

## BART Fares and Clipper Payment

Children 4 and under ride free. All other passengers must pay by using a contactless bank card (all major cards accepted), Google Pay or Apple Pay, purchasing a regional Clipper transit card at a vending machine or adding Clipper to a digital wallet (phones/watches).

Each rider must have their own individual card or device for payment. Families sharing a credit card number may use contactless payment as long as each rider uses a different physical card or device.

Fares are based on distance traveled and posted at [bart.gov/fares](http://bart.gov/fares) and on the Clipper vending machines. Physical Clipper cards have a one-time acquisition fee of \$3.00. There is no fee when using contactless options or adding Clipper to your digital wallet.

*Not all Bay Area transit agencies currently accept contactless bank cards to pay fares. If you plan to use other transit, add Clipper to your phone or purchase a Clipper card.*

When using a digital Clipper Card with Google Pay/Apple Pay, funds can be added for immediate use without the need to use a vending machine. Clipper vending machines accept debit/credit cards and cash. Currency exchange and ATMs are not available at BART stations. Weekly or monthly passes are not available.

To enter the BART system, tap your payment method (bank card, Clipper card or digital device) on the blue disc on the top or side of the fare gate. Be sure to use the same payment method when you exit. The correct fare will be deducted automatically. If your Clipper card has too little value, the fare gate will tell you to go to an Addfare machine to add enough value to exit BART.

## Luggage and Accessibility

Luggage may be stowed under your seat or held in your lap. Please keep the doorways clear. BART trains have space near the doors to accommodate wheelchairs, bikes or strollers. If the space is not being used by a person with a disability, you may store your luggage there, but please keep it under control at all times. All BART stations have elevators and wide fare gates for luggage and for use by people with disabilities.

## POPULAR DESTINATIONS

# BART Airport Guide

Taking BART from  
**Oakland International  
Airport**

Fall 2025  
Free

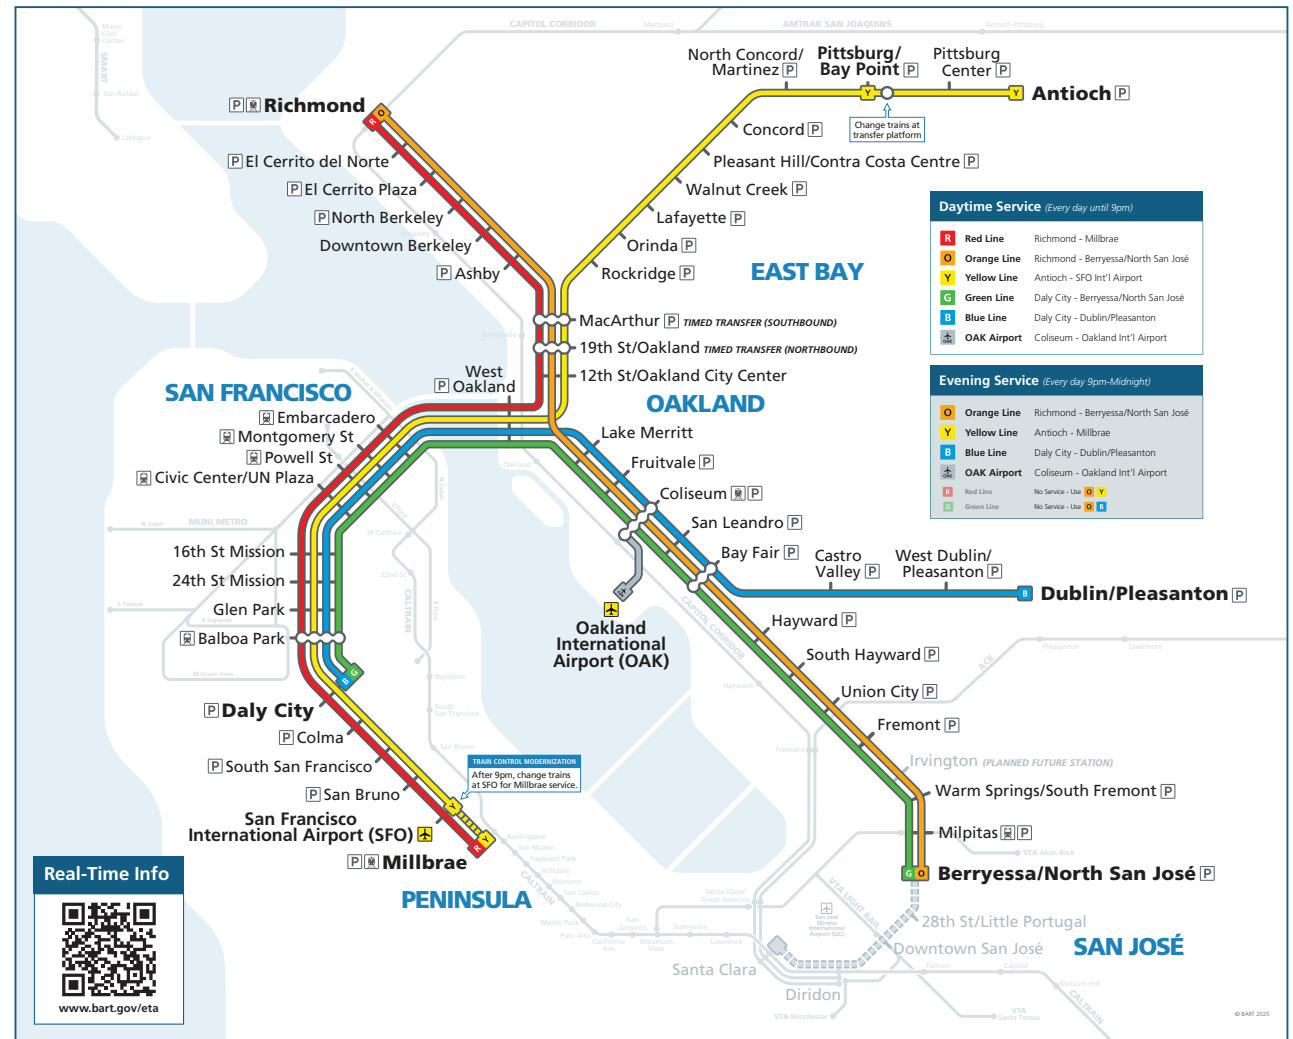

## Connecting to BART in 5 Easy Steps

- 1 Board shuttle train across from terminals.
- 2 After arriving at Coliseum Station, prepare fare payment - either a contactless bank card (all major cards accepted), Google Pay or Apple Pay, a regional Clipper transit card (available from vending machines on the platform) or a digital Clipper card on a phone or smartwatch. Every rider age 4+ needs their own card.
- 3 Enter fare gates by holding your payment method on the fare reader disc.
- 4 Proceed down escalator or elevator to connecting platform at BART Coliseum Station
- 5 Board connecting BART train. Electronic overhead destination signs will direct you

BART trains connect OAK with downtown San Francisco, downtown Oakland, and many other Bay Area destinations. BART is the best way to avoid sitting in Bay Area traffic, and the Oakland Airport BART station is just across the curbside pickup zones outside Terminals 1 and 2.

Transfer to:  
**San Francisco, downtown Oakland, and all other destinations**

Transfer to:  
**Berryessa/North San José and Dublin/Pleasanton**

## Download the BART App

The official BART app is free for download on both iOS App Store and Google Play Store. The app offers end-to-end trip planning, real-time departures, service advisories, and contactless parking payment.

## Riding BART in 3 Easy Steps

- 1 Plan your trip using the map above and board the connector train to Coliseum station
- 2 Enter the fare gates using a contactless bank card, Clipper card or digital device, then go to the platform and board your train
- 3 At your final destination, tap the same payment method on the fare gates to exit

## BART Schedules

For complete train schedules, visit **bart.gov** and use our online trip planner, or download the official BART app.
