

**BART Agreement Number: 6M6137**

**Approval Date: 04/07/21**

**Work Plan No. A.08- Station Access Wayfinding and Signage Program**

**SCOPE OF SERVICES**

BART is updating its signage and wayfinding design standards for all station access facilities to improve the experience of those traveling to and from BART stations via all access modes. This project includes review, refinement, and finalization of concept signage designs, development of signage specifications and guidelines, development of updated parking program signage and high level cost estimates, and a signage plan for one station including signage placement and wayfinding graphics. This project will provide the needed information to update the BART Facilities Standards.
