START OF CONSTRUCTION AT HAYWARD BART STATION

Dear BART Customers:

As part of our systemwide Earthquake Safety Program, we will begin strengthening elevated structures outside Hayward Station to better withstand future earthquakes. **This work will require the temporary closure of the sidewalk near the northwest corner of the Hayward Station parking lot starting the week of Monday November 5, 2012.** Pedestrians will be detoured to the opposite side of the street (see map on reverse). During the project, you can expect temporary sidewalk and lane closures, as well as temporary reduction of available street parking. Please watch for signs with safety information and other notices. We appreciate your patience and cooperation during this work, and will attempt to minimize construction-related noise, dust and inconvenience.

Construction Work Details

Description:	Constructing temporary enclosures, demolishing concrete structures, adding steel and concrete to foundations, wrapping columns with reinforcement, and protecting utilities and equipment, removal of parking spaces
Location:	Hayward Station parking lot
Start Date:	November 5, 2012
Duration:	Approximately 2 months
General Work Hours:	7 am – 3:30 pm, Monday through Saturday, with some night work
Emergency work as necessary	

A related project to strengthen structures inside the Hayward Station will occur in the future. As always, safety is BART's top priority. Our aim is to strengthen BART as quickly as possible, while maintaining BART service.
