

BETTER STATIONS.

BART is seeking **your input** on the future of the **Downtown Berkeley Station**.

In coordination with the planned redesign of the street-level plaza, we are considering design changes to the station concourse and platform. These will improve how the station functions and make your BART experience more enjoyable. We are considering:

- overall customer experience
- station access and circulation
- safety
- appearance
- art opportunities
- sustainability practices
- passenger amenities

Please let us know which improvements are important to you. You can do this by coming to our in-station events or by filling out a survey online at www.bart.gov/downtown-berkeley (click on the survey link).

**COME BY OUR
