ASSISTANT CHIEF TRANSPORTATION OFFICER, CENTRAL CONTROL

JC: OF050
PB: 12
BU: 95 (NR)
FLSA: Exempt

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under direction, manages and oversees the operations and activities of the District’s Operation Control Center (OCC) and ensures the safe and efficient movement of all revenue and non-revenue rail service vehicles on mainline track ways and remotely controlled or monitored systems within revenue operations; provides high level support to the Chief Transportation Officer; performs related duties as assigned.

CLASS CHARACTERISTICS

This director level classification manages, through subordinate management/supervisory staff, the multi-shift operation and staffing of the rail service control center, and central support operations and is accountable for accomplishing department goals and objectives within general policy guidelines. Classifications at this level have full responsibility for the administration of a department and generally guide operations through the establishment of objectives, policies, rules, practices, methods, and standards and decision-making is significant and impact on decisions can have a significant, long-term impact on the organization. This classification is distinguished from the Chief Transportation Officer in that the latter has overall responsibility for the District’s transportation operations and planning, service delivery, central control, departmental administration and budget.

REPORTS TO

Chief Transportation Officer or designee

EXAMPLES OF DUTIES – Duties may include, but are not limited to, the following:
