BART systemwide Earthquake Safety Program, seismic retrofit construction at multiple locations inside and outside the Fruitvale Station CONTINUES and REMAINS OPEN for BART riders.

Due to construction activities, on **Tuesday, February 12, 2019, AC Transit lines will make a temporary shift in stop moves from approximately 5:00 am to 12:00 noon on the north-end of the AC Transit bus bays** to accommodate earthquake safety retrofit construction. **Bus service will continue during construction with minor detours. Additionally, from approximately 12:00 noon to 2:00 pm, construction activity with large truck and equipment will be placed and occur off 35th Avenue under the BART trackway temporarily narrowing traffic lanes.**

We appreciate your patience and cooperation during this work. As always, safety is BART's top priority. Our aim is to complete seismic retrofit work as quickly as possible, while maintaining BART service.
