

# Measure RR Safe Routes to BART Cycle 2 Project Fact Sheet

## City of Fremont's Walnut Avenue Phase II Bikeway Project

**SR2B award (total project cost):** \$1.5 million (\$4.4 million)

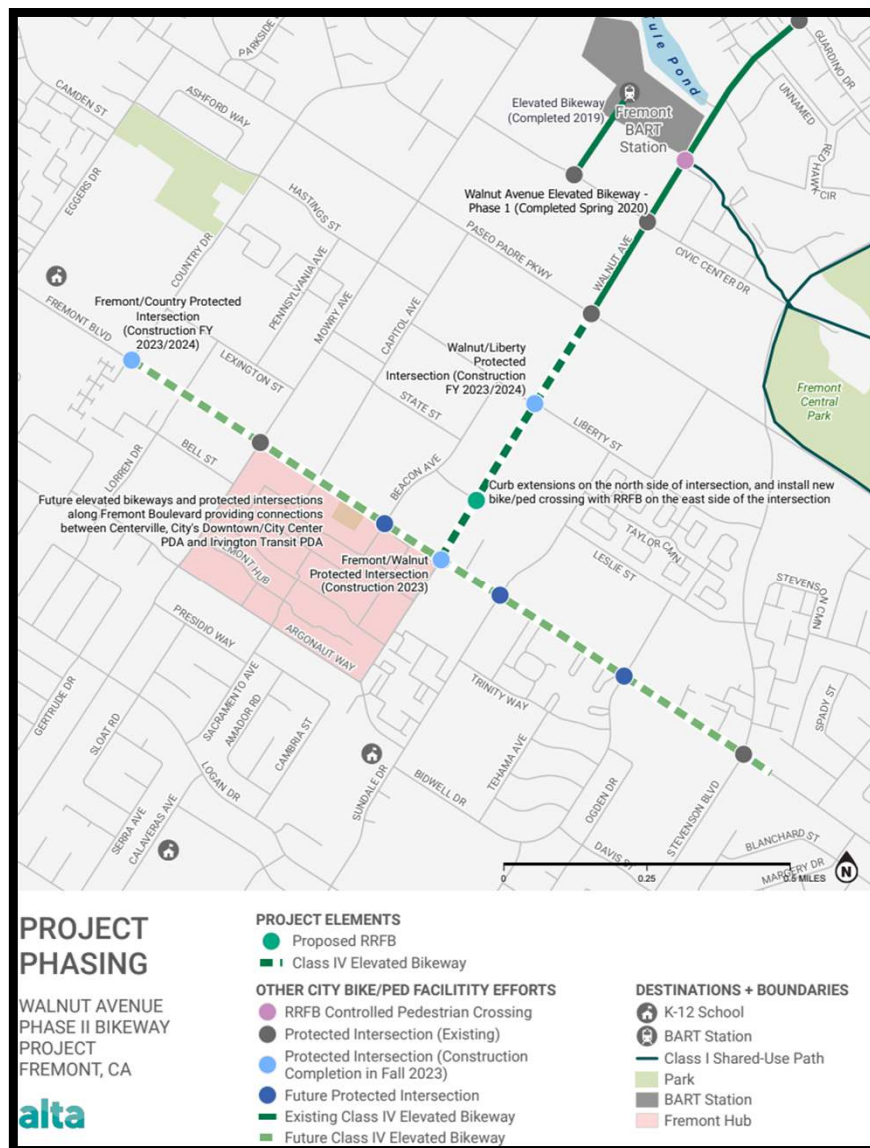

**Project description:**

- Improve bicycle and pedestrian connectivity, safety, and comfort within the Fremont BART transit priority area, city's Downtown/City Center priority development area (PDA), and the adjacent Irvington Transit PDA
- Expand upon the Phase I project, which completed a Class IV elevated and separated bikeway along Walnut Avenue between Mission Boulevard and Paseo Padre Parkway, and protected intersections within the City's Downtown/City Center PDA

**SR2B funding:** Supports the Class IV elevated and separated bikeway along both sides of Walnut Avenue between Paseo Padre Parkway and Fremont Boulevard

**Distance from station:** Less than 0.5 miles from the Fremont BART station

**Construction start (duration):** Summer 2025 (1 year)
