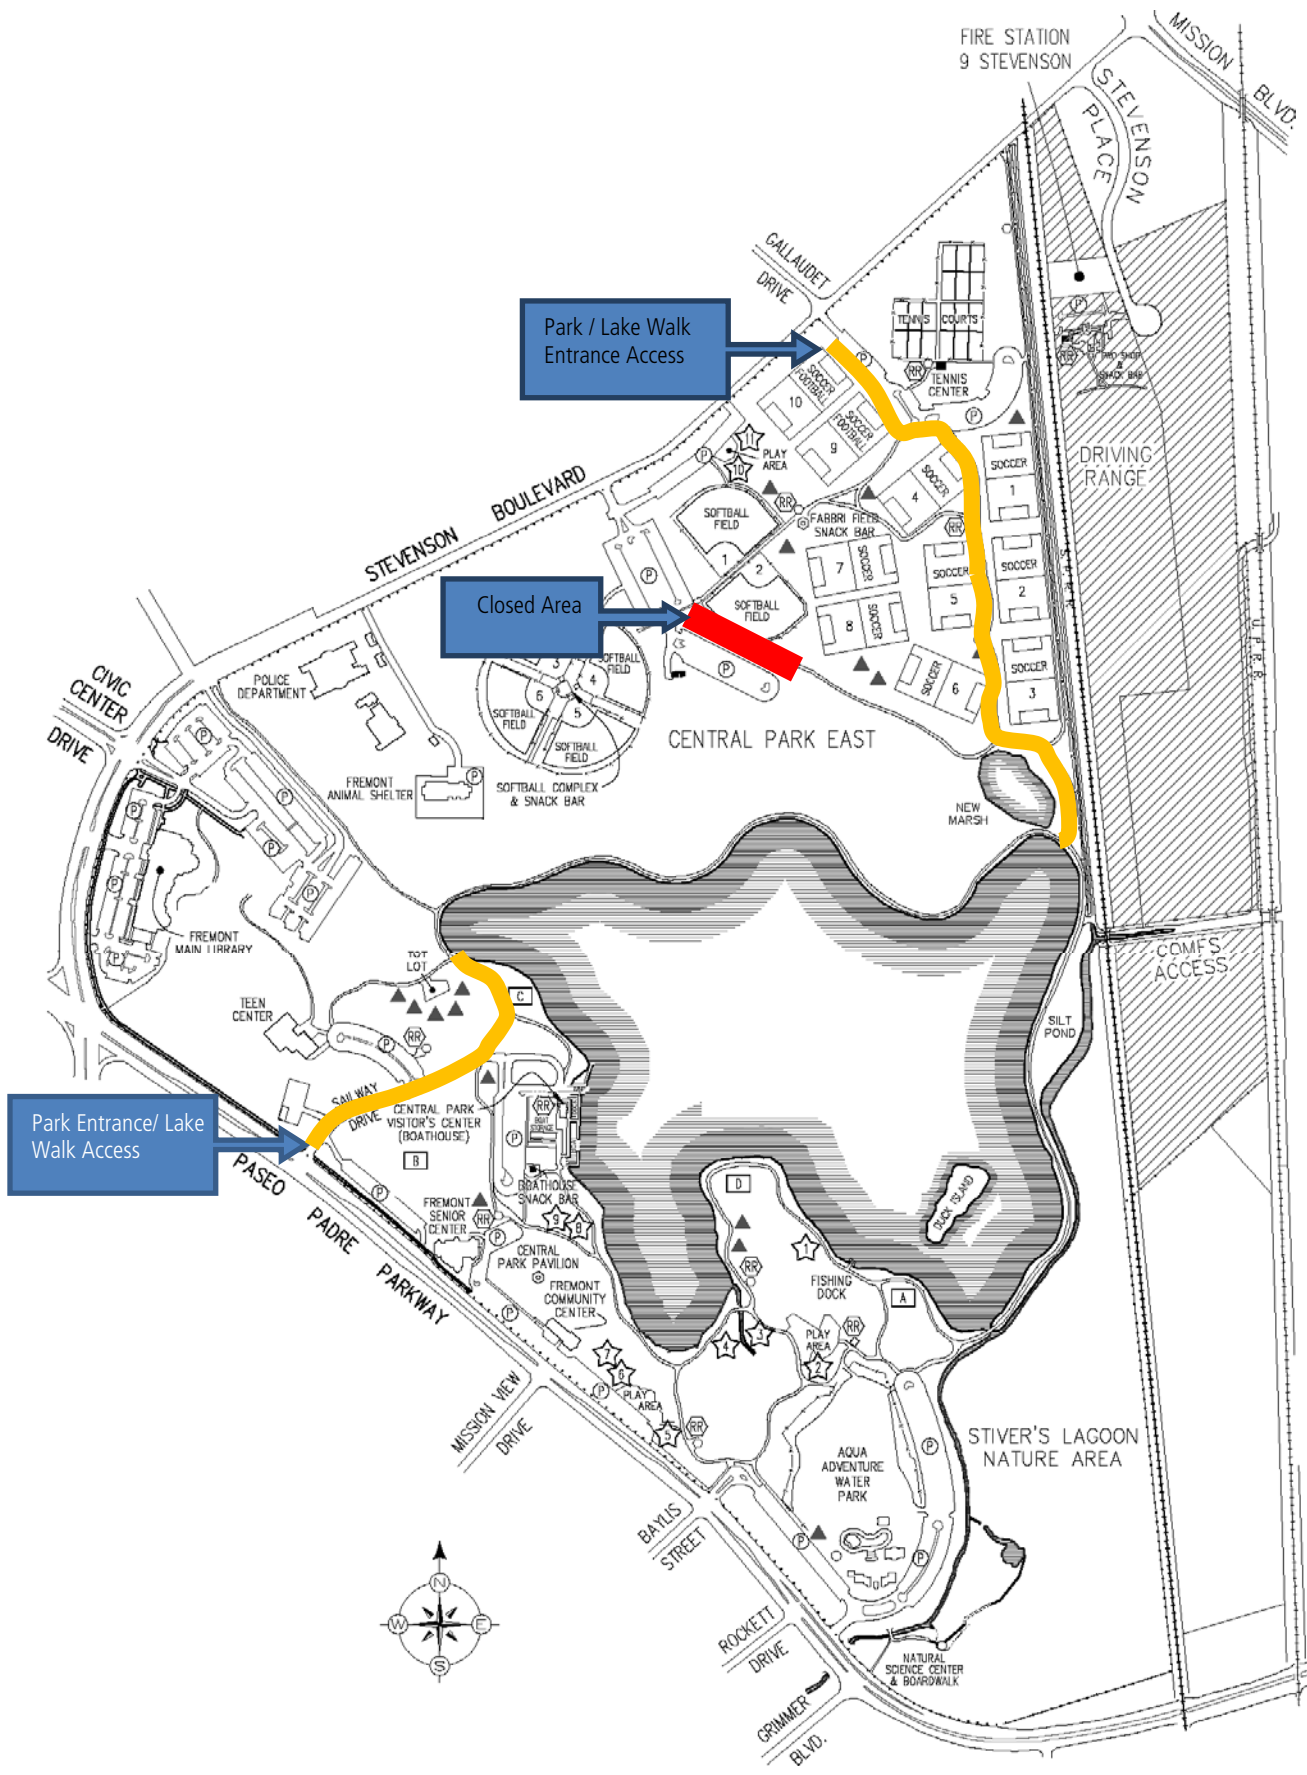

Detours to Be In Place

December 6, 2012

BART continues its work to restore Fremont Central Park following the completion of the subway portion of the Warm Springs Extension project. Construction crews will replace storm drains and damaged sidewalks at the entrance to the Central Park pedestrian pathway. As part of this work, access to the pedestrian pathway around Lake Elizabeth will be closed at the Stevenson Blvd. entrance, adjacent to the softball fields. Park users have two options to access the pedestrian path. Pedestrians can access the pathway further south on Stevenson Blvd. near the soccer field. Pedestrians can also access the pathway from the Central Park entrance at Paseo Padre Parkway. Please see the attached map for more information.

Pedestrians should watch for directional signage leading them to the pathway.

We appreciate your continued patience during construction. If you have questions regarding these activities, please contact our project information line at (510) 476-3900 or e-mail bartwarmsspringsextension@bart.gov. You can also visit our Community Relations Field Office located at 47212 Mission Falls Ct. in Fremont.
