

BART Agreement Number: 6M8147

Approval Date: 02/09/24

Revised: 06/18/25

Revised: 04/16/26

Work Plan No. A.04-02 Final Design and Bid Support for Embarcadero Platform Elevator Project

Scope:

The Scope of Work includes assisting BART with the completion of Contract Drawings, Specifications, other Contract Documents, and Bid Support as required for the following:

- a. Modernization of the existing platform elevator (#63) to upgrade the elevator cab, hoistway entrances, finishes, controls and elevator machinery equipment. The elevator machine room serving this elevator will be relocated closer to the elevator hoistway on the MUNI Platform Level.
- b. Demolition of existing stairs on the South end and reconstruction of new staircase in compliance with current code required minimum stair egress width of 44 inches.
- c. Removal of references to demolition/reconstruction of existing North stairs, construction of new North elevator and MUNI platform stairs from Contract Documents.
