

BART Agreement Number: 6M8213

Approval Date: 12/19/25

Work Plan No A.07-01 Payment Terminal Replacement Engineering Services

Scope:

This scope of work is to provide engineering support to BART Automatic Fare Collection Engineering (FCE) group with the selection and integration of a replacement credit card keypad and card reader. This includes a recommendation for a replacement credit card PIN and reader, design of hardware needed for installation in the field, software changes necessary for the operation of the new keypad and card reader to accept EMV payment media, supporting lab and field testing, and GUI modifications.
