

Law Enforcement Security Enhancement Program (LESEP)

Program Details

Since 1974, BART has enhanced security and increased the number of police officers in the system by providing free rides to fully sworn peace officers from agencies within the BART service area. The Law Enforcement Security Enhancement Program (LESEP) is one of several planned BART system improvements which is designed to further enhance system security. LESEP originally came about as a result of BART's Inter-Departmental Task Force on Fare Evasion in an effort to reduce fare evasion in the BART system, which costs BART millions of dollars annually. As part of LESEP, BART will provide secured BART system access to active, full-time, sworn officers and district attorney investigators from authorized S.F. Bay Area law enforcement agencies through the use of BART ID smartcards, also known as LEO Passes. Some of the major objectives of LESEP are:

- Minimize BART Station swing gate usage, fraud and potential Station Agent issues
- Maximize BART's control of swing gates by providing secured smartcard BART system access for Peace Officers
- Enhance public safety by adding police presence in the BART system

Eligibility

To be eligible, a Peace Officer must:

- Have the authority to carry a firearm while off-duty
- Be employed with one of the participating agencies (see list below)
