CHIEF'S PREFACE

The "Policies and Procedures Manual" contains the operational orders established by the Police Department to maintain the safety of our employees while we provide public safety and police services to our stakeholders. These policies represent our commitment to service and reflect our organizational values of "Service, Diversity, Integrity, Accountability, and Professionalism." Recognizing the need for uniformity, effectiveness, and efficiency, all San Francisco Bay Area Rapid Transit Police Department personnel are required to be familiar with the written policies and procedures contained in this manual. This manual represents our intent to identify roles, responsibilities, underlining principles and philosophies on how we should conduct ourselves as we go about our daily tasks and duties.

Written policies and procedures are necessary to clearly define our agency's position and provide guidelines with which our personnel can make administrative, investigative, and operational judgments. These policies shall remain in effect as issued and in the event of conflict with previously written directives, training bulletins, or standard operating procedures, the policies contained herein shall assume precedence. Recognition of errors or deficiencies in the intent or text of these policies and procedures shall be reported in writing to the office of the Chief of Police, via the chain of command, for appropriate disposition.

Kenton W. Rainey, Chief of Police
LAW ENFORCEMENT CODE OF ETHICS

To insure that all peace officers are fully aware of their individual responsibilities to maintain their own integrity and that of their agency, every peace officer, during basic training, or at the time of appointment, shall be administered the Law Enforcement Code of Ethics, as prescribed in Bureau 1013 of the California POST Regulations.

Code of Ethics:

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God* to my chosen profession...law enforcement.

* Reference to religious affirmation may be omitted where objected to by the officer.

Training Policy and Program

208.1 PURPOSE AND SCOPE
It is the policy of this department to administer a training program that will provide for professional growth and continued development of its sworn and non-sworn police personnel. By doing so, the department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community. Training has often been cited as one of the most important responsibilities in any law enforcement agency. Training serves three broad purposes. First, well-trained officers are generally better prepared to act decisively and correctly in a broad spectrum of situations. Second, training results in greater productivity and effectiveness. Third, training fosters cooperation and unity of purpose. Moreover, agencies are now being held legally accountable for the actions of their personnel and for failing to provide adequate initial or remedial training.

208.2 PHILOSOPHY
The department seeks to provide continued professional training and encourages all personnel to seek out other training opportunities and formal education on their own. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever possible, the Department will use courses certified by the California Commission on Peace Officer Standards and Training. Training should be consistent with the agency’s mission and values as well as its goals and objectives. Agency training functions should be the responsibility of the training committee, which shall be accountable for developing and administering training programs. Training program development should provide for input from several sources, including agency personnel in general, a training committee, the inspections function, the Deputy Chief of Police, and the Chief of Police.

208.3 OBJECTIVES
The objectives of the training program are to: (a) Enhance the level of law enforcement service to the public (b) Increase the technical expertise and overall effectiveness of our personnel (c) Provide for continued professional development of department personnel (d) Provide realistic training under circumstances and conditions that employees could reasonably be expected to face in the course and scope of employment. All newly appointed sworn and non-sworn personnel shall receive pre and in-service training information regarding: 1. The agency’s role, purpose, goals, policies, and procedures; 2. Working conditions and regulations; and 3. The responsibilities and rights of employees.

208.4 TRAINING COMMITTEE
The training committee shall be responsible for establishing a prioritized listing of training programs and courses for the department, and should meet at least monthly. The training committee will conduct an annual training needs assessment of the Department. The needs assessment will be reviewed by the department's command staff. Upon approval by the command staff, the needs assessment will form the basis for the training plan for the upcoming fiscal year. The training officer will ensure that individual department member training records are current. A training committee shall be established by the training coordinator to assist in the development and evaluation of training needs and serve as the focal point for input from all units of the department. The training committee shall represent
Training Policy and Program

Members withdrawing voluntarily or involuntarily being removed from the program may be readmitted at the determination of the training coordinator with the concurrence of the Chief of Police or Deputy Chief of Police.

208.5 TRAINING LESSON PLANS
Beginning in 2011, a continual two year department training plan will be maintained by the training department. It is the responsibility of the training department to maintain, review, and update the training plan on an annual basis. The plan will address the following areas:

Critical Issues Training
California POST Training Network (CPTN)

Courses that are developed within the BART Police Department should routinely be sent to POST for certification. The department requires lesson plans for all training courses that are conducted to include:

1. a statement of performance and job-related objectives;
2. the content of the training and specification of the appropriate instructional techniques;
3. a process for approval of lesson plans;
4. the identification of any tests used in the training process.
Training Policy and Program

The development of lesson plans should ensure that the subject to be covered in training is addressed completely, accurately and is properly sequenced with other training materials. Lesson plans establish the purpose of the instruction, set forth the performance objectives, relate the training to critical job tasks, and identify ethical considerations related to the topic. Consideration should be given to the relevance of training courses to the department's mission and values.

Instructors for department training shall be POST certified and are responsible for submitting lesson plans to the training officer, along with their resumes. The lesson plans should also include references, teaching techniques (i.e. lecture, group discussion, panel, seminars, and/or debate), relationships to job tasks, responsibilities of the participants for the material taught, and plans for evaluation of the participants.

The purpose of continued professional training is to maintain, update, expand, and/or enhance an individual's knowledge and/or skills.
208.9.1 MANDATED P.O.S.T. TRAINING
The department will remain in compliance with the state of California POST training mandate, and every peace officer, public safety dispatcher, and public safety dispatch supervisor shall satisfactorily complete the continued professional training requirement of 24 or more hours of POST-qualifying training during every two-year continued professional training cycle, based on the statewide continued professional training anniversary date. It will be the goal of the department to provide a minimum of 40 hours of POST training per calendar year for each sworn police officer.

The advanced officer continued professional training courses shall consist of time blocks of not less than 2 hours each, regardless of the subject matter, with an overall minimum of no less than 24 hours. The maximum time period for presenting an advanced officer course is 180 days.

All sworn personnel must complete annual continued professional training, including CPTN legal updates. Training should also be provided in policies and procedures that are specific to the department. The department shall ensure that personnel are kept up to date with new laws, technological improvements, and revisions in department policy, procedures, rules, and regulations. The updated training may be designed to provide supervisory, management, or specialized training to personnel. Updated training may also include promotional training, training prior to assignment to a specialized component, or executive development training for higher-ranking officers.

208.9.2 CIVILIAN PERSONNEL
The department's civilian personnel shall receive initial and on-going training commensurate with their responsibilities. Such training should stress not only the skills necessary to perform technical aspects of their jobs but also the importance of the link they provide between citizen and the department, which often shapes a citizen's opinion of the department. It will be the goal of the department to provide a minimum of 20 hours of POST training per calendar year for each civilian police employee.

208.9.3 IMMEDIATE REMEDIAL TRAINING
Any employee who acts in a grossly unsafe manner or demonstrates dangerous and/or extremely poor decision making skills in the deployment of and/or application of any use of force related task while on duty, may be required to attend immediate remedial training prior to returning to full duty status.

If in the opinion of the supervisor/primary instructor the on duty employee's actions/decision making are so unsafe that if the employee were returned to full duty the employee may be a safety hazard to him or herself, fellow employees, and/or the public, the supervisor/primary instructor shall recommend immediate remedial training for the employee. The supervisor/primary instructor shall contact the on duty Watch Commander as soon as practicable and make the recommendation for immediate remedial training.

If the request for immediate remedial training is approved, the employee shall be removed from an on duty patrol capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the immediate remedial training. Failures to correct such deficiencies may result in implementation of the progressive discipline system.

Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision making skills without the employee first being removed from full duty status.
208.9.4 TRAINING DOCUMENTATION
The training department shall document the nature of the instruction, the identity of those attending the sessions, and the performance of the attendees. As personnel complete training programs, the date of the training, the types of training received, any certificates received, attendance, and test scores should be recorded for each trainee.

Every instructor/monitor should complete a roster of attendees and have each participant sign the roster which will certify completion of the instruction. The form should be sent to the training department where the information should be entered into each participant's training record and the sign-in sheet stored in accordance with records retention standards.

The department shall maintain records of all training to include, at a minimum:

1. course content (lesson plans)
2. names of attendees
3. performance of individual attendees as measured by tests, if administered.

208.10 TRAINING REQUESTS
Department personnel wishing to attend any law enforcement related training shall complete a department Training Request Form, and submit it to the training department coordinator via the chain of command for approval. The training order must identify the description of the required training and training requirements.

Training requests deemed essential or desirable for personnel in special assignments for the purpose of developing and enhancing the skills, knowledge, and abilities particular to the specialized assignment (i.e. investigations, field training officers, identification technicians) shall also be submitted to the training department coordinator via the chain of command for approval. The manager of the specialized assignment will be responsible for ensuring that persons assigned to the assignment receive their allotted annual hours of training established by the training committee for their position.

All training requests will be reviewed on a case-by-case basis and approved by the training coordinator and the Chief of Police, Deputy Chief of Police, or his/her designee.
Electronic Mail

212.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of electronic mail (e-mail) by employees of this department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the e-mail system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department. Note: The District's Management Procedure 75 (Electronic Communications Guideline), permits incidental and occasional personal use of e-mail.

Also see the District's Management Procedure 75 Electronic Communications Guideline. Management Procedure 75 is incorporated into the Department Policy.

212.2 E-MAIL RIGHT OF PRIVACY
All e-mail messages, including attachments, transmitted over the Department computer network are considered Department records and, therefore, are the property of the Department. The Department reserves the right to access, audit, and disclose for whatever reason, all messages, including attachments, transmitted over its e-mail system or placed into its storage.

The e-mail system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the e-mail system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of e-mail. Employees using the Department's e-mail system shall have no expectation of privacy concerning communications utilizing the system.

212.3 PROHIBITED USE OF E-MAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Bureau Deputy Chief. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password by others.

212.4 MANAGEMENT OF E-MAIL
Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed. Users of e-mail are solely responsible for the management of their mailboxes. Messages

Electronic Mail - 51
Electronic Mail

received by the system are retained on the system until deleted by the recipient. A canceled Internet account will not retain its mail. Users are expected to remove old messages in a timely fashion. In order to conserve file space, the District's e-mail administrator may remove such messages if not attended to regularly by the user.

Any denial or revocation under this section shall also be considered disqualification under 18 U.S.C. § 926C(d). The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety. Good cause, if challenged, shall be determined in the following manner:

(a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. Retired Officer CCW Endorsements

(a) Take appropriate steps to promptly look into the matter.

(b) If warranted, contact the retiree in person and advise him/her in writing of the following:
   1. The retiree’s CCW endorsement is immediately and temporarily revoked.
   2. The retiree will have 15 days to request a hearing to determine whether the temporary revocation should become permanent.
   3. The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy recognizes that the use of force by law enforcement requires constant evaluation. Even at its lowest level, the use of force is a serious responsibility. The purpose of this policy is to provide officers of this department with guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, each officer is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 PHILOSOPHY
The use of force by law enforcement personnel is a matter of critical concern both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied human encounters and when warranted, may use force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, the limitations of their authority. This is especially true with respect to officers overcoming resistance while engaged in the performance of their duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. It is also understood that vesting officers with the authority to use reasonable force and protect the public welfare requires a careful balancing of all human interests.

300.1.2 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of such excessive force. Such officers should also promptly report these observations to a supervisor.

300.2 POLICY
It is the policy of this department that officers shall use only that amount of force that reasonably appears necessary, given the facts and circumstances perceived by the officer at the time of the event, to effectively bring an incident under control. "Reasonableness" of the force used must be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any interpretation of reasonableness must allow for the fact that police officers are often forced to make split-second decisions in circumstances that are tense, uncertain and rapidly evolving about the amount of force that is necessary in a particular situation.

Given that no policy can realistically predict every possible situation an officer might encounter in the field, it is recognized that each officer must be entrusted with well-reasoned discretion in determining the appropriate use of force in each incident. While it is the ultimate objective of every law enforcement encounter to minimize injury to everyone involved, nothing in this policy requires an officer to actually sustain physical injury before applying reasonable force.
Use of Force

300.2.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer that has reasonable cause to believe that the person to be arrested has committed a public offense may use reasonable force to effect the arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance of the person being arrested; nor shall such officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance (Penal Code § 835a).

300.2.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether or not to apply any level of force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration. These factors include, but are not limited to:

(a) The conduct of the individual being confronted (as reasonably perceived by the officer at the time).
(b) Officer/subject factors (age, size, relative strength, skill level, injury/exhaustion and number of officers vs. subjects).
(c) Influence of drugs/alcohol (mental capacity).
(d) Proximity of weapons.
(e) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(f) Time and circumstances permitting, the availability of other options (what resources are reasonably available to the officer under the circumstances).
(g) Seriousness of the suspected offense or reason for contact with the individual.
(h) Training and experience of the officer.
(i) Potential for injury to citizens, officers and suspects.
(j) Risk of escape.
(k) Other exigent circumstances.

It is recognized that officers are expected to make split-second decisions and that the amount of an officer's time available to evaluate and respond to changing circumstances may impact his/her decision.

While various degrees of force exist, each officer is expected to use only that degree of force reasonable under the circumstances to successfully accomplish the legitimate law enforcement purpose in accordance with this policy.

It is recognized however, that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the standard tools, weapons or methods provided by the Department. Officers may find it more effective or practical to improvise their response to rapidly unfolding conditions they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree reasonably necessary to accomplish a legitimate law enforcement purpose.

300.2.3 NON-DEADLY FORCE APPLICATIONS
Any application of force that is not reasonably anticipated and intended to create a substantial likelihood of death or very serious injury shall be considered non-deadly force.
Use of Force

Each officer is provided with equipment, training and skills to assist in the apprehension and control of suspects as well as protection of officers and the public.

Non-deadly force applications may include but are not limited to pain compliance techniques, takedown techniques, and personal body weapons as described in this policy manual, and leg restraints, control devices (baton, chemical agents, OC spray and SIMS), ECD device, and K-9 bites described in Policy Manual §§ 306, 308, 309 and 318 respectively.

300.2.4 PAIN COMPLIANCE AND TAKEDOWN TECHNIQUES

Pain compliance and/or takedown techniques may be very effective in controlling an actively resisting individual. Officers should only apply those pain compliance and/or takedown techniques for which the officer has received P.O.S.T. or other departmentally approved training, and only when the officer reasonably believes that the use of such a technique appears necessary to further a legitimate law enforcement purpose. Officers utilizing any pain compliance and/or takedown technique should consider the totality of the circumstance including, but not limited to:

(a) The potential for injury to the officer(s) or others if the technique is not used
(b) The potential risk of serious injury to the individual being controlled
(c) The degree to which the pain compliance and/or takedown technique may be controlled in application according to the level of resistance
(d) The nature of the offense involved
(e) The level of resistance of the individual(s) involved
(f) The need for prompt resolution of the situation
(g) If time permits (e.g., passive demonstrators), other reasonable alternatives

The application of any pain compliance and/or takedown technique shall be discontinued once the officer determines that compliance has been achieved.

300.2.5 CAROTID RESTRAINT

The carotid restraint is not authorized for use by this agency.

300.2.6 PERSONAL BODY WEAPONS

Personal body weapon strikes, punches, lifts or kicks for which the officer has received P.O.S.T. or other departmentally approved training, and only when the officer reasonably believes that the use of such weapon appears necessary to further a legitimate law enforcement purpose, may be used.

As with the pain compliance and takedown techniques, officers utilizing personal body weapons should consider the totality of the circumstances prior to usage. Unless exigent circumstances exists, personal body weapon strikes, punches, lifts or kicks to the rear of the head, neck or spine are prohibited.

300.3 DEADLY FORCE APPLICATIONS

While the use of a firearm is expressly considered deadly force, other force might also be considered deadly force if the officer reasonably anticipates and intends that the force applied will create a substantial likelihood of causing death or very serious injury. Use of deadly force is justified in the following circumstances:
Use of Force

(a) An officer may use deadly force to protect himself/herself or others from what he/she reasonably believe would be an imminent threat of death or serious bodily injury.

(b) An officer may use deadly force to stop a fleeing suspect when the officer has probable cause to believe that the suspect has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to any other person if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

300.4 REPORTING THE USE OF FORCE

Any use of force by a member of this Department which utilizes any method of pain compliance, personal body weapons, a take down, impact weapons, alternate weapons, chemical agents, K-9 bite, electronic control devices, SIMS deployment, lethal force, or any other physical force that either results in injury or non-injury to the subject shall be documented promptly, completely, and accurately in an appropriate report depending on the nature of the incident. The use of particular weapons may require the completion of additional report forms as specified in departmental policy and/or law. In addition to thorough documentation of the use of force in the narrative of the police report, the tab in the MO data entry section of the report writing program shall be utilized to document the type of force used.

Supplemental reports will be completed by personnel who are present when force is used by another officer. Officers have a duty to report all pertinent facts known to them.

The application of an arm or wrist hold by an officer for the sole purpose of conducting a search of and/or placing handcuffs on a person is not considered a use of force.

The report must then be reviewed by a supervisor, and a copy made for the officer's chain of command. The reviewing supervisor must review the use of force, and make a recommendation on whether the use of force was justified or not. In cases involving the use of force by a supervisor, the next rank shall conduct the review and recommendation. This recommendation will be documented on the Supervisors' Use of Force Report, and forwarded to the Chief of Police, via the chain of command. The appropriate Lieutenant and Deputy Chief will review the report and Use of Force Report, and comment on the use of the arrest control device(s) or technique. The report and Use of Force Report will be forwarded to the Chief of Police for information. The chief will forward the report to the Professional Standards Section for logging. The Professional Standards Section will forward the report to the Use of Force Review Board.

Whenever an officer draws a firearm during the performance of his/her duties to defend, detain or take any person into custody, it is considered a use of force and an account of the incident shall be made in a police report. The officer should include in the narrative of the report how the weapon was used in the incident, as well as the justification for such action. The documentation of how the weapon was used should include information on how the weapon was presented. Examples of such documentation include, but are not limited to; the firearm was concealed against the officer's thigh or held at a low-ready position or pointed directly at a person. As soon as practical, a supervisor shall be notified and a Supervisor's Use of Force Report completed as required by §300.5

Incidents involving the drawing of a firearm that do not involve defending, detaining or taking a person into custody, and not in the presence of bystanders, do not require documentation in a police report. An example of that type of incident would include, but is not limited to,
Use of Force

the search of an empty building or car where no person is contacted during the search. Any situations where a firearm is pointed at a person or could in any way be perceived as being used to detain, or attempt to detain, a person shall be fully documented in a police report and Supervisor’s Use of Force Report. Situations where an officer deploys a firearm in the presence of bystanders, but does not point the firearm at any person or use it to defend, detain or take any person into custody, is not considered to be a use of force, but must be fully documented in the narrative of a police report.

Once approved, the supervisor will print a hard copy of the report and document on the Supervisor’s Use of Force Report whether the drawing of the firearm was within departmental policy. The supervisor will forward the report with comments, via the chain of command, to the Chief of Police as described above. The Chief of Police will forward the Use of Force Report to the Internal Affairs Section for logging. The Internal Affairs Section will forward the report to the Use of Force Review Board. The Internal Affairs Section will notify the officer(s) of the finding.

Once the review board completes its review, the Supervisor’s Use of Force Report will be forwarded to the affected officer(s) and the report and findings will be forwarded to the Internal Affairs Section. A record of all reported incidents, whether on or off-duty, will be maintained in the Internal Affairs Section Office.

Members of the Department’s S.W.A.T. Team will document the use of S.W.A.T. weapon systems deployed during a team activation at the direction of the S.W.A.T. Commander.

300.4.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practical following the application of physical force, under any of the following circumstances:

(a) The application of force appears to have caused physical injury
(b) The individual has expressed a complaint of pain
(c) Any application of a control device
(d) The individual has been rendered unconscious

300.4.2 MEDICAL ATTENTION FOR INJURIES SUSTAINED USING FORCE
Prior to booking or release, medical assistance shall be obtained for any person who has sustained visible injury, expressed a complaint of injury or continuing pain, or who has been rendered unconscious. Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.
Use of Force

300.5 SUPERVISOR RESPONSIBILITY
A supervisor should respond to an incident in which there has been a report of an application of force. The supervisor is expected to:

(a) Obtain the basic facts from the involved officer(s)
(b) Ensure that any injured parties are examined and treated
(c) Separately interview the subject(s) upon whom force was applied
(d) Ensure that photographs have been taken of any areas involving visible injury or complaint of pain as well as overall photographs of uninjured areas
(e) Identify any witnesses not already included in related reports
(f) Review and approve all related reports
(g) Complete a Supervisors’ Use of Force Report. Print two copies of the approved report. The completed Use of Force Report should be attached to one copy of the approved report and forwarded, via the chain of command, to the Chief of Police. A copy of the completed Use of Force Report should be attached to the second copy of the approved report and sent directly to the Internal Affairs Section.

Should the supervisor determine that any application of force was not within policy, a separate internal administrative investigation shall be initiated.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.
Use of Force Review Board

302.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a process to review the use of force by employees of this department.

302.2 REVIEW BOARD
The Department is charged with the important responsibility of objectively evaluating the use of force. Any use of force by a member of this department which is subject to a Supervisor's Use of Force Report as required by Policy Manual §300.4 will be subject to review by the Use of Force Review Board.

The board will also investigate and review the circumstances surrounding every intentional or unintentional discharge of a firearm, whether the employee is on or off duty, excluding range training or recreational use.

The board will convene as often as deemed necessary by the chairperson or as directed by the Chief of Police.

302.2.1 COMPOSITION OF THE BOARD
The Use of Force Review Board shall be comprised of the following persons:

- A chairperson from a command-level rank, selected by the Chief of Police.
- One sergeant and one peer member (from the involved employee's bargaining unit) who are current P.O.S.T. certified defensive tactics, baton, or TASER instructors or certified firearms instructors, selected by the chairperson.

The Use of Force Review Board may call other employees of the Department in an advisory capacity as deemed necessary by the chairperson. In every case involving serious injury to a person or significant liability to the District, the board may convene an advisory panel composed of subject matter experts, from within and/or outside the Department, to assist the board in its review of the incident. A representative of the District's General Counsel may join the advisory panel at the discretion of the Chief of Police.

302.2.2 RESPONSIBILITIES OF THE BOARD
The Use of Force Review Board is empowered to conduct an administrative investigation into the circumstances of an incident. The board members may request further investigation, call persons to present information, and may request that the involved employee appear before the board. The involved employee may be represented by legal counsel and/or other representation if called to appear before the board.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code §3303).

The review shall be based on those facts which were reasonably believed by the employee at the time of the incident, applying legal requirement, department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the employee at the time, can neither justify nor call into question an employee's decision regarding use of force.
Use of Force Review Board

If it appears that the actions of the employee may result in criminal charges or disciplinary action by the Department, the board will conduct the interviews in accordance with department disciplinary procedures. The board does not have the authority to recommend discipline. The board shall make a finding and such finding will be limited to one of the following:

(a) The employee's actions were within department policy and procedures.
(b) The employee's actions were in violation of department policy and procedures.

A finding will represent the consensus of the board. After the board has concluded, the board chairperson will submit written findings of the board to the Chief of Police. After review by the Chief of Police, a copy of the findings will be forwarded to the employee's Bureau Deputy Chief for review and appropriate action.

At the conclusion of the review process, the completed Supervisor's Use of Force Report will be filed with the Internal Affairs Section.

Once the board has reached its specific finding, the Training Sergeant may convene a separate training committee to address specific training needs and to make recommendations for this department without specific reference to the facts of the incident considered by the board.
Shooting Policy

304.1 PURPOSE AND SCOPE
The purpose of the shooting policy is to establish procedures for the use and reporting of incidents involving the discharge of firearms. This policy is for internal use only and does not increase the Department's and/or an officer's civil or criminal liability in any way. Violations of this policy can only form the basis for departmental administrative actions.

304.1.1 POLICY
It is the policy of this department to resort to the use of a firearm, when it reasonably appears to be necessary, and generally:

(a) An officer may use deadly force to protect himself/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.

(b) An officer may use deadly force to stop a fleeing suspect when the officer has probable cause to believe that the suspect has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to any other person if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

(c) To stop a dangerous animal.
   1. In circumstances where officers encounter an unexpected dangerous animal or are surprised by an animal which reasonably appears to pose an imminent threat to the safety of officers or others, officers are authorized to use deadly force to neutralize such a threat.
   2. In circumstances in which officers have sufficient advanced notice that a potentially dangerous domestic animal (e.g. dog) may be encountered, such as in the serving of a search warrant, officers should develop reasonable contingency plans for dealing with the animal without the use of deadly force (e.g. fire extinguisher, Taser, OC Spray, animal control officer). Nothing in this policy shall prohibit any officer from resorting to deadly force to control a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

(d) With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

(e) For target practice at an approved range.

Where feasible, a warning should be given before an officer resorts to deadly force as outlined (a) and (b) above. A specific warning that deadly force will be used is not required by this policy; only that a warning be given if feasible.
Shooting Policy

304.1.2 WARNING SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

304.1.3 MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective and are generally discouraged.

(a) Unless it reasonably appears that it would endanger officers or the public, officers are expected to move out of the path of any approaching vehicle.

(b) This is not intended to restrict an officer's right to use deadly force directed at the operator of a vehicle when it is reasonably perceived that the vehicle is being used as a weapon against the officer or others.

(c) Officers may use deadly force to stop a fleeing suspect when the officer has probable cause to believe that the suspect has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death and the officer reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to others if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force when feasible.

304.1.4 REPORT OF WEAPON DISCHARGE
Except during firearms training or lawful recreational use, any officer who discharges a weapon intentionally or unintentionally, on or off-duty, shall make a verbal report to the BART Police communications center as soon as circumstances permit. The dispatcher receiving such notification shall immediately notify the on-duty Watch Commander. If on-duty at the time of the incident, the employee shall submit a written memo documenting the incident to the Chief of Police via the chain of command prior to the end of shift and if off-duty, as directed by the command officer but no later than the end of the next regularly scheduled shift.
Leg Restraint Device

306.1 PURPOSE AND SCOPE
The proper use and application of a leg restraint device can reduce the potential of injury and damage to property when dealing with violent or potentially violent persons. This section provides guidelines, policy and procedures for the proper use of these devices.

306.2 POLICY
When an officer deems it reasonable to restrain the legs of a violent or potentially violent person during the course of detention, arrest and/or transportation, only restraint devices approved by the Department shall be used, and only in the department approved manner for such temporary immobilization of the legs.

306.3 AUTHORIZED RESTRAINT
The RIPP hobble is the only leg restraint authorized by this department. Officers shall only use the hobble restraint supplied by the Department.

A person is considered "hobbled" when they are handcuffed, their ankles are held together with a RIPP hobble restraint device, and the clip end of that device is not connected to the handcuffs.

The RIPP hobble restraint allows prisoners to be transported in vehicles in an upright, seated position, but removes their ability to kick out doors and windows. The RIPP hobble is made of 700# polypropylene webbed belt, measures 52"L x 1"W, and weighs 1/3lb.. The RIPP hobble has a bronze snap at one end and the other end permanently inserted through a self-locking, jawed alligator clip, and loops around both legs.

306.4 USE GUIDELINES
In determining whether to use the leg restraint, officers should consider the following:

(a) If the officer and/or others are subject to harm due to the assaultive behavior of a violent, resisting and/or attacking suspect

(b) If it is reasonable to protect the suspect from his/her own actions which would place him/her in danger e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers

(c) The restraint shall be used only after a person has been handcuffed.

Officers shall not restrain or transport suspects in a "hog-tied" position. For the purpose of this policy, "hog-tied" refers to the method of restraining the hands and feet together behind the suspects back while the suspect is lying in a face down position.

If it is necessary to control and restrain a suspect by the use of two or more officers transferring their body weight onto the suspect while the suspect is positioned face down on the ground, officers shall immediately, upon restraining the suspect, reposition the suspect into a sitting or face-up position.

The use of a leg restraint on a juvenile must be approved by watch commander or sergeant.
Leg Restraint Device

306.4.1 MEDICAL CONSIDERATIONS
Prior to booking or release, medical assistance shall be obtained for any person who has sustained visible injury, expressed a complaint of an injury or continuing pain, or who has been rendered unconscious. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics and imperiousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

If any individual refuses medical attention, such a refusal shall be fully documented in related reports and a supervisor should be notified. Whenever practical, the refusal should be witnessed by another officer and/or medical personnel. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

306.5 PROCEDURE
The leg restraint device is designed to reduce the likelihood of injury to the restrained person or others, and to reduce the likelihood of property damage caused by the restrained person by preventing them from using his/her legs in a manner likely to result in injury or damage. The leg restraint will only be used to bind and immobilize a person's legs. Only those officers trained in the use of the leg restraint are authorized to employ it on any person. The following guidelines shall be used when applying the leg restraint device:

(a) If practical, officer(s) should notify a supervisor of the intent to apply the leg restraint. In all cases, a supervisor shall be notified as soon as practical after the application of the leg restraint.
(b) Absent a medical emergency, the person being leg restrained shall remain restrained until the officer arrives at the jail or other facility or the person no longer poses a threat.
(c) Once secured, the person should be placed in a seated or upright position and shall not be placed on his/her stomach for an extended period as this may potentially reduce the person's ability to breathe.
(d) The leg restrained person shall be constantly watched by an officer while in the restraint. The officer is to ensure the person does not roll onto and remain on his/her stomach.
(e) The officer should look for signs of labored breathing and, where practical, take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

306.5.1 TRANSPORTING RESTRAINED PERSONS
When transporting a person who has been leg restrained, officers shall observe the following procedures:

(a) Leg restrained suspects may be transported in a patrol unit. When transporting a suspect in the rear of the unit with the suspect's ankles secured with the hobble, officers will attempt to seat suspect in an upright position in the passenger side back seat. After seat beltling the suspect, the loose end of the hobble will be secured.
to the front seat area in a manner which prevents the suspect from kicking. In no circumstances will the loose end of the hobble be left outside of the back or front door. When the person cannot be transported in a seated position he/she should be taken by ambulance/paramedic unit.

(b) When taken by ambulance/paramedic unit, the leg restrained person shall be accompanied by an officer. The transporting officer should inform medical personnel that positional asphyxia is a concern and that the person should remain in an upright position where practicable. If medical personnel determine that it is in the best interest of the restrained person to be transported while lying down, the person should be kept on his/her side or back with appropriate adjustments to restraints so that the person's arms are not pinned beneath them.

(c) Officers shall inform the jail staff that a leg restraint device was used on the arrestee prior to arrival at the jail.

306.6 DOCUMENTATION

Anytime a leg restraint device is used, the circumstances requiring its use shall be documented in the related report(s). The officer should include the following in the report:

(a) The observable symptoms and specific actions of the suspect which required the use of a leg restraint device

(b) Restraint level(s) used, and the amount of time the suspect was restrained

(c) How the suspect was transported and the position of the suspect

(d) Observations of the suspect's physical and physiological actions

(e) Any known or suspected drug use or other medical problems
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
To reduce and minimize altercation-related injuries to officers and suspects, the department authorizes the use of selected control devices. Certain control devices are provided in order to control violent or potentially violent suspects. It is anticipated that the use of these devices will generally result in fewer altercation-related injuries to officers and suspects. The below-listed procedures are for the use and maintenance of control devices (i.e., baton, oleoresin capsicum (OC) spray, chemical agents, and SIMS). Only those control devices that have been approved by the Chief of Police or his/her designee are authorized to be carried by members of this department.

308.1.1 WHEN DEVICES MAY BE USED
When a decision has been made to restrain or arrest a violent or threatening suspect, an approved control device may only be used when its use appears reasonable under the circumstances.

Officers may immediately progress to a higher level of force, depending on the severity of the situation and the amount of force necessary to bring the suspect under control. If exigent circumstances exist, dual force (the deployment of more than one control device at the same time) is allowed.

308.1.2 TRAINING FOR CONTROL DEVICES
(a) Only officers trained and having shown adequate proficiency in the use of any control device and knowledge of this department's use of force policy are authorized to carry the device. Proficiency training must be monitored and documented by a certified weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer's training file.

(c) Officers failing to demonstrate proficiency with the weapon or knowledge of this department's use of force policy will be provided remedial training. If, after two additional attempts, an officer still cannot demonstrate proficiency with a weapon or knowledge of this department's use of force policy, the officer may be subject to discipline.

308.2 BATON GUIDELINES
The baton is authorized for use when, based upon the circumstances perceived by the officer, lesser force would not reasonably appear to result in the safe control of the suspect.

Sworn police and revenue personnel may only carry the baton after having received P.O.S.T. or other departmentally approved training.

308.2.1 LONG BATON
Sworn police personnel are authorized to use either the straight long baton or side handled long baton, and are required to have the straight long baton or side handled long baton readily available within their assigned vehicle.
Control Devices and Techniques

The straight long baton or side handled long baton shall be black or natural wood tone finish, no more than thirty (30) inches in length, and made from wood, polycarbonate material, or metal alloy such as aluminum. The straight long baton shall be equipped with a rubber grommet for wear on the Sam Browne gun belt.

Revenue protection personnel are required to carry the straight long baton only.

Tactical Team members are authorized to use the forty-two (42) inch riot long baton during call outs only.

308.2.2 EXPANDABLE BATON
Sworn police personnel in uniform or plainclothes are authorized to carry the expandable baton (either straight or side handled) as an optional impact weapon. Revenue protection personnel shall only carry the Monadnock model SX-24 twenty-four (24) inch expandable straight baton as an optional impact weapon.

The optional expandable baton must be black or the natural metal color, and constructed of a polycarbonate material or metal alloy. When carried by personnel in uniform, the expandable baton shall be carried in a basket weave holder designed for the baton.

Personnel assigned to a train beat for an entire shift will not be required to carry their straight long baton or side handled long baton if they are carrying an authorized expandable baton.

Sworn officers assigned to vehicle patrol will still be required to have the straight long baton or side handled long baton readily available within their assigned vehicle, but may also carry an expandable baton if desired.

308.2.3 SHORT BATON
Sworn police personnel in uniform or plainclothes are authorized to carry the short baton as an optional impact weapon.

The optional short baton must be ten (10) to fourteen (14) inches long, black or natural wood tone finish, and constructed of wood, polycarbonate material, or metal alloy such as aluminum. When carried by personnel in uniform, the short baton will be carried in the sap pocket of the standard uniform pants.

Personnel assigned to a train beat for an entire shift will not be required to carry their straight long baton or side handled long baton if they are carrying an authorized short baton.

Officers assigned to vehicle patrol will still be required to have the straight long baton or side handled long baton readily available within their assigned vehicle, but may also carry a short baton if desired.

308.2.4 BATON APPLICATION
The police baton may only be used by sworn personnel and revenue guards in the manner prescribed by department training.

Officers’ and revenue guards' proficiency in the use of the police baton, as well as related policy and procedures, will be tested on a regular basis.

Batons shall not be used as an impact weapon in mere anticipation of violence or resistance. They shall not be used merely to enforce compliance with verbal orders, and never used against a person who is under restraint.
Baton blows shall not be intentionally delivered to a person’s head, neck, throat, spine, kidney, or groin area unless the officer’s life, or the life of another is in imminent peril.

308.2.5 OTHER POLICE IMPACT WEAPONS
The same provisions governing the use of the baton shall apply to those authorized to use any other type of police impact weapon (i.e., Yawara stick, flashlight baton). Sap gloves are prohibited.

308.2.6 MEDICAL TREATMENT
Arrange to have the affected person evaluated by qualified medical personnel as soon as practical for clearance prior to booking. Medical personnel should determine if the suspect should be transported to a hospital prior to booking. Obtain a verbal waiver if the affected person refuses medical treatment. If any individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another officer and/or medical personnel.

308.3 CHEMICAL AGENT GUIDELINES
The use of chemical agents for crowd control/dispersal or against barricaded suspects shall be based on the circumstances. The watch commander, incident commander or SWAT commander may authorize the delivery and use of chemical agents, evaluating all conditions known at the time and determining that lesser force would not reasonably appear to result in the safe control of the suspect(s). When practical, fire personnel should be alerted, or summoned to the scene, to control any fires and to assist in providing medical aid or chemical evacuation, when the scene is safe. Only officers or supervisors trained in the use of chemical agent weapons should discharge such devices at the scene.

308.4 OLEORESIN CAPSICUM SPRAY GUIDELINES
Only authorized personnel may possess and maintain department-issued oleoresin capsicum spray. Oleoresin capsicum spray is used to minimize the potential for injury to officers, offenders, or other persons. It should be used only in situations where such force reasonably appears justified and necessary.

308.4.1 REQUIRED INSTRUCTION FOR USE
All personnel authorized to carry oleoresin capsicum spray, shall complete the required course of instruction prior to possessing and using the oleoresin capsicum spray.

Flash bangs and chemical agents other than oleoresin capsicum shall only be used on the expressed orders of a command level officer, or in immediate life threatening situations. Chemical agents and tactical devices shall be tactically deployed only by officers trained in the use of the specific arrest control devices being utilized. Such devices will be deployed in a manner which will ensure the least hazard to the public.

308.4.2 CARRYING OF OLEORESIN CAPSICUM SPRAY
Uniformed-field personnel carrying the oleoresin capsicum spray shall carry the device on their uniform. Plain-clothes and non-field personnel may carry the oleoresin capsicum spray as authorized, consistent with the needs of their assignment, or at the direction of their supervisor.

Canisters involved in any type of malfunction or damage shall be turned in to the property clerk for exchange. Damage to District property shall also be reported to the appropriate supervisor and the cause of damage explained.
Control Devices and Techniques

Employees should check the expiration on their canister, and shall request a new canister prior to expiration. In the case of loss or depletion due to use, the affected employee shall submit a memo to his immediate supervisor requesting the replacement and explaining the need for same. The supervisor will arrange for immediate replacement.

The department will store at least two (2) spare oleoresin capsicum canisters in the sergeant's office on each line for emergency issuance by police management personnel.

308.4.3 APPLICATION OF OLEORESIN CAPISCUM
Oleoresin capsicum shall not be used indiscriminately or in mere anticipation of violence or resistance.

Except under conditions which represent an extreme hazard (immediate threat of serious injury or death), oleoresin capsicum is not to be used at any distance less than three (3) feet and is not to be aimed directly at the eyes at distances less than five (5) feet.

For maximum effectiveness, a targeted suspect should be at a distance of not less than six (6) feet or more than ten (10) feet away. At distances less than six (6) feet, it is difficult to protect oneself from being accidentally contaminated.

To be effective, oleoresin capsicum should come into contact with the face of the target. Spraying the target below the face may not cause the desired effect.

Oleoresin capsicum works well on persons who are intoxicated, under the influence of drugs, mentally deranged, or against other persons having reduced sensitivity to Mace.

Due to the close range of these encounters, it is extremely important for officers to spray a one (1) second burst of oleoresin capsicum into the face of the aggressor and then immediately move laterally to either side in order to side step any attempted attack.

Once contaminated by oleoresin capsicum, officers will have a difficult time protecting themselves since the effects are immediate and can last for up to forty-five (45) minutes.

Due to the extremely effective incapacitation qualities of oleoresin capsicum, extreme care and consideration should be exercised by officers when applying oleoresin capsicum to suspects in the field, stations, vehicles and BART trains so as not to contaminate themselves, other officers, or citizens who may be trying to assist in the control or apprehension of a resistive or aggressive/combative subject. Because oleoresin capsicum will affect passengers or bystanders, they normally should not be used on crowded trains or crowded platforms.

Do not attempt to discharge oleoresin capsicum when positioned upwind.

308.4.4 TREATMENT FOR CHEMICAL AGENTS/OLEORESIN CAPISCUM SPRAY EXPOSURE
Persons who have been affected by the use of chemical agents/oleoresin capsicum should be promptly provided with cold water, and exposure to fresh air as soon as practical. Remove glasses or contact lenses.

Advise the person affected not to rub the skin or eyes because of the possibility of spreading the oil to other areas. Do not apply salves, creams, oils, or lotions, as they can trap the irritant.
Control Devices and Techniques

Arrange to have the affected person evaluated by qualified medical personnel as soon as practical. Medical personnel should determine if the suspect should be transported to a hospital prior to booking. If any individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another officer and/or medical personnel.

Whenever BART Police personnel use oleoresin capsicum to subdue an arrestee, custodial personnel will be informed of this fact when transferring custody of the prisoner.

308.4.5 REPORT OF USE
All uses of chemical agents/oleoresin capsicum shall be documented in the related arrest/crime report.

308.5 SIMS (SPECIALTY IMPACT MUNITIONS SYSTEM)
This department is committed to reducing the potential for violent confrontations when suspects are encountered. SIMS projectiles, when used properly, are less likely to result in death or serious physical injury.

SIMS projectiles are approved by the department and are fired from 40 mm launchers. Certain munitions can be used in an attempt to de-escalate a potentially deadly situation, with a reduced potential for death or serious physical injury.

308.5.1 DEPLOYMENT
Approved munitions are justified and may be used to compel an individual to cease his or her actions when such munitions present a reasonable option for resolving a situation. SIMS may also be used when dealing with vicious animals.

Officers are not required, or compelled, to use approved munitions in lieu of other reasonable tactics if the involved officer(s) determine that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Operators shall advise dispatch via radio when SIMS is deployed. If not on scene, sergeants shall respond immediately to assume control of the deployment and use. When an officer is deploying SIMS, he/she is the officer in charge until the arrival of a supervisor.

308.5.2 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT
Examples include, but are not limited to, the following types of situations where the subject:

(a) Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions

(b) Has made credible threats to harm himself or others

(c) Is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at people and/or officers

308.5.3 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider the following factors:

(a) Severity of the crime or incident.

(b) Subject's capability to pose an imminent threat to the safety of officers or others.
Control Devices and Techniques

(c) If the subject is actively resisting arrest or attempting to evade arrest by flight.
(d) The credibility of the subject's threat, as evaluated by the officers present, and the subject's physical capacity/capability.
(e) The proximity of weapons available to the subject.
(f) The officer's, versus the subject's, physical factors (e.g., age, size relative strength, skill level, injury/exhaustion, the number of officer(s) versus subject(s)).
(g) The availability of other force options and their possible effectiveness.
(h) Distance and angle to target.
(i) Type of munitions employed.
(j) Type and thickness of subject's clothing.
(k) The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

308.5.4 DEPLOYMENT DISTANCES
Officers should keep in mind the manufacturer's recommendations regarding deployment when using control devices, but are not solely restricted to use according to these manufacturer recommendations. Each tactical situation must be evaluated on the totality of circumstances at the time of deployment.

308.5.5 SHOT PLACEMENT
The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted when deadly force is not reasonably justified.

Officers should generally follow the manufacturer's recommendations regarding minimum deployment distances and target areas, however, any target area or distance may be considered when it reasonably appears necessary to accomplish immediate incapacitation, in order to prevent serious injury or death, and other reasonable methods have failed or reasonably appear ineffective.

308.5.6 APPROVED MUNITIONS
Only the department-approved Defense Technologies model 1325 40 MM Sims launcher shall be carried and deployed.

308.5.7 USE OF SIMS PROJECTILES BY SUPERVISORS AND OFFICERS
A Sims 40mm launcher designated for the use of Sims projectiles, will normally be carried in the trunk of each supervisor's unit. An additional launcher should normally be available in each zone for Field Training Officers to carry in their vehicle.

Supervisors and officers will inspect this launcher at the beginning of each shift to ensure that it is in proper working order and loaded with approved projectiles only.

308.5.8 USE OF SIMS PROJECTILES BY SWAT
Officers who have completed a departmental-training course may carry and employ 40 mm projectiles while on duty, or while performing Special Weapons and Tactics (SWAT) missions.
Control Devices and Techniques

308.5.9 POST DEPLOYMENT
(a) Medical personnel should be summoned for suspects shot with SIMS and be cleared prior to booking. Medical personnel should determine if the suspect should be transported to a hospital prior to booking.
(b) The SIMS projectile, if found, and casing should be placed into evidence.
(c) Photos should be taken of the impact site and placed into evidence.
(d) SIMS deployments and use shall be documented in a police report on the incident.
   1. A SIMS deployment is when the SIMS launcher is displayed in a manner intended to control or influence a suspect's actions. (Responding to a call with the launcher slung is not a deployment.)
   2. The immediate supervisor not involved in the deployment will make a copy of the report and determine if the deployment/use was appropriate. See Policy 344 for supervisor's responsibilities.
   3. The report will be forwarded to the Chief of Police via the chain of command.

308.6 TRAINING REQUIRED FOR USE
Personnel who have successfully completed an approved departmental-training course shall be authorized to use SIMS projectiles. Supervisors and officers deploying SIMS projectiles will complete an annual recertification course.

308.7 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device and/or technique listed within this section is considered a use of force and shall be documented pursuant to Policy Manual § 300.4, 300.5 and 344. A reviewing supervisor shall complete a Supervisors' Use of Force Report and indicate whether the use of force was justifiable, unjustifiable or unintentional.

308.7.1 NON-DEADLY FORCE REVIEW
Incidents involving the use of a control devices or techniques should be reviewed in accordance with policies 300 and 302.
Electronic Control Device - TASER

309.1 PURPOSE AND SCOPE
The Electronic Control Device (ECD) is a less lethal device which is intended to temporarily incapacitate or stun a violent or potentially violent individual without causing serious injury. It is anticipated that the appropriate use of such a device will result in fewer serious injuries to officers and suspects.

309.1.1 DEFINITIONS
Verbal Warning Reference - Any verbal notification to a subject(s) that an officer will activate a TASER.

Deployment - Removal of the TASER from the holster, regardless of where the TASER is held or pointed.

Activation - Depressing the trigger of the TASER causing an arc or firing the probes.

(For report writing purposes and supervisory response, exceptions to activation reporting are Department training and spark and maintenance tests).

309.2 POLICY
The only ECD authorized and issued by this Department is the TASER® X26. All sworn personnel shall receive Department-approved training and may be issued a TASER for use during their current assignment.

(a) A TASER shall be assigned and carried (i.e., worn on the person, as described at the end of this Section) as a part of a uniformed officer's and sergeant's equipment, in a holster that is designed to fit the TASER® X26. Employees must request and have the approval of the Chief, or his designee, to not carry the TASER as part of their uniform equipment. Non-uniformed officers may secure the TASER in the driver's compartment of their Department vehicle.

(b) All TASERs shall be clearly and distinctly marked with factory yellow X26 markings on the sides to differentiate them from the duty weapon and any other device.

(c) Officers should carry a total of two or more TASER cartridges on their person when carrying the TASER. Only Department issued cartridges are authorized.

(d) Officers shall be responsible for ensuring that their assigned TASER is properly maintained and in good working order at all times. Whenever an assigned TASER is damaged or inoperable, the officer shall immediately notify his/her supervisor and document the specific damage or inoperability issue in a memo sent via the chain of command to the Support Services Deputy Chief. The notified supervisor shall make an effort to have a reserve TASER assigned to the officer during that shift. Reserve TASERs shall be located in the Watch Commander's cabinet at LMA. The supervisor shall document the damaged TASER's serial number and the assigned officer's name and badge number in an email to the Support Services Lieutenant to facilitate the equipment repair.

(e) TASERS shall not be altered from the original factory specifications and markings.

(f) Officers should not hold both a firearm and the TASER at the same time unless lethal force is justified.
Electronic Control Device - TASER

(g) Officers who locate a broken cartridge or have an unintentional discharge shall forward the cartridge to a Department TASER armorer. It should be loosely packaged and sealed in a brown evidence bag.

(h) TASERS with a battery life of 20% or less shall be removed from service. These TASERS should be forwarded to the Support Services Lieutenant for battery replacement.

(i) The Support Services Lieutenant will ensure that TASER armors conduct annual TASER memory downloads for all TASERS.

(j) Due to the flammable contents in some chemical agent containers, officers shall only carry Department issued Oleoresin Capsicum (OC), which is water based and will not ignite.

There are two authorized ways for officers to carry the TASER:

• In a holster, opposite side from the duty weapon with no portion of the TASER crossing the mid-line of the officer's belt when it is holstered. When carried in this manner, the officer shall use a support-hand draw only.

• In a drop leg holster, worn on the support hand side only (opposite the duty weapon). When carried in this manner, the officer shall use a support-hand draw only.

309.3 VERBAL AND VISUAL WARNINGS
Unless it would otherwise endanger officer safety or is impractical due to circumstances, a verbal announcement of the intended use of the TASER shall precede its application in order to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply

(b) Provide other officers and individuals with warning that a TASER may be activated

If after a verbal warning an individual continues to express an unwillingness to voluntarily comply with an officer's lawful orders, and it appears both reasonable and practical under the circumstances, the officer may, but is not required to, display the electrical arc (provided there is not a cartridge loaded into the TASER) or laser in a further attempt to gain compliance prior to the application of the TASER. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal and/or other warning was given, or reasons a warning was not given, shall be documented in any related reports.

309.4 USE OF THE TASER
It is essential that officers exercise sound discretion and consider the totality of the circumstances surrounding any incident where the TASER may be activated. Objective facts must indicate the suspect poses an immediate threat to the officer or a member of the public.

As with any law enforcement equipment, the TASER has limitations and restrictions requiring consideration before its use. The TASER should only be used when its operator can safely approach the subject within the operational range of the TASER. Although the TASER rarely fails and is generally effective in subduing most individuals, officers should be aware of this potential and be prepared with other options in the unlikely event of such a failure.
Electronic Control Device - TASER

Every application of the TASER becomes a separate use of force and must be justified by the officer. In instances where a warning is provided prior to the use of the TASER, the subject must be given reasonable time to comply.

If, after a single application of the TASER, an officer is still unable to gain compliance from an individual and circumstances allow, the officer should consider:

- Whether or not the probes are making proper contact
- If use of the TASER is limiting the ability of the individual to comply
- If other options or tactics may be more appropriate

This, however, shall not preclude an officer from multiple, reasonable applications of the TASER on an individual. When probes are in contact with the individual or when drive stun mode is in contact with the individual, no more than three activations should be administered on the same individual. The TASER should not be intentionally activated at the subject's head, neck, chest, or groin.

Authorized personnel may use the TASER when circumstances known to the individual officer at the time indicate that the application of the TASER is reasonable to subdue or control:

(a) A violent or physically resisting subject.
(b) A potentially violent or physically resisting subject, if:
   1. The subject has verbally or physically demonstrated an intention to resist; and
   2. The officer is able to justify that the use is based upon an objectively reasonable belief that a suspect poses an immediate threat to the officer or others; and
   3. The officer has given the subject a verbal warning of the intended use of the TASER followed by a reasonable opportunity to voluntarily comply; and
   4. Other available options reasonably appear ineffective or would present a greater danger to the officer or subject.
(c) A vicious animal that appears to present a danger to the officer or the public.

Although not absolutely prohibited officers should avoid, absent extenuating circumstances, applying the TASER to any of the following individuals:

(a) Pregnant females
(b) Elderly individuals, obvious juveniles, or the visibly frail
(c) Individuals who have been recently sprayed with alcohol-based pepper spray or potentially flammable chemical agents, or who are otherwise in close proximity to any combustible material
(d) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles)
(e) Handcuffed persons, unless they pose an immediate threat of great bodily injury to themselves or others
(f) Fleeing subjects (fleeing should not be the sole justification for activating a TASER against a subject; personnel should consider the severity of the offense, the subject's threat level to others, and the risk of serious injury to the subject before deciding to use a TASER on a fleeing subject)
Electronic Control Device - TASER

(g) Subjects who are simply non-compliant or who are in control of a vehicle in motion (including automobiles, motorcycles and bicycles).

(h) Individuals suspected of being under the influence of drugs/alcohol or exhibiting symptoms of excited delirium (e.g., nudity, profuse sweating, irrational behavior, extraordinary strength beyond physical characteristics or imperviousness to pain). These subjects may be more susceptible to collateral problems and should be closely monitored (e.g., breathing pattern) following the application of the TASER until they can be examined by paramedics or other medical personnel.

Personnel should evaluate whether the use of the TASER is reasonable, based upon all circumstances (including those listed above); if the TASER is used, the officer will be required to justify why the level of resistance or threat necessitated its use (e.g., potential for violence, nature of crime, proximity of weapons, etc.). In some cases, other control techniques may be more appropriate as determined by the subject's degree of resistance and/or threat level to others.

Because the application of the TASER in the drive stun mode (i.e., direct contact without darts) relies primarily on pain compliance and requires close proximity to the subject, the controlling effects may be limited. Additional caution should be exercised.

When the probes are in contact with a person, no more than one officer should intentionally activate a TASER against that person.

The TASER shall not be used:

- To torture, psychologically torment, or inflict undue pain on any individual
- As a prod or escort device
- To rouse unconscious, impaired, or intoxicated individuals

309.4.1 FACTORS TO DETERMINE REASONABLENESS OF FORCE

The application of the TASER is likely to cause intense, momentary pain. As such, officers should carefully consider and balance the totality of circumstances available prior to using the TASER including, but not limited to, the following factors:

(a) The conduct of the individual being confronted (as reasonably perceived by the officer at the time)

(b) Officer/subject factors (i.e., age, size, relative strength, skill level, injury/exhaustion, number of officers vs. subjects)

(c) Influence of drugs/alcohol (mental capacity)

(d) Proximity of weapons

(e) The degree to which the subject has been effectively restrained and his/her ability to resist, despite being restrained

(f) Time and circumstances permitting, the availability of other options (what resources are reasonably available to the officer under the circumstances)

(g) Seriousness of the suspected offense or the reason for contact with the individual

(h) Training and experience of the officer

(i) Potential for injury to citizens, officers, and suspects

(j) Risk of escape

(k) Other exigent circumstances
309.4.2 REPORT OF USE

It is essential that officers exercise sound discretion and carefully articulate the totality of the circumstances giving rise to every TASER application. Verbal warnings, deployments, and TASER activations shall be documented in the related crime report. The TASER tab in the MO data entry section of the report writing program shall be utilized to document the type of usage (verbal, deployment, or activation). The incident shall be thoroughly documented in the narrative of the police report.

When the TASER is activated the police report should include the following:

(a) Details of the subject's level of aggression justifying activation
(b) Number and approximate duration of cycle(s)
(c) Point of impact of the probes and/or drive stun mode on a subject
(d) Response and actions of the subject after activation
(e) Number of officers on scene
(f) Names of individuals who provided medical care on scene and the names of medical personnel who removed the probes
(g) Serial numbers of the TASER and cartridge
(h) Photographic evidence, to include the subject prior to and after probe removal, the drive stun contact point, and any injuries incurred by the subject or officer as result of the incident
(i) Name of the person receiving custody of the subject and advised of the TASER activation on the subject

Supplemental reports shall be completed by personnel who are present during an activation.

A TASER armorer shall download the on-board TASER memory and save it with the related crime report; the on-scene supervisor is responsible for assigning this task. TASERs will not be taken out of service after an activation unless directed by a command-level officer.

309.4.3 SUPERVISORY RESPONSIBILITY

A supervisor shall respond to the scene of any TASER activation including accidental or unintentional activations. The supervisor shall confirm (with the officer) that any probes that have pierced a subject's skin are removed by medical personnel and that the subject is medically cleared, as outlined in Section 309.5, prior to being booked into a detention facility. The supervisor will confirm that all evidence (including the TASER's memory record) has been collected, review and approve the related crime reports, and provide a replacement TASER cartridge(s) as necessary.

Upon reviewing the report, the supervisor must make a copy for review by the officer's chain of command and complete a Supervisor's Use of Force Report. The reviewing supervisor must review the use of the TASER and make a recommendation on whether the use of the TASER was justified or not. A copy of the approved police report and completed Use of Force Report will be forwarded to the Chief of Police via the chain of command. The incident will be reviewed in accordance with Policies 300 and 301.

**Justifiable**: When the circumstances, at the time of using the TASER, were consistent with the provisions of this Policy, the use of the device shall be classified as justifiable.
Unjustifiable: When the circumstances, at the time of using the TASER, were not consistent with the provisions of this Policy, the use of the device shall be classified as unjustifiable.

The Professional Standards and Training Division Deputy Chief will forward the police report and Use of Force Report to the Chief of Police for review. The Chief of Police will forward the report and signed Use of Force Report to the Internal Affairs Section who will log the report and send it and the Supervisor's Use of Force report to the Use of Force Review Committee Chairperson.

Accidental or unintentional activations of a TASER cartridge shall be reported immediately to a supervisor. The incident shall be documented in a memo, via the chain of command to the Division Deputy Chief to which the employee reports. This memo will include the TASER and cartridge serial numbers and an explanation of the circumstances surrounding the activations. Officers responsible for accidental, unintentional or unjustifiable discharges shall be subject to progressive discipline.

309.5 MEDICAL TREATMENT

Only qualified medical personnel, including certified paramedics, should remove TASER darts from a person's body. Used TASER darts shall be considered a sharp biohazard, similar to a used hypodermic needle. Universal precautions should be taken accordingly.

All detained or arrested persons who have been struck by TASER darts or who have been subjected to the electric discharge of the device shall be transported, by medical personnel, for medical assessment at a local medical facility as soon as practicable.

Special consideration (including enhanced observation and a Code 3 medical response) should be provided to individuals who fall under any of the following categories:

(a) The person is suspected of being under the influence of a controlled substance(s) and/or alcohol
(b) The person may be pregnant
(c) The person reasonably appears to be in need of medical attention
(d) The TASER darts are lodged in a sensitive area (e.g., groin, female breast, near the eyes)
(e) The person requests medical treatment

In addition, persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics, imperviousness to pain, or who require a protracted physical encounter with multiple officers to bring them under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable (a Code 3 medical response). All individuals shall be medically cleared, prior to booking.

If any person subjected to an unintentional application refuses medical attention, such a refusal should, absent extenuating circumstances, be witnessed by medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or interview with the individual, any refusal should be included.

The transporting officer shall inform any person receiving custody or any person placed in a position of providing care that the individual has been subjected to the application of the TASER.
309.6 TRAINING
In addition to the initial Department approved training required to carry and use a TASER, annual training will be provided to all sworn personnel. A reassessment of an officer's knowledge and/or practical skills may be required at any time if deemed appropriate.

A certified TASER instructor should ensure that TASER training material and lesson plans include the following:

(a) A review of this Policy
(b) A review of the Use of Force Policy 300
(c) Target area considerations, to include techniques or options to reduce the intentional application of probes near the head, neck, chest, and groin
(d) De-escalation techniques
(e) Scenario-based training

309.6.1 TASER INSTRUCTOR TRAINING
The below, listed training is from the Department's Training Plan and is either mandatory, essential, or desirable (the Training Plan is located within the G/drive, Training Unit folder):

- Mandatory TASER training - Basic instructor course
- Desirable TASER training - TASER armorer certification course, advanced instructor course

309.6.2 REMEDIAL TRAINING
Any employee who acts in a grossly unsafe manner or demonstrates dangerous and/or extremely poor decision-making skills in the deployment of and/or application of any use-of-force related task (in the field or in training) shall be required to attend mandatory remedial training prior to returning to full-duty status.

If, in the opinion of the supervisor/primary instructor at the site of the training, the employee's decision making and actions are so unsafe that if returned to full duty he/she may be a safety hazard to him or herself, fellow employees, and/or the public, the supervisor/primary instructor shall recommend additional mandatory remedial training for the employee. The primary instructor shall contact the on-duty Watch Commander as soon as practicable and make the recommendation for additional mandatory remedial training.

If the request for additional training is approved, the employee shall be removed from an on-duty patrol status and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.

Repeated failures to correct such deficiencies may result in implementation of the Progressive Discipline System, similar to Policy Section 461.5.1. Nothing in this Policy precludes the Department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.

Officer-Involved Shooting

310.1 PURPOSE AND SCOPE
To establish policy and procedures for the investigation of an incident in which a person is injured as the result of a police incident. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner.

Nothing in this policy is intended to increase, modify, or in any way affect the current legal standards nor shall any deviation from these guidelines be considered a breach of any legal standard.

310.2 INVESTIGATION PROTOCOLS FOR THE FOUR BART COUNTIES
This department should conform to the four separate county officer-involved shooting protocols for investigating officer-involved shootings. Those four counties are Alameda, Contra Costa, San Francisco and San Mateo. Contra Costa and San Mateo counties have written protocols. Copies of those protocols can be located in the Zone Lieutenant's office as well as in the Criminal Investigations Section. At the direction of the Watch Commander, the local incident county's Officer-Involved Shooting (OIS) team should be called out by police communications.

Contra Costa County will follow its Law Enforcement Involved Fatal Incident Protocol. This is a joint investigation protocol utilizing a Multi Agency Task Force staffed by investigators from the Employer Agency, the Venue agency within whose territorial jurisdiction the incident occurred and the District Attorney's Office. Their Officer-Involved Shooting (OIS) team should be contacted through their County Communications Section.

San Mateo County will conduct an independent investigation. They can be contacted at the San Mateo County Communications Section. They will respond to any fatal or non-fatal OIS.

San Francisco County requests a call to the SFPD Operation Center at 415-553-1071. They will respond to any fatal or non-fatal OIS.

Alameda County will conduct an independent investigation. They can be contacted at the Alameda County Sheriff's Office at 510-667-7721. They will only respond to a fatal incident.

310.3 TYPES OF INVESTIGATIONS
Officer-involved shootings involve several separate investigations. The investigations may include:

(a) A criminal investigation of the incident by this agency to determine if there was criminal conduct on the part of the involved officer(s). The on-duty or on-call command officer may direct a joint, parallel investigation by this department in conjunction with the local agency and utilizing the county protocol for which the shooting occurred. In the event the local jurisdiction declines to be involved with the investigation, the investigation shall be handled using a similar protocol to an on-property incident.

(b) When the incident occurs and there is a question as to the jurisdiction for the criminal investigation, the investigating agency shall be either the agency that employs the involved personnel or the agency that has the greater interest in the case by virtue...
of having the predominant police involvement in the incident or by having had the majority of the acts leading up to the incident occurring within its jurisdiction.

(c) A criminal investigation of the involved officer(s) conducted by an outside agency.

(d) A civil investigation to determine potential liability conducted by a District designated agency or private firm.

(e) An administrative investigation conducted by the involved officer's agency or, at the involved agencies request, an outside agency or private firm to determine if there were any violations of department policy.

310.4 JURISDICTION

Jurisdiction is determined by the location of the shooting and the agency employing the involved officer(s). The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings.

310.4.1 BART OFFICER WITHIN THIS JURISDICTION

The department is responsible for the criminal investigation of the suspect's actions and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted as set by the county protocol in which the shooting occurred. The civil investigation will be determined by BART legal counsel.

310.4.2 ALLIED AGENCY'S OFFICER WITHIN THIS JURISDICTION

The department is responsible for the criminal investigation of the suspect's actions. The criminal investigation of the officer-involved shooting will be conducted as set by the county protocol in which the shooting occurs. The officer's employing agency will be responsible for any civil and/or administrative investigation(s).

310.4.3 BART OFFICER WITHIN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect(s) to another agency and/or conduct a joint investigation depending on the county where the shooting occurs protocol. This department will conduct an administrative investigation. A civil investigation will be determined by BART legal counsel.

310.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table helps identify the possible scenarios and responsibilities for the investigation of officer-involved shootings. This may vary based on the incident county and their protocol.

310.5 THE INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting.

310.5.1 DUTIES OF INITIAL ON-SCENE SUPERVISOR
Upon responding to and arrival at the scene of an officer-involved shooting, the first supervisor should:

(a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.

(b) If possible, request additional resources such as more patrol units, equipment, and traffic control.

(c) Make notifications as listed below in § 310.5.3, and to other effected LEAs.

(d) Take command of and secure the incident scene with additional personnel until relieved by a Detective Sergeant or other assigned personnel.

(e) Assign an officer to ride with injured person(s) with a tape recorder in the ambulance or helicopter.

(f) Immediately identify and protect all scenes and their contents.

(g) Strictly control scene access.

(h) Assign an employee to maintain a scene log.

(i) Immediately have weapons secured if left in an area which is not secured.

(j) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).
    1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.

(k) If necessary, the supervisor may administratively order any officer from this department, including any shooting officer, to immediately provide public safety information necessary to secure the scene and pursue suspects.
    1. Public safety information shall be limited to such things as outstanding suspect information, description, mode of travel and direction, approximate location when shots were fired, number and direction of shots fired both from officer(s) and suspect(s), location of injured persons, parameters of the incident scene, weapons or evidence that needs to be secured, identity of known witnesses and similar information.

(l) Absent a voluntary statement from any officer(s), the initial on-scene supervisor should not attempt to order any officer to provide other than public safety information.

(m) Provide all available information to the Watch Commander and the Communications Section. If feasible, sensitive information should be communicated over secure networks.
**Officer-Involved Shooting**

(n) As soon as practical, shooter officers should be transported (separately, if feasible) and sequestered to the closest police sub-station or other designated location for further direction. Officer(s) shall be given the opportunity to contact a POA rep and/or legal counsel.

1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers or any officer assigned to drive/sit with the officer pending further direction from a supervisor.

2. When an officer’s weapon is taken or left at the scene (e.g., evidence), the officer may be provided with a comparable replacement weapon.

(o) Witnesses should be located and fully identified. Statements shall be taken.

(p) Crime Scene Technicians will review the scene with detectives. They should photograph and collect all evidence. Video if possible.

(q) Canvass area for additional witnesses, vehicles, evidence and routes of travel.

(r) Collect available information to brief investigators.

(s) Statements and/or supplement reports should be completed prior to releasing employees who were at the scene, regardless of their role.

**310.5.2 WATCH COMMANDER DUTIES**

Upon learning of an officer-involved shooting, the Watch Commander shall be responsible for coordinating all preliminary aspects of the incident.

**310.5.3 NOTIFICATIONS**

The following notifications shall be made soon as practical after an officer involved shooting:

- BART Police Communications Center
- On-duty supervisor and officers responsible for the area in which the incident occurred
- On-duty Watch Commander or on-call command officer
- If other than BART Police, the agency having primary investigative responsibility
- Detective Sergeant and on-call detective
- Chief of Police and appropriate command officers
- Operations Control Center
- District Attorney’s Officer Involved Shooting team
- Department of Media Affairs as directed by the Chief
- Coroner (if necessary)
- Officer representative (if requested)

All outside inquiries about the incident shall be directed to the Watch Commander.

**310.5.4 MEDIA RELATIONS**

A single press release shall be prepared by the Watch Commander with input and concurrence from the Criminal Investigations supervisor and Districts Media and Public Affairs Department representative. This release will be available to the Watch Commander, Criminal Investigations Section Bureau Deputy Chief and Media and Public Affairs Manager in the event of inquiries from the media.
Officer-Involved Shooting

It will be the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media (Government Code § 3303(e)) and no involved officer shall make any comments to the press unless authorized by the Chief of Police or a Bureau Deputy Chief.

Law enforcement officials receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.5.5 INVOLVED OFFICERS

Once the involved officer(s) have arrived at the station, the Watch Commander should admonish each officer that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved officer:

(a) Any request for department or legal representation will be accommodated, however, no involved officer shall be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report (Government Code § 3303(i)).

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with department representatives (e.g., employee association) will be privileged only as to the discussion of non-criminal information however.

(d) A psychotherapist shall be provided by the Department to each involved officer, or any other officer, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged and will not be disclosed except to the extent that the officer is or is not fit for return to duty.

2. An interview or session with a licensed psychotherapist may take place prior to the involved officer providing a formal interview or report, but the involved officers shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Detectives shall make reasonable accommodations to the officer's physical and emotional needs (Government Code § 3303(d)).

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.
310.6 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION

310.6.1 CRIMINAL INVESTIGATIONS PERSONNEL
Once notified of an officer-involved shooting, it shall be the responsibility of the Criminal Investigations Section supervisor to assign appropriate detective personnel to handle the investigation of related crimes. Detectives will be assigned to work with investigators from the District Attorney's Office and other agencies depending on what county the shooting occurred in and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related departmental reports except administrative and/or privileged reports will be forwarded to the designated Detective supervisor for approval. High profile case reports shall only be viewed exclusively by those personnel involved in the investigation and authorized such access. Audits of the report writing system will be conducted weekly for high profile cases by the Support Services Lieutenant. This is to determine that only those authorized to review, amend and approve reports for that case are doing so. Any employee identified during the audit viewing these reports without authorization will be subject to discipline. Administrative reports will be forwarded to the appropriate Bureau Deputy Chief.

310.6.2 CRIMINAL INVESTIGATION
The criminal investigation shall have priority over the administrative investigation and begin immediately after an incident has occurred. The criminal investigation should be conducted by the Criminal Investigations Section.

It shall be the policy of this department to utilize the appropriate District Attorney's Office to conduct an independent criminal investigation into the circumstances of any officer-involved shooting involving injury or death. Some counties may request a joint investigation per their protocol.

If available, Detective personnel from this department may be assigned to "partner" with investigators from the District Attorney's Office so as to not duplicate efforts in related criminal investigations.

Whenever possible at least one of the assigned detectives should have attended Officer-Involved Shooting school.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

(a) Supervisors and Internal Affairs Section personnel should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult with a representative of his or her choosing and/or an attorney, prior to speaking with criminal investigators.

(c) Any voluntary statement provided by the officer(s) will be made available for inclusion in the administrative or other related investigations.

(d) Absent consent from the involved officer or as required by law, no administratively coerced statement(s) will be provided to any criminal investigators.
310.6.3 REPORTS BY INVOLVED OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved shooting.

310.6.4 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or other major incident may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Assign available personnel to promptly contact the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

310.7 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting, this department, or another assigned agency, will conduct an internal administrative investigation to determine conformance with department policy. This investigation will
normally be conducted under the supervision of the Internal Affairs Section and will be considered a confidential peace officer personnel file.

(a) Any officer involved in a shooting may be administratively compelled to provide a urine and breath alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency. This test can be set up by notifying the OCC to request a post-incident shooting test.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his or her prior statement before proceeding with any subsequent interview(s) (Government Code § 3303(g)).

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer(s) physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview (Government Code § 3303(i)).

3. Administrative interview(s) should be recorded by the investigator (the officer may also record the interview) Government Code § 3303(g)).

4. The officer shall be informed of all constitutional "Miranda" rights (Government Code § 3303(h)) and, assuming no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions (Government Code § 3303(e)). The officer shall be informed, however, that the interview will be for administrative purposes only and that the statement cannot be used criminally (The Lybarger or Garrity admonishment).

5. The administrative interview shall be considered part of the officer's confidential personnel file.

6. The Internal Affairs Section shall compile all relevant information and reports necessary for the department to determine compliance with applicable policies.

8. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

All expenses incurred with regards to the optional firearm will be borne by the member/employees choosing to carry the weapon, except for duty ammunition and a reasonable amount of practice ammunition annually.

Any firearm used during an officer-involved shooting, may be retained as evidence for at least one year without compensation to the employee.

Personnel must request via the firearm authorization letter, permission to carry the optional firearm after completing a familiarization course and range qualification. The letter of authorization will be forwarded by the Rangemaster to the Support Services Deputy Chief. Documentation of this approval shall be maintained in the employee's administrative file.

Off-duty firearms will not be placed inside the waistband or pants pocket without a holster. Officers are cautioned that when off-duty they are subject to restrictions on carrying firearms in certain areas such as government buildings, property and parks, as well as posted-private property.

(f) It will be the responsibility of the officer to submit the firearm to the Rangemaster or designee for inspection prior to being carried off-duty. The Rangemaster shall ensure that the officer is proficient in handling and firing that firearm and it will be carried in a safe manner. The firearm shall be subject to inspection whenever deemed necessary. Personnel shall successfully qualify with the firearm prior to it being carried. 312.2.6 LASER SIGHTS
Laser sights may only be installed on a weapon, whether it is to be carried on or off-duty, after the sights and weapon have been examined and approved by the Rangemaster.

So as not to be confused with the lasers on Electronic Control Devices (Tasers), red lasers are not authorized for use on-duty handguns.

(a) Any approved laser sight shall only be installed in strict accordance with manufacturer specifications.

(b) Once laser sights have been properly installed on any weapon, personnel shall qualify with the weapon to ensure proper functionality and sighting of the weapon prior to carrying it.

312.2.7 WEAPON-MOUNTED LIGHTS
Personnel may utilize weapon-mounted lights on their duty and off-duty firearms. Weapon-mounted lights are intended to be used for searching, threat assessment, and target acquisition of potentially dangerous persons. Weapon-mounted lights are subject to the following requirements:

(a) Personnel must demonstrate proficiency with the weapon-mounted light prior to carrying it in an on-duty capacity.

(b) The weapon shall be carried with the light affixed to it. This will require a holster designed to accommodate the weapon and light combination.

(c) Personnel equipped with a weapon-mounted light shall also have a handheld light readily available to them at all times while on-duty.

If the weapon is a primary duty weapon, a replacement weapon may be issued to the individual until the duty weapon is again rendered serviceable. The individual also has the option of carrying a personally-owned optional duty weapon in compliance with standard authorization, including range qualification.

312.3.2 STORAGE OF FIREARMS AT HOME

Officers shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control in a manner that will keep them inaccessible to children and irresponsible adults.

312.4 FIREARMS QUALIFICATIONS

The Rangemaster, with approval of the Chief of Police, shall establish acceptable levels of proficiency in the use of police firearms. Firearms qualification courses may be changed and modified in an effort to increase the proficiency of employees carrying firearms. day. Those personnel that are still unable to qualify may receive additional firearms training that day if training time and a sufficient number of Range Staff are available. In situations involving personnel that are unable to qualify by the end of their scheduled shift or the conclusion of the training day (whichever comes first), the Rangemaster or on-site Range Sergeant shall, as soon as practicable, notify the employee's immediate supervisor or the on-duty Watch Commander of the failure to qualify. Non-qualifying personnel shall not be authorized to deploy the shotgun or rifle in the performance of their duties until they are able to demonstrate acceptable proficiency and achieve a passing qualification score. Progressive discipline will be implemented at the level of a Letter of Discussion.

The Rangemaster or designee shall arrange for a 4-hour remedial shotgun or rifle training session as soon as practical for the non-qualifying personnel. Personnel that are unable to qualify by the conclusion of the first remedial firearms training session, shall not be authorized to deploy the shotgun or rifle in the performance of their duties, and a second 4-hour remedial shotgun or rifle training session will be scheduled. Any employee who handles a firearm in a grossly unsafe manner, demonstrates dangerous and/or extremely poor decision-making skills in the deployment of and/or application of any use of force-related task, in the field or in training, may be required to attend mandatory remedial training prior to returning to full-duty status.

If in the opinion of the supervisor/primary trainer at the site of the training, the employee's actions/decision-making is so unsafe that if they were returned to full duty, the employee may be a safety hazard to themselves, fellow employees, and/or the public; the supervisor/primary trainer shall recommend mandatory remedial training for the employee. The primary trainer shall contact the on-duty Watch Commander as soon as practicable and make the recommendation for mandatory remedial training.

If the request for mandatory remedial training is approved, the employee shall be removed from a firearm-carrying capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.
Firearms

Repeated failures to correct such deficiencies may result in implementation of progressive discipline.

Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.

Vehicle Pursuit Policy

314.1 PURPOSE AND SCOPE
Pursuits of suspected or known violators of the law expose innocent citizens, law enforcement officers and fleeing violators to serious injury or death. The primary purpose of this policy is to provide officers guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce and minimize the potential for pursuit related accidents. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.1.2 OTHER DEFINITIONS
Credible Threat: Information known by the officer at the time of initiating the pursuit that provides reasonable suspicion that the suspect, if allowed to escape, poses a threat of serious bodily injury or serious bodily harm. Sources of this information include, but are not limited to: information provided by victims, witnesses, and dispatchers, computerized criminal history, or confidential reliable informants.

Monitoring Supervisor: The supervisory or command staff officer who advises dispatch that he or she is monitoring a pursuit. When possible, this supervisor should be the functional supervisor of the primary officer.

Serious Bodily Injury: A serious impairment of physical condition including, but not limited to, the following: loss of consciousness, concussion, bone fracture, protracted loss or impairment of function of any bodily member or organ, or a wound requiring extensive suturing or serious disfigurement.
**Vehicle Pursuit Policy**

**Serious Bodily Harm:** For the purpose of this policy, is defined as any mental or emotional condition that may result from being victimized during a serious crime that may not result in visible bodily injury as defined above. Examples of crimes in this category include, but are not limited to rape, robbery, kidnapping, and other sexual assaults.

**Unmarked Unit:** Any police department motor vehicle that is not equipped with departmental markings, but is equipped with a siren, and minimally, a forward red emergency light.

**314.2 POLICY**

Officers may initiate and/or continue a vehicle pursuit, only when the potential danger to the public posed by the fleeing suspect remaining at large, is greater than the potential danger to the public created by the pursuit itself. Strict supervisory control shall be maintained from the onset of any pursuit, and continue through the termination of a pursuit or at the termination point.

It shall also be the policy of this department that a motor vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

**314.2.1 INITIATING A PURSUIT - THRESHOLD STANDARD**

A vehicle pursuit may only be initiated when there is reasonable suspicion to detain, or probable cause to arrest, a suspect in a fleeing vehicle during any of the following situations:

- A violent crime involving serious bodily injury or serious bodily harm.
- A violent crime involving the use of a deadly weapon against a person.
- A credible threat of serious bodily injury, serious bodily harm, or use of a deadly weapon against a person.

**314.2.2 INITIATING AND/OR CONTINUING A PURSUIT - FACTORS TO CONSIDER**

The following factors must be considered while making the decision to initiate, continue, or terminate a pursuit. These factors and conditions should be continuously evaluated considering the totality of circumstances by the primary officer, monitoring supervisor and/or the watch commander.

- Seriousness of the known or reasonably suspected original crime or circumstance and its relationship to community safety
- The quality and quantity of information leading to the reasonable suspicion to detain or the probable cause to arrest that justifies the pursuit
- The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others
- The danger posed to the community and/or victim by the fleeing suspect should he or she be allowed to remain at large
- The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time
- The volume of vehicular and pedestrian traffic in the area of the pursuit
- Safety of the public in the area of the pursuit (e.g., schools, parks, business districts)
Vehicle Pursuit Policy

- The speeds involved in the pursuit and the extent to which those speeds exceed the flow of traffic (i.e., pursuit speeds have become unreasonably unsafe for the surrounding conditions)
- Time of day (e.g., relative to number of vehicles and pedestrians out, nighttime visibility)
- Weather conditions such as, rain or fog that would hinder visibility
- Road conditions (e.g., slick pavement)
- Pursuing officer(s) familiarity with the area of the pursuit
- The quality of radio communications between the pursuing units and the dispatcher/ supervisor
- The driving capabilities of the pursuing officers under the conditions of the pursuit. Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit
- The availability of assisting units, including air support
- Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages)

314.2.3 PURSUIT RESTRICTIONS

- Every officer participating in a vehicle pursuit shall adhere to the policies governing emergency vehicle operations.
- The number of pursuit vehicles driving Code-3 should be limited to three units (primary unit and two secondary units). Additionally, the monitoring supervisor and the watch commander may drive Code-3 at their discretion. If due to the seriousness of the crime, number of suspects, or other circumstances, the monitoring supervisor or watch commander feels additional units are necessary, he/she may direct additional units to drive Code-3. At the direction of the dispatcher or monitoring supervisor, additional units not involved directly in the pursuit may be directed to the termination point, driving Code-2, if additional assistance at the scene is needed.
- Whenever possible, marked units should occupy the primary and secondary positions in a pursuit. When an unmarked vehicle is involved in a pursuit, it should be withdrawn when marked units are in position to take over.
- Other vehicles not outfitted with a siren and minimally a red forward light, shall not initiate or participate in a pursuit. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.
- When involved in a pursuit, officers should normally have emergency lights and siren activated at all times, unless circumstances (such as having to pass a vehicle on the right) require them to be briefly de-activated for safety. Emergency lights and siren shall be activated at all times when approaching and passing through an intersection or when driving against traffic controls. If a pursuing unit's emergency lights or siren fails during a pursuit, or a unit's radio contact fails, that officer shall immediately withdraw from the pursuit.
- No officer shall attempt to pass other police units involved in a pursuit unless the passing officer is directed to do so by the primary unit or monitoring supervisor.
- Officers with prisoners, victims, witnesses, or other civilian passengers in their vehicles shall not become involved in a pursuit.
- The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Firearms shall not
be discharged at or from a moving vehicle unless the circumstances dictate that such use reasonably appears necessary to protect life.

314.2.4 TERMINATING A PURSUIT

The primary officer, monitoring supervisor, or watch commander may terminate a vehicle pursuit at anytime. The primary officer shall terminate a pursuit when any of the criteria for terminating a pursuit, listed in this policy, have been met, or when directed by a supervisor.

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks (i.e., the immediate danger to bystanders, other motorists, or involved officers) of continuing the pursuit reasonably appear to be greater than the potential danger resulting from the suspect(s) remaining at large.

The factors listed in this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

In addition to the factors listed in this policy the following factors should also be considered in deciding whether to terminate a pursuit:

- Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance
- Pursued vehicle's location is no longer definitely known
- Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive
- The suspect can be identified to the point where later apprehension will likely be accomplished, and the pursuing officers reasonably believe that the public and/or victim are not placed in greater danger by the suspect remaining at large

314.2.5 PROTOCOL FOR TERMINATING A PURSUIT

Whenever a pursuit is terminated, the termination shall be broadcast over the police radio. All officers involved in the pursuit shall acknowledge the broadcast and immediately deactivate all emergency equipment, while returning to normal driving, unless otherwise advised by the monitoring supervisor or Watch Commander.

314.2.6 PROTOCOL AT PURSUIT TERMINATION POINT

When a pursuit ends, the primary officer is responsible for notification to the Communications Center so that other responding units can shut down their emergency equipment if necessary.

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for the pursued vehicle.

If the pursuit ends because the suspect vehicle stops, the primary officer is responsible for coordinating the response of other units until relieved by a supervisor. Coordinating the response of other units entails giving updates as to the status of the suspect(s), direction of
Vehicle Pursuit Policy

flight if fleeing on foot, whether or not other units need to continue Code-3, and to broadcast any assignments and/or resources that are needed.

The monitoring supervisor shall proceed directly to the termination point of any pursuit to confer with the primary officer and provide supervision/coordination at the scene.

314.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle.

The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons. Notify the Communications Center that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

(a) Reason for the pursuit
(b) Location and direction of travel
(c) Speed of the fleeing vehicle
(d) Description of the fleeing vehicle and license number, if known
(e) Number of known occupants
(f) The identity or description of the known occupants
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.1 SECONDARY UNIT(S) RESPONSIBILITIES
The secondary officer(s) in the pursuit is responsible for the following:

(a) Immediately notify the dispatcher of entry into the pursuit
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit
(c) Broadcasting the progress of the pursuit unless the situation indicates otherwise

314.3.2 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor. Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road. The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.
314.3.3 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to
another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the
pursuit to the termination point in order to provide necessary information and assistance
for the arrest of the suspect(s). The term trail means to follow the path of the pursuit at a
safe speed while obeying all traffic laws and without activating emergency equipment. If
the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from
the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.4 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations
outlined in the factors to be considered concerning pursuit initiation and termination. The
following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will
space themselves from other involved vehicles such that they are able to see and
avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be
considered:
   1. Available units not directly involved in the pursuit may proceed safely to
      controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due caution when proceeding through controlled
      intersections.

(c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way)
on a freeway. In the event that the pursued vehicle does so, the following tactics
should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the
      correct side of the roadway.
   3. Requesting other units to observe exits available to the suspect(s).

(d) Notifying the California Highway Patrol and/or other jurisdictional agency if it appears
that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation
indicates otherwise or they are requested to do so by the primary unit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be
exercised over all motor vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field
supervisor will be responsible for the following:

(a) Upon becoming aware of the pursuit, notify the Communications Center that he/she
is monitoring the pursuit.

(b) Ascertain all reasonably available information to ensure that the pursuit is conducted
within the guidelines of this policy.
Vehicle Pursuit Policy

(c) Continuously assess the situation and risk factors associated with the pursuit and take appropriate action as necessary. Direct that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(d) Engage in the pursuit, when in the area and when appropriate, to provide on-scene supervision.

(e) Ensure that radio communications are being maintained between pursuing units and the Communications Center. Ask for periodic updates of critical information as necessary.

(f) Ensure that the proper number and type of police units are involved in the pursuit.

(g) Confirm the notification and/or coordination of outside agencies in the pursuit as applicable.

(h) Request that aircraft assistance is requested, if needed.

(i) Proceed to the termination point of the pursuit and assume responsibility for controlling police activity at the scene.

(j) Ensure that all necessary reports are completed prior to the primary officer going off-duty, including the supervisor completing CHP Form 187.

(k) Advise the watch commander of the pursuit and the associated details.

(l) Determine if the pursuit was justified or not, complete the appropriate review process and forward the reports with comments to the watch commander.

314.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander is responsible for the following:

(a) Ensure that a patrol sergeant is aware of the pursuit and is acting as the monitoring supervisor.

(b) Monitor the pursuit along with the monitoring supervisor and continually assess the situation. Ensure the pursuit is conducted within the guidelines and requirements of this policy.

(c) Terminate any pursuit that does not conform to this policy.

(d) Coordinate with the monitoring supervisor and the Communications Center as needed.

(e) Assume overall responsibility for the coordination, control and termination of the pursuit.

The Watch Commander shall review all pertinent reports and review the justification as determined by the monitoring supervisor. The Watch Commander will forward the reports and justification, with comments, to the Bureau Deputy Chief.

314.5 COMMUNICATIONS

Radio communications related to the pursuit should be conducted on the primary channel unless instructed otherwise by a supervisor or Communications dispatcher. If the pursuit leaves the area of effective radio communications, or other units become involved in the pursuit, involved units may be directed to switch radio communications to another channel accessible to all participating units, such as High Level Law, a State Tac Channel, or one of the trunked radio channels used by allied agencies, such as Oakland or Richmond PDs.
314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Communications Center will:

(a) Activate a Code-33 on the appropriate radio channel
(b) Coordinate pursuit communications of the involved units and personnel
(c) Ensure that a supervisor is monitoring the pursuit
(d) Broadcast pursuit updates as well as other pertinent information as necessary. Record as much information as possible in the CAD/RMS system
(e) Notify and coordinate with other involved or affected agencies as practical
(f) Run the license plate of the suspect vehicle and/or the name of the suspect(s), if known
(g) Broadcast any relevant wants and warrants
(h) Notify the Watch Commander as soon as practical
(i) Assist in coordinating additional units/resources to the termination point
(j) Broadcast Code-34 when advised to do so by field units

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of this department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.
Vehicle Pursuit Policy

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public's safety within this jurisdiction
(e) Safety of the pursuing officers

As soon as practical, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate when the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION
Deliberate pursuit intervention techniques (e.g., boxing, road spikes, roadblocks, ramming, PIT, etc.) are not authorized for use by officers of this department.

314.7.1 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.2 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.8 REPORTING REQUIREMENTS
The following reports should be completed to comply with appropriate local and state regulations:

(a) The primary officer shall complete appropriate crime/arrest reports.
Bay Area Rapid Transit Police Department
Policy Manual

Vehicle Pursuit Policy

(b) Pursuant to Vehicle Code § 14602.1(b), the monitoring supervisor shall complete form CHP 187, Allied Agency Vehicle Pursuit Report (to be filed by the Records Section with the CHP either electronically or on paper not later than 30 days after the pursuit). This pursuit report shall minimally contain the following information:

1. Whether any person involved in the pursuit or subsequent arrest was injured, specifying the nature of that injury and differentiating between the suspect driver, a suspect passenger and the officers involved.
2. The violation(s) that caused the pursuit to be initiated.
3. The identity of the officers involved in the pursuit.
4. The means or methods used to stop the suspect being pursued.
5. The charges filed with the court by the district attorney.
6. The conditions of the pursuit, including, but not limited to, all of the following:
   (a) Duration
   (b) Mileage
   (c) Number of officers involved
   (d) Maximum number of units involved
   (e) Time of day
   (f) Weather conditions
   (g) Maximum speeds
7. Whether the pursuit resulted in a collision and a resulting injury or fatality to an uninvolved third party, and the corresponding number of persons involved.
8. Whether the pursuit involved multiple agencies.
9. How the pursuit was terminated.

(c) Vehicle pursuits are considered a use of force. The supervisor approving the police report should also complete a Supervisors' Use of Force Report, indicating whether the pursuit was justifiable or unjustifiable. See Policy 344 for further details on the completion of the Supervisor’s Use of Force Report.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary POST training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others. (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.9 APPLICATION OF MOTOR VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.
Officer Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.1.1 LEVELS OF RESPONSE

316.1.2 DEFINITIONS

- **Code-1**: A non-emergency response. Officers should respond to the assignment as soon as practical, operate their vehicles without activation of emergency equipment, and obey all traffic laws.

- **Code-2**: A non-emergency response. Officers should respond directly to the assignment without unnecessary delay, operate their vehicles without activation of emergency equipment, and obey all traffic laws.

- **Code-3**: An emergency response. Officers will respond without delay, operate their vehicles with emergency equipment activated (minimally, red light forward and siren), and proceed with due regard for the safety of all persons and property.

316.1.3 REQUIRED CIRCUMSTANCES FOR CODE-3 RESPONSE:
Code-3 responses may only be used under the following circumstances:

(a) When a situation involves the reasonable potential for serious injury or death to officers or other persons (e.g., in-progress robberies, aggravated assaults, medical emergencies).

(b) When a Code-3 response would significantly enhance the likelihood of apprehending a felony suspect who has caused, is likely to cause, or has threatened to cause, serious injury or death.

(c) When there is a public hazard that presents an imminent or immediate threat to public safety (e.g., fire, explosion, chem-bio incident).

(d) When an officer requests Code-3 cover or broadcasts an "11-99."

(e) When approved by a sergeant or command officer.

316.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.
Officer Response to Calls

Any call that is not dispatched as Code-3 is a routine call. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.2.1 REQUIREMENTS FOR RESPONDING CODE-3

The vehicle's steady forward facing red light must be activated and visible under normal atmospheric conditions for 1000 feet. All other auxiliary lights should be activated as reasonably necessary. The auxiliary lights should be activated when entering and traveling through an intersection or if the vehicle is being driven against traffic controls.

The driver of the vehicle should sound the vehicle's siren as reasonably necessary. It should be sounded when entering and traveling through an intersection or if the vehicle is being driven against traffic controls.

The vehicle should be driven in compliance with California's basic speed law, which reads, "no person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent, having due regard for weather, visibility, the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property." (Vehicle Code §22350)

The provisions regarding authorized emergency vehicles responding Code-3 do not relieve the officer/driver from the duty to drive with due regard for the safety of all persons and property (Vehicle Code §21807).

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

316.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Communications Center. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, the Communications Center shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.
316.4.1 STANDARD TERMINOLOGY
If an officer is in need of emergency assistance, he/she should state, "send Code-3 cover," or "11-99" as appropriate. Non-standard terms such as "expedite cover" or "step it up" should not be used as a request for Code-3 cover, nor should assisting units automatically respond Code-3 when hearing these types of terms.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.5.1 INITIATING/CONTINUING EMERGENCY RESPONSE
The first officer arriving on scene at an emergency should evaluate whether any other units need to initiate or continue a Code-3 response. The officer should broadcast this information via radio as soon as possible so that other units may respond appropriately.

When a Code-3 response is no longer required, and the unit(s) responding Code-3 become aware of this, those units are responsible for terminating their emergency response and advising the Communications Center of this.

Officers should not respond Code-3 with an arrestee or civilian in the vehicle.

316.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance
(b) Immediately notify the Watch Commander and appropriate field supervisor
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor
316.6.1 TERMINATION OF EMERGENCY RESPONSE
Upon termination of a Code-3 response, the communications center should advise all responding units of the termination. The Communications Center is responsible for confirming that each responding unit has acknowledged the termination.

316.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated.
(b) No more than those units reasonably necessary under the circumstances are involved in the response.
(c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor’s judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

• The type of call
• The necessity of a timely response
• Traffic and roadway conditions
• The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.
Canine Program

318.1 PURPOSE AND SCOPE
The Canine Program exists to enhance police services to the community. Highly trained and skilled teams of handlers and canines are used to supplement police operations.

318.1.1 DEFINITIONS
(a) **Police Canine:** A canine teamed with a police officer and trained in protection and/or explosives detection.
(b) **Canine Handler:** A sworn officer trained and designated to work with a police canine.
(c) **Canine Team:** A police officer/handler and assigned police canine.
(d) **Canine Assistant:** A member of the department selected to participate as an agitator/assistant in the training of police canines.
(e) **Canine Coordinator:** A police sergeant designated to supervise department canine teams and assistants.
(f) **K-9 Unit:** Department canines and personnel assigned as coordinators, handlers, and assistants.
(g) **Protection Training:** Canine training involving searching for persons, apprehension of suspects, and protection.
(h) **Explosives Detection Training:** Canine training involving searching for and locating explosives.

318.1.2 TASKS AND OBJECTIVES OF CANINE TEAMS
Police canine teams will be used to accomplish a variety of police-related tasks and objectives including:

(a) Increase the perception of police presence by providing highly visible deterrent patrols within stations, trains and parking facilities
(b) Decrease the possibility of a terrorist attack against the District by performing security checks of trains and stations with explosives-detection canines
(c) Increase public awareness of anti-terrorism measures through regular patrol and explosives-detection training in trains and stations
(d) Increase the safety of District employees and patrons by providing a visible deterrent to crime and terrorism within the system
(e) Patrol checks of District facilities
(f) Canine units also act in support of other police personnel and respond to calls where the canine's presence will assist in resolving the situation safely and more effectively. Canine officers respond throughout the District to assist as needed. When assigned to a beat or detail, canine handlers shall seek supervisory approval to respond to other than his/her assigned beat or area.

318.1.3 TASKS AND OBJECTIVES OF PROTECTION-TRAINED CANINE TEAMS
Protection-trained canine teams will be used to accomplish a variety of police-related tasks and objectives including:
Canine Program

(a) Reduce injuries to police officers and other District employees resulting from criminal attacks
(b) Reduce personnel deployment and time spent searching buildings, structures, and open areas for suspects, evidence or property
(c) Tracking persons
(d) Locating victims of fires, earthquakes, or other natural disasters and to aid at other disaster scenes

318.2 CANINE USE PARAMETERS
(a) Canine use will be in accordance with all appropriate laws and departmental regulations.
(b) Canine training and performance will be maintained at appropriate levels to enhance the safety of patrons and employees.
(c) Use of a canine to apprehend a subject is considered an application of force and is therefore subject to review under departmental policy.
(d) Canines will not be used for crowd control or handling cases of civil disobedience.
(e) Canines governed by the Transportation Security Administration shall not be utilized for protection, apprehension, or searching for persons; and they will be used only in accordance with the TSA Standard Operating Practices and Procedures.

318.2.1 USE OF PROTECTION-TRAINED CANINES
(a) A protection-trained canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any offense in which one or more of the following conditions exists:
   1. There is a reasonable belief that the suspect poses an immediate threat of violence or serious harm to the public, any officer, or the handler.
   2. The suspect is physically resisting, or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
   3. The suspect is believed to be concealed in an area where entry by personnel other than the canine would pose a greater risk.
   4. It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

(b) Absent reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from a pursuing officer shall not serve as cause for the use of a canine to apprehend an individual.

(c) A patrol sergeant or watch commander must give prior approval for a canine to search a contained area, absent exigent circumstances.

318.2.2 PREPARATIONS FOR UTILIZING A PROTECTION-TRAINED CANINE
(a) Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to the following:
Canine Program

1. The individual's age or estimate thereof
2. The nature of the suspected offense
3. Any potential danger to the public and/or other officers at the scene if the canine is released
4. The degree of resistance or threatened resistance, if any, the subject has shown
5. The potential for escape or flight if the police dog is not utilized
6. The potential for injury to officers or the public caused by the suspect if the police dog is not utilized

(b) The canine handler shall have the ultimate authority not to deploy the canine. The handler will evaluate the conditions, consider the ability of the canine, and then determine the feasibility of the task.

(c) A supervisor may direct a handler not to deploy the canine.

(d) The use of a canine team(s) in a building or area search for suspects should require the establishment of a perimeter to keep the suspect contained and to keep police personnel and uninvolved citizens out of harm's way. Handlers shall make every effort to ensure that the search area is clear of uninvolved persons prior to initiating the search.

(e) Personnel shall avoid entering canine search areas where their presence may contaminate or disturb scents left by suspects or victims.

318.2.3 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth, shall be made prior to releasing a canine. The warning shall be the following in essence: "This is the police. We are going to use a police canine to find you. If you surrender now, the canine will not be used. You have 30 seconds to surrender."

The canine handler, when practical, should first advise the supervisor of his/her decision if a verbal warning is not given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

318.2.4 USE OF EXPLOSIVES-DETECTION CANINES

Between the TSA canine program and the cross-trained (protection/explosive detection) canines, it is the police department's intention to maintain canine coverage for all or most of revenue service. The goal is to also maintain a forty-five minute response time during revenue hours.

A qualified explosives-detection canine unit may be used in accordance with current law and under the following circumstances:

(a) To conduct explosives-detection searches of District facilities on a routine basis or in preparation for special events and dignitary visits, these searches are intended to detect and deter possible terrorist or criminal activity.

(b) To search an unattended item, package, or vehicle for the presence of explosives

(c) To assist in the search of a building, structure, area, or vehicle where an explosive device has been threatened or reported
Canine Program

(d) To assist in the search of scenes where an explosion has occurred and the presence of an explosive device or secondary explosive device is a possibility

(e) If, at any time, other than a controlled training exercise, an explosives-detection canine makes a positive indication that explosives are present, immediate action shall be taken, including:
   1. Officers shall evacuate the area.
   2. Dispatch will request the local or county EOD unit to respond.
   3. A watch commander or lieutenant will determine the extent of evacuation system-wide.

(f) Whenever visual inspection of an object leads emergency personnel to believe that the object could very well be an actual explosive device, the area will be evacuated and the local or county EOD unit shall be called out. Under these circumstances, an explosives-detection canine will not be used to determine if the suspected device is "safe" or "clear."

318.2.5 GUIDELINES FOR NON-APPREHENSION USE
Because canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g. lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

(a) Absent a change in circumstances which presents an immediate threat to officers, the canine or the public, such applications should be conducted on leash or under such conditions that the canine will not bite or otherwise injure the individual, if located.

(b) Throughout the deployment of the canine in such circumstances, the handler should give periodic verbal assurances that the canine will not bite or hurt the person.

(c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.

(d) Once the individual has been located, the canine should be placed in a down stay or otherwise secured as soon as it becomes reasonably practical.

318.2.6 REPORTING CANINE USE, BITES AND INJURIES

(a) Handlers shall document any action taken by a police canine in a police report submitted to the canine coordinator for approval.

(b) Any bite or injury inflicted upon a person by a departmental canine outside of normal protection-training requires the following steps to be completed:
   1. Any bite or injury must be treated at an approved hospital as soon as possible. The canine handler will ensure that injured persons are provided with first aid.
   2. The canine handler will arrange for the bitten or injured person to be transported to the appropriate emergency hospital. The person shall not be transported in the canine handler's patrol vehicle.
   3. The canine handler will immediately notify the watch commander and canine coordinator of the incident. The canine coordinator will notify the Chief of Police.
   4. A supervisor or designated officer, other than the involved canine handler, shall respond to the hospital where the injured person is receiving treatment. After any visible wounds are cleansed by medical personnel, photographs of the injury will be taken. Photographs of non-injured extremities will also be taken.
Canine Program

for documentation. The photographs will be labeled "Canine Incident - Do Not Destroy," and booked into evidence.

5. If a subject alleges an injury that is not visible, notification shall be made to a supervisor and the location of the alleged injury should be photographed.

6. If the handler is on-duty at the time of the bite or injury, a police report shall be completed prior to the handler going off-duty.

7. If a bite or injury occurs while the handler is off-duty, a police report should be submitted as soon as possible and no later than 24 hours after the occurrence.

(c) The canine coordinator will review all canine bite or injury reports and shall consider the bite or injury to be one of the following:

1. Justified - The use of the canine and the resultant bite or injury were proper and in compliance with departmental directives and orders.

2. Unjustified - The use of the canine and/or the resulting bite were not proper and not in compliance with departmental directives and orders.

3. Accidental - The canine was being properly utilized at the time of the bite and the bite was not anticipated or directed by the canine handler.

4. Unfounded - A complaint was filed against the handler regarding a bite, and the investigation revealed no evidence that a bite had occurred.

(d) The canine coordinator will recommend a finding in writing to the Chief of Police via the chain of command. Once approved by the Chief of Police, the findings will be kept on file in the Internal Affairs Section for the working life of the canine plus two (2) years.

318.2.7 REPORTING CANINE INJURIES
In the event that a canine is injured, the injury will be immediately reported to the Watch Commander.

Depending on the severity of the injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

The injury will be documented on a Canine Use Report Form.

318.2.8 ASSIGNMENT OF CANINES
Canine teams shall be assigned to the Patrol Bureau, and they should function primarily as cover units. They may be assigned by the Watch Commander to other functions based on the needs of the watch at the time. Canine teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary and only with the approval of the Watch Commander.

318.3 REQUEST FOR USE OF CANINE TEAMS
Personnel within the Department are encouraged to freely solicit the use of the canines. Requests for a canine team from outside of the Patrol Bureau shall go through the Unit Coordinator or the Watch Commander.
318.3.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES

(a) The Watch Commander or a Canine Coordinator must approve all requests for canine assistance from outside agencies subject to the following provisions:

1. Canine teams shall not be used beyond the boundaries of the District to perform any assignment which is not consistent with this policy.

2. Upon arrival at the scene, the handler has the ultimate decision as to whether or not the canine is to be used for a specific assignment.

3. Canine teams shall not be called-out while off-duty or used outside the boundaries of the District unless authorized by the Watch Commander or the Unit Coordinator.

(b) Canine teams may lend assistance to outside agencies in exigent circumstances without prior supervisor approval; however, approval shall be sought whenever time allows.

(c) Handlers will complete a police report whenever their canine is used to assist an outside agency.

318.3.2 REQUEST FOR PUBLIC DEMONSTRATIONS

Requests for public appearances and demonstrations, both in-house and outside the District, must be approved by the Chief of Police. Apprehension work will not be part of the demonstration without specific approval of the canine coordinator.

318.4 SELECTION AND RETENTION OF CANINE HANDLERS

The following are the minimum qualifications for the assignment of canine handler:

(a) The selection of canine handlers will be in accordance with the basic requirements published by POST. Handlers must have a minimum of three (3) years non-probationary police experience, including at least one (1) year of non-probationary experience as a BART police officer.

Canine Program

down and to stand up. When transporting a canine in the bed of a truck, handlers shall comply with bureau 23117 of the California Vehicle Code.

(f) In addition to previously described personal vehicle requirements, TSA handlers should use the department provided transportation kennel, strapping system, and ventilation system when transporting a TSA canine in their personal vehicle.

(g) Because of the investment in training time required to maintain a competent and proficient canine, handlers will only be allowed to participate in one other special assignment.

(h) Canine handlers will normally be expected to commit to serve at least three (3) years in the canine program.

(i) A canine and/or handler may be removed from the program at any time if it is determined that such removal is in the best interest of the department.

(j) If the handler leaves the program in less than three (3) years, the department may re-assign the canine as it deems appropriate, including retraining the canine with a new handler.

(k) At the end of three (3) continuous years of service in the canine program, the handler may elect to remain in the program with the concurrence of the program coordinator, or resign from the canine program. If the handler resigns, the department has the option to have the canine evaluated and assigned to a new handler. If the canine is to be retired due to a physical impairment after three(3) years of service with the handler, the canine handler will be given first option to have ownership of the canine transferred to him/her for $1.00.

318.5 GENERAL CANINE HANDLING

The handler will then notify BART System Service or the appropriate janitorial service for sanitation of the incident location.

(h) Transporting prisoners and suspects inside a canine patrol vehicle should only be done in extreme circumstances when there are no other patrol vehicles available for the transport. Supervisory approval is required, and the canine must be securely separated from the suspect.

Domestic Violence

320.1 PURPOSE AND SCOPE
Domestic violence is alleged criminal conduct and it is the policy of the Bay Area Rapid Transit Police Department to stress enforcement of criminal laws related to domestic violence, the protection of the victim, and the availability of civil remedies and community resources. This includes the arrest of domestic violence offenders and those who violate protective orders if there is probable cause to believe an offense has occurred.

In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person determined to be the most significant, rather than the first, aggressor. In identifying the dominant aggressor, an officer shall consider:

(a) The intent of the law to protect victims of domestic violence from continuing abuse
(b) The threats creating fear of physical injury
(c) The history of domestic violence between the persons involved
(d) Whether either person acted in self-defense

320.1.1 DEFINITIONS
The Bay Area Rapid Transit Police Department "Domestic Violence" policy is drafted in compliance with guidelines established and approved by the Commission on Peace Officer Standards and Training. The following definitions are provided by Penal Code § 13700:

Abuse - means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury.

Domestic Violence - is abuse committed against an adult or minor who is a spouse, former spouse, cohabitant, former cohabitant, or a person with whom the suspect has had a child or is having or has had a dating or engagement relationship.

Cohabitant - means two unrelated adult persons living together for a substantial period of time, resulting in some permanence of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to:

• Sexual relations between the parties while sharing the same living quarters
• Sharing of income or expenses
• Joint use or ownership of property
• Whether the parties hold themselves out as husband and wife
• The continuity of the relationship
• The length of the relationship

The above definition of cohabitant is used for the application of enforcing Penal Code § 273.5. Family Code § 6209 expands the definition of cohabitant to include a person who regularly resides in the household for the application of enforcing Penal Code § 836(d).
Domestic Violence

Officer/Deputy - means any law enforcement officer employed by a local police department or sheriff's department, consistent with Penal Codes § 830.1 and 830.33(a).

Victim - means a person who is a victim of domestic violence.

Consanguinity - The relationship between blood relatives, including half brothers and sisters.

Affinity - The relationship by marriage to the blood relatives of a person's spouse and that spouse's relatives by marriage.

320.2 OFFICER SAFETY
The investigation of domestic violence cases places officers in emotionally charged and sometimes highly dangerous environments. No provisions of this guideline are intended to supersede the responsibility of all officers to exercise reasonable care for the safety of any officers and parties involved.

320.3 ENFORCEMENT OF DOMESTIC VIOLENCE
It is the intent of the Legislature that the official response to domestic violence stresses the enforcement of the laws to protect the victim and shall communicate the attitude that violent behavior is criminal behavior and will not be tolerated. The following factors should not be used to avoid making an arrest:

(a) Marital status of suspect and victim
(b) Whether or not the suspect lives on the premises with the victim
(c) Existence or lack of temporary restraining order
(d) Potential financial consequences of arrest
(e) Complainant's history or prior complaints
(f) Verbal assurances that violence will cease
(g) Complainant's emotional state
(h) Non-visible injuries
(i) Location of the incident (public/private)
(j) Victim does not want to prosecute or make private person's arrest
(k) Speculation that complainant may not follow through with the prosecution
(l) The case may not result in a conviction

320.3.1 FELONY ARRESTS
In accordance with state law, an arrest should be made when there is probable cause to believe a felony has occurred.

320.3.2 MISDEMEANOR ARRESTS
In accordance with state law, an arrest should generally be made when there is probable cause to believe a misdemeanor, including violations of court orders, has occurred.

(a) Police officers may make an arrest without a warrant for a misdemeanor assault or battery not committed in his/her presence when it is committed upon:
   1. A current or former spouse
   2. A current or former cohabitant (Family Code § 6209 definition)
Domestic Violence

3. A fiancé or fiancée
4. A person with whom the suspect currently is having or has previously had an engagement or dating relationship

6. A child of the suspect or a child of one of the above listed categories
7. Any person who is 65 years of age or older and who is related to the suspect by blood or legal guardianship
8. Any other person related to the suspect by consanguinity or affinity within the second degree.

(b) Both of the following conditions must be present in order to make an arrest in this situation pursuant to Penal Code § 836(d):

1. The peace officer has probable cause to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed
2. The peace officer makes the arrest as soon as probable cause arises to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.

(c) Officers are required to know the following regarding misdemeanor arrest procedures.

1. There is no requirement of an injury or traumatic condition
2. No cooperation or citizen's arrest from the victim is needed to make an arrest
3. The battery does not have to occur in the officer's presence to make an arrest

(d) Under all circumstances regarding misdemeanor arrest, the officer(s) on scene should not ask the victim whether he or she desires prosecution

1. **Purpose**: to take the focus (stigma) away from the victim, and to prevent the suspect from blaming the victim for his/her arrest
2. **Intent**: To reduce the likelihood of the suspect seeking retribution against the victim
3. The victim's attitude (cooperative/uncooperative) should be documented in the body of the report

(e) A domestic violence report/supplemental form shall be completed and attached to the crime report, when a misdemeanor violation has occurred

(f) Before electing not to make an arrest, an officer shall obtain a supervisor's approval. The reasons for not arresting the responsible party, and the supervisor's name, shall be clearly justified in the crime report

320.3.3 FIELD RELEASE

A field release may not be used and a physical arrest should be made when there is a reasonable likelihood that the offense may continue or resume, or that the safety of persons or property would be imminently endangered by releasing the arrested person in the field (Penal Code § 853.6).

(a) Any of the following may support the likelihood of a continuing offense:
Domestic Violence

1. Whether the suspect has a prior history of arrests or citations involving domestic violence.
2. Whether the suspect is violating a Stay Away Order issued by a criminal court.
3. Whether the suspect has previously violated, or is currently violating, a valid temporary restraining order.
4. Whether the suspect has a prior history of other assaultive behavior (e.g., arrests or convictions for assault and battery or aggravated assaults).
5. Statements from the victim that the suspect has a history of physical abuse toward the victim.
6. Statements from the victim expressing fear of retaliation or further violence should the suspect be released.

(b) Officers shall not cite and release for the following offenses (Penal Code § 853.6(a)(3)):
   1. Penal Code § 243(e)(1)
   2. Penal Code § 273.5
   3. Penal Code § 273.6 if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party.
   5. Other offenses specified in Penal Code § 1270.1, such as serious or violent felonies.

320.3.4 PRIVATE PERSON'S ARREST
Pursuant to 836(b) PC, officers will advise the victim of his/her right to make a private person's arrest when a crime has been committed outside the officer's presence which does not meet the requirements for an officer initiated arrest either because it is not a felony or a qualifying misdemeanor offense under Penal Code § 836(d). This information shall include advising the complainants how to safely execute the arrest. Advisements regarding private person's arrests should be held out of the presence of the suspect. Officers shall not dissuade victims from making a lawful private person's arrest. The 836(b) PC admonition is required by law when an arrest is not made. The 836(b) PC admonition, as well as the complainant's response, shall be documented in the body of the written crime report. Officers should refer to the provisions of Policy Manual § 364 for further options regarding the disposition of private person's arrests.

320.3.5 PROTECTIVE ORDER VIOLATIONS
Absent exigent circumstances, if probable cause exists to believe an offender has violated a protective order as defined in Penal Code § 13701(b), an arrest shall be made. These court orders involve the following:

(a) Prohibit threats, harassment or violence
(b) Excludes a party from a dwelling
(c) Prohibit other behaviors specified by the court

These protective orders pertain to parties labeled as petitioner and respondent who are married, formerly married, dating, formerly dated, engaged, formerly engaged, cohabiting, formerly cohabited or have had a child together.

The court orders under Penal Code § 13701(b) may be captioned as follows:
Domestic Violence

- Domestic Violence Protective Order
- Criminal Court Protective Order
- Emergency Protective Order (EPO)
- Order to Show Cause and Temporary Restraining Order (TRO)
- Order After Hearing
- Restraining Order - Juvenile
- Judgment of Dissolution and Order

Any officer determining that there is probable cause to believe that a protective order issued by a tribunal of another state is valid shall enforce such order as if issued in this state.

320.3.6 TENANCY ISSUES
(a) Officers may request a person who is not in lawful possession of the premises to leave when:
   1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.)
   2. The complainant has requested that the person leave the premises
(b) The officer will stand by until the suspect removes essential belongings
(c) If the suspect does not leave upon request, an arrest should be made under Penal Code § 602.5
(d) If the complainant requesting removal of the suspect cannot show proof of lawful possession, the officer should refer the complainant for a Temporary Restraining Order or other appropriate civil remedy
(e) If appropriate, a domestic violence situation involving a tenancy issue may be resolved through the proper application for an Emergency Protective Order

320.4 COURT PROTECTIVE ORDERS
Various types of restraining orders may be issued by various courts in domestic violence cases. All valid out-of-state and tribal court restraining and protective orders should be enforced. Penal Code § 13710 requires all law enforcement agencies to maintain complete and systematic records of all protection orders relating to domestic violence incidents, restraining orders, and proofs of service which are in effect. This section also requires that these records be used to inform law enforcement officers responding to domestic violence calls of the existence, terms, and effective dates of protection orders on file. It shall be the responsibility of the Records Section to maintain these records.

320.4.1 VERIFICATION OF RESTRAINING ORDERS
Whenever a complainant advises of the existence of a restraining order, the officer shall immediately attempt to determine the following (Code of Civil Procedure § 527.8(i)(3)):
(a) Whether a restraining order is on file with the Department or whether the complainant has a copy of the restraining order in his/her possession.
(b) Whether there is a valid restraining order on file with the Department of Justice California Restraining and Protective Order System (Family Code § 6383(d)).
(c) Whether the proof of service or prior notice exists or that the suspect was in court when the order was made.
Domestic Violence

(d) The terms of the restraining order.

In the event the suspect is no longer at the scene, officers shall document the incident for follow up investigation.

320.4.2 ENFORCEMENT PROCEDURES
An arrest shall be made when probable cause exists to believe that the subject of a qualifying restraining order has violated the order, regardless of whether the violation occurred in the presence of the officer when evidence of proof of service of the order exists (Penal Code § 836(c)).

Proof of service may be established by any one of the following:

(a) The existence of the order and proof of service to the subject has been verified by the officer.
(b) The complainant produces a valid copy of the order bearing a file stamp of a court and proof of service to the subject.
(c) The officer has verified the existence of the order and the order reflects that the subject was present in court when the order was made which removes the proof of service requirement.
(d) The existence of the order has been verified and there is proof that an officer has previously informed the subject of its terms.

Any officer making a warrantless arrest for violation of a felony or misdemeanor domestic violence restraining order should evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. Any officer seeking to increase the amount of bail in such circumstances shall prepare a declaration in support of increased bail when there is reasonable cause to believe that the scheduled bail amount is insufficient to ensure an arrestee's appearance or to ensure the protection of the victim or family member of a victim of domestic violence (Penal Code § 1269c).

320.4.3 PROOF OF SERVICE NOT VERIFIED
When the officer verifies that a restraining order exists but cannot verify proof of service or prior knowledge of the order by the suspect, the officer shall perform the following:

(a) At the request of the complainant and upon presentation of an endorsed copy of the restraining order and a proof of service form, serve a copy of the order on the suspect. Submit the completed proof of service form to the court, regardless of whether or not the suspect is taken into custody (Code of Civil Procedure § 527.8(i)(2)).
(b) Immediately inform the suspect of the terms of the order and place the suspect on notice that violation of the order will result in arrest.
(c) Obtain the suspect's address.
(d) Enforce the order but do not make an arrest for any violation of the order occurring prior to verified proof of service or before an officer’s admonition of the terms of the order. If the suspect continues to violate the order after being advised of the terms, an arrest should be made (Code of Civil Procedure § 527.8(i)(4)).

If the suspect complies with the order the officer shall complete a report detailing the specific terms of the order and advisement, the name of the advising officer, and the date and time of the advisement (Penal Code § 13730(c). The Department copy of the restraining order shall be updated to reflect the information listed above.
320.4.4 WHEN ORDERS ARE NOT VERIFIABLE

If the victim is not in possession of the restraining order and/or for any reason the officer cannot verify the validity of the order the following action shall be taken:

(a) Write a report, give the police report number to the victim.

(b) Inform the victim of how to can contact the appropriate detective or investigation unit for further action (Penal Code § 13730(c)).

(c) Inform the victim of the right to make a private person's arrest for the appropriate violation.

In domestic violence cases where the suspect has left the scene, an investigation should be conducted to determine if a crime has been committed. In such circumstances a written report shall be completed and the victim shall be informed of the case number and the follow-up criminal procedure (Penal Code §§ 13730(c) and 13701(c)).

320.4.5 EMERGENCY PROTECTIVE ORDERS

(a) Family Code § 6241 mandates the Superior Court to provide a judge, commissioner, or referee to hear applications and issue Emergency Protective Orders based on criteria outlined in Family Code § 6250(c). A judicial officer may issue an Emergency Protective Order whenever a law enforcement officer asserts reasonable grounds that:

1. A person is in immediate and present danger of domestic violence based upon the person's allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought.

2. A child is in immediate and present danger of abuse by a family or household member, based on an allegation of a recent incident of abuse or threat of abuse by the family or household member.

3. A child is in immediate and present danger of being abducted by a parent or relative, based on a reasonable belief that a person has intent to abduct a child or flee with the child from the jurisdiction or based on an allegation of a reasonable threat to abduct the child or flee with the child from the jurisdiction.

4. An elder or dependent adult is in immediate and present danger of abuse as defined in Welfare and Institutions Code § 15610.07 based on an allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought, except that no emergency protective order shall be issued based solely on an allegation of financial abuse.

(b) Under Penal Code § 646.91, a peace officer may also obtain an Emergency Protective Order when the officer has reasonable grounds to believe that a person or the person's immediate family is in immediate and present danger of being stalked.

1. Any such Emergency Protective Order shall be reduced to writing, signed by the officer and include all of the information required by Penal Code § 646.91(c).

2. Any officer seeking such an order shall serve the order on the restrained person if such person can be reasonably located and shall provide the person protected with a copy of the order. A copy of the order shall also be filed with the court as soon as practicable after issuance.

3. Any officer requesting such an order shall carry copies of the order while on duty and shall use every reasonable means to enforce the order.
Domestic Violence

(c) Emergency Protective Orders may be obtained by telephone to prohibit a suspect who
resides with a complainant, regardless of their marital status or relationship from:
   1. Physically or verbally contacting the victim or disturbing his/her peace.
   2. Remaining or returning to the victim’s residence, regardless of who holds legal
title to, or leases the residence.
   3. Continuing a specified behavior as described in the order.

(d) Officers investigating the scene of current or recent situations of domestic violence
should remain cognizant of the potential for continued and escalated violence. An
Emergency Protective Order should be sought if there is reason to believe, based on
factual evidence such as a recent history of violence that the victim may still be in
danger.

(e) Officers should consider requesting an EPO if any of the following conditions exist:
   1. The victim requests an EPO.
   2. The investigating officer has grounds to believe that there is an immediate
danger of continuing violence against the victim.
   3. The investigating officer or victim believes that the suspect may be able to make
bail and the potential for further violence exists.

320.4.6 COURT ORDERS
Stay-away orders are issued in criminal cases when the probability of victim intimidation
exists. Violation of a stay-away order is a misdemeanor under Penal Code § 166(c)(1).
Witness intimidation is also a violation of Penal Code § 136.1 and potentially a violation
of Penal Code § 422. Examples of witness intimidation include attempting to prevent or
dissuade a victim from attending or giving testimony at any proceeding, or using force or
expressing or implying a threat of force or violence related to the court proceeding.

320.5 EVIDENCE
The following guidelines should be considered by officers investigating domestic violence
cases:

320.5.1 RECORDING INJURIES AND STATEMENTS
All visible injuries should be photographed regardless of severity, and all victims shall
receive proper medical care prior to being photographed, if needed or desired. If feasible,
officers may video-record injuries and victim statements. Officers should request that the
victim complete and sign an Authorization for Release of Medical Records Form.

Victims whose injuries are not visible at the time of the incident should be advised to
contact the Criminal Investigations Section in the event the injuries later become visible.
An investigator may be assigned to ensure the injuries are photographed during the course
of preparing the case for court.

320.6 VICTIM ASSISTANCE
During the course of investigating and reporting domestic violence cases, an officer may
assist a victim in many ways. Some suggested methods of assistance are:

(a) Assist in obtaining appropriate medical attention if a complainant claims injury,
whether visible or not
Domestic Violence

(b) Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for their safety, or the officer determines a need exists

(c) Stand by for a reasonable amount of time when a complainant requests police assistance while removing essential items of personal property

(d) Explain legal options available to the victim including the private person's arrest process, temporary restraining and stay-away orders, and in cases of arrest, the follow-up procedures and ensuing criminal proceedings

(e) Advise the victim of available community resources and the State Victim Assistance Program. See § 320.61 of the Policy Manual

320.6.1 VICTIM INFORMATION AND NOTIFICATION EVERYDAY PROGRAM - VINE

When appropriate, officers should advise the victim of the availability of the Victim Information and Notification Everyday (VINE) Program. VINE is a free, computer-based telephone service that allows victims to check on an offender's custody status and register to receive automatic notification when an inmate is released from County Jail. The contact website for VINE is printed on the Bay Area Rapid Transit Police Department Domestic Violence Information Pamphlet.

320.6.2 WRITTEN NOTICE TO VICTIMS

Penal Code § 13701 requires that victims of domestic violence be furnished written notice including the following information:

(a) A statement informing the victim that despite official restraint of the person alleged to have committed domestic violence, the restrained person may be released at any time

(b) A statement that provides information about a shelter they may contact in the area

(c) A statement that provides information about other community services they may contact in the area

(d) A statement informing the victim of domestic violence that he or she can ask the District Attorney to file a criminal complaint

(e) A statement that "For further information about the California Victim's Compensation Program, you may contact 1-800-777-9229."

(f) A statement informing the victim of the right to go to the Superior Court and file a petition requesting any of the following orders for relief:

1. An order restraining the attacker from abusing the victim and other family members

2. An order directing the attacker to leave the household

3. An order preventing the attacker from entering the residence, school, business, or place of employment of the victim

4. An order awarding the victim or the other parent custody of or visitation with a minor child or children

5. An order restraining the attacker from molesting or interfering with minor children in the custody of the victim

6. An order directing the party not granted custody to pay support of minor children, if that party has a legal obligation to do so

7. An order directing the defendant to make specified debt payments coming due while the order is in effect
Domestic Violence

8. An order directing that either or both parties participate in counseling

(g) A statement informing the victim of the right to file a civil suit for losses suffered as a result of the abuse. This includes medical expenses, loss of earnings, and other expenses for injuries sustained and damage to property, and any other related expenses incurred by the victim or any agency that shelters the victim

(h) In the case of an alleged violation of Penal Code §§ 243(e), 261, 261.5, 262, 273.5, 286, 288a, or 289, a Domestic Violence Information Pamphlet which shall include, but is not limited to, the following information:

   1. The names and locations of rape victim counseling centers within the county, including those centers specified in Penal Code § 13837, and their 24-hour counseling service telephone numbers.

   2. A simple statement on the proper procedures for a victim to follow after a sexual assault.

   3. A statement that sexual assault by a person who is known to the victim, including sexual assault by a person who is the spouse of the victim, is a crime.

   4. A statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime.

(i) The card should also provide information relating to the rights and duties of tenants and landlords regarding lock changes, evictions and related matters that may assist victims with housing and safety concerns (Code of Civil Procedure § 1161.3, Civil Code § 1941.5 and Civil Code § 1941.6).

320.6.3 DOMESTIC VIOLENCE SUPPORT

Victims of domestic violence or abuse have the right to have a domestic violence counselor (as defined in Evidence Code § 1037.1) and a support person of the victim’s choosing present at any interview by law enforcement authorities (Penal Code § 679.05)

The investigating officer must advise the victim of his/her right to have an advocate and support person present at any subsequent interview(s), including additional interviews by the reporting and/or detectives handling the case. The victim should be advised that any advocate working for the agencies listed on the Domestic Violence resource card would qualify.

(a) For the purposes of this section, an initial investigation by law enforcement to determine whether a crime has been committed and to determine the identity of the suspect(s) shall not constitute a law enforcement interview.

(b) The support person may be excluded from an interview if the law enforcement authority or the District Attorney determines the presence of that person would be detrimental to the purpose of the interview.

(c) The investigating officer should articulate in the report that the victim was advised of their right to a counselor and/or support person.

320.7 REPORTING OF DOMESTIC VIOLENCE

A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form which includes information and notations specific to domestic violence incidents required by Penal Code § 13730(s).
Domestic Violence

Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence pamphlet provided to the victim. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

320.7.1 RECORD-KEEPING RESPONSIBILITIES
Penal Code § 13730 also requires that all law enforcement agencies maintain records on the number of domestic violence related calls reported to their agency and to include whether or not weapons were used in the incident. This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

320.8 FIREARMS
Officers shall take into temporary custody any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search or other lawful search in a domestic violence incident and process it for safekeeping as authorized in Penal Code § 12028.5. In no event shall such a firearm or weapon be returned within less than 48 hours. If necessary, officers may also obtain a search warrant for firearms or other deadly weapons that are subject to seizure under Penal Code § 12028.5 (Penal Code § 1524(a)).

The officer taking custody of any firearm or other deadly weapon shall issue the individual possessing such weapon a receipt fully describing the weapon (including any serial number) and indicate the location where the weapon may be recovered along with any applicable time limit for recovery (Penal Code § 12028.7).

No person who is the subject of an Emergency Protective Order issued pursuant to Penal Code § 646.91 may own, possess, receive, purchase or attempt to purchase a firearm while such order is in effect.

320.8.1 RETURN OF FIREARMS
(a) If, within five days after the seizure, a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident and the officer has no reason to believe that such firearm or weapon would further endanger the victim or person reporting the domestic violence, the Department shall notify the lawful owner or other person who was in lawful possession of the firearm or weapon of its availability (Penal Code § 12028.5(b)).

(b) If, however, any officer has reasonable cause to believe that a firearm or other deadly weapon seized in a domestic violence incident would likely result in further danger to the victim or person reporting such incident or that further investigation of such firearm or weapon is required through the Department of Justice or other sources, the Department shall within five days of the seizure, notify the owner or other person who was in lawful possession of the firearm or weapon that such firearm or weapon will be retained for up to 60 days of the seizure.

(c) If, after 45 days, the Department has been unable to clear the firearm or other deadly weapon for release, the Department shall commence the process of preparing a petition to the Superior Court to determine if the firearm or other weapon should be returned. Such petition shall be filed within 60 days of the initial seizure or upon timely application to the court for an extension within no more than 90 days (Penal Code § 12028.5(f)).

(d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the
Domestic Violence

California Department of Justice which conforms to the provisions of Penal Code § 12021.3(e).

(e) The Department is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 12021.3(g)).

320.9 DISPATCHER'S RESPONSIBILITIES
This department considers calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any protection order, including orders issued pursuant to Penal Code § 136.2, and restraining orders of extreme importance and shall be ranked among the highest priorities. Dispatchers are not required to verify the validity of the protective order before responding to the request for assistance. All calls of domestic violence should be dispatched as soon as practical.

320.9.1 PUBLIC ACCESS TO POLICY
A copy of this domestic violence policy will be provided to members of the public upon request. (Penal Code § 13701(c)).
Search & Seizure

322.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Bay Area Rapid Transit Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY
It is the policy of the Bay Area Rapid Transit Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

In accordance with the Training Policy, the Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.3.1 DETentions
A detention occurs whenever a reasonable person would believe he/she is not free to leave or otherwise disregard the police and go about his/her business. (Hodari D. (1991)
Search & Seizure

499 U.S. 621, 627-628; Bostick (1991) 501 U.S. 429, 434; Souza (1994) 9 Cal.4th 224, 229; Daugherty (1996) 50 Cal.App.4th 275, 283.) Such belief may result from physical restraint, unequivocal verbal commands, or words or conduct by you that clearly relate to the investigation of specific criminal acts. (Brueckner (1990) 223 Cal.App.3d 1500, 1505.)

For a detention to be valid, you must have reasonable suspicion that: (1) criminal activity may be afoot and (2) the person you are about to detain is connected with that possible criminal activity. (Wardlow (2000) 528 U.S. 119; Ornelas (1996) 517 U.S. 690, 695-696; Sokolow (1989) 490 U.S. 1, 7-8; Bennett (1998) 17 Cal.4th 373, 386.) A detention can never be based solely on a hunch, rumor, intuition, instinct or curiosity. (Wardlow (2000) 528 U.S. 119, 123-124; Tony C. (1978) 21 Cal.3d 888; Raybourn (1990) 218 Cal.App.3d 308.) You must have specific facts justifying your suspicion and you must be able to articulate those facts.

Generally speaking, you should avoid using force and/or physical restraints, such as handcuffs or guns, during a detention. These indications of custody may cause a court to view the detention as an arrest. The use of force, handcuffs, etc., does not necessarily turn a detention into an arrest. The courts will look at the totality of the circumstances and evaluate the intrusiveness of the detention.

Be extremely careful in moving a subject during a detention. Moving a subject may turn a detention into an unlawful arrest. You may move a detainee a short distance for your protection (Courtney (1970) 11 Cal.App.3d 1185–crowd gathering), or to avoid embarrassment to the suspect (Rosenberg (5th Cir. 1972) 458 F.2d 1183–public place), but requiring the subject to accompany you to another location is only permitted under certain circumstances. These exceptions include: when there is probable cause to arrest, when the subject consents, when the victim cannot be moved, or if moving the subject is the best or only practical alternative (e.g., no other officers available). (Harris (1975) 15 Cal.3d 384; Rafael (1982) 132 Cal.App.3d 977; Gatch (1976) 56 Cal.App.3d 505.)

The time or the duration of a detention also needs to be considered. A detention is temporary and may last no longer than is necessary to resolve the circumstances that justified its initiation. There is no set time limit for a detention, the key is whether you took reasonable steps to confirm or deny your suspicions. (Sharpe (1985) 470 U.S. 675, 686-688.)

You are permitted to conduct a limited search of a detainee’s outer clothing for weapons or objects that could be used as a weapon, only if you have specific facts indicating that the individual may pose a danger to you. (Terry (1968) 392 U.S. 1; Flippin (9th Cir. 1991) 924 F.2d 163, 166; Hill (1974) 12 Cal.3d 731.) "Standard procedure" isn't good enough. (Santos (1984) 154 Cal.App.3d 1178.) You must reasonably suspect that the person is armed or may be armed (Dickerson (1993) 508 U.S. 366, 373; Limon (1993) 17 Cal.App.4th 524, 532), although you do not need to be positive ($109,179 (9th Cir. 2000) 228 F.3d 1080, 1086; Frank V. (1991) 233 Cal.App.3d 1232, 1240; Wright (1988) 206 Cal.App.3d 1107; Stephen L. (1984) 162 Cal.App.3d 257). Dealing with a suspected dangerous felon is by definition enough cause. Similarly, if you come across a container on the person being detained, you are entitled to seize and open it, as long as it is reasonable to believe that it is a weapon or contains a weapon. (Flippin (9th Cir. 1991) 924 F.2d 163, 166; Limon (1993) 17 Cal.App.4th 524, 535-536.)
Search & Seizure

If during a search for weapons, you discover an item of contraband which becomes immediately apparent to you, you may seize the item. You cannot conduct any additional feeling, grabbing or manipulating of the object in order to determine what it is. (Dickerson (1993) 508 U.S. 366.) This would be considered an illegal search.

322.3.2 ARRESTS
An arrest occurs when you take a person into custody. This requires either (1) that you physically restrain or at least touch the person, or (2) that he/she submits to your authority. (Pen. Code, § 835; Hodari D. (1991) 499 U.S. 621, 626; Turner (1994) 8 Cal. 4th 137, 180.) Incident to a lawful, custodial arrest you are entitled to search the person you arrested incident to arrest. (Robinson (1973) 414 U.S. 218, 235.) Cite and release offenses are not included here because a cite and release offense does not qualify as a custodial arrest, even where you have the power to make such arrest. (Knowles (1998) 525 U.S. 113, 114-115; Arturo D. (2002) 27 Cal. 4th 60, 75, fn. 15.)

A lawful, custodial arrest allows a full body search of the suspect, including any open or closed containers, involving any offenses from murder to outstanding traffic warrants. A search will be valid as incident to arrest only if the search was and arrest were carried out contemporaneously (i.e., same location at approximately the same time). (Rawlings (1980) 448 U.S. 98; Lennies H. (2005) 126 Cal.App. 4th 1232; Gonzales (1989) 216 Cal.App. 3d 1185; Fay (1986) 184 Cal.App. 3d 882.)

You are also able to search, incident to arrest, the area within the immediate control of the suspect. (Robinson (1973) 414 U.S. 218, 235.) This generally means within arm’s reach of the arrestee. (Chimel (1969) 395 U.S. 752.) You may also search any containers that are on his/her person or under his/her immediate control, such as a purse, fanny pack, or backpack. (Belton (1981) 453 U.S. 454; Dennis (1985) 172 Cal.App. 3d 287; Rodriguez (9th Cir. 1989) 869 F. 2d 479.)

322.3.3 SEARCHING FOR IDENTIFICATION
Normally, a search of a person being detained for identification is not permitted unless you have consent, probable cause to arrest, or other factors are present. For example, if a detainee admits to having identification on him/her but refuses to produce it, you may conduct a limited search for it (Calif. Peace Officers Legal Sourcebook, Search and Seizure-Persons, 2.14). Also, if a detainee verbally provided his/her name and states he/she has no identification, but you see what appears to be a wallet in a pocket, you may ask him/her to take it out and look through it while you observe. (Long (1987) 189 Cal.App. 3d 77.) Additionally, if during a proper and legal search for weapons, you feel what appears to be a wallet, it would be proper to remove the wallet and look through it. (Loudermilk (1987) 195 Cal.App. 3d 996.)

322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this Department will conduct person searches with dignity and courtesy.

(b) Members of this Department will conduct property searches in a manner that returns the condition of the property to its pre-search status as nearly as reasonably practical.

(c) The officer will explain to the person being searched the reason for the search and how the officer will conduct the search.
Bay Area Rapid Transit Police Department
Policy Manual

Search & Seizure

(d) Members of this Department should attempt to gain keys to locked property when a search is anticipated, and the time and effort required to gain the keys makes it a practical option.

(e) When the person to be searched is of the opposite sex of the officer, an officer of the like sex should be summoned to the scene to conduct the search.

(f) However, in exigent circumstances exist or if officer safety reasons are readily apparent, a search may be undertaken of a member of the opposite sex when it is not practical to summon an officer of the like sex. In these instances the officers will adhere to the following guidelines:

1. A supervisor and/or other officer should witness the search, if practical.

2. Officers will use the back side of their hands and fingers to search sensitive areas of the opposite sex to include the breast, crotch and buttocks areas.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

322.6 VEHICLES

322.6.1 DETENATIONS

During a traffic stop or investigative vehicle detention, generally you may not conduct a full search either of the vehicle or its occupants. This is because the detention is based on reasonable suspicion and not probable cause to arrest or search. (Terry (1968) 392 U.S. 1; Orozco (1981) 114 Cal.App.3d 435.) There are two exceptions as follows:

(a) Limited search of the occupant(s) for weapons: You are permitted to conduct a limited search of any occupant for weapons or objects that could be used as a weapon, only if you have specific facts indicating that the individual may pose a danger to you (the rule for searching a driver or occupants does not change because the person(s) is in a vehicle - Calif. Peace Officer's Legal Sourcebook, 4.4a).

(b) Limited search of the vehicle for license and registration: During any vehicle stop, you are entitled to see and examine the driver's license and the vehicle's registration. (Arturo D. (2002) 27 Cal.4th 60; Webster (1991) 54 Cal.3d 411, 430; Hart (1999) 73 Cal.App.4th 852, 860.) If the driver, upon your request, fails to produce the necessary documentation, you have the right to conduct a limited search for the driver's license or identification and/or the vehicle registration. This search may include any area within...
the vehicle where such documentation reasonably may be expected to be found. (Arturo D. (2002) 27 Cal.4th 60.) This area would normally not include the trunk.

(c) Limited search of the vehicle for weapons: It is proper for you to enter a vehicle during a detention to conduct a limited, protective search for weapons in situations where the circumstances justify it. For example, a limited, protective search of the passenger compartment may be conducted in areas where a weapon could be placed or hidden if you believe, based on specific facts, that the suspect is dangerous and may gain immediate access to a weapon. (Long (1983) 463 U.S.1032; Lafitte (1989) 211 Cal.App.3d 1429; see also Molina (1994) 25 Cal.App.4th 1038, 1042.)

322.6.2 ARRESTS
When you make a lawful arrest of the driver or any occupant of a vehicle, you are entitled to search both the person you arrested and the passenger compartment of the vehicle incident to arrest. (Belton (1981) 453 U.S. 454; Stoffle (1991) 1 Cal.App.4th 1671.) Cite and release traffic offenses are not included here because a cite and release offense does not qualify as a custodial arrest, even where you have the power to make such arrest. (Knowles (1998) 525 U.S. 113, 114-115; Arturo D. (2002) 27 Cal.4th 60, 75, fn. 15.) A lawful custodial arrest allows a full body search of the driver, any occupant, or any recent occupant, including any containers. (Robinson (1973) 414 U.S. 218; Gustafson (1973) 414 U.S. 260.) If the arrest is of an occupant of a vehicle, you may search the passenger compartment, including the glove compartment, and any containers (Belton (1981) 453 U.S. 454; Banks (1990) 217 Cal.App.3d 1358, 1364), including those possessed by non-arrested occupants. (Mitchell (1995) 36 Cal.App.4th 672, 677; accord Prance (1991) 226 Cal.App.3d 1525.) A search will be valid as incident to arrest only if the search was and arrest were carried out contemporaneously (i.e., same location at approximately the same time).

322.6.3 SEARCHES BASED ON PROBABLE CAUSE
You may conduct a warrantless search of any part of a vehicle that is being used on a public thoroughfare or which is reasonably capable of such use as long as you have probable cause to believe the object you are looking for may be located in that portion of the vehicle. This would include the glove compartment, under the hood, the locked trunk, or in any of the vehicle's contents, as long as what you are looking for might reasonably be located there. (Houghton (1999) 526 U.S. 295; Ross (1982) 456 U.S.798, 820-821; Acevedo (1991) 500 U.S. 565, 569-570, 580; Panah (2005) 35 Cal.4th 395, 469; Superior Court (Nasemeh) (2007) 151 Cal.App.4th 85, 100-101; Carpenter (1997) 15 Cal.4th 312, 365.) Additionally, any containers located in these areas may also be searched which may reasonably contain the object you are looking for. This automobile exception also applies to other vehicles, including motor homes, vans, bicycles, motorcycles, and houseboats.

322.6.4 PLAIN VIEW
Because an individual does not have an expectation of privacy as to items that are in plain view, no "search" has taken place in a constitutional sense when an object is viewed from a location where the officer has a right to be. An item in plain view may generally be seized when all of the following conditions exist: it was viewed from a lawful location; there is probable cause to believe that the item is linked to criminal activity; and, the location of the item can be legally accessed. It is important to note that the so-called "Nexus Rule" requires that even items in plain view must not be seized unless there is probable cause to believe that the item will aid in an investigation. Such a nexus should be included in any related reports.
**Search & Seizure**

### 322.6.5 EXIGENT CIRCUMSTANCES
Exigent circumstances permitting entry into premises without a warrant or valid consent generally include any of the following: imminent danger of injury or death, serious damage to property, imminent escape of a suspect, or, the destruction of evidence. An exigency created by the officer’s own conduct as an excuse for a warrantless entry is not generally permitted.

### 322.7 CONSENT
Entry into a location for the purpose of conducting a search for any item reasonably believed relevant to any investigation is permitted once valid consent has been obtained. A search by consent is only valid if the following criteria are met:

- Voluntary (i.e., clear, specific, and unequivocal)
- Obtained from a person with authority to give the consent
- Does not exceed the scope of the consent given

Unless unusual circumstances would not otherwise prevent the use of the Department's Consent to Search form, officers should have the subject read the form, ensure he/she understands it, have the subject sign the form, and then provide him/her with a copy. If unusual circumstances prevent the use of the Consent to Search form, officers should describe such circumstances in related report(s). While there is no requirement that an individual be told of their right to refuse consent, such a warning and the use of the Consent to Search form provide strong support for the validity of any consent. Consent must be obtained as the product of a free will. It cannot be obtained through submission to authority, expressed or implied. A person with authority to consent to search should be present or otherwise in a position to communicate a withdrawal of consent should they so desire. Absent other legal justification, any related search should be discontinued at any point that consent is withdrawn.

Legal authority for taking custody of juvenile offenders is found in Welfare and Institutions Code § 625.

324.2.1 CONSTITUTIONAL RIGHTS ADVISEMENT
In any case where a juvenile is taken into temporary custody, the juvenile should be promptly advised of his/her constitutional rights to ensure the admissibility of any spontaneous statements, whether or not questioning is intended (Welfare & Institutions Code § 625).

324.2.2 CHILDREN UNDER THE AGE OF 14
Whenever a child under the age of 14 is arrested, the arresting officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.3 TEMPORARY CUSTODY
No juvenile may be held in temporary custody at this department without authorization of the arresting officer's supervisor or the Watch Commander. An individual taken into custody for Welfare and Institutions Code § 300 or § 601 shall be processed as soon as practical. Juveniles detained under Welfare and Institutions Code § 602 may not be held at this facility for more than six hours from the time of arrival at a department police facility. When a juvenile is taken into custody, the following steps shall be taken by the arresting officer or the detective assigned to the case:

Status offenders and abused or neglected children (juveniles falling within provisions of Welfare and Institutions Code §§ 300 and 601) may not be detained in police jails or lockups. They may be taken to welfare workers but may not be held in a secured environment or come into contact with adults in custody in the station.

324.4.3 SECURE DETENTION OF JUVENILES
While in secure detention, minors may be locked in a room or other secure enclosure, secured to a cuffing rail, or otherwise reasonably restrained as necessary to prevent escape and protect the juvenile and others from harm.

(a) Minors held in secure detention outside of a locked enclosure shall not be secured to a stationary object for more than 30 minutes unless no other locked enclosure is available. If a juvenile is secured, the following conditions must be met:
   1. A Department employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object.
   2. Juveniles who are secured to a stationary object are moved to a detention room as soon as one becomes available.
   3. Juveniles secured to a stationary object for longer than 30 minutes, and every 30 minutes thereafter, shall be approved by the Sergeant or the designated supervisor and the reason for continued secure detention shall be documented.
Temporary Custody of Juveniles

(b) In the event a juvenile is held inside a locked enclosure, the juvenile shall receive constant visual and auditory supervision.

(c) Males and females shall not be placed in the same locked room unless under direct visual supervision.

324.4.4 DETENTION ROOMS
This department has secure detention rooms. These rooms can be used for temporary detention of juveniles meeting the criteria of secure custody. Officers placing juveniles in secure detention rooms shall comply with the following:

(a) It is the officer's responsibility to notify a supervisor that a detention has begun. The juvenile must be told the reason for incarceration, the length of time secure detention will last and that it may not exceed a total of six hours.

(b) Any juvenile placed in a locked detention room shall be separated according to sex and the severity of the crime (felony or misdemeanor) unless emergency circumstances will not allow for this type of segregation. When such separation is not possible, a supervisor shall be consulted for directions on how to proceed with the detention of the multiple juveniles involved.

(c) A written record will be logged into the Alliance system. This record will include the charges for which the juvenile is being detained, the circumstances that warrant a secured detention, the time the detention began and the time it ended. A supervisor will approve the detention, will be advised of the juvenile's release and approve associated reports.

(d) It is the responsibility of an officer to monitor the custody of the juvenile and to prepare the necessary paperwork to process the juvenile for release to a parent, guardian, or the appropriate juvenile custody facility. A supervisor shall be notified in all cases when a juvenile is detained at this department, and when applicable, shall be provided the name of the officer taking responsibility for the detention and processing of the juvenile.

(e) A thorough inspection of the detention room shall be conducted before placing a juvenile into the room. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room shall be photographed and documented in the crime report.

Welfare and Institutions Code Section 210.2(b) requires the tracking of all juvenile detentions which occur in any police facilities that contain any secured or non-secured detention rooms. Officers will document juvenile detention information in their police report as outlined in this policy. This information will then be compiled by the Records Section and forwarded to the Board of Corrections.

324.4.5 JUVENILE'S PERSONAL PROPERTY
The officer placing a juvenile into a locked room or secure enclosure must make a thorough search of the juvenile's property. This will ensure all items likely to cause injury to the juvenile or the facility are confiscated and placed in a property bag. The property shall be inventoried in the juvenile's presence and sealed into the bag. The property will be maintained by the responsible officer or locked in a property/evidence locker until the juvenile is released from the custody of this Department.
324.4.6  MONITORING OF JUVENILES
The juvenile shall constantly be monitored during the entire detention. An in-person visual inspection shall be done to ensure the welfare of the juvenile and shall be conducted at least once each half-hour, on an unscheduled basis, until the juvenile is released. This inspection shall not be replaced by video monitoring. This inspection shall be conducted by the arresting officer, and the visual inspection shall be logged on the Inspection Log at each direct report location.

More frequent visual inspections should be made as circumstances dictate as in the case of an injured or ill juvenile being detained, or if specific circumstances exist such as a disciplinary problem or suicide risk. In such instances the Watch Commander or sergeant shall be fully informed about the special circumstances in order to evaluate continued detention of such a juvenile.

Welfare and Institutions Code Section 210.2(b) requires the tracking of all juvenile detentions which occur in any police facilities that contain any secured or non-secured lockup. Officers will document juvenile detention information in their reports. When documenting in their reports, officers shall utilize the Persons and Vehicle tab. From this tab select the individual from the Person field. Click on the Juvenile box and provide all requested information. This information will be compiled by the Records Section and forwarded to the Board of Corrections.

324.4.7  MANDATED JUVENILE PROVISIONS
While a juvenile is being detained in a locked room or secure enclosure, he/she shall be provided with the following provisions:

(a) Reasonable access to toilets and washing facilities
(b) Food, if the juvenile has not eaten within the past four hours, or is otherwise in need of nourishment, including any special diet required for the health of the juvenile. In order to be reimbursed for this expense, officers must submit the receipt with a notation of the case number to the Records Supervisor within 10 days.
(c) Reasonable access to drinking water
(d) Privacy during family, guardian, and/or lawyer visits
(e) Blankets and clothing necessary to ensure the comfort of the juvenile (clothing shall be provided by the Department if the juvenile’s clothing is taken as evidence or is otherwise unsuitable or inadequate for the continued wear while in custody)

324.4.8  FORMAL BOOKING
No juvenile shall be formally booked (Welfare and Institutions Code § 602 only) without the authorization of the arresting officer’s supervisor, or in his or her absence, the Watch Commander.

Any juvenile, 14-years of age or older, who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Watch Commander or supervisor, giving due consideration to the following:

(a) The gravity of the offense
(b) The past record of the offender
324.9 DISPOSITIONS

(a) Any juvenile not transferred to a juvenile facility shall be released to one of the following:

1. Parent or legal guardian
2. An adult member of his/her immediate family
3. An adult person specified by the parent/guardian
4. An adult person willing to accept responsibility, when the juvenile’s parents are unavailable as approved by the Watch Commander or sergeant
5. Dependent juveniles shall be transported to an assessment center, or other designated emergency foster home as directed by Child Protective Services (CPS). If a dependent juvenile is recovered after being reported as a missing person or as a runaway from an assessment center or foster home, that juvenile shall be handled per 300 W&I (dependent), not 601 W&I (status offenders).

(b) If the six hour time limit has expired, the juvenile should be transported to the appropriate juvenile hall to accept custody.

(c) After an officer has taken a juvenile into temporary custody for a violation of law, the following dispositions are authorized:

1. The arresting officer may counsel or admonish the juvenile and recommend no further action be taken.
2. If the arresting officer or supervisor believes that further action is needed, the juvenile will be released, with a Notice to Appear, or Uniform Juvenile Citation, whichever is applicable, to a responsible person as listed above, and such juvenile will be advised that follow-up action will be taken by the Criminal Investigations Bureau. The detective assigned to the case will then determine the best course of action, such as diversion or referral to court. The detective will contact the parents and advise them of the course of action. The reporting officer will obtain a "J" number for those citations referring a juvenile to the San Francisco Juvenile Probation Department.
3. The arresting officer may complete an Application for Petition form on behalf of the juvenile and forward it to the Criminal Investigations Bureau for processing.
4. The juvenile may be transferred to Juvenile Hall with authorization of the appropriate supervisor or the Watch Commander when the violation falls within the provisions of Welfare and Institutions Code § 602.

(d) If a juvenile is to be transported to Juvenile Hall, the following forms shall accompany the juvenile:

1. Application for Petition.
2. Three copies of the applicable reports for each juvenile transported. In certain cases Juvenile Hall may accept custody of the juvenile based on the petition and the agreement that facsimile copies will be forwarded as soon as completed.
3. Any personal property taken from the juvenile at the time of detention.
324.5 JUVENILE CONTACTS AT SCHOOL FACILITIES
Absent exigent circumstances, officers should make every reasonable effort to notify responsible school officials prior to contacting a student on campus while school is in session.

(a) Reasonable efforts should be taken to coordinate with school officials to minimize disruption of school functions and maintain a low profile police presence when contacting a student.

(b) Whenever circumstances warrant the temporary detention or formal interview of a juvenile student on campus, the officer should:

1. When practical and when it would not unreasonably interfere with the investigation, take reasonable steps to notify a parent, guardian, or responsible adult, including those phone numbers listed on any contact card on file with the school or provided by the student. All efforts to make contact with parents and/or reasons contact was not attempted should be documented.

2. If efforts to contact a parent, guardian or responsible adult are unsuccessful or not attempted, a formal interview with the juvenile may proceed without them. Upon the request of the juvenile, a school official or lawyer may be present during the interview in lieu of a parent.

3. If contacted, the selected parent, other responsible adult or school official may be permitted to be present during any interview.

   (a) An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult, who in the opinion of the officer appears to be under the influence or otherwise unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted to be present.

   (b) If the officer reasonably believes that exigent circumstances exist which would materially interfere with the officer's ability to immediately interview the juvenile, the interview may proceed without the parent or other responsible adult. In such circumstances, the exigent circumstances should be set forth in a related report.

(c) Any juvenile student who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

Absent exigent circumstances or authority of a court order, officers should not involuntarily detain a juvenile who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian. In all such cases officers should adhere to guidelines and requirements set forth in Policy 330 Child Abuse Reporting.

324.5.1 TRUANCY REDUCTION INTERVENTION PROGRAM (T.R.I.P.)
Students should normally be in class by 0900 hours. Detentions for truancy should occur between 0930 to 1400 hours. A call to the school can verify the student's class schedule.

Officers contacting truant students should request dispatch to do a PIN/NCIC check. In Alameda County, a check of JUVIS may be appropriate. Record checks from any other county are available via telephone to any officer who desires that information.
Temporary Custody of Juveniles

Middle/Junior or Senior high school students should be asked their counselor's name. When contacting the school, asking if such a counselor is on the staff there may expedite the locating of the student's correct school, or reveal that the child is giving you false information.

Unless otherwise indicated, officers should deliver the student to the school's main office and release the juvenile to the Principal, Vice"Principal, Assistant Principal, or Dean. Officers delivering a student to a school or school district facility without incident shall complete a police report.

Officers shall complete a police report on any child found not to be currently enrolled in any school. The report may be forwarded to the appropriate school district attendance office or District Attorney. A child who is not enrolled in any school should be released to a parent or responsible relative whenever possible.

Officers who find that a juvenile in question is on probation should attempt to contact the juvenile's probation officer prior to releasing the juvenile. The juvenile's truancy may be a probation violation, and the probation officer may request that the minor be admitted to Juvenile Hall for the probation violation. In the event a Juvenile Hall admission, a police report is required.

When a police report is required, it should be done on a CR-1 report form as: 48200 Education Code - Truancy. The victim is the school district from which the juvenile is absent.

Officers should attempt to notify the child's parent(s) of the detention. Any juvenile detained for a crime committed during school hours should not be released except to a parent or guardian, school, school district, or the Probation Department (Juvenile Hall) unless the arresting officer is advised otherwise by a supervisor.

324.6 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Officers of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

324.6.1 RELEASE OF INFORMATION BY SUPERIOR COURT ORDER

A copy of the current policy of the Juvenile Court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

324.6.2 RELEASE OF INFORMATION TO OTHER AGENCIES

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the Criminal Investigations Supervisor to ensure that personnel of those sections act within legal guidelines.
324.7 ADDITIONAL CONSIDERATIONS PERTAINING TO JUVENILES

324.7.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile who is either in secure or non-secure custody, the paramedics will be called. The Watch Commander shall be notified of the need for medical attention for the juvenile.

In cases where injury or illness is life threatening and where lost minutes may be the deciding factor, the arresting officer or the discovering officer should administer first aid prior to the arrival of the paramedics. The juvenile will then be transported to a medical facility.

In the event of a serious illness, suicide attempt, injury or death of a juvenile, the following persons shall be notified as soon as possible:

(a) The Juvenile Court
(b) The parent, guardian, or person standing in loco parentis, of the juvenile

324.7.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
The arresting officer should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill himself/herself, or any unusual behavior which may indicate the juvenile may harm himself/herself while in custody in either secure or non-secure detention.

The detaining or transporting officer is responsible to notify the Watch Commander if he/she believes the juvenile may be a suicide risk. The Watch Commander will then arrange to contact a mental health team for evaluation, or to contact Juvenile Hall and arrange for the transfer of the juvenile, providing the juvenile meets the intake criteria. The juvenile shall be under constant personal supervision until the transfer is completed.

324.7.3 DISCIPLINE OF JUVENILES
Police personnel are prohibited from administering discipline to any juvenile.

324.7.4 DEATH OF A JUVENILE WHILE DETAINED
The District Attorney's Office and the Sheriff-Coroner's Office will conduct the investigation of the circumstances surrounding the death of any juvenile being detained at this department. The Support Services Bureau Deputy Chief or his/her designee will conduct an administrative review of the incident.

In any case in which a juvenile dies while detained at the Bay Area Rapid Transit Police Department, the following shall apply:

(a) The Chief of Police or his or her designee shall provide to the California Department of Corrections and Rehabilitation a copy of the report submitted to the Attorney General under Government Code § 12525. A copy of the report shall be submitted to the Department of Corrections and Rehabilitation within ten calendar days after the death.

(b) Upon receipt of a report of death of a juvenile from the Chief of Police or his or her designee, the Department of Corrections and Rehabilitation may within 30 calendar days inspect and evaluate the juvenile facility, jail, lockup or court holding facility pursuant to the provisions of Article 4, Title 15 California Code of Regulations § 1341.
Temporary Custody of Juveniles

Any inquiry made by the Department of Corrections and Rehabilitation shall be limited to the standards and requirements set forth in these regulations.

(c) A medical and operational review of every in-custody death of a juvenile shall be conducted. The review team shall include the following:

1. Chief of Police or his or her designee
2. The health administrator
3. The responsible physician and other health care and supervision staff who are relevant to the incident

324.7.5 CURFEW VIOLATIONS
Juveniles detained for curfew violations may be released in the field or brought to the station but should only be released to their parent, legal guardian, or responsible adult.

324.7.6 PROTECTIVE CUSTODY
Pursuant to Welfare and Institutions Code § 300 et seq., a child may be taken into protective custody if he/she is the victim of suspected child abuse. Before taking any minor into protective custody, the officer should make reasonable attempts to contact the appropriate child welfare authorities to ascertain any applicable history or current information concerning the minor.

Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs. Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

324.8 INTOXICATED AND SUBSTANCE ABUSING MINORS
Juveniles who are arrested while intoxicated may be at risk for serious medical consequences, including death. Examples include acute alcohol poisoning, seizures and cardiac complications of cocaine, markedly disordered behavior related to amphetamines or hallucinogenic drugs, and others.

A medical clearance shall be obtained prior to detention of juveniles at this Department when the juvenile displays outward signs of intoxication or is known or suspected to have ingested any substance that could result in a medical emergency (Title 15, California Code of Regulations § 1431). In addition to displaying outward signs of intoxication, the following circumstances require a medical evaluation:

- Known history of ingestion or sequestration of a balloon containing drugs in a body cavity
- Minor is known or suspected to have ingested any substance that could result in a medical emergency
- A juvenile who is intoxicated to the level of being unable to care for him or herself
- An intoxicated juvenile whose symptoms of intoxication are not showing signs of improvement

Juveniles with lower levels of alcohol in their system may not need to be evaluated. An example is a juvenile who has ingested one or two beers would not normally meet this criterion.
Temporary Custody of Juveniles

(a) A juvenile detained and brought to this Department who displays symptoms of intoxication as a result of alcohol or drugs shall be handled as follows:

1. Observation of juvenile's breathing to determine that breathing is regular. Breathing should not be erratic or indicate that the juvenile is having difficulty breathing.

2. Observation of the juvenile to ensure that there has not been any vomiting while sleeping and ensuring that intoxicated juveniles remain on their sides rather than their backs to prevent the aspiration of stomach contents.

3. An arousal attempt to ensure that the juvenile will respond to verbal or pressure stimulation (shaking to awaken). This is the most important monitoring procedure.

(b) The juvenile shall constantly be monitored until such time as the symptoms are no longer present. For juveniles held in secure detention inside a locked enclosure, officers will ensure constant monitoring is maintained. All other forms of detention require the officer to maintain constant visual supervision of the juvenile.

(c) Any juvenile who displays symptoms suggestive of a deepening comatose state (increasing difficulty or inability to arouse, irregular breathing patterns, or convulsions), shall be considered an emergency. Paramedics should be called and the juvenile taken to a medical treatment facility.

(d) Juveniles undergoing acute withdrawal reactions shall immediately be transported to a medical facility for examination by a physician.

(e) A medical clearance is required before the juvenile is transported to Juvenile Hall if it is known that the juvenile ingested any intoxicating substances or appears to be under the severe influence of alcohol.

Once the juvenile no longer displays symptoms of intoxication, the requirements in bureau (a) above will no longer be required. The juvenile will still be monitored as outlined in this policy. The juvenile will continue to be monitored as required for secure or non-secure detentions.
Elder Abuse

326.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with direction and understanding of their role in the prevention, detection, and intervention in incidents of elder abuse. It is the policy of this department to treat reports of violence against elderly persons as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspect(s).

326.2 DEFINITIONS
For purposes of this policy, the following definitions are provided (Welfare and Institutions Code § 15610 et seq. and Penal Code § 368).

Dependent Adult - Is any person residing in this state, between the ages of 18 and 64-years, who has physical or mental limitations that restrict his or her ability to carry out normal activities or to protect his or her rights including, but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. Dependent Adult includes any person between the ages of 18 and 64-years who is admitted as an inpatient to a 24-hour health facility, as defined In Health and Safety Code §§ 1250, 1250.2, and 1250.3.

Elder - Is any person residing in this state, 65-years of age or older.

Financial Abuse - Is a situation in which any person who has the care or custody of, or who stands in a position of trust to, an elder or a dependent adult, takes, secretes, or appropriates their money or property to any use or purposes not in the due and lawful execution of his or her trust.

Abuse of an Elder or a Dependent Adult - Is physical abuse, neglect, financial abuse, abandonment, isolation or other treatment with resulting physical harm, pain, mental suffering, or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering.

Adult Protective Services Agency - Is a county welfare department, except persons who do not work directly with elders or dependent adults as part of their official duties, including members of support staff and maintenance staff.

Neglect - Is the negligent failure of any person having the care or custody of an elder or a dependent adult to exercise that degree of care which a reasonable person in a like position would exercise. Neglect includes, but is not limited to, all of the following:

(a) Failure to assist in personal hygiene, or in the provision of food, clothing, or shelter.
(b) Failure to provide medical care for physical and mental health needs. No person shall be deemed neglected or abused for the sole reason that he or she voluntarily relies on treatment by spiritual means through prayer alone instead of medical treatment.

326.3 MANDATORY REPORTING REQUIREMENTS
Members of the Bay Area Rapid Transit Police Department are mandated reporters.
Elder Abuse

Employees who observe, have knowledge of, or are told by an elder or dependent adult about any form of abuse (physical abuse, abandonment, abduction, isolation, financial abuse, neglect) shall make a report and notify the appropriate social services representative as soon as practicable (see Welfare & Institutions Code § 15630 for reporting details). Failure to make a report within two working days is a misdemeanor (Welfare and Institution Code § 15630(h)).

The Criminal Investigations Section Supervisor is responsible to ensure that cases of suspected elder abuse are forwarded to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (care facility, hospital) per Welfare and Institution Code § 15630(b).

326.3.1 RECORDS SECTION RESPONSIBILITY
The Records Bureau is responsible for the following:

(a) Provide a copy of the elder/dependent abuse report to Adult Protective Services. This requirement is applicable even if the initial call was received from Adult Protective Services.

(b) Retain the original elder/dependent abuse report with the initial case file.

326.4 OFFICER’S RESPONSE
All incidents involving actual or suspected elder and dependent abuse shall be fully investigated and appropriately documented.

326.4.1 INITIAL RESPONSE
Officers may be called upon to effect a forced entry as the first responder to the scene of a suspected elder abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if not already present.

326.4.2 STABILIZE THE SITUATION
Officers must quickly assess the situation in an effort to ensure the immediate safety of all persons. Officers shall also consider taking the following actions:

(a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible.

(b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence that may change in appearance, injuries for example, should be photographed as soon as practicable.

(c) Assess and define the nature of the problem. Officers should assess the available information to determine the type of abuse that may have taken place or the potential for abuse in the future that may be eliminated by intervention.

(d) Make on-scene arrests when appropriate. Officers may arrest a person without a warrant when probable cause exists to believe that the person has committed an assault or battery, whether or not the assault or battery has in fact been committed, upon a victim 65 years of age or older to whom the suspect is related by blood or legal guardianship, provided the arrest is made at the time probable cause arises (Penal Code § 836). If an arrest is not otherwise required by law, officers should consider the
consequences that the immediate arrest of a sole supporting family caretaker might have on the victim. The decision to arrest should be based on the best interests and caretaking needs of the elderly victim. The present and future safety of the victim is of utmost importance.

326.4.3 SUPPORT PERSONNEL
The following person(s) should be considered if it appears an in-depth investigation is appropriate:

- Patrol Supervisor
- Detective personnel
- Evidence collection personnel
- Protective Services Agency personnel
- Ombudsman shall be called if the abuse is in a long-term care facility.

326.4.4 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependant adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

326.5 ELDER ABUSE REPORTING
Every allegation of elder abuse shall be documented. When documenting elder/dependent abuse cases the following information should also be included in the report:

- Current location of the victim
- Victim's condition/nature and extent of injuries, neglect or loss
- Names of agencies and personnel requested and on scene.

Reporting of cases of elder/dependent abuse is confidential and will only be released as per Policy Manual § 810.

Officers investigating elder/dependent abuse shall complete State of California form SOC 341 (Report of Suspected Dependent Adult/Elder Abuse).
Discriminatory Harassment

328.1 PURPOSE AND SCOPE
To prevent Department members from being subjected to discrimination or sexual harassment and to ensure full equal employment opportunity, in conformance with Title VII of the Civil Rights Act of 1964, the guidelines issued by the Equal Employment Opportunity Commission, the California Fair Employment and Housing Act and the guidelines issued by the California Fair Employment and Housing Commission.

328.2 POLICY
The Bay Area Rapid Transit Police Department is committed to creating and maintaining a work environment that is free of all forms of discrimination and intimidation, including sexual harassment. The Department will take preventative, corrective and disciplinary action for any behavior that violates this policy or the rights and privileges it is designed to protect.

328.3 DEFINITIONS

328.3.1 DISCRIMINATION

Discrimination includes, but is not limited to, derogatory comments, slurs or jokes, pictures, cartoons or posters, and actions which result in an employee being offended or insulted because of a protected classification status enumerated above.

328.3.2 SEXUAL HARASSMENT

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of an employee's employment.

(b) Submission to or rejection of such conduct by an employee is used as the basis for employment decisions affecting the employee.

(c) Conduct that has the purpose or effect of interfering with an employee's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and harassment does not include actions that are in accordance with established rules, principles or standards including the following:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission and California Fair Employment and Housing Commission Guidelines.

(b) Bona fide requests or demands by a supervisor that the employee improve his/her work quality or output, that the employee report to the job site on time, that the
employee comply with District or departmental rules or regulations, or any other appropriate work-related communication between supervisor and employee.

328.4 RESPONSIBILITIES
This policy applies to all department personnel. All employees shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

All employees shall promptly report any observed or known violations of this policy to a supervisor. Employee(s) not comfortable with reporting violations of this policy to their immediate supervisor may bypass the chain of command and report it to a higher ranking officer. Complaints may also be filed with the District's Office of Civil Rights.

Supervisors are responsible for conducting informal fact-finding and for working with the District's Office of Civil Rights (OCR) to determine how to best handle a complaint. Supervisors and managers receiving information regarding violation(s) of this order shall:

(g) Consult with OCR when discrimination or sexual harassment concerns arise

Individual employees may be held personally liable for discriminatory acts, including sexual harassment.

328.4.2 SUPERVISOR’S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory or harassing. Supervisors and managers shall be aware of the following considerations:
Discriminatory Harassment

(b) Supervisors and managers must act responsibly in the handling of such situations
(c) Supervisors and managers must assist employees in addressing their concerns
(d) Refer employee to EAP, as appropriate

328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved employees should take reasonable steps to mitigate or eliminate any continuing hostile work environment.

The District's Office of Civil Rights must be notified of all complaints and will be responsible for administering the District's complaint handling process.

328.5.1 SUPERVISORY RESOLUTION/INVESTIGATION
If the complaining employee expresses a desire to handle the matter informally, the Office of Civil Rights will be notified. Handling a matter informally will only occur with the approval of the Office of Civil Rights and the Chief of Police.

Upon being notified of any complaint that cannot be satisfactorily resolved through the informal process cited above, the Chief of Police/Office of Civil Rights shall initiate a formal investigation. The employee assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. The investigative authority includes accessibility to records and cooperation of any employees involved. No influence will be used to suppress any complaint and no employee will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in an investigation.

Retaliation for filing a complaint is prohibited by law. Employees who oppose and/or refuse to participate in illegal discrimination or harassment are also protected against retaliation. Formal investigation of the complaint will be confidential and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses.

Employees who believe they have been discriminated against or harassed because of their protected status described in Policy Manual § 328.3.1 of this procedure are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Office of Civil Rights or Human Resources.

328.5.2 DISPOSITION OF COMPLAINTS
Only one of the following four dispositions will be used to classify the disposition of an allegation of harassment:

Sustained Complaints - If the complaint is substantiated, this policy and procedure prohibiting discrimination/harassment will be reviewed with the offender. Appropriate disciplinary action and/or training, will be taken pursuant to the department disciplinary procedures.

Not Sustained Complaints - If there is insufficient evidence to either prove or disprove the allegation(s), both parties to the complaint will be informed of the reason(s) for this disposition.

All civilian employees are responsible for reporting any suspected child abuse to a competent authority in this department.

The Records Bureau shall be responsible for forwarding a copy of the police report to the appropriate social service department.

If child abuse appears to have been committed by a school employee against a pupil, the
Records Bureau shall contact and forward the police report to the governing board of the
appropriate school district or county office of education (Penal Code 11165.14).

330.3.3 CONTACTING SUSPECTED CHILD ABUSE VICTIMS
An officer should not involuntarily detain a juvenile suspected of being a victim of abuse
solely for the purpose of an interview or physical exam without the consent of a parent or
guardian unless any of the following apply:
(a) Existent circumstances exist. For example:
   1. A reasonable belief that medical issues need to be addressed immediately.
   2. It is reasonably believed that the child is or will be in danger of harm if the
      interview or physical exam is not immediately completed.

(b) A court order or warrant has been issued.

In all circumstances in which a suspected child abuse victim is contacted, it will be

should arrange for transportation of the victim to the appropriate hospital. The officer will
need to fill out the Medical Report - Suspected Child Sexual Abuse form, (OCJP form 925) prior to the doctor doing the examination.

330.6 TEMPORARY CUSTODY OF JUVENILES
Under specified circumstances described below, a minor may be taken into protective custody if he/she is the victim of suspected child abuse (Welfare and Institutions Code § 300 et seq.). Before taking any minor into protective custody the officer should make reasonable attempts to contact the appropriate child welfare authorities to ascertain any applicable history or current information concerning the minor.

An officer should consider taking a minor into protective custody under any of the following circumstances (Welfare and Institutions Code § 305 and Penal Code 279.6):

(a) The officer reasonably believes the minor is a person described in Welfare and Institutions § 300, and further has good cause to believe that any of the following conditions exist:
   1. The minor has an immediate need for medical care.
   2. The minor is in immediate danger of physical or sexual abuse.
   3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a minor left unattended the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the minor into protective custody.

(b) It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.

Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian unless it reasonably appears that the release would endanger the minor or result in abduction. If this is not a reasonable option, the officer shall ensure the minor is delivered to the appropriate child welfare authority.

 Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

330.7 REPORTING REQUIREMENTS
Any incident of suspected child abuse or severe neglect for which Bay Area Rapid Transit Police Department conducts an investigation and for which it determines that the allegations of abuse or severe neglect have merit must be reported to the California Department of Justice. The investigating officer shall fully complete a DOJ Child Abuse or Severe Neglect Indexing Form (BCIA 8583) indicating the finding of possible child abuse or severe neglect. Detailed instructions for filling out the DOJ form may be found on the DOJ [website](http://www.doj.ca.gov) (Penal Code § 11165.2 and Penal Code § 11169).
The Records Supervisor shall maintain the investigative reports pursuant to Penal Code § 11169 and shall promptly forward the completed BCIA 8583 to the Department of Justice. The Records Supervisor shall also forward any subsequent information that changes the status of the case, for example, an acquittal or a decision that the allegation is unfounded.

330.8 NOTICE OF INCLUSION IN THE CHILD ABUSE CENTRAL INDEX (CACI)
Any time Bay Area Rapid Transit Police Department forwards a Child Abuse or Severe Neglect Indexing Form to the California DOJ pursuant to Penal Code § 11169(a), the Records Supervisor shall mail a notice to the suspect's last known address via certified mail stating that the suspect has been reported to CACI (Penal Code § 11169(b)). The Records Supervisor shall verify that such notice will not interfere with an active investigation. Officers may personally deliver the form to the suspect when applicable and should document this delivery in the appropriate report.

330.9 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX
Any person whose name was placed on the California’s CACI as a result of an investigation by this agency may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI. All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

330.9.1 CACI HEARING OFFICER
The Criminal Investigations Section supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

330.9.2 HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney's Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are unfounded. Unsubstantiated or inconclusive findings are not sufficient reasons to proceed with a request for removal from CACI.
Child Abuse Reporting

If, after considering the evidence, the hearing officer finds that the allegations are unfounded, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

The informal steps of the progressive discipline system are as follows:

Progressive Discipline

(b) Letter of Discussion: A letter of discussion may be the next step of the process of the informal process. It is a written memorandum to the employee making the employee aware of the unacceptable behavior. A letter of discussion is pre-disciplinary, however, if the employee fails to correct the behavior, there will be cause to move to the next level of the process or to move to formal progressive discipline. An employee who may be issued a letter of discussion is entitled to appropriate representation.

1. After the supervisor has discussed the performance or infraction with the employee, the Letter of Discussion memorandum should be presented to the employee for his or her initials. The supervisor shall give a copy of the Letter of Discussion to the employee, while the supervisor then forwards a copy to the Support Services Deputy Chief for placement into the employee's personnel file. (c) Oral Counseling: An oral counseling may be the next step of the informal process. It is documented in a memorandum to the employee entitled "Oral Counseling." Prior to issuance, the supervisor should discuss the performance or infraction in detail with the employee. The purpose of the discussion is for the employee to be made aware of the unacceptable behavior. An employee who is covered by a collective bargaining agreement and who may be issued an Oral Counseling is entitled to appropriate association representation. An Oral Counseling is pre-disciplinary, however, if the employee fails to correct the behavior, there will be cause to move to progressive discipline. After the supervisor has discussed the performance or infraction with the employee, the Oral Counseling memorandum should be presented to the employee for his or her initials. The supervisor shall give a copy of the Oral Counseling to the employee, while the supervisor then forwards a copy to the Support Services Deputy Chief for placement into the employee's personnel file. The Oral Counseling will remain in the employee's personnel file for a period of up to one (1) year from the date of issuance, at which time the Oral Counseling will be purged from the employee's personnel file.

References to Letter (s) of Discussion/Oral Counseling (s) may be included in an employee's semi-annual performance evaluation if the performance occurred during the evaluation period. Later annual performance evaluations received by the employee shall not reference the letter of discussion or the oral counseling.

340.4.2 FORMAL DISCIPLINE

If informal discipline does not correct the conduct, attendance, work performance or the violation is of such a nature to warrant formal discipline, formal discipline may be warranted.

(a) The steps of formal discipline are:

1. First level: Written Reprimand- This step is kept in the employee's personnel file for up to two (2) years from date of issuance
2. Second level: Pay Step Reduction (up to six months)-This step is kept in the employee's personnel file for up to two (2) years from date of issuance
3. Third level: Suspension without pay (thirty (30) day maximum-This step is kept in the employee's personnel file for up to two (2) years
4. Fourth level: Demotion-kept in the employee's file for up to five (5) years

(c) Removal of Discipline:

1. If there have been no re-occurrences at the end of the time frames listed above, the immediate supervisor shall meet with the employee and advise him/her that the progressive discipline has become inactive and has been removed from the employee's personnel files.

2. If an employee is unable to perform his/her assigned duties due to a non-industrial injury, leave of absence, or military leave occurring during the active period of the discipline, the deactivation date shall be extended for the total number of days the employee was unable to perform his/her assigned duties.

3. The Support Services Bureau removes the progressive discipline from the employee’s departmental personnel file and also sends a memorandum to Human Resources instructing them to remove the discipline from the employee’s District personnel file. A copy of this memorandum will also be sent directly to the employee.

4. References to formal discipline should be made in the employee’s semi-annual performance evaluation, if the discipline was issued during the evaluation period. Material in the personnel file not more than twenty-four (24) months old may be utilized in progressive discipline and/or grievance proceedings.

340.4.3 TERMINATION
Termination is the final level of Progressive Discipline.

340.4.4 CRISIS SUSPENSION
A crisis suspension should be used when an employee’s inappropriate behavior is so serious that immediate removal from the workplace is necessary. The employee may be placed on administrative leave, with pay, pending further investigation by supervisory personnel. The preliminary investigation should normally be conducted within twenty-four (24) hours of the incident. The employee will be informed by his/her immediate supervisor to report to the Support Services Deputy Chief at 10:00 hours on the next business day. The Chief of Police and the employee’s zone Lieutenant or Bureau Deputy Chief must be notified as soon as appropriate on all crisis suspensions.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issue(s) of information raised in any subsequent materials.

(f) Once the employee has completed his/her Skelly response or, if the employee has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall thereafter render a timely written decision to the employee imposing, modifying or rejecting the recommended discipline. In the event of a termination, the final notice of discipline shall also inform the employee of the reason(s) for termination and the process to receive all remaining fringe and retirement benefits.

(c) At all times during any investigation of allegations of misconduct involving a probationary officer, such officer shall be afforded all procedural rights set forth in Government Code § 3303 and applicable Department policies

(d) A probationary employee's appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee's continuation of employment

(e) The burden of proof for any probationary employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence
Progressive Discipline

(f) In the event that a probationary employee meets his or her burden of proof in such a disciplinary appeal, the Department shall remove all reference to the underlying allegations of misconduct from the employee's personnel file.

(g) In the event that a probationary employee fails to meet his or her burden of proof in such a disciplinary appeal, the employee shall have no further right to appeal beyond the Chief of Police.
Department Computer Use

342.1 PURPOSE AND SCOPE
This policy describes the use of District computers, software, and systems.

342.1.1 PRIVACY POLICY
Any employee utilizing any computer, electronic storage device or media, Internet service, phone service, information conduit, system or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications, including content that is sent, received and/or stored through the use of such service.

342.2 DEFINITIONS
The following definitions relate to terms used within this policy:

Computer System - Shall mean all computers (on-site and portable), hardware, software, and resources owned, leased, rented, or licensed by the Bay Area Rapid Transit Police Department, which are provided for official use by agency employees. This shall include all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the agency or agency funding.

Hardware - Shall include, but is not limited to, computers, computer terminals, network equipment, modems or any other tangible computer device generally understood to comprise hardware.

Software - Shall include, but is not limited to, all computer programs and applications including "shareware." This does not include files created by the individual user.

Temporary File or Permanent File or File - Shall mean any electronic document, information or data residing or located, in whole or in part, whether temporarily or permanently, on the system, including but not limited to spreadsheets, calendar entries, appointments, tasks, notes, letters, reports or messages.

342.3 SYSTEM INSPECTION OR REVIEW
An employee's supervisor has the express authority to inspect or review the system, any and all temporary or permanent files and related electronic systems or devices, and any contents thereof when such inspection or review is in the ordinary course of his/her supervisory duties, or based on cause.

When requested by an employee's supervisor, or during the course of regular duties requiring such information, a member(s) of the agency's information systems staff may extract, download, or otherwise obtain any and all temporary or permanent files residing or located in or on the system.

Reasons for inspection or review may include, but are not limited to system malfunctions, problems or general system failure, a lawsuit against the agency involving the employee, or
related to the employee’s duties, an alleged or suspected violation of a department policy, or a need to perform or provide a service when the employee is unavailable.

342.4 AGENCY PROPERTY
All information, data, documents, communications, and other entries initiated on, sent to or from, or accessed on any department computer, or through the department computer system on any other computer, whether downloaded or transferred from the original department computer, shall remain the exclusive property of the Department and shall not be available for personal or non-departmental use without the expressed authorization of an employee’s supervisor.

342.5 UNAUTHORIZED DUPLICATION OF SOFTWARE
Employees shall not copy or duplicate any copyrighted and/or licensed software except for a single copy for backup purposes. To reduce the risk of personal computer virus infection, employees are not permitted to install personal copies of any software onto the District's computers. If an employee must copy data onto a disk and download it on a non-District computer, the employee shall scan the disk for viruses before reloading the data on an District computer system.

No employee shall knowingly make, acquire, or use unauthorized copies of computer software not licensed to the District/department while on District property or on a District computer system. The District and individuals can be subject to civil damages of as much as $100,000 per title copied, along with criminal penalties including fines and imprisonment.

342.6 INTERNET USE
Internet use provided by the District is a privilege and shall be utilized in a responsible, efficient, ethical and legal manner. Incidental and occasional personal use of the Internet is permitted. Acceptable use of the Internet includes communications with other users and vendors, study and research in support of District or department projects, collaboration with others, and in support of other District activities.

Internet sites containing information that is not appropriate to District or departmental use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, chat rooms and similar or related web sites. Certain exceptions may be permitted with the approval of a supervisor as a function of an assignment.

Downloaded information shall be limited to messages, mail, and data files. Internet users must respect the privacy of other users, the protection provided by copyright law and software licenses to computer programs and data, and the integrity of computing systems. Employees should not access the Internet and then leave their access unattended. Employees shall not interfere with or disrupt network users, services or equipment. Such interference or disruption includes, but is not limited to, propagation of computer viruses and/or using the internet to make unauthorized entry to other computational, information, or communications devices or resources.

Failure to adhere to this policy may result in the revocation of privileges, possible disciplinary action, and if the use violates state or federal law, civil or criminal prosecution.

Employees shall report any unauthorized access to the system or suspected intrusion from outside sources (including the Internet) to a supervisor.
Department Computer Use

342.7 PROTECTION OF AGENCY SYSTEMS AND FILES
All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the system.

It is expressly prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason.

342.8 DISTRICT MANAGEMENT PROCEDURES
All employees should review the following BART Management Procedures regarding District computer use:

• Management Procedure 5 - District Computer Information Systems;
• Management Procedure 25 - Personal Computer (PC) Procedure;
• Management Procedure 40 - Internet Use Guidelines;
• Management Procedure 75 - Electronic Communications Guidelines.

Management Procedures can be located in WebBART.
Report Preparation

344.1 PURPOSE AND SCOPE
Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION
It is the primary responsibility of the assigned officer to ensure that reports are fully prepared or that supervisory approval has been obtained to delay the report before going off duty. The preparing officer must determine whether the report will be available in time for appropriate action to be taken, such as follow-up on investigative leads or in cases where a suspect is in custody. In general, all in-custody reports should be completed and approved before the reporting officer goes off duty. Exceptions to this policy may only be made in unusual circumstances, and with supervisory approval. The following types of reports should be approved by a supervisor or command officer prior to the reporting officer going off-duty: use of force cases involving lethal or less lethal weapons; vehicle tows; forcible entries to AFC equipment or District facilities; and any report requiring notification of command level officers (incidents of media significance, incidents requiring investigative expertise, call-out of special units, extensive property loss or damage, or serious misdemeanor or felony cases involving department or District employees as suspects or victims). Officers should make every effort to complete all pending reports prior to beginning their regular days off.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any actions taken. Employees shall not repress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing.

344.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

344.2.1 CRIMINAL ACTIVITY REPORTING
When an employee responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim is not desirous of prosecution is not an exception to documenting a report. The following situations require the preparation of written crime reports:

(a) In every instance where a felony has occurred
(b) In every instance where a misdemeanor crime has occurred and the victim desires a report
(c) In every case where any force is used against any person by department personnel
(d) All incidents involving domestic violence
(e) All arrests
(f) Outside traffic enforcement stops
Report Preparation

(g) Citizens Arrests
(h) Detention of juveniles
(i) Warrant arrests or citations

344.2.2 NON-CRIMINAL ACTIVITY
The following incidents require the preparation of a written report:

(a) When an officer points a firearm at any person, or deploys a firearm, TASER or SIMS launcher in the presence of bystanders to defend, detain, or take any person into custody
(b) Reported missing persons (regardless of jurisdiction)
(c) Found contraband and found evidence
(d) All incidents involving the death of a human being (see Policy Manual § 360 Death Investigations)
(e) Traffic collisions above minimum reporting level (see Policy Manual § 502 Traffic Accident Reporting)
(f) Suspicious Persons or Circumstances where a CADS entry would not be sufficient to explain the incident
(g) Hazardous Material incidents where a CADS entry would not be sufficient to explain the incident
(h) Sick or injured person(s), employee or contractor transported from District property by ambulance to a medical facility.

344.2.3 SUICIDES
Cases of obvious suicide must be investigated and completed by the officer. If the officer is unable to determine the manner of death, he/she shall proceed as though it is a homicide.

The on-call detective will be notified in all unattended death cases. Detectives may respond to the scene to assist the reporting officer with the investigation.

344.2.4 INJURY OR DAMAGE BY DISTRICT PERSONNEL
Reports shall be taken if an injury occurs that is a result of an act of a District employee. Additionally, reports shall be taken involving significant damage to District property or District equipment, as directed by a supervisor.

344.2.5 MISCELLANEOUS INJURIES/ILLNESSES
Any injury that is reported to this department shall require a report when:

(a) The injury/illness is a result of drug overdose.
(b) Attempted suicide
(c) The injury or illness is major/serious, whereas death could result.
(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.
(e) The injury occurred on District property.
(f) An ambulance responds to District property for a medical reason.

Report Preparation - 207

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.2.6 MANDATORY REPORTING OF JUVENILE GUNSHOT INJURIES
A report shall be taken when any incident in which a child 18 years or younger suffered an unintentional or self-inflicted gunshot wound. The Records Section shall notify the California State Department of Health Services of the incident, including the nature of the injury, on a form provided by the state. Forms may be obtained from DHS Epidemiology and Prevention for Injury Control (EPIC) Branch, Tel: (910) 552-9849 (Penal Code § 12088.5).

344.2.7 MANDATORY REPORTING OF JUVENILE DETENTIONS
Welfare and Institutions Code section 210.2(b) requires the tracking of all juvenile detentions which occur in any police facilities that contain any secure or non-secure detention rooms. Officers will document juvenile detention information in their reports. This information will then be compiled by the Records Section and forwarded to the Board of Corrections.

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be prepared according to the severity of the crime/incident being documented, or according to special priority necessary under exceptional circumstances as directed by a supervisor.

344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Handwritten reports/forms should be legible and complete, with all pertinent boxes filled in or checked, as appropriate. If the report is not prepared legibly, the officer will be required to promptly correct the report. Employees should use block printing and complete reports in black ink, with the exception of CHP 555 & 556 Traffic Collision Reporting Forms, which may be completed in #2 pencil. Crime reports should not generally be handwritten. However, supervisors may require block printing or typing of reports if the situation requires it (e.g., the computerized report writing system is not working for an extended period of time).

344.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should promptly return the report to the author for correction, stating the reasons for rejection. The report should be resubmitted for approval as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution should not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

Approved reports that have been transmitted outside the department may only be unapproved under extraordinary circumstances, where the preparation of a supplemental report is not feasible, and with the approval of a command officer. An example of such a situation would be where the District Attorney determined that a party identified in the
Report Preparation

report qualified for confidentiality and that the original report must be retracted and the person's identity made confidential in order to protect the party.

344.6 CASE ASSIGNMENTS
Reports should be completed using the Alliance report writing system. An officer will receive an active case assignment in the Alliance system in order to document the following incidents:

- Felonies
- Misdemeanors (except 647(e) PC R & R)
- Cases involving death or serious bodily injury
- Train derailments/accidents
- Private Person (citizen's) arrests
- Detention of juveniles
- Warrant arrests/citations
- Outside traffic stops
- Suspicious person/circumstances where a person is detained and/or identified
- Any incident deemed appropriate by the officer or supervisor
- An ambulance responds to District property for a medical reason

The following events may be cleared by a dispatch CADS entry without a written report:

- Infraction citation of an adult
- Traffic infraction (citation or R & R) where the violation occurred on BART property
- Infraction violation where the suspect is R & R'd
- 647(g) PC cases where the subject is taken to detox
- Sick persons where the illness is not attributable to the District
- 911 calls, hang-ups and call box alarms with no evidence of criminal activity, no one detained and there is no property damage or personal injury
- Reports of police radio problems (PRIP)
- Misplaced vehicles with no evidence of tampering
- Parking complaints with no property damage or personal injury
- Infraction violations where an unidentified suspect is gone on the officer's arrival
- Unsecured doors and gates to District facilities with no evidence of criminal activity
- Prisoner transports for warrants that are handled without incident
- Monthly emergency exit checks
- Miscellaneous service calls of a non-criminal nature that do not require follow-up, such as motorist/citizen assists and patron/fee disputes that do not result in the detention or identification of anyone by officers.

In order to document detentions of adults for infraction violations or on-property traffic stops where the suspect was R & R'd, and no case has been assigned to an officer, the officer should complete a Field Interview Card. The information from the card will be entered into the Citation module of the Alliance system by the assigned CSO, unless the reporting officer elects to enter the information himself/herself.
344.7 COMPUTERIZED REPORT USAGE AND COMPLETION GUIDELINES

344.7.1 COMPUTERIZED REPORT TYPES

The Alliance system provides the following types of reports:

**CR-1** - This is the standard format for criminal and non-criminal reports. The following special police report templates within the CR-1 are formatted with additional input screens for information related to specific incidents:

- Domestic Violence
- Drug (Narcotic Influence Report)
- DUI
- Missing Person
- Registrant (Sex Registrant Information)
- Traffic Collision

**Supplemental** - This report is used to document actions by officers who were not assigned the primary role in an incident. It should also be used to record the results of follow-up investigation and to document facts discovered after the primary report has been submitted.

**Evidence Supplemental** - This report is used to document evidence recovered during ongoing investigations, such as items recovered pursuant to a search warrant. It may also be used to document evidence items taken from the property clerk for court purposes, and then returned to evidence.

**Beat Condition** - This report is used to document conditions requiring repair or improvement, such as roadway or traffic hazards, placement of signage, etc...

**Scanned Documents** - This report is used to capture certain handwritten reports/forms in the Alliance system. Reporting officers should complete the Crimes/Location page, the Persons/Vehicles page and the Management page only. Records personnel will scan the handwritten forms into Alliance in order to capture the other information contained on the forms.

344.7.2 COMPLETING REPORTS IN ALLIANCE

(a) **Crimes & Locations page:**

1. In the "Summary" field, provide a very brief synopsis of the incident. Names, dates and other details are present in other locations on the Crime page, and do not need to be duplicated in the summary. The disposition of the case should be included in the summary. An example of a proper summary would be, "Suspect knocked victim to the ground and stole her laptop computer. Suspect located and positively identified. Victim sustained minor injuries. Suspect booked county jail."

2. In the "Report Type" field, a report is classified as an arrest if the suspect is booked or cited for a felony or misdemeanor violation. This includes warrant citations. A report is criminal if the suspect committed a violation of any criminal code, whether the suspect was located or not. A report is non-criminal if the incident was not a violation of the law, such as sick or injured persons. This includes suspicious persons and suspicious circumstances incidents.
3. In the "Case Status" field, a report should be closed when the officer has completed his/her investigation and immediate tasks for the case. A case should not be checked as active simply because another unit, such as detectives, will be doing follow-up investigation of the incident. Cases should be listed as active only if the investigating officer plans to perform follow-up investigation in the very near future (for example, obtaining victim/witness statements). Supervisors approving reports which require follow-up investigation by detectives will attach primary responsibility for the case to the detective bureau, which generates an active assignment for detectives.

(b) **Persons & Vehicles page:**

1. Each person listed in a report must be assigned a role. A person may only be assigned one role, and should be given the role most appropriate if more than one might apply. Persons may be assigned the following roles in an Alliance report:

   (a) **Arrestee:** A felony or misdemeanor booking, a misdemeanor citation (including vehicle codes), a warrant booking or citation, or a misdemeanor citizen's arrest.

   (b) **Suspect:** A person identified as being involved in criminal activity, including infractions citations and infraction citizen's arrest. In cases where the suspect’s name is not known, select "Unknown Suspect" when adding the suspect to the case. Every crime should have at least one suspect attached to the report.

   (c) **Detainee:** A person detained but subsequently determined not to be involved in criminal activity.

   (d) **Suspect/Victim:** For use in cases where a person is both a suspect and a victim of a crime, for example, a mutual battery.

   (e) **Injured/Sick Person:** The injured or sick party. 5150 W & I and 647(g) PC subjects should be assigned the sick person role.

   (f) **Victim:** The victim of criminal activity.

   (g) **Witness:** Any person who witnessed the incident and provided information to the reporting officer.

   (h) **Involved Party:** Any other person somehow involved in an incident, who does not fit into any of the other roles.

   (i) **Driver:** For traffic collisions, the person driving the vehicle. If the driver was arrested or issued a citation as a result of the collision, the person should be listed as an Arrestee or Suspect, depending on the nature of the violation.

2. The Modus Operandi (MO) field on the Person page should be completed for all parties in the report, and is mandatory for suspects and arrestees. This information is useful in crime analysis. Persons may be assigned the following MO’s:

   (a) **Employee:** Any person employed directly by BART

   (b) **Facility Occupant:** Any person who is inside the paid area of a BART revenue facility. Employees, other workers, or trespassers are not included.

   (c) **Passenger:** A person who is on board a transit vehicle for the purpose of travel, excluding the train operator and other employees
(d) **Trespasser**: A person in an area of the system not intended for public use

(e) **Worker**: A person who is not an employee of BART, but who is performing legitimate work on BART property, such as a contractor or permitted vendor

(f) **Other**: A person who is not a passenger, facility occupant, trespasser or an employee/worker

(g) **Not a BART Individual**: Used in cases having no connection to BART, such as outside traffic stops

3. All known information regarding each party should be recorded in the separate information tabs on the person page, providing as much detail as possible. This includes aliases, physical and clothing descriptions, scars, marks and tattoos, addresses, phone numbers, identification, charges, arrest disposition, if applicable, gang affiliation and victim relationship. If a person has no middle name, "NMN" should be placed in the box for the middle name. If the middle name is unknown, the box should be left blank.

4. When officers are documenting a juvenile detention, the "juvenile" box, next to the person's role should be checked. Checking this box will create a special juvenile tab which officers must complete to document both secure and non-secure detentions.

5. When applicable, the "Alert" tab should be used to document General Hazard, Felony Warrant, Misdemeanor Warrant, Weapon, Restraining Order, Parolee, Suicidal or Psychiatric alerts. The approving supervisor must review all new alerts.

(c) **Confidentiality**:

1. If a case qualifies for confidentiality under 293 PC (victims of 220, 261, 261.5, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75 and 646.9 PC) check the "confidential" box on the screen for the victim. This will automatically exclude the victim's name from printed records. In addition, the reporting officer must also be sure not to use the victim's name in the narrative. In these cases, refer to the victim simply as "Victim," throughout the narrative. If a person is both a suspect and a victim of one of the crimes qualifying for confidentiality, two separate reports must be completed in order to protect the victim's identity.

(d) **Property & Evidence page**:

1. All property that is stolen, recovered, stored, damaged, or seized as evidence should be documented thoroughly. Each item should be described in as much detail as possible, to include the make, model and serial number, if known. The item description should include a concise description of the item, where the item was found, and by whom. Pertinent information not included in the item description should be listed in the report narrative. The location field, indicating where the item was taken/stored, and by whom, should also be completed. The "item relationship" field should be completed for each item, indicating which party in the case was the owner, possessor, or finder, if known.

2. The Alliance system automatically assigns evidence numbers, using the reporting officer's name and a chronological item number. This is the item number that should be recorded on the evidence envelope or container in the space reserved for the item number.
3. A copy of the evidence page should be printed and attached to the first item of evidence in the case.

(e) **MO page:**
1. The reporting officer should check all boxes that apply to the case. Canine usage is documented using the K9 field on the MO tab. There is also a tab that should be used to document the deployment of a TASER by an officer.

(f) **Narrative page:**
1. Before beginning the narrative portion of the report, the following information should be listed:
   (a) Any cross-referenced cases
   (b) Description of any injuries
   (c) Outside Agency Case Number (San Francisco)
   (d) Laboratory Number (San Francisco)
   (e) List of on-scene personnel, if appropriate
2. The narrative should provide a chronological account of what transpired during the incident, in as much detail as possible.
3. The following items must be addressed in the narrative:
   (a) Use of force
   (b) Application of handcuffs and leg restraints (officers should note that the restraints were checked for proper fit and double locked)
   (c) Drawing of firearm (when firearm is drawn in the presence of the public and/or is used to accomplish a detention or take a suspect into custody). This includes pistol, shotgun, patrol rifle and SIMS launcher, as well as the TASER.

(g) **Management page:**
1. Reporting officers should check the appropriate boxes to indicate whether the victim desires prosecution, and whether the reporting officer intends to conduct immediate follow-up investigation on the case. If the reporting officer is not going to conduct immediate follow-up, that box should be checked "no". Follow-up investigation that will be performed by detectives or other units in the department is not included in this field. Officers should also complete the Related Documents field, indicating all documents that are part of the case. If the document is not listed in the drop-down menu, officers should use the free text feature to describe the document that is related to the case (e.g., CORPUS printout, photocopy of credit cards, etc).

(h) **Supervisor Responsibility:**
1. Supervisors may either approve a report as it is written, or kick the report back to the author for correction. If a report is approved, a "Please Review" assignment is automatically generated for Records. Supervisors should use the "Create Assignment" button to send the case to other offices within the department for follow-up, or for information. A "Primary Responsibility" assignment to Detectives should be made for all misdemeanor citations and arrests and all felonies. Cases with possible links to terrorism should be sent to JTTF and Homeland Security. Cases of interest to the Special Problems
Unit should be sent to SPU. Beat Condition reports should be assigned to the Equipment Clerk for followup.

2. If a report requires correction, the supervisor should kick the report back, listing the required changes in the kick-back notice. Supervisors have the ability to edit a report, but should refrain from doing so unless circumstances require it. In normal circumstances, reports should be returned to the author for correction. If a supervisor edits a report, the edit should be identified in the explanation box that is generated by the Alliance system. Supervisors may also un-approve a report that has been previously approved. This should only be done in exigent circumstances, and when the report has not yet been sent to any entity outside this department. If the report has already been sent to other entities outside the department (OR Project, Juvenile Hall, allied agencies, etc...) the report should stand as written. A supplemental police report should be prepared documenting the necessary changes/corrections to the original report. See section 344.5 for circumstances where an already approved and transmitted report may be unapproved. After un-approving a report, the report must also be kicked back to the author, in order to create an active assignment in the officer's queue. The kick-back notice should list the corrections that need to be made.

3. Field Training Officers are authorized to approve non in-custody reports which do not involve the use of force for their trainees. All in-custody and use of force reports prepared by trainee officers must be approved by a supervisor.

4. Supervisors should ensure that Consolidated Arrest Reports, Probable Cause Declarations, statement forms and other pertinent hand written forms relating to in-custody cases are faxed to the Detectives bureau, x7051. In addition, non-warrant arrests made in San Francisco must also be faxed to the OR Project, 415-431-3658 (felonies and misdemeanors) and SFPD Inspector's Bureau, fax 415-553-9876 (misdemeanors only).

(i) Use of Force Reports:

1. Reports involving the use of force (substantial physical force, personal body weapons, carotid control, chemical agent, impact weapon), the drawing/deployment of a firearm or SIMS/TASER, or a vehicle pursuit should be in accordance with Policy 300.

(j) Specialized Report Templates:

1. The following types of reports have special templates in the Alliance system. In order to complete these reports, the author selects the desired type of report and completes the pages as described above. Some of the templates have special requirements, as described below:

(k) Beat Condition Reports:

1. Beat condition reports are used to document hazards or special situations that need corrective action by another department within the District, such as roadway hazards. The problem should be described in as much detail as possible, and a copy of the report should be routed to the Equipment Clerk for follow-up.

(l) Traffic Collision Reports:

1. Traffic collisions that do not qualify for Property Damage Only reports must be documented using the traffic collision template. The Crime selected should be TC Non-Injury, or TC Injury, as appropriate. In cases where an officer witnesses
the collision and issues a citation to one of the drivers, the appropriate Vehicle
Code section should also be listed in the Crime field. The parties and vehicles
should be listed as described above. When completing the traffic collision
field of the report, officers should complete the Alliance report fields as if they
were completing a handwritten CHP-555 report. All information regarding the
location of the collision, vehicle damage, primary collision factors, weather,
and etc., should be completed. The collision narrative should be written in
the narrative portion of the Alliance report, using the standard format in the
Collision Investigation Manual issued by the California Highway Patrol. The
Factual Diagram should be completed by hand on page 4 of the CHP-555 form
and attached as a related document on the Management page of Alliance.

(m) **DUI Reports:**

1. DUI arrests should be written using the DUI template, which includes fields
   pertinent to DUI cases. This includes results of field sobriety tests and
   intoxication evaluations. The BART Police Intoxication Evaluation/Arrest form
   should be completed to document the officer's preliminary evaluations of the
   detainee at the time of the investigation, and the form should be attached as
   a related document. DUI related forms issued by the Department of Motor
   Vehicles, such as the Age 21 and Older Officer's Statement, Under 21 Officer's
   Statement, Under 21 - Spanish Officer's Statement should be completed by
   hand and attached as related documents.

(n) **Domestic Violence Reports:**

1. Incidents of suspected domestic violence should be documented using the
   Domestic Violence template. The Domestic Violence Report/Supplemental
   form should be completed by hand and attached as a related document.

(o) **Scanned Documents:**

1. Scanned documents are hand written documents that are scanned into Alliance
   by the Records section. These reports essentially stand alone as complete
   reports. However, in order to capture certain information in the Alliance system,
   three pages of the Alliance report need to be completed and submitted for
   approval. The portions of the Alliance report form that must be completed for a
   scanned document are: the Crime/Location, Person/Vehicle and Management
   pages. The crime/code, location, summary and status should be completed.
   The parties to the case and any involved vehicles should be entered. The
   management fields should be completed, and the type of scanned document
   should be added to the related documents field. There is no requirement
to complete the Property/Evidence, MO or Narrative portions of the report.
   However, the summary on the Crime page should include enough information
   for the reader to understand the basic type of incident documented on the hand
   written report.

2. The following types of cases may be input into Alliance as Scanned Documents:

   (a) CHP-180: Vehicle/Component Theft, Vehicle/Component Recovery,
       Embezzled Vehicle, Vehicle Release, Vehicle Tow, Stolen/Lost License
       Plate

   (b) CHP-03: Property Damage Only Report

   (c) 5150 W & I: Application for Emergency Psychiatric Detention. If a crime
       is involved, a full CR-1 report must be completed.
344.8 HAND-WRITTEN REPORTS

This department uses a number of hand-written forms to document officers' activities. These documents should be completed and listed in the "Related Documents" field of the Management page, where appropriate. The forms should be turned into the Records section after being approved by a supervisor, where needed.

(a) Field Interview Card:

1. The field interview card is used to document contacts by officers in the field. When documenting contacts where a suspect is reprimanded for on-property traffic infractions, as well as infraction Penal Code violations, the field interview card will be used to capture the contact in the Citation module of Alliance. Officers should complete the portions of the card to fully identify the suspect, the violation and a brief summary of the offense, as well as the identity of the involved officer. The officer may choose to enter the information in the Citation module him/herself, or place the completed card in the designated location in each zone, and a CSO will enter the information in Alliance. These contacts are entered in the Citation module using the designation "RR" before the event number, to designate the case as a reprimand/release (e.g., RR0905-1234). Entering this information in the Citation module allows the suspect and vehicle to be searched for prior contacts using the Person search feature in Alliance.

(b) Domestic Violence Report/Supplemental:

1. This form is used to document pertinent details of domestic violence incidents. This includes details of the relationships between the suspect and victim, prior domestic violence history, restraining order status, suspect and victim demeanor, medical treatment received, victim assistance provided and diagrams of injuries. This form should be attached as a related document in domestic violence cases.

(c) Report of Non-Release Misdemeanor Arrest:

1. This form may be completed in order to document the circumstances whereby a suspect arrested for a misdemeanor violation was not cited and released. This form is only required if the receiving jail facility requests it be completed. Most facilities incorporate this non-release information on their unique booking forms, or have their own non-release forms that must be completed at the time of booking. If completed, this form should be attached as a related document. In any event, the circumstances surrounding the non-release should be explained in the report narrative by the arresting officer.

(d) Suspect Statement:

1. This form is used to document suspect statements. All boxes at the top of the form should be completed. The statement form includes the Miranda Admonition and Waiver. The Miranda rights should be read to the suspect prior to beginning any questioning, and the suspect's responses (yes/no) should be circled. When completing the waiver portion, the suspect's verbatim responses should be included on the lines following each waiver question, and the suspect should sign the form and note the date and time. If the suspect invokes his rights to counsel or to remain silent, this should be indicated on the form, which should be booked into evidence.

2. Generally speaking, the officer taking the statement should interview the suspect in order to obtain sufficient details regarding the incident to write the suspect's version of events on the statement form, using the first-person from
the suspect's point of view. The statement should use the suspect's words and phraseology as much as possible. The completed statement should be shown and read to the suspect for any corrections necessary. The suspect should then sign at the end of the statement, and initial next to any corrections. The BART Police Report page 2 form may be used as additional pages if the suspect statement will not fit on the Suspect Statement form. If the suspect refuses to sign the form after giving a statement, the officer should write "refused" where the signature would normally be and book the form into evidence.

3. When completed and signed, the reporting officer should photocopy the statement and attach the copy as a related document to the report. The original suspect statement should be placed into evidence.

4. A summary of the suspect's statement should be included in the narrative portion of the crime report.

(e) Police Report Page 2:

1. This form may be used to document victim and witness statements and as continuation pages for suspect statements. Victim and witness statements should be taken in the same manner as suspect statements, with the exception of Miranda warnings and waivers. The completed forms should be listed as related documents on the crime report. The statements should be summarized in the narrative portion of the crime report. Victim and witness statements are not booked into evidence. They should be turned in to records for inclusion in the case file.

The DL-310 form should be listed as a related document in the police report.

All pertinent boxes should be completed as accurately as possible. In the case of on-viewed infraction violations (except off-property traffic stops), the citation requires no accompanying police report. The citation stands alone and is forwarded to records. The citing officer should complete the reverse of the citation, making sufficient notes so that the incident can be recalled accurately in court at a later date.

Juveniles may be issued notices to appear for infraction violations only. A police report is required whenever a juvenile is issued a citation, or detained for a crime. The department's probable cause declaration should also be completed.

344.9 SPECIAL CIRCUMSTANCES AND APPLICATIONS

(a) Multiple Incidents/Multiple Victim Reports:
1. A multiple incident/multiple victim event is one where a suspect commits separate acts against the person or property of others, resulting in multiple victims of the same/similar type of crime, for example, a suspect burglarizes several automobiles at the same station. In order to document this type of event, a master case will be assigned to the first victim. The reporting officer will complete all portions of the CR-1 crime report, listing evidence and property for that vehicle alone. The narrative of this report will describe the entire investigation completed by the officer. Each subsequent victim will be assigned a separate case number. The related case numbers should be listed prior to the narrative of the master case report narrative. The reporting officer will complete a separate CR-1 report for each victim, documenting the identity of that victim and the loss and damage to that victim's vehicle. The narrative section of subsequent reports will note that the case is cross-referenced to the master report. The narrative for the master case should be imported into the narratives for each associated report.

(b) Multiple Victim Reports:
1. A multiple victim incident is caused by a suspect's singular act that results in injury or property loss to more than one person, such as a suspect committing an armed robbery of a group of people. Multiple victim reports should be documented in one case, listing all victims and involved parties in the same report.

(c) Hate Motivated Crimes:
1. Hate motivated crimes are any criminal act or attempt to cause physical injury, emotional suffering or property damage where there is reasonable cause to believe that the crime was motivated, in whole or in part, by the victim's actual or perceived race, ethnicity, religion, gender, sexual orientation or physical or mental disability. See Policy 338 for further details regarding Hate Crimes.
2. The reporting officer should notify a supervisor as soon as possible if he/she believes an incident is a hate crime. The supervisor will notify the on-duty watch commander. The watch commander will determine the need for additional notifications.

(d) 11361.5 H & S:
1. 11361.5 H & S requires the destruction of police records pertaining to sections 11357(b), (c), (d), (e) and 11360(b) H & S, after specified periods of time. In order to comply with the requirements of 11361.5 H & S, the following procedures will apply:
   (a) If the suspect is arrested or cited for 11357(b), (c), (d), (e) or 11360(b) H & S and no other offense is involved, follow standard reporting procedures.
   (b) If the suspect is arrested or cited for the above offenses and while detained, separate violations are discovered, the reporting officer should:
      1. Obtain a case number and prepare a report outlining the facts of the original H & S violation. The narrative of the report should indicate that, subsequent to the detention, additional criminal violations were discovered, which will be documented in a second report that will be prepared.
2. Obtain a second case number and prepare a separate crime report indicating that as a result of a H & S contact, additional violations were discovered. The H & S violation should be noted as the probable cause for the detention/arrest, with that case number referenced in the narrative of the second report. The narrative for the second report should deal solely with the additional offenses uncovered.

(c) If the suspect is arrested or cited, or is a suspect in a misdemeanor of felony case other than the above listed H & S sections, and incident to arrest, a violation of one of the above H & S sections is discovered, the officer should do the following:

1. Obtain a case number and prepare a report outlining the facts of the original violations. The narrative of the report should indicate that, incident to arrest, contraband was located. The contraband will be documented on a separate case.

2. Obtain a second case number. This report should document the H & S violation that was discovered incident to arrest.

2. In the event the suspect is to be booked for the above listed H & S violations in addition to other Penal, Vehicle or other code violations, the booking sheet should bear the case number of the case that does not include the 11357(b), (c), (d), (e) or 11360(b) H & S violations.

(e) Confidential Cases:

1. A Confidential Case is an investigation that may involve a BART employee, BART-affiliated contractor or person otherwise associated with BART, if disclosure of the person's identity or affiliation, or other facts could compromise the investigation.

2. When police personnel receive information regarding employee criminal activity, the investigating officer should discreetly gather sufficient facts to make an oral report to a supervisor. The supervisor will determine the appropriate response. In-progress crimes should be handled by officers as they normally would, with an immediate police response to stabilize the situation and investigate the crime at hand. A supervisor will coordinate the response and preliminary investigation to maintain confidentiality, if at all possible. The supervisor may consider the use of a telephone report or a delayed response if the appearance of uniformed police personnel at the scene might be detrimental to the successful investigation of the crime.

3. If the initial investigation indicates a more thorough, confidential investigation is warranted, these circumstances should be documented as a Confidential Case and the following procedures should be followed:

(a) The reporting officer should obtain a case number from the Communications Section and request that the case be classified as "Confidential - referred to the Special Problems Unit (SPU)", or "-Internal Affairs."

(b) The supervisor should notify either the SPU supervisor, zone lieutenant/watch commander, or Internal Affairs sergeant, as applicable.

(c) The supervisor should approve the completed police report, and create an Alliance assignment of primary responsibility for the SPU or Internal Affairs sergeant, as appropriate. No copies of the report should be printed.
(f) **Telephone Reports:**

1. Telephone reports may be taken in certain circumstances. Personal follow-ups on telephone reports should be conducted whenever the case appears to warrant it. Telephone reports may be taken in cases that meet any of the following criteria and they should be completed using the appropriate report form as outlined in this policy:
   
   (a) The nearest officer is not available within a reasonable time.
   
   (b) The reporting party/victim is unable or unwilling to wait or has already left the scene.
   
   (c) The call does not require immediate police action.

(g) **Reports Prepared by Community Service Officers:**

1. Community Service Officers (CSOs) are authorized to prepare police reports if the following criteria are met, with supervisory approval:
   
   (a) The suspect has left the scene and cannot be located.
   
   (b) The victim has left the scene or does not want to wait for a police officer.
   
   (c) There is no potential for immediate investigative follow-up which could lead to the identification and/or apprehension of the suspect.

(h) **Report Reviews:**

1. A Report Review form should be used when a police supervisor or manager believes that a documented assessment of a police report is appropriate. As supervisors are responsible for the daily review of police reports generated in their zones, this will normally occur when a police supervisor finds a report to be either exceptional, or deficient. However, any police supervisor or manager may generate a report review. A report review may be challenged through the chain of command. The final decision concerning challenged report reviews will be made by the report writer's Bureau Deputy Chief. The following procedures apply to the preparation and filing of report reviews:
   
   (a) **Preparation:**
   
   1. The supervisor/manager preparing the review should document the facts in the report that make it exceptional or deficient in as much detail as possible. If the report is deficient, the deficiencies should be identified clearly, with required corrective action specifically listed. The review should be attached to a printed copy of the report so that the review comments can be matched to the written document.
   
   2. Normally, reviews involving report deficiencies should have a due date assigned by the supervisor/manager who initiated the review. If the identified corrections must be made prior to the report being transmitted outside the department, the reviewing supervisor should mark the "immediate" box on the Report Review form. The reporting officer shall then be responsible for making the necessary corrections on his/her next work day. Other deficiencies may have longer due dates assigned by the reviewing supervisor/manager.

   (b) **Routing of Report Reviews:**

   1. When a review is generated, it is the responsibility of the supervisor/manager preparing the review to route it to the reporting officer via the chain of command. If the reporting officer is assigned
to the Field Training Officer program, the report review should be sent to the trainee via the field training chain of command. The supervisor of the reporting officer is responsible for making sure all necessary follow-up is completed and noted deficiencies are corrected.

2. The supervisor/manager preparing the review is responsible for directing copies of the review to any others that would be concerned with the information (e.g., Investigations, Records, etc...).

(c) Filing of Report Reviews:

1. Report reviews should be filed in the report writer’s Employee Development Record (EDR) file and may be mentioned in the writer’s performance evaluation. Employees should view and initial report review forms that are placed in their EDR file.
News Media Relations

346.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

346.2 RESPONSIBILITIES
Media and Public Affairs (M&PA) should handle any police case with the media that impacts system operation, such as any emergency or incident that cause train delays or system closures. That does not preclude authorized department representatives from dealing with the media and/or M&PA on information that is law-enforcement sensitive and/or could compromise an ongoing-police investigation.

District policy requires that M&PA be the clearinghouse for all information that is given to the news media. This will be strictly adhered to by the department and requires a timely effort by Command Officers and Sergeants to advise M&PA, the Chief and both Commanders of any police dealings with reporters.

Only police managers may prepare a department News Release form. This form is located on the G: drive under New Police Forms/News Release. Before a news release is e-mailed, faxed, or otherwise distributed to news providers, it must be reviewed and approved by M&PA, even during non-business hours. Contact information for M&PA approvers is available in the Communication Center.

If reasonable attempts to reach an M&PA employee, and a public-safety concern demands a speedy distribution of a department news release, the Command Officer, Sergeant, or supervisor may send it to media sources, but he/she will also e-mail a copy of the department news release to M&PA, the Chief and the Deputy Chiefs.

The aforementioned procedure does not preclude department managers from granting or authorizing interviews to reporters, especially for an ongoing case where a public-safety concern exists. As soon as practicable following such interviews, an e-mail or voice message will be sent to M&PA, the Chief and the Deputy Chiefs. The message must include: who was interviewed; by whom and the news agency; and a synopsis of what was disclosed to the reporter(s).

Compliance with this policy will ensure that M&PA, the Chief and the Deputy Chiefs are apprised of any communication that the department has with news reporters, so that M&PA and the department are on the same page as to what has been disclosed to the media and what information should not be divulged.

346.2.1 MEDIA REQUEST
Any media request for information or access to a law-enforcement situation shall be referred to the designated department-media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- In situations involving multiple law-enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
News Media Relations

- Under no circumstance should any member of this department make any comment(s) to the media regarding any law-enforcement incident not involving this department without prior approval of the Chief of Police.

346.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
   1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Media and Public Affairs Manager or other designated spokesperson.
   2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR § 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).

(d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Media and Public Affairs Manager.

346.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.
346.4  **SCOPE OF INFORMATION SUBJECT TO RELEASE**

The department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Administrative Services bureau. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss, city of residency and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

At no time shall identifying information pertaining to a juvenile arrestee, victim or witness be publicly released without prior approval of a competent court.

Information concerning incidents involving certain sex crimes and other offenses set forth in Government Code § 6254(f) shall be restricted in accordance with applicable statutory provisions.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to a records bureau clerk, or if unavailable, to the records bureau supervisor. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.)

346.4.1  **RESTRICTED INFORMATION**

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained. Examples of such restricted information include, but are not limited to:

(a) Confidential peace officer personnel information (See Policy Manual § 1026)
   1. The identities of officers involved in shootings or other major incidents may only be released to the media pursuant to consent of the involved officer or upon a formal request filed and processed in accordance with the Public Records Act.

(b) Copies of traffic collision reports (except to the involved parties and their authorized representatives) (Vehicle Code § 20012)

(c) Criminal history information

(d) Information that would tend to endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation

(e) Information pertaining to pending litigation involving this department

(f) Information obtained in confidence
News Media Relations

(g) Any information that is otherwise privileged or restricted under state or federal law. (Government Code § 6254(k)).
Court Appearance And Subpoenas

348.1 PURPOSE AND SCOPE
This procedure has been established to provide for the acceptance of subpoenas and to ensure that employees appear when subpoenaed, or are available to appear in court when requested and present a professional appearance.

348.1.1 DEFINITIONS
On-Call - When an employee has appeared in court, or is at the time on-duty, and has been told by a member of the court that he/she is free to leave the court or return to duty, subject to being available by phone or pager if called back.

Standby - When an employee receives a subpoena of a type which allows him or her to not appear in court, but remain available by phone or pager so that he or she may be directed to appear in court within a reasonable amount of time.

Mandatory Appearance - Subpoenas marked as mandatory appearance require an employee's physical appearance in the specified court. Failure to timely appear in the specified court, either intentionally or by negligence, may result in disciplinary action.

348.2 COURT SUBPOENAS
Employees who receive subpoenas related to their employment with this department are subject to the provisions of this policy. Employees should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed, or properly notified. This policy applies to civil and criminal subpoenas. Employees are expected to cooperate with the prosecution to ensure the successful conclusion of a case.

348.2.1 SERVICE AND PROCESSING OF SUBPOENAS
Service of a subpoena requiring the appearance of any department employee in connection with a matter arising out of the employee's course and scope of official duties may be accomplished by personal service on the employee or by delivery of two copies of the subpoena on the employee's supervisor or other authorized departmental agent (Government Code § 68097.1 and Penal Code § 1328(c)). Subpoena service is also acceptable by courier or court liaison from the court to this department.

The return of service form must be signed by the server, as well as by the employee being served and returned to the subpoena clerk by the next business day after service. Completed declaration forms are to be returned a minimum of one week before the court hearing if they have been received from the court in a timely manner.

Subpoenas should be returned to Administrative Services with the top two (white and pink) copies of the return of service form along with at least one copy of the subpoena within one business day of service. It is important that the subpoena be received by Administrative Services before an employee attend court so that, the return of service can be mailed back to the District Attorney's office or other requesting agency.

Employees should be given only one copy of the police report. It is the responsibility of the employee to keep that copy until the case has been completed. If a replacement copy is

All court appearance forms must be returned regardless of whether court was attended or not. If court was canceled or the defendant plead guilty indicate this information on the court appearance form and return it to the subpoena clerk. Court appearance forms are to be returned on the first workday after the court appearance. When turning in court appearance forms, a copy of the subpoena for the case should be attached. Any overtime shall be entered into the Oracle payroll system by the supervisor who receives and signs the overtime slip.

If an employee receives a subpoena through the mail, or the District Attorney notifies the employee that he/she is required to appear, the subpoena clerk should receive a copy of the subpoena in order to log it in.

If an employee is notified that the court date has been changed and no new subpoena has been issued the employee is responsible to notify the subpoena clerk of the change.

Subpoena cancellation forms are to be returned to the subpoena clerk within one business day after service.

Sergeants are responsible for ensuring that subpoenas and court-appearance documents get processed and returned to Administrative Services.

348.2.2 VALID SUBPOENAS

No subpoena shall be accepted for an employee of this department unless it has been properly served and verified to have originated from a recognized legal authority.

348.2.3 ACCEPTANCE OF SUBPOENA

(a) Only the employee named in a subpoena, his/her immediate supervisor or the department subpoena clerk shall be authorized to accept service of a subpoena. (Penal Code § 1328(c)). Any authorized employee accepting a subpoena shall immediately provide a copy of the subpoena to the department subpoena clerk. The subpoena clerk shall maintain a chronological log of all department subpoenas and provide a copy of the subpoena to each involved employee.

(b) Any supervisor or other authorized individual accepting a subpoena on behalf of another employee shall immediately check available schedules to determine the availability of the named employee for the date listed on the subpoena.

348.2.4 REFUSAL OF SUBPOENA

Except where previous arrangements with the issuing court exist, training and regularly scheduled days off are not valid reasons for refusing a subpoena or missing court. If, due to illness or injury, the named employee is unable to appear in court as directed by a previously served subpoena, the employee shall, at least one hour before the appointed date and time, inform the subpoena clerk or the Watch Commander of his/her absence. It shall then be the responsibility of the subpoena clerk to notify the issuing authority of the employee's unavailability to appear.

If an employee on standby changes his/her location during the day, the employee shall notify the subpoena clerk of how to be reached by telephone. Employees are required to remain on standby each day the case is trailing as requested by the Deputy District Attorney. In a criminal case, the Deputy District Attorney handling the case is the only person authorized to excuse an employee from standby status.

348.2.6 OFF-DUTY RELATED SUBPOENAS
Employees receiving valid subpoenas for actions taken off-duty not related to their employment with the department shall comply with the requirements of the subpoena. Employees receiving these subpoenas are not compensated for their appearance and arrangements for time off shall be coordinated through their immediate supervisor. This includes employees who receive subpoenas for action taken while working for a prior employer. Release time may be granted for employees on duty.

348.3 CIVIL SUBPOENAS
The department will compensate employees who appear in their official capacity on civil matters arising out of the employee's official duties as directed by the current Agreement. In such situations, the department will also reimburse any employee for reasonable and necessary travel expenses.

The department will receive reimbursement for the employee's compensation through the civil attorney of record who subpoenaed the employee.
348.3.1 PROCEDURE

348.3.3 PARTY MUST DEPOSIT FUNDS

Outside Agency Assistance

352.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance. This department may also request an outside agency to provide assistance.

352.1.1 ASSISTING OUTSIDE AGENCIES
Generally, calls for assistance from other agencies are routed to the watch commander for approval. When an authorized employee of an outside agency requests the assistance of this department including taking a person into custody, assisting at a crime scene, or a search, available officers shall respond and assist. If an officer receives a request in the field for assistance, that officer shall notify a supervisor.

Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number for an "outside assist" report will be issued to report action taken by this department.

352.1.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES
Under normal circumstances, if assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions.

However, if exigent circumstances exist, the employee may make any reasonable request for assistance from another agency in order to protect life and property, and stabilize the crime scene. The employee will notify a supervisor as soon as practicable.

Anytime another agency assists this department, the requesting officer will document the incident in his/her report. In addition, the officer will request copies of any reports from the assisting agency related to the incident.

352.1.3 ON-VIEW INCIDENTS
Whenever a BART police officer on-views an offense in another jurisdiction, he/she should take immediate prudent action required to protect life and property, stabilize crime scenes, locate witnesses, and apprehend suspects. As soon as practicable after a crime scene has been stabilized, the officer will relinquish the crime scene and investigative responsibility to the law-enforcement agency that has primary jurisdiction.

352.1.4 REQUEST FOR CANINE ASSISTANCE FROM OTHER AGENCIES
The policy governing requests for BART police canine teams from other agencies is documented in Policy 318 - CANINE PROGRAM, subsection 3.1 - REQUEST FOR ASSISTANCE FROM OTHER AGENCIES.
352.1.5 MUTUAL AID/COOPERATIVE POLICE AGREEMENTS
Nothing in this policy is meant to circumvent any cooperative policing agreements or mutual aid agreements between the BART Police Department and any allied agency, city or county. Any agreement between this department and an outside agency can be located in the Records Section.
Handcuff Policy

354.1 PURPOSE AND SCOPE
This procedure provides guidelines for handling situations involving handcuffing during detentions and arrests. This policy is also applicable to Flexcuffs, which will be considered synonymous with handcuffs for purposes of this policy.

354.2 HANDCUFFING POLICY
Although recommended for most arrest situations, handcuffing is a discretionary procedure and not an absolute rule of the Department. When deciding whether to handcuff an arrestee, officers should carefully balance officer safety concerns with factors including, but not limited to the following:

- The circumstances leading to the arrest.
- The attitude and behavior of the arrested person.
- The age, sex and health of the person.
- Whether the person has a hearing or speaking disability. In such cases consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

It is not the intent of the Department to dissuade officers from handcuffing all persons they believe warrant that degree of restraint, nor is it the intent of this policy to create the atmosphere that in order to avoid risk, an officer should handcuff all persons regardless of the circumstances. In most situations handcuffs should be applied with the hands behind the person. Handcuffs should be removed as soon as the arrested person is safely confined within the jail.

354.2.1 IMPROPER USE OF HANDCUFFS
Handcuffing is never done to punish, to display authority, or as a show of force. Persons are handcuffed only to restrain their hands to ensure officer safety. When practical, handcuffs shall be double locked to prevent tightening. Officers shall check to ensure the handcuffs do not cause undue discomfort, or injury, to the hands or wrists.

354.2.2 JUVENILES
Juveniles 14 years of age or older may be handcuffed when the act committed is of a felonious nature, or when their acts have amounted to crimes where the officer has a reasonable suspicion that they may have a desire to escape, injure themselves, injure the officer, or destroy property.

Juveniles under 14 years of age generally will not be handcuffed, unless their acts have amounted to a dangerous felony, or when they are of a state of mind which suggests a reasonable probability that they desire to escape, injure themselves, injure the officer, or to destroy property.

354.2.3 HANDCUFFING OF DETAINEEs
Situations may arise where it may be reasonable to handcuff an individual who may, after subsequent investigation, be released prior to arrest. Such a situation is considered a
Handcuff Policy

detention, rather than an actual arrest. Unless arrested, the use of handcuffs on detainees should continue for only as long as is reasonably necessary to assure the safety of officers and others. Officers should continuously weigh the safety interests at hand against the intrusion upon the detainee when deciding to remove handcuffs from a detainee.

When an individual is handcuffed and released without an arrest, a written report of the incident shall be made to document the details of the detention and need for use of handcuffs.

354.2.4 HANDCUFFING OF PREGNANT ARRESTEES

No arrestee who is in labor shall be handcuffed or restrained by the wrists, ankles or both unless it is reasonably necessary for the safety of the arrestee, officers or others (Penal Code § 6030).
Megan's Law

356.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a procedure for the dissemination of information regarding certain registered sex offenders under California's Megan's Law. (Penal Code §§ 290 and 290.4). It is the policy of this department to facilitate public access to information allowed by legislation on registered sex offenders.

356.2 DEPARTMENTAL DISSEMINATION OF INFORMATION
Whenever this department determines that it is necessary to provide information to the public regarding a person required to register as a sex offender pursuant to Penal Code § 290 in order to ensure the public safety, such information may only be released by means determined by the Chief of Police to be appropriate (Penal Code § 290.45(a)(1)).

Officers shall obtain approval from a supervisor prior to the public release of any information regarding a registered sex offender. Under exigent circumstances, an officer may release the information without prior supervisory approval, however, a supervisor shall be notified of the information release as soon thereafter as is practical.

Included with all public disclosures of information about any registered sex offender will be a statement that the purpose of the release is to allow members of the public to protect themselves and their children from sex offenders (Penal Code § 290.45(a)(2)).

356.2.1 LIMITATIONS ON EXTENDED RELEASE
Individuals and entities receiving information regarding registered sex offenders may only be authorized to disclose such information to additional persons if the Department determines the appropriate scope and that such disclosure will enhance the public safety. The Department may not authorize any disclosure of such information by its placement on a non-departmental Internet Web site (Penal Code § 290.45(c)(1)).

356.3 RELEASE OF INFORMATION VIA THE INTERNET
Information about a specific offender may be publicly disclosed by way of the department Internet Web site only when the Department determines that such disclosure is necessary to ensure the public safety (Penal Code § 290.46(g)).

356.3.1 INFORMATION PROHIBITED FROM INTERNET RELEASE
The following information shall not be released over the department Internet Web site (Penal Code § 290.46(a):

- Any information identifying the victim.
- The name and address of the offender's employer.
- All criminal history of the offender, other than the specific crimes for which the person is required to register.

356.3.2 INFORMATION PERMITTED FOR INTERNET RELEASE
For those offenders listed in Penal Code § 290.46(c)(2) and (d)(2), the following information may be included on the department Internet Web site:

For those offenders listed in Penal Code § 290.46(b)(2), the address at which the offender resides may also be included on the department Internet Web site in addition to the above.

Before releasing the address of any offender, the officer shall verify that the information is correct.

356.3.3 USE OF DISCLOSURE FORMS
Whenever information regarding any sex offender is publicly disseminated, the officer shall include with the disclosure a statement that the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders. A copy of this statement shall be promptly forwarded to the Criminal Investigations Section (Penal Code § 290.45).

The release of such information shall also be noted by entering the notification into the comment field on the offender's Supervised Release File record.

356.4 PUBLIC INQUIRIES
As a general rule information may not be given over the telephone. Members of the public may access detailed sexual offender information by way of their personal computer through the Internet at the Megan’s Law Web site maintained by the Department of Justice (www.meganslaw.ca.gov). They may also submit a list of at least six persons directly to the Department of Justice on a designated form to inquire whether any of those persons are required to register as a sex offender and are subject to public notification (Department of Justice fees may apply) (Penal Code § 290.4(a)).
Notification

358.1 PURPOSE AND SCOPE
Incidents that are of significant nature and that fall into listed criteria require notification to command police personnel and other members of this department. It is critical that staff members are informed of certain incidents in order to initiate call-out of specific personnel with technical or investigative expertise, initiate further notifications within and outside the District and properly address inquiries from members of the media.

358.2 MINIMUM CRITERIA FOR NOTIFICATION

- Arrest of department employee or BART official
- In-custody and/or law enforcement related deaths
- Serious injury or death of any person as the result of a motor-vehicle accident or police vehicle pursuit
- Unattended death of any person anywhere within the BART system

358.3 SERGEANT/OFFICER-IN-CHARGE RESPONSIBILITY
The sergeant or officer-in-charge shall notify the on-duty Watch Commander and Operations Bureau Deputy Chief as soon as possible after the occurrence of any incident of media significance or incident requiring immediate investigative expertise on BART property. The Watch Commander or command officer shall be given a complete briefing
Notification

on the incident. If the sergeant or officer-in-charge is unable to make notification, he/she shall direct that the notification be made by Dispatch.

358.3.1 WATCH COMMANDER RESPONSIBILITY
The Watch Commander shall make reasonable attempts to obtain as much information on the incident as possible before notification. He/she shall attempt to make the notifications as soon as practicable. In the event no command officer is on duty, the sergeant-in-charge or “C” Platoon sergeant will make necessary notifications. Notification should be made by calling the home phone number or department cell phone.

The Watch Commander is responsible for directing the notification of the following persons as appropriate:

• The Chief of Police
• The Operations Bureau Deputy Chief
• Professional Standards and Training Deputy Chief
• The Support Services Deputy Chief
• The Criminal Investigations Section
• Other command personnel as appropriate
• The Operations Control Center (OCC) Manager as appropriate
• Department of Media and Public Affairs at the direction of the Chief

358.3.2 STAFF NOTIFICATION
In the event an incident occurs described in Policy Manual § 358.2, the Chief of Police shall be notified along with the affected Bureau Deputy Chief and the Detective Lieutenant if that section is affected.

358.3.3 DETECTIVE NOTIFICATION
If it appears the investigation or prosecution of the incident or related incidents could benefit from call out of a member of the Criminal Investigative Section, a detective shall be called to respond. In the event a detective is not on-duty, the watch commander/command officer will direct the notification of the on-call detective from the current on-call listing. The on-call detective will be directed to respond. On any case where a detective responds to render assistance, the originally assigned patrol officer is responsible for conducting a thorough and professional investigation, and the timely completion of all required reports.

358.3.4 CASES INVOLVING BART POLICE EMPLOYEES AND/OR DISTRICT EMPLOYEES
Notifications shall be made for the following cases involving BART police employees and/or District employees:

• The death of, or a serious injury to a BART police employee, whether on or off-duty
• Any incident involving a BART police employee which is likely to attract public attention
• Any case where an employee of the District is arrested and the department is in any way involved in the incident, arrest, or investigation

The command officer will be given a complete briefing on the incident and will determine the need for the notification of other personnel, and District management.
358.3.5 CLOSE-PROXIMITY CASES
Whenever incidents of media significance occur near or in close proximity to a BART facility, and the department is notified, or is in any way involved in the incident, arrest, or investigation, then notification should proceed according to this policy.
Death Investigation

360.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

360.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations. Detectives should be called out for all death investigations. The detective Sergeant should be notified.

360.2.1 CORONER REQUEST
Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities.).

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by subdivision (e) of Section 1746 of the Health and Safety Code in the 20 days prior to death.

(c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.

(d) Known or suspected homicide.

(e) Known or suspected suicide.

(f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.

(g) Related to or following known or suspected self-induced or criminal abortion.

(h) Associated with a known or alleged rape or crime against nature.

(i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.

(j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.

(k) Accidental poisoning (food, chemical, drug, therapeutic agents).

(l) Occupational diseases or occupational hazards.

(m) Known or suspected contagious disease and constituting a public hazard.
Death Investigation

(n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.

(o) In prison or while under sentence. Includes all in-custody and police involved deaths.

(p) All deaths of unidentified persons.

(q) All deaths of state hospital patients.

(r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.

(s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

360.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee: the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

360.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside the county where the death occurred, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

360.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

360.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.
Death Investigation

360.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Criminal Investigations Bureau shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

360.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES
Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall request that BART's System Safety Department is notified. The System Safety Department will ensure that the nearest office of Cal-OSHA is notified by telephone or teletype with all pertinent information (8 CCR 342(b)).

360.2.8 DEATH OR INJURY ON THE RIGHT-OF-WAY
Department personnel shall follow the BART Emergency Plan police procedure checklist for all deaths or injuries which occur on the BART right-of-way
Identity Theft

362.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING
(a) The crime of identity theft (Penal Code § 530.6) should be reported to the law enforcement agency where the victim resides. Therefore, victims of identity theft (as the District has no permanent residents) should be advised that they should report this crime to the law enforcement agency having jurisdiction where they live.

(b) A departmental supervisor/manager may approve the taking of a courtesy identity theft report. If a courtesy report is taken, the following shall apply:
   1. The report should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
   2. The report should cross-reference all other known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
   3. The reporting officer should inform the victim of identity theft of his/her right to obtain court ordered access to the Department of Justice identity theft database pursuant to Penal Code § 530.7.
   4. A copy of any courtesy reports should be forwarded to the victim's residence agency by Records Bureau personnel.

(c) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction). If a report of this nature is taken, the following shall apply:
   1. Following supervisory review and departmental processing, the initial report should be forwarded to the Detective Bureau for follow up investigation.
   2. The assigned Detective should coordinate the case and prosecution with any other involved agencies as circumstances dictate.
Private Persons Arrests

364.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence

(b) When the person arrested has committed a felony, although not in his or her presence

(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

364.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should...
Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849

(c) The person being arrested shall be advised that he/she is under arrest. This advisement may be done by the private person or the officer. If performed by the officer, the officer should explain to the private person and the subject that the private person is making the arrest. In either case, the subject should also be told of the offense(s) that he/she is being arrested for.

364.4.1 WHEN A PRIVATE PERSON'S ARREST IS NOT REQUIRED
A private person's arrest is not required when an arrest is made under the following circumstances:

(a) The offense is a felony or wobbler
(b) The suspect is a juvenile
(c) The arrest is for DUI with special circumstances (see 40300.5 V.C.)
(d) Carrying a loaded firearm
(e) Carrying a concealed firearm in an airport
(f) Domestic violence
(g) Violation of a domestic violence protective order
(h) Assault on school property
(i) Assault on a firefighter/EMT

364.4.2 REQUIRED BOOKING
Adult suspects who are arrested for assault or battery on a District employee shall be booked [853.6(g) P.C.]. A command-level officer must approve any exceptions to this policy.

364.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury. In misdemeanor cases, the private person making the arrest shall also be asked to provide a written statement.

In addition to the Private Person's Arrest form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

366.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

366.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant.

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant.

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility.

366.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the Police Administrative Specialist to complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Support Services Bureau Deputy Chief.

(c) By the tenth day of each month, it shall be the responsibility of the Support Services Bureau Deputy Chief to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.

2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

368.1 PURPOSE AND SCOPE
Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 United States Code 2000d).

368.1.1 DEFINITIONS

Limited English Proficient (LEP) - Designates individuals whose primary language is not English and who have a limited ability to read, write, speak or understand English. LEP individuals may be competent in certain types of communication (e.g., speaking or understanding), but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific: an individual may possess sufficient English language skills to function in one setting, but these skills may be insufficient in other situations.

Interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

Bilingual - The ability to communicate in two languages fluently, including the ability to communicate technical and law enforcement terminology. Bilingual includes a variety of skill levels. For example, some bilingual individuals may be fluent enough to engage in direct communications in a non-English language, but insufficiently fluent to interpret or translate from one language into another. For example, a bilingual individual, depending on his or her skill level, could be utilized to communicate fluently in a non-English language, but not to interpret between two languages if he or she does not possess the specialized skills necessary to interpret between two languages effectively. In order to be utilized to interpret or translate from one language into another an individual must possesses the skill, training and demonstrated competence to do so. For purposes of this policy employees, in order to be identified as bilingual, must initially and periodically demonstrate, through a procedure to be established by the Department, their level of skill and competence such that the Department is able to determine the purposes for which an employee's language skills may be used.

Authorized Interpreter - An employee who is bilingual and has successfully completed department-prescribed interpreter training and is authorized to act as an interpreter or translator.

368.2 FOUR FACTOR ANALYSIS
Since there are potentially hundreds of languages department personnel could encounter, the Department will utilize the four-factor analysis outlined in the Department of Justice LEP Guidance to Federal Financial Assistance Recipients available at the DOJ website in determining which measures will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law
enforcement contacts and circumstances will vary considerably. This analysis therefore, must remain flexible and requires an ongoing balance of the following four factors:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department personnel or who may benefit from programs or services within the Department's jurisdiction or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department personnel, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the Department or on department personnel.

While this department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

368.2.1 IDENTIFICATION OF LEP INDIVIDUAL’S LANGUAGE
The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language in an effort to avoid misidentifying that language.

368.3 TYPES OF LEP ASSISTANCE AVAILABLE
Depending on the balance of the above four factors, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the Department at no cost or choose to provide their own interpreter services at their own expense. Department personnel should document in any related report whether the LEP individual elected to use interpreter services provided by the Department or some other source. Department provided interpreter services may include, but are not limited to the assistance methods described in this section.

368.3.1 BILINGUAL STAFF
Employees utilized for LEP services need not be certified as interpreters, but must have demonstrated, through established department procedures, a level of competence to ascertain whether the employee’s language skills are best suited to monolingual communications, interpretation, translation, or all or none of these functions. All employees used for communication with LEP individuals must demonstrate knowledge of the ethical issues involved when functioning as a language conduit. In addition, employees who serve as interpreters and/or translators must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter; including but not limited to the ethics requirements of interpretation. When bilingual employees of this department are not available, employees from other city departments who have the requisite training may be requested.

368.3.2 WRITTEN FORMS AND GUIDELINES
This department will determine the most frequently used and critical forms and guidelines and translate these documents into the languages most likely to be requested. The
Limited English Proficiency Services

Department will arrange to make these translated forms available to departmental personnel and other appropriate individuals.

368.3.3 AUDIO RECORDINGS
From time to time, the Department may develop audio recordings of important information needed by LEP individuals for broadcast in a language most likely to be understood by involved LEP individuals.

368.3.4 TELEPHONE INTERPRETER SERVICES
The Watch Commander and Communications Supervisor will maintain a list of qualified interpreter services which, upon approval of a supervisor can be contacted to assist LEP individuals. Such services shall be available to, among others, department personnel who utilize official cellular telephones.

368.3.5 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF INTERPRETATION
Where competent bilingual departmental personnel or other District-certified staff are unavailable to assist, responsible members of the community who have demonstrated competence in either monolingual (direct) communication and/or in interpretation and translation (as noted in § 368.3.1 above) may be called upon to assist in communication efforts. Sources for these individuals may include neighboring police departments, university languages and linguistics departments, local businesses, banks, churches, neighborhood leaders and school officials. Department personnel should ensure that community members are able to provide unbiased assistance. The nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect).

Except for exigent or very informal and non-confrontational circumstances, the use of an LEP individual's bilingual friends or family members, particularly children, is generally not recommended and departmental personnel shall make case-by-case determinations on the appropriateness of using such individuals (For further guidance see: Section V(3) of the DOJ Final Guidance available at the DOJ website).

368.4 LEP CONTACT SITUATIONS AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize language services so that they may be targeted where they are most needed.

Whenever any member of this department is required to complete a report or other documentation and interpretation or translation services are provided to any involved LEP individual such services should be noted in the related report.

368.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
In order to provide LEP individuals with meaningful access to police services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 9-1-1 lines as its top priority for language services. Department personnel will make every reasonable effort to promptly accommodate such LEP individuals utilizing 9-1-1 lines through any or all of the above resources.
Limited English Proficiency Services

While 9-1-1 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this department by utilizing all the methods listed in § 368.3 above.

368.4.2 EMERGENCY CALLS TO 9-1-1
When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual the call-taker should quickly determine whether or not sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed and the language is known, the call-taker should immediately transfer the LEP caller to an available authorized interpreter to handle the call.

If an appropriate authorized interpreter is not available, the call-taker will promptly contact the contracted telephonic interpretation service directly for assistance in completing the call. Dispatchers will make every reasonable effort to dispatch a bilingual officer to the assignment, if available.

The Bay Area Rapid Transit Police Department will take reasonable steps and will work with the Human Resources Department to hire and develop in-house language capacity in the Communications Center by hiring qualified personnel with specific language skills.

368.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Department personnel must assess each situation to determine the need and availability for translation services to all involved LEP individuals and utilize the methods outlined in § 368.3 to provide appropriate language assistance.

Although not every situation can be addressed in this policy, it is important that department personnel are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. It would, for example, be meaningless to request consent to search if the person requesting is unable to effectively communicate with an LEP individual.

368.4.4 INVESTIGATIVE INTERVIEWS
In any situation where the translation of an interview may contain information that might be used in a criminal trial, it is important to take certain steps to improve the chances of admissibility. This includes interviews conducted during an investigation with victims, witnesses, and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identifying and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

Any person selected as an interpreter and/or translator must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the case. The person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation to the court.
368.4.5 CUSTODIAL INTERROGATIONS AND BOOKINGS

In an effort to ensure the rights of LEP individuals are protected during arrest and custodial interrogation, this department places a high priority on providing competent interpretation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing interpretation services or translated forms in these situations will have demonstrated competence in interpretation/translation and make every reasonable effort to accurately interpret/translate all communications with LEP individuals.

In order to ensure that translations during criminal investigations are documented accurately and admissible as evidence, audio recordings of interrogations, victim interviews and witness interviews should be used whenever reasonably possible.

Employees providing interpretation or translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for members of this department to make every reasonable effort to provide effective language services in these situations.

368.4.6 COMPLAINTS

The Department shall ensure access to LEP persons who wish to file a complaint regarding the discharge of departmental duties. The Department may do so by providing interpretation assistance or translated forms to such individuals. If the Department responds to complaints filed by LEP individuals, the Department shall attempt to communicate its response in an accessible manner.

368.4.7 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to LEP individuals and groups.

368.5 TRAINING

In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, the Department will provide periodic training to personnel about departmental LEP policies and procedures, including how to access department-authorized, telephonic and in-person interpreters and other available resources. LEP training will be provided for new employees and refresher training will be provided at least once every two years thereafter.

368.6 INTERPRETERS AND TRANSLATORS

Employees called upon to interpret, translate, or provide other language assistance, will be trained annually on language skills competency (including specialized terminology) and ethical considerations.
Limited English Proficiency Services

(a) Assessment: The Bay Area Rapid Transit Police Department personnel identified as bilingual who are willing to act as authorized interpreters will have their language skills assessed by a professional interpreter using a structured assessment tool established by the Training Sergeant. Those employees found proficient in interpreting into and from the target language will be placed conditionally on the Authorized Interpreters List.

(b) Training: All personnel conditionally placed on the Authorized Interpreter List must successfully complete the prescribed interpreter training within one year. After successful completion of interpreter training, the individual will be unconditionally placed on the Authorized Interpreter List. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language; have knowledge in both languages of any specialized terms or phraseology used by the LEP person; and understand and adhere to the interpreter role without deviating into other roles such as counselor or legal advisor.

(c) Refresher Course for Authorized Interpreters: Those persons who have been unconditionally placed on the Authorized Interpreter List must receive refresher training annually or they will be removed from the Authorized Interpreter List. The Training Bureau shall be responsible for coordinating the annual refresher training and will maintain a record of training that the interpreters have received.

The LEP Coordinator will ensure that the Authorized Interpreters List is kept current and a copy of the current list is forwarded to the Communications Center.

368.7 SUPPLEMENTAL MATERIALS PROVIDED TO DEPARTMENT EMPLOYEES
The following materials will be made available to employees to assist in providing access and service to LEP individuals:

(a) Listing of departmental bilingual employees, languages spoken, contact and shift information.

(b) Listing of department-certified interpretation services bilingual interpreters, languages spoken, contact and availability information.

(c) Phone number and access code of telephonic interpretation services.

(d) Language identification card.

(e) Translated Miranda warning cards and other frequently-used translated documents.

(f) Any audio recordings/warnings that are developed in non-English languages.

368.8 MONITORING AND UPDATING LANGUAGE ASSISTANCE EFFORTS

368.8.1 LEP COORDINATOR
The Chief of Police will appoint an LEP Coordinator who is responsible for coordinating and implementing all aspects of the Bay Area Rapid Transit Police Department LEP services to LEP individuals.

The LEP Coordinator shall assess demographic data, review contracted language access services utilization data, and consult with community-based organizations annually in order to determine if there are additional languages into which vital documents should be translated.
Limited English Proficiency Services

The LEP Coordinator will also be responsible for annually reviewing all new documents issued by the Bay Area Rapid Transit Police Department to assess whether they should be considered vital documents and be translated.
Hearing Impaired/Disabled Communications

370.1 PURPOSE AND SCOPE
Individuals who suffer from deafness, hearing impairment, blindness, impaired vision, mental or other disabilities may encounter difficulties in gaining meaningful access to, or an understanding of important rights, obligations and services. In accordance with the Americans with Disabilities Act (ADA) and Civil Code § 54.1, it is therefore the policy of this department to take all reasonable steps to accommodate such individuals in any law enforcement contact.

370.2 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, employees of this department should consider all information reasonably available to them when determining how to communicate with an individual suffering from any disability. These factors may include, but are not limited to:

(a) The extent to which a disability is obvious or otherwise made known to the involved employee. Impaired or disabled individuals may be reluctant to acknowledge their condition and may even feign a complete understanding of a communication despite actual confusion.

(b) The nature of the disability (e.g., total deafness or blindness vs. impairment)

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact, etc.)

(d) Availability of resources to aid in communication

When considering these and other available information, the involved employee(s) should carefully balance all factors in an effort to reasonably ensure meaningful access by individuals suffering from apparent disabilities to critical services while not imposing undue burdens on the Department or its officers.

370.2.1 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, department employees should remain alert to the possibility of communication problems and exercise special care in the use of all gestures, and verbal and written communication in an effort to minimize initial confusion and misunderstanding when dealing with any individual(s) with known or suspected disabilities or communication impairments.

370.3 TYPES OF ASSISTANCE AVAILABLE
Depending on the balance of the factors available for consideration at the time, this department will make every reasonable effort to provide meaningful and timely assistance to disabled individuals through a variety of services, where available. Disabled individuals may elect to accept such assistance at no cost, choose to provide their own communication services at their own expense or any combination thereof. In any situation, the individual's expressed choice of communication method shall be given primary consideration and
honored unless the employee can adequately demonstrate that another effective method of communication exists under the circumstances.

Officers should document the type of communication utilized in any related report and whether a disabled or impaired individual elected to use services provided by the Department or some other identified source. Department provided services may include, but are not limited to the following:

370.3.1 FIELD RESOURCES
Individual officers and employees are encouraged to utilize resources immediately available to them in any contact with a known or suspected disabled or impaired person. Examples of this would include such simple methods as:

(a) Hand gestures or written communications exchanged between the employee and a deaf or hearing impaired individual
(b) Facing an individual utilizing lip reading and speaking slowly and clearly
(c) Slowly and clearly speaking or reading simple terms to any visually or mentally impaired individual

370.3.2 AUDIO RECORDINGS AND ENLARGED PRINT
From time to time, the Department may develop audio recordings of important information needed by blind or visually impaired individuals. In the absence of such audio recordings, employees may elect to read aloud a Department form or document such as a citizen complaint form to a visually impaired individual or utilize a photocopier to enlarge printed forms for a visually impaired individual.

370.3.3 TELEPHONE INTERPRETER SERVICES
The Communications Supervisor will maintain a list of qualified interpreter services to be contacted at department expense to assist deaf or hearing impaired individuals upon approval of a supervisor. When utilized, notification to such interpreters shall be made at the earliest reasonable opportunity and the interpreter should be available to respond within a reasonable time (generally not to exceed two hours).

370.3.4 TTY AND RELAY SERVICES
Individuals who are deaf or hearing impaired must be given the opportunity to use available text telephones (TTY or TDD). All calls placed by such individuals through such services shall be accepted by this department.

370.3.5 COMMUNITY VOLUNTEERS
Depending on the circumstances, location and availability, responsible members of the community may be available to provide qualified interpreter services, such as those who are proficient in American Sign Language (ASL). Sources for these individuals may include local businesses, banks, churches, neighborhood leaders and school officials. In addition to such sources developed by individual officers, the Department will attempt to maintain and update a list of qualified community volunteers who may be available to respond within a reasonable time.

370.3.6 FAMILY AND FRIENDS OF DISABLED OR IMPAIRED INDIVIDUAL
While family and friends of a disabled or impaired individual may frequently offer to assist with interpretation, employees should carefully consider the circumstances before relying...
on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the disabled individual and the individual offering services must be carefully considered (e.g., victim/suspect).

370.4 CONTACT SITUATIONS AND REPORTING
While all contacts, services, and individual rights are important, this department will carefully consider reasonably available information in an effort to prioritize services to disabled and impaired individuals so that such services and resources may be targeted where most needed because of the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is otherwise required to complete a report or other documentation, and communication assistance is provided to any involved disabled or impaired individual(s), such services should be noted in the related report.

370.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
In order to provide disabled and impaired individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 911 lines as its top priority for assistance with such services. Department personnel will make every reasonable effort to promptly accommodate such disabled and impaired individuals utilizing 911 lines through any or all of the above resources.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate disabled and impaired individuals seeking more routine access to services and information from this department.

370.4.2 CUSTODIAL INTERROGATIONS AND BOOKINGS
In an effort to ensure the rights of all disabled and impaired individuals are protected during arrest and custodial interrogation, this department places a high priority on providing reasonable communication assistance during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing communication assistance in these situations will make every reasonable effort to accurately and effectively communicate with disabled or impaired individuals.

Employees providing such assistance shall also be aware of the inherent communication impediments to gathering information from disabled or impaired individuals throughout the booking process or any other situation in which a disabled or impaired individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual’s medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this department to make every reasonable effort to provide effective communication assistance in these situations.

(a) Individuals who require communication aids (e.g., hearing aids) should be permitted to retain such devices while in custody.

(b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices such as a wheel chair or crutches during a custodial situation, the removal of such items will require that other reasonable
accommodations be made to assist such individuals with access to all necessary services.

(c) Whenever a deaf or hearing impaired individual is detained or arrested and placed in handcuffs, officers should consider, safety permitting, placing the handcuffs in front of the body in order to allow the individual to sign or write notes.

370.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve disabled or impaired individuals. The scope and nature of these activities and contacts will inevitably vary, therefore the Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every officer in the field. Each officer and/or supervisor must, however, assess each such situation to determine the need and availability for communication assistance to any and all involved disabled or impaired individuals.

Although not every situation can be addressed within this policy, it is important that employees are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with a disabled or impaired individual. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with a deaf individual.

370.4.4 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to disabled individuals and groups.

370.5 TRAINING

In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, this department will provide periodic training in the following areas:

(a) Employee awareness of related policies, procedures, forms and available resources

(b) Employees having contact with the public (or those in our custody) are trained to work effectively with in-person and telephone interpreters and related equipment

(c) Training for management staff, even if they may not interact regularly with disabled individuals, in order that they remain fully aware of, and understand this policy, so they can reinforce its importance and ensure its implementation by staff
Mandatory School Employee Reporting

372.1 PURPOSE AND SCOPE
The purpose of this policy is to describe the requirements and procedures to follow when a public or private school employee (teacher and non-teacher) has been arrested under certain circumstances.

372.2 MANDATORY SCHOOL EMPLOYEE ARREST REPORTING
In the event a school employee is arrested for any controlled substance offense enumerated in Health & Safety Code § 11590, 11364, in so far as that section relates to paragraph (12) of subdivision (d) of Health and Safety Code § 11054, or for any of the offenses enumerated in Penal Code § 290 or in subdivision 1 of Penal Code § 291 or Education Code § 44010, the Chief of Police or his/her designee is required to immediately report the arrest as follows:

372.2.1 ARREST OF PUBLIC SCHOOL TEACHER
Upon arrest for one of the above bureaus, the Chief of Police or his/her designee is mandated to immediately notify by telephone the Superintendent of the school district employing the teacher and to immediately give written notice of the arrest to the Commission on Teacher Credentialing and to the Superintendent of schools in the county where the person is employed.

372.2.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE
Upon arrest for one of the above bureaus, the Chief of Police or his/her designee is mandated to immediately notify by telephone the Superintendent of the school district employing the non-teacher and to immediately give written notice of the arrest to the governing board of the school district employing the person.

374.2 PERSONS SUBJECT TO DNA COLLECTION
While the courts may order DNA samples taken in a variety of circumstances under the Act, members of this department are only authorized to obtain DNA samples from the following individuals absent other lawful means (e.g., consent or a search warrant).

Only those qualifying individuals whose DNA sample is not currently on file with the Department of Justice may be required to provide samples. Verification of DNA samples on file may be determined by a DNA collection flag on the individual's criminal history record or, during regular business hours, by calling the Department of Justice designated DNA laboratory at (510) 620-3300. All DNA collection flags should be verified by contacting DOJ prior to the collection of the sample (Penal Code § 298(b)(5)).

It is a misdemeanor for any qualified individual to refuse to give any or all required DNA samples following written notice of the requirement to do so (Penal Code § 298.1(a)).

374.2.1 ARRESTEES
Any adult arrested or charged with any felony offense is required to provide DNA samples. DNA samples should be collected immediately following arrest, or during the booking process, or as soon as administratively practicable after arrest but in any case prior to release on bail or other physical release from custody (Penal Code § 296.1(a)(1)(A)).

374.2.2 SEX AND ARSON REGISTRANTS
Any adult or juvenile who is required to register as a sex offender under Penal Code § 290 or arsonist under Penal Code § 457.1, including those whose registration resulted from a qualifying misdemeanor crime is required to submit a DNA sample. (Penal Code § 296(a)(3)).

At the time that any such registrant registers, updates registration, or is notified by the Department of Justice or other law enforcement officer, an appointment shall be made designating the time and place for the collection of DNA samples if no such sample has already been provided (Penal Code § 296.2(c)).

374.3 PROCEDURE
Upon a determination that any individual is qualified and required to provide DNA samples under the Act, the arresting officer or other employee designated by a supervisor shall obtain DNA samples in accordance with this policy.

374.3.1 BLOOD SAMPLES
The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. Blood samples obtained for submission
to the Department of Justice DNA lab shall be placed in Department of Justice blood vials (Penal Code § 298(a) and (b)(2)). A right thumbprint shall be placed on the sample vial along with other required identifying information.

374.3.2 Buccal Swabs
Buccal swab samples (taken from the inside of the mouth) may only be procured by employees who have successfully completed departmentally approved training in the collection of buccal swabs and with the use of Department of Justice buccal swab collectors. (Penal Code § 298(a) and (b)(3)). A right thumbprint shall be placed on the collector along with other required identifying information.

(Note: If an individual violently resists or presents other officer safety issues, employees may omit buccal swab samples upon approval of a supervisor.)

374.3.3 Full Palm Prints
Full palm print impressions shall be obtained on Department of Justice prescribed forms along with all DNA samples. (Penal Code § 298(b)(4)).

374.3.4 Use of Force to Obtain Samples
If, after a written or oral request, a qualified individual refuses to provide any or all of the required DNA samples, a sworn member of this department may use reasonable force to obtain such sample(s) under the following conditions:

(a) Prior to the use of reasonable force, the officer(s) shall take and document reasonable steps to secure voluntary compliance (Penal Code § 298.1(c)(1)(C)).

(b) Prior to the use of reasonable force, the officer(s) shall obtain written authorization from a supervisor which shall minimally include that the individual was asked to provide the sample(s) and refused (Penal Code § 298.1(c)(1)(B)).

(c) If the authorized use of reasonable force includes a cell extraction, such extraction shall be video recorded (Penal Code § 298.1(c)(1)(D)).

For the purpose of this section, the "use of reasonable force" shall be defined as the force that an objective, trained and competent officer faced with similar facts and circumstances would consider necessary and reasonable to gain compliance. (Penal Code § 298.1(c)(1)(A)).

374.4 Processing DNA Samples
All DNA samples and related materials collected during an active investigation shall be promptly forwarded to the Department of Justice Lab using Department of Justice mailing tubes, labels and instructions for prompt analysis. (Penal Code § 298(a) and (b)(1)). This will be completed by the Criminal Investigations Bureau.

374.4.1 Notice of a Rejected Sample
In the event the Department of Justice notifies this Department that a DNA sample or print impression is not usable, the individual whose original sample or impression was provided is required to submit to collection of additional samples. The Department shall thereafter take all reasonable steps to collect additional samples from any such individual and promptly transmit these to the Department of Justice (Penal Code § 296.2(a)).
DNA Samples

374.4.2 FOLLOW UP NOTICE TO DOJ
Within two years of submitting any DNA specimen, sample or impression to the Department of Justice, the Criminal Investigations bureau shall notify the Department of Justice whether the individual remains a suspect in a criminal investigation (Penal Code § 297(b)(2)). It shall be the responsibility of the Department of Justice to thereafter purge samples of any individual(s) who are no longer a suspect in any criminal investigation from the DNA database.

374.5 RELATED STATUTES
It is a felony for any qualifying individual to knowingly facilitate the collection of a wrongfully attributed DNA sample or identification information, or to knowingly tamper with any DNA sample or collection container with the intent to deceive the government as to his or her identity (Penal Code § 298.2).

It is unlawful for any person to knowingly misuse or disclose to an unauthorized entity a DNA sample collected or profile obtained for DNA database purposes (Penal Code § 299.5(i)(1)(A)).

374.6 LITIGATION
The Chief of Police or authorized designee shall immediately notify the Department of Justice DNA Legal Unit at (415) 703-5892 in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use, or any aspect of the state's DNA Data Bank Program.

Trauma Response Team

377.1 PURPOSE AND SCOPE
Traumatic events precipitate feelings of anger, guilt, and disillusionment. These feelings are natural and should be expected as part of the psychological and physiological phenomena that occur during a traumatic event. Unfortunately these natural reactions are seldom understood or acknowledged and can, if not immediately addressed, lead to Post Traumatic Stress Disorder which could result in mental and physical health problems for the individual and his or her family, destructive behavior, and poor performance.

In an effort to minimize their effects, the BART Police Department has developed a Trauma Response Team comprised of personnel who are trained to perform psychological debriefing to those who are involved in a traumatic event.

377.1.1 PSYCHOLOGICAL CONSIDERATIONS FOR STRESSFUL SITUATIONS
Studies have shown that psychological trauma may occur when an officer has caused or witnessed the death or serious injury of another human being or has been directly involved in other traumatic situations. This procedure has been developed to assist our police personnel who may find themselves experiencing such a situation.

Therefore, the officers of this department who are subjected to severely stressful situations such as, but not limited to the following events should be afforded a debriefing to diagnose, assist, and prevent the symptoms of Post Traumatic Stress Disorder:

a. Involvement in the death or serious injury of a human being

b. Involvement in a situation when an officer is seriously injured but is physically able to receive counseling

c. Involvement in any other extremely stressful situations i.e., (taken hostage, partner killed or seriously injured, prolonged assignment to mass death situation)

377.1.2 PSYCHOLOGICAL CONSULTATION EMPLOYEE INITIATED
Psychological counseling is available to any member of the department for problems arising from both work and non-work related situations based on decisions from the Trauma Response Team (TRT) Lieutenant or the Watch Commander.

When an employee desires to obtain psychological counseling for a work related problem, he/she shall contact the TRT Lieutenant or Watch Commander. The Watch Commander will assist the employee in processing the required workers compensation forms, when appropriate.

An employee who wishes to seek assistance on his or her own may obtain confidential counseling through the BART Police Department-Employee Assistance Program (EAP) by contacting Claremont EAP at (800) 788-8829. Claremont EAP can be reached 24 hours a day 7 days a week and is available to all employees and their families. All referrals will be kept confidential as permitted by law.

377.1.3 GUIDELINES FOR TRAUMA RESPONSE TEAM
The Trauma Response Team will act in accordance with the following guidelines:
Trauma Response Team

Confidentiality: The BART Police Department recognizes as "privileged communication" the dialog during a debriefing between members of the Trauma Response Team, acting under the direction of a licensed psychologist, and those employees affected by the traumatic event. However, "privileged communication" will not be recognized when information shared would lead a reasonable person to believe that a criminal act has occurred. This is in accordance with department Policy 201 General Duty Regulations and Conduct. Therefore, the Trauma Response Team will verbally notify the employee of this exception prior to any debriefing.

a. **Purpose:** The purpose of the Trauma Response Team is threefold:

1. To diagnose the symptoms of Post Traumatic Stress Disorder.

2. To provide comfort and support by meeting the involved employees' immediate needs.

3. To facilitate the understanding and expression of feelings and/or perceptual distortions experience during a traumatic event.

b. **Scope of Responsibility:** The Trauma Response Team should provide immediate and ongoing assistance under the following conditions:

1. When an employee perceives that he/she has been involved in a traumatic event, on or off-duty, and the employee requests the services of the Trauma Response Team.

2. When a supervisor recognizes that an employee has been involved in a traumatic event, on or off duty, that may have the result of severe emotional shock. Members of the Trauma Response Team will be aware of the differences in rank and the impact that difference may have on the debriefing process. Discretion will be used when considering debriefing a member of a different classification.

c. **Team Composition and Structure:** The Trauma Response Team is comprised of a TRT Lieutenant, a Team Coordinator and Debriefers,(which may include Sergeants, Officers, and Dispatchers). These team members will be in good standing with the department, have significant experience in police related traumatic incidents and have specialized ongoing training in assisting fellow officers and their families in dealing with the immediate adverse psychological reactions to traumatic situations. Department personnel can be removed from the team at any time based on the Chief of Police's discretion.

d. **Activation:** Under the conditions defined herein, under Scope of Responsibility, the on-duty Watch Commander should activate the Trauma Response Team in the following manner:

1. The Trauma Response Team Coordinator will maintain a roster of qualified personnel who are subject to call in the event of a traumatic incident. The roster will be maintained in the G-drive in the TRT file. The Watch Commander will notify the team coordinator and provide a synopsis of the event including the number of involved personnel. Once directed by the psychologist to proceed the Team Coordinator will determine the size of the deployment and make the appropriate notifications. A deployment will include a team supervisor and an appropriate cadre of team members based on the number of involved employees.

2. The Team Coordinator or Watch Commander will contact the psychologist and provide the psychologist with the description of the event.
3. Once activated, Trauma Response Team members will contact the incident or scene supervisor prior to contacting the personnel involved in the traumatic event. They will identify themselves to the affected employee(s) as members of the Trauma Response Team and explain the purpose of a debriefing which is to diagnose the symptoms of Post Traumatic Stress Disorder. The employee(s) may decline to participate in the debriefing. The employee(s) will be referred to the BART Police Department EAP at (800) 788-8829. In the event the employee refused a debriefing by the Trauma Response Team, the department may choose to mandate an evaluation by a licensed psychologist prior to the employee returning to regular duty.

4. The Watch Commander will activate the on-call chaplain. If necessary based on the need additional chaplains may be requested to respond. Trauma Response Team Members will coordinate with the police chaplain(s) and advise them of all the details concerning the event. The BART Police Department recognizes as "privileged communication" the dialog during a debriefing between police chaplains and those employees affected by the traumatic event. However, based on department Policy 376 Chaplain Program "privileged communication" will not be recognized when:

(a) A police chaplain who, as a consequence of obtaining any information from a member or employee, believes that the member / employee is an immediate danger to him/herself or others.

(b) Child, elder or dependent abuse is discovered while acting as a marriage, family, or child counselor and when acting as a religious practitioner, who diagnoses, examines, or treats children, elders, or dependent adults.

5. The BART Police Department places a high priority on the mental and emotional health of all of its employees. The effects of Post Traumatic Stress Disorder need to be addressed in a timely manner. The department will place a priority on the debriefing, allowing it to take place prior to criminal interviews, unless determined otherwise by the Chief of Police.

6. A Trauma Response Team member who is directly involved in a traumatic event as a subject or witness officer shall be excluded from performing the duties of a Trauma Response Team Member during a call-out.

377.1.4 COMMAND RESPONSIBILITY
The TRT Lieutenant will act as liaison between the Team, Command Staff and the Chief of Police.

The Trauma Response Team Coordinator, one of the TRT Sergeants, will be responsible for the following:

a. Supervision and administrative duties of the Trauma Response Team

b. In the absence of the TRT Lieutenant, acting as the liaison between the staff and the Team

c. Keeping the TRT Lieutenant apprised of any call outs or utilization of Trauma Response Team members

d. Keeping the Watch Commander updated on the activities of the Team

e. Arranging training for team members
**Trauma Response Team**

377.1.5 TEAM SUPERVISOR
When activated, a Trauma Response Team Sergeant or designated member assumes the responsibility for all Trauma Response Team functions. These responsibilities will include, but are not limited to:

a. Contact the department psychologist and advise him/her of the circumstances of the incident

b. Liaison with all other involved investigative personnel as required

c. Assess the need for additional team members

d. Activation of other resources and liaison with the involved officer's family

e. Advise the Team Coordinator of the circumstances of the activation, employees involved, Trauma Response Team members being used, and status of the debriefed personnel

f. When unable to contact the Team Coordinator, contact the TRT Lieutenant and advise him/her of the circumstances of the activation, employees involved, team members being used and status of the debriefed personnel

g. Update the Watch Commander of the activities of the Trauma Response Team

h. Insure that the Trauma Response Team Activity Form is submitted to the Administrative Lieutenant after the conclusion of the debriefing

377.1.6 TRAINING
All Trauma Response Team members shall attend the basic training course. New members of the team will attend this course as soon as possible after being assigned to the team.

Any team member who has not attended the entire basic training course may not participate as a primary debriefer.

All Trauma Response Team members shall attend quarterly training. These training sessions range from four to eight hours and are presented by a licensed psychologist or designee. Absence from training must be approved by a Trauma Support Team supervisor.

377.1.7 OUTSIDE AGENCY REQUESTS FOR TRAUMA SUPPORT
The TRT Lieutenant will be immediately notified regarding any outside agency requests for the Trauma Response Team. The TRT Lieutenant will consider the following factors when deciding if the Trauma Response Team will assist the requesting agency:

- Type of incident
- Number of individuals needed to be debriefed
- The number of Trauma Response Team members required

The TRT Lieutenant will receive approval from a Deputy Chief before activating team members for an outside agency request.

377.1.8 TRAUMA RESPONSE TEAM ACTIVITY FORM
The Department provides a Trauma Response Team Activity Form, which is to be submitted to the TRT Lieutenant after the conclusion of the debriefing. The response form will be maintained by the TRT Lieutenant. The activity form will document:
Trauma Response Team

- The debriefers’ activities
- Personnel debriefed
- A synopsis of the traumatic incident
- Logistical considerations such as overtime used and any incidental purchases

Within seven (7) working days after a debriefing, a completed "Trauma Response Team Activity Form" will be forwarded to:

- The Chief of Police;
- Deputy Chiefs

A quarterly Trauma Response Team Report describing the Team's activities will be completed by the TRT Lieutenant and forwarded via the chain of command to the Chief of Police for his/her review.
Child Safety Policy

380.1 PURPOSE AND SCOPE
This department recognizes that children who are subjected to traumatic events, such as the arrest of a parent or guardian, may experience negative emotional effects that can last throughout the lifetime of the individual. After such an event the child may not receive the appropriate care, which can lead to further emotional or physical trauma. This policy is intended to provide guidelines for officers to take reasonable steps to minimize the impact to the child when it becomes necessary to take action involving the child’s parent or guardian (Penal Code § 833.2(a)).

380.1.1 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience children may have when their parent or caregiver is arrested. This department will endeavor to create a strong cooperative relationship with local, state and community-based child social services to ensure an effective, collaborative response that addresses the needs of affected children.

380.2 PROCEDURES DURING AN ARREST
When encountering an arrest situation officers should make reasonable attempts to determine if the arrestee is responsible for minor dependent children. In some cases this is obvious, such as when children are present. However, officers should inquire if the person has any other dependent minor children who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any dependent minor children.

(b) Look for evidence of children. Officers should be mindful that some arrestees may conceal the fact that they have dependent children for fear their children may be taken from them.

(c) Inquire of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a dependent child.

Whenever possible, officers should take reasonable steps to accomplish the arrest of a parent or guardian out of the presence of his/her child. Removing children from the scene in advance of the arrest will generally ensure the best outcome for the child.

Whenever it is safe to do so, officers should allow the parent to assure children that they will be provided care. If this is not safe or if the demeanor of the in-custody parent suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the children that both parent and children will receive appropriate care.

380.2.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered, dependent minor children.

Officers should allow the arrestee reasonable time to arrange for care of minor children. Temporary placement of the child with family or friends may be appropriate. However, any
Child Safety Policy

decision should give priority to a child-care solution that is in the best interest of the child. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of minor children with a responsible party, as appropriate.

   1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent’s judgment regarding arrangements for child care. It is generally best if the child remains with relatives or family friends the child knows and trusts. Consideration regarding the child’s familiarity with the surroundings, comfort, emotional state and safety should be paramount.

   2. Except when a court order exists limiting contact, the officer should attempt to locate and place dependent children with the non-arrested parent or guardian.

(b) Provide for the immediate supervision of minor children until an appropriate caregiver arrives.

(c) Notify Child Protective Services if appropriate.

(d) Notify the field supervisor or Watch Commander of the disposition of minor children.

(e) A check of the person(s) receiving the child should be conducted to eliminate any prior child or sexual related criminal history.

If children are at school or at a known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the parent’s arrest and of the arrangements being made for the care of the arrestee’s children, and then record the result of such actions in the associated report.

380.2.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional free local phone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any minor dependent child. These phone calls shall be given immediately upon request or as soon as practicable and are in addition to any other phone calls allowed by law (Penal Code § 851.5(c)).

380.2.3 REPORTING

For all arrests where children are present or living in the household, the reporting employee will include information about the children, including names, gender, age and how they were placed.

380.3 CHILD WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any dependent minor children, the handling officer should consider taking children into protective custody and placing them with the appropriate county child welfare service or other department-approved social service (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child be transported to the police’s facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child be left unattended or without appropriate care.
380.4 TRAINING
The Training Sergeant should ensure that all personnel of this department who may be involved in arrests affecting children participate, on a timely basis, in a POST-approved course on effective child safety when a parent or guardian is arrested (Penal Code § 13517.7).
Service Animal Policy

382.1 PURPOSE AND SCOPE
Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Bay Area Rapid Transit Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of any animal that is individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS
The ADA defines a service animal as any guide dog, signal dog or other animal individually trained to provide assistance to an individual with a disability. Service animals may be of any type or breed and need not be certified by any governmental agency or service group.

Some service animals, such as guide dogs, may be readily identifiable but many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist individuals with disabilities.

The following examples are just some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people with disabilities who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with physical disabilities with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication or to wake the person.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, find places or follow daily routines.

382.3 EMPLOYEE RESPONSIBILITIES
Under the Americans with Disabilities Act, service animals assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Employees are expected to treat individuals with service animals with the same courtesy and respect that the Bay Area Rapid Transit Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations the employee may direct the partner/handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the partner/handler takes prompt, effective action.
Service Animal Policy

to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities and members of this department are expected to provide all services as are reasonably available to the individual with the disability.

If it is apparent or if the employee is aware the animal is a service animal, the handler/partner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

• Is the animal required because of a disability?
• What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be asked questions about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Employees should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to permit service animals to accompany their partner/handler in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of ADA, officers should take no enforcement action beyond keeping the peace and individuals who believe they have been discriminated against as a result of their disability should be referred to the Civil Right Division of the U.S. Department of Justice.

382.4 INQUIRIES AND COMPLAINTS

Under the Americans with Disabilities Act, people with disabilities have the right to be accompanied by service animals in all public areas and the Bay Area Rapid Transit Police Department considers interference with or denial of this right by any member of this department to be a serious violation of this policy. Complaints alleging violations of this policy against any department employee will be promptly investigated and should be referred to the Internal Affairs Section.
Off-Duty Law Enforcement Actions

386.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Bay Area Rapid Transit Police Department with respect to taking law enforcement action while off-duty.

386.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

386.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officers who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

386.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

386.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Bay Area Rapid Transit Police Department officer until acknowledged. Official identification should also be displayed.

386.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

386.4.3 CIVILIAN RESPONSIBILITIES
Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

386.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

386.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Chapter 4 - Patrol Operations
Operations Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the functions of the Operations Bureau of the department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION
Officers will patrol in clearly marked vehicles, patrol assigned jurisdictional areas of the District, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week. When assigned to patrol stations and trains, officers will be a highly visible presence.

Patrol will generally provide the following services within the limits of available resources:

(a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
(b) Crime-prevention activities such as inspections of District facilities, community presentations, etc.
(c) Calls for service, both routine and emergency in nature
(d) Investigation of both criminal and non-criminal acts
(e) The apprehension of criminal offenders
(f) Community-Oriented Policing and Problem Solving activities such as patron assists and individual citizen contacts of a positive nature
(g) The sharing of information between the patrol bureau and the support services bureau of the department, as well as other outside governmental agencies
(h) The application of resources to specific problems or situations within the District, which may be improved or resolved by Community-Oriented Policing and Problem Solving strategies
(i) Traffic direction and control

400.1.2 INCIDENTS OF SIGNIFICANT SECURITY CONCERNS
It is the goal of the Bay Area Rapid Transit Police Department to make every reasonable effort to investigate and appropriately gather and report any intelligence that may relate incidents of significant security concerns. It is important that information be communicated between federal, state and local agencies. These incidents may or may not be related terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be of a significant security concern to the District. Such incidents should be thoroughly investigated and documented with a written report. Field interviews (FI) or contacts which may raise significant security concerns should also be reported. The supervisor should notify the watch commander of all the pertinent details and will ensure that all terrorism related reports and FIs are forwarded to the Criminal Investigations Section Supervisor in a timely fashion.

The watch commander is responsible for notifying the Transportation Security Operations Center (TSOC) at 1-866 615-5150 (e-mail TSOC.ST@dhs.gov) and the patrol bureau commander. Refer to policy #471 for further details about notification to TSOC.
400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various bureaus of the department.

400.2.1 ADMINISTRATIVE-SERVICES DIVISION/CRIME-ANALYSIS SECTION
The Support Services Bureau/Crime-Analysis Section will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to this section for distribution within the department through daily and special bulletins.

400.2.2 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS
Patrol supervisors, the detective sergeant, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol briefings as time permits.

400.2.4 INFORMATION CLIPBOARDS
Several information clipboards will be maintained in the briefing room and will be available for review by officers from all bureaus within the department. These will include, but not be limited to, the patrol-check clipboard, the wanted-persons clipboard, and the written-directives clipboard.

400.2.5 BULLETIN BOARDS
A bulletin board will be kept in the briefing room for display of suspect information, intelligence reports and photographs. New special orders will be made available to patrol supervisors and will be discussed at briefings and shift meetings. A copy of new special orders will be placed on the briefing-room information clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.
Racial/Bias Based Profiling

402.1 PURPOSE AND SCOPE
This department strives to provide law enforcement to our community with due regard to the racial and cultural differences of those we serve. It shall therefore be the policy and practice of this department to provide law enforcement services and to enforce the law equally and fairly without discrimination toward any individual(s) or group because of their race, ethnicity or nationality, religion, gender, sexual orientation, or disability.

All police managers are responsible for ensuring that their officers conduct themselves professionally, and that officers conduct thorough, legal investigations. Moreover, supervisors aware of any incidences of discrimination are obligated to take action and report any incidents to the appropriate manager.

402.2 DEFINITION
Racial/Bias based profiling, for purposes of this section, is the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped (Penal Code § 13519.4(e)).

402.3 POLICY
The practice of racial/bias based profiling is illegal and will not be tolerated by this department (Penal Code § 13519.4(f)).

(a) It is the responsibility of every member of this department to prevent, report, and respond appropriately to clear discriminatory or biased practices.

(b) Every member of this department engaging in a non-consensual detention shall be prepared to articulate sufficient reasonable suspicion to justify the detention independent of the individual's membership in a protected class.

1. To the extent that written documentation would otherwise be completed (e.g., arrest report, F.I. card, etc.), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the contact.

2. Nothing in this policy shall require any officer to prepare documentation of a contact that would not otherwise involve such reporting.

3. While the practice of racial profiling is strictly prohibited, it is recognized that race or ethnicity may be legitimately considered by an officer in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

This department will investigate all complaints of alleged racial/bias based profiling complaints against its members. Employees found to be in violation of this policy are subject to discipline in accordance with this department's disciplinary policy.

402.4 TRAINING
(a) All sworn members of this department will be scheduled to attend POST approved training on the subject of racial profiling.
Racial/Bias Based Profiling

(b) Pending participation in such POST approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of our community.

(c) Each member of this department undergoing initial POST approved training will thereafter be required to complete an approved refresher course every year or sooner if deemed necessary in order to keep current with changing racial and cultural trends (Penal Code §13519.4(i)).

402.5 ADMINISTRATION

The following shall apply to assist in the department's efforts to prevent racial/bias based profiling:

• For all in-custody cases, Sergeants will be responsible for: ascertaining the details of the arrest; ensuring that probable cause exists, and that the corpus delicti of the crime has been established; and ensuring that the arrest is legal and within policy.

• Lieutenants will ensure that any instances of illegal or improper procedure that comes to their attention be immediately reported to the Chief of Police via the Chain of Command.

• Each January, the Operations Bureau Deputy Chief shall review the Department's effort to prevent racial/bias based profiling and submit an overview, including public concerns, to the Chief of Police. This overview shall not contain any identifying information regarding any specific complaint, citizen, or officer.
Briefing Training

404.1 PURPOSE AND SCOPE
Briefing training is generally conducted at the beginning of the employees assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct briefing; however employees may conduct briefing for training purposes with supervisor approval. Also, upon request or when the situation dictates, personnel from other divisions, i.e. Detectives, Special Problems, etc, will provide training during briefing.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing employees with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
(b) Notifying employees of changes in schedules and assignments
(c) Notifying employees of new bulletins and orders or changes to bulletins and orders
(d) Reviewing recent incidents for training purposes
(e) Providing training on a variety of subjects

404.2 PREPARATION OF MATERIALS
The supervisor conducting briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate employee in his or her absence or for training purposes.
Crime And Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Officers shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, the officer shall continue to do so until he/she is relieved by a supervisor.

406.2.1 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

(a) Ensure no suspects are still in the area.
(b) Broadcast emergency information, including all requests for additional assistance.
(c) Provide first aid to injured parties if it can be done safely.
(d) Evacuate the location as required.
(e) Secure the inner and outer perimeter if needed.
(f) Protect items of apparent evidentiary value.
(g) Identify potential witnesses.
(h) Start a chronological log noting critical times and personnel allowed access.

406.2.2 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

406.3 SEARCHES AT CRIME OR DISASTER SCENES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.
406.3.1    CONSENT
Officers should seek consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations, it may be prudent to obtain a search warrant. Consent may be sought even in cases where a search warrant has been granted.
Crisis Response Unit

408.1 PURPOSE AND SCOPE
The Crisis Response Unit (CRU) is comprised of two specialized teams: the Hostage Negotiation Team (HNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to the Crisis Response Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED
The SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, the SWAT unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.2 POLICY
It shall be the policy of this department to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control
(b) Containment
(c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.2.1 POLICY CONSIDERATIONS
A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider
Crisis Response Unit

the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

408.2.2 ORGANIZATIONAL PROCEDURES

The report shall be forwarded to the Criminal Investigations Bureau which shall be responsible for initiating a petition to the superior court for a hearing in accordance with Welfare and Institutions Code § 8102(b), to determine whether or not the weapon(s) will be returned.

(b) The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon(s) have been confiscated unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him or her of the right to a hearing on the issue and that he or she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon(s).

(c) If no petition is initiated within the above period, the Department shall make the weapon(s) available for return in accordance with subsection (d) below. If the person does not confirm a desire for a hearing within the prescribed 30 days, the Department may file a petition for an order of default.

(d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice which conforms to the provisions of Penal Code § 12021.3(e).

(e) In no case in which a firearm or other deadly weapon is not retained as evidence shall the Department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 12021.3(g)).

Fare Evasion

419.1 PURPOSE AND SCOPE
The purpose of this policy is to establish uniform procedures for the legal detention of individuals suspected of fare evasion on the BART system.

419.2 POLICY
It shall be the policy of the BART Police Department to vigorously enforce transit specific crimes including fare evasion.

419.2.1 FARE EVASION ENFORCEMENT
The California Penal Code for fare evasion used by officers of the BART Police Department is 640(c)(1): Evasion of the payment of a fare of the system. For purposes of this section, fare evasion includes entering an enclosed area of a public transit facility beyond posted signs prohibiting entrance without obtaining valid fare, in addition to entering a transit vehicle without valid fare.

The offense is an infraction punishable by a fine not to exceed two hundred fifty dollars ($250) and by community service for a total time not to exceed 48 hours over a period not to exceed 30 days, during a time other than during his or her hours of school attendance or employment.

The aforementioned penal code does not, absent probable cause to suspect fare evasion, authorize police officers to ask persons to display their ticket for validation. Officers shall not use civil codes as probable cause to ask persons to display their ticket for validation.

419.2.2 FARE EVASION DEFINED
Fare evasion occurs when an individual travels or attempts to travel on the BART system without payment of the required fare. Fare evasion can be reflected in a variety of ways:

• A person who jumps over the fare gate.
• A person who walks closely behind another person, who is using a valid ticket, through a fare gate before the fare gate closes (piggybacking).
• A person who enters/exits the station from an elevator from the free to paid area/paid to free area with intent to avoid paying fare.
• A person who enters/exits through the emergency gate from the free to paid/paid to free area with intent to avoid paying fare.

419.2.3 CONSENSUAL ENCOUNTER, REASONABLE SUSPICION, AND PROBABLE CAUSE
The following are the most common definitions of consensual encounter, reasonable suspicion, and probable cause:

(a) Consensual Encounter: A consensual encounter is a contact between an officer and an individual which is strictly voluntary. The key element is that the person remains totally free to leave or not cooperate. An officer does not need any objective reason or justification for initiating this type of contact.
(b) **Reasonable Suspicion**: Reasonable suspicion to detain a suspect exists if officers were aware of specific facts that reasonably indicated the person was in the process of committing a crime, or was wanted for a completed crime. It is based on objective facts. Reasonable suspicion is the level of proof necessary for a temporary detention.

(c) **Probable Cause to Arrest**: Although some courts continue to cite the old definition which requires an "honest and strong suspicion", the trend is toward incorporating the new "fair probability" standard; i.e. probable cause to arrest exists if there is a fair probability that the suspect committed the crime. Probable cause is the level of suspicion required to make an arrest.

### 419.2.4 FARE EVASION/MISUSE OF DISCOUNT TICKET REPORTS BY BART EMPLOYEES

Every officer who responds to a call for service by any BART District employee regarding any report of a fare evasion or the misuse of a discount ticket will contact the BART employee who reported the incident, and ask the BART employee who reported the incident whether he/she wants the subject(s) suspected of fare evasion or the misuse of a discount ticket placed under citizen's arrest for fare evasion or the misuse of a discount ticket before making a disposition of the case. This includes requesting via dispatch that the BART employee arrive at the location where the officer has the suspect(s) detained for fare evasion or the misuse of a discount ticket to in order make a positive identification before making a disposition of the case.

If the officer is unable to locate and detain the suspected fare evader and/or misuse of discount ticket user at or near the scene, then it will not be necessary to contact the BART employee.

### 419.3 LEGAL ISSUES REGARDING FARE EVASION CONTACTS

With the exception of passes and vouchers issued by the District or other electronic payment methods, BART customers are required to have a valid ticket with at least a minimum value (currently $1.75) to enter the paid areas of BART.

Persons obviously attempting to evade fare payment of fare such as using the emergency gate without authorization, jumping the fare gates, or piggybacking are subject to being cited for fare evasion under the Penal Code.

Aside from these obvious examples, there are other situations where a person in the paid area may be cited for fare evasion. Generally, in these contacts the person was brought to the attention of police by a station agent or in the course of an unrelated police contact. One of the key issues in less obvious cases of fare evasion is determining when a person in the paid area can be required to show that he/she has a valid ticket.

Based on recent research and review with the local District Attorney offices in the four counties in which BART serves, sections of the California Civil Code, which include 2186-2188, shall not be used as the basis for establishing reasonable suspicion to detain or probable cause to arrest persons within the BART system. Officers should not require persons to show their fare ticket, unless that officer has already established reasonable suspicion or probable cause regarding fare evasion or any other criminal activity.

Facts are needed to establish both reasonable suspicion and probable cause. Sometimes one fact is sufficient and sometimes it takes a combination of facts. Hunches, instincts, or unsupported conclusions are inadmissible. An officer's subjective feelings or beliefs are
Fare Evasion

immaterial. Specific facts are needed to justify your suspicion and must be articulated in the police report.

Examples where a person should not be required to show his/her ticket include:

- Entering the paid area (without using an authorized method) to use the restroom, buy a newspaper, or use a pay phone
- Waiting in the paid area for an extended period of time
- Inspection of fare tickets during station or train sweeps
- Arbitrarily asking to see a person's ticket while he/she is in the paid areas

Without more facts, a crime has not occurred in the above examples. In order for the officer to develop cause to detain a person, the officer has to be patient and observe the actions of the person to gather more facts. A person who uses the emergency gate to enter the station, buys a newspaper, then proceeds directly to the platform may be detained for fare evasion.

Arbitrarily asking to see someone's ticket may give the perception of profiling. Officers should only ask to see a person's fare ticket after determining that they have reasonable suspicion or probable cause.

It is not automatically fare evasion for a person to lose his or her BART ticket. The District has policies in place which permit for the payment of fare in this type of situation. The officer would have to investigate the circumstances further to develop facts in order to make a determination that a fare evasion has occurred.

Officers must have reasonable suspicion or probable cause to believe that the person has committed some crime or infraction in order to detain and arrest someone and to check his or her ticket. Ultimately, officers should be guided by their training and experience in determining whether reasonable suspicion or probable cause exists for contacting an individual within the paid area.
Cite & Release Policy

420.1 PURPOSE AND SCOPE
Penal Code § 853.6 requires law enforcement agencies to use citation release procedures in lieu of arrest for misdemeanor offenses with certain exceptions. The State Legislature has shown the intent to release all persons on misdemeanor citations, if qualified for such release.

420.2 STATUTORY REQUIREMENTS
Citation releases are authorized by Penal Code § 853.6. Release by citation for misdemeanor offenses can be accomplished in two separate ways:

(a) A field release is when the violator is released in the field without being transported to a jail facility.

(b) A jail release is when a violator is released after being transported to the jail and booked.

420.2.1 DISCRETION TO ARREST
While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot and/or fresh pursuit, while following up on crimes committed within the District, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the District should, when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations the involved officer shall clearly identify him/herself as a police officer.

Officers are authorized to use verbal warnings to resolve minor traffic and criminal violations when appropriate.

420.3 DEPARTMENT PROCEDURE
The following procedure will be followed to comply with this law.

420.3.1 FIELD CITATIONS
In most misdemeanor cases an arrestee 18 years or older may be released on citation provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6 and Penal Code § 1270.1).

420.3.2 JAIL RELEASE
In certain cases, it may be impractical to release a person arrested for misdemeanor offenses in the field. The person arrested may instead be released after booking at the jail, with Watch Commander approval.
Cite & Release Policy

Any person arrested for a misdemeanor offense shall be released on his/her written promise to appear after the booking procedure is completed, unless disqualified for reasons listed below.

420.3.3 DISQUALIFYING CIRCUMSTANCES

A person arrested for a misdemeanor shall be released on a notice to appear unless one of the following situations is present (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.

(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Bay Area Rapid Transit Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).

(c) The person is arrested for one or more of the offenses listed in Vehicle Code §§ 40302, 40303 and 40305.
   1. Any person arrested for any offense listed in Vehicle Code § 40303(b) shall, in the judgment of the arresting officer, either be given a 10 day notice to appear or be taken without delay before a magistrate in the county of arrest.
   2. If a person under Vehicle Code §§ 40303 or 40305 does not have satisfactory identification, the officer may require the individual to provide a right thumbprint (or other finger). However such print may not be used for other than law enforcement purposes.
   3. Should any person arrested on a notice to appear claim under penalty of perjury not to be the person listed in the notice, such person may request that his/her thumbprint be taken for comparison at a fee not to exceed the actual cost of such service.

(d) There are one or more outstanding arrest warrants for the person.

(e) The person could not provide satisfactory evidence of personal identification.

(f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented.

(j) The charges fall under Penal Code § 1270.1 (serious or violent felonies, domestic violence, etc.)
Cite & Release Policy

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be included with the case file in the Records Section.

420.3.4 OTHER REASONS FOR NON-RELEASE
If the person arrested is not released for one or more of the reasons specified in Policy Manual § 420.33, the officer shall state specifically on the booking form the reason for non-release. Such reasons for non-release may include:

(a) Previous failure to appear is on record.
(b) The person lacks ties to the area, such as a residence, job, or family.
(c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation.
(d) Per department policy, persons arrested for battery upon transit personnel will normally be booked unless there are mitigating circumstances that support the release of the subject on a citation, field interview, or reprimand. Any exception to booking shall be approved by the Watch Commander. The authority for non-release is listed in Policy Manual § 420.3.3(g), or any other applicable subsection.

420.3.5 INSTRUCTIONS TO CITED PERSON
The citing officer shall, at the time he/she asks the defendant to sign the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.4 CITATION RELEASE ON MISDEMEANOR WARRANTS
Penal Code § 827.1 allows the release by citation of a person designated in a warrant of arrest unless one of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence
(b) The misdemeanor cited in the warrant involves a firearm
(c) The misdemeanor cited in the warrant involves resisting arrest
(d) The misdemeanor cited in the warrant involves giving false information to a peace officer
(e) The person arrested is a danger to himself or herself or others due to intoxication or being under the influence of drugs or narcotics
(f) The person requires medical examination or medical care or was otherwise unable to care for his or her own safety
(g) The person has other ineligible charges pending against him/her
(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person
(i) The person refuses to sign the notice to appear
(j) The person cannot provide satisfactory evidence of personal identification
(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear

Release under this section shall be done in accordance with the provisions of this section.
420.5 JUVENILE CITATIONS

A Uniform Juvenile Citation (form #0047) is used to provide juvenile suspects a notice to appear for felony violations and misdemeanor non-traffic violations where the juvenile is not booked into a juvenile detention facility. Further instructions may be found in Policy Manual § 344.7.

For infraction as well as misdemeanor traffic cases, in which a citation is issued, the standard Notice to Appear (form #0460) will be used.

In all instances in which a Uniform Juvenile Citation or a Notice to Appear is issued to a juvenile, a report shall also be prepared. All juvenile cases shall be forwarded to the Detective Section for further action, including diversion.

Officers may use discretion and demonstrate diplomacy through verbal and/or written warnings, and through the issuance of citations for 640 PC violations.

(a) Fare Evasion - Refer to policy manual 419 for fare evasion procedures.
(b) Smoking Violations on Trains - Officers shall issue citations for violations of the "no smoking" regulation observed inside BART trains.
(c) Smoking, Eating and Drinking Violations Inside the Paid Area of BART Stations - Officers may exercise discretion in enforcement of "no smoking, eating or drinking"
regulations or violations occurring inside the paid area of BART stations and consider available alternatives including:

1. Issuance of a warning, absent any previous warnings as determined by a records check;
2. Issuance of a citation, if the subject has been previously warned as determined by a records check;
3. Issuance of a citation for a first offense without extending a warning when warranted by the circumstances.

**421.5  DISCOUNT TICKETS**

School administrators should call (510) 464-6406 to request an information packet.

2. Students age 13 to 18 who are enrolled in middle or secondary school, and have no history of vandalism with their school or the BART District are eligible. The orange ticket may be used only for trips to and from school or school-sponsored events, Monday through Friday only. Student must present school ID card or other verifying identification if requested to do so by BART Personnel. A citation from BART Police for violating law or BART rules may result in revocation of program privileges.

**421.5.1  PROCEDURE FOR RED AND GREEN DISCOUNT TICKETS**

Penal Code sections 640 (c)(3)(A) shall be used when taking enforcement action on the use of red, green, or orange discount tickets. Officers who contact a person using a red, green, or orange discount ticket should verify the person’s eligibility through either disability, age, or education requirement.

It shall be the policy of the BART Police Department provide enforcement against the illegal use of red, green, and orange discount tickets. It will also be the policy of this department to use discretion and to demonstrate diplomacy if it becomes necessary to cite a person who has a physical/mental handicap.

If the discount ticket user claims eligibility as a result of a disability, several forms of identification can be presented for proof of eligibility. Acceptable proofs of eligibility include:
Crimes Related to Transit Conduct

- A valid Regional Transit Card
- A California DMV Disabled Veterans placard
- A valid discount card from any California transit operator
- A valid Medicare Card

Station agents and police personnel have discretion to accept other forms of identification that he/she believes is valid. If the discount ticket claims eligibility as a result of a disability, two forms of identification can be used to substantiate the disability. If the discount ticket user cannot substantiate their disability with either of these identification cards, and the officer elects to issue a citation for 640 (c)(3) A PC, the officer shall:

- Instruct the person cited to present an acceptable form of identification with the citation to a BART Police Department officer at any BART station within the five day grace period from the issuance date of the citation.
- Inform the person that only BART Police Department officers can verify the possession of valid identification cards for this particular purpose.
- Give the person cited the five day grace period advisement notice along with a copy of the citation.

In accordance to 640 (c)(3)(B) PC, in the event that an eligible discount ticket user is not in possession of acceptable proof at the time of request, any citation issued shall be held for a period of 72 hours to allow the user to produce acceptable proof. If the proof is provided, the citation shall be voided. If the proof is not produced within that time period, the citation shall be processed. Though 72 hours is the minimum mandated by the law this department will allow up to 5 days before taking the following steps whenever he/she is requested to verify the individual's transit discount identification card:

(a) Verify that the card was issued to the bearer, and is currently in effect. It is not necessary that the ID card was valid at the time the citation was issued.

(b) The retrieved citation will be placed back into the "five day hold" citation box before the officer goes off duty.

(c) Direct reporting officers will give verified citations to their supervisor who will place citation in the "five day hold" box.

(d) The Traffic Officer will send all such verified 640 (c)(3)(A) PC citations to the court requesting dismissal.

(e) Once the court returns the disposition of the request, the Traffic Officer will notify the subject via mail of the court's disposition.

Individuals seeking discount card verification on citations received outside the five working day grace period shall be informed that the matter will have to be adjudicated in a court of law. In such cases, the officer will not accept the citation.
Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE
Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person’s detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the U.S. Department of State website.

422.1.1 DEFINITIONS
Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS
Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY
The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

422.3.1 DIPLOMATIC AGENTS
Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic

agents enjoy these same immunities. Currently there are no diplomatic agents permanently assigned to California; but they do occasionally visit the state.

422.3.2 CONSULAR OFFICERS
Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

There are approximately 600 consular officers in California, with most located in Los Angeles, San Francisco and San Diego.

422.3.3 HONORARY CONSULS
Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity. There are less than 100 honorary consuls in California.

422.4 IDENTIFICATION
All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state. Additionally they may have California credentials issued by the California Emergency Management Agency (Cal EMA).

422.4.1 VEHICLE REGISTRATION
Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have California license plates with an "honorary consul" label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.
422.5 ENFORCEMENT PROCEDURES
The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES
An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

(a) Identification documents are to be requested of the claimant
(b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear
(c) The claimant shall be requested to sign the notice to appear. If the claimant refuses, the identity and immunity status of the individual shall be conclusively established
(d) Verified diplomatic agents and consular officers, including staff and family members from countries with which the U.S. has special agreements, are not required to sign the Notice to Appear. The word "Refused" shall be entered in the signature box, and the violator shall be released
(e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the Notice to Appear, but a signature shall not be required if their immunity status is uncertain
(f) All other claimants are subject to the provisions of Vehicle Code § 40302(b) and policy and procedures outlined in this chapter
(g) The violator shall be provided with the appropriate copy of the notice to appear

422.5.2 IN-CUSTODY ARRESTS
Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.6 of this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

(a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered). The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.

(b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an
individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by California Emergency Management Agency (Cal EMA), local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.
422.6 TRAFFIC COLLISIONS
Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Collision Report. The actual driver license class (e.g., 1, 2, 3, or A, B, C, M) shall be entered in the miscellaneous box on page two of the traffic report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES
Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS
A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Watch Commander/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY
These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Officers shall arrest foreign nationals only under the following circumstances:

(a) There is a valid warrant issued for the person's arrest

(b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance

(c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the officer's presence

After a lawful detention or criminal arrest, officers may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Officers shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

* Officers shall not stop or detain persons solely for determining immigration status.
Arrest or Detention of Foreign Nationals

- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.

- Whenever an officer arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the officer shall promptly advise the individual that he/she is entitled to have his/her government notified of the arrest or detention. (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact the Communications Center as soon as practical and request the appropriate embassy/consulate be notified. Officers shall provide the Communications Center with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide the Communications Center with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the U.S. Department of State website.

422.7.2 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time the Communications Center was notified of the foreign national's arrest/detention and his/her claimed nationality.
San Francisco Arrest Procedures Involving, Narcotics, Misdemeanor In-Custody Reports and Non-Traffic Misdemeanor Citations

423.1 PURPOSE AND SCOPE
To establish a uniform procedure for the disposition of San Francisco arrest cases and cases where evidence has been logged into the San Francisco Police Department Property Control Section.

423.2 DEFINITIONS

The Outside Agency Incident Case Number shall be included prior to the police report narrative.

The arresting officer will be responsible for the weighing, packaging and booking of all narcotic evidence. The evidence will be left in the evidence drop box located at SFPD, 850 Bryant St.

423.4 PRISONERS BOOKED AT SAN FRANCISCO SHERIFF'S DEPARTMENT JAIL
On any case where a suspect is to be booked at a San Francisco Sheriff's Department facility, the officer originating the case shall contact San Francisco Police Department Records Section at 1-415-575-0737. The officer shall request an Outside Agency Incident Case Number from the Records Clerk. This number must be furnished to the Sheriff's Department Personnel when the suspect is booked. San Francisco Arrest Procedures Involving, Narcotics, Misdemeanor In-Custody Reports and Non-Traffic Misdemeanor Citations

### 423.6 NON-BOOKING OFFENSES AND FELONY OFFENSES

On any requests for criminal complaints through the San Francisco District Attorney's Office, the assigned investigator shall make certain an Outside Incident Case Number has been obtained and is included prior to the narrative of the report. If the number has not previously been obtained, the assigned investigator shall obtain the number from San Francisco Police Department Records Bureau prior to delivering the report to the District Attorney's Office of the Police Department. The number will be reflected in a follow-up report in order that the case can be tracked.
Reporting Police Activity Outside of Jurisdiction

426.1 PURPOSE AND SCOPE
This policy provides general guidelines for reporting police activity while on or off-duty and occurring outside the jurisdiction of the Bay Area Rapid Transit Police Department.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE DISTRICT
When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Watch Commander. If the request is of an emergency nature, the officer shall notify the Communications Center before responding and thereafter notify a supervisor as soon as practical.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE DISTRICT
Any on-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of BART shall notify his or her supervisor or the Watch Commander at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction shall notify the Watch Commander as soon as practical.

The involved officer(s) will complete a case report or other documentation of the their activity. The report or other documentation shall be forwarded to the officer's Bureau Deputy Chief via the chain of command.
Immigration Violations

428.1 PURPOSE AND SCOPE
The immigration status of individuals alone is generally not a matter for police action. It is incumbent upon all employees of this department to make a personal commitment to equal enforcement of the law and equal service to the public regardless of immigration status. Confidence in this commitment will increase the effectiveness of the Department in protecting and serving the entire community.

428.2 DEPARTMENT POLICY
The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code dealing with illegal entry. When assisting ICE at its specific request, or when suspected criminal violations are discovered as a result of inquiry or investigation based on probable cause originating from activities other than the isolated violations of Title 8, U.S.C., §§ 1304, 1324, 1325 and 1326, this department may assist in the enforcement of federal immigration laws.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS
Persons wishing to report immigration violations should be referred to the local office of the U.S. Immigration and Customs Enforcement (ICE). The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of Title 8, United States Code.

428.3.1 BASIS FOR CONTACT
Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of being an undocumented alien shall not be the sole basis for contact, detention, or arrest.

428.3.2 SWEEPS
The Bay Area Rapid Transit Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.

428.3.3 ICE REQUEST FOR ASSISTANCE
If a specific request is made by ICE or any other federal agency, this department will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation.

Members of this department should not participate in such federal operations as part of any detention team unless it is in direct response to a request for assistance on a temporary basis or for officer safety. Any detention by a member of this department should be based upon the reasonable belief that an individual is involved in criminal activity.
428.3.4 IDENTIFICATION
Whenever any individual is reasonably suspected of a criminal violation (infraction, misdemeanor or felony), the investigating officer should take reasonable steps to determine the person’s identity through valid identification or other reliable sources.

If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person’s identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

428.3.5 ARREST
If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation (see Vehicle Code § 40302(a) and Penal Code § 836, if pertinent to the circumstances). A field supervisor shall approve all such arrests.

428.3.6 BOOKING
If the officer is unable to reasonably establish an arrestee’s identity, the individual may, upon approval of a supervisor, be booked into jail for the suspected criminal violation and held for bail.

A person detained exclusively pursuant to the authority of Vehicle Code § 40302(a) for any Vehicle Code infraction or misdemeanor shall not be detained beyond two hours for the purpose of establishing his/her true identity. Regardless of the status of that person’s identity at the expiration of two hours, he/she shall be released on his/her signature with a promise to appear in court for the Vehicle Code infraction or misdemeanor involved.

428.3.7 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT
Whenever an officer has reason to believe that any person arrested for any offense listed in Health & Safety Code §11369 or any other felony may not be a citizen of the United States and the individual is not going to be booked into county jail, the arresting officer shall cause ICE to be notified for consideration of an immigration hold.

If an officer has an articulable belief that an individual taken into custody for any misdemeanor is an undocumented alien, and after he/she is formally booked there is no intention to transport to the county jail, ICE may be informed by the arresting officer so that ICE may consider placing an immigration hold on the individual.

In making the determination whether to notify ICE in such circumstances, the officer should, in consultation with a supervisor, consider the totality of circumstances of each case, including, but not limited to:

(a) Seriousness of the offense
(b) Community safety
(c) Potential burden on ICE
(d) Impact on the immigrant community

Generally, officers will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges and notification will be handled according to jail operation procedures.
428.4 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The Bay Area Rapid Transit Police Department is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any person. The decision to arrest shall be based upon those factors which establish probable cause and not on arbitrary aspects. Race, ethnicity, age, gender, sexual orientation, religion, and socioeconomic status alone are of no bearing on the decision to arrest.

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Members should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them absent exigent circumstances or reasonable cause to believe that a crime victim or witness is involved in violating criminal laws. Generally, if an officer suspects that a victim or witness is an undocumented immigrant, the officer need not report the person to ICE unless circumstances indicate such reporting is reasonably necessary.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information with any other federal, state or local government entity (Title 8 U.S.C. §1373 and 8 U.S.C. § 1644).

428.4.1 U-VISA/T-VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U) or 8 USC § 1101(a)(15)(T)). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services must be completed on the appropriate U.S. DHS Form supplements (I-918 or I-914) by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded in a timely manner to the Criminal Investigations Section sergeant assigned to supervise the handling of any related case. The Criminal Investigations Section sergeant should do the following:

(a) Consult with the assigned detective to determine the current status of any related case and whether a supplemental report is warranted.

(b) Review the instructions for completing the declaration/certification if necessary. Instructions for completing Forms I-918/I-914 can be found on the U.S. DHS website at http://www.uscis.gov/portal/site/uscis.

(c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.

(d) Address the request and complete the declaration/certification, if appropriate, in a timely manner.

(e) Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed certification in the case file.

428.4.2 HUMAN TRAFFICKING T-VISA

Officers and their supervisors who are assigned to investigate a case of human trafficking shall complete the above process and documents needed for a T-Visa application within 15 business days of the first encounter with the victim, whether or not it is requested by the victim (Penal Code § 236.5).

(f) When authorized or requested by a supervisor
Patrol Rifle Operator Program

432.6.1 PATROL RIFLE DEPLOYMENT REPORTING
Whenever an employee deploys a patrol rifle during the performance of his/her duty in the presence of bystanders or to defend, detain, or to take any person into custody, an account of the incident shall be made in a police report. The employee should include in the narrative of the report how the weapon was used in the incident, as well as justification for such action. The documentation of how the patrol rifle was used should include information on how the weapon was presented. Examples of such documentation include, but are not limited to; the rifle was held at a low-ready position or pointed directly at a person.

432.7 DISCHARGE OF THE PATROL RIFLE
The discharge of the patrol rifle shall be governed by the Department's Deadly Force Policy, Policy Manual § 300.

432.8 RIFLE MAINTENANCE
Primary responsibility for maintenance of patrol rifles shall fall on the individual patrol rifle operator. No modification shall be made to any patrol rifle without prior written authorization from the Rangemaster or designee.

Any patrol rifle that is found to be malfunctioning or needing service shall not be carried and shall be promptly presented to an armorer-trained member of the range staff for inspection. Any weapon determined to be in need of service or repair during the inspection will be immediately removed from service. If a replacement rifle is available, it may be issued to the individual until the duty weapon is again rendered serviceable. However, the replacement rifle cannot be carried on duty until after the patrol rifle operator qualifies with it.

432.9 RIFLE STORAGE
Patrol rifles shall be stored in the trunk vault or removed from vehicles whenever:

- The vehicle will not be driven on the on-coming shift;
- The on-coming employee is not a patrol rifle or SWAT operator.

When not in use, patrol rifles will be stored in a gun safe or locked locker in the following condition:

Aircraft Accidents

434.1  PURPOSE AND SCOPE
This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

434.2  RESPONSIBILITIES
In the event of an aircraft crash the employee responsibilities are as follows:

434.2.1  OFFICER RESPONSIBILITY
Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

(a) Determine the nature and extent of the accident.
(b) Request additional personnel and other resources to respond as needed.
(c) Provide assistance for the injured parties until the arrival of Fire Department personnel and/or other emergency personnel.
(d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
(e) Provide crowd control and other assistance until directed otherwise by a supervisor.
(f) Ensure the Coroner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The Fire Department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

434.2.2  NATIONAL TRANSPORTATION SAFETY BOARD
The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident,
Aircraft Accidents

the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

434.2.3 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

(a) Fire Department
(b) The affected airport tower
(c) Closest military base if a military aircraft is involved
(d) Ambulances or other assistance as required

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

434.2.4 RECORDS SUPERVISOR RESPONSIBILITIES

The Records Supervisor is responsible for the following:

(a) Forward and maintain an approved copy of the accident report to the California Department of Aeronautics
(b) Forward a copy of the report to the Operations Bureau Deputy Chief and the manager of the affected airport

434.2.5 MEDIA AND PUBLIC AFFAIRS MANAGER RESPONSIBILITIES

The Department Media and Public Affairs Manager is responsible for the following:

(a) Obtain information for a press release from the on-scene commander or his or her designee
(b) When practical, the Department Media and Public Affairs Manager should coordinate with the FAA Press Information Officer to prepare a press release for distribution to the Media
Aircraft Accidents

Information released to the press regarding any aircraft accident should be handled by the Department Media and Public Affairs Manager or in accordance with existing policy. The Media and Public Affairs Manager should coordinate the release of such information with the FAA Press Information Officer.

434.3 DOCUMENTATION
Any aircraft accident (crash) within the District, regardless of whether injuries or deaths occur, shall be documented.
Field Training Program

436.3.1 FIELD TRAINING PROGRAM SUPERVISORS
The Operations Bureau Deputy Chief, or his/her designee, will appoint a sufficient number of FTO supervisors to effectively monitor the daily workings of the FTO program. These supervisors will be selected from the rank of sergeant and shall possess a POST Supervisory Certificate. Ideally, these supervisors will have performed duties as field training officers during their careers and will be well versed in the intricacies of the FTO program.
Field Training Program

The FTO supervisor shall review and approve the Daily Trainee Performance Evaluations and forward them to the field training administrator. Using the daily evaluations, the supervisor will also prepare a statistical report on each assigned trainee, tracking performance in each evaluated category. This report will be used to identify performance trends that need to be addressed while the officer is assigned to the training program.

FTO supervisors will be responsible for the following:

(a) Assignment of trainees to FTOs. In the event of a field training schedule change, the FTO sergeant shall make notification to the effected zone sergeants, and/or watch commander.

(b) Review and sign trainee evaluations, forward the original to the program coordinator, and place a copy of the evaluation and any reports, memos, and tests into the trainee's field training folder. The program coordinator will forward the original evaluation into the trainee's personnel file in accordance with department and District rules, regulations, and policies.

(c) Meet with assigned trainees every four to six weeks for performance discussions or anytime there is a serious performance issue and/or trend. The purpose of the meeting will be to provide guidance, input, retraining, or to place the trainee on notice. Discussions shall be documented in a memo and submitted to the FTO coordinator.

(d) Administer quizzes and written tests in a timely manner. The FTO supervisor will ensure that any material related to an upcoming quiz has been documented in the trainee's manual prior to the trainee taking the quiz. No quiz shall be faxed or mailed to a location.

(e) Monitor individual FTO performance and conduct within their respective zones. Preparation of quarterly performance evaluations while the trainee is in the FTO program and for the duration of the officer's probationary period.

(f) Ensure that all sections of the training manual, including all beat/zone orientation checklists, are completed prior to the beginning of the shadow phase of the training period.

436.4 FIELD TRAINING OFFICER
FTOs shall maintain professionalism, and refrain from expressing their differences of opinions regarding policies and procedures to their trainee officers. Any differences of opinions shall be brought to the attention of the FTO staff.

Field training officers, after successfully completing training, shall wear two chevrons on their uniform shirts. These chevrons do not confer rank or supervisory status upon the wearer except in the limited sense of supervision over the activities of officers in training assigned directly to them while in the FTO program.

All officers in training status should report directly to and utilize their assigned FTO as the first step in their chain of command. FTOs shall immediately report any major deficiencies with their trainees to the assigned FTO supervisor.

After the FTO’s completion period with a trainee, the FTO will notify the trainee’s next FTO as to the trainee’s progress. This notification can be made via oral, written, telephone, e-mail or text communication.

During the shadow phase of the training period, the FTO, except during exigent circumstances, shall have the appearance of a passively interested bystander and should not become directly involved in situations.
436.4.1 REPORTS AND EVALUATIONS
FTOs shall follow the report writing guidelines per Policy 344. FTOs are to approve non-in-custody reports which do not involve the use of force for their trainees. All in-custody reports and reports involving the use of force are to be approved by a supervisor.

Unless FTO supervisor approval is granted, all reports generated by the FTO/trainee will be completed and approved by the end of the second work day. Examples: a) if the FTO has a trainee for two days, then reports generated during the first day are to be completed and approved by the end of the second work day; b) if the FTO has a trainee for one day, then the reports are to completed and approved at the end of that shift.

With supervisor approval, overtime may be granted for the completion and approval of outstanding reports due to calls for service or cases generated toward the end of the shift that occur on the last day.

The FTO shall attach copies of all citations with case numbers, non-Alliance system documents, and the narrative & property/evidence sections of reports from the Alliance system to the trainee's evaluation.

Evaluations are an important component of the training process and shall be completed as outlined below:

(a) FTOs shall complete and submit a written evaluation for each day of training, documenting the performance of their assigned trainee, to the assigned FTO supervisor. FTOs will evaluate trainees based on the "solo beat officer" standard. FTOs shall ensure that their evaluations have the correct ratings, and are free of spelling and/or grammatical errors. These performance evaluations shall be prepared on the departmental computerized form, and will cover all aspects of the training provided.

(b) All evaluations shall be discussed with the trainee, then signed by the field training officer and the trainee. A completed copy of each evaluation shall be sent via department e-mail to the trainee's field training sergeant and FTO coordinator no later than 48 hours after the evaluation's training date (FTO regular days off excluded).

436.4.2 FIELD TRAINING MANUAL
FTOs shall be responsible for the completion of signing off all topics contained in the Field Training Manual, including the beat/zone orientation checklist, noting the method(s) of learning and evaluating the performance of their assigned trainee. The training officers will also ensure that their name is placed on the POST certificate of completion page in the trainee's manual.

436.4.3 RETENTION
Any member of the field training program may be removed from the program by the Chief of Police. Reasons for removal include:

• Engages in unlawful or unprofessional behavior
• Fails to adhere to the rules and regulations of this policy
• Demonstrates a pattern of unsafe or unacceptable police practices
• Is a principal in any departmental investigation which results in a sustained finding
• Has substandard ratings on departmental performance evaluations
• Voluntarily withdraws from the FTO program
Field Training Program

Any FTO or supervisor wishing to withdraw from the program voluntarily should submit a memorandum, via the chain of command, directed to the Operations Bureau Deputy Chief. Those FTOs or supervisors withdrawing voluntarily or involuntarily from the program may be readmitted when new openings occur by going through the selection process again.

The FTO staff will make a recommendation as to whether to reinstate the FTO. The final determination will rest with the Chief of Police. Returning FTOs must also participate in a two week patrol orientation with a field training officer prior to being assigned trainees.

The FTO coordinator will make a recommendation to the command staff as to whether to reinstate an FTO supervisor. The final determination will rest with the Chief of Police.

436.4.4 TIME OFF REQUESTS
FTOs will not be granted compensatory time off or discretionary time off while assigned to a trainee unless all of the following conditions are fulfilled:

- The assigned FTO must locate and assign a certified FTO for the date(s) of the time off request. Email or phone message notification must be made to the FTO's supervisor of the change.
- The FTO must receive permission from his/her supervisor for the time off and make an email or phone message notification to the trainees FTO supervisor of the time off request.

The FTO requesting the time off is solely responsible for completing the aforementioned conditions. Time off requests by the trainee while in the FTO program will be approved by the FTO coordinator on a case-by-case basis.

436.5 TRAINEE DEFINED
Any entry level or lateral police officer newly appointed to this department who has successfully completed a POST approved Basic Academy.

436.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Bay Area Rapid Transit Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations adopted by the Bay Area Rapid Transit Police Department.

The trainee will bring the FTO manual to work each day of the training program. The manual contains training objectives and instructional materials pertaining to each geographic area of the District and each phase of training.

The FTO will work with the trainee to document training provided in each performance category in the training manual. The FTO supervisor shall review the trainee's manual periodically to ensure that the trainee is making satisfactory progress in the program.

At the completion of the trainee's training period in the FTO program, the FTO manual is to be turned over to the FTO coordinator for filing.
436.5.2 REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of twelve (12) weeks. The training period for a lateral officer may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of ten (10) weeks.

436.5.3 TRAINEE RESPONSIBILITIES
Trainee officer should review and acknowledge each daily evaluation with his/her assigned FTO. If the trainee has any questions or concerns regarding the content of the evaluation, he/she should indicate on the evaluation that he/she wishes to discuss the matter with the field training supervisor.

At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTO's and on the Field Training Program.

436.6 DOCUMENTATION
All documentation of the Field Training Program will be retained in the officer's training file and will consist of the following:

(a) Daily Trainee Performance Evaluations.
(b) Quiz and test results.
(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training.
Obtaining Helicopter Assistance

438.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

438.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

438.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

438.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Field Interviews & Photographing of Field Detainees

440.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to him/her at the time of the detention.

440.2 DEFINITIONS
Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

440.3 FIELD INTERVIEWS
Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

(a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.

(b) The actions of the suspect suggest that he/she is engaged in a criminal activity.

(c) The hour of day or night is inappropriate for the suspect's presence in the area.
(d) The suspect's presence in the particular area is suspicious.

(e) The suspect is carrying a suspicious object.

(f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.

(g) The suspect is located in proximate time and place to an alleged crime.

(h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

**440.3.1 INITIATING A FIELD INTERVIEW**

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Bay Area Rapid Transit Police Department to strengthen our community involvement, community awareness and problem identification.

**440.3.2 WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.

   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

**440.4 PAT-DOWN SEARCHES**

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:
Field Interviews & Photographing of Field Detainees

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
(e) The appearance and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
(g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

440.5 FIELD PHOTOGRAPHS
Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

440.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

440.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

440.6 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

440.7 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other memorandum explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.
Bay Area Rapid Transit Police Department
Policy Manual

Field Interviews & Photographing of Field Detainees

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

(a) If the photo and associated FI or memorandum is relevant to criminal street gang enforcement, the Watch Commander will forward the photo and documents to the Criminal Investigations Supervisor. The Criminal Investigations Supervisor will ensure the photograph and supporting documents are retained as prescribed by Policy § 442.

(b) Photographs that do not qualify for Criminal Street Gang file retention or which are not evidence in an investigation with an assigned case number should be forwarded to the Records Section. These photographs will be purged as described in Policy § 440.7.1.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in the Records Section in a separate non-booking photograph file in alphabetical order.

440.7.1 PURGING THE FIELD PHOTO FILE

The Investigations Section Supervisor will be responsible for periodically purging and destroying all such photographs more than five-years-old. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than five-years provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

440.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

440.8.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph/FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her designee to discuss the matter.

After carefully considering the information available, the Chief of Police or designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and Department policy and, even if properly
obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI.

If the Chief of Police or his/her designee determines that the photograph/FI was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or Department policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to department policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI no longer exists or that the original F/I was not obtained in accordance with established law or Department policy, the original F/I may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.

If the Chief of Police or his/her designee determines that any Department personnel violated existing law or department policy, the Chief of Police or designee shall initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employees.

The person photographed/F'I'd will be informed in writing within 30 days of the Chief of Police's determination whether or not the photograph/FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.
Criminal Street Gangs

442.1 PURPOSE AND SCOPE
It is the policy of this department to establish a procedure for identifying criminal street gangs, participants of criminal street gangs, and patterns of criminal activity as outlined in Penal Code § 186.20 through Penal Code § 186.33 of the "Street Terrorism Enforcement and Prevention Act."

The intent of this policy is to provide for the collection and management of criminal street gang information so as to enhance officer safety and the criminal prosecution of criminal street gang participants. This policy is not intended or designed to establish a formal gang intelligence database.

442.2 DEFINITIONS
Pattern of Criminal Gang Activity - The commission, attempted commission, conspiracy to commit, sustained juvenile petition for, or conviction of two or more of any offenses as described in Penal Code § 186.22(e).

Criminal Street Gang - Any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the criminal acts enumerated in Penal Code § 186.22(e), and which has a common name or common identifying sign or symbol, and whose members individually or collectively engage or have engaged in a pattern of criminal street gang activity.

Gang Related Crime - Any crime, which is committed for the benefit of, at the direction of, or in association with, a criminal street gang with the intent to promote, further or assist any criminal street gang.

442.3 IDENTIFICATION OF CRIMINAL STREET GANGS / PARTICIPANTS
The Gang Information Unit shall be authorized to collect information on individuals who are suspected of participating in a criminal street gang and groups that are suspected of being criminal street gangs.

(a) A group of three or more individuals shall be designated a criminal street gang when:
   1. They have a common name or common identifying sign or symbol.
   2. There is evidence, substantiated by crime and informational reports, that a primary activity of the group is the commission of one or more criminal acts enumerated in Policy Manual § 442.2.
   3. One or more members individually or collectively have engaged in a pattern of criminal gang activity as defined in Policy Manual § 442.2 of this policy.
   4. A designated representative of the District Attorney's Office reviews the available evidence and concurs with a Department finding that the group meets the criteria for being a criminal street gang.

(b) An individual shall be designated as a participant in a criminal street gang and included in a gang file, when one or more of the following elements have been verified by a Gang Information Unit member and a reasonable basis for believing such affiliation has been established and approved by a supervisor:
Criminal Street Gangs

1. An individual admits membership in a criminal street gang.
2. A reliable informant or known gang member identifies an individual as a participant in a criminal street gang.
3. An informant of previously untested reliability identifies an individual as a participant in a criminal street gang when that identification is corroborated by independent information.
4. An individual resides in or frequents a particular criminal street gang's area, and affects their style of dress, color of dress, use of jewelry, tattoos, monikers, or any other identifiable mannerism associated to that particular criminal street gang, and where the officer documents reasonable suspicion that the individual is involved in criminal gang activity or enterprise.
5. A person has been arrested in the company of identified criminal street gang members for offenses that are consistent with criminal street gang activity or criminal street gang related crimes.
6. An individual is identified as a gang member in a criminal street gang document or the individual is depicted in a criminal street gang member's photograph(s) in such a manner as to clearly indicate membership in a criminal street gang.
7. An individual otherwise meets the criteria of a criminal street gang participant under the guidelines of a department approved gang intelligence database and/or 28 C.F.R. 23.20.

(c) An individual may be designated as a gang affiliate only when the individual is known to affiliate with active criminal gang members and an officer has established that there is reasonable suspicion that the individual is involved in criminal activity. An officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience, rather than a mere hunch or whim.

442.4 CRIMINAL STREET GANG TEMPORARY FILE

The Gang Unit Supervisor may maintain a temporary file of reports and FIs that is separate from any criminal gang intelligence database when an individual or group has been identified as a suspected criminal street gang participant or a suspected criminal street gang but does not meet the criteria necessary for entry into a criminal gang intelligence database.

Inclusion in a temporary file may be done only if there is a reasonable likelihood that, within one year of the contact, the individual or group will meet the criteria for entry into a department approved criminal gang intelligence database. Reports and FIs will only be included in a temporary gang file with the written authorization of the Gang Unit Supervisor. A temporary file of criminal street gang participants or criminal street gangs shall include:

(a) Names, aliases, monikers, addresses, and other relevant identifying information.
(b) Gang name.
(c) Justification used to identify an individual as a criminal street gang participant.
(d) Vehicle(s) known to be used.
(e) Cross references to other identified gangs or gang members.
442.4.1 REVIEW AND PURGING OF GANG PARTICIPANT FILE
Temporary files shall not be retained longer than one year. At the end of one year, temporary files must be purged if the information does not qualify for entry into a department approved criminal gang intelligence database.

The Gang Unit Supervisor shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal street gang files is the responsibility of the Gang Unit Supervisor.

442.4.2 CRIMINAL GANG INTELLIGENCE DATABASES
While this policy does not establish a criminal gang intelligence database, the Chief of Police may approve one or more criminal gang intelligence databases, such as CALGANG, for use by members of the Gang Unit. Any such database should be compliant with 28 C.F.R. § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the Gang Unit Supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into a department approved criminal gang intelligence database. The Gang Unit Supervisor should forward any such reports or FIs to the Records Section after appropriate database entries are made. The submitting Gang Unit Supervisor should clearly mark the report/FI as Gang Intelligence Information.

It is the responsibility of the Records Section Supervisor to retain reports and FIs in compliance with the procedures of the department approved criminal gang intelligence database and 28 C.F.R. § 23.20. The Records Section Supervisor may not purge these reports or FIs without the approval of the Gang Unit Supervisor.

442.5 FIELD CONTACTS
Officers who contact individuals who are, or may be participants in criminal street gang activity should complete a FI card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant (e.g., subject states he or she is a member of XYZ gang; XYZ tattoo on right hand near thumb; wearing ball cap with gang name printed in blue or red ink).

Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of Policy Manual § 440 (Photographing of Field Detainees).

442.6 INQUIRY BY PARENT OR GUARDIAN
When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the temporary criminal street gang participant's file, such information shall be provided by the unit supervisor, unless there is good cause to believe that the release of such information may jeopardize an ongoing criminal investigation.

Employees must observe strict compliance with the rules of a department approved gang intelligence database regarding release of information from that database.

442.7 DISSEMINATIONS OF THE FILE INFORMATION
Information from the temporary criminal street gang participant files may only be furnished to Department personnel and other public law enforcement agencies on a need-to-know basis. This means information that may be of use in the prevention of gang-related criminal activity
Criminal Street Gangs

or information concerning the investigation of gang-related crimes shall only be released to members of this department and other law enforcement agencies.

Information from any department approved gang intelligence file must only be released in compliance with the rules for that particular database.

442.8 REPORTING CRITERIA AND ROUTING
Incidents that appear to be criminal street gang related shall be documented on a report form and shall at minimum include the following:

(a) A description of any document, statements, actions, dress or other information that would tend to support the officer's belief that the incident may be related to the activities of a criminal street gang.

(b) Whether any photographs were taken and a brief description of what they depict.

(c) What physical evidence, if any, was observed, collected or booked.

(d) A specific request to that a copy of the report be routed to the Gang Unit.

Any photographs taken or evidence collected shall be booked in accordance with current evidence booking procedures.
Watch Commanders

444.1 PURPOSE AND SCOPE  
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

444.2 DESIGNATION AS ACTING WATCH COMMANDER  
When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as acting Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

444.3 WATCH COMMANDERS DUTIES  
The following are a list of Watch Commanders duties. Other duties may be assigned as needed by a Deputy Chief or Chief of Police.

• Notify the Chief and Operations Bureau Deputy Chief of any significant case(s).
• Report significant security concerns to TSA. As required by 49 C.F.R.§1580.203(b), the TSA’s Transportation Security Operations Center (TSOC) will immediately be notified telephonically by the Watch Commander during any incident involving any potential threats or significant security concerns. The telephone number for the TSOC is 1-866-615-5150.
• Respond to Central to coordinate BPD activity if necessary
• Take care of daily log for assigned shift
• Approve call outs for K-9 use by outside agencies
• Accept or refer IA complaints
• Verbally update relief Watch Commander
• Ensure proper info is received and dispatched to patrol
• Notify Communications Department of inquiries from press regarding BPD activity prior to releasing information.
• Handle logistics request during emergencies
• Activating EOC if required
• Take sick calls and make BAP entries.
• Monitor overtime and inverse to fill empty assignments.
• Monitor Alliance report queue and approvals.
• Call out Detectives for in-custody Part I crimes and significant cases.
• Monitor Alameda County PC declarations for approval status.
• Document circumstances surrounding incidents that involve train delays of 30 minutes or more in an email message to the Operations Bureau Deputy Chief and Chief of Police.
Mobile Data Computers Use

448.1 PURPOSE AND SCOPE
The Mobile Data Computers (MDC) accesses confidential records from the State of California, Department of Justice and Department of Motor Vehicles databases. Employees using the MDC shall comply with all appropriate federal and state rules and regulations.

448.2 MDC USE
The MDC shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the Department are strictly forbidden.

Messages may be reviewed by supervisors at anytime without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice and MDC unless otherwise authorized by the Watch Commander.

448.2.1 USE WHILE DRIVING
Use of the MDC by the operator should be limited to times when the vehicle is stopped. Sending or reading MDC messages while a vehicle is in motion is a potentially dangerous practice. Short transmissions, such as entry of a license number for a stolen or registration check are permitted if they can be done safely. Reading messages while in motion by the operator should only be attempted when the message requires the operator's immediate attention. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

448.2.2 DOCUMENTATION OF ACTIVITY
MDC's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

(a) All contacts or activity shall be documented at the time of the contact;
(b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher;
(c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDC.

448.2.3 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the police radio or through the MDC system.

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status may be entered by depressing the appropriate keys on the MDC's.
448.2.4 EMERGENCY ACTIVATION OF MDC
If the emergency button is depressed on the MDC, the dispatcher will call the unit and ask if Code-4. If there is no emergency, then he/she should answer "Code-4" and all units will resume their normal activity. If there is no response or the officer answers in some other way, the dispatcher shall proceed as follows:

(a) If the unit is not on a call, send available units to assist in locating the unit transmitting the emergency. Whenever a location is known, immediately dispatch the nearest available unit Code-3.

(b) Notify the field sergeant and Watch Commander of the incident without delay.

Units not responding to the emergency shall refrain from transmitting on the radio until there is a Code-4, unless they are themselves handling an emergency.

448.3 MDC CONSIDERATIONS

448.3.1 NON-FUNCTIONING MDC
Whenever possible, officers will not use units with malfunctioning MDC's. Whenever officers must drive a unit in which the MDC is not working, they shall notify the Communications Center. It shall be responsibility of the Communications Center to record all information that will then be transmitted verbally over the police radio.

448.3.2 BOMB CALLS
When investigating reports of possible bombs, officers will turn off their MDC's. Operating the MDC may cause some devices to detonate.
Use of Audio Recorders

450.1 PURPOSE AND SCOPE
This department allows its sworn members to use audio recorders while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an unbiased audio record of a contact.

450.2 OFFICER RESPONSIBILITIES
Audio recorders may be used to record statements given by victims, witnesses, reporting parties, involved parties, and suspects. Recordings should not be made surreptitiously unless authorized by the applicable district attorney's office (see Section 450.4 below).

At the beginning of any recording, the officer should attempt to dictate his/her name, serial number and the current date and time. At the conclusion of the recording, the officer should attempt to dictate the ending date and time.

Each officer shall be responsible for maintaining his/her own recordings until the media is either full or placed into evidence/safekeeping.

450.3 ACTIVATION OF THE AUDIO RECORDER
Penal Code § 632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential. Penal Code § 633 expressly exempts certain law enforcement officers from this prohibition during the course of a criminal investigation. This exemption does not include officers of this department. If it is determined that surreptitiously recording a private or confidential conversation would be beneficial in the prosecuting of a criminal act(s), this department must obtain written permission from the appropriate District Attorney's office allowing the recording. This written permission must be obtained for each potential recording or for each investigation, as specifically approved by the District Attorney's office.

Conversations of a suspect or suspects being detained in a patrol car or holding cell, for example, are not normally considered private or confidential.

Additionally:

(a) No member of this department may surreptitiously record a conversation of any other member of this department without the expressed knowledge and consent of all parties. Nothing in this section is intended to interfere with an officer's right to openly record any interrogation pursuant to Government Code § 3303(g).

(b) Any officer of this department may record any statement or conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation, as long as the requirements of Penal Code § 632 are followed or are lawfully exempted through the District Attorney's office.

1. For the purpose of this policy, any uniformed officer contacting an individual suspected of violating any law or during the course of any official law enforcement related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with other employees conducted solely for administrative purposes.
2. For the purpose of this policy, it shall further be presumed that any individual contacted by a uniformed officer wearing a conspicuously mounted audio recorder will have knowledge that such a contact is being recorded.

450.4 RETENTION OF RECORDING MEDIA
At any time that an officer records any portion of a contact which the officer reasonably believes constitutes evidence in a criminal case; the officer shall record the related case number and book the recording media into evidence or download the file in accordance with current procedure for storing digital files. A second recording shall also be forwarded to the Detective Section for any case that requires follow-up or the filing of charges.

(a) The officer shall further note in any related report that the recording has been placed into evidence.

(b) Recording media placed into evidence shall be retained through the final disposition of the related criminal case.

450.4.1 NON-CRIMINAL MATTER
At any time that an officer reasonably believes that a recorded contact may be of benefit in a non-criminal matter (e.g., a hostile contact), the officer may book the recording media into safekeeping or download the file in accordance with current procedure for storing digital files.

(a) Under such circumstances, the officer shall notify a supervisor of the existence of the recording as soon as practicable.

(b) Recording media which have been placed into safekeeping shall be retained for a period of no less than 180 days or until the related matter has been closed (e.g., internal investigation, civil litigation).

Once any recording medium has been filled, the officer shall place it into safekeeping or download the file in accordance with current procedure for storing digital files where it shall be retained for a period of no less than 180 days unless utilized in a specific case.

450.5 REVIEW OF RECORDED MEDIA FILES
Recorded files may be reviewed in any of the following situations:

(a) By a supervisor investigating a specific act of officer conduct

(b) Upon approval by a supervisor, any member of the Department who is participating in an official investigation such as a personnel complaint, administrative investigation or criminal investigation

(c) By the personnel who originally recorded the incident

(d) Pursuant to lawful process or by court personnel otherwise authorized to review evidence in a related case

(e) By media personnel with permission of the Chief of Police or authorized designee
Medical Marijuana

452.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for handling and distinguishing between claims of medical marijuana use under California's Compassionate Use Act (Health & Safety Code § 11362.5) and criminal narcotics violations.

452.2 ENFORCEMENT
Although federal law does not currently permit possession of marijuana for medical use, California has created a limited defense (i.e. no penalty) for certain qualified individuals possessing small quantities of marijuana for medical use under strict conditions.

(a) Notwithstanding California Medical Marijuana laws:
   1. California does not provide any exception for individuals driving under the influence of marijuana. All such cases should be handled with appropriate enforcement action (e.g., Vehicle Code § 23152, et seq.).
   2. Medical marijuana may not be smoked outside of a residence within 1000 feet of a school, recreation center, youth center or in a vehicle or boat (Health & Safety Code § 11362.79).
   3. No probationer or parolee may possess medical marijuana unless such possession is authorized in writing by court order or parole conditions (Health & Safety Code § 11362.795).

(b) Possession, cultivation and sales of marijuana in quantities beyond that which might reasonably be construed as for personal use should be handled as criminal cases with appropriate enforcement action taken pursuant to Health & Safety Code §§ 11357, 11358 and 11359.
   1. The amount of marijuana possessed must be consistent with the medical needs of the qualified patient or person with valid ID card.
   2. The quantity and form of marijuana must also be reasonably related to the patient's current medical needs.
      (a) Absent a verifiable doctor's recommendation to exceed allotted quantities, a qualified patient or primary caregiver may possess no more than eight ounces of dried marijuana per qualified patient, or;
      (b) Maintain no more than six mature, or twelve immature marijuana plants per qualified patient (Health & Safety Code § 11362.77(a)(b)).

(c) In any case involving the possession or cultivation of marijuana, the handling officer should inquire whether the individual is claiming that the marijuana is for medicinal purposes.
   1. If no such claim is made, the officer should proceed with normal enforcement action.
   2. If a claim of medicinal use is made, the officer should proceed as outlined below.
Medical Marijuana

452.3 MEDICINAL USE CLAIMS
In order to qualify for a medicinal marijuana defense, any individual making such a claim must affirmatively establish the following information. If the individual cannot or will not provide all of the required information, the officer should note such fact in any related report and proceed with appropriate enforcement action.

452.3.1 PATIENTS
(a) An individual may establish his/her status as a qualified patient by presenting a current and valid state issued identification card issued by the Department of Health (Health & Safety Code § 11362.735). Such identification cards shall contain the following information:

1. A unique serial number.
2. An expiration date.
3. The name and telephone number of the county health department approving the application.
4. A 24-hour toll-free number for law enforcement to verify the validity of the card (Verification can be checked at www.calmmp.ca.gov).
5. A photograph of the cardholder.

No officer shall refuse to accept a properly issued identification card unless the officer has reasonable cause to believe that the information contained in the card is false or that the card is being used fraudulently (Health & Safety Code § 11362.78).

(b) If the individual does not possess a valid state issued identification card, the individual claiming status as a qualified patient must minimally provide the following information:

1. Satisfactory identification establishing current residency in California.
2. A current and valid medical marijuana ID card from a local governmental agency (e.g., county) or a current and verifiable, written recommendation for marijuana from a California licensed physician.
3. In the absence of a valid identification card, the handling officer should also obtain a written waiver from the involved individual authorizing the release of all related medical records.

452.3.2 PRIMARY CAREGIVERS
Primary caregivers are subject to the following requirements (Health & Safety Code 11362.765):

(a) A primary caregiver is not authorized to use, sell, or possess marijuana for sale.

(b) A primary caregiver must provide sufficient proof that he/she is responsible for the patient's housing, health and/or safety.

(c) A primary caregiver must provide sufficient proof of personal knowledge of the patient's medical needs and the details of the attending physician's recommendation.

(d) Upon proof that a qualified primary caregiver is caring for more than one qualified patient, he/she may aggregate possession and cultivation limits. For example, a primary caregiver caring for three qualified patients may possess 24 ounces (eight ounces per patient) of marijuana (Health & Safety Code § 11362.7(d)(2)).

(e) While qualified patients and primary caregivers may be permitted to collectively or cooperatively associate to cultivate medical marijuana, such individuals must strictly
Medical Marijuana

adhere to all non-profit and local business requirements (Health & Safety Code § 11362.775).

452.3.3 CLAIM REQUIREMENTS MET
Once the handling officer is satisfied that the individual making a medicinal marijuana use claim meets the above requirements, the officer should proceed as follows:

(a) Marijuana left in possession of a qualified individual for the limited purpose of medicinal use should be described and noted in the related report.

(b) If the handling officer has already taken the individual into custody (vs. detention only) prior to establishing qualification for a potential medicinal use defense and there are no other criminal charges pending or being investigated, the individual should be released pursuant to Penal Code § 849(b).

(c) If the individual remains in custody on any charge(s), the individual will not be permitted to use marijuana while being detained or held in jail or other law enforcement facility (Health & Safety Code § 11362.785(c)).

(d) The handling officer shall complete a timely report which will be submitted to the District Attorney with all of the aforementioned documentation for a determination of whether the medicinal marijuana defense will apply.

452.3.4 RETURN OF MARIJUANA
Regardless of the prosecution status or disposition of any related criminal case, this department will not be responsible for the return of any marijuana seized as evidence except as may be required by a valid court order (Cal. Health and Safety Code § 11473.5 and 21 U.S.C. § 885(d)).
Aggressive Panhandling

453.1 PURPOSE AND SCOPE
The purpose of this policy is to provide strategies and restrictions in order to regulate aggressive panhandling, and to create public awareness around the social and safety concerns in an endeavor to improve the negative impact surrounding aggressive panhandling activities.

453.2 POLICY
The practice of aggressive panhandling has been identified as a significant social and safety concern. Whereas public awareness and outreach programs to promote alternative income generating or support options are available for aggressive panhandlers, departmental policies regulating aggressive panhandling is a required part of this coordinated approach to ameliorate the negative impact of aggressive panhandling activities on BART District property.

453.3 DEFINITIONS
Panhandling - The personal, spoken, written or gestural direct solicitation by a person of gratuitous donations of money, food or goods of any kind from any member of the public.

Aggressive Panhandling - The solicitation of donations in an insistent, suggestive, intimidating or intrusive manner.

Accosting - Approaching and/or stopping somebody in order to speak to that person, especially in an aggressive, insistent, or suggestive way.

453.4 ELEMENTS OF AGGRESSIVE PANHANDLING
Panhandling for gratuitous donations is legal under the U.S. Constitution's First Amendment. However, aggressive panhandling is illegal.

California Penal Code 647 (c) states: "anyone who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms is guilty of disorderly conduct (aggressive panhandling), a misdemeanor."

Elements of aggressive panhandling include:

- Soliciting from customers at or near ATM or transit ticket machines.
- Extending the head and both arms, or even the hand, into a car window to solicit.
- Intimidating or obstructing vehicular traffic to solicit.
- Soliciting in a loud voice, often accompanied with wild gesticulations.
- The use of insults, profanity, or veiled threats to solicit.
- Refusing to take "No" for an answer or following an individual to solicit.
- Demanding more money after a donation has been given to solicit.
- The invasion of personal space, cornering, blocking or inappropriate touching of others to solicit.
- A "team" of one or more beggars approaching an individual at once, often surrounding the person to solicit.
Aggressive Panhandling

- "Camping out" in a spot where begging negatively influences business (such as in front of fare gates, rest rooms, or ticket machines) with the hope that people will give money to make the beggar go away.
- The use of sales pitch techniques and appeals to emotion to solicit.
- Using false or misleading solicitations.

453.5 PROCEDURES
An officer always has the right to approach any individual including a panhandler, to allay any suspicions an officer may have about the individual and ascertain that no criminal activity is occurring.

When encountering an aggressive panhandler where the continued freedom of the individual would not result in a breach of the peace or a more serious crime, police officers are encouraged to utilize referrals to other appropriate social service providers, in lieu of physical arrest. The discretion to make a physical arrest of a person determined to be an aggressive panhandler shall be the responsibility of the individual officer.

453.5.1 PERSONAL PROPERTY
The personal property of all aggressive panhandlers shall be respected. In no event shall any officer destroy any personal property known to belong to an aggressive panhandler, or readily recognizable as property of an aggressive panhandler unless it is contaminated or otherwise poses a health hazard to an officer or to members of the public.

All property of the arrested person should be turned over to detention personnel at the jail, stored for safe keeping or released per the arrested person's request to a third party. The arrested person's property may be handled by utilizing any combination of the previously listed options. In the event, the jail will not accept the arrested persons property, a property receipt should be issued by the arresting officer for the property that will be stored for safe keeping.

When possible the officer should inform the arrested person of the procedure to pick-up stored property. The arrested person should call (510) 464-7037 to set a pick-up appointment with the evidence clerk. They will also need to bring their property receipt and identification to have the property released. All property kept for safe keeping will be destroyed after 60 days.

The officer shall document in the narrative of his report the disposition of the arrested person's property.

453.5.2 REPORTING
Officers having interactions and or contacts with persons determined to be an aggressive panhandler as a result of self initiated contact or as a result of a citizen complaint shall contact dispatch with the disposition of the incident.
Bicycle Patrol Unit

454.1 PURPOSE AND SCOPE
The Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

454.2 POLICY
Patrol bicycles may be used for regular patrol duty, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area during the day, according to Department needs and as staffing levels allow. Bicycles shall not be ridden in the rain. They will not be ridden between BART stations without the approval of the Watch Commander.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

454.3 SELECTION OF PERSONNEL
Interested sworn personnel and Community Service Officers, who are off probation and not currently under discipline, shall submit a Memo of Interest to their sergeant. A copy will be forwarded to the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.
(b) Special skills or training as it pertains to the assignment.
(c) Good physical condition.
(d) Willingness to perform duties using the bicycle as a mode of transportation.

454.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Operations Bureau Deputy Chief or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment.

Bicycle Patrol Unit

454.4 TRAINING
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive once yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

454.5 UNIFORMS AND EQUIPMENT
Bicycles officers shall wear the departmentally approved uniform and safety equipment while operating the police bicycle. Safety equipment includes departmentally approved helmet, riding gloves, protective eyewear and approved footwear. Soft body armor/vest is required. Community Service Officers are not required to wear soft body armor/vests.

The bicycle uniform consists of the standard short sleeve class "A" Coolmax® uniform shirt with department approved badge and patches and black bicycle patrol pants or shorts with uniform appearance.

Optional equipment includes jacket in colder weather; turtleneck shirts are permitted when worn under the uniform shirt, radio head set and microphone.

Bicycle officers and CSOs shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers and CSOs will be responsible for obtaining necessary forms, citation books and other needed equipment to keep available while on bike patrol.

454.6 CARE AND USE OF PATROL BICYCLES
Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a "POLICE decal affixed to each side of the crossbar or the bike’s saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b). The Community Service Officers will be issued the same bicycles but, without the emergency lighting.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle ridden by sworn personnel shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)
Bicycle Patrol Unit

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning). Officers shall promptly report any damage to the bicycle and note it on the Damage Control Card for the bike.

If a needed repair is beyond the ability of the bicycle officer, a To/From memo will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance once yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers and CSOs shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

Officers and CSOs can purchase their own bikes for patrol use. The bicycles must be approved by the BPU Lieutenant prior to purchase. Officers purchasing their own bikes shall be responsible for all maintenance, damage or loss.

454.7 OFFICER RESPONSIBILITY

Officers and CSOs must operate the bicycle in compliance with the vehicle code under normal operation. Officers may not operate the bicycle hours of darkness.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

(a) In response to an emergency call.
(b) While engaged in rescue operations.
(c) In the immediate pursuit of an actual or suspected violator of the law

CSOs are not exempt from the rules of the road at any time.
Animals On District Trackways

455.1 PURPOSE AND SCOPE
The purpose of this directive is to establish procedures for the safe removal of live, injured or dead animals from District trackways.

455.2 DEFINITION
Trackway - The portion of the BART system within protective fencing, tunnels, tubes, subways, stations or aerial structures, wherein trains operate.

455.3 PROCEDURE
When assigned to a call of a live, injured or dead animal on the trackway, the responding officer will take the following appropriate action:

(a) Notification: The animal control services department in that jurisdiction will be requested to respond to the reported animal's location. If an animal control officer responds, the BART Police Department officer shall accompany the animal control officer at all times while in the trackway. The BART Police Department officer shall apprise the animal control officer of all dangers within the trackway area (i.e., third rail, train traffic, etc.).

(b) Live Animals: If an animal is interfering with mainline train traffic, immediate attempts should be made to clear the animal from the trackway with or without the assistance of an animal control officer. If repeated attempts have failed to accomplish the safe and timely removal of the animal from the trackway, the BART Police Department officer shall contact a supervisor who will determine if the animal should be dispatched.
   1. If the animal is not interfering with mainline train traffic, attempts should be made to first clear the animal from the trackway, or capture the animal. If repeated attempts fail to accomplish the safe and timely removal of the animal from the trackway, the officer shall contact a supervisor who will determine if dispatching the animal is warranted.

(c) Injured Animals: Injured animals shall be treated in the same manner as live animals. All officers should be aware that any injured animal is a potential risk and may turn vicious without warning. Injured animals actually on the tracks or near the third rail should be dispatched prior to removal to insure the safety of the BART Police Department officer or the animal control officer.

(d) Dead Animals: For any animal removal officers will be responsible in evaluating that the conditions are safe. They shall also evaluate whether the dead animal is to large, heavy or in a condition which will allow for its easy and clean removal.
   1. Officers assigned to accompany animal control officers may, with the approval of a supervisor, assist in the removing of the dead animals from the trackway to a safe area.
   2. In the event the removal of a dead animal is requested during non-business hours of the animal control services department, the BART officer may, with the approval of a supervisor, move the dead animal to a safe area for later animal control removal.

(e) Dispatching Animals: Employees shall refer to Policy 304.1.1 (c) and/or (d).
Delay of Revenue Trains

457.1 PURPOSE AND SCOPE
To provide guidelines for the holding of revenue trains when police intervention is required.

457.2 POLICY
It is the policy of the Department that revenue train delays resulting from police action will be kept to the minimal level necessitated by the circumstances and in consideration of the District goals to achieve maximum train performance while maintaining patron safety.

457.3 PROCEDURE
(a) **Train Control:** The overall control of revenue train operations is the responsibility of the Operations Control Center manager.

(b) **Scene Control/Coordination:** BART Police Department personnel will adhere to the provisions of the Operations Rules and Procedures Manual and the BART Emergency Plan. Specifically, it is the responsibility of police personnel requesting any interruption of revenue train service to inform the Operations Control Center of all pertinent circumstances at the earliest possible time. In all life-threatening situations, the police officer at the scene shall inform the Operations Control Center of the circumstances and shall have complete control to accomplish the police function.

(c) **Considerations:** The following factors should be considered in any request to hold a revenue train for police action:
1. Patron safety and protection
2. Severity of the situation
3. Necessity for immediate versus delayed police action
4. Impact of the delay in operations during peak hours versus non-peak service
5. Alternatives to holding a train

(d) **Format:** Officers shall provide the Operations Control Center with the following information as part of any request to hold a train:
1. Reason for the request to hold
2. Station or mile post location
3. Track identifier
4. Train destination
5. Platform identifier where appropriate.

(e) **Restoration of Service:** Officers shall avoid any delay in notifying the Operations Control Center to resume service. Any delay in the rapid resumption of revenue service must be agreed upon by the Operations Control Center manager and by the BART police watch commander or sergeant-in-charge.
1. Under no circumstances will revenue service be delayed beyond a reasonable period of time for situations that are routine and not life-threatening in nature.
Foot Pursuit Policy

458.1 PURPOSE AND SCOPE
Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

458.1.1 POLICY
It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

458.2 DECISION TO PURSUE
Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department personnel and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

(a) Containment of the area.
(b) Canine search.
(c) Saturation of the area with patrol personnel.
(d) Aerial support.
(e) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to
immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

458.2.1 PURSUIT INTO RIGHTS-OF-WAY

(a) Pursuits by BART Officers: Officers should use extreme caution when deciding whether to pursue a suspect into a District right-of-way, particularly if the suspect flees using the trackway or into an underground tunnel area. The danger posed by moving trains, switches and the electric third rail make such pursuits extremely hazardous and they should not be undertaken for minor offenses. In no case should an officer pursue a suspect onto a right-of-way until he/she has established contact with dispatch and ensured that trains are being held out of the affected area and, if reasonably necessary, that electrical power is shut off as well. Only then should an officer enter the right-of-way to pursue the suspect.

1. In these situations, priority should be given to positioning officers at the next logical exit point and intercepting the suspect, rather than pursuing along the right-of-way.

(b) Pursuits by Other Agencies: From time to time, officers from other agencies may pursue suspects into stations, or onto District rights-of-way. These pursuits are even more hazardous, as there is often no coordination between BART and the pursuing agency and the pursuing officers often have no ability to communicate with their own dispatch centers. If BART officers are in a position to assist another agency with the pursuit of a suspect who has fled into the BART system, officers should exercise the same caution and coordinate holding revenue trains and electrical power before allowing the other agency's officers to enter the right of way. A BART officer should accompany the other agency to assist with communication and coordination.

458.2.2 PURSUIT FOR MINOR OFFENSES

The decision to initiate or continue a foot pursuit for a minor offense, such as fare evasion, should be carefully considered by the officer(s) involved. While it is true that suspects detained for minor offenses often elect to flee because they are attempting to elude arrest for more serious crimes, officers must weigh the inherent hazards of a foot pursuit against the known seriousness of the crime at hand. Minor offenses which may not justify the risk of a foot pursuit, or the expenditure of significant resources in order to capture the suspect, infraction violations and non-violent misdemeanor offenses. Officers should also carefully weigh involving outside agencies in extended foot pursuits or area searches for minor violations.

Officers should make every effort however, to locate and apprehend those suspects reasonably believed to be involved in more serious criminal activity. Suspects known to have outstanding felony arrest warrants, as well as those suspects believed to have committed felony or violent misdemeanor offenses should be pursued as long as the pursuit can be accomplished with a reasonable degree of safety for the pursuing officers, the general public and the pursued suspect. These cases are also more likely to warrant the involvement of outside agencies, air support, the use of police canines and the resources required to establish a perimeter and to conduct a potentially lengthy area search.

Supervisors should carefully monitor extended foot pursuits for minor violations and direct the pursuit to be terminated if the risks of continued pursuit outweigh the likely benefit of continuing the pursuit.
458.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

(a) When directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.

(b) When the officer is acting alone.

(c) When two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect should a confrontation occur.

(f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.

(g) When the officer loses radio contact with the Communications Center or with backup officers.

(h) When the suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect's location is no longer definitely known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.

(o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

458.4 RESPONSIBILITIES IN FOOT PURSUIT

458.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.
Foot Pursuit Policy

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

(a) Unit identifier
(b) Location and direction of travel
(c) Reason for the foot pursuit
(d) Number of suspects and description
(e) Whether the suspect is known or believed to be armed

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the Communications Center of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

458.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

458.4.3 SUPERVISOR RESPONSIBILITY

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

458.4.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, communication personnel shall, as soon as practicable, notify the field supervisor and provide available information. the Communications Center personnel are also responsible for the following:
Foot Pursuit Policy

(a) Clear the radio channel of non-emergency traffic.
(b) Repeat the transmissions of the pursuing officer as needed.
(c) Relay all pertinent information to responding personnel.
(d) Contact additional resources as directed by a supervisor.
(e) Coordinate response of additional resources to assist with the foot pursuit.

458.5 REPORTING
The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

(a) The reason for initiating the foot pursuit.
(b) The identity of involved personnel.
(c) The course and approximate distance of the pursuit.
(d) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy 300.
(e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.
Defensive Tactics/Impact Weapons Program

461.1 PURPOSE AND SCOPE
The defensive tactics/impact weapons program is intended to provide a standardized program to equip police officers and revenue protection guards with the technical and communication skills necessary in the areas of weaponless defense, impact weapons, and the mechanics of arrest.

(b) It will be the responsibility of the applicant's immediate supervisor to prepare a written recommendation as to the applicant's suitability for the defensive tactics/impact weapons instructor position. Additionally, all supervisor's written recommendations will include comments on attendance, discipline, skills related to the assignment, EDR file review, and ensure compliance with established minimum qualifications. 

(c) All qualified applicants will be invited to participate in a oral interview to be administered by the defensive tactics/impact weapons program staff. 

(d) The oral interview will be scored by the defensive tactics/impact weapons program staff. A score of 75% or higher is required to pass. Those passing will comprise an eligibility pool. 

Unless otherwise stated, a pool of five shall be established. An exception could be a one-time selection for a given period. The rest of the candidates will be ranked numerically. When one person is selected from the pool, the person ranked number one moves into the pool.

If fewer than five persons are eligible to be placed in the pool, the pool will consist of those persons who are eligible (Example: only three people achieve a score of 75%. There will be a pool of three, with zero persons ranked numerically).

The final selection for defensive tactics/impact weapons instructor will be made by the Chief of Police. A bulletin will be issued announcing the selections and candidates in the eligibility pool. The defensive tactics/impact weapons program staff will make a recommendation as to whether to reinstate the instructor. The final determination will rest with the Operations Bureau Deputy Chief.
Defensive Tactics/Impact Weapons Program

461.5  DEFENSIVE TACTICS/IMPACT WEAPONS TRAINING QUALIFICATION

The defensive tactics/impact weapons staff shall provide all sworn and revenue protection officers with yearly training designed to enhance skills and improve proficiency in the areas of the use of force and control devices techniques.

The defensive tactics/impact weapons coordinator, with approval of the Chief of Police, shall establish acceptable levels of proficiency in the use of defensive tactics and impact weapons training. Defensive tactics/impact weapons training qualification may be changed and modified in an effort to increase the proficiency of personnel training in defensive tactics and impact weapons.

Qualification and training records shall be forwarded to the Personnel & Training Bureau. The Operations and Support Services Deputy Chiefs, or their designees, are to ensure that all sworn personnel and/or revenue protection guards under their respective commands qualify in accordance with this policy.

461.5.1  FAILURE TO QUALIFY

Any sworn police officer or revenue protection guard who does not strictly adhere to the requests or instructions of the instructors will not be allowed to participate in training.

If any officer is unable to qualify for any reason, including injury, illness, duty status, or scheduling conflict, that officer shall submit a memorandum to his or her immediate supervisor prior to the end of the required defensive tactics qualification period.

Personnel who fail to qualify shall be allowed a minimum of one additional opportunity to qualify during that training day. Those personnel who are still unable to qualify may receive additional defensive tactics training that day if training time and a sufficient number of defensive tactics staff are available.

In situations involving personnel who are unable to qualify by the end of their scheduled shift or the conclusion of the training day (whichever comes first), the on-site defensive tactics supervisor shall, as soon as practicable, notify the employee's immediate supervisor or the on-duty Watch Commander of the failure to qualify. The department's Progressive Discipline System will be implemented to include no less than a letter of discussion.

The defensive tactics/impact weapons coordinator or designee shall arrange for a 4-hour remedial defensive tactics or impact weapons training session as soon as practical for the non-qualifying personnel. Personnel who are unable to qualify by the conclusion of the first remedial training session shall be scheduled to attend a second 4-hour remedial training session. Personnel will progress to the next level in the Progressive Discipline System, not less than an a written reprimand.

Personnel who are unable to qualify by the conclusion of the second remedial defensive tactics or impact weapons training session, shall be assigned to an administrative position, and a third 4-hour training session will be scheduled. Progress to the next level in the Progressive Discipline System, not less than a pay step reduction.

Personnel that are unable to qualify by the conclusion of the third remedial defensive tactics or impact weapon training session, shall remain assigned to an administrative position. A final opportunity to qualify will be scheduled. Progress to the next level in the Progressive Discipline System, not less than suspension without pay.
Defensive Tactics/Impact Weapons Program

Personnel who are unable to qualify by the conclusion of their fourth remedial defensive tactics or impact weapons training session, shall remain assigned to an administrative position. The member/employee shall be examined by a District medical doctor to ensure no medical condition exists that prevents the employee from qualifying.

If no medical condition exists, the member/employee will be subject to termination proceedings.

461.5.2 REMEDIAL TRAINING
Any employee who acts in a grossly unsafe manner or demonstrates dangerous and/or extremely poor decision-making skills in the deployment of and/or application of any use of force-related task, in the field or in training, may be required to attend mandatory remedial training prior to returning to full-duty status.

If in the opinion of the supervisor/primary instructor at the site of the training, the employee's actions/decision-making are so unsafe that if the employee were returned to full duty, the employee may be a safety hazard to him or herself, fellow employees, and/or the public, the supervisor/primary instructor shall recommend mandatory remedial training for the employee. The primary instructor shall contact the on-duty Watch Commander as soon as practicable and make the recommendation for mandatory remedial training.

If the request for mandatory remedial training is approved, the employee shall be removed from an on-duty patrol capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.

Repeated failures to correct such deficiencies may result in implementation of the Progressive Discipline System. Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.
Homeless Persons

467.1 PURPOSE AND SCOPE
The purpose of this policy is ensure that personnel are sensitive to the needs and rights of the homeless population, to establish procedures to guide police officers during casual and arrest situation contacts with the homeless, and to reaffirm that homelessness is not a crime.

467.2 POLICY
It is the policy of the BART Police Department for all officials and personnel to provide appropriate law enforcement services to the entire community while protecting the rights, dignity and personal property of the homeless by policy, rules, regulations and practices.

467.3 DEFINITIONS
Homeless Person - A homeless person is an individual who lacks housing because he/she cannot afford, pay for, or is otherwise unable to maintain regular, safe, and adequate housing. A homeless person may also have a primary day or night-time residency that is:

- A supervised publicly or privately operated shelter designed to provide temporary living accommodations;
- An institution that provides a temporary residence for individuals intended to be institutionalized;
- A public or private place not designed for use as a regular sleeping accommodation for human beings.

Basic criteria of a homeless individual is one who appears to need personal shelter, warmth and safety. This may include:

- Personal privacy, especially for sleeping;
- Safekeeping of bedding, clothing and possessions, which may have to be carried at all times;
- Hygiene and shaving complications;
- Obtaining, preparing and storing food in small quantities;
- Keeping contacts without a permanent location or mailing address.

Illegal Lodging - Under California Penal Code 647(e), anyone who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control of it is guilty of disorderly conduct, a misdemeanor.

Per Black's Law Dictionary and The Civil Rights Legal Division Coalition on Homelessness, a person is not lodging if he/she is just "hanging out" or "sleeping" for awhile. Lodging means that a person is establishing living accommodations or a place of temporary residence by staying in one place for an extended period of time (more than a few days). An example of this would be a person living out of a tent on District property for a period of time.
467.4 PROCEDURE

(a) Casual Contact: At any time, and for any reason, police officers may approach a homeless person on BART District property who has not been observed engaging in any criminal conduct to advise him or her of shelters, services, or assistance which are currently available. The homeless person may or may not accept the advice, or may even walk away from the area. The rationale is to pro-actively provide referrals to the homeless.

1. Police officers may escort homeless persons off District property toward alternative locations for shelter, service, or assistance.

2. Police officers may transport homeless persons to any shelter, service, or assistance when the person accepts such referral. The homeless individual will be searched for weapons and/or contraband before being transported.

3. The officer shall generate a case number from dispatch with the facts of the incident, the referral and disposition.

(b) Arrest Situations: Arrests of all persons including those defined as homeless shall comply with California law, Municipal Ordinances, and Department policies and procedures.

1. If a police officer observes a homeless person(s) engaged in criminal activity, when practical and prudent to do so, an alternative to a physical arrest shall be used.

2. An officer always has the right to approach any individual including a homeless person, to allay any suspicions an officer may have about the individual and ascertain that no criminal activity is occurring.

3. When encountering a homeless person who has committed a misdemeanor law violation where the continued freedom of the individual would not result in a breach of the peace or a more serious crime, police officers are encouraged to utilize referral to homeless shelters or other appropriate social service provider, in lieu of physical arrest. It must be recognized that such referral is contingent on the voluntary agreement of the homeless person to accept such referral. The discretion to make a physical arrest of a person determined to be homeless for misdemeanor violations shall be the responsibility of the individual officer.

467.5 PERSONAL PROPERTY

The personal property of all homeless persons shall be respected. In no event shall any officer destroy any personal property known to belong to a homeless person, or readily recognizable as property of a homeless person unless it is contaminated or otherwise poses a health hazard to an officer or to members of the public. Officers are not responsible for taking custody of mattresses.

All property of the arrested person should be turned over to detention personnel at the jail. If the jail refuses to take the property it should be stored for safe keeping. All perishables should be dispensed of. If property is dirty it should be placed in a plastic bag prior to being stored.

467.6 REPORTING

Officers having interactions and or contacts with persons determined to be homeless as a result of self initiated contact or as a result of a citizen complaint shall contact dispatch with the disposition of the contact.
Community Oriented Policing Program

473.1 PURPOSE AND SCOPE
The BART Police Department's community oriented policing program is a proactive approach to policing that involves problem identification and resolution, and creating partnerships between the members of the police department and the communities they serve. Officers in the BART Police Department are expected to be community resources who assist citizens in solving problems within their jurisdictions. It is expected that the officers will work with patrons, community residents and other city departments to provide a long-term solution to existing and potential issues concerning safety.

Officers involved in community oriented policing are concerned with improving the quality of life in and around the BART District. Officers may be assigned to a specific geographic area for a long term in order to provide them with the opportunity to get to know transit patrons and community residents on a more personal level, learn what they perceive as problems, and develop ways of addressing those problems.

473.2 PHILOSOPHY
Community oriented policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to pro-actively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Community oriented policing goes beyond traditional policing to build a cooperative and mutually beneficial relationship between the police and the community by:

- Ensuring active involvement on the part of problem-solving officers and neighborhood services coordinators in the affairs of the community.
- Encouraging active citizen involvement in policing efforts.
- Focusing on issues of ongoing public concern.
- Providing continuity of service to the community.

473.3 COMMUNITY ORIENTED POLICING OFFICER SELECTION PROCESS
(a) Community oriented policing officers will be selected based on the following requirements:
1. Minimum of two (2) years non-probationary patrol experience, including at least one (1) non-probationary year as a BART police officer
2. Possess a POST Basic certificate
3. Immediate supervisor's recommendation
4. Satisfactory performance evaluations, and an attendance record that complies with department guidelines
5. Pass an oral interview selection process
6. Applicants must be assigned to the Patrol Bureau at the time of selection, and have an exemplary work record
Community Oriented Policing Program

(b) A community oriented policing program selection committee shall be established, and this committee shall be composed of the following personnel who shall convene for the purposes of screening and selecting qualified applicants for community oriented police officers:

1. Community oriented police program coordinator
2. Community oriented police supervisor
3. Community oriented police officer selected by the BPOA

(c) The selection process for community oriented policing officer shall be as follows:

1. Upon notification of memorandums of interest being accepted for community oriented policing officer, all interested officers meeting the minimum qualifications listed shall submit memorandums of interest to the community oriented policing program coordinator via the chain of command. All memorandums of interest must include a resume of law enforcement experience with BART police, other police agencies, and community activities.

2. It will be the responsibility of the applicant's immediate supervisor to prepare a written recommendation as to the applicant's suitability for the community oriented policing officer position. Additionally, all supervisor's written recommendations will include comments on attendance, discipline, EDR file review, and ensure compliance with established minimum qualifications.

3. All qualified applicants will be invited to participate in an oral assessment interview. The members of the oral interview assessment panel will be the community oriented policing program selection committee. The committee will rate all candidates on a communication assessment form. An overall score of 75% is needed to pass. Those passing will comprise an eligibility pool that will remain in effect for twelve (12) months.

(d) The ultimate decision regarding the final selection shall rest with the Chief of Police. Among the criteria considered in making the selection will be:

1. Supervisor's recommendation
2. Review of personnel and Internal Affairs files
3. Prior performance evaluations
4. Performance on the oral assessment phase of the selection process

473.3.1 COMMUNITY ORIENTED POLICING COORDINATOR

The community oriented policing program coordinator will be selected from the rank of lieutenant by the Operations Bureau Deputy Chief or his/her designee and shall possess a POST Supervisory Certificate.

The community oriented policing coordinator shall have the overall responsibility for, but not be limited to the following:

- Monitor and direct overall community oriented policing program.
- Monitor community oriented policing officer and supervisor performances.
- Maintain liaisons with other agency's community oriented policing coordinators.
- Develop ongoing training for community oriented policing personnel.
Community Oriented Policing Program

473.3.2 COMMUNITY ORIENTED POLICING PROGRAM SUPERVISORS
The Operations Bureau Deputy Chief, or his/her designee, will appoint a sufficient number of community oriented policing supervisors to effectively monitor the daily workings of the community oriented policing program. Ideally, these supervisors will have performed duties as community oriented policing officers during their careers and will be well versed in the intricacies of the community oriented policing program.

Community oriented policing supervisors will be responsible for the following:

- Assignment of community oriented policing officers.
- Monitor individual community oriented policing officer performance and conduct within their respective areas of responsibility.

473.3.3 COMMUNITY ORIENTED POLICING OFFICERS
The Operations Bureau Deputy Chief, or his/her designee, will appoint a sufficient number of community oriented policing officers to effectively perform the daily workings of the community oriented policing program. COP personnel will address a variety of civic, school, resident, and business groups on matters relating to personal safety and ways to reduce the likelihood of becoming a crime victim.

473.3.4 RETENTION
Any member of the community oriented policing program may be removed from the program by the Chief of Police. Reasons for removal include:

- Engaging in unlawful or unprofessional behavior
- Failing to adhere to the rules and regulations of this policy
- Demonstrating a pattern of unsafe or unacceptable police practices
- Being a principal in any departmental investigation which results in a sustained finding
- Having substandard ratings on departmental performance evaluations
- Voluntarily withdrawing from the community outreach program

Any community oriented policing officer or supervisor wishing to withdraw from the program voluntarily should submit a memorandum, via the chain of command, directed to the Operations Bureau Deputy Chief. Those community oriented policing officers or supervisors withdrawing voluntarily or involuntarily from the program may be readmitted when new openings occur by going through the selection process again.

The community oriented policing program staff will make a recommendation as to whether to reinstate the officer or supervisor. The final determination will rest with the Operations Bureau Deputy Chief. The community oriented policing coordinator will make a recommendation as to whether to reinstate an community oriented policing supervisor. The final determination will rest with the Operations Bureau Deputy Chief.
Chapter 5 - Traffic Operations
District Property Traffic Enforcement

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. The BART Police Department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs. All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic violations on all BART District owned, operated, or administered properties.

500.2 DEFINITIONS
California Penal Code 830.33(a): The primary duty of a peace officer who is a member of the San Francisco Bay Area Rapid Transit District Police Department appointed pursuant to Section 28767.5 of the Public Utilities Code is the enforcement of the law in or about the properties owned, operated, or administered by the District or when performing necessary duties with respect to patrons, employees, and properties of the District.

California Vehicle Code 21113(a): No person shall drive any vehicle or animal, nor shall any person stop, park, or leave standing any vehicle or animal, whether attended or unattended, upon the driveways, paths, parking facilities, or the grounds of any public school, state university, state college, unit of the state park system, county park, municipal airport, rapid transit district, transit development board, or transit district.

California Vehicle Code 21113(c): When any governing board, legislative body, or officer permits public traffic upon the driveways, paths, parking facilities, or grounds under their control then, except for those conditions imposed or regulations enacted by the governing board, legislative body, or officer applicable to the traffic, all the provisions of this code relating to traffic upon the highways shall be applicable to the traffic upon the driveways, paths, parking facilities, or grounds.

500.3 TRAFFIC ENFORCEMENT
District property traffic enforcement stops should only be done in police vehicles that are equipped with at least a steady burning red light in the front, amber flashing lights to the rear and a siren.

District property traffic enforcement (other than speed or reckless driving violations) shall only be done for those parking and/or moving violations where appropriate and maintained signage and/or road markings exists that conform to Department of Transportation standards.

District property traffic enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish citation quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy.
500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, and within department policies, such as reckless driving with extenuating circumstances
Suspended, Revoked, and Unlicensed Drivers

501.1  PURPOSE AND SCOPE
To enforce laws pertaining to unlicensed or suspended and revoked drivers and provide a procedure for handling drivers operating vehicles while unlicensed, or while driving with a suspended and/or revoked drivers license. To provide a procedure for the tow and impound of vehicles used by such violators.

501.2  DRIVER LICENSE STATUTES VERIFICATION
Officers who contact the driver of a vehicle and become aware that he/she is operating the vehicle while unlicensed, or with a suspended and/or revoked drivers license shall:

(a) Verify, whether on their MDC's or via dispatch, the driver's license statues via CLETS. Officers should request that dispatch print a copy with the case number on it. Officers shall request the service code on any suspension or revocation. Service Codes B through G and M indicate the person has been served notice of any suspensions and/or revocations.

(b) If the driver's license has been suspended or revoked, but he or she has not been notified of the suspension or revocation, give him/her verbal notice of the suspension or revocation. Complete a DL-310 form and have the driver sign it. If the driver refuses to sign, write "refused" on the signature line. Confiscate any California Drivers License(s) per 4460 V.C. Forward the license and DL-310 to the traffic officer. Do not place the license into evidence.

(c) If the driver has prior notification of the suspension or revocation, issue the driver a citation for the appropriate violation of 14601-14601.5 V.C. The violator's vehicle may be towed and stored pursuant to 22651(p) V.C. or towed and impounded pursuant to 14602.6(a) V.C.

(d) Officers shall document their actions via the appropriate arrest report. A CHP-180 report will be required if the vehicle is impounded or stored. Officers citing drivers for infraction violations of 12500(a) V.C. or 14601.1(a) V.C. may use a citation report, unless the vehicle is impounded or stored.

(e) Persons seeking release of their vehicles should be advised to contact the Traffic Officer during business hours.

501.2.1  DRIVER AND PASSENGERS OF VEHICLES BEING TOWED
Refer to Policy 510 for the departments towing policy. Consideration should be given to the safety of the driver and any passengers when deciding whether to tow the vehicle. Officers may summon a taxi or other party to pick up the people, at their request, or the people may be transported to a safe area. In no case should an unlicensed driver, or a person with a suspended or revoked driving privilege, be allowed to take control of the vehicle. Vehicles seized pursuant to sections (b) and (c), listed in 501.2 above, may be subject to forfeiture under section 14607.6(a) V.C. Such forfeiture should be reviewed by the Administrative Traffic Officer.
Suspended, Revoked, and Unlicensed Drivers

501.2.2 30 DAY VEHICLE IMPOUNDS
When impounding a vehicle pursuant to section 14602.6(a) V.C, officers shall indicate on the CHP 180 form that a vehicle is to be held for 30 days in the box labeled "Storage Authority and Reason", by writing "22651(p) V.C.-30 day hold".

Vehicles may be released prior to 30 days if the "30 day hold" wording is absent. Dispatchers shall enter "30 day hold" wording in the narrative of their CADS screen.

501.2.3 VEHICLE RELEASE
The owners or agents seeking the release of vehicles towed, stored or impounded pursuant to 14602.6(a) V.C. may request a hearing by the Administrative Traffic Officer during regular business hours at x7038.
Traffic Collision Involving Police Personnel

502.1 PURPOSE AND SCOPE
This policy is to establish a procedure for reporting and reviewing traffic collisions involving on-duty BART police employees; and traffic collisions involving vehicles owned, leased or rented by the District and operated by, or assigned to, an on- or off-duty BART police employee.

502.1.1 PROCEDURE
A Collision Review Board shall review traffic collisions involving on-duty police employees and traffic collisions involving vehicles owned, leased or rented by the District and operated by, or assigned to, an on- or off-duty BART police employee. The Board will determine if the collision was preventable, non-preventable, a non-collision, or legal intervention. The Board will not be responsible for determining or recommending discipline, or investigating or deciding on other possible procedural, rule, or legal violations.

The Board will not be used to review traffic collision involving the Chief of Police or Deputy Chief. The Chief will review collisions involving commanders, while the District General Manager will review collisions involving the chief.

Investigations of collisions covered under this policy will be conducted by sworn supervisors.

502.2 COLLISIONS OCCURRING ON DISTRICT PROPERTY
(a) BPD employees involved in a collision occurring on District property shall notify the Communications Center as soon as practicable. The involved employee will advise that he/she has been involved in a traffic collision and request medical assistance for any involved parties, as needed. The employee shall also request that the appropriate zone supervisor be notified.

(b) Upon notification, the zone supervisor should proceed to the collision scene. The supervisor shall attempt to take verbal statements from all involved parties and complete the collision investigation. Any exceptions to having a supervisor at the collision scene to handle the investigation must be approved by a watch commander.

(c) Collisions will be documented on the appropriate CHP Traffic Collision Report form, as follows:

1. Property Damage Only (PDO) forms (CHP 555-03) may be used if:
   (a) One or two parties are involved;
   (b) No injuries or fatalities are incurred (including a complaint of pain);
   (c) No anticipated prosecution;
   (d) Non-injury hit-and-run collisions where prosecution is not anticipated or no follow-up information is available.

   1. A PDO requires a Collision Report narrative. This format consists of a following report headings: Notification, Statements, Summary, Area of Impact, and Cause. A sketch is required when preparing a PDO; however, a diagram is not. Refer to the CHP Collision Investigation Manual for specific report-preparation instructions.
2. (Note: Nothing in this directive prohibits the documentation of a report qualifying as a PDO from being completed as a Collision Investigation as described below, at the discretion of the reporting officer or as directed by a supervisor.)

2. All other collisions not qualified for completion on a PDO form shall be documented on a Traffic Collision Report (CHP 555) and will utilize the Investigation Narrative Format. This format requires the use of the following report headings: Facts (Notification, Scene, Parties, Physical Evidence, Hit and Run, Hazardous Materials, and Other Factual Information); Statements; Opinions and Conclusions (Summary, Area of Impact, Intoxication, and Cause); and, Recommendations. The Investigation Format requires a sketch and factual diagram.

(a) All Statements, causes, opinions and conclusions, and recommendations will be documented as required by either report format, regardless of who is at fault in the collision.

(d) All police employees operating, last in control of, riding in the involved vehicle(s), or witnessing the collision, shall submit a memorandum through the chain of command to the on-scene supervisor. Memos will detail the circumstances of the collision. If the involved employee(s) is unable to prepare a memo, the investigating supervisor shall take a verbal statement.

(e) If a supervisor does not prepare the collision report, that supervisor will gather all relevant information and prepare a memo describing the circumstances of the collision and an opinion as to fault. If fault is unclear, this fact must be noted. This memo shall be forwarded to the Collision Review Board chairperson.

(f) The on-scene or assigned supervisor will send a copy of the traffic collision report and all original memorandum(s) to the Board chairperson. All original reports shall be forwarded to the Records Section.

(g) In the event any involved party sustains fatal or severe injuries, the California Highway Patrol will be requested to respond and handle the investigation. If the CHP does not respond, a BPD supervisor shall handle the investigation as outlined above. (Note: A severe injury is defined as an injury that results in broken, dislocated or distorted limbs, severe lacerations, or unconsciousness.)

502.3 COLLISIONS OCCURRING OFF DISTRICT PROPERTY

(a) BPD employees involved in a collision occurring off District property must notify the Communications Center as soon as practicable. The involved employee shall advise that he/she has been involved in a traffic collision and request medical assistance for any involved parties, as needed. The employee shall also request that the appropriate BPD supervisor be notified and the law-enforcement agency with jurisdiction of the collision site be contacted and requested to respond to investigate the collision. If the local agency is unable or declines to respond, a BPD supervisor will be assigned to investigate the collision, providing that it occurred within the BART counties.

(b) If the local law enforcement agency responds and handles the investigation, the involved employee is responsible for obtaining the investigating officer's name, case or incident number, and identifying information of the other involved parties.

(c) All police employees operating, last in control of, or riding in the involved vehicle(s), or witnessing the collision, will submit a memorandum through the chain of command to the on-scene supervisor. Memos shall detail the circumstances of the collision. If
the involved employee(s) is unable to prepare a memo, the investigating supervisor
will take a verbal statement.

(d) If the local law enforcement agency does no investigate the collision, the same
reporting requirements regarding PDOs and Traffic Collision Reports, as listed in
section 502.2 shall be utilized by the investigating BPD supervisor.

502.4 ADDITIONAL SUPERVISORY RESPONSIBILITIES
In the event an employee is injured as a result of a traffic collision as described in this
directive, a supervisor shall complete the Supervisor's Report of Injury/Illness report, and
the Employee's Claim for Workers' Compensation Benefits form. The completed forms
will be faxed to the appropriate locations and forwarded to the Records Section. All other injury
reporting procedures also apply.

The supervisor shall also follow all procedures regarding the District's post-accident testing.
Regulations for all safety-sensitive employees (all sworn classifications and Revenue
Protection Guards) call for post-accident testing if the collision results in the following: a
fatality, regardless of the circumstances; an injury to any person which requires immediate
medical treatment away from the scene of the accident; or, one or more of the involved
District vehicles incurs disabling damage as a result of the occurrence and is transported
from the scene by tow truck or other vehicle. (Note: "Disabling damage" means damage
that prevents a vehicle's departure from the scene and would require more than temporary
simple repairs or the changing of a tire in order to be driven away.)

For those employees not designated as safety-sensitive (civilian classifications except
RPGs), regulations call for post-accident testing if the collision results in the following:
a fatality; a medical injury; or, District property damage of $5,000 or more. (See District
Substance Abuse Program for further details regarding post-accident testing for all BPD
employees.)

The supervisor shall also complete the involved vehicle's Vehicle Damage Report Form and
Accident Control Card.

502.5 THE COLLISION REVIEW BOARD
The Collision Review Board will be comprised of the following personnel:

(a) A command-level officer (chairperson) selected by the chief of police. If the involved
employee is a lieutenant, the chairperson shall be a Deputy Chief;

(b) A sergeant selected by the chairperson;

(c) An employee of equal rank to the individual involved in the accident or other designee
named by the involved employee's bargaining unit.

502.6 BOARD FINDINGS
The Collision Review Board shall determine if the collision was preventable, non-preventable, a non-collision, or legal intervention as defined below:

(a) Preventable: A traffic collision is preventable when the driver fails to take reasonable
action to prevent a collision. Vehicle operators are expected to actively attempt to
avoid collisions. Any traffic collision that is proven to be the fault of the driver through
neglect of his/her duty as a driver is negligence. Failure to exercise the care that
a prudent person usually takes shall be deemed a preventable accident caused by
negligence.

Traffic Collision Involving Police Personnel - 446

(b) **Non-Preventable:** Any traffic collision in which the driver has no control (mechanical failure or being physically incapacitated while driving) or when the driver has taken reasonable and precautionary action to avoid a collision.

(c) **Non-Collision:** An event in which the involved vehicle may have struck another vehicle or object, or may have been struck by another vehicle or object but no damage to any involved vehicle or object has occurred and no injury to any involved party has occurred. As provided in the CHP Collision Investigation Manual, these events do not constitute a traffic collision.

(d) **Legal Intervention:** Injury or damage caused by enforcement intervention (usually apprehension or an attempt to apprehend) using a motor vehicle is not a motor-vehicle collision insofar as the enforcing agency and violator relationship are concerned. (If, however, intentional acts are committed and injury or damage goes beyond the original intent, the excessive acts are considered accidental and meet the definition of a motor-vehicle collision.)

The findings of the Collision Review Board will be in writing. The original memorandum detailing the findings shall be kept with the Board's file containing all reports and information pertinent to the collision. A copy of the findings memorandum will be sent to the employee via the chain of command.

### 502.7 **DISCIPLINARY ACTION**

Pre-discipline or disciplinary action, when warranted, will be in accordance with established procedures.

### 502.8 **COLLISION REVIEW FILE**

The chairperson will maintain a file that includes the documentation and findings of each traffic collision reviewed by the Board. The documentation of each collision will be retained for five (5) years from the date of the Board's findings.
Off-Property Traffic Enforcement

503.1 PURPOSE AND SCOPE
This policy is established to define when sworn officers are authorized to initiate off-property traffic enforcement stops. Off-property is defined as any property not owned and maintained by the District.

503.2 Off-property traffic stops are any stops initiated for violations that occur off the property owned by the District. Any off-property traffic stop will be conducted in a safe manner, keeping the mission, objectives and values of the department in mind. Because enforcement stops initiated for off-property violations keep departmental resources away from the District, police employees shall limit off property enforcement activity to serious, flagrant or life-threatening violations.

Off-property vehicle stops will not be initiated for equipment, registration or other vehicle code moving violations, unless the driving actions constitute a life-threatening hazard to citizens in the area. Examples of off-property vehicle stops that would justify the expenditure of sworn personnel's time away from the District include investigation of driving under the influence of alcohol or drugs, reckless driving or reasonable cause to believe involvement in serious criminal activity. To ensure the safety of sworn personnel and citizens, off-property vehicle stops should only be initiated with fully-marked police vehicles, minimally equipped with a steady burning red light to the front, amber flashing lights to the rear and a siren.

Officers initiating an off-property vehicle stop, shall use police code "11-95X" to advise dispatch of the stop. At an officers or supervisors request, dispatch will contact the local police agency that has primary jurisdiction; however, the officers may choose to handle any necessary citations or warnings without the assistance of the local agency. If BART Police personnel determine the driver of the stopped vehicle should be arrested, the local police agency shall be contacted and requested to respond. If the local police agency is unable or unwilling to assume responsibility for the person to be arrested, the BART Police personnel may determine the appropriate disposition.

All off-property vehicle stops will be documented regardless of the disposition. The on-duty zone sergeant will review all off-property traffic stops. The supervisor will ensure that stops are conducted in compliance with this directive. The supervisor will forward a copy of the report to the watch commander for review.

Police personnel may stop and render assistance to stranded motorists and assist other public agencies as a cover unit or at an accident scenes off District property. Dispatch shall be notified and an event generated. A supervisor may require a report be written documenting the employees actions.
Vehicle Towing and Release Policy

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of this Police Department.

510.2 STORAGE AND IMPOUNDS
The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should to be given to the tow truck operator and the original shall be submitted to the Records Section as soon as practicable after the vehicle is stored.

Whenever a vehicle is towed the towing officer shall fax a copy of the CHP form 180 to the Records Section, x7089, prior to the end of their shift.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call for a rotational tow. The officer will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
Bay Area Rapid Transit Police Department
Policy Manual

Vehicle Towing and Release Policy

- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 DRIVING A NON-DISTRICT VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.5 DISPATCHER'S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

510.2.6 RECORDS SECTION RESPONSIBILITY
Approved storage forms shall be promptly placed into the case file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code §§ 22851.3(d), 22852(a), and 14602.6(a)(2)). The notice shall include the following information (Vehicle Code § 22852b):

(a) The name, address, and telephone number of this Department.
(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
(c) The authority and purpose for the removal of the vehicle.
(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

510.3 TOWING SERVICES
The department should maintain a list of selected tow companies to act as the official tow service. These firms, based on county location, will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action
(b) When a vehicle is being held as evidence in connection with an investigation
(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations

Nothing in this policy shall require the Department to tow a vehicle.
510.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner’s property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.6 RELEASE OF VEHICLE
The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3 and Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3 and Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license and applicable fees paid prior to the end of the 30-day impoundment period if the vehicle was stolen, if the driver reinstates his/her driver’s license, if the driver acquires a license and proper insurance, or under other circumstances as set forth in Vehicle Code § 14602.6.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
510.7  RELEASE OF VEHICLE

- Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or person in control of the vehicle and after all applicable fees are paid (Vehicle Code §§ 22850.3 and .5).

- Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code §§ 22651 (et seq.), 22652 (et seq.), 22850.3 and .5).

- A vehicle removed pursuant to Vehicle Code § 14602.6(a) and impounded for 30 days shall be released at the end of the impoundment period only when the registered owner or agent presents his/her valid driver's license and proof of current vehicle registration, or upon order of a court (Vehicle Code § 14602.6(d)(2)).

A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his or her agent with proof of current registration, proof of a valid driver's license and applicable fees paid prior to the end of the 30 day impoundment period under any of the following circumstances (Vehicle Code § 14602.6(d)(1)):

(a) In response to a valid order of a court.

(b) When the vehicle is a stolen vehicle.

(c) When the vehicle is subject to bailment and is driven by an unlicensed employee of a business establishment, including a parking service or repair garage.

(d) When the license of the driver was suspended or revoked for an offense other than those included in Article 2 (commencing with Vehicle Code § 13200) of Chapter 2 of Division 6 or Article 3 (commencing with Vehicle Code § 13350) of Chapter 2 of Division 6.

(e) When the vehicle was seized under this section for an offense that does not authorize the seizure of the vehicle.

(f) When the driver reinstates his or her driver's license or acquires a driver's license and proper insurance.

(g) To the legal owner when all of the following are met:

1. The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state or is another person, not the registered owner, holding a security interest in the vehicle.

2. The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle.

3. The legal owner or the legal owner's agent presents a copy of the documents specified in Vehicle Code § 14602.6(f)(3).

Vehicles may be released prior to the 30 days if the registered owner requests a hearing with the Traffic Officer. Based on the research and circumstances surrounding the towing of the vehicle the Traffic Officer may authorize the release of the vehicle.

Officers or Community Services Officers, with supervisory approval, shall complete the Vehicle Release Form for all impounded or stored vehicles. The original copy of the form shall be forwarded to the records sections. The copy shall be given to the legal owner or their agent.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any officer of this Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code §§ 22650(a) and 22852(a)).

The hearing shall be conducted within 48 hours of the request being received by the Department, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(d)). The Traffic Officer will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code §§ 22851.3(e)(2) and 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §§14602.6(b) and 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code §§ 14602.6(b) or 14608(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.
Vehicle Impound Hearings

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Bureau Deputy Chief. The hearing officer will recommend to the appropriate Bureau Deputy Chief that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Drunk Driving and Evidence Collection

514.1 PURPOSE AND SCOPE
This policy explains the procedures to be followed while collecting evidence to establish the blood alcohol level of drivers arrested for driving while intoxicated, unconscious drivers, and unconscious pedestrians involved in traffic collisions because of their intoxicated state.

514.2 CHEMICAL TESTING
When a person is arrested for driving under the influence of an alcoholic beverage, the arresting officer will advise the person that he/she has a choice of whether the chemical test shall be of the breath or blood (Vehicle Code § 23612 (a)(2)(A)). When a person is arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the arresting officer will advise the person that he/she has a choice of whether the test shall be of the blood, breath or urine (Vehicle Code § 23612 (a)(2)(B)).

If the person chooses to submit to a breath test, the officer should also require the person to submit to a blood or urine test if the officer has a clear indication that a blood or urine test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug (Vehicle Code § 23612(a)(2)(C)).

Any person who is unable to submit to a chemical test due to any of the following conditions shall not be considered as refusing to comply with the provisions of Vehicle Code § 23612:

- The Department is unable to furnish a selected test.
- There are verifiable medical reasons for noncompliance.
- An attending physician refuses to allow it.

514.2.1 COLLECTING BLOOD EVIDENCE
Only a certified phlebotomy technician, licensed physician, nurse or other individual authorized by Vehicle Code § 23158(a) may withdraw a blood sample. Whether such evidence is collected at the Department or other location, the withdrawal of the blood sample shall be witnessed by the assigned officer.

When a person cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant under the direction of a physician for a heart condition, he or she shall not be required to take a blood test (Vehicle Code § 23612(b) and (c)).

All blood samples shall be booked into evidence for later transfer to the crime laboratory for analysis.

514.2.2 COLLECTING BREATH AS EVIDENCE
If the arrested person chooses a breath test and it can be accomplished without undue delay, the arrested person shall first be transported to the jail for breath testing preparatory to booking. At the jail, an officer trained in the use of the alcohol breath machine will record the blood alcohol level by obtaining samples of the person's breath.

When the arrested person chooses a breath test the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired,
provide a blood or urine specimen which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

514.2.3 COLLECTING URINE AS EVIDENCE
If the arrested person chooses a urine test, as permitted by law, he/she shall be promptly transported to the jail. The officer shall follow the directions listed on the instruction sheet accompanying the urine evidence collection kit. If the arrested person's urine is necessarily collected elsewhere, the procedure will remain the same.

Urine samples shall be collected and/or witnessed by an officer or matron of the same gender as the person giving the sample. The person tested shall be given such privacy in the taking of the urine specimen as will ensure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved (Vehicle Code § 23158(i)).

The urine evidence collection kit shall be marked with the arrestee's name, offense, department, case number and the name of the witnessing officer. The urine evidence collection kit shall then be placed in the evidence refrigerator to await transportation to the crime laboratory.

514.2.4 TESTING OF CONSCIOUS PERSON AT A HOSPITAL
Most blood, breath and urine tests will be administered at the jail. However, if a timely breath or urine test cannot be administered because the person is transported to a medical facility where such tests cannot be facilitated, the person shall be advised that a blood test will be the only choice available and a blood sample may be taken at the medical facility (Vehicle Code § 23612(a)(3)).

Based on probable cause, the officer should place the conscious person under arrest in the presence of a witnessing officer or medical personnel and advise the attending physician of the intention to collect a sample of the person's blood. Unless the attending physician objects for medical reasons a blood sample will be collected in the prescribed manner.

514.2.5 TESTING OF UNCONSCIOUS PERSON AT A HOSPITAL
When a person is suspected of driving under the influence of alcohol and/or drugs and the person is unconscious or in a condition rendering him or her incapable of refusal, that person is deemed not to have withdrawn his or her consent and a blood test may be ordered by the arresting officer. The officer shall advise the attending physician of the intention to collect a sample of the person's blood as evidence. If the physician does not object based on medical reasons, the blood will be collected in the prescribed manner.

A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered. In such cases the handling officer should coordinate with the Coroner's Office to ensure that a viable test will be obtained (Vehicle Code § 23612(a)(5)).

514.2.6 EXIGENT CIRCUMSTANCES DOCTRINE
Under the exigent circumstances doctrine, the level of influence of an intoxicant can be important evidence. Since it is not of a permanent nature, it will be lost if not seized immediately. The above sections will generally come within the guidelines of the exigent circumstances doctrine.
514.3  REFUSAL OR FAILURE TO TEST
If a person who has been arrested for a violation of Vehicle Code §§ 23140, 23152 or 23153, after having been advised of his/her rights per Vehicle Code § 23612, refuses or fails through statements or actions to complete a chemical test, the handling officer shall serve the notice of order of suspension on behalf of the Department of Motor Vehicles, and confiscate all California driver's licenses in the person's possession (Vehicle Code § 23612(e) and (f)).

Blood may be taken by force in any felony or in a misdemeanor drunk driving investigation when the person refuses to take a chemical test. If the person makes a timely and reasonable request to undergo a different and viable form of testing, such request shall be considered. Blood may only be taken by force when the following circumstances have been met:

(a)  The person must be in custody and the officer must have reason to believe the person is intoxicated.

(b)  The person's alternative choice, if selected, is either unavailable or not a viable test for the nature of the suspected intoxication (e.g., breath is not a viable test for suspected drug influence).

(c)  The blood is taken in a medically approved manner.

(d)  Only reasonable force may be used to restrain the arrestee.

A supervisor shall be present whenever blood is forcibly extracted from a person who is uncooperative and has refused a chemical test. The amount of force used to accomplish the collection of this evidence will be controlled by that supervisor, keeping in mind the seriousness of the suspected offense and the factors used to determine the reasonableness of force (Policy § 300.2.2). In misdemeanor cases, force will generally be limited to handcuffing or similar restraint methods during the withdrawal of blood.

The amount of force and methods used to accomplish the blood sample draw shall be detailed in the related report.
Traffic Citations

516.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES
The Traffic Officer shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Administrative Services Supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the Administrative Services Supervisor may request the Operations Bureau Deputy Chief to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine prior to a court proceeding that any citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer will send a memo, via the chain of command, to their Bureau Deputy Chief immediately after receiving the subpoena. Personnel will not request dismissals without approval from the command-level officer.

516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. The citation shall have an explanation on the back copy of why the citation was voided. The citation will be sent to the Administrative Services Supervisor.

516.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and is in need of correction, the officer issuing the citation shall submit the citation and complete a notice of citation correction form that shall indicate the corrections made to the citation. A copy of the correction notice shall be mailed by the reporting officer to the violator. A copy of the notice shall be attached with the citation and forwarded to the Records Section.

516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.
Traffic Citations

Upon separation from employment with the this department, all employees issued traffic citations books shall return any unused citations to the Records Section.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

516.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels:

(a) Administrative reviews are conducted by the Traffic Section who will review written/documentary data. Requests for administrative reviews are available at the front desk or Traffic Section of the Bay Area Rapid Transit Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.

516.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking (Violation Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209 and Vehicle Code § 40210).

516.7.3 COSTS
(a) There is no cost for an administrative review.

(b) Appellants must pay the full amount due for the citation, or provide satisfactory proof of their inability to pay, before receiving an administrative hearing.
Traffic Citations

(c) An appeal through Superior Court requires prior payment of filing costs including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

516.8 JUVENILE CITATIONS
Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

520.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

This policy is to establish a procedure for providing assistance to persons with disabled motor vehicles on District property and in those situations off District property requiring immediate attention.

It shall be the policy of the BART Police Department to ensure the motoring public's safety.

520.2 OFFICER/ COMMUNITY SERVICE OFFICER (CSO) RESPONSIBILITY
When an on-duty officer or CSO observes a disabled vehicle on District property, assistance and/or corrective actions shall be required from the time of arrival until:

- All possible steps have been taken to remove any hazard
- Adequate warning devices have been placed, when appropriate
- Roadside service, personal transportation or aid, as needed, has been requested
- The officer/CSO is reasonably certain that all necessary aid has been rendered
- The officer/CSO's assistance is refused by the person(s) involved, provided that the officer acts as necessary to prevent injury or damage to other persons/vehicles that may be endangered by the situation

If responding to a priority call, providing no medical attention is required, the officer shall immediately notify dispatch of the motorist's location and request response by the next available unit or CSO.

Officers/CSOs providing assistance to a motorist/disabled vehicle shall advise dispatch with the location, license plate number and the number of vehicle occupants. An event number will be assigned for record and statistical purposes.

If it becomes necessary to tow a disabled vehicle absent a request from the driver or registered owner, the procedure for reporting a towed vehicle shall be followed.

520.2.1 OFF PROPERTY MOTORIST ASSISTANCE
Whenever motorist assistance is provided off District property as a result of a situation requiring immediate attention, the incident shall be documented as an "Outside Assist Incident Report". In such cases, the officer/CSO will stay only as long as it takes to stabilize the situation or until relieved by the local jurisdiction.

520.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.
Disabled Vehicles

520.3.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
Parking Enforcement

521.1 PURPOSE AND SCOPE
The purpose of this policy is to delineate the District's parking programs, restricted parking areas, regulations, and departmental parking-enforcement procedures.

It shall be the policy of this department to regularly enforce parking violations in District parking facilities by the issuance of parking citations, parking violation warning notices, or verbal warnings. When parking citations are issued, appropriate BART Resolution or California Vehicle Code sections will be used. Parking citations shall only be issued by sworn personnel and community service officers.

Employee parking is governed by respective union/association contracts, designated parking spaces, and District parking programs and regulations listed herein as applicable.

521.1.1 DEFINITIONS
(a) District Parking Programs:
   1. Daily Paid Parking: Designated stations require a daily parking fee for all spaces, Monday through Friday, excluding designated holidays. This fee may be paid in one of three ways.
      (a) Option #1: After parking, the customer enters the paid area of the station and inserts cash or a valid BART ticket into a Parking Validation Addfare machine in order to make payment for the applicable parking stall. The validation is good for 24-hours of parking only and multiple days of parking cannot be purchased. Payment must be made prior to boarding a train and leaving the station.
      (b) Option #2: At the Daly City and Colma stations only, the customer may use pre-purchased a daily, monthly or long term un-reserved permit. This allows a customer to park in available un-reserved areas without having to physically enter a parking stall number and pay the fee each day. The monthly un-reserved permit must be visible on the dashboard through the parked and permitted vehicle's windshield. These permits are still valid for those who purchased them in the past but are no longer for sale.
      (c) Option #3: A customer may register for and receive an Smart Card (if not already a smart card holder) and a vehicle parking ID hang-tag that is to be displayed on the back of the customer's vehicle rear view mirror. After the customer enters the fare gate or paid area of the station, they will proceed to the Smart Card validation machine reader and touch the Smart Card to the reader to activate the number on the parking hang-tag for that day. Daily fee parking is required if parking anytime between 04:00 and 15:00. A monthly permit may be purchased on-line at bart.gov. Smart Card information can be found at the bart.gov website.
   2. Single-Day Reserved Parking: A single-day reserved permit may be purchased at stations that require a daily fee. A single-day permit reserves a space until 10:00, Monday through Friday (excluding designated holidays), in the Monthly Reserved Parking area. Parking with a single-day permit is limited
to 24 hours. Single-day reserved permits may be purchased on-line or by contacting bart.gov website.

3. **Monthly Reserved Parking:** Up to 40% of parking spaces at all BART Stations will be allocated for this program. The actual number of reserved spaces at each station will depend on the number of customers who sign-up for the program. These reserved spaces are located in premium parking areas and are designated by signs stating "Monthly Reserved Parking". Spaces are reserved for those in the program until 10:00 each weekday (excluding designated holidays). After 10:00, the spaces are available on a first-come basis. There is a monthly fee for permit holders enrolled in this program and the cost varies from station to station, based on demand and availability. Permits are station specific and must be visible on the dashboard through the windshield of the parked and permitted vehicle or stuck to the windshield. Monthly reserved parking permits may be purchased on-line at bart.gov.

4. **Airport/Long-Term Parking:** Airport/long-term permitted parking is available at most stations with parking. This permit allows customers to park for periods greater than 24 hours. The number of long-term parking permits is limited and they are available on a first-come basis. Permit holders may park in Monthly Reserved Parking areas, but may also park in any other non-restricted areas. Permits are station specific and must be visible through the windshield of the parked and permitted vehicle. Airport/long-term parking permits may be purchased on line at bart.gov.

(b) **Restricted Parking:**

1. **24-Hour Weekday Time Limit:** There is a 24-hour weekday parking time limit at all BART Stations (airport/long-term parking permit holders excepted). All stations offer parking in excess of 24 hours from as early as the beginning of revenue service on Friday to 06:00 on Monday. Designated holidays are also exempt from the time limit. If a designated holiday falls on a Friday, customers may park as early as the beginning of revenue service on Thursday, until 06:00 on Monday. If a designated holiday falls on a Monday, customers may park as early as the beginning of revenue service on Friday, until 06:00 on Tuesday.

2. **Carpool Parking:** Many of the stations’ parking lots contain designated areas for permitted carpoolers between 06:00 and 10:00. These permits require that at least two (2) Carpool-to-BART registered carpoolers be in the vehicle upon parking. Minimally, two (2) of the Carpool Parking Permits must be visible on the dashboard through the windshield of the parked and permitted vehicle. Permits may be obtained by calling the Regional Rideshare Program at 5-1-1. There is no-charge for the permits, but customers parking in the Carpool areas are still required to pay for parking at those stations with requisite parking fees.

3. **Mid-day Parking:** Some stations have designated Midday parking areas. These areas do not allow for vehicles to be parked prior to 10:00. This leaves spaces available for customers arriving after 10:00. Additionally, monthly reserved spaces and carpool spaces that are not filled after 10:00 convert to daily parking and are available for customers.

4. **Disabled Parking Areas: Requirements and Exceptions:** Disabled persons or disabled veterans may park in parking stalls designated for disabled parking. Vehicles parked or standing in these designated stalls must display either a special identification license plate or a distinguishing placard, both issued by the DMV.
(a) Officers and Community Service Officers may contact the driver or passenger of a vehicle displaying a disabled placard or license plate to verify eligibility.

(b) Vehicles displaying DMV issued license plates or placards are not exempt from parking in red zones, the 24-hour time restriction, or paying of required parking fees: such as daily parking, reserved parking, airport/long-term parking, or any other normally required fees. (Exception: those vehicles displaying DMV issued license plates or placards are not required to pay daily parking fees at the North Berkeley Station due to the fact that the elevator to the platform at this station is located outside of the station.)

5. **Attended Vehicle Parking for either 24 hour attended parking or 4:00 to 6:00 p.m. attended parking:** Restricts parking in these designated areas to attended vehicles only from the posted times. Vehicles displaying DMV issued disabled license plates or placards are exempt from this regulation.

6. **Red Zones:** Prohibits the stopping, standing, or parking of vehicles along any curb painted red, except for any authorized bus or taxi when the red zones are marked for buses or taxi and are signed accordingly.

7. **White Zones:** Restricts stopping, standing, or parking to those picking up or dropping off passengers. By statute, stopping, standing, or parking is limited to (5) minutes.

8. **Yellow Zones:** Restricts stopping, standing, or parking, to commercial vehicles bearing commercial license plates for the purpose of loading and unloading. By statute, stopping, standing, or parking is limited to (15) minutes.

9. **Non-Patron Parking:** District parking lots and garages are restricted to use by District customers. A District customer is defined as one who parks a vehicle in a District parking facility and proceeds directly to the paid area of the adjacent BART station. (Exception: the original parking garage at the Pleasant Hill Station is exempt from the restriction limiting use to BART Customers only, as it was built with Federal Highway money and is not restricted to BART Parking only.) All users of the Pleasant Hill Station parking facility must pay the established parking fee.

10. **Motorcycle Parking:** Designated motorcycle parking is available at some stations, and, if available, motorcycles are not required to pay for parking if parked in these designated areas. If designated motorcycle parking is not available, and/or if a motorcycle is parked in a car-sized space, payment of the daily fee is required at those stations requiring parking fees. Motorcycles failing to park in a designated motorcycle parking area, if available, shall first be issued a warning notice, prior to being cited. All other requirements and restrictions also apply to motorcycles.

11. **Over-sized Vehicles:** Vehicles measuring in excess of 6.5 feet wide and 19 feet long may not be parked in a District parking facility. Prior to being cited, vehicles found in violation shall first be issued a warning notice.

12. **Board of Director Permits:**

   (a) BART Board of Directors are issued permits that are then affixed to their vehicles' rear bumper and state "BADR". These permits allow Directors to park in restricted areas in all District parking facilities, excluding disabled parking areas and red zones. BART board members may also be issued special BPD permits.
(b) Directors employed by the Metropolitan Transportation Commission (MTC) are issued permits by the MTC. Parking for these permitted vehicles is located in the MTC parking lot located at 101-8th Street, Oakland. These vehicles are allowed to park in designated parking areas located beneath the building's overhang. All other vehicles parked in violation of the posted signs designating restricted hours should be issued citations or warning notices as appropriate.

13. **Special Permits:** The District's Parking Division, as well as the chief of police, may at times issue special parking permits for various reasons. These permits may allow a vehicle to be legally parked in areas that it may not otherwise be permitted. If in doubt as to the validity or restrictions of any particular permit, the citing employee shall contact the Parking Division, the department's traffic officer, to he employee's supervisor for clarification.

14. **Warning Notices:** Warning notices shall be issued for a pre-determined length of time to vehicles that are parked illegally but are subject to a modified or newly adopted regulations. The pre-determined length of time will be determined by the department. Warning notices should also be considered if there has been significant disruption in regular enforcement or if markings or signage is not reasonably clear.

15. **Verbal Warnings:** Verbal warnings shall be given to drivers who stop and wait in a no-parking zone to drop off or pick-up passengers. Drivers will be told to move their vehicles. Those who refuse to heed the warning should be cited for the parking violation, not for failure to obey traffic control signs. Exceptions would be drivers who clearly violate posted "Do Not Enter" and "Bus Zone" signs.

16. **Designated Parking Holidays:** The following days are designated as parking holidays and parking fees are not required: New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, Christmas Day. All other parking restrictions apply except those that specifically state they do not apply on weekends or designated holidays.

### 521.2 PROCEDURES

#### 521.2.1 ISSUING PARKING CITATIONS

Prior to issuance, parking citations shall be completed in their entirety. Handwritten citations shall be completed using a pen containing black ink only. The Parking Violation Notices are two-part (no carbon required) and the pen must have a hard writing point so that the written information is transferred from the top copy of the citation to the copy below. Once the required date, time observed, time issued location, vehicle identifying information, violation, fine amount, and additional remarks are completed, the issuing employee shall print his/her name and badge number in the space provided. Citations shall be printed clearly and legibly, including the name and ID number of the issuing employee.

Electronically-generated citations may also be issued if authorized handheld electronic units are available. As above, these citations must also be completed in their entirety.

Completed citations shall be left under the vehicle's driver side windshield wiper. If the vehicle does not have windshield wipers, some other secure method of attachment should be utilized and the citation should be placed where it is obvious to the returning driver.
Parking Enforcement

If the issuing employee encounters a situation in which a car is parked in violation of parking restrictions, and it appears to the employee that it may not be clear to a reasonable person that the vehicle was parked in violation (e.g., missing or poorly located signage, very worn curb markings), the employee shall refrain from issuing a citation until the problem is rectified. If it is questionable as to the clarity of the signage or marking, a police supervisor may be consulted and/or a warning notice may be issued in lieu of citation.

Specific problems with poor or unclear signage or markings will be reported in writing by memorandum or e-mail to the administrative traffic officer, who will convey the need for corrective measures to the Parking Division and/or other appropriate department.

Handwritten citations shall be turned in by end of the issuing employee's shift and forwarded to LMA for sending to the Citation Processing Center. Electronic citations shall be uploaded by the end of the employee's shift.

521.2.2 VOIDING PARKING CITATIONS

If a citation has been started or completed and prior to issuance mitigating circumstances arise that support that the citation should not be issued, the citation may be voided. To do this, the issuing employee shall write "VOID" in large letters, across the face of the citation. The voided citation shall then be forwarded to LMA for sending to the Citation Processing Center. For electronic citations, the issuing employee should send an email to the citation processing center to request a void of the citation.

Once a parking citation has been completed and secured to the vehicle, employees may not normally void the citation. Even if the issuing employee or supervisor determines that the citation should have not been issued or it should be dismissed in the interest of justice, the only way to have the citation dismissed or voided is for the person receiving the citation to appeal it (see below).

There is an exception to this process. If the citation was issued for BR-2495-4, Sign Violation-Fee Required, the citation may be voided after issuance if it falls within certain parameters. If, after issuance, the person receiving the citation reports that the citation was issued in error and provides a receipt proving that the required parking fee was paid to or in close proximity to the issuance of the citation, then the receiving employee shall collect the citation (Note: "close proximity" as used in the preceding sentence is defined as the few minutes that it would take a customer to park and proceed into the station to pay for parking, while a citation could be issued prior to payment). The citation shall then be voided and forwarded, along with the receipt provided by the person receiving the citation, to LMA for sending to the Citation Processing Center. The receiving employee shall also issue the person a Parking Control Machine Verification Receipt (form #1400).

521.2.3 APPEAL PROCESS

For those receiving a parking citation, 40215(a) CVC allows for an initial review of the citation to determine if the violation did not occur, the registered owner was not responsible for the violation, or that extenuating circumstances make dismissal of the citation appropriate in the interest of justice. If, during the review, any of the above listed reasons are found to be prevailing, the department will contact the Citation Processing Center and instruct them to cancel the citation. The citation review must be received within 21 calendar days of the issuance of the citation or 14 calendar days from the mailing of the notice of delinquent parking violation. The review may be made by telephone, in writing, or in person. Per 40215(b) CVC, if the subject contesting the citation is dissatisfied with the results of the initial review, the person may request an administrative hearing of the
violation no later than 21 calendar days following the mailing of the results of the initial review. This hearing may take place by mail or in person.

521.2.4 MONTHLY RESERVED PARKING
Both monthly reserved and airport/long term-parking permits are assigned numbers which are printed on the permits. These permit numbers can be input into a cellular telephone equipped with a Web browser provided by Parking Permit vendor in order to check the permit’s validity and expiration date. Those CSOs that have access to the enforcement cell phones should regularly check vehicles displaying these permits to assure permit validity.

521.2.5 VEHICLE CODE REGISTRATION AND EQUIPMENT VIOLATIONS
Unattended vehicles may be issued parking citations for registration violations (e.g., expired registration, missing registration tabs. Citations for expired registration will not be issued unless a registration has been expired for more than six (6) months. Unattended vehicles will not be issued citations for equipment violations (e.g., cracked windshields, missing gas cap, no front license plate).

It shall be the policy of this department to tow only after (10) or more parking citations are on file. In such cases, the employee seeking to tow and impound of the vehicle in question, shall contact the department's traffic officer for confirmation through DMV and/or Citation Processing Center of the outstanding citations. This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the BART District Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code §§ 22652.6 and 22669.

524.2 MARKING VEHICLES
Vehicles suspected of being in violation of the District of BART 72-Hour Parking Ordinance shall be marked and noted on the Bay Area Rapid Transit Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Section.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

524.2.1 MARKED VEHICLE FILE

The Traffic Section or their designee shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

524.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. Notwithstanding this restriction, vehicles may park for longer than 72 consecutive hours if the vehicle has been issued an Airport/Long-Term Parking permit or other arrangements have been made with an authorized District representative. The 72-hour period does not begin until the vehicle has been properly marked and tagged. Prior marking requires that the left rear tire of the vehicle be marked with a vertical chalk mark running from the bottom of the wheel's rim, down the lower most sidewalk to the ground. From this point, the chalk mark is drawn on the ground, outward at a right angle and perpendicular to the wheel.

Additionally, the vehicle must be tagged with a departmental orange colored warning tag entitled, "THIS VEHICLE IS PARKING IN VIOLATION OF THE LAW." (Form #0701.) This warning tag shall be completed and placed on the vehicle's windshield. Administrative Per Se Law (APS)

526.1 PURPOSE AND SCOPE
This policy provides for the immediate suspension of California driver's licenses in certain Driving Under the Influence (DUI) cases and in Zero Tolerance incidents. Vehicle Code §§ 13382 (a) and (b), and 13388 (b) require that peace officers immediately suspend driving privileges in certain situations involving arrests for Vehicle Code §§ 23152 and 23153. This policy also describes the policy dealing with Zero Tolerance laws.

526.2 SUSPENSION OF CALIFORNIA DRIVER'S LICENSES
The driver's license of a person suspected of driving under the influence of alcohol, shall immediately be suspended under any of the following circumstances:
(a) The arrestee refuses to submit to a chemical test
(b) The arrestee fails to complete the selected test
(c) The arrestee declines a breath test and demands a blood or urine test, and, the arresting officer has reasonable cause to believe that the arrestee's Blood Alcohol Content (BAC) will exceed the .08-percent level
(d) The arrestee completes the breath tests which show a BAC of .08-percent or higher

526.2.1 ZERO TOLERANCE LAW
Vehicle Code §§ 23136 & 23140 were enacted to reduce alcohol related incidents by persons under the age of 21-years. A person under 21-years of age may have his or her license suspended under the following circumstances:
(a) When suspected of consuming alcohol and refusing a PAS test
(b) Who has a blood-alcohol level of .01-percent or greater

Zero Tolerance requires a Preliminary Alcohol Screening (PAS) device as the primary test. If the device is not available, one of the other chemical tests must be completed. Under Zero Tolerance, only the PAS device result is required. If, based on the PAS results, the driver's blood alcohol reading warrants arrest and further chemical testing, the Department of Motor Vehicles does not require completion of the chemical test section of the DS367m form. Once the PAS certification is complete, the Zero Tolerance requirement has been met.

526.3 PEACE OFFICER'S RESPONSIBILITY
In any of the above situations, the peace officer, acting on behalf of the Department of Motor Vehicles, shall do the following:
(a) Confiscate any California driver's license(s) in the possession of the driver. If the subject has an Admin Per Se (APS ) temporary license document, do not confiscate.
(b) Complete and serve the Administrative Per Se Order of Suspension (DMV form DS367, DS367m or DS367s - Officer's Statement and Order of Suspension), 4th page on the driver, regardless of license status.
(c) The officer will inform the driver that the "Administrative Per Se Order of Suspension", form DS367, DS367m or DS367s along with his/her violator's notice to appear (except Zero Tolerance) or other release from custody document, will serve as the driver's temporary license. If the driver's privilege to drive is suspended or revoked, the
order will not be a valid temporary license. If the subject presents an Admin Per Se suspension order/temporary license, do not confiscate the order but do issue another order pursuant to the current DUI arrest.

526.4 DEPARTMENT OF MOTOR VEHICLES NOTIFICATION
The following specified items must be forwarded to the Department of Motor Vehicles within five regular business days:
(a) Officer's Statement form DS367 or DS367m (Minor) or DS367s (Spanish)

The supervisor responsible for approving reports, shall collect the documents described in Policy Manual § 526.4, review for completeness (dates, times, signatures, etc.) and forward the originals of the documents to the Records Section.

526.5.2 RECORDS SECTION RESPONSIBILITY
The Records Section is responsible for the following:
(a) Copies of documents required by DMV are to be made for the department files and the originals are then to be forwarded to the Department of Motor Vehicles;

   6. Which test the arrested driver chose

If the Department of Motor Vehicles should return form DS367, DS367m or DS367s for corrections, the Traffic Officer must notify the officer who made the arrest of the needed corrections. The officer shall make the corrections by lining out the incorrect information with a single line and initialing above the corrected area, including the date the correction was made. White out and strikeouts are not acceptable forms of correction. The form(s) shall then be returned to the Traffic Officer to be returned to the Department of Motor Vehicles.

526.5.3 EVIDENCE CLERK RESPONSIBILITY
It is the responsibility of the Evidence Clerk to notify the Criminal Investigations Section that a physiological specimens need delivery to a designated crime lab as soon as possible after receipt to ensure that the above time requirements are met.

Employees are not authorized to recommend to the District Attorney, General Counsel, or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the District Attorney's Office or General Counsel's Office only as authorized by a Bureau Deputy Chief or the Chief of Police.

600.3 CUSTODIAL INTERROGATION REQUIREMENTS
Any custodial interrogation of a person who is suspected of having committed any violent felony offense should be electronically recorded (audio/video or both as available) in its entirety as otherwise allowed by law. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Criminal Investigations Section supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should not allow the recording to take the place of a thorough report and investigative interviews and should continue to obtain written statements from suspects when applicable.

600.4 POTENTIALLY EXCULPATORY EVIDENCE OR FACTS
Officers must include in their reports adequate reference to all material evidence and facts which are reasonably believed to be exculpatory to any individual in the case. If an officer learns of potentially exculpatory information anytime after submission of the case, the officer must notify the prosecutor as soon as practicable.

Evidence or facts are considered material if there is a reasonable probability that they may impact the result of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.
Supervisors uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

600.5 PHOTOGRAPHIC IDENTIFICATION OF SUSPECTS

When practicable, the employee composing and the employee presenting the photo lineup should not be directly involved in the investigation of the case. When this is not possible, the employee presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

The following precautions should be taken by any employee presenting a photographic lineup:

(a) The person of interest or suspect in the photo lineup should not stand out from the other persons depicted in the photos.

(b) At no time prior to, during or after the presentation of a photographic lineup should it be suggested to a witness that any person depicted in the lineup is a suspect or was in any way connected to the offense.

(c) The employee presenting the photographs to a witness should not know which photograph depicts the suspect.

(d) The employee presenting the photographs to a witness should do so sequentially (i.e., showing the witness one photograph at a time) and not simultaneously. The witness should view all photographs in the lineup.

(e) The position of the suspect’s photo and filler photos should be placed in a different random order for each witness.

(f) In order to avoid undue influence, witnesses viewing a photographic lineup should do so individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the photographic lineup with other witnesses.

(g) An admonishment should be given to each witness that the suspect’s photograph may or may not be among those in the lineup and that the witness is not required to make an identification.

The procedure employed and the results of any photographic lineup should be documented in the case report. A copy of the photographic lineup presented to the witness should be included in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the appropriate report.

600.5.1 PHOTO IDENTIFICATION FORM

The Criminal Investigations Section supervisor shall be responsible for the development and maintenance of a photographic lineup identification form consistent with this policy.

The form, at minimum, shall contain the following:

• The date, time and location of the lineup procedure
• The name and identifying information of the witness

f. Public Area: Areas open for public use where the expectation of privacy is not violated by what could normally be openly observed.

g. Private Areas: Areas such a bathrooms, lockers and changing rooms; areas where a reasonable person might change clothing, or private offices. Exceptions are cameras used narrowly to safeguard money, documents, or supplies, from theft, destruction, or tampering.

707.1.2 POLICY
This policy details how the BART Police Department will maintain and operate video surveillance equipment throughout the BART District. It also details the procedures to be used for recording, retaining and using information obtained from the use of video surveillance equipment installed throughout the BART District.

This policy will specify rules of acceptable BART Police Department use of video surveillance and designate specifications in order to achieve program goals without compromising the public’s right to privacy. This document must also be flexible to adjust for unanticipated incidents, occurrences or applications for future improvements.

707.1.3 RACIAL PROFILING AND/OR BIASED-BASED POLICING
No person will be targeted, monitored or tracked based solely on the actual or perceived race, religion or creed, age, national origin, gender (including gender identity), sexual orientation, disability, or political status or beliefs.
707.1.4 VIDEO SURVEILLANCE SYSTEM SPECIFICATIONS
The video surveillance system used will utilize multiple fixed and adjustable cameras focused on predetermined public areas in public places, including BART train cars. Cameras shall be situated in a manner and located in public places that will maximize the field of view of public areas for public safety and security purposes only. This system will be used primarily to address threats to public safety and applications delineated in this document.

Camera placement will minimize the potential inadvertent capture of images from areas where there would be a reasonable expectation of privacy.

Pan, Tilt, and Zoom (PTZ) cameras are also in place and these cameras have capabilities that allow operators to manipulate the framing or focal length of a video image only for the specific purpose of monitoring potential suspicious persons, or activities.

707.1.5 VIDEO STORAGE CAPABILITY
Structure and facility images captured from the video surveillance system will automatically be downloaded onto a secure data storage system where they will be stored based on the systems' design and recording capabilities before being overwritten by new data; which varies from seven (7) to thirty (30) days.

Train car video recorders store images for two (2) to seven (7) days before being overwritten. This video image storage time frame is based on the various recording systems design and capabilities.

In the event that VRP are off-duty, the Watch Commander shall authorize the call-out of the necessary personnel.

707.1.8 OUTSIDE AGENCY VIDEO REQUESTS

Personnel who receive video image requests from allied agencies should direct them to the Department’s video email address at:

http://PoliceVideo@bart.gov

. Should the agency's request be urgent, the requestor shall be directed to the on-duty Watch Commander who will respond in accordance with this policy and section 707.4.1 Priority Video Requests.

The downloading and/or retrieval of video image requests will be the responsibility of the Video Recovery Personnel. In criminal investigations and instances where there is an associated BART Police case number*, the VRP will make a master copy of the video image(s) and submit them as evidence. *Video image requests generated for administrative purposes will not be submitted to evidence, unless specifically requested.

Video footage that is retrieved as evidence shall be handled in a manner that is consistent with the Department's evidence handling guidelines - Policy 804. Personnel shall adhere to a strict chain of custody, and shall always submit the original video cassettes/discs/digital files into evidence.

707.1.13 CAPTURING OF VIDEO IMAGES WITH PERSONAL DEVICES

Access to the video system will not be arbitrarily provided. Rather, only personnel with a need to access this system will be granted access. All requests for access shall be completed by the employee's direct supervisor and should be forwarded to the appropriate designee in charge of CCTV system access. Prior to being given access to the system, each authorized employee will be briefed on this policy.

Any personnel not employed by a law enforcement agency that have a need to access, view or review the CCTV system must have the consent of the Chief of Police, as well as complete a background screening prior to being provided access. Such personnel will also be required to review this policy and sign both a confidentiality agreement, which strictly limits the purposes for which accessed data may be used and imposes sanctions for any violation, as well as an agreement promising to adhere to the guidelines set forth in this policy.

707.1.15 LEGITIMATE LAW ENFORCEMENT PURPOSES
The BART Police Department may collect data that would be relevant to other legitimate law enforcement uses and subject to certain restrictions. Similar to the "plain view" exception in
Fourth Amendment law, a police officer properly observing public scenes through a visual surveillance system may act upon evidence of criminal behavior as if he/she had witnessed it in person. This is true whether the officer is viewing the footage in real time or via a recording.

707.1.16 PAN, TILT AND ZOOM (PTZ) CAMERA USAGE
Any active, continual observation of an individual, employing PTZ cameras, shall be done as the result of reasonable suspicion of their involvement in criminal activity. PTZ camera operators are responsible for protecting the public's right to privacy as delineated by Citizens' Constitutional rights to privacy.

707.1.17 PRIVACY AND ANONYMITY
In regards to video surveillance, it is the intent of these policies and guidelines to ensure that all citizens, who may be conducting their activities in a place generally described as "public," be assured that their Constitutional right to privacy is respected and acknowledged. The system will not be used for viewing activities where a reasonable expectation of privacy may exist.

707.1.18 AUDITS
The video surveillance system should be equipped with capabilities that provide an audit trail of system use and user access. This information should include the user ID, password and the ability to review all activities concerning the use of the PTZ features of that particular operator.

A designee(s) at the direction of the Chief of Police may regularly audit use of the video surveillance system. The report will address compliance issues with this policy and any audits of operators and the subsequent findings. Any user's unusual activity and/or other access that is deemed suspicious will also be included in the audit.

707.1.19 SAFEGUARDING AND PROTECTING STORED DATA
The BART Police Department and BART District will take all reasonably appropriate technological, physical, administrative, procedural, and personnel measures to protect the confidentiality and integrity of all sensitive video data and evidence, whether in transit or in storage.

707.1.20 PUBLIC NOTIFICATION OF VIDEO CAMERAS
Whenever practical, signage notifying the public that a video surveillance system is being used and images are being recorded will be posted in conspicuous locations proximate to the entrances of stations and other facilities. The signs at the very least will show the image of a camera. Exceptions will be made for confidential police cases.

707.1.21 CAMERA ERRORS/MAINTENANCE, ADDS, MOVES AND CHANGES
Personnel who notice that a camera feed is inoperative or that the image is out of focus or obscured, shall immediately notify the Communications/Maintenance Toll Test Board at ext. 7210, and should send a notification to

http://PoliceVideo@bart.gov

for follow up.
Video Surveillance

Personnel who feel that additional camera coverage is needed in a specific location or that a camera would better serve the District if moved or refocused, shall email their requests to http://PoliceVideo@bart.gov via their chain of command. Each request will be reviewed and considered for presentation to the District's CCTV Change Control Board.

707.1.22 NEW TECHNOLOGY

Any changes to the scope, capabilities and the uses of the system should be in accordance to current state and federal laws and within the scope of this policy and agency guidelines. At no point should this system or policy be altered so that it violates or poses a significant threat to violate an individual's constitutional rights.

Any technological advances that could be incorporated into the existing video surveillance system should also first be presented to the District's CCTV Change Control Board, the Chief of Police, as well as his/her CCTV designee(s).

707.1.23 POLICY VIOLATIONS

Unauthorized access to the system, misuse of the system, unauthorized reproduction of images, unauthorized distribution of images, or any other violations of this policy may result in disciplinary action up to and including termination.
Chapter 8 - Support Services
Crime Analysis

800.1 PURPOSE AND SCOPE
Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES
Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Statewide Integrated Traffic Reporting System (SWITRS)

800.3 CRIME ANALYSIS FACTORS
The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION
For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

800.5 CRIME ANALYST TRAINING
The below listed training is from the Department's Training Plan and is either mandatory, essential or desirable. The Training Plan is located located within the G/drive, Training Unit folder.

Mandatory - Crime analysis course
Crime Analysis

Essential - Computer related skills training.
Communication Operations

802.1 PURPOSE AND SCOPE
The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demands upon the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its missions.

802.1.1 FCC COMPLIANCE
Bay Area Rapid Transit Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

802.2 COMMUNICATION OPERATIONS

This department has two-way radio capability providing continuous communication between the Communications Center and officers.

802.2.1 COMMUNICATIONS LOG
It shall be the responsibility of the Communications Center to record all relevant information on calls for criminal and non-criminal service or self-initiated activity. - Type of incident reported
- Location of incident reported
- Identification of officer(s) assigned as primary and backup
- Time of dispatch
- Time of officer's arrival

802.3 RADIO COMMUNICATIONS
Operations are more efficient and officer safety is enhanced when dispatchers, supervisors, and fellow officers know the status of officers, their locations and the nature of cases.
802.3.1 OFFICER IDENTIFICATION
Identification systems are based on factors such as beat assignment and officer identification numbers. Employees should use the entire call sign when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

(b) Unannounced inspections of evidence storage areas shall be conducted annually as directed by the Chief of Police.

(c) An annual audit of evidence held by the department shall be conducted by a Bureau Deputy Chief (as appointed by the Chief of Police) not routinely or directly connected with evidence control.

(d) Whenever a change is made in personnel who have access to the evidence room, an inventory of all evidence/property should be made by an individual(s) not associated with the property room or function to ensure that records are correct and all evidence/property is accounted for.
Records Section Procedures

806.1 PURPOSE AND SCOPE
Policies and procedures that apply to all employees of this department are contained in this chapter.

806.1.1 NUMERICAL FILING SYSTEM
Case reports are filed numerically within the Records Management system.

Reports are numbered commencing with month and date of the current year followed by a sequential number beginning with 00001 starting at midnight on the first day of January of each year. As an example, case number 0110-00001 would be the first new case beginning January 1, 2010.

806.2 FILE ACCESS AND SECURITY
All reports including, but not limited to, initial, supplemental, follow-up, evidence, and all reports critical to a case shall be maintained in a secure area within the Records Section accessible only to authorized Records Section personnel.

Department employees shall not access, view or distribute, or allow anyone else to access, view or distribute any record, file or report, whether hard copy or electronic file format, except in accordance with department policy and with a legitimate law enforcement or business purpose or as otherwise permissible by law.

Requests for faxed department police reports from outside agencies may be requested after hours though the Watch Commanders office. The requesting agency shall fax, on department letter head, the report request. The Watch Commander shall forward the request to the Administrative Services Supervisor with notice that the report was faxed.

806.2.1 REQUESTING ORIGINAL REPORTS
Generally, original reports shall not be removed from the Records Section. Should an original report be needed for any reason the requesting employee shall first obtain authorization from the Records Supervisor. All original reports removed from the Records Section shall be recorded on the Report Check-Out Log which shall constitute the only authorized manner by which an original report may be removed from the Records Section.

806.3 REQUISITION OF SUPPLIES AND FORMS
All personnel who are in need of supplies shall complete a Requisition of Supplies form available in the Records Section. The form shall be approved by a supervisor and submitted to a Police Administrative Specialist in the Records Section.

Only Records Section personnel shall issue supplies or forms from the supply room, and no supplies will be provided without a Requisition of Supplies form.

806.4 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by officers of the Bay Area Rapid Transit Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded
Records Section Procedures

to the Support Services Supervisor. The Support Services Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Support Services Supervisor should forward the petition to the Criminal Investigations Section Supervisor and the General Counsel for review. After such review and consultation with the General Counsel, the Criminal Investigations Section Supervisor and the Support Services Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Support Services Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California Department of Justice and other law enforcement agencies (Penal Code § 851.8).

The Support Services Supervisor should respond to a petition with the Department's decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.
Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

808.2 PROCEDURE
Any firearm coming into the possession of the Bay Area Rapid Transit Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

808.2.3 OFFICER RESPONSIBILITY
The Evidence clerk receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.
Restoration of Firearm Serial Numbers

808.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property and Evidence clerk will complete a Bureau of Alcohol, Tobacco, and Firearms (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.
Release of Records and Information

810.1 PURPOSE AND SCOPE
The purpose of this section is to establish a comprehensive reference and procedure for the maintenance and release of Department reports and records in accordance with applicable law.

810.2 PUBLIC REQUESTS FOR RECORDS
The California Public Records Act (Government Code § 6250, et seq.) provides that records created by a public agency shall be subject to inspection and release pursuant to request, except pursuant to exemptions set forth in the Act or otherwise established by statute. Public requests for records of this department shall be processed as follows:

810.2.1 PROCESSING OF REQUESTS
Any member of the public, including the media and elected officials, may access unrestricted records of this department by submitting a written and signed request for each record sought and paying any associated fees (Government Code § 6253).

The processing of requests is subject to the following limitations:

(a) The employee processing the request shall determine if the requested record is available and, if so, whether the record is exempt from disclosure. Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Chief of Police or the authorized designee. If an extension is authorized, the Department shall provide written notice of the extension to the requesting party (Government Code § 6253(c)).

(b) In accordance with the Public Records Act, the Department is not required to create records that do not otherwise exist in order to accommodate a request under the Act.

Requests by elected officials for records that are not open to public inspection should be referred to the Support Services Bureau Deputy Chief for a determination as to whether the records will be released.

810.3 REPORT RELEASE RESTRICTIONS
Absent a valid court order or other statutory authority, records and/or unrestricted portions of such records of this department shall be made public subject to the following restrictions:

810.3.1 GENERAL CASE AND CRIME REPORTS
Reports containing any of the items listed below will not be released:

(a) Victim information - Victims of crimes who have requested that their identifying information be kept confidential, victims who are minors and victims of certain offenses (e.g., sex crimes, Penal Code § 293) shall not be made public. No employee shall disclose to any arrested person or to any person who may be a defendant in a criminal action the address or telephone number of any person who is a victim or witness in the alleged offense, unless it is required by law (Penal Code § 841.5).
Release of Records and Information

(b) **Confidential information** - Information involving confidential informants, intelligence information, information that would endanger the safety of any person involved or information that would endanger the successful completion of the investigation or a related investigation shall not be made public.
   1. Analysis and conclusions of investigating officers may also be exempt from disclosure.
   2. If it has been noted in any report that any individual wishes to protect his/her right to privacy under the California Constitution, such information may not be subject to public disclosure.

(c) **Specific crimes** - Certain types of reports involving, but not limited to, child abuse/molestation (Penal Code § 11167.5), elder abuse (Welfare and Institutions Code § 15633) and juveniles (Welfare and Institutions Code § 827) shall not be made public.

(d) **General information** - Absent statutory exemption to the contrary or other lawful reason to deem information from reports confidential, information from unrestricted agency reports shall be made public as outlined in Government Code § 6254(f).

(e) **Deceased juvenile crime victims** - The Code of Civil Procedure § 130 limits the dissemination of autopsy and private medical information concerning a murdered child by allowing families to request that the autopsy report of the victim be sealed from public inspection. Such requests shall be honored, with the exceptions that allow dissemination of those reports to law enforcement agents, prosecutors, defendants or civil litigants under state and federal discovery laws (Code of Civil Procedure §130).

810.3.2 **ARREST REPORTS**
Arrestee information shall be subject to release in the same manner as information contained in other reports as set forth above.

In addition to the restrictions stated above, all requests from criminal defendants and their authorized representatives (including attorneys) shall be referred to the District Attorney, General Counsel or the courts pursuant to Penal Code § 1054.5.

Local criminal history information including, but not limited to, arrest history and disposition, and fingerprints shall only be subject to release to those agencies and individuals set forth in Penal Code § 13300.

810.3.3 **TRAFFIC COLLISION REPORTS**
Traffic collision reports (and related supplemental reports) shall be considered confidential and subject to release only to the California Highway Patrol, Department of Motor Vehicles (DMV), other law enforcement agencies and those individuals and their authorized representatives set forth in Vehicle Code § 20012.

810.3.4 **PERSONNEL RECORDS**
Personnel records, medical records and similar records which would involve personal privacy shall not be made public (Government Code § 3303(e)).

Peace officer personnel records are deemed confidential (Penal Code § 832.7, et seq.) and shall not be made public or otherwise released to unauthorized individuals or entities absent a valid court order (Evidence Code § 1043, et seq.).
Release of Records and Information

The identity of any officer subject to any criminal or administrative investigation shall not be released without the consent of the involved officer, prior approval of the Chief of Police or as required by law (Government Code § 3300 (e)).

810.3.5 DOMESTIC VIOLENCE REPORTS
Victims of domestic violence or their representative shall be provided, without charge, one copy of all domestic violence incident report face sheets, one copy of all domestic violence incident reports, or both, pursuant to the requirements and time frames of Family Code § 6228.

810.4 OTHER RECORDS
Any other record not addressed in this policy shall not be subject to release where such record is exempt or prohibited from disclosure pursuant to state or federal law, including, but not limited to, provisions of the Evidence Code relating to privilege or to the security of the department's electronic technology systems (Government Code § 6254(k) and Government Code 6254.19).

The Department maintains the right to refuse to disclose or release any other record when it would appear that the public's interest in accessing such record is outweighed by the need for nondisclosure (Government Code § 6255).

Any record which was created exclusively in anticipation of potential litigation involving this department shall not be subject to public disclosure (Government Code § 6254(b)).

810.4.1 PERSONAL IDENTIFYING INFORMATION
Employees shall not access, use or disclose personal identifying information, including an individual's photograph, social security number, driver identification number, name, address, telephone number and the individual's medical or disability information, which is contained in any driver license record, motor vehicle record or any department record except as authorized by the Department and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721 and 18 USC § 2722).

810.5 SUBPOENA DUCES TECUM
Any Subpoena Duces Tecum (SDT) should be promptly provided to a supervisor for review and processing. While a Subpoena Duces Tecum may ultimately be subject to compliance, it is not an order from the Court that will automatically require the release of the requested information.

All questions regarding compliance with any Subpoena Duces Tecum should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

810.6 RECORDS TO BE RELEASED TO BE STAMPED
All requests for records must be processed through the Support Services Bureau Records Supervisor. Each page of any record released pursuant to a Public Records Act request or Subpoena Duces Tecum shall be stamped in red ink with a departmental stamp identifying the individual to whom the record was released.
Criminal Offender Record Information (CORI)

812.1 PURPOSE & SCOPE
This policy provides guidelines for the release of criminal offender information, security of that information, and persons authorized to release that information.

812.2 AUTHORITY
This policy is established pursuant to the mandate of the Regulations Regarding Security of Criminal Offender Record Information in California, Title 11, California Code of Regulations. Other authority includes Penal Code § 11105, which delineates who has access to Criminal Offender Record Information (CORI), and Penal Code §§ 11140 through 11144, which establishes penalties for the improper use of rap sheets.

812.3 DEFINITIONS
Criminal Offender Record Information - (CORI) shall include CII manual/automated rap sheets and abstracts, CII crime summaries, CII criminal history transcripts, FBI rap sheets, and any BPD documents containing a list of prior arrests.

Criminal Justice Agency - A public agency or component thereof which performs a criminal justice activity as its principal function.

Authorized Recipient - Any person or agency authorized by court order, statute or case law to receive CORI.

Right to Know - Persons or agencies authorized by court order, statute or decisional case law to receive the information.

Need to Know - A necessity exists to obtain CORI in order to execute official responsibilities.

812.4 AUTHORIZED RECIPIENTS OF CORI
CORI may be released only to authorized recipients who have both a right to know and a need to know. All law enforcement personnel with proper identification are authorized recipients, if they have an official need to know.

The California Department of Justice has issued a list of agencies authorized to receive criminal history information. Persons not included in the Department of Justice list are not authorized recipients and shall not receive CORI.

812.4.1 CRIMINAL RECORD SECURITY OFFICER
The Records Supervisor is the designated Criminal Record Security Officer for the Bay Area Rapid Transit Police Department. This supervisor is responsible for ensuring compliance with this procedure and with applicable records security regulations and requirements imposed by federal and state law. The Criminal Record Security Officer will resolve specific questions that arise regarding authorized recipients of CORI.
812.4.2 RELEASE OF CORI
Only the persons listed below are authorized to release CORI. Each authorized person releasing CORI is responsible to ensure that each request granted appears legitimate and that the requester is an authorized recipient with a right and need to know.

(a) Criminal Records Security Officer
(b) Records Supervisor
(c) Full-time employees of the Records Section
(d) Personnel specifically designated in writing by Bureau Deputy Chief with the concurrence of the Criminal Records Security Officer

812.4.3 RELEASE OF CORI TO FIELD PERSONNEL
Personnel shall not have access to CORI until a background investigation has been completed and approved.

CORI shall not generally be transmitted by radio, cellular phone, or through computer terminals to field personnel or vehicles except in cases where circumstances reasonably indicate that the immediate safety of the officer or the public are at significant risk. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

812.5 JUVENILE RECORDS
Nothing in this procedure is intended to alter existing statutes, case law, or the policies and orders of the Juvenile Court regarding the release of juvenile offender records. Refer to Policy Manual § 324 for more specific information regarding cases involving juveniles.

812.6 REVIEW OF CRIMINAL OFFENDER RECORD
Penal Code §§ 11120 through 11127 provide the authority and procedure whereby an individual may review his/her own California Department of Justice (CII) rap sheet.

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements.

812.7 PROTECTION OF CORI
CORI shall be stored in the Records Section where constant personnel coverage will be provided. CORI stored elsewhere shall be secured in locked desks, locked file cabinets, or in locked rooms.

Direct access to CORI stored in the Records Section shall be restricted to the Records Section personnel authorized to release it. Direct access to CORI stored in desks, file cabinets, and rooms outside the Records Section shall be restricted to those persons who possess both the right to know and the need to know the information.
812.7.1 COMPUTER TERMINAL SECURITY
Computer terminal equipment capable of providing access to automated criminal offender record information is located in the Records Section, the Communications Center and in the Criminal Investigations Section to preclude access by unauthorized persons.

No employee shall be authorized to operate computer terminal equipment with access to CORI until the operator has completed the appropriate training.

812.7.2 DESTRUCTION OF CORI
When any document providing CORI has served the purpose for which it was obtained, it shall be destroyed by shredding.

Each employee shall be responsible for destroying the CORI documents they receive.

The Records Supervisor, unless otherwise directed by the Support Services Bureau Deputy Chief, shall be the Department's official Custodian of Criminal Records. The Custodian of Criminal Records shall be responsible for the security, storage, dissemination and destruction of criminal records, and will serve as a primary contact for the California Department of Justice for any related issues. The Support Services Bureau Deputy Chief may appoint other department employees to the role of Custodian of Criminal Records, who will share the same responsibilities regarding criminal records.

The Support Services will ensure that he/she makes the appropriate applications and notifications to the California Department of Justice regarding the Department's Custodian of Criminal Record appointments, per the requirements of Penal Code § 11102.2.

This subsection is not intended to interfere with any other employee acting as a custodian of records for other statutory purposes but is narrowly tailored to address issues of criminal history records.

812.8 TRAINING PROGRAM
All personnel authorized to process or release CORI shall be required to complete a training program prescribed by the Criminal Record Security Officer. The Training Bureau shall coordinate the course to provide training in the proper use, control, and dissemination of CORI.

812.9 PENALTIES FOR MISUSE OF RECORDS
Penal Code §§ 11140 and 11144 make it a misdemeanor to furnish, buy, receive, or possess Department of Justice rap sheets without authorization by a court, statute, or case law.

Title 11, California Administrative Code § 702 provides that authorized persons or agencies violating the Regulations Regarding the Security of Criminal Offender Record Information in California may lose direct access to CORI maintained by the California Department of Justice.

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of Policy Manual § 340.3.7(a).

Employees who obtain, or attempt to obtain, information from the department files other than that to which they are entitled in accordance with their official duties is a violation of Policy Manual § 340.3.7(a).
Computers and Digital Evidence

814.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCD’s) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

When employees have reason to believe that a search may result in a seizure of materials relating to First Amendment activities such as publishing or posting materials on the World Wide Web, they must consider the effect of the Privacy Protection Act (“PPA”), 42 U.S.C. § 2000aa. Every computer search that implicates the PPA must be approved by the local District Attorney. Under the Privacy Protection Act (“PPA”), 42 U.S.C. § 2000aa, law enforcement must take special steps when planning a search that agents have reason to believe may result in the seizure of certain First Amendment materials. Law enforcement searches that implicate the PPA must be pre-approved by legal counsel.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
Computers and Digital Evidence

3. Who claimed ownership.
4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a shared network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a physical write-protection tab or switch, it should be activated.
(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request that the investigator assigned to the case copy the contents to an appropriate form of storage media.
(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.
814.4 SEIZING PCDs
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL EVIDENCE
The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to a police facility as soon as possible for submission into evidence. Officers shall either submit the entire memory card as evidence or shall use appropriate computer software provided by the Department to download a copy of the evidence and burn those files to CD or DVD media. The CD or DVD media shall then be submitted as evidence.

(b) Officers requiring a copy of the digital files must request a copy from the Investigations Section. Officers shall not keep personal copies of evidence items except as is required for legitimate business purposes.

814.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.
Computers and Digital Evidence

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Digital media that is held as evidence may only be duplicated under the direction of the Investigations Section. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Chapter 9 - Custody
Custody Searches

902.1 PURPOSE AND SCOPE
The purpose of this policy is to establish consistent department procedures which conform to Penal Code § 4030 regarding pat-down, booking and strip searches of pre-arrainment detainees.

902.2 DEFINITIONS OF SEARCHES
Pat-Down Search - This is the normal type of search used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the prisoner, or other prisoners.

Booking Search - This search is used in the jail and again involves a thorough patting down of an individual's clothing. All pockets, cuffs, etc., on the clothing are checked to locate all personal property, contraband, or weapons. The prisoner's personal property is taken and inventoried.

Strip Search or Visual Body Cavity Search - This is a search that requires a person to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia of such person (Penal Code § 4030(d)(2)). This includes monitoring of an arrestee showering or changing clothes where the arrestee's underclothing, buttocks, genitalia or female breasts are visible to the monitoring employee.

Physical Body Cavity Search - This is a search that includes physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of a person, and the vagina of a female person (Penal Code §§ 4030(d)(1) and 4030(d)(3)).

902.2.1 SEARCH PROTOCOL
Employees will refer to Policy 322.2.1 for the search protocol

902.3 PAT DOWN SEARCHES
When any officer has reasonable suspicion to believe that a person being lawfully detained may possess weapons or other dangerous items, or in such circumstances the officer reasonably believes that the individual may present a threat to officer safety, that officer may conduct a normal pat-down search of that individual.

Prior to detaining any individual in any police vehicle, an officer should conduct a normal pat-down search of that individual.

Whenever practical, a pat-down search of an individual should be conducted by an officer of the same sex as the person being searched. Absent the availability of a same sex officer, it is recommended that a supervisor and/or witness officer be present during any pat-down search of an individual of the opposite sex as the searching officer. Officers will use the back side of their hands and fingers to search sensitive areas of the opposite sex to include the breast, crotch and buttocks area.
902.4 BOOKING SEARCHES
(a) Absent emergency circumstances in which no reasonable alternative exists, no person arrested for a misdemeanor or infraction not involving weapons, controlled substance or violence may be placed in the general jail population, unless all of the following conditions exist:
   1. The person is not cited and released
   2. The person is not released on his or her own recognizance
   3. The person is not able to post bail within a reasonable time not less than three hours
(b) Any person taken into custody may be subjected to pat-down searches, metal detector searches, and thorough clothing searches in order to discover and retrieve concealed weapons and contraband prior to being placed in a booking cell.

902.5 STRIP SEARCHES
No person arrested and held in custody on a misdemeanor or infraction offense, except those involving weapons, possession of controlled substances or violence, shall be subjected to a strip search or visual body cavity search prior to placement in the general jail population unless an officer has determined that there is reasonable suspicion based upon specific and articulable facts to believe such person is concealing a weapon or contraband which would be discovered by such a search (Penal Code § 4030(f)).

(a) No strip search or visual body cavity search shall be conducted without prior written authorization from a supervisor. The time, date, and place of the search, the name and gender of the person conducting the search and a statement of the results of the search shall be recorded in the arrest record. A copy of the written authorization and recorded information shall be retained and made available to the arrestee or other authorized representative upon request.

Processing and Handling of Arrestees

903.1 PURPOSE AND SCOPE
To establish procedures for the safe handling and processing of arrestees.

903.2 POLICY
Although recommended for most arrest situations, handcuffing is a discretionary procedure and not an absolute rule of the Department. The arresting officer should consider the circumstances leading to the arrest, the attitude of the arrested person, and the age, sex, and health of the person before handcuffing. It must be recognized that officer safety is the primary concern.

It is not the intent of the Department to dissuade officers from handcuffing all persons they believe warrant that degree of restraint, nor is it the intent of this policy to create the atmosphere that in order to avoid risk, an officer should handcuff all persons regardless of the circumstances. In most situations handcuffs should be applied with the hands behind the person. Handcuffs should be removed as soon as the arrested person is safely confined within the jail.

Arrestees should be handcuffed and relieved of all personal property while held in any secure interview area. Arrestees not handcuffed, for the purposes of interviewing or processing, are the sole responsibility of the officers who have custody of the arrestee. Arrestees will be checked periodically and will not be left unattended for more than five minutes.

903.3 DEFINITIONS

Zone Facility - Any police substation or remote-reporting location.

Arrestee - Any person detained for investigation of a criminal incident.

903.4 PROCEDURES
All persons placed under physical arrest shall be handcuffed with the hands to the rear, and the handcuffs shall be double-locked and checked for comfort. Arrestees shall remain cuffed from the time of arrest until that person is turned over to the custody of a jail facility or other competent authority, unless the person is being interviewed, processed, treated at a medical facility or granted toilet privileges.

Arrestees may be handcuffed to the front only when it is necessary due to medical reasons or due to the physical size of the person. Complaints of handcuff irritation shall be checked as soon as practicable. Prior to granting toilet privileges, the facility or restroom must be checked for security and privacy. Officers are required to accompany arrestees into the restroom to maintain visual control. Arrestees shall be accompanied by an officer(s) of the same sex.

Whenever possible, officers bringing arrestees into the Police Department at Lake Merritt shall use the entrance door at the corner of 9th and Madison Street. Violent arrestees may
be brought into the Lake Merritt Administration Building via the 8th Street freight elevator and escorted directly to a secure interview room.

When a arrestee is detained in any secure interview area, all personal property that could be used as a weapon or device to attempt suicide, shall be removed from the arrestee prior to placing the arrestee in the secure interview area.

No items which could be used as a weapon shall be placed in the secure interview area.

Officers entering any secure interview room for the purposes of interviewing, fingerprinting or photographing arrestees shall secure their firearms in the designated gun locker at the respective zone facility prior to taking the handcuffs off any arrestee.

Violent arrestees shall be restrained by use of ankle cuffs and/or an approved restraint method to minimize self-inflicted injuries and injury to department personnel. Officers using a restraint method shall closely monitor the arrestee’s vital signs to minimize any injury.

Whenever a secure interview room is occupied, the lock shall remain engaged.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The objective of the evaluation system is to record work performance for both the Department and the employee giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to reassignment, promotion and progressive discipline. The system also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 POLICY
Employee performance evaluations will be written based on job related factors specific to the position occupied by the employee without regard to sex, race, color, or creed. Each evaluation will cover a specific six (6) month period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel should be sent to a POST approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. When a non-probationary employee's job performance falls below the established standards of the job, the supervisor should, as soon as practical, advise the employee in writing in order to provide an opportunity for the employee to improve performance. The involved employee will be provided the opportunity to initial any such writing and respond in writing within 30 days, if desired. Failure to meet established performance standards is justification for an improvement needed or an unsatisfactory rating for BPOA members. For BPMA members it is justification for a marginal or unsatisfactory rating. Rating factors that are not observed are assumed to be performed at a standard level.

1002.3 TYPES OF PERFORMANCE EVALUATIONS
Permanent employees are subject to three types of performance evaluations and reviews. These evaluations shall be prepared on the approved department evaluation form.

a. Regular - An Employee Performance Evaluation shall be completed every six (6) months by the employee's immediate supervisor. The process completion date for the six month evaluation will be the first Monday of January and the first Monday of July. Evaluations should be completed prior to this date and forwarded to the Administrative Civilian Supervisors office, arriving no later than those first Mondays in January and July.

b. Quarterly - A quarterly review shall be completed by the first Monday in April and the first Monday in September. This quarterly review shall consist of sitting with the employee and reviewing their performance during the first approximate 90 days of the evaluation process. Supervisors will use the face page of the evaluation sheet to write about the employee's performance and discussions about how the employee can improve over the remaining
Evaluation of Employees

evaluation time. This can include an action plan outlining any requested training, remedial training, retraining etc..

c. Transfer - If an employee who has been transferred from one assignment to another is due for an evaluation, then the evaluation shall be completed by the current supervisor, provided that the current supervisor has directly supervised the employee for at least three months. Other supervisors who exercised supervisory responsibility over the affected employee during the evaluation period should also provide their input. In the event that an employee has had multiple supervisors during the evaluation period, the employee's commanding officer will determine which supervisor will complete the evaluation.

1002.4 RATING OF BPOA AND BPMA EMPLOYEES
When completing the semi-annual and quarterly BPOA Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

a. Superior - Work performance is consistently above the standard requirements for this position. Justification must be presented in writing to substantiate this rating. b. Competent - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position. c. Improvement Needed - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee. d. Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater narrative section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked improvement needed, unsatisfactory or outstanding shall be substantiated in the rater comments section.

When completing the semi-annual and quarterly BPMA Managers Performance Appraisal, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

a. Superior - Work performance is consistently above the standard requirements for this position. Justification must be presented in writing to substantiate this rating. b. Effective "Manager adequately accomplishes tasks, producing expected result. c. Marginal " Generally meets job standards however improved performance is required in specific area. d. Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided on the next page of the evaluation in the rater narrative section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked marginal, unsatisfactory or superior shall be substantiated in the rater comments section. All pages of the evaluation need to be signed by the employee, rater and any co-raters.

1002.4.1 EVALUATION INTERVIEW
When the supervisor has completed the quarterly and semi-annual evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any
questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding promotion, special assignments and training opportunities. The supervisor and employee will sign and date the evaluation. The rated employee shall have 30 days within which to file a written response, via the chain of command, to any adverse comment written in the evaluation. Such written responses shall be attached to, and shall accompany, the evaluation.

1002.5 EVALUATION REVIEW AND DISTRIBUTION

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Lieutenant, Bureau Deputy Chief, and Chief of Police). The reviewing manager shall review the evaluation for fairness, impartiality, uniformity, and consistency. The reviewing manager shall evaluate the supervisor on the quality of ratings given and return the evaluation within EDR file promptly to the Administrative Civilian Supervisor.

The original performance evaluation shall be maintained in the employee's personnel file in the Support Services Supervisor's office for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to District Human Resources Department.

1002.6 EMPLOYEE DEVELOPMENT RECORD - EDR

Tracking employee activity through documentation of quality performance, performance deficiencies, training needs, etc. is a critical part of the supervisor's job. An effective system for storing and maintaining information that may be used in an employee's quarterly performance review and semi-annual evaluation is an essential part of this process. Employee Development Records (EDRs) shall be used as a storage location for documents to be used to substantiate evaluation ratings. Such documents should include written commendations, monthly statistical sheets, supervisory notes forms, training bulletins, uniform inspection forms, report reviews as well as any documentation that can be used to assist in the evaluation of the employee's performance.

The EDR will include and employee resource form and prior evaluation in front. The employee's new supervisor shall review and update the employee's resource form, with the employee, at the beginning of every sign-up. He/she shall also review the employee's last evaluation to identify areas in which the employee would like to improve as well as discuss the expectations of the supervisor during the evaluation period.

All shift's EDRs shall be kept within one centralized cabinet in the zone supervisor's office. This will allow easy location of the files to any visiting supervisor who has the opportunity to add a comment to an employee's EDR file. All sergeants EDR files will be located in the Watch Commanders office. Lieutenant's EDR files will be assigned to their respective Deputy Chief.

EDR files shall be kept under strict control of the supervisor's on-duty. They are not to be shared with other employees at any time. Employees are allowed to review their EDR file at anytime upon request to a supervisor.
Evaluation of Employees

1002.7 SUPERVISORY NOTES FORM- SNF
A standardize for should be used to document employee conduct, work performance and attendance. The following procedure sets forth the proper method for documenting employee performance issues in compliance with Government Code § 3305, which says in part that public safety officers shall not have adverse comments entered into their personnel files without the opportunity to read and sign the instrument containing the comments. For purposes of this procedure, one "instrument" used to place information in the employee's shift file is the Supervisory Notes Form (SNF). Other "instruments" may include letters, summaries of conversations, copies of reports etc.

Any comments or actions that amount to Progressive Discipline is outside the scope of this procedure and should be addressed pursuant to § 344 of this manual.

1002.7.1 SUPERVISORY NOTES FORM PROCEDURE
Supervisors will use the SNF to document favorable as well as adverse comments as soon as possible after receiving the supporting information or making personal observations. Favorable comments include but are not limited to: praise of the employee based on personal observation; comments received by the employee's peers and coworkers; compliments from citizens or others with whom the officer has had contact; and written correspondence. Adverse comments include but are not limited to: synopsis of informal training given by the supervisor in response to inappropriate behavior on the employee's part; educational reminders; review of department policy and procedure in light of the employee's performance during a particular incident; critique of the employee's safety practices and field tactics; critique of written work; and statements concerning the employee's investigative skills.

When available, supervisors should attach supporting documents, whether favorable or adverse in nature, to the SNF.

Once the supervisor has discussed the information on the SNF with the employee, he/she shall request the employee sign the form. Once signed, the supervisor will give the employee a copy of the comment form and any attached documents. If the employee refuses to sign the form, the supervisor should note the refusal in the employee signature box, and request the employee to initial next to the signature box. The supervisor will advise his/her supervisor if the employee has refused to sign.

When an SNF is completed employees shall be advised that they have 30 days to respond, in writing, to any adverse comments and that any such written response will be attached to the SNF.

While an employee performance evaluation is being completed, the supervisor conducting the evaluation will check the employee's EDR file and consider all SNF's, as well as any other documentation, when completing the evaluation. The SNF's will then remain in the EDR file until the evaluation is reviewed by the Bureau Deputy Chief. The EDR file will then be purged of all documents except the employee's resource form and a copy of their last evaluation. All purged documents shall be returned to the employee.

Performance Improvement Plans

1003.1 PURPOSE AND SCOPE
The Performance Improvement Plan (PIP) is intended to be a positive approach designed to assist employees who have demonstrated substandard performance or behavior and who may benefit from intervention before it results in discipline or other negative consequences. The PIP is not intended as discipline. Rather, it is intended to aid employees by implementing a structured, written intervention plan focused on achieving desirable performance or behavior outcomes. In addition, the PIP serves as an integral tool of the performance appraisal process in that it provides for timely, constructive feedback while creating opportunities for an employee(s) to receive supervisory guidance and assistance to correct deficient work. This proactive strategy reflects the BART Police Department's commitment to maintaining employee performance and behavior to the standards reflected in the Department's performance evaluation dimensions and policies.

1003.1.1 DEFINITION
The Performance Improvement Plan (PIP) is a written and structured intervention plan designed to assist employees to achieve acceptable performance/behavior outcomes when they have demonstrated a pattern of substandard performance or behavior.

1003.2 PROCEDURE
The components of the Performance Improvement Plan include Identification and Selection, Plan Development, and Plan Administration.

1003.2.1 IDENTIFICATION AND SELECTION
The purpose of identification and selection is to first recognize a pattern of performance and/or behavior which fails to meet published performance expectations or policy standards. Supervisors and managers are charged with continuously evaluating subordinate work and to identify those employees who may benefit from a performance or behavior intervention. Furthermore, supervisors and managers are expected to analyze the substance of substandard performance and/or behavior to determine the most appropriate course of corrective action. The PIP is not intended to replace disciplinary intervention when supervisors and managers determine discipline to be the most appropriate course of action.

In most cases when there is a minor policy violation or performance deficiency supervisors and managers may institute progressive intervention. Progressive intervention may include, but is not limited to verbal counseling, training, monitoring or other strategies. Intervention efforts should be documented on a Supervisor Notes and Observations form or other memorandum. The supervisor(s) and manager of the affected employee may consider selection for a Performance Improvement Plan once progressive intervention efforts fail to produce desired results. Should the manager choose to select an employee to participate in a PIP, s/he shall first seek the approval of the affected employee's Deputy Chief. Upon approval of the Deputy Chief, the manager and/or supervisor(s) shall notify the affected employee of their intention to implement a PIP as soon as practical.
1003.2.2 PLAN DEVELOPMENT

The affected employee’s supervisor(s) and manager will be responsible to author the content of the PIP unless otherwise directed by the responsible Deputy Chief. The PIP document will consist of six distinct categories in memorandum format as follows:

(a) **Summary**: Provide a brief description of the pattern of performance or behavior demonstrated by the affected employee and how it fails to meet published performance expectations or policy standards.

(b) **Specific Circumstances**: This section of the PIP should detail the circumstances and specific examples of the affected employee’s performance or behavior that established a pattern of concern warranting supervisory intervention. Additionally, previous intervention efforts should be referenced in support of cause to select the affected employee for PIP participation.

(c) **Substandard Performance and/or Policy Violations**: This section of the PIP should identify the specific performance dimension(s) or policy standards and how the affected employee failed to meet them.

(d) **Impact of Employee’s Performance and/or Behavior**: This section of the PIP should help the affected employee understand the impact and associated consequences of their substandard performance or behavior.

(e) **Strategies to Achieve Desirable Performance and/or Behavior Outcomes**: This section of the PIP is intended for the author(s) and the affected employee to work together in crafting objectives intended to map a successful outcome. Objectives should be SMART:
   1. **Specific**: Write expectations that are clear and concise to help ensure the employee grasps an understanding of them.
   2. **Measurable**: Install benchmarks so that progress or lack thereof is readily discernible.
   3. **Attainable**: Make reasonable efforts to ensure the employee has ample opportunity and resources to meet the expectations of the objective.
   4. **Relevant**: Draw a clear nexus between the expectation and named performance dimension(s) or policy standard(s).
   5. **Time Based**: Develop a reasonable timeline to help define expectations and motivate positive progress.

(f) **Performance Improvement Plan Terms**: This section of the PIP defines the duration of the plan, identifies the PIP administrator(s), prescribes supervisor feedback intervals, and other necessary terms. The following guidelines should apply to the PIP terms:
   1. **Duration**: The duration of a PIP should be no longer than three months unless the affected employee's Deputy Chief determines an extension, not to exceed an additional three months, is likely to benefit both the affected employee and the Department. The PIP may be tolled to compensate for employee leave of absence and resume upon their return to full duty.
   2. **Feedback Intervals**: The PIP administrator is expected to provide timely feedback and ongoing guidance to the affected employee. The administrator should make reasonable efforts to meet with the employee no less than biweekly unless circumstances require a change of administrator or other unanticipated need(s).
3. **Other Necessary Terms:** Other necessary terms may include, but are not limited to the following:

   (a) The employee may be required to attend training prescribed by the PIP administrator.

   (b) The employee may submit to a voluntary assignment transfer.

   (c) The PIP administrator may limit or restrict the affected employee from participating in work activities outside the scope of their primary assignment including, but not limited to ancillary responsibilities, voluntary overtime assignments, or other work that the PIP administrator reasonably believes may impede the employee's progress or success.

   (d) Employees who are participating in a PIP will not be placed into a special assignment.

**1003.2.3 PLAN ADMINISTRATION**

The Performance Improvement Plan will be administered in the following manner:

(a) **Supervisor Responsibilities:**

   1. Once an employee is selected for a PIP intervention, his/her supervisor and/or manager should meet with the affected employee to receive input on the content of the PIP.

   2. The supervisor/manager should prepare a draft PIP and forward it through the chain of command to the affected employee's Deputy Chief for approval.

   3. The affected employee's supervisor should summarize the PIP intervention in the employee's performance evaluation within the same rating period as the PIP intervention.

(b) **PIP Administrator Responsibilities:**

   1. The supervisor charged with administering the PIP will be known as the PIP administrator. The PIP administrator may be different than the affected employee's supervisor based on, but not limited to the terms of the PIP, needs of the employee or the Department, unanticipated absence, or change of assignment.

   2. The PIP administrator should present the final version of the PIP to the affected employee to explain its content, expectations, and terms.

   3. The PIP administrator is expected to execute the terms of the PIP.

   4. The PIP administrator will document counseling sessions, feedback, employee progress or lack thereof, final review, or any other relevant information on a Supervisor Notes and Observations form or other memoranda and attach it to the PIP.

(c) **Deputy Chief Responsibilities:**

   1. Review the draft PIP, make changes or recommendations as necessary, and provide final approval to execute the PIP.

   2. Review written rebuttals properly delivered in the manner described below and direct changes or recommendations to the PIP as deemed necessary.

   3. Ensure feedback memoranda, final review, written rebuttals or other relevant documents are attached to the PIP.
4. Forward the PIP and related attachments to the Office of Ethical Standards where it can be maintained in the affected employee's personnel file until eligibility to be expunged as described below.

(d) **Employee Responsibilities:**
   1. The affected employee will meet with his/her supervisor as directed and provide input into the development of the PIP in a reasonable and constructive manner.
   2. The employee will review and acknowledge s/he has read the final version of the PIP by signing his/her name and date in the designated area of the PIP.
   3. The employee maintains the opportunity to prepare a written rebuttal to the PIP and forward it through his/her chain of command to the responsible Deputy Chief. The written rebuttal must be presented by midnight on the seventh day after the start date of the PIP.
   4. The employee will honor the terms of the PIP to the best of his/her ability.

**1003.3 RECORD RETENTION**

Once the PIP is completed, it will be retained in the affected employee's Employment Development Record personnel file for six months. The affected employee's Deputy Chief will determine if the PIP may be expunged from the affected employee's personnel file if the following qualifications apply:

(a) The affected employee has successfully satisfied the terms of the PIP and has not repeated a pattern of similar substandard behavior and/or performance.

(b) The affected employee continues to meet performance standards established by published Department policy and/or performance evaluation dimensions following the administration of the PIP for a period of three years.

(c) The affected employee is not being investigated by the Department for alleged misconduct.

(d) The affected employee is not a party to a civil suit in their capacity as an employee of the city.

1005.1 PURPOSE AND SCOPE

1005.2 VOLUNTARY RESIGNATIONS
An employee intending to resign from his/her position with the BART Police Department will submit a memorandum to the Chief of Police, via the chain of command, at least two weeks prior to his/her resignation. The memorandum shall state the actual last working date of the employee, which must be a weekday, excluding holidays.

Request For Employee Address, Phone and Name Changes

1007.1 PURPOSE AND SCOPE
To establish a uniform procedure to record of address, phone, and name changes by police employees.

1007.2 PROCEDURE
All personnel will inform the department immediately of any address, phone or name changes.

Employees will complete District Form #1102 (revised 7189), entitled "Personnel Transaction Form A."

The completed form will be forwarded to the Support Services Division for processing. Support Services personnel will update all related files to indicate the appropriate change. New identification cards and name tags will be ordered for name changes.

Employees may elect to use P.O. boxes where District mail can be sent. Police employees must also report actual residence-address information.

Support Services personnel will forward "Personnel Transaction Form A" to the Human Resources Department for official District notification and filing, with a copy maintained in the employee's administrative file.

The Support Services Division and Communications Section will maintain a record of each employee's current address and phone number.
Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Constitutions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Support Services Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR § 9040).

The Support Services Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR § 9041).

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS
California Penal Code § 12021(c)(1) prohibits any person convicted of certain offenses including, but not limited to, Penal Code §§ 273.5, 273.6 and 646.9, from lawfully possessing a firearm. Pursuant to the Federal Domestic Violence Gun Control Act (18 U.S.C. § 921(a) and 18 U.S.C. § 922(d)), any person who has been convicted of a misdemeanor domestic violence offense is prohibited from possessing any firearm or ammunition. Because such offenses may include any conviction involving the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child), employees shall promptly report any and all convictions of such nature.

Federal law also prohibits firearm possession by any individual who is the subject of a domestic violence restraining order. While this federal restriction does not apply to temporary restraining orders (18 U.S.C. § 922(d)(8)), California Family Code § 6389 does prohibit any individual from lawfully possessing a firearm if they are currently the subject of a domestic violence restraining order (including temporary and emergency orders). As such, employees shall promptly notify the Department if they become the subject of any temporary, emergency or permanent domestic restraining order.

1010.3 OTHER CRIMINAL CONVICTIONS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.
1010.4 REPORTING PROCEDURE
All employees of this department and all retired officers with a CCW endorsement shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All sworn employees and all retired officers with a CCW endorsement shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the employee becomes the subject of a domestic violence restraining order issued by a court of competent jurisdiction.

Any employee whose criminal conviction unduly restricts or prohibits that employee from fully and properly performing his/her duties may be disciplined including, but not limited to being placed on administrative leave, reassignment and/or termination.

Any employee failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 12021(c)(2), a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 12021 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Alcohol and Drug Use Policy

1012.1 PURPOSE AND SCOPE
The intent of this policy is to deter the misuse or abuse of legal or illegal substances that create a threat to the safety and health of any employee or member of the public. The Bay Area Rapid Transit Police Department discourages alcohol and drug abuse and strives to achieve a work force free from the influence of drugs and alcohol.

1012.2 GENERAL GUIDELINES
The consumption of alcohol or other intoxicants is generally prohibited by on-duty personnel except as necessary in the performance of an official special assignment. Personnel who consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Employees who have consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect their senses or judgment shall not report for duty.

1012.2.1 PURCHASE OR POSSESSION OF DRUGS OR ALCOHOL ON DUTY
Department employees shall not purchase or possess alcohol or other controlled substances on District property, at work, or while on duty except in the performance of a special assignment as described in Policy Manual § 1012.2.

Department employees shall not illegally manufacture any alcohol or drugs while on duty, on District property or at any other time.

1012.2.2 USE OF PRESCRIBED MEDICATIONS
Any employee who is required to take any medication with side effects which might impair his/her ability to fully and safely perform all requirements of the position shall report the need for such medication to the immediate supervisor prior to commencing any on-duty status. No employee shall be permitted to work or drive a department-owned or department-leased vehicle while taking such potentially impairing medication without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.3 DRUG AND ALCOHOL TESTING
All types of District drug and alcohol testing including Pre-employment, Reasonable Cause, Post-Accident, Random, Return to Duty and Follow-up in compliance with federal mandates and negotiated District policy are coordinated through Employee Services. Random testing is conducted on site at all job locations, 24-hours a day/7 days a week including weekends and holidays. For more information about drug and alcohol testing, contact the Drug Testing Coordinator at 510-287-4761, or call 510-464-6198.

1012.3.1 SUBSTANCE ABUSE REHABILITATION
There may be available a voluntary employee assistance program to assist employees who wish to seek help for alcohol and drug problems. There is also available a variety of insurance coverage which provide treatment for drug and alcohol abuse. Employees
Alcohol and Drug Use Policy

may contact the Human Resources Department, their insurance provider, or the Employee Assistance Program for additional information.

Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through the Employee Assistance Programs or their insurance provider. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

Substance abuse rehabilitation services are available to all employees, including part-time and probationary. The District offers two types of admission into substance abuse rehabilitation, Voluntary and Mandatory.

(a) Voluntary admission occurs when an employee comes forward and requests assistance prior to, and separate from, any type of drug testing. With Voluntary admission BART pays all treatment costs and salary continuation for up to a maximum of 90 days.

(b) Mandatory admission occurs following a positive drug or alcohol test. In this situation, the employee is required to use sick or vacation leave for time off work and rehabilitation costs are borne by the employee and/or paid by his/her insurance plan. With both plans the employee will be monitored from one to five years upon his/her return to work.

Confidential contact for admission to these services is through 510-464-6198.

1012.3.2 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due employees, and disclosure of any information relating to chemical abuse treatment, except on a need to know basis, shall only be with the expressed written consent of the employee involved or pursuant to lawful process.
Sick Leave and Attendance Control

1014.1 PURPOSE AND SCOPE
The purpose of this directive is to describe the procedures for using, reporting, and verifying all uses of sick leave, including Assembly Bill 109 (AB 109). It also serves to outline the protocols for managing tardiness and the excessive use or abuse of sick leave. Employees of this department are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available is detailed in the employee's respective applicable collective bargaining agreement. Employees may also be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 CFR 825).

1014.2 EMPLOYEE RESPONSIBILITIES
It shall be the policy of this department to adhere to the following standards and requirements regarding sick leave and its various components. Sick leave may only be used in instances as set forth in this directive. Employees are required to maintain a satisfactory attendance record. Unsatisfactory attendance due to tardiness or the excessive use or abuse of sick leave will result in corrective action as described in this directive.

1014.3 DEFINITIONS
(a) Personal/Family Sick Leave: That leave provided by the District to be available for use by employees in the following circumstances:
   1. When the employee is ill, injured, quarantined, or similarly exposed to a contagious disease (when industrial injury benefits do not apply);
   2. Required attendance upon a seriously ill spouse, child, mother, or father;
   3. To attend verifiable medical or dental appointments which cannot be scheduled outside the normal working hours of the employee, provided that a minimum of 48 hours advance notice is given and provided subsequent confirmation that the appointment was kept is given, if requested, by management.

(b) AB 109 Leave: Assembly Bill 109 requires employers to allow their employees to use a portion of accrued annual sick leave in order to care for a sick child, spouse, or parent. The following stipulations apply:
   1. For District employees, up to six (6) days of accrued sick leave per calendar year may be used;
   2. AB 109 leave may be used in less than full-day increments.

(c) Family and Medical Leave Act of 1993 (FMLA): This legislation provides qualified employees with leave for specified family and/or medical reasons while protecting the employee’s job and health benefits. For employees to be eligible for FMLA leave, one of the following circumstances must apply:
   1. An employee’s own serious health condition that makes him/her unable to perform one or more of the position’s essential job functions;
   2. To care for a spouse, child, parent, or domestic partner with a serious health condition [i.e., an illness, injury, impairment, or physical or mental condition that
falls within one of the following six major types: hospital care; absence plus treatment; chronic conditions requiring treatment; long-term conditions requiring supervision; multiple treatments (non-chronic); and, pregnancy;

3. To care for a newborn child of the employee;

4. For placement of a child with the employee for adoption or foster care.

(d) **Tardy:** The failure to report for duty at the time and place specified, unless prior authorization is obtained or mitigating circumstances are accepted. Tardiness is a form of absenteeism.

### 1014.4 PERSONAL/FAMILY SICK LEAVE

When reporting an absence for duty due to illness or injury, or in order to care for a sick spouse, child, or parent, the employee shall report the absence to the Department as soon as practicable and not less than 45 minutes, if possible, prior to the employee’s scheduled start time. That notification should be made to the watch commanders office. [Note: it shall be at the discretion of the employee when caring for a sick family member if AB 109 leave will be used, pending the availability of AB 109 time (see AB 109 Leave).]

When notifying the Department of a sick-leave absence, the employee shall attempt to make contact with the on-duty watch commander. If the watch commander is not available a message should be left at the watch commanders general number, x7020 and a follow-up call should be made to the Communication Center also advising of the absense.

The employee is required to advise that he/she is ill or injured, along with the expected duration of absence. The employee is not required to report what the illness or injury is and the supervisor/dispatcher shall not inquire. If the duration of the illness or injury is for more than one shift, the employee is required to call-in daily to report the continued absence, unless the exact duration is known and medical documentation indicating a return date is provided to the department.

The watch commander/dispatcher documenting the use of sick leave shall complete an Absence Report and report the absence to the appropriate supervisor, if applicable, as soon as possible. The completed absence form will be forwarded to the employee’s regular supervisor for review and to obtain the employee’s signature upon his/her return.

Per current BPOA and BPMA collective-bargaining agreements, an employee’s use of personal/family sick leave may only be verified by a supervisor when there is a suspected or identifiable pattern of abuse. Under these circumstances, sick leave may be verified by telephone or by personal visit during the affected employee’s scheduled duty hours.

If, after three attempts during the employee’s regular shift hours, an employee cannot be contacted at the address/telephone number provided at the time the employee reported the illness, the supervisor will request a memorandum from the employee explaining his/her whereabouts on the day and time in question. In addition to this memo, a supervisor may request medical verification of the illness. The affected employee must respond within seven (7) calendar days and the absence will remain denied until acceptable verification has been received.

Employees whose use of personal/family sick leave shows evidence of being excessive or a pattern shall be subject to having future absences verified by acceptable medical documentation. Such medical verification may be required from the employee for a specified period of time, as determined by the employee’s supervisor.
If the employee fails to report the use of sick leave within four (4) hours after the start of the affected shift, the employee will be considered absent without leave (AWOL).

1014.4.1 AB 109 LEAVE
When reporting an AB 109 absence to care for a sick child, spouse or parent, the employee shall report the absence to the department as soon as practicable and not less than 45 minutes, if possible, prior to the employee's scheduled start time.

When notifying the department of an AB 109 absence, the employee will attempt to make contact with the watch commander. If the watch commander is not available a message should be left at x7020 and a follow-up call should be made to the Communication Center to also advising of the absence.

When using AB 109 leave, the employee needs only to identify which of the aforementioned family members is ill. The illness does not need to be stated and, again, the watch commander taking the call shall not ask. The employee also needs to state the expected duration of absence and must call-in each day if the absence continues. The supervisor/dispatcher documenting the use of AB109 leave shall complete the Absence Report and report the absence to the appropriate supervisor, if applicable, as soon as possible. The completed absence form will be forwarded to the employee's supervisor for review and to obtain the employee's signature upon his/her return.

AB 109 leave may not be verified by calling, visiting, or requiring the employee to furnish medical documentation regarding the illness. This does not, however, preclude management from investigating an incident that comes to the department's attention in which the employee reportedly did not use the time-off to care for a family member, as reported. If the employee fails to report the use of AB 109 leave within four (4) hours after the start of the affected shift, the employee will be considered absent without leave (AWOL).

1014.4.2 FAMILY AND MEDICAL LEAVE ACT OF 1993 (FMLA)
FMLA leave allows employees to use sick leave, vacation, recovery or floating holidays for specified family and/or medical reasons. Up to 12 work weeks of leave during any 12-month period may be used for qualifying circumstances. In order to qualify, an employee must have worked at least 1,250 hours immediately proceeding the commencement date of the leave. Regular work hours, compensatory time, and overtime hours count toward the 1,250 hours, while vacation, sick leave, and holidays taken do not.

The District has an established procedure for employees to follow in order to use FMLA leave. For further information regarding eligibility, regulations, and to obtain the Request for Family Medical Leave form, employees must contact the District's Human Resources Department.

1014.4.3 CORRECTIVE ACTION
Management will take appropriate corrective action for abuse of sick leave. Any of several criteria may be used to indicate excessive sick leave use or abuse by an employee. Criteria to be evaluated by management include, but are not limited to: the use of sick leave in a regular and/or patterned manner, such as sick leave usage in conjunction with regular days-off at regular intervals, or on special-event days; or, the use of sick leave which exceeds 40 hours in any six-month period, and/or 80 hours or more of sick leave utilized in four or more instances during a 12-month period, when not supported by medical documentation. The employee’s total sick-leave
record may be reviewed and the entire pattern and amount of usage will be considered in determining the appropriateness of usage. Management retains the right to initiate corrective action if it determines that sick-leave usage is excessive or abusive, and the decision as to whether or not counseling or further action is appropriate will be the determination of the employee's supervisor or higher-level management in the employee's chain of command.

1014.4 TARDINESS
Employees who are tardy will be docked for actual time lost. Employees who are tardy 15 minutes or more shall prepare a written memorandum explaining the reason for the tardiness and submit it to their supervisor. Employees who are tardy two times in a six-month period may receive an Attendance Discussion. Further cases of tardiness may result in disciplinary action. Nothing in this directive prohibits a supervisor from counseling an employee for the first instance of tardiness.

1014.4.5 ATTENDANCE DISCUSSION
An Attendance Discussion may be used as the initial step of the corrective process regarding excessive or abusive sick-leave usage or tardiness. An Attendance Discussion shall be pre-disciplinary in nature, documented on an Attendance Discussion Form, and will include the following information:

(a) The discussion is pre-disciplinary and informative only;
(b) An improvement in the attendance record is required of the employee or the formal process of the Progressive Discipline System may be initiated;
(c) As appropriate, for a specified time period, each future absence may require satisfactory written medical verification as to the necessary and compelling reasons for the employee's absence;
(d) The supervisor is ready and willing to provide reasonable assistance if there is a particular problem for which assistance can be offered;
(e) The purpose of the discussion is to bring the matter of absenteeism to the attention of the employee so that he/she can correct it, avoiding any further need for corrective action.

The Attendance Discussion form will be retained in the employee's EDR file until the next performance evaluation.
Communicable Diseases

1016.1 PURPOSE AND SCOPE
This policy is intended to provide guidelines for department personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury. The policy will offer direction in achieving the following goals:

(a) To manage the risks associated with blood borne pathogens (BBP), aerosol transmissible diseases, and other potentially infectious substances.

(b) To assist department personnel in making decisions concerning the selection, use, maintenance, limitations, storage, and disposal of personal protective equipment (PPE).

(c) To protect the privacy rights of all department personnel who may be exposed to or contract a communicable disease during the course of their duties.

(d) To provide appropriate treatment and counseling should an employee be exposed to a communicable disease.

1016.2 PROCEDURES FOR EXPOSURE TO BLOOD, BODILY FLUIDS OR AEROSOL TRANSMISSIBLE DISEASES
All department personnel who are exposed to another person's blood, bodily fluids or an aerosol transmissible disease (e.g., during an altercation or while attending to any injured person) shall follow these procedures and guidelines.

Exposure to blood or other potentially infectious materials includes, but is not limited to, the contact of such substances with the eye, mouth, other mucous membranes, non-intact skin, needle sticks, human bites, cuts or abrasions or any exposure that otherwise qualifies under Health and Safety Code § 121060.1 or 8 CCR § 5193.

Exposure to an aerosol transmissible disease is any event in which all of the following have occurred (8 CCR 5199):

(a) An employee has been exposed to an individual who is a case or a suspected case of a reportable aerosol transmissible disease, or to a work area or to equipment that is reasonably expected to contain aerosol transmissible pathogens associated with a reportable aerosol transmissible disease.

(b) The exposure occurred without the benefit of applicable exposure controls required by this policy.

(c) It reasonably appears from the circumstances of the exposure that transmission of disease is sufficiently likely to require medical evaluation.

1016.2.1 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Department's Exposure Control Officer. The ECO shall be responsible for the following:

(a) The overall management of the bloodborne pathogen Exposure Control Plan (ECP).

(b) Establishing written procedures and a training program related to aerosol transmissible diseases, as required by 8 CCR § 5199.
Communicable Diseases

(c) Working with management to develop and administer any additional related policies and practices necessary to support the effective implementation of this plan.

(d) Remaining current on all legal requirements concerning bloodborne pathogens and other communicable diseases, as required by 8 CCR § 5193.

(e) Acting as a liaison during OSHA inspections, conducting program audits to maintain an up-to-date ECP and ensuring exposure report forms are available and adequate for employees to properly report incidents of exposure.

(f) Maintaining an up-to-date list of police personnel requiring training. Developing and implementing a training program, maintaining class rosters and quizzes, and periodically reviewing and updating the training program.

(g) Reviewing and updating the ECP annually (on or before January 1 of each year).

Department supervisors are responsible for exposure control in their respective areas. They shall work directly with the ECO and any affected employees to ensure that the proper exposure control procedures are followed.

1016.2.2 UNIVERSAL PRECAUTIONS

All human blood and body fluids such as saliva, urine, semen, and vaginal secretions are to be treated as if they are known to be infectious. Where it is not possible to distinguish between body fluid types, all body fluids are to be assumed potentially infectious.

1016.2.3 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, it is recommended that personnel carry the following equipment to assist in the protection against such exposures:

- Not less than two pair disposable latex gloves.
- Safety glasses or goggles
- Rescue mask with a one-way valve
- Alcohol (or similar substance) and/or alcohol-hand wipes to disinfect skin at emergency site.

1016.2.4 IMMUNIZATIONS

All department personnel who, in the line of duty, may be exposed to or have contact with a communicable disease shall be offered appropriate treatment immunization.

1016.2.5 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or body fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves shall be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other body fluids. Should one’s disposable gloves become contaminated with blood or other body fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books, and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.
Communicable Diseases

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

1016.3 DISPOSAL AND DECONTAMINATION
The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person’s blood or body fluids:

1016.3.1 USE OF WASTE CONTAINERS
Officers shall dispose of biohazard with the on-scene fire response vehicle, or at the attending clinic/hospital with their approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival.

The biohazard waste container located at the station shall be collapsible, leakproof, red in color or appropriately labeled with a biohazard warning and routinely emptied.

1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES
Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one’s hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as the cleaning or decontamination area.

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE
All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting a paramedic, or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when possible, shall be into a puncture proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the
hands shall be avoided. Rather, use a device such as tongs, or a broom and a dustpan to
cleanup debris. If the material must be hand held, protective gloves must be worn.

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT
Contaminated disposable supplies (gloves, dressings, CPR mask) shall be transported with
the patient or suspect in the ambulance or police vehicle. The waste material shall then be
disposed of in a biohazard waste container at the hospital or police station. Disposable
gloves are to be worn while placing the waste into the waste biohazard container, placing
the gloves in with the waste when through.

1016.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT
After using any reusable personal protective equipment, it shall be washed or disinfected
and stored appropriately. If the personal protective equipment is non-reusable (e.g.,
disposable gloves), it shall be discarded in a biohazard waste container as described in
Policy Manual § 1016.3.4.

Any personal protective equipment that becomes punctured, torn, or loses its integrity,
shall be removed as soon as feasible. The employee shall wash up and replace the
personal protective equipment if the job has not been terminated. If this situation resulted
in a contaminated non-intact skin event, Policy Manual § 1016.3.2 shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to
cleaning it shall be placed into a biohazard waste bag and transported in the ambulance,
paramedic truck or police vehicle. Gloves shall be worn while handling the biohazard waste
bag and during placement into the biohazard waste container, and then included in with the
waste.

1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT
Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable
radio) shall be decontaminated as soon as possible. If it is to be transported, it shall be
done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital,
fire station, or police station for proper cleaning and disinfecting. Porous surfaces such
as nylon bags and straps shall be brushed and scrubbed with a detergent and hot water,
laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed
and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed, and
allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very
carefully using a minimal amount of a type of germicide that is approved by Environmental
Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, portable radios, and
corners (tight spots). Equipment cleaning shall not be done in the kitchen, bathrooms, or
other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100
solution of chlorine bleach (one-quarter-cup of bleach per one gallon of water) while wearing
disposable gloves and goggles. Large particles of contaminants such as, vomit, feces,
blood clots, etc. should first be removed (using a disposable towel or other means to prevent
direct contact) and properly disposed of.
Communicable Diseases

1016.3.7   DECONTAMINATION OF CLOTHING
Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a biohazard waste bag and give it to the Exposure Control Officer. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing, and inform them of the potential contamination. This dry cleaning will be done at the Department's expense.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

1016.3.8   DECONTAMINATION OF VEHICLES
Contaminated vehicles and components such as the seats, radios, and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1016.3.9   DECONTAMINATION OF STATION AND CLEANING AREA
The ECO shall designate a location at the station that will serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for the employees to wash any potential contamination from their bodies. This area is to be thoroughly cleaned after each use and to be maintained in a clean and sanitary order at all times between each use. The application of cosmetics, smoking cigarettes, food and drink are prohibited in this designated area at all times.

1016.4   POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS
In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and to ensure the best protection and care for the employee(s).

1016.4.1   EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE
To provide appropriate and timely treatment should exposure occur, all employees shall verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. That report shall be submitted to the employee’s immediate supervisor. Additionally, employees should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases.

1016.4.2   SUPERVISOR REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure that occurs as soon as possible following the incident, while gathering the following information:

(a) Name and social security number of the employee(s) exposed.
(b) Date and time of incident.
(c) Location of incident.
(d) What potentially infectious materials were involved.
(e) Source of material or person.
(f) Current location of material or person.
Communicable Diseases

(g) Work being done during exposure.
(h) How the incident occurred or was caused.
(i) PPE in use at the time of the incident.
(j) Actions taken post-event (e.g., clean-up, notifications).

The supervisor shall advise the employee of the laws and regulations concerning disclosure of the identity and infectious status of a source, and Policy § 1016.5, which addresses source testing.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed employee's supervisor to ensure testing is sought (Policy § 1016.5).

1016.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Any employee who was exposed or who suspects he/she was exposed to HIV or to hepatitis B or C should be seen by a physician or qualified health care provider as soon as possible. The doctor or qualified health care provider should be provided with the supervisor's report and the employee's medical records relevant to the visit and examination. The blood of the exposed employee shall be tested.

The health care professional will provide the ECO and/or the District's Risk Manager with a written opinion/evaluation of the exposed employee's medical condition. This opinion should only contain the following information:

- If a post-exposure treatment is indicated for the employee.
- If the employee received a post-exposure treatment.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident and whether further treatment or evaluation will be required.
- Whether communicable disease testing from the source is warranted, and if so, which diseases should the testing include.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

1016.4.4 COUNSELING
The Department shall provide the exposed employee (and his/her family if necessary) the opportunity for counseling and consultation.

1016.4.5 CONFIDENTIALITY OF REPORTS
Most of the information involved in this process must remain confidential. The ECO shall ensure that all records and reports are kept in the strictest confidence.

The ECO shall be responsible for maintaining records containing the employee's treatment status and the results of examinations, medical testing and follow-up procedures.

The Risk Manager shall be responsible for maintaining the name and social security number of the employee and copies of any information provided to the consulting health care professional.
Communicable Diseases

This information is confidential and shall not be disclosed to anyone without the employee's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.5 SOURCE TESTING
Testing for communicable diseases of a person who was the source of an exposure should be sought when it is desired by the exposed employee or when it is otherwise appropriate. There are five methods to obtain such testing. It is the responsibility of the ECO to ensure that the proper testing and reporting occur. These methods are:

(a) Obtaining voluntary consent from any person who may be the source of an exposure to cover testing for any communicable disease.

(b) Filing a report with the county health officer when an employee is exposed to the bodily fluids of an arrestee. The county health officer may pursue testing for HIV or hepatitis B or C (Penal Code § 7510 et seq.).

(c) Seeking consent for testing or applying for a court order for HIV, hepatitis B and hepatitis C testing (Health and Safety Code § 121060 et seq.).

(d) Seeking a court order when the person who may be the source of an exposure will not consent to testing and the exposure does not fall under the statutory schemes for testing. This covers testing for any communicable disease as deemed appropriate by a health care professional and documented in the request for the court order.

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing an adult or juvenile when an employee of the Bay Area Rapid Transit Police Department qualifies as a crime victim (Penal Code § 1524.1).

1016.5.1 EXPOSURE FROM A NON-ARRESTEE
Upon notification of an employee's exposure to a person who was not arrested, the ECO should attempt to determine if the person who was the source of the exposure will voluntarily consent to testing. If consent is indicated, the following steps should be taken:

(a) A licensed health care provider should notify the person to be tested of the exposure and make a good faith effort to obtain voluntary informed consent from the person or his/her authorized legal representative to perform a test for HIV, hepatitis B, hepatitis C and other communicable diseases the health care provider deems appropriate.

(b) The voluntary informed consent obtained by the health care provider must be in writing and include consent for three specimens of blood for testing. The ECO should document the consent as a supplement to the Exposure Control Report.

(c) The results of the tests should be made available to the source and the exposed employee.

If consent is not obtained, the ECO should promptly consult with General Counsel and consider requesting that a court order be sought for appropriate testing.

1016.5.2 EXPOSURE FROM AN ARRESTEE
Upon notification of an exposure to an employee by a person who was arrested, the ECO should take the following steps:

(a) Comply with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
Communicable Diseases

(b) Take reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(c) In all cases, comply with the reporting and testing scheme of Penal Code § 7510 et seq. This includes completing a State Department of Health Services Form CDPH 8479 and submitting it to the County Health Officer with a copy of the Exposure Control Report by the end of the employee’s shift. If submission by the end of the shift is not practicable, it must occur as soon as possible but no later than two days after the incident. The exposed employee’s name should not appear on this form.

(d) Remain in contact with the County Health Officer to determine whether testing of the arrestee will occur and whether the testing satisfies the medical needs of the employee.

(e) The results of the tests should be made available to the donor and the exposed employee.

Since there is potential for overlap between the two statutory schemes, the ECO is responsible for coordinating the testing with the County Health Officer to prevent unnecessary or duplicate testing.

In the rare event that the exposed employee is not covered by either statutory scheme, the ECO should seek consent or a court order in the same manner as for a non-arrestee.
Smoking Policy

1018.1 PURPOSE AND SCOPE
The Surgeon General has determined that second-hand smoke is hazardous to health. Tobacco products may also be offensive to employees and the public.

1018.2 POLICY
Smoking and other use of tobacco products is not permitted inside department facilities or any department vehicle. It shall also be the responsibility of all employees to ensure that no person smokes or uses any tobacco product inside department facilities and vehicles.

No person shall smoke tobacco products within 20 feet of a main entrance, exit, or operable window of any public building (including any Department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement, or any other purpose (Government Code § 7596 et seq.).

Employees in uniform are also prohibited from smoking or using tobacco products while in public view.
Early Warning System

1019.1 PURPOSE AND SCOPE
The purpose of this order is to establish policy and procedure for an informal performance review and intervention program, the "Early Warning System" (EWS). The program monitors employee performance that may be inconsistent with professional police conduct and cooperatively engages employees to resolve areas of concern. The goal of EWS is early identification of employee performance issues and correction of these issues through constructive counseling sessions, intervention, and/or training rather than the formal disciplinary process.

1019.2 POLICY
It is the policy of the BART Police Department to maintain an Early Warning System to provide early intervention to possible problematic behaviors so that changes can be made prior to discipline being the only corrective option. The EWS is one method by which employees may be identified as possibly needing assistance with performance and/or stress related problems. The EWS is intended as an approach to highlight tendencies that may otherwise be overlooked.

All employees shall participate in the EWS program and comply with the guidelines set forth in this policy. Participation in the EWS program shall not be deemed punitive, nor a formal disciplinary process. Notwithstanding the initiation of the EWS process, the Department retains its right and responsibility with regard to investigation of policy violation and enforcement of employee discipline.

1019.3 PROCEDURE
EWS is a non-disciplinary tool that does not relieve supervisors and managers of their responsibility to directly monitor the performance of their subordinates and take appropriate action in response to performance or behavioral issues.

Employee behavior or performance that is subject to EWS review includes, but is not limited to:

(a) Poor attendance and/or abusive use of sick leave.
(b) Multiple formal sustained or not sustained complaints.
(c) Multiple informal complaint inquiries, or comments on officer performance from citizens.
(d) Multiple use of force incidents.
(e) Multiple obstructing/resisting arrest incidents.
(f) Multiple vehicle collisions.
(g) Corroborated peer referral.
(h) Substandard conduct/performance concerns observed by a supervisor or manager.

Supervisors and managers shall monitor the activity of their subordinate employees to identify actual or perceived unprofessional behavior and/or substandard performance that is subject to EWS review. They shall communicate such information to the Chief of Police via the Chain of Command.
Early Warning System

Personnel assigned to the Internal Affairs Section shall monitor all formal and informal allegations of employee misconduct received by their office for behavior or performance that is subject to EWS review. The Internal Affairs Section shall communicate such information to the Chief of Police.

The Office of the Chief of Police shall be responsible for aggregation and administrative management of information and records associated with the EWS program. The administrative assistant assigned to the Office of the Chief of Police shall be responsible for preparing a quarterly report summarizing information and activities associated with the EWS program.

Information and records associated with the EWS program are used for personnel purposes. Accordingly, they are confidential personnel files and not public records. Documents, data, and records shall be maintained by the Office of the Chief for a period of two (2) years.

Access to EWS records shall be restricted to the Office of the Chief. An individual employee shall be granted access to EWS records that pertain to that employee. The employee will give the Office of the Chief a reasonable amount of notice before having access to the file.

1019.4  Administrative Review Board
The Chief of Police shall convene a quarterly Review Board comprised of the Bureau Deputy Chief and the Internal Affairs Lieutenant, to review program records to determine if initiation of the EWS Program is recommended. Upon consideration of the Review Board's recommendation, the Chief of Police may direct an employee to participate in the EWS program.

1019.5  Initiation of the EWS Program
Upon direction of the Chief of Police, an informal counseling meeting shall be held that may include:

(a) The subject employee.
(b) The Chief of Police and/or his designee.
(c) The employee's Bureau Deputy Chief and/or his/her designee.
(d) The employee's direct supervisor.

The subject employee may have one fellow employee accompany him/her to the counseling meeting. The accompanying employee's presence is allowed to offer general support to the subject employee, not to be an active participant in the counseling meeting.

Unless impractical, the counseling meeting shall be held during the employee's regularly scheduled working hours.

In the meeting, the employee shall be informed of the behavioral and/or performance concern(s) at issue, and he/she shall be allowed an opportunity to offer a response. If applicable, the employee may be required to attend necessary training. The employee may be given information regarding the BART District Employee Assistance Program.

If the subject employee requests training, the Chief of Police may grant the request if the training is relevant and appropriate.

No formal document will be generated referencing this meeting, and the meeting shall not be deemed a punitive or disciplinary proceeding against the employee. There shall be no permanent record of the meeting. All quarterly reviews and meetings shall be maintained.
Early Warning System

in the strictest confidence and shall not be discussed with other employees without an authorized need to know.
Internal Investigation of Allegations of Misconduct

1020.1 PURPOSE AND SCOPE
The Department's internal investigative process is critically important to preserve the integrity and morale of the Department. It fosters public trust and confidence in law enforcement, and ensures accountability at all levels of the Department.

This policy incorporates the Department's values, with commitment to the following:

• Fair and impartial enforcement of laws, ordinances and District Resolutions, and respect for fundamental human rights;
• High ideals of honor and integrity to maintain the respect and confidence of superiors, peers, subordinates, the public, District employees, and other government and criminal justice agencies;
• Friendly and courteous service by striving to improve communications and relationships with all District employees and patrons at all times seeking improvement in the quality and image of public service.

The purpose of this policy is to provide guidelines for receiving, classifying, investigating, and determining the disposition of allegations of misconduct regarding members of this department.

1020.1.1 DEFINITIONS
Personnel complaints shall be defined as any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law. When an allegation warrants investigation, such complaints will be referred to the Internal Affairs Section for assignment.

If a person alleges or raises an issue that does not qualify as of violation of Department policy, procedure, rules, regulations, or the law, the Department will classify the issue as either an inquiry or a comment of non-complaint. These issues are of such a minor nature, that they do not rise to the level of a complaint.

Definitions:
(a) **Complaint:** An expression of dissatisfaction or disapproval in regards to the performance of a Police Department employee.
(b) **Allegation:** An unproven accusation that a member of the Police Department violated Department/District policy or procedure, or the law.
(c) **Misconduct:** An act or omission by a Department member that is a violation of Department/District policy or procedure, or the law; which if sustained, could result in disciplinary action.
(d) **Inquiry:** A question regarding the actions of a Department employee or the implementation of Department policy, with no allegation of misconduct.
(e) **Comment of Non-Complaint:** A comment on the actions of a department employee, where the reporting party expressly states that they do not want to make a complaint.
(f) **Supervisory Referral:** For instances involving inquiries or comments of non-complaint, the Internal Affairs Section may classify the issue as a Supervisory Referral. An assigned supervisor will then address the issue informally with the involved employee and document the content of the conversation in a memorandum to the Internal Affairs Section. The involved employee will not be identified in the documentation or filing of Supervisory Referrals, instead the memorandum will be filed by the reporting person’s name. Even in the absence of a formal complaint request, if the nature of the allegation(s) warrants investigation and/or could result in discipline, then the statements made by the reporting person and their contact information shall be documented on a complaint intake form and forwarded to the Office of Internal Affairs.

If a complaining party initiates a complaint but then either refuses to cooperate with the investigation or becomes unavailable, the Internal Affairs Section will exercise due diligence and proceed with an investigation. Based on a lack of information, the Chief of Police may determine that a matter does not need to be classified as a personnel complaint and the investigation will be suspended. However, depending on the seriousness of the complaint and the availability of information, further investigation may be conducted by the Internal Affairs Section.

**1020.1.2 ALLEGATION CLASSIFICATIONS**

The following classifications of allegations will be used. The purpose of these classifications is to objectively characterize the potential misconduct while avoiding the use of value-laden words that could prejudice the investigation.

(a) **(AD) Arrest or Detention:** An allegation that an arrest lacked probable cause or a detention lacked reasonable suspicion.

(b) **(BBP) Bias-Based Policing:** An allegation that a Department member engaged in conduct based on a person’s race, religion (religious creed), age, marital status, national origin, ancestry, sex, sexual orientation, actual or perceived gender identity, medical condition, or disability.

(c) **(C) Courtesy:** An allegation that a Department member inappropriately used profane or derogatory language, obscene gesture, or an unprofessional demeanor during a contact with a member of the public.

(d) **(CU) Conduct Unbecoming an Officer:** An allegation that a member’s conduct, either on or off-duty, was conduct that a reasonable person would find unbecoming a police employee. The nature of the conduct could potentially reflect adversely upon the Department.

(e) **(F) Force:** An allegation that the amount of force used by a Department member was not objectively reasonable.

(f) **(ND) Neglect of Duty:** An allegation that a Department member neglected his/her duties and failed to take action as required by law, or by Department policy or procedure, or in compliance with a lawfully given order from a supervisor.

(g) **(P) Procedure:** An allegation that action taken by a Department member did not follow appropriate Department/District policy, procedures or guidelines.

(h) **(PC) Policy Complaint:** An allegation regarding a current Department policy that was properly implemented by a Department member; but which the complainant believes is inappropriate or not valid. A policy complaint is not grounds for discipline.
(i) **(R) Reporting Misconduct:** An allegation that a Department member failed to notify a Department supervisor of misconduct that threatens the rights of private persons and/or the well being and reputation of the Department.

(j) **(RA) Racial Animus:** An alleged expression or act of animosity toward an individual or group based on race or ethnicity.

(k) **(S) Supervision:** An allegation that a supervisor did not detect a pattern of misconduct by a Department member that he/she reasonably should have known about; and/or an allegation that a supervisor did not properly supervise and take corrective action for misconduct that he/she knows or reasonably should have known about.

(l) **(SS) Search Or Seizure:** An allegation that a search or seizure was conducted by a Department member in violation of the 4th Amendment.

(m) **(T) Truthfulness:** An allegation that a Department member knowing made a false statement or purposely omitted pertinent facts to a supervisor, in a police report, court testimony, or investigative interview conducted by the Department; or the fabrication or destruction of evidence.

The definitions of Discrimination and Harassment only apply to workplace interactions between BART employees and to Department Initiated Investigations that arise from allegations of workplace discrimination and harassment. Discrimination or harassment by Department members toward members of the public shall be characterized as an allegation of Biased Based Policing (BBP) that will be reported and investigated by the Internal Affairs Section.

**1020.2 PROCESS FOR RECEIVING AND DOCUMENTING ALLEGATIONS OF MISCONDUCT**

All Department members will accept allegations from any source, whether made in person, by mail, by telephone, or by e-mail. Furthermore, the Department shall comply with Penal Code § 832.5 which reads, "Each department or agency in this state that employs peace officers shall establish a procedure to investigate complaints by members of the public against the personnel of these departments or agencies, and shall make a written description of the procedure available to the public."

Anonymous complaints and third party complaints will be accepted and investigated to the extent that sufficient information is provided.

**1020.2.1 AVAILABILITY OF COMPLAINT FORMS**

Citizen Complaint and Commendation Forms will be maintained in all patrol vehicles, police reporting facilities, and in all station agent's booths throughout the district. Forms will be made readily available to the public upon request.

**1020.2.2 SOURCE OF COMPLAINTS**

(a) A department employee becoming aware of alleged misconduct shall immediately notify a supervisor.

(b) A supervisor receiving a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.
(c) Anonymous complaints and third party complaints should be accepted and investigated to the extent that sufficient information is provided.

1020.2.3 ACCEPTANCE OF COMPLAINTS

A complaint may be filed in person, in writing, by e-mail, or by telephoning the Department. Although not required, effort should be made to have the complainant appear in person.

(a) Any department employee who is informed of potential misconduct shall immediately notify a supervisor.

(b) During normal operational hours, allegations of misconduct shall be referred to the Internal Affairs Section. When an Internal Affairs investigator is unavailable, the complainant will be put in contact with a Watch Commander, or lastly a Zone Sergeant.

(c) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

(d) Supervisors shall receive and document all complaints from any source alleging misconduct of an employee.

1. If the reporting party states that they would like to make a formal complaint, the supervisor shall use a complaint intake form to document the reporting person's contact information and the nature of the allegation. The supervisor shall then forward the information to the Internal Affairs Section.

2. If the reporting person is either posing an inquiry or making a comment of non-complaint, the receiving supervisor will forward the information to the Internal Affairs Section. The Internal Affairs Section may then classify the issue as a Supervisory Referral. An assigned supervisor will then address the issue informally with the involved employee and document the content of the conversation in a memorandum to the Internal Affairs Section. The involved employee will not be identified in the documentation or filing of Supervisory Referrals, instead the memorandum will be filed by the reporting person's name.

3. Even in the absence of a formal complaint request, if the nature of the allegation(s) warrants investigation and/or could result in discipline, then the statements made by the reporting person and their contact information shall be documented on a complaint intake form and forwarded to the Internal Affairs Section.

1020.2.4 ALLEGATION DOCUMENTATION

Complaints of alleged misconduct shall be documented on a Citizen Complaint and Commendation Form either by the complainant, or by a supervisor. The receiving supervisor shall ensure that the nature of the complaint is defined as clearly as possible as well as the contact information for the reporting party.

(a) When a complainant completes a Citizen Complaint and Commendation Form in person, they should legibly write a detailed narrative of the complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. Whether handwritten or dictated, the complainant should sign the Citizen Complaint and Commendation Form, although refusal to sign shall not alone be grounds to disregard the complaint.
Internal Investigation of Allegations of Misconduct

(b) The complainant shall be provided with a copy of his/her own original complaint per Penal Code § 832.7.

(c) Whenever possible, the supervisor should record the complainant's verbal statement. A refusal by the complainant to be recorded shall not alone be grounds to disregard the complaint.

1020.2.5 DEPARTMENT INITIATED INVESTIGATIONS

Allegations of misconduct generated within the police department that cannot be addressed at the supervisory level will be investigated through the Internal Affairs Section.

(a) Any department employee who witnesses potential misconduct shall immediately notify a supervisor.

(b) Allegations of misconduct may be reported to the Department by employees, union representatives, or supervisors.

(c) The Internal Affairs Section may initiate an allegation of misconduct based on cause.

(d) If an investigation discloses misconduct or improper job performance which was not included in the original allegation(s), the investigation will address the additional allegation(s).

1020.3 SUPERVISOR RESPONSIBILITY

A supervisor who becomes aware of possible misconduct shall take reasonable steps to prevent aggravation of the situation. The prisoner should be in seating position for which seat belts have been provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

Prior to providing written approval for an outside employment position, the Department may request that an officer provide his or her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his or her personal financial records for review/audit.
