

BART Agreement Number: 6M8146
Work Plan No. B.06- Vent Grate Rehabilitation

Approval Date: 01/02/20

Scope:

The Vent Grate Rehabilitation involves the rehabilitation of grating assemblies for structural deficiencies. Included in this project are 7 grating assemblies along Market Street from the BART Powell Station to the BART Civic Center Station in the City of San Francisco, 7 grates from the BART North Berkeley Station to the BART Ashby Station in the City of Berkeley, and 9 grates from the BART 19th Street Station to the BART Lake Merritt Station in the City of Oakland. The gratings cover either vent shafts or shafts to fan/equipment rooms.

This 6M8146 work plan is to complete the design for San Francisco (15TC106) that was initiated under GES contract 6M8121 Work Plan B.03.

Prime: Parsons

Subconsultant	Amount	DBE (Y/N)	SBE (Y/N)
