		a.	DIRECT LABOR		
			The CONSULTANT and each subconsultant will be compensated for the services of its personnel on the basis of reasonable, actual paid Direct Labor Costs (herein called "DLC") exclusive of any fringe benefits or overheads.		
			DLC must also exclude principal or owner time dedicated to the general operation of the business. DLC must also exclude time associated which BART has identified as being allowable only to the extent that they are (i) specific classifications of DLC identified in the Agreement or Work Plan as may be the case or, (ii) are not associated with specific activities that BART has identified as being reimbursable on a basis other than as a direct cost. (See generally Articles I and IV of Exhibit 2 and Article 3.0 of Exhibit 1 to this RFP.)		
			The hourly rates of temporary or contract personnel which are classified as non-employees cannot be calculated as part of DLC, but must be treated as an Other Direct Cost (herein called "ODC"; see generally Article III of Exhibit 2 to this RFP).		
			Similarly, the hourly rates of subconsultants cannot be calculated as part of DLC, but must be treated as a Subcontracted Direct Cost (herein called "SDC"; see generally Article II of Exhibit 2 to this RFP).		
			Therefore, with respect to direct labor charges by your firm:		

1)	BAR [*] hour	Your firm must fully document all time spent by Principals and employees and charged to BART projects. BART requires that all labor charges be identifiable to the nearest half-hour and specify what activity or task is being performed. (See generally Article 1.0 of Exhibit I to this RFP.)				
	a)	Does your firm have a time sheet signed by the employee and verified in writing by the immediate supervisor?				
	b)	Does the time sheet record all time both direct and indirect?				
	c)	Are controls in existence to ensure that DLC are relevant to the project scope?Are any such controls formalized in written procedures?				
2)	How	many hours in your firm's normal workday? Hours				
3)	Does	Does your firm have an overtime policy? If so, please attach a copy.				
		How is billable work overtime allocated if employee worked on multiple projects during he week?				
	b) l:	s the overtime premium included in the direct labor base?				
4)		Does your firm have a compensation policy for the classifications of labor proposed for these services? If so, please attach a copy.				
	a)	Does your firm have guidelines for Salary Administration, i.e. the range of annual reviews, or salary adjustments? If so, please attach a copy and indicate the average adjustment for the last three years.				
	b)	Does your firm have any individual incentive compensation plans including, but not limited to bonuses, commissions or profit sharing plans? If so please attach a copy of each.				
5)		BART does not allow payment for uncompensated labor costs. Does your firm have procedures to ensure that uncompensated labor is not billed to BART projects?				
6)		If your firm is a partnership/sole proprietorship, does your accounting system use a drawing account to record all compensation to the owner(s)?				
7)		s your firm hire professionals on a temporary basis to work on specific projects, rather on a continuous employment relationship?				
	a)	How many are currently working for your firm?				
	b)	Who are they and what projects are they working on?				
	c)	What was the total cost to your company of professionals hired on a temporary basis during the last completed fiscal year? 20, \$				
		Were these amounts in your direct labor base for that year?				

b. OTHER DIRECT COSTS

Other Direct Costs (herein called "ODCs") are direct costs other than direct labor and direct materials that are identified specifically with a contract based on a beneficial or causal relationship.

The Federal Acquisition Regulations (48 CFR 31) provide that no contract will have a cost allocated to it as a direct cost if other costs incurred for the same purpose, in like circumstances, are treated as an indirect cost of that or any other contract.

Costs identified specifically with a contract are the direct cost of that contract. All costs identified with other contracts are direct costs of those contracts whether reimbursed or not.

1)	a)	Does your firm have an approval process for ODCs? If so, are they in writing?		
	b)	Does your firm have procedures in place to ensure that ODC budgets are exceeded?	not	
		If so are these procedures in writing?		
2)	ODCs also include Subconsultants, does your firm lease office space to other consultants or otherwise provide support services? If so, describe the relationship.			

c. **INDIRECT COSTS**

Indirect costs may consist of one or more pools of expenses which are grouped on the basis of the benefits accruing to the cost objectives represented by the distribution base or bases to which they are allocated. Since accounting practices vary, the use of particular groupings is not required. However, BART contract requirements specify <u>direct labor costs</u> as the basis for allocating indirect costs. Furthermore, BART requires that direct labor exclude: 1) fringe benefits, which must be classified as indirect costs; 2) Subconsultant, contract employees and other non-employee costs which must be classified as ODCs; and 3) principal, or owner labor cost dedicated to the general operation of the firm.

Indirect cost rates must be supported. A provisional rate for indirect costs will be established. Your firm's final rate must represent your firm's actual cost experience for a completed fiscal year and must comply with all FAR and specific BART agreement requirements.

Provisional rates must represent your firm's best estimate of the rates to be experienced during that particular year. If your provisional rate does not use your last completed fiscal year, the estimated cost must be based on historical data and all known future changes. The computation should provide for the future changes that will occur in both your direct labor base and indirect expense pools. A proposed rate must comply with all FAR and BART agreement requirements. BART will consider provisional rates audited and approved by a cognizant federal agency (i.e., EPA, DCAA), or other government entity, if the rate is further adjusted to comply with BART agreement requirements.

Each firm must be able to support its direct labor base and other labor cost components used to calculate the indirect cost rate by submission of data for the last three years. For this purpose provide the most recent Audited Statement of Direct Labor, Fringe Benefits and General Overhead or similar. Otherwise, complete the AASHTO-based Excel template or provide a most recent Statement of Direct Labor, Fringe Benefits and General Overhead. This requirement includes major subcontractors expected to have at least \$1,000,000 in total work. Other subcontractors are subject to the same requirement as needed and/or requested.
