Dear Coliseum Station Community,

On behalf of the Earthquake Safety Program, **THANK YOU FOR YOUR PATIENCE AND COOPERATION** as we work on seismic retrofit construction at your station. Over the final two weeks of 2018, light crews will continue work at Coliseum Station. Crews will return after the first of the new year 2019 to continue the vital work at a robust pace. Construction activity is related to the BART systemwide Earthquake Safety Program, which consists of seismic retrofit activity performed on each footing and pier cap (a beam connecting two columns), which supports the BART trackway under the alignment. **Coliseum Station will REMAIN OPEN for BART riders during construction.**

As always, safety is BART's top priority. Our aim is to complete seismic retrofit work as quickly as possible, while maintaining BART service.

**We wish you and your families a safe, happy and peaceful holiday season. Happy New Year 2019!**

To contact the Earthquake Safety Program or to obtain additional information, please visit our website at **[www.bart.gov/earthquakesafety](http://www.bart.gov/earthquakesafety)** or call our Program Information Line at **(510) 874-7425**.

If you need language assistance services, please call BART's Transit Information Center at (510) 465-2278.

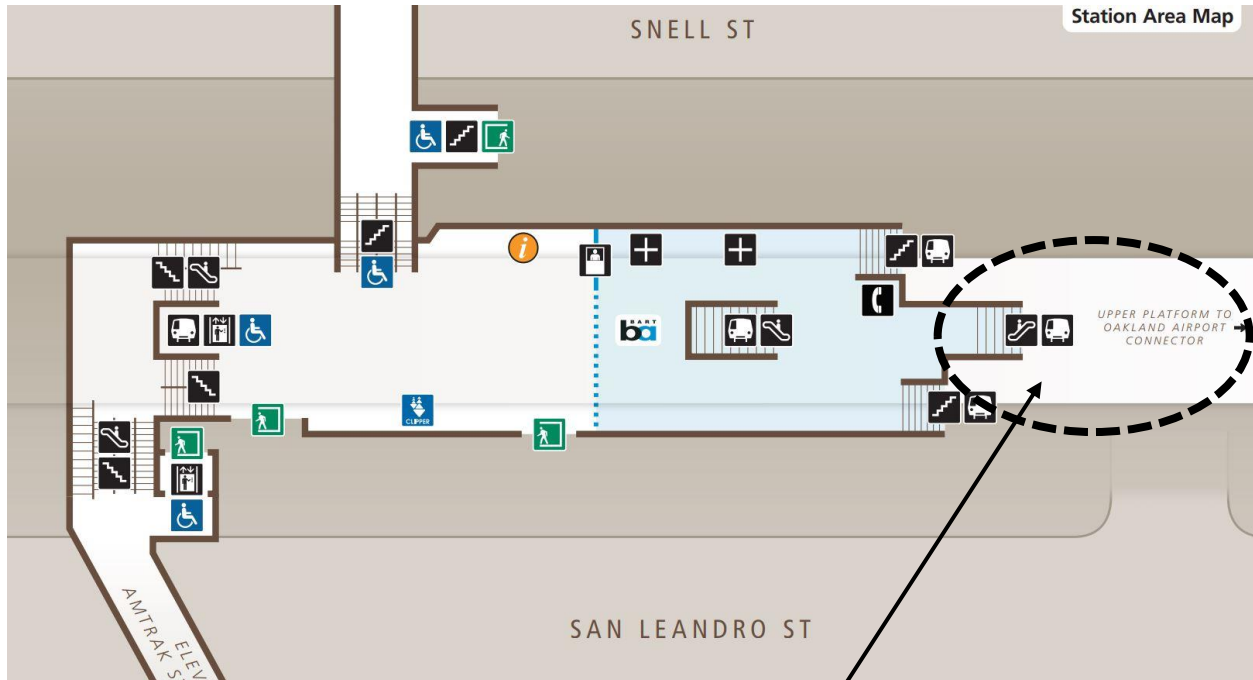

如需語言援助服務，請致電 BART 公共交通資訊中心，電話號碼為 (510) 465-2278。

Si necesita servicios de asistencia de idioma, llame al centro de información de tránsito del BART al (510) 465-2278.

## Construction Update

### Coliseum Station

**Current Work Location**

**Note:** During Construction, Coliseum BART Station will remain open and accessible with some temporary closures, detours and directional signage. Currently, one escalator is temporarily closed on the south-end of the station during construction. We apologize for the inconvenience. Thank you for your patience.
