BART PD Policy Manual

CHIEF'S PREFACE

The "Policies and Procedures Manual" contains the operational orders established by the Police Department to maintain the safety of our employees while we provide public safety and police services to our stakeholders. These policies represent our commitment to service and reflect our organizational values of "Service, Diversity, Integrity, Accountability, and Professionalism." Recognizing the need for uniformity, effectiveness, and efficiency, all San Francisco Bay Area Rapid Transit Police Department personnel are required to be familiar with the written policies and procedures contained in this manual. This manual represents our intent to identify roles, responsibilities, underlining principles and philosophies on how we should conduct ourselves as we go about our daily tasks and duties.

Written policies and procedures are necessary to clearly define our agency's position and provide guidelines with which our personnel can make administrative, investigative, and operational judgments. These policies shall remain in effect as issued and in the event of conflict with previously written directives, training bulletins, or standard operating procedures, the policies contained herein shall assume precedence. Recognition of errors or deficiencies in the intent or text of these policies and procedures shall be reported in writing to the Office of the Chief of Police, via the chain of command, for appropriate disposition.

LAW ENFORCEMENT CODE OF ETHICS

To insure that all peace officers are fully aware of their individual responsibilities to maintain their own integrity and that of their agency, every peace officer, during basic training, or at the time of appointment, shall be administered the Law Enforcement Code of Ethics, as prescribed in Bureau 1013 of the California POST Regulations. Members of the Department are required to abide by the below Code of Ethics and Canons of the BART Police Department.

Code of Ethics:

As a Law Enforcement Officer (or Civilian Member, as appropriate), my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God* to my chosen profession...law enforcement.

* Reference to religious affirmation may be omitted where objected to by the officer.

Subject to the authority of the Chief of Police, Bureau Deputy Chief shall issue such orders as may be necessary to promote the effective operations of all activities within their command.

Bureau Deputy Chiefs may be assigned additional duties by the Chief of Police. A Bureau Deputy Chief, subject to direction by the Chief of Police, shall be responsible for planning, directing, controlling and coordinating all activities within their command. Bureau Deputy Chiefs will report directly to the Chief of Police and shall submit such reports relating to their command as may be required by the Chief of Police. A commanding officer will be appointed to act as Chief of Police during the Chief's absence.

200.4.1 LIEUTENANT RESPONSIBILITIES

Lieutenants shall be subject to the direction of a higher command. Lieutenants have direct control over all employees within their command.

Lieutenants should supervise the general and individual responsibilities of all employees and supervisory employees under their command. They are responsible for their watch, divisions and duties assigned by higher command.

In addition to this policy, Lieutenants will be governed by standard operating procedures, departmental general orders, operational directives, special orders, District rules and procedures, and any written or verbal orders by the Chief of Police or superior command officers.

200.4.2 SUPERVISORY PERSONNEL RESPONSIBILITIES

Supervisory personnel shall be either sworn Police Sergeants or Civilian Supervisors. They are subject to the direction of a higher command. They have direct control over all employees within their supervision.

Bay Area Rapid Transit Police Department

Organizational Structure and Responsibility

The role of supervisors, particularly first line supervisors, is crucial in the disciplinary process. First Line supervisors have the best opportunity to observe the conduct and appearance of employees and detect those instances when disciplinary actions are warranted. First line supervisors (and above) also have the opportunity to understand the personality traits of the personnel under their supervision and to determine the most effective methods of discipline, including remedial training, counseling, and informal discipline. Only the Chief of Police (or designee) may administer formal discipline.

Supervisory personnel are assigned either to the field and/or office duties. They will closely supervise the activities of their subordinates, making corrections where necessary and commending where appropriate. They will monitor employee conduct, work performance, attendance and adherence to established policies and procedures, Departmental orders, standard operating procedures and District rules as directed by the command of their bureau. They should provide close supervision, leadership and training while on duty.

An Officers-in-Charge may be granted temporary supervisory authority at the direction of a lieutenant or higher authority.

200.4.3 GENERAL RESPONSIBILITIES OF EMPLOYEES

It shall be the duty and responsibility of each employee to actively fulfill the function of the Department and the bureau, unit or team to which they are assigned, and to perform any lawful duty assigned and/or ordered by a competent authority. Employees shall abide by the established policies and procedures, Departmental orders, standard operating procedures, District rules and direction of their supervisor.

General Duty Regulations and Conduct

201.1 PURPOSE AND SCOPE

In addition to the responsibilities and duties of each individual rank and position set forth in this Manual, all employees of the Police Department shall obey the laws of the United States, the State of California, lawful orders of the courts, all rules and regulations set forth in this manual, directives and all written and verbal Departmental orders.

201.2 KNOWLEDGE OF LAWS AND REGULATIONS

Every employee is required to establish and maintain a working knowledge of all laws and ordinances applicable to their assigned duties, as well as the rules and policies of the Department and District. In the event of improper action or breach of discipline, it will be presumed that the employee was familiar with the law, rule or policy in question.

201.2.1 ESTABLISHING ELEMENTS OF VIOLATION

The existence of facts establishing a violation of a law, ordinance or rule is all that is necessary to support any allegation of such violation as a basis for a charge under this section. It is not necessary that a formal complaint be filed. Nothing in this Manual prohibits disciplining or charging members or employees merely because the alleged act or omission does not appear herein.

201.2.2 REPORTING VIOLATION OF LAWS, ORDINANCES, RULES OR ORDERS

Employees knowing of other employees of this Department violating laws, ordinances, rules of the District, or disobeying orders shall report each violation to their superior who shall process it in accordance with established procedure. The failure of an employee to report such a violation by another employee will place him in complicity with the violator.

If the employee believes the information is of such gravity that it must be brought to the immediate attention of the Chief of Police, official channels may be bypassed.

201.2.3 MANNER OF ISSUING ORDERS

Orders from superior to subordinate shall be in clear and understandable language and issued in pursuit of Department business.

201.2.4 INSUBORDINATION

Employees are required to obey any lawful order of a superior, including any order relayed from a superior by an employee of the same or lesser rank. Deliberate refusal of any employee to obey a lawful order given by proper authority shall be insubordination.

201.2.5 CONFLICTING ORDERS

Upon receipt of an order conflicting with any previous order or instruction, the employee affected will advise the person issuing the second order of this fact. Responsibility for countermanding the original instruction then rests with the individual issuing the second order. If so directed, the latter

command shall be obeyed first. Orders will be countermanded or conflicting orders will be issued only when reasonably necessary for the good of the Department.

201.2.6 UNLAWFUL ORDERS

No command level officer or supervisor shall knowingly issue any order which is in violation of any Federal or State law.

201.2.7 OBEDIENCE TO LAWFUL ORDERS

Obedience to an unlawful order is never a defense for an unlawful action. Therefore, no employee is required to obey any order which is contrary to Federal or State law. Responsibility for refusal to obey rests with the employee and said employee shall be strictly required to justify his action.

201.2.8 REPORT AND APPEALS - UNLAWFUL, UNJUST, IMPROPER ORDERS

An employee receiving an unlawful, unjust or improper order shall, at first opportunity, report in writing to the Chief of Police through the chain of command. Training Policy

208.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

208.2 PHILOSOPHY

The department seeks to provide continued professional training and encourages all personnel to seek out other training opportunities and formal education on their own. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever possible, the Department will use courses certified by the California Commission on Peace Officer Standards and Training. Training should be consistent with the agency's mission and values as well as its goals and objectives. Agency training functions should be the responsibility of the training committee, which shall be accountable for developing and administering training programs. Training program development should provide for input from several sources, including agency personnel in general, a training committee, the inspections function, the Deputy Chief of Police, and the Chief of Police.

208.3 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public
- (b) Increase the technical expertise and overall effectiveness of our personnel
- (c) Provide for continued professional development of department personnel

208.4 TRAINING COMMITTEE

The training committee shall be responsible for establishing a prioritized listing of training programs and courses for the department, and should meet at least monthly. The training committee will conduct an annual training needs assessment of the Department. The needs assessment will be reviewed by the department's command staff. Upon approval by the command staff, the needs assessment will form the basis for the training plan for the upcoming fiscal year. The training officer will ensure that individual department member training records are current. A training committee shall be established by the training coordinator to assist in the development and evaluation of training needs and serve as the focal point for input from all units of the department. The training committee shall represent all of the major units of the agency, and shall be minimally composed of the following personnel: Training coordinator, Training officer, A certified use of force instructor, A sworn member from the BPOA, a non-sworn member from the BPOA.

Members withdrawing voluntarily or involuntarily being removed from the program may be readmitted at the determination of the training coordinator with the concurrence of the Chief of Police or Deputy Chief of Police.

208.5 TRAINING LESSON PLANS

A continual two year department training plan is maintained by the training department. It is the responsibility of the training department to maintain, review, and update the training plan on an annual basis. The plan will address the following areas:

Legislative Changes

State Mandated Training

Critical Issues Training

California POST Training Network (CPTN)

Code of Ethics/Ethics Training (This training can be reviewed in the form of classroom, shift briefing, computer based training and bulletins, or any combination of methods as determined by this Agency.)

Courses that are developed within the BART Police Department should routinely be sent to POST for certification. The department requires lesson plans for all training courses that are conducted to include:

1. a statement of performance and job-related objectives;
2. the content of the training and specification of the appropriate instructional techniques;
3. a process for approval of lesson plans; and

Training Policy

4. the identification of any tests used in the training process.

The development of lesson plans should ensure that the subject to be covered in training is addressed completely, accurately and is properly sequenced with other training materials. Lesson plans establish the purpose of the instruction, set forth the performance objectives, relate the training to critical job tasks, and identify ethical considerations related to the topic. Consideration should be given to the relevance of training courses to the department's mission and values.

Instructors for department training shall be POST certified and are responsible for submitting lesson plans to the training officer, along with their resumes. The lesson plans should also include references, teaching techniques (i.e. lecture, group discussion, panel, seminars, and/or debate), relationships to job tasks, responsibilities of the participants for the material taught, and plans for evaluation of the participants.

208.6 TRAINING COMMITTEE

The Personnel and Training Lieutenant shall establish a Training Committee, which will serve to assist with identifying training needs for the Department.

The Training Committee shall be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Personnel and Training Lieutenant may remove or replace members of the committee at his/her discretion.

The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Committee should convene on a regular basis as determined by the Personnel and Training Lieutenant to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Personnel and Training Lieutenant. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

Training Policy

The Personnel and Training Lieutenant will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

208.7 TRAINING PROCEDURES

Prior to becoming a sworn BART police officer, personnel shall train and graduate at a California POST certified police academy. Personnel with previous experience from another California police agency shall have been previously trained and graduated from a California POST certified police academy.

208.7.1 ORIENTATION TRAINING

Upon graduation from the POST basic academy, newly sworn police officers will generally be required to complete a Field Operations Concentrated Uniform Session (FOCUS) program in order to provide an opportunity for new officers to transition from the basic training academy to the field training program. Refer to order #436 Field Training Program.

Community Service Officers and dispatchers will also be required to complete a formal training program for proper preparation and transition into their new occupation. Refer to the department's Community Service Officer and dispatcher training manuals.

Departmental personnel authorized to carry lethal and less-lethal weapons will be issued copies of, and be instructed in, the policies of lethal and less-lethal force before being authorized to carry a weapon. The issuance and instruction shall be documented.

208.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Bay Area Rapid Transit Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Support Services Lieutenant. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

Training Policy

208.9 CONTINUED PROFESSIONAL TRAINING

Continued professional training is training that exceeds the training required to meet or re-qualify in entry level minimum standards. Continued professional training is mandated for peace officers and dispatcher personnel to maintain in full compliance with the state of California Peace Officer Standards Training. The purpose of continued professional training is to maintain, update, expand, and/or enhance an individual's knowledge and/or skills.

208.9.1 MANDATED P.O.S.T. TRAINING

The department will remain in compliance with the State of California POST training mandate, and every peace officer, public safety dispatcher, and public safety dispatch supervisor shall satisfactorily complete the continued professional training requirement of 24 or more hours of POST-qualifying training during every two-year continued professional training cycle, based on the statewide continued professional training anniversary date. It will be the goal of the department to provide a minimum of 40 hours of POST training per calendar year for each sworn police officer.

The advanced officer continued professional training courses shall consist of time blocks of not less than 2 hours each, regardless of the subject matter, with an overall minimum of no less than 24 hours. The maximum time period for presenting an advanced officer course is 180 days.

All sworn personnel must complete annual continued professional training, including CPTN legal updates. Training should also be provided in policies and procedures that are specific to the department. The department shall ensure that personnel are kept up to date with new laws, technological improvements, and revisions in department policy, procedures, rules, and regulations. The updated training may be designed to provide supervisory, management, or specialized training to personnel. Updated training may also include promotional training, training prior to assignment to a specialized component, or executive development training for higher-ranking officers.

208.9.2 CIVILIAN PERSONNEL

The department's civilian personnel shall receive initial and on-going training commensurate with their responsibilities. Such training should stress not only the skills necessary to perform technical aspects of their jobs but also the importance of the link they provide between citizen and the department, which often shapes a citizen's opinion of the department. It will be the goal of the department to provide a minimum of 20 hours of POST training per calendar year for each civilian police employee.

208.9.3 IMMEDIATE REMEDIAL TRAINING

Any employee who acts in a grossly unsafe manner or demonstrates dangerous and/or extremely poor decision making skills in the deployment of and/or application of any use of force related task while on duty, may be required to attend immediate remedial training prior to returning to full duty status.

If in the opinion of the supervisor/primary instructor the on duty employee's actions/decision making are so unsafe that if the employee were returned to full duty the employee may be

Bay Area Rapid Transit Police Department

a safety hazard to him or herself, fellow employees, and/or the public, the supervisor/primary instructor shall recommend immediate remedial training for the employee. The supervisor/primary instructor shall contact the on duty Watch Commander as soon as practicable and make the recommendation for immediate remedial training.

If the request for immediate remedial training is approved, the employee shall be removed from an on duty patrol capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the immediate remedial training. Failures to correct such deficiencies may result in implementation of the progressive discipline system.

Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision making skills without the employee first being removed from full duty status.

208.9.4 TRAINING DOCUMENTATION

The training department shall document the nature of the instruction, the identity of those attending the sessions, and the performance of the attendees. As personnel complete training programs, the date of the training, the types of training received, any certificates received, attendance, and test scores should be recorded for each trainee.

Every instructor/monitor should complete a roster of attendees and have each participant sign the roster which will certify completion of the instruction. The form should be sent to the training department where the information should be entered into each participant's training record and the sign-in sheet stored in accordance with records retention standards.

The department shall maintain records of all training to include, at a minimum:

1. course content (lesson plans)
2. names of attendees
3. performance of individual attendees as measured by tests, if administered.

208.10 TRAINING REQUESTS

Department personnel wishing to attend any law enforcement related training shall complete a department Training Request Form, and submit it to the training department coordinator via the chain of command for approval. The training order must identify the description of the required training and training requirements.

Training requests deemed essential or desirable for personnel in special assignments for the purpose of developing and enhancing the skills, knowledge, and abilities particular to the specialized assignment (i.e. investigations, field training officers, identification technicians) shall also be submitted to the training department coordinator via the chain of command for approval. The manager of the specialized assignment will be responsible for ensuring that persons assigned to the assignment receive their allotted annual hours of training established by the training committee for their position.

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of electronic mail (email) by employees of this department. Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department. Note: The District's Management Procedure 75 (Electronic Communications Guideline), permits incidental and occasional personal use of email.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Bureau Deputy Chief. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

Electronic Mail

212.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

The BART Police Department's highest priority is safeguarding the life, dignity, and liberty of all persons. Officers shall demonstrate this principle in their daily interactions with the community they are sworn to protect and serve. The Department is committed to accomplishing this mission with respect and minimal reliance on the use of force by using rapport-building communication, crisis intervention, and de-escalation tactics before resorting to force, whenever feasible. This Department policy builds upon the Supreme Court's broad principles in *Graham v. Connor* (1989) 490 U.S. 386 and is more restrictive than the constitutional standard and state law. The Law Enforcement Code of Ethics requires all sworn law enforcement officers to carry out their duties with courtesy, respect, professionalism, and to never employ unnecessary force. These are key factors in maintaining legitimacy with the community and safeguarding the public's trust.

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, non-biased, and reasonable manner.

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose. Officers must strive to use the minimal amount of force necessary.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Capable of being done or carried out to successfully achieve a legitimate law enforcement objective without increasing the risk to the officer or bystander(s).

Force - The application of physical techniques or tactics, chemical agents or weapons to another person.

Legitimate law enforcement objective - Effect a lawful arrest, detention, or search; overcome resistance or prevent escape; prevent the commission of a public offense; in defense of others or in self-defense; gain compliance with a lawful order; to prevent a person from injuring himself/herself.

Minimal amount of force necessary - The lowest level of force within the range of objectively reasonable force that is necessary to effect an arrest or achieve a lawful objective without increasing the risk to others.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

Non-deadly Force - Any application of force that is not reasonably anticipated and intended to create a substantial likelihood of death or very serious bodily injury shall be considered non-deadly force.

Personal Body Weapons - An officer's use of his/her body part, including but not limited to hand, foot, knee, elbow, shoulder, hip, arm, leg or head by means of high velocity kinetic energy transfer (impact) to gain control of a subject.

Proportionality - Considers whether a particular use of force is proportionate and appropriate to the totality of the circumstances, and requires officers to consider whether alternative lesser or non-force options are feasible and likely to be effective. Proportional force does not imply equal force; officers may use superior force, consistent with this policy.

Reasonable Belief - An objective belief determined by the facts and circumstances reasonably available to the officer at the time (on-scene and without hindsight) and viewed from the perspective of a reasonable peace officer in the same situation, guided by the principles set forth in this policy.

Reasonable Force - An objective standard of force viewed from the perspective of a reasonable officer, without the benefit of 20/20 hindsight, and based on the totality of the circumstances known to or perceived by the officer at the time.

Serious Bodily Injury - A bodily injury that creates a substantial risk of death; causes serious, permanent disfigurement; or results in long-term loss or impairment of the functioning of any bodily member or organ.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose. Officers must strive to use the minimal amount of force necessary.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force. Retreating for a tactical advantage should be considered and utilized, when feasible and appropriate.

Officers shall not use force with bias, based upon: race; ethnicity or nationality; religion; sex, sexual orientation; economic status; age; cultural group; disability; or affiliation with any other similar identifiable group.

Use of force against vulnerable populations (such as, without limitation, children, elderly, pregnant women, people with physical and mental disabilities, and people with limited English proficiency) can undermine public trust and should only be used if no other options appear reasonable or effective. It is recognized that the above may not be readily apparent or known to the officer. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

The Department recognizes that transparency and accountability in the use of force is essential to preserving the trust of the community and to maintaining professional standards. This policy therefore requires rigorous reporting and review of all instances of the use of force.

300.2.1 DUTY TO INTERCEDE

A use of excessive force by law enforcement personnel is a matter of serious concern to the community, and even a single instance of excessive force may critically undermine public trust in the Department. Accordingly, any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when feasible, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law shall promptly report these observations to a supervisor.

Bay Area Rapid Transit Police Department

Use of Force

300.2.2 DE-ESCALATION TECHNIQUES

Officers shall use de-escalation techniques whenever feasible and appropriate: to potentially reduce or eliminate the need to use force; and to prevent injuries to the subject, the public and the officer(s). Use of de-escalation techniques must allow for the fact that officers are often forced to make split-second decisions, with limited information, and in circumstances that are tense, uncertain and rapidly evolving.

- (a) Officers shall, when feasible, continually assess the dynamics of a situation, and modulate their response and actions appropriately. Officers may be justified in using force at one moment, but not justified in using force the next moment due to a change in dynamics.
- (b) De-escalation techniques may include verbal persuasion, warnings and tactical de-escalation techniques, such as: slowing down the pace of an incident; “waiting out” subjects; creating distance (and thus the reactionary gap) between the officer and the threat; and requesting additional resources (e.g., specialized units, mental health care providers, negotiators, etc.) to resolve the incident.
 - 1. Officers should recognize that they may withdraw to a position that is tactically advantageous or allows them greater distance to de-escalate a situation.
 - 2. Officers should consider a variety of options, including lesser force or no force options.
 - 3. Officers should perform their work in a manner that avoids unduly jeopardizing their own safety or the safety of others.
 - 4. Officers shall not intentionally and unnecessarily escalate and/or create a need to use force.
 - 5. Officers should attempt to understand and consider possible reasons why a subject may be noncompliant or resisting arrest. A subject may not be capable of understanding the situation because of a medical condition; mental, physical, or hearing impairment; language barrier; drug interaction; or emotional crisis, and have no criminal intent. These situations may not make the subject any less dangerous, but understanding a subject’s situation may enable officers to calm the subject and allow officers to use de-escalation techniques while maintaining public and officer safety.
 - 6. Officers should continue de-escalation techniques, when feasible and appropriate, and take as much time as reasonably necessary to resolve the incident, in effort to avoid and/or minimize the use force.
- (c) When an officer recognizes that mental illness, post-traumatic stress disorder, alcohol and/or drug addictions, or other health issues are causing an individual to behave erratically, the officer shall, when feasible and appropriate, try to de-escalate the situation using de-escalation and/or Crisis Intervention techniques.

Establishing Communication - Communication with non-compliant subjects is often most effective when officers establish rapport, use the proper voice intonation, ask questions and provide advice to defuse conflict and achieve voluntary compliance before resorting to force options.

Use of Force

Supervisors conducting a use of force investigation will indicate de-escalation as a force option in BlueTeam whenever de-escalation was attempted or used in an incident.

300.3 FACTORS TO DETERMINE THE REASONABLENESS OF FORCE

The United States Supreme Court in *Graham v. Connor* (1989) 490 U.S. 386 held that an officer's use of force must be objectively reasonable under the totality of circumstances known to the officer at the time. The reasonableness of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than 20/20 hindsight, and without regard to the officer's underlying intent or motivation.

There are circumstances in which a force option may be legally justified under the principles set forth in *Graham v. Connor*, but the use of that force option may not be appropriate, warranted, and/or necessary.

This policy builds upon the broad principles in *Graham v. Connor* by adding additional, more restrictive factors upon which an officer's use of force shall be evaluated. These factors should be considered when determining whether to apply force (as time and circumstances permit), and in evaluating whether an officer has used reasonable force.

Factors from *Graham v. Connor*:

- (a) The severity of the crime at issue.
- (b) Whether the suspect poses an immediate threat to the safety of the officer and others.
- (c) Whether the suspect is actively resisting arrest or attempting to evade arrest by flight.

Factors from the California Penal Code:

- (a) Any peace officer may use reasonable force to effect an arrest, to prevent escape or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance (Penal Code § 835a).
- (b) An officer may not, under color of authority, without lawful necessity, assault or beat any person (Penal Code § 149).

Additional factors set forth by case law and by this Policy:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The feasibility, efficacy, and safety of alternative lesser or non-force options, including the availability of de-escalation techniques that might reduce or eliminate the need to use force, or prevent injuries to the subject, the public and the officer(s).
- (c) Whether the force option is proportionate and appropriate to the totality of the circumstances, and whether alternative lesser or non-force options are feasible and likely to be effective. Proportional force does not imply equal force; officers may use superior force, consistent with this policy.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

- (d) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (e) The conduct of the officer prior to the use of force. Specifically, did the officer violate policy and unnecessarily escalate the situation to a use of force.
- (f) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (g) The effects of drugs or alcohol.
- (h) Subject's mental state or capacity, including any apparent/known mental health issues.
- (i) Proximity of weapons or dangerous improvised devices.
- (j) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (k) The availability of other options and their possible effectiveness.
- (l) Seriousness of the suspected offense or reason for contact with the individual.
- (m) Training and experience of the officer.
- (n) Potential for injury to officers, suspects and others.
- (o) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (p) The risk and reasonably foreseeable consequences of escape.
- (q) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (r) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (s) Prior contacts with the subject or awareness of any propensity for violence.
- (t) Any other exigent circumstances.
- (u) Officers must strive to use the minimal amount of force necessary.

300.3.1 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer
- (c) Whether the person has been given sufficient opportunity to comply.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.2 PERSONAL BODY WEAPONS

Personal body weapon strikes, punches, lifts or kicks for which the officer has received department-approved training, may be used when the officer reasonably believes that the use of such force appears necessary to further a legitimate law enforcement purpose.

Personal body weapon strikes, punches, or kicks to the rear of the head, neck or spine are prohibited. The only exception to this prohibition would be under exigent circumstances when deadly force is justified and reasonable.

300.3.3 CAROTID CONTROL HOLD

The use of the carotid restraint is prohibited. The only exception to this prohibition would be under exigent circumstances when deadly force is justified and reasonable.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Department for this specific purpose.

300.3.5 DRAWING/DEPLOYING A FIREARM

Whenever an officer draws/deploys a firearm during the performance of his/her duties to defend, detain or take any person into custody (the suspect is contacted or arrested, the officer is present and is within potential sight of the suspect), it is considered a use of force and an account of the incident must be made in a police report. The officer should include in the narrative of the report how the weapon was used in the incident, as well as the justification for such action. The documentation of how the weapon was used should include information on how the weapon was presented. The officer must notify a supervisor as soon as practical, and the supervisor will complete a Use of Force Investigation with accompanying documentation as outlined in this policy.

Whenever an officer draws/deploys a firearm during the performance of his/her duties in the presence of others, but does not use the firearm to defend, detain or take any person into custody (the suspect is not contacted or arrested), it is not considered a use of force and an account of the incident must be made in a police report.

Whenever an officer draws/deploys a firearm during the performance of his/her duties in the not presence of others, it is not considered a use of force and no documentation is required. An example of that type of incident would include, but is not limited to, the search of an empty building or car where no person is contacted during the search.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

- (a) The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
- (b) The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

Strikes, punches, or kicks to the rear of the head, neck or spine are prohibited, unless exigent circumstances exist and use of deadly force is justified.

Choke holds are also prohibited, unless exigent circumstances exist and use of deadly force is justified.

The use of deadly force against a person who presents only a danger to himself/herself is prohibited.

When feasible, officers should immediately attempt to administer or obtain medical aid for a person who has been subject to injury resulting from the use of deadly force.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. It is also noted that in many circumstances, disabling the driver of a vehicle may increase the potential for harm to bystanders and/or the officer.

- Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.
- Officers shall not intentionally and unnecessarily move into the path of an approaching vehicle to create their own exigent circumstance.
- Officers should not shoot at any part of a moving vehicle in an attempt to disable the vehicle.
- Officers shall not discharge a firearm at a moving vehicle or its occupants when there are other reasonable means available to avert the threat.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

- Officers shall not discharge a firearm from a moving vehicle when there are other reasonable means available to avert the present threat.
- Officers may only shoot at a moving vehicle under exigent circumstances, when the driver and/or occupants are targeting others with the intent to cause great bodily injury or death and there are no other reasonable means available to avert the threat.

300.4.2 WARNING SHOTS

Discharging a firearm for the purpose of a “warning shot” is prohibited.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

Supplemental reports will be completed by personnel who are present when force is used by another officer. Officers have a duty to report all pertinent facts known to them.

All police reports, inclusive of any supplemental reports, involving the documentation of a use of force must be reviewed and approved by a supervisor prior to the employee going off duty.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a control device as defined in Policies 308 and 309:
 1. Batons and other impact weapons
 2. Chemical agents (OC Spray)
 3. SIMS Projectile
 4. Conducted Electrical Weapon (any activation whether effective or not)
- (f) Any application of a restraint device other than handcuffs or the WRAP.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An officer draws/deploys a firearm during the performance of his/her duties to defend, detain or take any person into custody (the suspect is contacted or arrested, the officer is within potential sight of the suspect).

- (j) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Records Manager or the authorized designee shall ensure that data required by the Department of Justice (DOJ) regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is collected and forwarded to the DOJ as required by Government Code § 12525.2.

300.5.3 EMPLOYEES WHO USE FORCE WHILE ON A SPECIAL ASSIGNMENT

When a BART Police employee has a use of force as defined in this policy, the use of force must be reported to a BART Police supervisor and investigated in accordance with this policy.

When two or more BART Police officers are temporarily assigned to assist an outside agency or multi-agency task force in the performance of law enforcement activities, a BART police supervisor should also be present.

300.5.4 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Division policy.

300.6 MEDICAL CONSIDERATION FOLLOWING A USE OF FORCE

Prior to booking or release, and as soon as possible under the circumstances, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple

officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage nearby if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

An uninvolved supervisor should respond to the scene of a reported use of force. The supervisor is expected to do the following:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. This interview should not be conducted in the presence of officers who were involved in using force. If this interview is conducted without the person having voluntarily waived his/ her Miranda rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The recording should be saved and attached in the BlueTeam entry for the use of force investigation.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses to the use of force. Interview and record witness statements for inclusion in the use of force investigation.
- (f) Review the portion(s) of the Axon Flex video pertaining to the use of force and/or allegation of misconduct.
- (g) Review and approve all related reports.

In the event that an uninvolved supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit. The investigation will be documented in a Use of Force Investigation checklist and narrative as warranted.

When practical, supervisors who use force or witness the use of force by another officer in a given situation should not obtain statements from other officers as part of a report on the use of force, as such is the responsibility of an uninvolved supervisor. Furthermore, involved supervisors

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

and officers shall not attempt to influence other officers' or civilian witnesses' accounts of what occurred during the incident or otherwise compromise the integrity of the use of force investigation.

Use of Force Investigation Reports will be forwarded and reviewed through the chain of command. Each reviewer in the process will make a determination as to whether the use of force was justifiable or non-justifiable.

300.7.1 USE OF FORCE INVESTIGATION, DOCUMENTATION, AND REVIEW

Use of force must be documented in a police report and reviewed by a supervisor who was not directly involved in the incident.

The following categories and parameters will explain levels of force and the respective reporting, investigation, documentation, and review requirements. Incidents will be categorized as Level 1, Level 2, Level 3, or Level 4.

Level 1: Not a Reportable Use of Force:

Level 1 Incident Parameters:

- (a) Subject allowed him/herself to be searched, escorted, and/or handcuffed. The suspect offered no resistance, and the officer did not use force to overcome resistance. The officer did not use force in the absence of resistance.
- (b) No suspect injury or complaint of injury due to interaction with officer.
- (c) No allegation of misconduct against officer, regarding force.
- (d) Officer body camera was activated in a timely manner, per policy.
- (e) Officer used any of following:
 - 1. Professional presence and/or verbalization
 - 2. TASER/LLIMs Deployed (no activation)
 - 3. Drawn/deployed firearm, but no suspect contacted or arrested

Level 1 Incidents should be documented by an officer in an appropriate police report, citation, Field Interview, and/or CADS entry. Supervisors will review police report narratives for approval.

Level 2: Use of Force

Level 2 Incident Parameters:

- (a) No suspect injury or complaint of injury due to interaction with officer.
- (b) No allegation of misconduct against officer, regarding force.
- (c) Officer body camera was activated in a timely manner, per policy.
- (d) Officer used any of the following force options:
 - (a) Control holds/pressure point application

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force

- (b) Leverage
- (c) Grab
- (d) Bodyweight
- (e) Takedown that is non-dynamic (no forceful impact)
- (f) Vehicle pursuit with no collision
- (g) Firearm drawn/deployed but not fired, suspect contacted

An uninvolved supervisor will respond to the scene and conduct a Use of Force Investigation, including taking statements from the suspect and witnesses, and taking photos of the involved parties. If the incident fits the parameters for a Level 2 incident, the supervisor will enter all applicable data into BlueTeam and attach a completed Use of Force Investigation Checklist.

Supervisors do not need to take witness statements from fire and medical personnel under the following circumstance: an officer assists medical personnel to restrain and/or secure a subject to a gurney for medical transport in a non-criminal detention (i.e. 5150 or 5170 detention), and all of the following conditions are met:

- (a) The officer only used force options limited to the following: grab, hold, leverage, and/or bodyweight.
- (b) No subject injury or complaint of injury due to interaction with officer.
- (c) No allegation of misconduct against officer, regarding force.
- (d) Officer body camera recorded the use of force.
- (e) The unit number for the fire and medical personnel is obtained.

Level 3: Use of Force

Level 3 Incident Parameters:

- (a) Would have otherwise been classified as a Level 2, except one of more of the following apply:
 - 1. Suspect injury or complaint of injury due to interaction with officer.
 - 2. Allegation of misconduct against officer, regarding force.
 - 3. Officer body camera was not activated during use of force.
- (b) The use of force is Level 3 if the officer used any of the following force options:
 - 1. Dynamic/forcible takedown
 - 2. TASER Activation/LLIMS Activation
 - 3. Chemical Agents/Munitions
 - 4. Impact Weapon Strikes Personal
 - 5. Body Weapons

6. Police canine deployment resulting in injury

An uninvolved supervisor will respond to the scene and conduct a Use of Force Investigation, including taking statements from the suspect and witnesses. If the incident fits the parameters for a Level 3 incident, the supervisor will enter all applicable data into BlueTeam and attach a completed Use of Force Investigation Checklist. The supervisor will also complete a Use of Force Investigation Report narrative for review through the Use of Force Review process. Use of Force involving police canines will be documented and reviewed additionally per Policy 318.

Level 4: Use of Deadly Force

Level 4 Incident Parameters:

- (a) Use of firearm, officer involved shooting
- (b) Or any force likely to cause death or serious bodily injury

An uninvolved supervisor will respond to the scene. The incident will be investigated, documented, and reviewed in adherence to Policy 310.

300.7.2 WATCH COMMANDER RESPONSIBILITY

A watch commander will review the Use of Force Investigation Report to ensure compliance with this policy and that any training issues are addressed.

Nothing in the policy precludes the watch commander from requiring that a supervisor complete a Use of Force Investigation Report for any incident involving force.

The on-duty watch commander shall promptly notify the Office of the Independent Police Auditor in the event that a use of force resulted in significant (i.e. life threatening) injury, notwithstanding the notification requirements regarding officer-involved shootings and in-custody deaths pursuant to Policy 310.

300.8 TRAINING

Officers will receive annual training on this policy (at a minimum) and demonstrate their knowledge and understanding.

300.9 USE OF FORCE ANALYSIS

At least annually, the Operations Bureau Deputy Chief should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police, the Office of the Independent Police Auditor, and the BART Police Citizen Review Board. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.

Use of Force

- (d) Policy revision recommendations.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process to review the use of force by employees of this department.

302.2 POLICY

The Department is charged with the important responsibility of objectively evaluating the use of force. Any use of force by a member of this department which is subject to a Supervisor's Use of Force Report as required by Policy Manual §300.4 will be subject to review by the Use of Force Review Board.

The board will also investigate and review the circumstances surrounding every intentional or unintentional discharge of a firearm, whether the employee is on or off duty, excluding range training or recreational use.

The board will convene as often as deemed necessary by the chairperson or as directed by the Chief of Police.

302.2.1 COMPOSITION OF THE BOARD

The Use of Force Review Board shall be comprised of the following persons:

- A chairperson from a command-level rank, selected by the Chief of Police.
- One sergeant and one peer member (from the involved employee's bargaining unit) who are current P.O.S.T. certified defensive tactics, baton, or TASER instructors or certified firearms instructors, selected by the chairperson.

The Use of Force Review Board may call other employees of the Department in an advisory capacity as deemed necessary by the chairperson. In every case involving serious injury to a person or significant liability to the District, the board may convene an advisory panel composed of subject matter experts, from within and/or outside the Department, to assist the board in its review of the incident. A representative of the District's General Counsel may join the advisory panel at the discretion of the Chief of Police.

302.2.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative investigation into the circumstances of an incident. The board members may request further investigation, call persons to present information, and may request that the involved employee appear before the board. The involved employee may be represented by legal counsel and/or other representation if called to appear before the board.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code §3303).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Force Review Boards

The review shall be based on those facts which were reasonably believed by the employee at the time of the incident, applying legal requirement, department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the employee at the time, can neither justify nor call into question an employee's decision regarding use of force.

If it appears that the actions of the employee may result in criminal charges or disciplinary action by the Department, the board will conduct the interviews in accordance with department disciplinary procedures. The board does not have the authority to recommend discipline. The board shall make a finding and such finding will be limited to one of the following:

- (a) The employee's actions were within department policy and procedures.
- (b) The employee's actions were in violation of department policy and procedures.

A finding requires a majority vote of the board. After the board has concluded, the board chairperson will submit the board's findings via Blue Team to the Operations Bureau Deputy Chief of Police. After review by the Operations Bureau Deputy Chief of Police, the completed report findings will be forwarded to the Chief of Police for review and appropriate action.

At the conclusion of the review process, the completed Supervisor's Use of Force Report will be filed with the Internal Affairs Section.

Once the board has reached its specific finding, the Training Sergeant may convene a separate training committee to address specific training needs and to make recommendations for this department without specific reference to the facts of the incident considered by the board.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Bay Area Rapid Transit Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Bay Area Rapid Transit Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor, delivery or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, officers or others (Penal Code § 3407; Penal Code § 6030).

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or

Handcuffing and Restraints

distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.
- (e) Note that the restraints were checked for proper fit and double locked. If not checked for proper fit and double locked, it should be documented as to the reason(s) why it was not done.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.1.1 WHEN DEVICES MAY BE USED

When a decision has been made to restrain or arrest a violent or threatening suspect, an approved control device may only be used when its use appears reasonable under the circumstances.

Officers may immediately progress to a higher level of force, depending on the severity of the situation and the amount of force necessary to bring the suspect under control. If exigent circumstances exist, dual force (the deployment of more than one control device at the same time) is allowed.

308.1.2 TRAINING FOR CONTROL DEVICES

- (a) Only officers trained and having shown adequate proficiency in the use of any control device and knowledge of this department's use of force policy are authorized to carry the device. Proficiency training must be monitored and documented by a certified weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers failing to demonstrate proficiency with the weapon or knowledge of this department's use of force policy will be provided remedial training. If, after two additional attempts, an officer still cannot demonstrate proficiency with a weapon or knowledge of this department's use of force policy, the officer may be subject to discipline.

308.2 BATONS

The baton is authorized for use when, based upon the circumstances perceived by the officer, lesser force would not reasonably appear to result in the safe control of the suspect.

Sworn police and revenue personnel may only carry the baton after having received P.O.S.T. or other departmentally approved training.

308.2.1 LONG BATON

Sworn police personnel are authorized to use either the straight long baton or side handled long baton, and are required to have the straight long baton or side handled long baton readily available within their assigned vehicle.

The straight long baton or side handled long baton shall be black or natural wood tone finish, no more than thirty (30) inches in length, and made from wood, polycarbonate material, or metal alloy

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Control Devices and Techniques

such as aluminum. The straight long baton shall be equipped with a rubber grommet for wear on the Sam Browne gun belt.

Revenue protection personnel are required to carry the straight long baton only.

Tactical Team members are authorized to use the forty-two (42) inch riot long baton during call outs only.

308.2.2 EXPANDABLE BATON

Sworn police personnel in uniform or plainclothes are authorized to carry the expandable baton (either straight or side handled) as an optional impact weapon. Revenue protection personnel shall only carry the Monadnock model SX-24 twenty-four (24) inch expandable straight baton as an optional impact weapon.

The optional expandable baton must be black or the natural metal color, and constructed of a polycarbonate material or metal alloy. When carried by personnel in uniform, the expandable baton shall be carried in a basket weave holder designed for the baton.

Personnel assigned to a train beat for an entire shift will not be required to carry their straight long baton or side handled long baton if they are carrying an authorized expandable baton.

Sworn officers assigned to vehicle patrol will still be required to have the straight long baton or side handled long baton readily available within their assigned vehicle, but may also carry an expandable baton if desired.

308.2.3 SHORT BATON

Sworn police personnel in uniform or plainclothes are authorized to carry the short baton as an optional impact weapon.

The optional short baton must be ten (10) to fourteen (14) inches long, black or natural wood tone finish, and constructed of wood, polycarbonate material, or metal alloy such as aluminum. When carried by personnel in uniform, the short baton will be carried in the sap pocket of the standard uniform pants.

Personnel assigned to a train beat for an entire shift will not be required to carry their straight long baton or side handled long baton if they are carrying an authorized short baton.

Officers assigned to vehicle patrol will still be required to have the straight long baton or side handled long baton readily available within their assigned vehicle, but may also carry a short baton if desired.

308.2.4 BATON APPLICATION

The police baton may only be used by sworn personnel and revenue guards in the manner prescribed by department training.

Officers' and revenue guards' proficiency in the use of the police baton, as well as related policy and procedures, will be tested on a regular basis.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Control Devices and Techniques

Batons shall not be used as an impact weapon in mere anticipation of violence or resistance. They shall not be used merely to enforce compliance with verbal orders, and never used against a person who is under restraint.

Baton blows shall not be intentionally delivered to a person's head, neck, throat, spine, kidney, or groin area unless the officer's life, or the life of another is in imminent peril.

308.2.5 OTHER POLICE IMPACT WEAPONS

The same provisions governing the use of the baton shall apply to those authorized to use any other type of police impact weapon (i.e., Yawara stick, flashlight baton). Sap gloves are prohibited.

308.2.6 MEDICAL TREATMENT

Arrange to have the affected person evaluated by qualified medical personnel as soon as practical for clearance prior to booking. Medical personnel should determine if the suspect should be transported to a hospital prior to booking. Obtain a verbal waiver if the affected person refuses medical treatment. If any individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another officer and/or medical personnel.

308.3 CHEMICAL AGENTS

The use of chemical agents for crowd control/dispersal or against barricaded suspects shall be based on the circumstances. The watch commander, incident commander or SWAT commander may authorize the delivery and use of chemical agents, evaluating all conditions known at the time and determining that lesser force would not reasonably appear to result in the safe control of the suspect(s). When practical, fire personnel should be alerted, or summoned to the scene, to control any fires and to assist in providing medical aid or chemical evacuation, when the scene is safe. Only officers or supervisors trained in the use of chemical agent weapons should discharge such devices at the scene.

308.4 OLEORESIN CAPSICUM

Only authorized personnel may possess and maintain department-issued oleoresin capsicum spray. Oleoresin capsicum spray is used to minimize the potential for injury to officers, offenders, or other persons. It should be used only in situations where such force reasonably appears justified and necessary.

308.4.1 WATCH COMMANDER RESPONSIBILITIES

All personnel authorized to carry oleoresin capsicum spray, shall complete the required course of instruction prior to possessing and using the oleoresin capsicum spray.

Flash bangs and chemical agents other than oleoresin capsicum shall only be used on the expressed orders of a command level officer, or in immediate life threatening situations. Chemical agents and tactical devices shall be tactically deployed only by officers trained in the use of the specific arrest control devices being utilized. Such devices will be deployed in a manner which will ensure the least hazard to the public.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Control Devices and Techniques

308.4.2 RESPONSIBILITIES

Uniformed-field personnel carrying the oleoresin capsicum spray shall carry the device on their uniform. Plain-clothes and non-field personnel may carry the oleoresin capsicum spray as authorized, consistent with the needs of their assignment, or at the direction of their supervisor.

Canisters involved in any type of malfunction or damage shall be turned in to the property clerk for exchange. Damage to District property shall also be reported to the appropriate supervisor and the cause of damage explained.

Employees should check the expiration on their canister, and shall request a new canister prior to expiration. In the case of loss or depletion due to use, the affected employee shall submit a memo to his immediate supervisor requesting the replacement and explaining the need for same. The supervisor will arrange for immediate replacement.

308.4.3 APPLICATION OF OLEORESIN CAPSICUM

Oleoresin capsicum shall not be used indiscriminately or in mere anticipation of violence or resistance.

Except under conditions which represent an extreme hazard (immediate threat of serious injury or death), oleoresin capsicum is not to be used at any distance less than three (3) feet and is not to be aimed directly at the eyes at distances less than five (5) feet.

For maximum effectiveness, a targeted suspect should be at a distance of not less than six (6) feet or more than ten (10) feet away. At distances less than six (6) feet, it is difficult to protect oneself from being accidentally contaminated.

To be effective, oleoresin capsicum should come into contact with the face of the target. Spraying the target below the face may not cause the desired effect.

Oleoresin capsicum works well on persons who are intoxicated, under the influence of drugs, mentally deranged, or against other persons having reduced sensitivity to Mace.

Due to the close range of these encounters, it is extremely important for officers to spray a one (1) second burst of oleoresin capsicum into the face of the aggressor and then immediately move laterally to either side in order to side step any attempted attack.

Once contaminated by oleoresin capsicum, officers will have a difficult time protecting themselves since the effects are immediate and can last for up to forty-five (45) minutes.

Due to the extremely effective incapacitation qualities of oleoresin capsicum, extreme care and consideration should be exercised by officers when applying oleoresin capsicum to suspects in the field, stations, vehicles and BART trains so as not to contaminate themselves, other officers, or citizens who may be trying to assist in the control or apprehension of a resistive or aggressive/combatative subject. Because oleoresin capsicum will affect passengers or bystanders, they normally should not be used on crowded trains or crowded platforms.

Do not attempt to discharge oleoresin capsicum when positioned upwind.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Control Devices and Techniques

308.4.4 TREATMENT FOR CHEMICAL AGENTS/OLEORESIN CAPSICUM SPRAY EXPOSURE

Persons who have been affected by the use of chemical agents/oleoresin capsicum should be promptly provided with cold water, and exposure to fresh air as soon as practical. Remove glasses or contact lenses.

Advise the person affected not to rub the skin or eyes because of the possibility of spreading the oil to other areas. Do not apply salves, creams, oils, or lotions, as they can trap the irritant.

Arrange to have the affected person evaluated by qualified medical personnel as soon as practical. Medical personnel should determine if the suspect should be transported to a hospital prior to booking. If any individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another officer and/or medical personnel.

Whenever BART Police personnel use oleoresin capsicum to subdue an arrestee, custodial personnel will be informed of this fact when transferring custody of the prisoner.

308.4.5 REPORT OF USE

All uses of chemical agents/oleoresin capsicum shall be documented in the related arrest/crime report.

308.5 LLIMS GUIDELINES

This department is committed to reducing the potential for violent confrontations when suspects are encountered. LLIMS projectiles, when used properly, are less likely to result in death or serious physical injury.

LLIMS projectiles are approved by the department and are fired from 40 mm launchers. Certain munitions can be used in an attempt to de-escalate a potentially deadly situation, with a reduced potential for death or serious physical injury.

308.5.1 DEPLOYMENT

Approved munitions are justified and may be used to compel an individual to cease his or her actions when such munitions present a reasonable option for resolving a situation. LLIMS may also be used when dealing with vicious animals.

Officers are not required, or compelled, to use approved munitions in lieu of other reasonable tactics if the involved officer(s) determine that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Operators shall advise dispatch via radio when LLIMS is deployed. If not on scene, sergeants shall respond immediately to assume control of the deployment and use. When an officer is deploying LLIMS, he/she is the officer in charge until the arrival of a supervisor.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Control Devices and Techniques

308.5.2 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT

Examples include, but are not limited to, the following types of situations where the subject:

- (a) Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions
- (b) Has made credible threats to harm himself or others
- (c) Is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at people and/or officers

308.5.3 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider the following factors:

- (a) Severity of the crime or incident.
- (b) Subject's capability to pose an imminent threat to the safety of officers or others.
- (c) If the subject is actively resisting arrest or attempting to evade arrest by flight.
- (d) The credibility of the subject's threat, as evaluated by the officers present, and the subject's physical capacity/capability.
- (e) The proximity of weapons available to the subject.
- (f) The officer's, versus the subject's, physical factors (e.g., age, size relative strength, skill level, injury/exhaustion, the number of officer(s) versus subject(s)).
- (g) The availability of other force options and their possible effectiveness.
- (h) Distance and angle to target.
- (i) Type of munitions employed.
- (j) Type and thickness of subject's clothing.
- (k) The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

308.5.4 DEPLOYMENT DISTANCES

Officers should keep in mind the manufacturer's recommendations regarding deployment when using control devices, but are not solely restricted to use according to these manufacturer recommendations. Each tactical situation must be evaluated on the totality of circumstances at the time of deployment.

308.5.5 SHOT PLACEMENT

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted when deadly force is not reasonably justified.

Officers should generally follow the manufacturer's recommendations regarding minimum deployment distances and target areas, however, any target area or distance may be considered

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Control Devices and Techniques

when it reasonably appears necessary to accomplish immediate incapacitation, in order to prevent serious injury or death, and other reasonable methods have failed or reasonably appear ineffective.

308.5.6 APPROVED MUNITIONS

Patrol personnel may only utilize Defense Technologies 40mm Exact Impact Munitions.

For SWAT missions, Department trained SWAT personnel may deploy other 40mm munitions at the direction of the SWAT Commander.

308.5.7 USE OF LLIMS PROJECTILES BY SUPERVISORS AND OFFICERS

A LLIMS 40mm launcher designated for the use of LLIMS projectiles, will normally be carried in the trunk of each supervisor's unit. An additional launcher should normally be available in each zone for Field Training Officers to carry in their vehicle.

Supervisors and officers will inspect this launcher at the beginning of each shift to ensure that it is in proper working order and loaded with approved projectiles only.

308.5.8 USE OF LLIMS PROJECTILES BY SWAT

Officers who have completed a departmental-training course may carry and employ 40 mm projectiles while on duty, or while performing Special Weapons and Tactics (SWAT) missions.

308.5.9 POST DEPLOYMENT

- (a) Medical personnel should be summoned for suspects shot with LLIMS and be cleared prior to booking. Medical personnel should determine if the suspect should be transported to a hospital prior to booking.
- (b) The LLIMS projectile, if found, and casing should be placed into evidence.
- (c) Photos should be taken of the impact site and placed into evidence.
- (d) LLIMS deployments and use shall be documented in a police report on the incident.
 1. A LLIMS deployment is when the LLIMS launcher is displayed in a manner intended to control or influence a suspect's actions. (Responding to a call with the launcher slung is not a deployment.)
 2. The immediate supervisor not involved in the deployment will make a copy of the report and determine if the deployment/use was appropriate. See Policy 344 for supervisor's responsibilities.
 3. The report will be forwarded to the Chief of Police via the chain of command.

308.6 TEAR GAS GUIDELINES

Personnel who have successfully completed an approved departmental-training course shall be authorized to use LLIMS projectiles. Supervisors and officers deploying LLIMS projectiles will complete an annual recertification course.

Bay Area Rapid Transit Police Department

Control Devices and Techniques

308.7 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device and/or technique listed within this section is considered a use of force and shall be documented pursuant to Policy Manual § 300.4, 300.5 and 344. A reviewing supervisor shall complete a Supervisors' Use of Force Report and indicate whether the use of force was justifiable, unjustifiable or unintentional.

308.7.1 NON-DEADLY FORCE REVIEW

Incidents involving the use of a control devices or techniques should be reviewed in accordance with policies 300 and 302.

Conducted Electrical Weapon - TASER

309.1 PURPOSE AND SCOPE

The purpose of this policy is to provide direction on what constitutes the appropriate and authorized use of conducted electrical weapons.

309.2 POLICY

The only CEW authorized and issued by this Department is the TASER® X26. All sworn personnel shall receive Department-approved training and may be issued a TASER for use during their current assignment.

- (a) A TASER shall be assigned and carried (i.e., worn on the person, as described at the end of this Section) as a part of a uniformed officer's and sergeant's equipment, in a holster that is designed to fit the TASER® X26. Employees must request and have the approval of the Chief, or his designee, to not carry the TASER as part of their uniform equipment. Non-uniformed officers may secure the TASER in the driver's compartment of their Department vehicle.
- (b) All TASERs shall be clearly and distinctly marked with factory yellow markings on the sides to differentiate them from the duty weapon and any other device.
- (c) Officers should carry a total of two or more TASER cartridges on their person when carrying the TASER. Only Department issued cartridges are authorized.
- (d) Officers shall be responsible for ensuring that their assigned TASER is properly maintained and in good working order at all times. Whenever an assigned TASER is damaged or inoperable, the officer shall immediately notify his/her supervisor and document the specific damage or inoperability issue in a memo sent via the chain of command to the Support Services Deputy Chief. The notified supervisor shall make an effort to have a reserve TASER assigned to the officer during that shift. Reserve TASERs shall be located in the Watch Commander's cabinet at LMA. The Supervisor shall document the damaged TASER's serial number and the assigned officer's name and badge number in an email to the Support Services Lieutenant to facilitate the equipment repair.
- (e) TASERS shall not be altered from the original factory specifications and markings.
- (f) Officers who locate a broken cartridge or have an unintentional discharge shall forward the cartridge to a Department TASER armorer. It should be loosely packaged and sealed in a brown evidence bag.
- (g) TASERS with a battery life of 20% or less shall be removed from service. These TASERS should be forwarded to the Support Services Lieutenant for battery replacement.
- (h) The Support Services Lieutenant will ensure that TASER armorers conduct annual TASER memory downloads for all TASERS.

There are two authorized ways for officers to carry the TASER:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Conducted Electrical Weapon - TASER

- (a) In a holster, opposite side from the duty weapon with no portion of the TASER crossing the mid-line of the officers belt when it is holstered. When carried in this manner, the officer shall use a support-hand draw only.
- (b) In a drop leg holster, worn on the support hand side only (opposite the duty weapon).

*When carried in this manner, the officer shall use a support-hand draw only.

309.3 VERBAL AND VISUAL WARNINGS

Unless it would otherwise endanger officer safety or is impractical due to circumstances, a verbal announcement of the intended use of the TASER shall precede its application in order to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply
- (b) Provide other officers and individuals with warning that a TASER may be activated

In instances where a verbal warning is provided prior to the use of the TASER, the subject must be given reasonable time to comply.

If after a verbal warning an individual continues to express an unwillingness to voluntarily comply with an officer's lawful orders, and it appears both reasonable and practical under the circumstances, the officer may, but is not required to, display the electrical arc (provided there is not a cartridge loaded into the TASER) or built-in laser in a further attempt to gain compliance prior to the application of the TASER. The laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal and/ or other warning was given, or reasons a warning was not given, shall be documented in any related reports.

309.4 USE OF THE TASER

It is the policy of this Department that an officer shall use only that amount of force which is objectively reasonable in light of the facts and circumstances confronting the officer at the time of the event giving rise to the use of force. Activation of the TASER is, at all times, subject to this standard. Each individual activation of the TASER, even during the same incident, becomes a separate use of force and must be objectively reasonable. In some cases, other control techniques may be more appropriate as determined by the subject's degree of resistance and/or threat level to others.

Subject to the objective reasonableness standard, an officer generally may activate the TASER when grounds to arrest or detain are present, and the subject:

- Uses force or attempts to use force against the officer or another person
- Physically resists the arrest or detention or demonstrates an intention to physically resist (such as the assumption of a fighting stance)
- Refuses to comply with verbal orders without any physical resistance or demonstrated intention to physically resist, but is believed to be armed

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Conducted Electrical Weapon - TASER

- Flees in order to evade arrest or detention and presents an imminent or immediate threat to the officer or other individuals

Officers may also generally activate the TASER to subdue a vicious animal that presents a danger to the officer or other individuals.

Similarly subject to the objective reasonableness standard, an officer generally may not activate the TASER when the subject:

- Refuses to comply with verbal orders without any physical resistance or demonstrated intention to physically resist, and is not believed to be armed
- Flees in order to evade arrest or detention but does not present an imminent or immediate threat to the officer or other individuals

Because the use of the TASER is considered a proportional use of force, it should only be activated in response to a situation in which a reasonable officer would perceive some immediate danger that could be mitigated by using the TASER (*Armstrong v. Pinehurst*).

As with any law enforcement equipment, the TASER has limitations and restrictions requiring consideration before its use. The TASER should only be activated when its operator can safely approach the subject within the operational range of the TASER. Although the TASER rarely fails and is generally effective in subduing most individuals, officers should be aware of this potential and be prepared with other options in the unlikely event of such a failure.

Every application of the TASER becomes a separate use of force and must be justified by the officer.

Although not absolutely prohibited officers should avoid, absent extenuating circumstances, applying the TASER to any of the following individuals:

- (a) Obviously pregnant females
- (b) Elderly individuals, obvious juveniles, or the visibly frail
- (c) Individuals who have been recently sprayed with alcohol-based pepper spray or potentially flammable chemical agents, or who are otherwise in close proximity to any combustible material
- (d) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles)
- (e) Handcuffed persons, unless they pose an immediate threat of great bodily injury to themselves or others
- (f) Fleeing subjects (fleeing should not be the sole justification for activating a TASER against a subject; personnel should consider the severity of the offense, the subject's threat level to others, and the risk of serious injury to the subject before deciding to use a TASER on a fleeing subject)
- (g) Subjects who are simply non-compliant or who are in control of a vehicle in motion (including automobiles, motorcycles and bicycles).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Conducted Electrical Weapon - TASER

(h) Individuals suspected of being under the influence of drugs/alcohol or exhibiting symptoms of excited delirium (e.g., nudity, profuse sweating, irrational behavior, extraordinary strength beyond physical characteristics or imperviousness to pain). These subjects may be more susceptible to collateral problems and should be closely monitored (e.g., breathing pattern) following the application of the TASER until they can be examined by paramedics or other medical personnel.

Because the application of the TASER in the drive stun mode (i.e., direct contact without darts) relies primarily on pain compliance and requires close proximity to the subject, the controlling effects may be limited. Additional caution should be exercised.

When the probes are in contact with a person, no more than one officer should intentionally activate a TASER against that person.

The TASER shall not be used:

- To torture, psychologically torment, or inflict undue pain on any individual
- As a prod or escort device
- When confronting non-violent resistance, that does not represent a threat to officers or others (*Armstrong v. Pinehurst*)
- To rouse unconscious, impaired, or intoxicated individuals

Officers should not hold both a firearm and the TASER at the same time unless lethal force is justified.

In addition to the specific circumstances listed above, all evaluations of a use of force subject to the objective reasonableness standard may take into account a number of factors including, but not limited to:

- (a) The conduct of the individual being confronted (as reasonably perceived by the officer at the time)
- (b) Officer/subject factors (i.e., age, size, relative strength, skill level, injury/exhaustion, number of officers vs. subjects)
- (c) Influence of drugs/alcohol (mental capacity)
- (d) Proximity of weapons
- (e) The degree to which the subject has been effectively restrained and his/her ability to resist, despite being restrained
- (f) Time and circumstances permitting, the availability of other options (what resources are reasonably available to the officer under the circumstances)
- (g) Seriousness of the suspected offense or the reason for contact with the individual
- (h) Training and experience of the officer
- (i) Potential for injury to citizens, officers, and suspects
- (j) Risk of escape
- (k) Other exigent circumstances

309.4.1 ADDITIONAL CONSIDERATIONS

As with any law enforcement equipment, the TASER has limitations and restrictions requiring consideration before its use. The TASER should only be used when its operator can safely approach the subject within the operational range of the TASER. Officers should be aware of the potential that a TASER will fail to subdue an individual, and they should be prepared with other options in the event of such a failure.

If, after a single application of the TASER, an officer is still unable to gain compliance from an individual and circumstances allow, the officer should consider:

- (a) Whether or not the probes are making proper contact
- (b) Whether use of the TASER is limiting the ability of the individual to comply
- (c) Whether other options or tactics may be more appropriate
- (d) This, however, shall not preclude an officer from multiple, reasonable applications of the TASER on an individual. When probes are in contact with the individual or when drive stun mode is in contact with the individual, no more than three activations should be administered on the same individual. The TASER should not be intentionally activated at the subject's head, neck, chest, or groin.

Because the application of the TASER in the drive stun mode (i.e., direct contact without darts) relies primarily on pain compliance and requires close proximity to the subject, the controlling effects may be limited. Additional caution should be exercised.

When the probes are in contact with a person, no more than one officer should intentionally activate a TASER against that person.

309.4.2 REPORT OF USE

It is essential that officers exercise sound discretion and carefully articulate the totality of the circumstances giving rise to every TASER application. Verbal warnings, deployments, and TASER activations shall be documented in the related crime report. The incident along with the type of usage (verbal, deployment, or activation) shall be thoroughly documented in the narrative of the police report.

When the TASER is activated the police report should include the following:

- (a) Details of the subject's level of aggression justifying activation
- (b) Number and approximate duration of cycle(s)
- (c) Point of impact of the probes and/or drive stun mode on a subject
- (d) Response and actions of the subject after activation
- (e) Number of officers on scene
- (f) Names of individuals who provided medical care on scene and the names of medical personnel who removed the probes
- (g) Serial numbers of the TASER and cartridge

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Conducted Electrical Weapon - TASER

- (h) Photographic evidence, to include the subject prior to and after probe removal, the drive stun contact point, and any injuries incurred by the subject or officer as result of the incident
- (i) Name of the person receiving custody of the subject and advised of the CEW activation on the subject

Supplemental reports shall be completed by personnel who are present during a TASER activation.

A TASER armorer shall download the on-board CEW memory and save it with the related crime report; the on-scene supervisor is responsible for assigning this task. TASERS will not be taken out of service after an activation unless directed by a command-level officer.

309.4.3 SUPERVISORY RESPONSIBILITY

A supervisor shall respond to the scene of any TASER activation including negligent or unintentional activations. The supervisor shall confirm (with the officer) that any probes that have pierced a subject's skin are removed by medical personnel and that the subject is medically cleared, as outlined in Section 309.5, prior to being booked into a detention facility. The supervisor will confirm that all evidence (including the TASER's memory record) has been collected, review and approve the related crime reports, and provide a replacement CEW cartridge(s) as necessary.

Upon reviewing the report, the supervisor must make a copy for review by the officer's chain of command and complete a Supervisor's Use of Force Report. The reviewing supervisor must review the use of the CEW and make a recommendation on whether the use of the CEW was justified or not. A copy of the approved police report and completed Use of Force Report will be forwarded to the Chief of Police via the chain of command. The incident will be reviewed in accordance with Policies 300 and 301.

Justifiable: When the circumstances, at the time of using the CEW, were consistent with the provisions of this Policy, the use of the device shall be classified as justifiable.

Unjustifiable: When the circumstances, at the time of using the CEW, were not consistent with the provisions of this Policy, the use of the device shall be classified as unjustifiable.

The investigating supervisor will forward the police report and the Use of Force Report to the Use of Force Review Committee Chairperson. The Use of Force Committee Chairperson will forward the police report and the Use of Force Report to the Operations Division Deputy Chief for review.

The Operations Division Deputy Chief will forward the police report and Use of Force Report to the Professional Standards and Training Division Deputy Chief (Internal Affairs Section) who will log the police report and Use of Force Report and send them to the Chief of Police for review.

Negligent or unintentional activations of a TASER cartridge shall be reported immediately to a supervisor. The incident shall not be documented as a use of force. The incident shall be documented in a memo, via the chain of command to the Division Deputy Chief to which the employee reports. This memo will include the TASER and cartridge serial numbers and an explanation of the circumstances surrounding the activations. Officers responsible for accidental,

unintentional or unjustifiable discharges shall be subject to progressive discipline. Negligent activations shall be included in the Departments Early Warning System.

309.5 MEDICAL TREATMENT

Only qualified medical personnel, including certified paramedics, should remove TASER darts from a person's body. Used TASER darts shall be considered a sharp biohazard, similar to a used hypodermic needle. Universal precautions should be taken accordingly.

All detained or arrested persons who have been struck by TASER darts or who have been subjected to the electric discharge of the device shall be transported, by medical personnel, for medical assessment at a local medical facility as soon as practicable.

Special consideration (including enhanced observation and a Code 3 medical response) should be provided to individuals who fall under any of the following categories:

- (a) The person is suspected of being under the influence of a controlled substance(s) and/or alcohol
- (b) The person may be pregnant
- (c) The person reasonably appears to be in need of medical attention
- (d) The TASER darts are lodged in a sensitive area (e.g., groin, female breast, near the eyes)
- (e) The person requests medical treatment

In addition, persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics, imperviousness to pain, or who require a protracted physical encounter with multiple officers to bring them under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable (a Code 3 medical response). All individuals shall be medically cleared, prior to booking.

If any person subjected to an unintentional application refuses medical attention, such a refusal should, absent extenuating circumstances, be witnessed by medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or interview with the individual, any refusal should be included.

The transporting officer shall inform any person receiving custody or any person placed in a position of providing care that the individual has been subjected to the application of the TASER.

309.6 TRAINING

In addition to the initial Department approved training required to carry and use a TASER, annual training will be provided to all sworn personnel. A reassessment of an officer's knowledge and/or practical skills may be required at any time if deemed appropriate.

A certified TASER instructor should ensure that CEW training material and lesson plans include the following:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Conducted Electrical Weapon - TASER

- (a) A review of this Policy
- (b) A review of the Use of Force Policy 300
- (c) Target area considerations, to include techniques or options to reduce the intentional application of probes near the head, neck, chest, and groin
- (d) De-escalation techniques
- (e) Scenario-based training

309.6.1 TASER INSTRUCTOR TRAINING

The below, listed training is from the Department's Training Plan and is either mandatory, essential, or desirable (the Training Plan is located within the G/drive, Training Unit folder):

- Mandatory TASER training - Basic instructor course
- Desirable TASER training - TASER armorer certification course, advanced instructor course

309.6.2 REMEDIAL TRAINING

Any employee who acts in a grossly unsafe manner or demonstrates dangerous and/or extremely poor decision-making skills in the deployment of and/or application of any use-of-force related task (in the field or in training) shall be required to attend mandatory remedial training prior to returning to full-duty status.

If, in the opinion of the supervisor/primary instructor at the site of the training, the employee's decision making and actions are so unsafe that if returned to full duty he/she may be a safety hazard to him or herself, fellow employees, and/or the public, the supervisor/primary instructor shall recommend additional mandatory remedial training for the employee. The primary instructor shall contact the on-duty Watch Commander as soon as practicable and make the recommendation for additional mandatory remedial training.

If the request for additional training is approved, the employee shall be removed from an on-duty patrol status and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.

Repeated failures to correct such deficiencies may result in implementation of the Progressive Discipline System, similar to Policy Section 461.5.1. Nothing in this Policy precludes the Department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.

Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

310.2 POLICY

The policy of the Bay Area Rapid Transit Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Bay Area Rapid Transit Police Department would control the investigation if the suspect's crime occurred in San Francisco Bay Area Rapid Transit District.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by another agency, at the discretion of the Chief of Police and with concurrence from the other agency.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table helps identify the possible scenarios and responsibilities for the investigation of officer-involved shootings. This may vary based on the incident county and their protocol.

	Criminal Investigation of Suspect(s)	Criminal Investigation of Officer(s)	Civil Investigation	Administrative Investigation
BPD Officer in This Jurisdiction	BPD Investigators	BPD Investigators w/District Attorney's Office	BART Legal Counsel	BPD Office of Professional Standards / BART Office of the Independent Police Auditor
Allied Agency's Officer in This Jurisdiction	BPD Investigators	District Attorney's Office	Involved Officer's Department	Involved Officer's Department
BPD Officer in Another Jurisdiction	Agency where incident occurred	Decision made by agency where incident occurred	BART Legal Counsel	BPD Office of Professional Standards / BART Office of the Independent Police Auditor

310.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death. The following checklist is a guideline that should be followed following an incident involving an officer-involved shooting or death;

- The BART Police Department officer assigned to the original call is in command of the scene until relieved by a supervisor or other person of higher authority. This includes those instances where more than one agency is participating or assisting in the investigation in BART's jurisdiction.
- Ensure that all necessary life-saving efforts are undertaken for any injured persons.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

- The Incident Commander is responsible for deployment of personnel and equipment necessary to provide for the containment of the crime scene, security of the surrounding area, preservation of evidence, and compliance with all reporting requirements. The Incident Commander shall request all necessary resources to fulfill this responsibility.
- All necessary notifications shall be made in accordance with section 310.5.3 of this policy
- Obtain a public safety statement from involved officer(s) to establish crime scene boundaries, location of injured persons or other information to ensure the safety of the public regarding the incident.
- Assign an officer to ride with injured suspect(s) in the ambulance with a recording device to maintain custody of arrestee, document any spontaneous statements / dying declarations, and preserve any physical evidence.
- Only assigned investigative and emergency medical personnel will be allowed within the perimeter of the crime scene, unless authorized by the Incident Commander or higher authority.
- Locate, identify and seek voluntary compliance of witnesses to remain at the scene or other designated area to be interviewed regarding the incident.
- Coordinate a systematic canvass of the area for other witnesses, locating unaccounted vehicles, weapons, people, etc.
- Ensure radio broadcasts and teletypes regarding outstanding suspects, vehicles or witnesses are transmitted as soon as practical.
- The Incident Commander should conduct an on scene briefing once all investigative entities have arrived on scene. The briefing should include basic factual information known at that time such as type of call, date and time of incident, number of officers involved, summary of public safety statement(s), etc.
- Coordinate the preservation / collection of all evidence, including but not limited to, the officer's body worn camera, gunshot residue, etc. with Evidence Technicians and the Criminal Investigations Division.
- All personnel entering the scene will check in with the crime scene scribe and record the entry / exit time and reason for entering on the crime scene log.
- Any person(s) entering the crime scene may be ordered by the Incident Commander to prepare a supplemental report regarding their reasons for entering the crime scene and their actions while there.
- All officers directly involved in the shooting should be isolated from the immediate crime scene as soon as practical. Another officer or supervisor should be assigned to remain with these officers to attend to any personal needs that may arise until the arrival of assigned investigative units.
- If more than one officer is directly involved in the shooting, the directly involved officers should be separated as soon as possible and should remain separated until after they have given a statement to the investigators.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

- The officer's weapon will become evidence if the suspect was struck or if there is any indication that the weapon malfunctioned.
- The Criminal Investigations Division Lieutenant, or designee, will be responsible for ensuring that a replacement weapon is issued when the officer's weapon is taken as evidence.
- Coordinate with the Criminal Investigations Division / Internal Affairs Division to ensure that a drug / alcohol test is administered to the involved officer(s) (requested through the Operations Control Center (OCC) Manager). Accommodations should be made for the involved officer(s) to be later driven to his / her place of residence after the conclusion of the initial investigation.
- In cases of officer involved shootings where a fatality is involved, the Chief of Police should designate a Department representative to be assigned as a liaison to the family of the decedent. To the extent allowed by law, the liaison shall be responsible for keeping the family informed about updates to the investigation and the status of involved personnel.

310.5.1 OFFICER IN CHARGE - RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting, the first uninvolved BART PD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

310.5.2 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

310.5.3 NOTIFICATIONS

The following notifications shall be made soon as practical after an officer involved shooting:

- BART Police Communications Center
- On-duty supervisor and officers responsible for the area in which the incident occurred
- On-duty Watch Commander or on-call command officer
- If other than BART Police, the agency having primary investigative responsibility

- Office of the Independent Police Auditor

All outside inquiries about the incident shall be directed to the Watch Commander.

310.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) BART PD supervisors and Internal Affairs Division personnel should not participate directly in any voluntary interview of BART PD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry. The BART Independent Police Auditor and Independent Police Investigators shall be provided with the same opportunity to monitor interviews and provide criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

310.6.1 REPORT WRITING

The assigned investigator or designee shall write any required report on behalf of the involved officer(s). In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved BART PD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a))

Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved BART PD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of BART PD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Internal Affairs Division and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- (a) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (b) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 5. The Internal Affairs Division shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.8 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Criminal Investigations Division Commander and Media Relations in the event of inquiries from the media.

It will be the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media (Government Code § 3303(e)) and no involved officer shall make any comments to the press unless authorized by the Chief of Police or a Bureau Deputy Chief.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.9 DEBRIEFING

Following an officer-involved shooting or death, the Bay Area Rapid Transit Police Department shall conduct both a critical incident/stress debriefing and a tactical debriefing.

310.9.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.9.2 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Support Services Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other civilian personnel). Family or other support personnel may attend with the concurrence of those involved in the

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer-Involved Shootings and Deaths

incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Internal Affairs Division personnel.

310.10 REPORTING

If the death of an individual occurs in the Bay Area Rapid Transit Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Operations Division Commander will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

310.11 OFFICE OF THE INDEPENDENT POLICE AUDITOR (OIPA)

- (a) After notification of any officer-involved shooting or death has been made to OIPA pursuant to Section 310.5.3, the BART Independent Police Auditor and the Independent Police Investigator(s) shall be granted access to the scene(s) of the incident(s) in the same manner as granted to BPD Internal Affairs Investigators.
- (b) The BART Independent Police Auditor and the Independent Police Investigator(s) shall be granted the same opportunity as BPD Internal Affairs investigators to monitor criminal investigation interviews and to submit requests for questions to the criminal interviewers.

310.12 RETURN TO ACTIVE DUTY

The following checklist guideline outlines the protocol which should be followed to facilitate the involved officer's return to active duty after an officer involved shooting where death / serious bodily injury occurs.

- The involved officer(s) are not cleared for regular patrol duties until the results of the mandatory drug testing individually clears the involved officer(s).
- The involved officer(s) successfully completes an individual session with a Department approved psychologist.
- The Chief of Police, or designee, may keep the officer(s) from active duty if they believe, based upon the totality of the circumstances, that placing the employee on active duty poses an unreasonable safety and/or security risk to the Department, employees or the public.
- The Chief of Police, or designee, may keep the officer(s) from active duty if a preliminary determination appears to show that the officer's conduct was not in compliance with policy.
- A member of Command Staff should consult with the involved officer(s) individually to confirm that they feel ready to return to full duty.
- The involved officer(s) shall successfully complete a firearms qualification with the Department Rangemaster.

Firearms

312.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.1.1 PERSONNEL AUTHORIZED TO POSSESS FIREARMS WHILE ON-DUTY

- (a) All sworn personnel who have successfully completed a department authorized course of firearms instruction and qualified with the firearm at a department firearms qualification.
- (b) Other police department employees performing the duties of Revenue Protection Guard and after successful completion of the PC 832 course of firearms instruction and qualified with the firearm at a department firearms qualification.

312.2 POLICY

The Bay Area Rapid Transit Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

312.3.1 DUTY HANDGUNS

The authorized departmental issued handgun is the Sig Sauer P320 chambered in 9mm parabellum. The department will issue weapons only to personnel who will carry the Sig Sauer P320 as their primary duty weapon while in uniform and/or plainclothes assignments. Members of the Range Staff may be issued Sig Sauer P320 pistols for training purposes.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Firearms

Personnel may select and have issued an appropriate sized Sig Sauer grip module to obtain a satisfactory firing grip on the P320 pistol (subject to availability).

(a) Duty Handgun Modifications:

Department issued P320 firearms shall not be altered in any way to change its general appearance or function without written Rangemaster approval. A copy of the written approval will be kept in the employees' personnel file. The member/employee should be examined by a District medical doctor to ensure no medical condition exists that prevents the employee from qualifying.

Personnel who are unable to qualify by the conclusion of their fourth remedial firearms training session, shall remain assigned to a non-armed administrative position, restricted from carrying a firearm off-duty, and subject to the next step in progressive discipline, suspension without pay.

Personnel who fail to attain the minimum passing qualification score with the shotgun or rifle shall be allowed a minimum of one additional opportunity to qualify during that training day. Those personnel that are still unable to qualify may receive additional firearms training that day if training time and a sufficient number of Range Staff are available. In situations involving personnel that are unable to qualify by the end of their scheduled shift or the conclusion of the training day (whichever comes first), the Rangemaster or on-site Range Sergeant shall, as soon as practicable, notify the employee's immediate supervisor or the on-duty Watch Commander of the failure to qualify.

Non-qualifying personnel shall not be authorized to deploy the shotgun or rifle in the performance of their duties until they are able to demonstrate acceptable proficiency and achieve a passing qualification score. Progressive discipline will be implemented at the level of a Letter of Discussion.

The Rangemaster or designee shall arrange for a 4-hour remedial shotgun or rifle training session as soon as practical for the non-qualifying personnel. Personnel that are unable to qualify by the conclusion of the first remedial firearms training session, shall not be authorized to deploy the shotgun or rifle in the performance of their duties, and a second 4-hour remedial shotgun or rifle training session will be scheduled. Progressive discipline will be administered in the same manner as described under the Failure to Qualify with Duty Handgun section.

Personnel who are unable to qualify by the conclusion of the second remedial firearms training session, shall not be authorized to deploy the shotgun or rifle in the performance of their duties, and a third 4-hour remedial shotgun or rifle training session will be scheduled. Progressive discipline will move to the next step.

Personnel who are unable to qualify by the conclusion of the third remedial firearms training session, shall not be authorized to deploy the shotgun or rifle in the performance of their duties. The employee may, at the discretion of the Chief of Police, progress to the next level in progressive discipline.

312.7 REMEDIAL TRAINING

Any employee who handles a firearm in a grossly unsafe manner, demonstrates dangerous and/or extremely poor decision-making skills in the deployment of and/or application of any use of force-related task, in the field or in training, may be required to attend mandatory remedial training prior to returning to full-duty status.

If in the opinion of the supervisor/primary trainer at the site of the training, the employee's actions/decision-making is so unsafe that if they were returned to full duty, the employee may be a safety hazard to themselves, fellow employees, and/or the public; the supervisor/primary trainer shall recommend mandatory remedial training for the employee. The primary trainer shall contact the on-duty Watch Commander as soon as practicable and make the recommendation for mandatory remedial training.

If the request for mandatory remedial training is approved, the employee shall be removed from a firearm-carrying capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.

Repeated failures to correct such deficiencies may result in implementation of progressive discipline.

Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.

Firearms

312.8 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

312.8.1 INJURED ANIMALS

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

312.8.2 WARNING AND OTHER SHOTS

312.9 RANGEMASTER DUTIES

The rangemaster falls under the Personnel and Training Division and reports to the Personnel and Training Division Lieutenant.

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Personnel and Training Lieutenant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

Vehicle Pursuit Policy

314.1 PURPOSE AND SCOPE

Pursuits of suspected or known violators of the law expose innocent citizens, law enforcement officers and fleeing violators to serious injury or death. The primary purpose of this policy is to provide officers guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce and minimize the potential for pursuit related accidents. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.1.2 OTHER DEFINITIONS

Credible Threat: Information known by the officer at the time of initiating the pursuit that provides reasonable suspicion that the suspect, if allowed to escape, poses a threat of serious bodily injury or serious bodily harm. Sources of this information include, but are not limited to: information provided by victims, witnesses, and dispatchers, computerized criminal history, or confidential reliable informants.

Monitoring Supervisor: The supervisory or command staff officer who advises dispatch that he or she is monitoring a pursuit. When possible, this supervisor should be the functional supervisor of the primary officer.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

Serious Bodily Injury: A serious impairment of physical condition including, but not limited to, the following: loss of consciousness, concussion, bone fracture, protracted loss or impairment of function of any bodily member or organ, or a wound requiring extensive suturing or serious disfigurement.

Serious Bodily Harm: For the purpose of this policy, is defined as any mental or emotional condition that may result from being victimized during a serious crime that may not result in visible bodily injury as defined above. Examples of crimes in this category include, but are not limited to rape, robbery, kidnapping, and other sexual assaults.

Unmarked Unit: Any police department motor vehicle that is not equipped with departmental markings, but is equipped with a siren, and minimally, a forward red emergency light.

314.2 VEHICLE PURSUIT

Officers may initiate and/or continue a vehicle pursuit, only when the potential danger to the public posed by the fleeing suspect remaining at large, is greater than the potential danger to the public created by the pursuit itself. Strict supervisory control shall be maintained from the onset of any pursuit, and continue through the termination of a pursuit or at the termination point.

It shall also be the policy of this department that a motor vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

314.2.1 WHEN TO INITIATE A PURSUIT

A vehicle pursuit may only be initiated when there is reasonable suspicion to detain, or probable cause to arrest, a suspect in a fleeing vehicle during any of the following situations:

- A violent crime involving serious bodily injury or serious bodily harm.
- A violent crime involving the use of a deadly weapon against a person.
- A credible threat of serious bodily injury, serious bodily harm, or use of a deadly weapon against a person.

314.2.2 FACTORS TO CONSIDER

The following factors must be considered while making the decision to initiate, continue, or terminate a pursuit. These factors and conditions should be continuously evaluated considering the totality of circumstances by the primary officer, monitoring supervisor and/or the watch commander.

- Seriousness of the known or reasonably suspected original crime or circumstance and its relationship to community safety
- The quality and quantity of information leading to the reasonable suspicion to detain or the probable cause to arrest that justifies the pursuit

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

- The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others
- The danger posed to the community and/or victim by the fleeing suspect should he or she be allowed to remain at large
- The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time
- The volume of vehicular and pedestrian traffic in the area of the pursuit
- Safety of the public in the area of the pursuit (e.g., schools, parks, business districts)
- The speeds involved in the pursuit and the extent to which those speeds exceed the flow of traffic (i.e., pursuit speeds have become unreasonably unsafe for the surrounding conditions)
- Time of day (e.g., relative to number of vehicles and pedestrians out, nighttime visibility)
- Weather conditions such as, rain or fog that would hinder visibility
- Road conditions (e.g., slick pavement)
- Pursuing officer(s) familiarity with the area of the pursuit
- The quality of radio communications between the pursuing units and the dispatcher/supervisor
- The driving capabilities of the pursuing officers under the conditions of the pursuit. Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit
- The availability of assisting units, including air support
- Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages)

314.2.3 OFFICER RESPONSIBILITIES

- Every officer participating in a vehicle pursuit shall adhere to the policies governing emergency vehicle operations.
- The number of pursuit vehicles driving Code-3 should be limited to three units (primary unit and two secondary units). Additionally, the monitoring supervisor and the watch commander may drive Code-3 at their discretion. If due to the seriousness of the crime, number of suspects, or other circumstances, the monitoring supervisor or watch commander feels additional units are necessary, he/she may direct additional units to drive Code-3. At the direction of the dispatcher or monitoring supervisor, additional

Bay Area Rapid Transit Police Department

units not involved directly in the pursuit may be directed to the termination point, driving Code-2, if additional assistance at the scene is needed.

- Whenever possible, marked units should occupy the primary and secondary positions in a pursuit. When an unmarked vehicle is involved in a pursuit, it should be withdrawn when marked units are in position to take over.
- Other vehicles not outfitted with a siren and minimally a red forward light, shall not initiate or participate in a pursuit. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.
- When involved in a pursuit, officers should normally have emergency lights and siren activated at all times, unless circumstances (such as having to pass a vehicle on the right) require them to be briefly de-activated for safety. Emergency lights and siren shall be activated at all times when approaching and passing through an intersection or when driving against traffic controls. If a pursuing unit's emergency lights or siren fails during a pursuit, or a unit's radio contact fails, that officer shall immediately withdraw from the pursuit.
- No officer shall attempt to pass other police units involved in a pursuit unless the passing officer is directed to do so by the primary unit or monitoring supervisor.
- Officers with prisoners, victims, witnesses, or other civilian passengers in their vehicles shall not become involved in a pursuit.
- The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Firearms shall not be discharged at or from a moving vehicle unless the circumstances dictate that such use reasonably appears necessary to protect life.

314.2.4 TERMINATING A PURSUIT

The primary officer, monitoring supervisor, or watch commander may terminate a vehicle pursuit at anytime. The primary officer shall terminate a pursuit when any of the criteria for terminating a pursuit, listed in this policy, have been met, or when directed by a supervisor.

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks (i.e., the immediate danger to bystanders, other motorists, or involved officers) of continuing the pursuit reasonably appear to be greater than the potential danger resulting from the suspect(s) remaining at large.

The factors listed in this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

In addition to the factors listed in this policy the following factors should also be considered in deciding whether to terminate a pursuit:

- Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance
- Pursued vehicle's location is no longer definitely known
- Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive
- The suspect can be identified to the point where later apprehension will likely be accomplished, and the pursuing officers reasonably believe that the public and/or victim are not placed in greater danger by the suspect remaining at large

314.2.5 PROTOCOL FOR TERMINATING A PURSUIT

Whenever a pursuit is terminated, the termination shall be broadcast over the police radio. All officers involved in the pursuit shall acknowledge the broadcast and immediately deactivate all emergency equipment, while returning to normal driving, unless otherwise advised by the monitoring supervisor or Watch Commander.

314.2.6 PROTOCOL AT PURSUIT TERMINATION POINT

When a pursuit ends, the primary officer is responsible for notification to the Communications Center so that other responding units can shut down their emergency equipment if necessary.

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for the pursued vehicle.

If the pursuit ends because the suspect vehicle stops, the primary officer is responsible for coordinating the response of other units until relieved by a supervisor. Coordinating the response of other units entails giving updates as to the status of the suspect(s), direction of flight if fleeing on foot, whether or not other units need to continue Code-3, and to broadcast any assignments and/or resources that are needed.

The monitoring supervisor shall proceed directly to the termination point of any pursuit to confer with the primary officer and provide supervision/coordination at the scene.

314.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle.

The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons. Notify the Communications Center that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

- (a) Reason for the pursuit
- (b) Location and direction of travel
- (c) Speed of the fleeing vehicle
- (d) Description of the fleeing vehicle and license number, if known
- (e) Number of known occupants
- (f) The identity or description of the known occupants
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.1 SECONDARY UNIT RESPONSIBILITIES

The secondary officer(s) in the pursuit is responsible for the following:

- (a) Immediately notify the dispatcher of entry into the pursuit
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise

314.3.2 PARALLELING

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor. Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road. The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

314.3.3 TRAILING UNIT

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s). The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

314.3.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspects.
- (d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of the pursuit, notify the Communications Center that he/she is monitoring the pursuit.
- (b) Ascertain all reasonably available information to ensure that the pursuit is conducted within the guidelines of this policy.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

- (c) Continuously assess the situation and risk factors associated with the pursuit and take appropriate action as necessary. Direct that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (d) Engage in the pursuit, when in the area and when appropriate, to provide on-scene supervision.
- (e) Ensure that radio communications are being maintained between pursuing units and the Communications Center. Ask for periodic updates of critical information as necessary.
- (f) Ensure that the proper number and type of police units are involved in the pursuit.
- (g) Confirm the notification and/or coordination of outside agencies in the pursuit as applicable.
- (h) Request that aircraft assistance is requested, if needed.
- (i) Proceed to the termination point of the pursuit and assume responsibility for controlling police activity at the scene.
- (j) Ensure that all necessary reports are completed prior to the primary officer going off-duty, including the supervisor completing CHP Form 187.
- (k) Advise the watch commander of the pursuit and the associated details.
- (l) Determine if the pursuit was justified or not, complete the appropriate review process and forward the reports with comments to the watch commander.

314.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander is responsible for the following:

- (a) Ensure that a patrol sergeant is aware of the pursuit and is acting as the monitoring supervisor.
- (b) Monitor the pursuit along with the monitoring supervisor and continually assess the situation. Ensure the pursuit is conducted within the guidelines and requirements of this policy.
- (c) Terminate any pursuit that does not conform to this policy.
- (d) Coordinate with the monitoring supervisor and the Communications Center as needed.
- (e) Assume overall responsibility for the coordination, control and termination of the pursuit.

The Watch Commander shall review all pertinent reports and review the justification as determined by the monitoring supervisor. The Watch Commander will forward the reports and justification, with comments, to the Bureau Deputy Chief.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

314.5 COMMUNICATIONS

Radio communications related to the pursuit should be conducted on the primary channel unless instructed otherwise by a supervisor or Communications dispatcher. If the pursuit leaves the area of effective radio communications, or other units become involved in the pursuit, involved units may be directed to switch radio communications to another channel accessible to all participating units, such as High Level Law, a State Tac Channel, or one of the trunked radio channels used by allied agencies, such as Oakland or Richmond PDs.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Communications Center will:

- (a) Activate a Code-33 on the appropriate radio channel
- (b) Coordinate pursuit communications of the involved units and personnel
- (c) Ensure that a supervisor is monitoring the pursuit
- (d) Broadcast pursuit updates as well as other pertinent information as necessary. Record as much information as possible in the CAD/RMS system
- (e) Notify and coordinate with other involved or affected agencies as practical
- (f) Run the license plate of the suspect vehicle and/or the name of the suspect(s), if known
- (g) Broadcast any relevant wants and warrants
- (h) Notify the Watch Commander as soon as practical
- (i) Assist in coordinating additional units/resources to the termination point
- (j) Broadcast Code-34 when advised to do so by field units

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of this department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

- (a) Ability to maintain the pursuit
- (b) Circumstances serious enough to continue the pursuit
- (c) Adequate staffing to continue the pursuit
- (d) The public's safety within this jurisdiction
- (e) Safety of the pursuing officers

As soon as practical, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate when the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Deliberate pursuit intervention techniques (e.g., boxing, road spikes, roadblocks, ramming, PIT, etc.) are not authorized for use by officers of this department.

314.7.1 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Pursuit Policy

appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.2 APPREHENSION OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.8 REPORTING REQUIREMENTS

The following reports should be completed to comply with appropriate local and state regulations:

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) Pursuant to Vehicle Code § 14602.1(b), the monitoring supervisor shall complete form CHP 187, Allied Agency Vehicle Pursuit Report (to be filed by the Records Section with the CHP either electronically or on paper not later than 30 days after the pursuit). This pursuit report shall minimally contain the following information:
 1. Whether any person involved in the pursuit or subsequent arrest was injured, specifying the nature of that injury and differentiating between the suspect driver, a suspect passenger and the officers involved.
 2. The violation(s) that caused the pursuit to be initiated.
 3. The identity of the officers involved in the pursuit.
 4. The means or methods used to stop the suspect being pursued.
 5. The charges filed with the court by the district attorney.
 6. The conditions of the pursuit, including, but not limited to, all of the following:
 - (a) Duration
 - (b) Mileage
 - (c) Number of officers involved
 - (d) Maximum number of units involved
 - (e) Time of day
 - (f) Weather conditions
 - (g) Maximum speeds

Bay Area Rapid Transit Police Department

Vehicle Pursuit Policy

7. Whether the pursuit resulted in a collision and a resulting injury or fatality to an uninvolved third party, and the corresponding number of persons involved.
 8. Whether the pursuit involved multiple agencies.
 9. How the pursuit was terminated.
- (c) Vehicle pursuits are considered a use of force. The supervisor approving the police report should also complete a Supervisors' Use of Force Report, indicating whether the pursuit was justifiable or unjustifiable. See Policy 344 for further details on the completion of the Supervisor's Use of Force Report.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW

Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.9 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.1.1 LEVELS OF RESPONSE

316.1.2 DEFINITIONS

- **Code-1:** A non-emergency response. Officers should respond to the assignment as soon as practical, operate their vehicles without activation of emergency equipment, and obey all traffic laws.
- **Code-2:** A non-emergency response. Officers should respond directly to the assignment without unnecessary delay, operate their vehicles without activation of emergency equipment, and obey all traffic laws.
- **Code-3:** An emergency response. Officers will respond without delay, operate their vehicles with emergency equipment activated (minimally, red light forward and siren), and proceed with due regard for the safety of all persons and property.

316.1.3 REQUIRED CIRCUMSTANCES FOR CODE-3 RESPONSE:

Code-3 responses may only be used under the following circumstances:

- (a) When a situation involves the reasonable potential for serious injury or death to officers or other persons (e.g., in-progress robberies, aggravated assaults, medical emergencies).
- (b) When a Code-3 response would significantly enhance the likelihood of apprehending a felony suspect who has caused, is likely to cause, or has threatened to cause, serious injury or death.
- (c) When there is a public hazard that presents an imminent or immediate threat to public safety (e.g., fire, explosion, chem-bio incident).
- (d) When an officer requests Code-3 cover or broadcasts an "11-99."
- (e) When approved by a sergeant or command officer.

316.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer Response to Calls

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Any call that is not dispatched as Code-3 is a routine call. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.2.1 REQUIREMENTS FOR RESPONDING CODE-3

The vehicle's steady forward facing red light must be activated and visible under normal atmospheric conditions for 1000 feet. All other auxiliary lights should be activated as reasonably necessary. The auxiliary lights should be activated when entering and traveling through an intersection or if the vehicle is being driven against traffic controls.

The driver of the vehicle should sound the vehicle's siren as reasonably necessary. It should be sounded when entering and traveling through an intersection or if the vehicle is being driven against traffic controls.

The vehicle should be driven in compliance with California's basic speed law, which reads, "no person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent, having due regard for weather, visibility, the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property." (Vehicle Code §22350)

The provisions regarding authorized emergency vehicles responding Code-3 do not relieve the officer/driver from the duty to drive with due regard for the safety of all persons and property (Vehicle Code §21807).

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer Response to Calls

316.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Integrated Security Response Center. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, Integrated Security Response Center shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

316.4.1 STANDARD TERMINOLOGY

If an officer is in need of emergency assistance, he/she should state, "send Code-3 cover," or "11-99" as appropriate. Non-standard terms such as "expedite cover" or "step it up" should not be used as a request for Code-3 cover, nor should assisting units automatically respond Code-3 when hearing these types of terms.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Integrated Security Response Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.5.1 INITIATING/CONTINUING EMERGENCY RESPONSE

The first officer arriving on scene at an emergency should evaluate whether any other units need to initiate or continue a Code-3 response. The officer should broadcast this information via radio as soon as possible so that other units may respond appropriately.

When a Code-3 response is no longer required, and the unit(s) responding Code-3 become aware of this, those units are responsible for terminating their emergency response and advising the Communications Center of this.

Officers should not respond Code-3 with an arrestee or civilian in the vehicle.

316.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3 . The dispatcher shall:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer Response to Calls

- (a) Attempt to assign the closest available unit to the location requiring assistance
- (b) Immediately notify the Watch Commander and appropriate field supervisor
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

316.6.1 TERMINATION OF EMERGENCY RESPONSE

Upon termination of a Code-3 response, the communications center should advise all responding units of the termination. The Communications Center is responsible for confirming that each responding unit has acknowledged the termination.

316.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Officer Response to Calls

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Integrated Security Response Center of the equipment failure so that another unit may be assigned to the emergency response.

318.1.3 TASKS AND OBJECTIVES OF PROTECTION-TRAINED CANINE TEAMS

Protection-trained canine teams will be used to accomplish a variety of police-related tasks and objectives including:

- (a) Reduce injuries to police officers and other District employees resulting from criminal attacks
- (b) Reduce personnel deployment and time spent searching buildings, structures, and open areas for suspects, evidence or property
- (c) Tracking persons

318.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Operations Bureau to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time and then only with the approval of the Watch Commander.

318.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Operations Bureau or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Canines

- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

318.5 REQUESTS FOR CANINE TEAMS

Operations Bureau members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Operations Bureau shall be reviewed by the Watch Commander.

318.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler can provide input on whether to utilize a canine for a specific assignment.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

318.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

318.6 APPREHENSION GUIDELINES

A protection-trained canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Canines

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 REPORTING DEPLOYMENTS, BITES AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified. A supervisor will conduct a use of force investigation and document all injuries. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

318.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions

Bay Area Rapid Transit Police Department

Canines

and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

- (a) Absent a change in circumstances that present an immediate threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

318.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.7.2 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

318.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation with three (3) years of police patrol experience.
- (b) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Canines

- (c) If taking a Department vehicle home, a garage that can be secured and accommodate the canine vehicle.
- (d) If electing to transport the canine in a personal vehicle, the vehicle must be suitable for safely and securely transporting the canine. When transporting a canine in the bed of a truck, handlers shall comply with 23117 of the California Vehicle Code.
- (e) Agreeing to be assigned to the position for a minimum of three years.

318.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

Whether on or off leash, canines must be under the full control of the assigned handler at all times.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the District at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

Canines

318.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

318.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

318.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

318.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Bay Area Rapid Transit Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

318.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably

Bay Area Rapid Transit Police Department

Canines

practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file. Canine handlers shall maintain accurate records of all training-related activity (e.g. maintenance training, trials, and public demonstrations). Training records will be reviewed and signed by the canine coordinator with the handler once a month. Training records shall be kept in the canine team's training file for the working life of the canine plus two years, after which they will be purged.

318.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Bay Area Rapid Transit Police Department may work with outside trainers with the applicable licenses or permits.

318.12.5 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible to verify the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

318.13 BREEDING

Departmental canines shall not be bred.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY

The Bay Area Rapid Transit Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Criminal Investigations Division in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Domestic Violence

320.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

320.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

320.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

320.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Domestic Violence

Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 4. Penal Code § 646.9 (stalking)
 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
1. The intent of the law to protect victims of domestic violence from continuing abuse.
 2. The threats creating fear of physical injury.
 3. The history of domestic violence between the persons involved.
 4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

320.9.2 COURT ORDERS

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

320.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.9.4 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

Domestic Violence

320.9.5 RECORD-KEEPING AND DATA COLLECTION

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

320.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Bay Area Rapid Transit Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Search and Seizure

322.3.1 DETENTIONS

A detention occurs whenever a reasonable person would believe he/she is not free to leave or otherwise disregard the police and go about his/her business. (Hodari D. (1991) 499 U.S. 621, 627-628; Bostick (1991) 501 U.S. 429, 434; Souza (1994) 9 Cal.4th 224, 229; Daugherty (1996) 50 Cal.App.4th 275, 283.) Such belief may result from physical restraint, unequivocal verbal commands, or words or conduct by you that clearly relate to the investigation of specific criminal acts. (Brueckner (1990) 223 Cal.App.3d 1500, 1505.)

For a detention to be valid, you must have reasonable suspicion that: (1) criminal activity may be afoot and (2) the person you are about to detain is connected with that possible criminal activity. (Wardlow (2000) 528 U.S. 119; Ornelas (1996) 517 U.S. 690, 695-696; Sokolow (1989) 490 U.S. 1, 7-8; Bennett (1998) 17 Cal.4th 373, 386.) A detention can never be based solely on a hunch, rumor, intuition, instinct or curiosity. (Wardlow (2000) 528 U.S. 119, 123-124; Tony C. (1978) 21 Cal.3d 888; Raybourn (1990) 218 Cal.App.3d 308.) You must have specific facts justifying your suspicion and you must be able to articulate those facts.

A suspect has no right to resist a lawful detention. (Lloyd (1989) 216 Cal.App.3d 1425, 1429.) You may use whatever physical force necessary to make him/her stop. (Johnson (1991) 231 Cal.App.3d 1, 12-13; Gregory S. (1980) 112 Cal.App.3d 764, 778.)

Generally speaking, you should avoid using force and/or physical restraints, such as handcuffs or guns, during a detention. These indications of custody may cause a court to view the detention as an arrest. The use of force, handcuffs, etc., does not necessarily turn a detention into an arrest. The courts will look at the totality of the circumstances and evaluate the intrusiveness of the detention.

Be extremely careful in moving a subject during a detention. Moving a subject may turn a detention into an unlawful arrest. You may move a detainee a short distance for your protection (Courtney (1970) 11 Cal.App.3d 1185--crowd gathering), or to avoid embarrassment to the suspect (Rosenberg (5th Cir. 1972) 458 F.2d 1183--public place), but requiring the subject to accompany you to another location is only permitted under certain circumstances. These exceptions include: when there is probable cause to arrest, when the subject consents, when the victim cannot be moved, or if moving the subject is the best or only practical alternative (e.g., no other officers available). (Harris (1975) 15 Cal.3d 384; Rafael (1982) 132 Cal.App.3d 977; Gatch (1976) 56 Cal.App.3d 505.)

The time or the duration of a detention also needs to be considered. A detention is temporary and may last no longer than is necessary to resolve the circumstances that justified its initiation. There is no set time limit for a detention, the key is whether you took reasonable steps to confirm or deny your suspicions. (Sharpe (1985) 470 U.S. 675, 686-688.)

You are permitted to conduct a limited search of a detainee's outer clothing for weapons or objects that could be used as a weapon, only if you have specific facts indicating that the individual may pose a danger to you. (Terry (1968) 392 U.S. 1; Flippen (9th Cir. 1991) 924 F.2d 163, 166; Hill (1974) 12 Cal.3d 731.) "Standard procedure" isn't good enough. (Santos (1984) 154 Cal.App.3d 1178.) You must reasonably suspect that the person is armed or may be armed (Dickerson (1993)

Bay Area Rapid Transit Police Department

Search and Seizure

508 U.S. 366, 373; Limon (1993) 17 Cal.App.4th 524, 532), although you do not need to be positive (\$109,179 (9th Cir. 2000) 228 F.3d 1080, 1086; Frank V. (1991) 233 Cal.App.3d 1232, 1240; Wright (1988) 206 Cal.App.3d 1107; Stephen L. (1984) 162 Cal.App.3d 257). Dealing with a suspected dangerous felon is by definition enough cause. Similarly, if you come across a container on the person being detained, you are entitled to seize and open it, as long as it is reasonable to believe that it is a weapon or contains a weapon. (Flippin (9th Cir. 1991) 924 F.2d 163, 166; Limon (1993) 17 Cal.App.4th 524, 535-536.)

If during a search for weapons, you discover an item of contraband which becomes immediately apparent to you, you may seize the item. You cannot conduct any additional feeling, grabbing or manipulating of the object in order to determine what it is. (Dickerson (1993) 508 U.S. 366.) This would be considered an illegal search.

322.3.2 ARRESTS

An arrest occurs when you take a person into custody. This requires either (1) that you physically restrain or at least touch the person, or (2) that he/she submits to your authority. (Pen. Code, § 835; Hodari D. (1991) 499 U.S. 621, 626; Turner (1994) 8 Cal.4th 137, 180.) Incident to a lawful, custodial arrest you are entitled to search the person you arrested incident to arrest. (Robinson (1973) 414 U.S. 218, 235.) Cite and release offenses are not included here because a cite and release offense does not qualify as a custodial arrest, even where you have the power to make such arrest. (Knowles (1998) 525 U.S. 113, 114-115; Arturo D. (2002) 27 Cal.4th 60, 75, fn. 15.)

A lawful, custodial arrest allows a full body search of the suspect, including any open or closed containers, involving any offenses from murder to outstanding traffic warrants. A search will be valid as incident to arrest only if the search was and arrest were carried out contemporaneously (i.e., same location at approximately the same time). (Rawlings (1980) 448 U.S. 98; Lennies H. (2005) 126 Cal.App.4th 1232; Gonzales (1989) 216 Cal.App.3d 1185; Fay (1986) 184 Cal.App.3d 882.)

You are also able to search, incident to arrest, the area within the immediate control of the suspect. (Robinson (1973) 414 U.S. 218, 235.) This generally means within arm's reach of the arrestee. (Chimel (1969) 395 U.S. 752.) You may also search any containers that are on his/her person or under his/her immediate control, such as a purse, fanny pack, or backpack. (Belton (1981) 453 U.S. 454; Dennis (1985) 172 Cal.App.3d 287; Rodriguez (9th Cir. 1989) 869 F.2d 479.)

For a felony, you may make an arrest--with or without a warrant--at any time of the day or night. (Pen. Code, § 840.)

However, for a misdemeanor or infraction, there is a time limitation. You must make the arrest--with or without a warrant--between 6:00 a.m. and 10:00 p.m. unless:

1. the misdemeanor or infraction occurred in your presence (see Welsch (1984) 151 Cal.App.3d 1038 for discussion of "presence"); or
2. the arrest is made in a public place; or
3. you have a warrant endorsed for nighttime service; or

Bay Area Rapid Transit Police Department

Search and Seizure

4. the arrestee is already in custody on another charge or is taken into custody on a citizen's arrest; or
5. you make the arrest for violation of a domestic violence protective order, even though the violation did not occur in your presence.(Pen. Code, §§ 836, 840.)

322.3.3 SEARCHING FOR IDENTIFICATION

Normally, a search of a person being detained for identification is not permitted unless you have consent, probable cause to arrest, or other factors are present. For example, if a detainee admits to having identification on him/her but refuses to produce it, you may conduct a limited search for it (Calif. Peace Officers Legal Sourcebook, Search and Seizure-Persons, 2.14). Also, if a detainee verbally provided his/her name and states he/she has no identification, but you see what appears to be a wallet in a pocket, you may ask him/her to take it out and look through it while you observe. (Long (1987) 189 Cal.App.3d 77.) Additionally, if during a proper and legal search for weapons, you feel what appears to be a wallet, it would be proper to remove the wallet and look through it. (Loudermilk (1987) 195 Cal.App.3d 996.)

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, an officer of the like sex should be summoned to the scene to conduct the search if the requested officer is within a reasonable distance/response time (i.e. adjacent beat).
- (f) However, a search may be undertaken by a member of the opposite sex when it is not practical to summon an officer of the like sex, if exigent/officer safety circumstances exists, or with supervisory approval. In these instances, the officers will adhere to the following guidelines:
 1. Another officer or a supervisor should witness the search, if practical.
 2. The search shall be filmed using the officer's body worn camera in accordance with Policy 451 (Body Worn Camera). Officers and/or supervisors assisting as cover officers or witnesses during the search shall also activate their body worn cameras, if practicable.
 3. Officers will use techniques for person searches taught in Departmental and Academy approved training.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Search and Seizure

4. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

322.6 VEHICLES

322.6.1 DETENTIONS

During a traffic stop or investigative vehicle detention, generally you may not conduct a full search either of the vehicle or its occupants. This is because the detention is based on reasonable suspicion and not probable cause to arrest or search. (Terry (1968) 392 U.S. 1; Orozco (1981) 114 Cal.App.3d 435.) There are two exceptions as follows:

- (a) Limited search of the occupant(s) for weapons: You are permitted to conduct a limited search of any occupant for weapons or objects that could be used as a weapon, only if you have specific facts indicating that the individual may pose a danger to you (the rule for searching a driver or occupants does not change because the person(s) is in a vehicle - Calif. Peace Officer's Legal Sourcebook, 4.4a).
- (b) Limited search of the vehicle for license and registration: During any vehicle stop, you are entitled to see and examine the driver's license and the vehicle's registration. (Arturo D. (2002) 27 Cal.4th 60; Webster (1991) 54 Cal.3d 411, 430; Hart (1999) 73 Cal.App.4th 852, 860.) If the driver, upon your request, fails to produce the necessary documentation, you have the right to conduct a limited search for the driver's license or identification and/or the vehicle registration. This search may include any area within the vehicle where such documentation reasonably may be expected to be found. (Arturo D. (2002) 27 Cal.4th 60.) This area would normally not include the trunk.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Search and Seizure

- (c) Limited search of the vehicle for weapons: It is proper for you to enter a vehicle during a detention to conduct a limited, protective search for weapons in situations where the circumstances justify it. For example, a limited, protective search of the passenger compartment may be conducted in areas where a weapon could be placed or hidden if you believe, based on specific facts, that the suspect is dangerous and may gain immediate access to a weapon. (Long (1983) 463 U.S.1032; Lafitte (1989) 211 Cal.App.3d 1429; see also Molina (1994) 25 Cal.App.4th 1038, 1042.)

322.6.2 ARRESTS

When you make a lawful arrest of the driver or any occupant of a vehicle, you are entitled to search both the person you arrested and the passenger compartment of the vehicle incident to arrest. (Belton (1981) 453 U.S. 454; Stoffle (1991) 1 Cal.App.4th 1671.) Cite and release traffic offenses are not included here because a cite and release offense does not qualify as a custodial arrest, even where you have the power to make such arrest. (Knowles (1998) 525 U.S. 113, 114-115; Arturo D. (2002) 27 Cal.4th 60, 75, fn. 15.) A lawful custodial arrest allows a full body search of the driver, any occupant, or any recent occupant, including any containers. (Robinson (1973) 414 U.S. 218; Gustafson (1973) 414 U.S. 260.) If the arrest is of an occupant of a vehicle, you may search the passenger compartment, including the glove compartment, and any containers (Belton (1981) 453 U.S. 454; Banks (1990) 217 Cal.App.3d 1358, 1364), including those possessed by non-arrested occupants. (Mitchell (1995) 36 Cal.App.4th 672, 677; accord Prance (1991) 226 Cal.App.3d 1525.) A search will be valid as incident to arrest only if the search was and arrest were carried out contemporaneously (i.e., same location at approximately the same time).

322.6.3 SEARCHES BASED ON PROBABLE CAUSE

You may conduct a warrantless search of any part of a vehicle that is being used on a public thoroughfare or which is reasonably capable of such use as long as you have probable cause to believe the object you are looking for may be located in that portion of the vehicle. This would include the glove compartment, under the hood, the locked trunk, or in any of the vehicle's contents, as long as what you are looking for might reasonably be located there. (Houghton (1999) 526 U.S. 295; Ross (1982) 456 U.S.798, 820-821; Acevedo (1991) 500 U.S. 565, 569-570, 580; Panah (2005) 35 Cal.4th 395, 469; Superior Court (Nasmeh) (2007) 151 Cal.App.4th 85, 100-101; Carpenter (1997) 15 Cal.4th 312, 365.) Additionally, any containers located in these areas may also be searched which may reasonably contain the object you are looking for. This automobile exception also applies to other vehicles, including motor homes, vans, bicycles, motorcycles, and houseboats.

322.6.4 PLAIN VIEW

Because an individual does not have an expectation of privacy as to items that are in plain view, no "search" has taken place in a constitutional sense when an object is viewed from a location where the officer has a right to be. An item in plain view may generally be seized when all of the following conditions exist: it was viewed from a lawful location; there is probable cause to believe that the item is linked to criminal activity; and, the location of the item can be legally accessed. It

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Search and Seizure

is important to note that the so-called "Nexus Rule" requires that even items in plain view must not be seized unless there is probable cause to believe that the item will aid in an investigation. Such a nexus should be included in any related reports.

322.6.5 EXIGENT CIRCUMSTANCES

Exigent circumstances permitting entry into premises without a warrant or valid consent generally include any of the following: imminent danger of injury or death, serious damage to property, imminent escape of a suspect, or, the destruction of evidence. An exigency created by the officer's own conduct as an excuse for a warrantless entry is not generally permitted.

322.7 CONSENT

Entry into a location for the purpose of conducting a search for any item reasonably believed relevant to any investigation is permitted once valid consent has been obtained. A search by consent is only valid if the following criteria are met:

- Voluntary (i.e., clear, specific, and unequivocal)
- Obtained from a person with authority to give the consent
- Does not exceed the scope of the consent given

Unless unusual circumstances would not otherwise prevent the use of the Department's Consent to Search form, officers should have the subject read the form, ensure he/she understands it, have the subject sign the form, and then provide him/her with a copy. If unusual circumstances prevent the use of the Consent to Search form, officers should describe such circumstances in related report(s). While there is no requirement that an individual be told of their right to refuse consent, such a warning and the use of the Consent to Search form provide strong support for the validity of any consent. Consent must be obtained as the product of a free will. It cannot be obtained through submission to authority, expressed or implied. A person with authority to consent to search should be present or otherwise in a position to communicate a withdrawal of consent should they so desire. Absent other legal justification, any related search should be discontinued at any point that consent is withdrawn.

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Bay Area Rapid Transit Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

Temporary Custody of Juveniles

- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.2 POLICY

The Bay Area Rapid Transit Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Bay Area Rapid Transit Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Bay Area Rapid Transit Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Bay Area Rapid Transit Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

BART PD Policy Manual

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Bay Area Rapid Transit Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Bay Area Rapid Transit Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Bay Area Rapid Transit Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Bay Area Rapid Transit Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Bay Area Rapid Transit Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Bay Area Rapid Transit Police Department

Temporary Custody of Juveniles

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

324.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (b) Date and time of arrival and release from the Bay Area Rapid Transit Police Department (15 CCR 1150).
- (c) Supervisor notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.

- (f) Time of all safety checks.
- (g) Any medical and other screening requested and completed (15 CCR 1142).
- (h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The zone sergeant shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Bay Area Rapid Transit Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

Members and supervisors assigned to monitor or process any juvenile at the Bay Area Rapid Transit Police Department shall ensure the following:

This will enable the Watch Commander to ensure no juvenile is held at the Bay Area Rapid Transit Police Department more than six hours.

324.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Bay Area Rapid Transit Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

324.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Bay Area Rapid Transit Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Bay Area Rapid Transit Police Department.

324.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Temporary Custody of Juveniles

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

324.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).
- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

324.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Temporary Custody of Juveniles

- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Criminal Investigations Division supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Bay Area

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Temporary Custody of Juveniles

Rapid Transit Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Criminal Investigations Division supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Support Services Bureau Deputy Chief shall coordinate the procedures related to the custody of juveniles held at the Bay Area Rapid Transit Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

Juvenile Operations

325.1 PURPOSE AND SCOPE

This Policy is to establish guidelines and operational procedures for the department regarding aspects of preventing and combating juvenile delinquency.

325.2 RESPONSIBILITY OF DEPARTMENT MEMBERS

The BART Police Department recognizes the importance of preventing and combating juvenile delinquency. The department also further recognizes that traditional methods for dealing with juvenile offenders may not be sufficient. To meet its commitment to provide exceptional services to the community, the department participates in preventive programs and actions designed to assist in preventing young people from engaging in criminal behavior. In addition, department members are encouraged to participate in community and school programs or events which foster positive relationships and communication with juveniles.

All employees share in the responsibility for participating in and supporting the juvenile operations function to ensure that the appropriate action is taken in all cases where juveniles come to the attention of the department. All sworn personnel will maintain a working knowledge of the California Welfare and Institutions Code concerning the handling of juveniles and familiarize themselves with the various support programs Juvenile Courts use. Each officer assists, as applicable, in the design and implementation of programs intended to prevent and control delinquent and criminal behavior by juveniles.

325.2.1 DISPOSITIONS

Officers have a wide range of alternatives they may employ when dealing with juvenile offenders, from warnings to intake. Officers should use the least coercive alternative that is appropriate when deciding what action to take with juvenile offenders, including juvenile diversion programs, if available. Furthermore, it is the policy of the BART Police Department to implement problem-solving strategies through positive programs that deal with delinquency and youth crime.

The following should be considered when making diversion decisions:

- (a) The nature of the offense
- (b) The age and circumstances of the offender
- (c) The offender's record
- (d) The availability of community-based rehabilitation programs
- (e) Recommendations for diversion from complainants or victims

Agency referral of alleged juvenile offenders for formal legal proceeding should be restricted to those cases involving serious criminal conduct or repeated criminal violations. These cases may include the following delinquent acts:

- (a) that if committed by an adult would constitute a felony
- (b) involving weapons

Juvenile Operations

- (c) involving gang-related activity
- (d) involving aggravated assault, battery, or threats of violence
- (e) committed by a juvenile on probation or parole
- (f) committed by a juvenile with a case pending
- (g) committed by a juvenile with repeated delinquent acts within the preceding 12 months

325.3 JUVENILE SPECIALIST

The BART Police Department recognizes the importance of having employees who are specially trained regarding the Juvenile Justice System. The Investigations Unit Sergeant serves as the department's juvenile specialist and is assigned to the Support Services Bureau.

325.4 JUVENILE PROGRAM AND POLICY DEVELOPMENT AND REVIEW

As the Juvenile Specialist, the Investigations Unit Sergeant, or his/her designee, assists in the development and implementation of delinquency prevention programs and acts as the liaison between the department and other components of the Juvenile Justice System. This relationship ensures the department's juvenile policies and procedures are consistent with other agencies within the counties served by the BART.

The Investigations Unit Sergeant, or his/her designee, will meet with County probation departments and resource agencies to review and obtain information on relevant juvenile and related resources and programs. During meetings with the probation departments and resource agencies, the Investigations Unit Sergeant should encourage and solicit review and comment of our policies and procedures as they relate to juveniles.

An annual review and evaluation of all enforcement and prevention programs relating to juveniles shall be prepared by the Investigations Unit Sergeant.

Adult Abuse

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Bay Area Rapid Transit Police Department members as required by law.

326.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

326.2 POLICY

The Bay Area Rapid Transit Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

- (k) Whether a death involved the End of Life Option Act:
 - 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
 - 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)
 - 3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)
 - 4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.4 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

326.5 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.

326.6 MANDATORY NOTIFICATION

Members of the Bay Area Rapid Transit Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

For purposes of notification, abuse is physical abuse, abandonment, abduction, isolation, financial abuse, or neglect. Physical abuse includes any assault or sex crime (Welfare and Institutions Code § 15610.63). Financial abuse includes taking personal or real property by undue influence or intent to defraud (Welfare and Institutions Code § 15610.30).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- (a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
 - 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 - 2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 - 3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
 - 4. When a report of abuse is received by the Department, local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

- (c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.
- (d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.
- (e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

- (g) The District Attorney's office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.
- (h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).
 - 1. When a report of abuse is received by the Department, Investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).
- (i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).
- (j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Criminal Investigations Division supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Adult Abuse

326.6.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

- (a) The name of the person making the report.
- (b) The name and age of the elder or dependent adult.
- (c) The present location of the elder or dependent adult.
- (d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
- (e) The nature and extent of the condition of the elder or dependent adult.
- (f) The date of incident.
- (g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

326.7 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.7.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective

order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

326.8 INTERVIEWS

326.8.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.8.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

326.9 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.10 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Adult Abuse

326.10.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Division supervisor should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigations Division supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.10.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Criminal Investigations Division supervisor so an interagency response can begin.

326.11 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

326.11.1 RECORDS DIVISION RESPONSIBILITIES

The Records Division is responsible for:

- (a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).
- (b) Retaining the original adult abuse report with the initial case file.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY

The Bay Area Rapid Transit Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS

Definitions related to this policy include:

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

BART PD Policy Manual

Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with District or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Office of Civil Rights, Human Resources or the General Manager.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include, but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensuring that his/her subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notify the Chief of Police or Department Manager or Office of Civil Rights in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Assistant General Manager, Human Resources, the General Manager or the California Department of Fair Employment and Housing for further information, direction or clarification.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

328.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The employee assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Office of Civil Rights, Human Resources or the General Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

Bay Area Rapid Transit Police Department

328.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

328.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

328.7.1 SUPERVISOR TRAINING

All supervisors shall receive specific training and education regarding sexual harassment, prevention of abusive conduct and harassment based on gender identity, gender expression and sexual orientation within six months of assuming a supervisory position. Refresher training shall be provided every two years thereafter (Government Code § 12950.1; 2 CCR 11024).

328.9 REQUIRED POSTERS

The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

330.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. Child Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
 1. The child has an immediate need for medical care.
 2. The child is in immediate danger of physical or sexual abuse.
 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

330.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

The law requires the surrender site to notify CPS.

Child Abuse

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

330.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Division supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigations Division supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

330.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

330.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal

Bay Area Rapid Transit Police Department

Child Abuse

Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

330.10.3 CACI HEARING OFFICER

The Criminal Investigations Division supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

330.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

330.10.5 CHILD DEATH REVIEW TEAM

This department should cooperate with any interagency child death review team investigation. Conduct

340.1 PURPOSE AND SCOPE

To provide employees of this department with guidelines for their conduct in order that they may participate in meeting the goals of this department in serving the community. This policy shall apply to all sworn and civilian members of this department. This policy is intended for internal use only and shall not be construed to increase or establish an employee's civil or criminal liability. Nor shall it be construed to create or establish a higher standard of safety or care. A violation of any portion of this policy may only serve as the basis for internal disciplinary and/or administrative action.

340.2 DISCIPLINE POLICY

It shall be the policy of the department to adhere to the guidelines of the District's Progressive Discipline Model.

The intent of progressive discipline system is to hold employees accountable, and to correct and emphasize employees' responsibility for their behavior.

The continued employment of every employee of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure of any employee to meet the guidelines set forth in this policy, whether on-duty or off-duty, may be cause for disciplinary action.

An employee's off-duty conduct shall be governed by this policy to the extent that it is related to act(s) that may materially affect or arise from the employee's ability to perform official duties or to the extent that it may be indicative of unfitness for his/her position.

Any disciplinary action initiated by the department will comply with the district's progressive discipline model and any labor agreements then in effect. The level of disciplinary action taken will be determined by the seriousness of the employee conduct and previous performance by that employee. Before the issuance of formal discipline, members of the department's command staff may meet to discuss the matter and make a recommendation to the affected Bureau Deputy Chief or Chief of Police. The final determination will be made by the Chief of Police.

Supervisors are also expected to recognize and document the good performance of their employees. This may be done informally in a conversation with the employee, or more formally with written documentation, such as a written memorandum to the employee, which will be placed in the employee's personnel file. Other forms of positive recognition may include certificates of commendation and other awards.

340.3 INVESTIGATION OF DISCIPLINARY ALLEGATIONS

Regardless of the source of an allegation of misconduct, all such matters will be investigated in accordance with Personnel Complaint Procedure Policy Manual § 1020. Pursuant to Government Code §§ 3304(d) and 3508.1, the investigation should be completed within one year of the discovery of the allegation unless such investigation falls within one of the exceptions delineated within those provisions.

Conduct

340.3.1 INFORMAL PRE-DISCIPLINE

The informal steps of the progressive discipline system are as follows:

- (a) **Informal Counseling (first level of pre-discipline):** When warranted, an informal counseling may be the first step of the process. It is an informal discussion between a supervisor and an employee about conduct, attendance or work performance. It is not documented and is pre-disciplinary.
- (b) **Letter of Discussion (second level of pre-discipline):** A letter of discussion may be the next step of the process of the informal process. It is a written memorandum to the employee making the employee aware of the unacceptable behavior. A letter of discussion is pre-disciplinary, however, if the employee fails to correct the behavior, there will be cause to move to the next level of the process or to move to formal progressive discipline. An employee who may be issued a letter of discussion is entitled to appropriate representation.
 - 1. After the supervisor has discussed the performance or infraction with the employee, the Letter of Discussion memorandum should be presented to the employee for his or her signature. The supervisor shall give a copy of the Letter of Discussion to the employee, and the supervisor then forwards a copy to the Support Services Deputy Chief for placement into the employee's personnel file. The Letter of Discussion will remain in the employee's personnel file for a period of up to six (6) months from the date of issuance, at which time the Letter of Discussion will be purged from the employee's personnel file.
- (c) **Oral Counseling (third level of pre-discipline):** An oral counseling may be the next step of the informal process. It is documented in a memorandum to the employee entitled "Oral Counseling." Prior to issuance, the supervisor should discuss the performance or infraction in detail with the employee. The purpose of the discussion is for the employee to be made aware of the unacceptable behavior. An employee who is covered by a collective bargaining agreement and who may be issued an Oral Counseling is entitled to appropriate association representation. An Oral Counseling is pre-disciplinary, however, if the employee fails to correct the behavior, there will be cause to move to progressive discipline. After the supervisor has discussed the performance or infraction with the employee, the Oral Counseling memorandum should be presented to the employee for his or her initials. The supervisor shall give a copy of the Oral Counseling to the employee, while the supervisor then forwards a copy to the Support Services Deputy Chief for placement into the employee's personnel file. The Oral Counseling will remain in the employee's personnel file for a period of up to one (1) year from the date of issuance, at which time the Oral Counseling will be purged from the employee's personnel file.

References to Letter (s) of Discussion/Oral Counseling (s) may be included in an employee's semi-annual performance evaluation if the informal pre-discipline was issued during the evaluation

period. Later annual performance evaluations received by the employee shall not reference the letter of discussion or the oral counseling.

340.3.2 FORMAL DISCIPLINE

If informal pre-discipline does not correct the conduct, attendance, work performance or the violation is of such a nature to warrant formal discipline, formal discipline may be warranted.

(a) The steps of formal discipline are:

1. First level: Written Reprimand- This step is kept in the employee's personnel file for up to three (2) years from date of issuance
2. Second level: Pay Step Reduction (up to six months)-This step is kept in the employee's personnel file for up to three (2) years from date of issuance
3. Third level: Suspension without pay (thirty (30) day maximum-This step is kept in the employee's personnel file for up to three (2) years
4. Fourth level: Demotion-kept in the employee's file for up to five (5) years

(b) Application:

1. A single occurrence may be serious enough to warrant formal disciplinary action.

(c) Removal of Discipline:

1. If there have been no re-occurrences at the end of the time frames listed above, the immediate supervisor shall meet with the employee and advise him/her that the progressive discipline has become inactive and has been removed from the employee's personnel files.
2. If an employee is unable to perform his/her assigned duties due to a non-industrial injury, leave of absence, or military leave occurring during the active period of the discipline, the deactivation date shall be extended for the total number of days the employee was unable to perform his/her assigned duties.
3. The Support Services Bureau removes the progressive discipline from the employee's departmental personnel file and also sends a memorandum to Human Resources instructing them to remove the discipline from the employee's District personnel file. A copy of this memorandum will also be sent directly to the employee.
4. References to formal discipline should be made in the employee's semi-annual performance evaluation, if the discipline was issued during the evaluation period. Material in the personnel file not more than twenty-four (24) months old may be utilized in progressive discipline and/or grievance proceedings.

340.3.3 TERMINATION

Termination is the final level of Progressive Discipline.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Conduct

340.3.4 CRISIS SUSPENSION

The employee may be placed on administrative leave, with pay, pending further investigation by supervisory personnel. The preliminary investigation should normally be conducted within twenty-four (24) hours of the incident. The employee will be informed by his/her immediate supervisor to report to the Support Services Deputy Chief at 10:00 hours on the next business day. The Chief of Police and the employee's zone Lieutenant or Bureau Deputy Chief must be notified as soon as appropriate on all crisis suspensions.

(a) Cause for Crisis Suspensions

1. Allegations or infractions serious enough to result in termination may result in a crisis suspension.

340.4 POST INVESTIGATION PROCEDURES

340.4.1 BUREAU COMMANDER RESPONSIBILITIES

The Chief of Police may modify any recommendation and/or may return the file to the Bureau Deputy Chief for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, to be imposed.

- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the Skelly response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results of such subsequent investigation prior to the imposition of any discipline.

Conduct

- (g) Once the Chief of Police has issued a written decision, the discipline shall become effective

340.6 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file.

The tender of a retirement or resignation by itself shall not serve as grounds for the termination of pending discipline.

340.7 POST SKELLY PROCEDURE

In situations resulting in the imposition of a suspension, punitive transfer, demotion, termination of a non-probationary employee, the employee shall have the right to an evidentiary appeal of the Chief of Police's imposition of discipline pursuant to the operative Memorandum of Understanding (MOU) and personnel rules.

In the event that a probationary employee is terminated solely for unsatisfactory performance or the failure to meet department standards, the employee shall have no right to appeal and the following shall be considered:

- (a) Termination of a probationary employee for such failure to pass probation shall be so reflected in the employee's personnel file
- (b) In the event that a probationary employee is disciplined or terminated for misconduct, the employee shall only be entitled to appeal the decision in the same manner as set forth in the *Skelly* procedure as set forth above. This appeal process may be held prior to or within a reasonable time after the imposition of discipline
- (c) At all times during any investigation of allegations of misconduct involving a probationary officer, such officer shall be afforded all procedural rights set forth in Government Code § 3303 and applicable Department policies
- (d) A probationary employee's appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee's continuation of employment
- (e) The burden of proof for any probationary employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence

Bay Area Rapid Transit Police Department

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

344.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

344.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution. Activity to be documented in a written report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-Felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:
 1. Use of Force Policy

The on-call detective will be notified in all unattended death cases. Detectives may respond to the scene to assist the reporting officer with the investigation.

344.2.4 INJURY OR DAMAGE BY DISTRICT PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a District employee. Additionally, reports shall be taken involving significant damage to District property or District equipment.

Illnesses not attributed to the District and/or injuries not occurring on District property may be documented in the Call for Service on the TriTech CAD/Mobile software. When documenting in the Call for Service, employees will ensure the name of the individual has been added to the supplemental information and the location the injured or sick person was transported to is entered into the call notes.

344.2.6 MANDATORY REPORTING OF JUVENILE GUNSHOT INJURIES

A report shall be taken when any incident in which a child 18 years or younger suffered an unintentional or self-inflicted gunshot wound. Forms may be obtained from the CDPH website (Penal Code § 23685).

344.2.7 MANDATORY REPORTING OF JUVENILE DETENTIONS

Welfare and Institutions Code section 210.2(b) requires the tracking of all juvenile detentions which occur in any police facilities that contain any secure or non-secure detention rooms. Officers will document juvenile detention information on the BART Police Juvenile Detention log. This information will then be compiled by the Records Section and forwarded to the Board of Corrections.

344.2.8 EVENTS WHICH DO NOT REQUIRE A WRITTEN REPORT

The following events may be cleared by a dispatch CADS entry without a written report:

- (a) Infraction citation of an adult
- (b) Traffic infraction citation where the violation occurred on or off BART property

- (k) Monthly emergency exit checks
- (l) Miscellaneous service calls of a non-criminal nature that do not require follow-up, such as motorist/citizen assists and patron/fare disputes that do not result in the detention or identification of anyone by officers.

In order to document detentions of adults for infraction violations or on-property traffic stops where the suspect received a verbal warning, the officer shall complete a Field Interview Card. The information from the card will be entered into a Field Interview Report in the TriTech system by the reporting officer.

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

344.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should promptly return the report to the author for correction, stating the reasons for rejection. The report should be resubmitted for approval as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Division for filing and distribution shall not be modified or altered except by way of a supplemental report. 344.7 COMPUTERIZED REPORT USAGE AND COMPLETION GUIDELINES

344.7.1 COMPUTERIZED REPORT TYPES

The TriTech system provides the following types of reports separated by county jurisdiction:

Incident Report - This is the standard format for criminal and non-criminal reports. The Incident Report should include the suspects/victims, associated vehicles involved in the incident and any guns, drugs, property or evidence seized by the primary reporting officer.

Supplemental - This report is used to document actions by assisting officers who were not assigned the primary role in an incident. It should also be used to record the results of follow-up investigation and to document facts discovered after the primary report has been submitted. Supplemental reports should not include offenses, suspects, victims, persons, vehicles, property, guns or drugs documented in the initial Incident Report unless the supplemental is providing updated information for those entries. Supplemental reports should include any property/evidence seized by the assisting officer.

Arrest Report - This report is a supplemental report to an Incident Report when the suspect is arrested, issued a misdemeanor citation or a notice to appear citation for an outstanding warrant.

Field Interview Report - This report is used to document detentions of adults for infraction violations or on-property traffic stops where the suspect received a verbal warning or was contacted for suspicious activity. Officers should attempt to fully identify the suspect, the violation and any identifiers such as scars, marks, tattoos, piercings, clothing, and license plate(s) etc... Entering this information in the Field Interview Report allows the suspect and vehicle to be searched for prior contacts.

Police Report Dispositions - In order to maintain accurate records of final dispositions of events and cases, it is imperative that the correct disposition is communicated between officers and dispatchers. When communicating via police radio, mobile data computer (MDC) or telephone with police dispatch, all police personnel will give the final disposition of their events and cases for data input. The final dispositions are:

Bay Area Rapid Transit Police Department

Report Preparation

- Arrest
- Able to care
- Assistance to citizen (non-criminal contacts)
- Citation
- Field interview
- Information
- No merit

- Reassign
- Report (any written case report, excluding an arrest)
- Secure (emergency exit checks)
- Transport
- UTL/GOA (Unable to locate/Gone on arrival)
- Cancel (used by Dispatch when appropriate)

344.7.2 COMPLETING NARRATIVES IN TRITECH WEB RMS

Before beginning the narrative portion of the report, the following information should be listed if applicable:

- Video Request
- Any cross-referenced cases
- Description of injuries
- Outside agency case number (San Francisco)
- Laboratory number (San Francisco)
- List of on-scene personnel
- Mobile video recorder activation information

The narrative should provide a chronological account of what transpired during the incident, in as much detail as possible. The following items must be addressed in the narrative, if applicable:

- Use of force
- Application of handcuffs and leg restraints (officers should note that the restraints were checked for proper fit and double locked)
- Drawing of firearm (when firearm is drawn in the presence of the public and/ or is used to accomplish a detention or take a suspect into custody) or other weapon. This includes pistol, shotgun, patrol rifle and LLIMS launcher, as well as the TASER.

344.8 HAND-WRITTEN REPORTS

This department uses a number of hand-written forms to document officers' activities. These documents should be completed and listed in the "Related Documents" field of the Management page, where appropriate. The forms should be turned into the Records section after being approved by a supervisor, where needed.

344.8.1 DOMESTIC VIOLENCE REPORT/SUPPLEMENTAL

This form is used to document pertinent details of domestic violence incidents. This includes details of the relationships between the suspect and victim, prior domestic violence history, restraining order status, suspect and victim demeanor, medical treatment received, victim assistance provided and diagrams of injuries. This form should be attached as a related document in domestic violence cases.

344.8.2 REPORT OF NON-RELEASE MISDEMEANOR ARREST

This form may be completed in order to document the circumstances whereby a suspect arrested for a misdemeanor violation was not cited and released. This form is only required if the receiving jail facility requests it be completed. Most facilities incorporate this non-release information on their unique booking forms, or have their own non-release forms that must be completed at the time of booking. If completed, this form should be attached as a related document. In any event, the circumstances surrounding the non-release should be explained in the report narrative by the arresting officer.

344.8.3 SUSPECT STATEMENT

This form is used to document suspect statements. All boxes at the top of the form should be completed. The statement form includes the Miranda Admonition and Waiver. The Miranda rights should be read to the suspect prior to beginning any questioning, and the suspect's responses (yes/no) should be circled. When completing the waiver portion, the suspect's verbatim responses should be included on the lines following each waiver question, and the suspect should sign the form and note the date and time. If the suspect invokes his rights to counsel or to remain silent, this should be indicated on the form, which should be booked into evidence.

Generally speaking, the officer taking the statement should interview the suspect in order to obtain sufficient details regarding the incident to write the suspect's version of events on the statement form, using the first-person from the suspect's point of view. The statement should use the suspect's words and phraseology as much as possible. The completed statement should be shown and read to the suspect for any corrections necessary. The suspect should then sign at the end of the statement, and initial next to any corrections. The BART Police Report page 2 form may be used as additional pages if the suspect statement will not fit on the Suspect Statement form. If the suspect refuses to sign the form after giving a statement, the officer should write "refused" where the signature would normally be and book the form into evidence.

When completed and signed, the reporting officer should photocopy the statement and attach the copy as a related document to the report. The original suspect statement should be placed into evidence.

All such releases should be approved by a supervisor. The pink copy of the certificate should be given to the person released. The white and yellow copies should be forwarded to Records and should be listed as a related document on the police report.

344.8.7 STATEMENT PURSUANT TO 821 & 822 PC

The DL-310 form should be listed as a related document in the police report.

344.8.11 NOTICE TO APPEAR

The notice to appear (citation) form is used to document an infraction or misdemeanor violation where the suspect is to appear in court to answer the charges. All pertinent boxes should be completed as accurately as possible. In the case of on-viewed infraction violations, the citation requires no accompanying police report. The citation stands alone and is forwarded to records. The citing officer should complete the reverse of the citation, making sufficient notes so that the incident can be recalled accurately in court at a later date.

In the case of private person (citizen's) arrests for infractions and misdemeanor violations, a police report is required in addition to the citation itself. Juveniles may be issued notices to appear for infraction violations only. A police report is required whenever a juvenile is issued a citation, or detained for a crime. The suspect should be given the yellow copy of the citation form. Citations should be listed as related documents when a police report is completed.

344.8.12 NOTICE TO APPEAR - CONTINUATION FORM

This form is used to document additional charges that will not fit in the violations box of the standard citation. More than one continuation form may be used if necessary. The suspect should be given the yellow copy of the citation form. Continuation forms should be listed as related documents when a police report is completed.

344.8.15 BOOKING SHEETS/CARDS

County booking sheets or cards and juvenile intake forms are used to document a suspect being booked into an adult or juvenile detention facility. Each county has unique requirements for their booking paperwork, and this department will abide by each county's policies regarding the completion of booking paperwork. A copy of the booking forms should be listed as a related document on the police report.

344.8.16 JUVENILE INTAKE FORMS

Each county has unique requirements for documenting juvenile arrests and contacts. This department will abide by each county's policies regarding the completion of booking/contact paperwork.

Alameda County requires that a Juvenile Intake Disposition Form be completed when booking a juvenile into Juvenile Hall. The completed form must be turned in to the facility, along with a copy of the completed police report, at the time the juvenile is booked into Juvenile Hall.

Contra Costa County requires the completion of their Juvenile Admission Form, if the officer is citing the juvenile for a misdemeanor or felony. If the juvenile is being booked into Juvenile Hall, a probable cause declaration must be completed in the ARIES system at time of booking. These forms are in addition to the reports normally completed by the officer. The forms provide information related specifically to juvenile offenders and provides space for a statement of probable cause. The department's probable cause declaration form should also be completed.

San Francisco County requires completion of an Admission Form, in addition to the reports normally completed by the officer. This form provides information related specifically to juvenile offenders booked into the Juvenile Justice Center. For juveniles dropped off at the CARC Center, a Juvenile Detention Disposition Report should be completed. The department's probable cause declaration should also be completed.

San Mateo County requires completion of a Juvenile Contact Report when booking a juvenile into Juvenile Hall. For juvenile offenders 14 years of age or older, who are taken into custody for a felony violation, the county requires completion of their special Promise to Appear (Form #JV-365), rather than the department's Uniform Juvenile Citation. The department's probable cause declaration should also be completed.

344.8.17 PROBABLE CAUSE DECLARATIONS

This form is used to establish probable cause for warrantless arrests. The form should be completed for all misdemeanor and felony arrests (with the exception of warrant only arrests). They should also be completed for any misdemeanor private person (citizen's) arrest citation case. Officers should use the computerized template when completing this form, but the form may be completed by hand if necessary. **Names of victims, witnesses and reporting parties should**

not be included in the Probable Cause Declaration. If necessary, refer to the person by role, rather than by name.

In Alameda County the Consolidated Records Information Management System (CRIMS) should be utilized to send an electronic PC Declaration. CRIMS can be found following the URL <https://crims.acgovapp/> or log into CRIMS through the BPD Links folder short cut. For CRIMS log in problems contact the CRIMS help desk anytime at (510)272-3744.

In Contra Costa County the Automated Regional Information Exchange System (ARIES) should be utilized to send an electronic PC Declaration for in-custody arrests. ARIES can be found following the URL <https://ariessystem.us/Main/Login.aspx> or log into ARIES through the BPD Links short cut folder. For ARIES log in problems contact the BART Police ARIES Administrator (currently the BART Police Crime Analyst).

In San Francisco and San Mateo Counties, as well as all out of custody cases in Contra Costa County, the BART Police Probable Cause Declaration form is to be used.

344.8.19 MISSING PERSON REPORTING FORM

This form is used to document reports of missing persons. This department is required by law to accept all reports of missing persons, regardless of the ultimate investigative jurisdiction of the case. All available information should be included on the form to document the report as accurately as possible. The communications center is required by law to enter the information into the MUPS system within 4 hours. This form should be listed as a related document on the report. The Department of Justice Missing Persons report form can be located in the G drive under the Police Forms folder.

344.8.20 DENTAL/SKELETAL X-RAY/PHOTOGRAPH RELEASE FORM

344.8.21 11550 H&S NARCOTICS INFLUENCE REPORT

This form is intended to accomplish multiple tasks related to vehicles and license plates. As a result, not all boxes will be applicable to each report. However, all boxes that apply to the incident in question should be completed by the reporting officer, using as much detail as possible. It is important to obtain signatures from garage principals, in the case of towed vehicles, and reporting parties, in the case of stolen/ embezzled vehicles and plates.

When towing a vehicle, it is important to document existing damage on the vehicle diagrams on the face of the form. Officers should shade any areas of existing damage, and describe significant damage in the remarks section at the bottom of the face page.

Stolen/Embezzled and Recovery narratives should be documented in a criminal or non-criminal Incident Report (as applicable) in the TriTech Field Based Report system. The narrative should include the SVS entry information, indicating the date and time of the entry and the badge number of the employee who made the entry.

Completed and approved Vehicle Report forms documenting a towed vehicle should be faxed to Administration, at extension 7089, prior to the end of the officer's shift. The form should be listed as a related document on the report.

344.8.23 APPLICATION FOR EMERGENCY PSYCHIATRIC DETENTION (5150 W&I)

All boxes should be completed with as much detail as possible. The reporting officer should document the detainment advisement required by 5157 W & I, which is printed on the form. If the advisement was not completed, a brief explanation must be included in the space provided.

All 5150 W & I reports which include a criminal hold, including all warrants, will be treated as an "in custody" and classified in the TriTech report writing system as an "arrest" in the Arrest report. The report, including all supplements, shall be written, submitted and approved by a supervisor prior to the reporting officer(s) going off duty. This shall also apply to arrestees who are transported for medical treatment prior to being booked into a jail facility. These reports cannot be approved by Field Training Officers and must be approved by a supervisor.

When an arrestee is transported from a medical or mental health facility and booked into a jail, the transporting officer shall complete a supplemental report and send an email to all Detectives and the Detective Sergeant advising them of the booking. The email should include the arrestee's name and case number and should be sent as soon as practicable after the transport has been completed.

Psychiatric self-committals will be treated as a sick person (not attributed to BART) and may be documented in the Call for Service on the TriTech CAD/Mobile software. When documenting

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Report Preparation

in the Call for Service, employees will ensure the name of the individual has been added to the supplemental information and the location the injured or sick person was transported to is entered into the call notes.

The narrative section should be completed in enough detail to document the subject's condition and actions, and explain why the reporting officer believed the subject was a danger to him/herself, a danger to others, or was gravely disabled due to a mental condition or inebriation.

In the event that criminal charges will be filed against the subject, the officer should complete the Certification of Criminal Charges portion of the form, indicating who should be notified prior to the subject being released from mental health custody. In this case, an incident report and arrest report must also be completed, in order to document the criminal offense.

Normally all of the green copies of the form should be given to the transporting ambulance and/or the mental health facility. If the transporting ambulance or admitting mental health facility requests the white copy instead, the reporting officer should ensure that the BART case number is legibly written on the remaining green copies for proper filing, as it will not be recorded from the face page. This form should be listed as a related document on the report.

344.8.24 PROPERTY DAMAGE ONLY REPORT (CHP 555-03)

The form should be completed using the standard format found in the CHP Collision Investigation Manual (CIM). All applicable boxes should be completed. The sketch should be done using standard figures as found in the CIM. The narrative should be completed in a non-criminal incident report using the format located in the CIM.

The original report should be forwarded to Records. The reporting officer may give each party to the collision a copy of the form. The manila evidence envelope is the standard container for booking collected evidence items. All portions of the envelope should be completed as appropriate. Officers should check the appropriate box to classify the item inside as either evidence, safekeeping or found property. Officers should also check the box indicating whether the item inside is narcotics, currency, fingerprints, or other. The reporting officer should then complete the boxes for Victim, Case Number, Suspect, Item Number, Location, and Offense. The item should be described as clearly as possible, along with the identity of the recovering officer and the date and time of recovery. This form should be listed as a related document on the report.

Failure of a mandated reporter to report abuse of a dependent adult/elder is a misdemeanor offense.

344.9 SPECIAL CIRCUMSTANCES AND APPLICATIONS

344.9.1 MULTIPLE INCIDENTS/MULTIPLE VICTIM REPORTS

A multiple incident/multiple victim event is one where a suspect commits separate acts against the person or property of others, resulting in multiple victims of the same/similar type of crime, for example, a suspect burglarizes several automobiles at the same station. In order to document this type of event, all involved victims, vehicles, property and evidence will be entered into one report. The narrative of this report will describe the entire investigation completed by the officer.

344.9.2 MULTIPLE VICTIM REPORTS

A multiple victim incident is caused by a suspect's singular act that results in injury or property loss to more than one person, such as a suspect committing an armed robbery of a group of people. Multiple victim reports should be documented in one case, listing all victims and involved parties in the same report.

344.9.3 HATE MOTIVATED CRIMES

Hate motivated crimes are any criminal act or attempt to cause physical injury, emotional suffering or property damage where there is reasonable cause to believe that the crime was motivated, in whole or in part, by the victim's actual or perceived race, ethnicity, religion, gender, sexual

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Report Preparation

orientation or physical or mental disability. (See Policy 338 for further details regarding Hate Crimes)

The reporting officer should notify a supervisor as soon as possible if he/she believes an incident is a hate crime. The supervisor will notify the on-duty watch commander. The watch commander will determine the need for additional notifications.

344.9.4 CONFIDENTIAL CASES

A Confidential Case is an investigation that may involve a BART employee, BART affiliated contractor or person otherwise associated with BART, where disclosure of the person's identity or affiliation, or other facts could compromise the investigation.

When police personnel receive information regarding employee criminal activity, the investigating officer should discreetly gather sufficient facts to make an oral report to a supervisor. The supervisor will determine the appropriate response. In-progress crimes should be handled by officers as they normally would, with an immediate police response to stabilize the situation and investigate the crime at hand. A supervisor will coordinate the response and preliminary investigation to maintain confidentiality, if at all possible. The supervisor may consider the use of a telephone report or a delayed response if the appearance of uniformed police personnel at the scene might be detrimental to the successful investigation of the crime.

If the initial investigation indicates a more thorough, confidential investigation is warranted, these circumstances should be documented as a Confidential Case and the following procedures should be followed:

- (a) The reporting officer should obtain a case number from the Communications Section and request that the case be classified as "Confidential-Criminal Investigations," or "Confidential-Internal Affairs." Confidential reports will be entered directly into the Inform Records Management System and contained in a confidential folder with access granted to only the investigator and/or investigating supervisor.
- (b) The supervisor should notify either the investigations lieutenant, zone lieutenant/watch commander, or Internal Affairs lieutenant, as applicable.
- (c) The supervisor should approve the completed police report, and assign primary responsibility, as appropriate. No copies of the report should be printed.

344.9.5 TELEPHONE REPORTS

Telephone reports may be taken in certain circumstances. Personal follow-ups on telephone reports should be conducted whenever the case appears to warrant it. Telephone reports may be taken in cases that meet any of the following criteria and they should be completed using the appropriate report form as outlined in this policy:

- The nearest officer is not available within a reasonable time.
- The reporting party/victim is unable or unwilling to wait or has already left the scene.
- The call does not require immediate police action.

Bay Area Rapid Transit Police Department

Report Preparation

344.9.6 REPORTS PREPARED BY COMMUNITY SERVICE OFFICERS

Community Service Officers (CSOs) are authorized to prepare police reports if the following criteria are met:

- The suspect has left the scene and cannot be located.
- There is no potential for immediate investigative follow-up which could lead to the identification and/or apprehension of the suspect.

The following are types of reports that may be completed by Community Service Officers:

- Petty Thefts
- Grand Thefts (except 487(c) PC)
- Burglaries
- Vehicle Thefts
- Vehicle Recoveries
- Vehicle Releases
- Vehicle Tows
- Vehicle Collisions (non-injury)
- Hit and Run Collisions (non-injury)
- Sick Persons/Employees (except where alcohol and/or drugs are a contributing factor)
- Injured Persons/Employees (except where alcohol and/or drugs are a contributing factor)
- Found Contraband (other than firearms)
- Vandalism
- Lost Property (when authorized by the Watch Commander)
- Other Reports as Determined by a Supervisor

344.9.7 REPORT REVIEWS

A Report Review form should be used when a police supervisor or manager believes that a documented assessment of a police report is appropriate. As supervisors are responsible for the daily review of police reports generated in their zones, this will normally occur when a police supervisor finds a report to be either exceptional, or deficient. However, any police supervisor or manager may generate a report review. A report review may be challenged through the chain of command. The final decision concerning challenged report reviews will be made by the report writer's Bureau Deputy Chief. The following procedures apply to the preparation and filing of report reviews:

(a) Preparation:

1. The supervisor/manager preparing the review should document the facts in the report that make it exceptional or deficient in as much detail as possible. If the

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Report Preparation

report is deficient, the deficiencies should be identified clearly, with required corrective action specifically listed. The review should be attached to a printed copy of the report so that the review comments can be matched to the written document.

2. Normally, reviews involving report deficiencies should have a due date assigned by the supervisor/manager who initiated the review. If the identified corrections must be made prior to the report being transmitted outside the department, the reviewing supervisor should mark the "immediate" box on the Report Review form. The reporting officer shall then be responsible for making the necessary corrections on his/her next work day. Other deficiencies may have longer due dates assigned by the reviewing supervisor/manager.

(b) Routing of Report Reviews:

1. When a review is generated, it is the responsibility of the supervisor/ manager preparing the review to route it to the reporting officer via the chain of command. If the reporting officer is assigned to the Field Training Officer program, the report review should be sent to the trainee via the field training chain of command. The supervisor of the reporting officer is responsible for making sure all necessary follow-up is completed and noted deficiencies are corrected.
2. The supervisor/manager preparing the review is responsible for directing copies of the review to any others that would be concerned with the information (e.g., Criminal Investigations, Records, etc...).

(c) Filing of Report Reviews:

1. Report reviews should be filed in the report writer's Employee Development Record (EDR) file and may be mentioned in the writer's performance evaluation. Employees should view and initial report review forms that are placed in their EDR file.

Media Relations

346.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

346.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Division Commanders, Watch Commanders and designated Media Relations(s) may prepare and release information to the media in accordance with this policy and the applicable law.

346.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

346.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Media Relations

be coordinated through the department Media Relations or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
- (c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).
 - (d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Media Relations.

346.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

346.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Media Relations

safety of any individual or jeopardize the successful completion of any ongoing investigation

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

346.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.

Subpoenas and Court Appearances

348.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the Bay Area Rapid Transit Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

348.2 POLICY

Bay Area Rapid Transit Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

348.2.1 OFF-DUTY RELATED SUBPOENAS

This includes employees who receive subpoenas for action taken while working for a prior employer. Release time may be granted for employees on duty.

348.3 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the officer or by delivery of two copies of the subpoena to the officer's supervisor or other authorized department agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of \$275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

- (a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.
- (b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

Outside Agency Assistance

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

352.1.1 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the watch commander for approval. When an authorized employee of an outside agency requests the assistance of this department including taking a person into custody, assisting at a crime scene, or a search, available officers shall respond and assist. If an officer receives a request in the field for assistance, that officer shall notify a supervisor.

Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number for an "outside assist" report will be issued to report action taken by this department.

352.1.2 ON-VIEW INCIDENTS

Whenever a BART police officer on-views an offense in another jurisdiction, he/she should take immediate prudent action required to protect life and property, stabilize crime scenes, locate witnesses, and apprehend suspects. As soon as practicable after a crime scene has been stabilized, the officer will relinquish the crime scene and investigative responsibility to the law-enforcement agency that has primary jurisdiction.

352.1.3 REQUEST FOR CANINE ASSISTANCE FROM OTHER AGENCIES

The policy governing requests for BART police canine teams from other agencies is documented in Policy 318 - CANINE PROGRAM, subsection 3.1 - REQUEST FOR ASSISTANCE FROM OTHER AGENCIES.

352.1.4 MUTUAL AID/COOPERATIVE POLICE AGREEMENTS

Nothing in this policy is meant to circumvent any cooperative policing agreements or mutual aid agreements between the BART Police Department and any allied agency, city or county. Any agreement between this department and an outside agency can be located in the Records Section.

352.2 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Outside Agency Assistance

are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

352.2.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Bay Area Rapid Transit Police Department shall notify his/her supervisor or the Watch Commander and Integrated Security Response Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

352.3 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

352.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

352.5 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

352.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Support Services Bureau Deputy Chief or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Outside Agency Assistance

1. The use of the supplies and equipment.
 2. The members trained in the use of the supplies and equipment.

BART Media Relations shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

358.3.4 CLOSE-PROXIMITY CASES

Whenever incidents of media significance occur near or in close proximity to a BART facility, and the department is notified, or is in any way involved in the incident, arrest, or investigation, then notification should proceed according to this policy.

Death Investigation

360.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). The on-call detective or detective sergeant shall be notified in all death investigations.

360.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).
- (b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.
- (c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.
- (d) Known or suspected homicide.
- (e) Known or suspected suicide.
- (f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.
- (g) Related to or following known or suspected self-induced or criminal abortion.
- (h) Associated with a known or alleged rape or crime against nature.
- (i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.
- (j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.
- (k) Accidental poisoning (food, chemical, drug, therapeutic agents).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Death Investigation

- (l) Occupational diseases or occupational hazards.
- (m) Known or suspected contagious disease and constituting a public hazard.
- (n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
- (o) In prison or while under sentence. Includes all in-custody and police involved deaths.
- (p) All deaths of unidentified persons.
- (q) All deaths of state hospital patients.
- (r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
- (s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

360.2.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

360.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Death Investigation

360.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

360.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

360.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Criminal Investigations Bureau shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

360.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall request that BART's System Safety Department is notified. The System Safety Department will ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practical with all pertinent information (8 CCR 342(b)).

360.2.8 DEATH OR INJURY ON THE RIGHT-OF-WAY

Department personnel shall follow the BART Emergency Plan police procedure checklist for all deaths or injuries which occur on the BART right-of-way

Identity Theft

362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

- (a) The crime of identity theft (Penal Code § 530.6) should be reported to the law enforcement agency where the victim resides. Therefore, victims of identity theft (as the District has no permanent residents) should be advised that they should report this crime to the law enforcement agency having jurisdiction where they live.
- (b) A departmental supervisor/manager may approve the taking of a courtesy identity theft report. If a courtesy report is taken, the following shall apply:
 1. The report should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
 2. The report should cross-reference all other known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
 3. The reporting officer should inform the victim of identity theft of his/her right to obtain court ordered access to the Department of Justice identity theft database pursuant to Penal Code § 530.7.
 4. A copy of any courtesy reports should be forwarded to the victim's residence agency by Records Bureau personnel.
- (c) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction). If a report of this nature is taken, the following shall apply:
 1. Following supervisory review and departmental processing, the initial report should be forwarded to the Detective Bureau for follow up investigation.
 2. The assigned Detective should coordinate the case and prosecution with any other involved agencies as circumstances dictate.

Private Persons Arrests

364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence
- (b) When the person arrested has committed a felony, although not in his or her presence
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849
- (c) The person being arrested shall be advised that he/she is under arrest. This advisement may be done by the private person or the officer. If performed by the officer, the officer should explain to the private person and the subject that the private person is making the arrest. In either case, the subject should also be told of the offense(s) that he/she is being arrested for.

364.4.1 WHEN A PRIVATE PERSON'S ARREST IS NOT REQUIRED

A private person's arrest is not required when an arrest is made under the following circumstances:

- (a) The offense is a felony or wobbler
- (b) The suspect is a juvenile
- (c) The arrest is for DUI with special circumstances (see 40300.5 V.C.)
- (d) Carrying a loaded firearm
- (e) Carrying a concealed firearm in an airport
- (f) Domestic violence
- (g) Violation of a domestic violence protective order
- (h) Assault on school property
- (i) Assault on a firefighter/EMT

364.4.2 REQUIRED BOOKING

Adult suspects who are arrested for assault or battery on a District employee shall be booked [853.6(g) P.C.]. A command-level officer must approve any exceptions to this policy.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Private Persons Arrests

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury. In misdemeanor cases, the private person making the arrest shall also be asked to provide a written statement.

In addition to the Private Person's Arrest form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Bay Area Rapid Transit Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Operations Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Bay Area Rapid Transit Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE

Bay Area Rapid Transit Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS

The following materials will be made available to employees to assist in providing access and service to LEP individuals:

- (a) A list of departmental bilingual employees, languages spoken and contact and shift information
- (b) A list of department-certified interpretation services, bilingual interpreters, languages spoken and contact and availability information
- (c) The telephone number and access code of telephonic interpretation services
- (d) Language identification cards
- (e) Translated *Miranda* warning cards and other frequently used documents
- (f) Audio recordings/warnings that are developed in non-English languages

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

368.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other District departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

368.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other District departments.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

368.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Bay Area Rapid Transit Police Department will take reasonable steps and will work with the Human Resources Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Integrated Security Response Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

368.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Limited English Proficiency Services

to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Personnel and Training Lieutenant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Lieutenant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

370.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the District ADA coordinator regarding the Bay Area Rapid Transit Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

Communications with Persons with Disabilities

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Bay Area Rapid Transit Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Bay Area Rapid Transit Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

370.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communications with Persons with Disabilities

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

370.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communications with Persons with Disabilities

370.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Personnel and Training Lieutenant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Personnel and Training Lieutenant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Integrated Security Response Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Trauma Response Team

377.1 PURPOSE AND SCOPE

Traumatic events precipitate feelings of anger, guilt, and disillusionment. These feelings are natural and should be expected as part of the psychological and physiological phenomena that occur during a traumatic event. Unfortunately these natural reactions are seldom understood or acknowledged and can, if not immediately addressed, lead to Post Traumatic Stress Disorder which could result in mental and physical health problems for the individual and his or her family, destructive behavior, and poor performance.

In an effort to minimize their effects, the BART Police Department has developed a Trauma Response Team comprised of personnel who are trained to perform psychological debriefing to those who are involved in a traumatic event.

377.1.1 PSYCHOLOGICAL CONSIDERATIONS FOR STRESSFUL SITUATIONS

Studies have shown that psychological trauma may occur when an officer has caused or witnessed the death or serious injury of another human being or has been directly involved in other traumatic situations. This procedure has been developed to assist our police personnel who may find themselves experiencing such a situation.

Therefore, the officers of this department who are subjected to severely stressful situations such as, but not limited to the following events should be afforded a debriefing to diagnose, assist, and prevent the symptoms of Post Traumatic Stress Disorder:

- a. Involvement in the death or serious injury of a human being
- b. Involvement in a situation when an officer is seriously injured but is physically able to receive counseling
- c. Involvement in any other extremely stressful situations i.e., (taken hostage, partner killed or seriously injured, prolonged assignment to mass death situation)

377.1.2 PSYCHOLOGICAL CONSULTATION EMPLOYEE INITIATED

Psychological counseling is available to any member of the department for problems arising from both work and non-work related situations based on decisions from the Trauma Response Team (TRT) Lieutenant or the Watch Commander.

When an employee desires to obtain psychological counseling for a work related problem, he/she shall contact the TRT Lieutenant or Watch Commander. The Watch Commander will assist the employee in processing the required workers compensation forms, when appropriate.

An employee who wishes to seek assistance on his or her own may obtain confidential counseling through the BART Police Department-Employee Assistance Program (EAP) by contacting Claremont EAP at (800) 788-8829. Claremont EAP can be reached 24 hours a day 7 days a week and is available to all employees and their families. All referrals will be kept confidential as permitted by law.

Trauma Response Team

377.1.3 GUIDELINES FOR TRAUMA RESPONSE TEAM

The Trauma Response Team will act in accordance with the following guidelines:

Confidentiality: The BART Police Department recognizes as "privileged communication" the dialog during a debriefing between members of the Trauma Response Team, acting under the direction of a licensed psychologist, and those employees affected by the traumatic event. However, "privileged communication" will not be recognized when information shared would lead a reasonable person to believe that a criminal act has occurred. This is in accordance with department Policy 201 General Duty Regulations and Conduct. Therefore, the Trauma Response Team will verbally notify the employee of this exception prior to any debriefing.

a. **Purpose:** The purpose of the Trauma Response Team is threefold:

1. To diagnose the symptoms of Post Traumatic Stress Disorder.
2. To provide comfort and support by meeting the involved employees' immediate needs.
3. To facilitate the understanding and expression of feelings and/or perceptual distortions experience during a traumatic event.

b. **Scope of Responsibility:** The Trauma Response Team should provide immediate and ongoing assistance under the following conditions:

1. When an employee perceives that he/she has been involved in a traumatic event, on or off-duty, and the employee requests the services of the Trauma Response Team.
2. When a supervisor recognizes that an employee has been involved in a traumatic event, on or off duty, that may have the result of severe emotional shock. Members of the Trauma Response Team will be aware of the differences in rank and the impact that difference may have on the debriefing process. Discretion will be used when considering debriefing a member of a different classification.

c. **Team Composition and Structure :** The Trauma Response Team is comprised of a TRT Lieutenant, a Team Coordinator and Debriefers,(which may include Sergeants, Officers, and Dispatchers). These team members will be in good standing with the department, have significant experience in police related traumatic incidents and have specialized ongoing training in assisting fellow officers and their families in dealing with the immediate adverse psychological reactions to traumatic situations. Department personnel can be removed from the team at any time based on the Chief of Police's discretion.

d. **Activation:** Under the conditions defined herein, under Scope of Responsibility, the on-duty Watch Commander should activate the Trauma Response Team in the following manner:

1. The Trauma Response Team Coordinator will maintain a roster of qualified personnel who are subject to call in the event of a traumatic incident. The roster will be maintained in the G-drive in the TRT file. The Watch Commander will notify the team coordinator and provide a synopsis of the event including the number of involved personnel. Once directed by the psychologist to proceed the Team Coordinator will determine the size of the deployment and make the appropriate

notifications. A deployment will include a team supervisor and an appropriate cadre of team members based on the number of involved employees.

2. The Team Coordinator or Watch Commander will contact the psychologist and provide the psychologist with the description of the event.

3. Once activated, Trauma Response Team members will contact the incident or scene supervisor prior to contacting the personnel involved in the traumatic event. They will identify themselves to the affected employee(s) as members of the Trauma Response Team and explain the purpose of a debriefing which is to diagnose the symptoms of Post Traumatic Stress Disorder. The employee(s) may decline to participate in the debriefing. The employee(s) will be referred to the BART Police Department EAP at (800) 788-8829. In the event the employee refused a debriefing by the Trauma Response Team, the department may choose to mandate an evaluation by a licensed psychologist prior to the employee returning to regular duty.

4. The Watch Commander will activate the on-call chaplain. If necessary based on the need additional chaplains may be requested to respond. Trauma Response Team Members will coordinate with the police chaplain(s) and advise them of all the details concerning the event. The BART Police Department recognizes as "privileged communication" the dialog during a debriefing between police chaplains and those employees affected by the traumatic event. However, based on department Policy 376 Chaplain Program "privileged communication" will not be recognized when:

(a) A police chaplain who, as a consequence of obtaining any information from a member or employee, believes that the member /employee is an immediate danger to him/herself or others.

(b) Child, elder or dependent abuse is discovered while acting as a marriage, family, or child counselor and when acting as a religious practitioner, who diagnoses, examines, or treats children, elders, or dependent adults.

5. The BART Police Department places a high priority on the mental and emotional health of all of its employees. The effects of Post Traumatic Stress Disorder need to be addressed in a timely manner. The department will place a priority on the debriefing, allowing it to take place prior to criminal interviews, unless determined otherwise by the Chief of Police.

6. A Trauma Response Team member who is directly involved in a traumatic event as a subject or witness officer shall be excluded from performing the duties of a Trauma Response Team Member during a call- out.

377.1.4 COMMAND RESPONSIBILITY

The TRT Lieutenant will act as liaison between the Team, Command Staff and the Chief of Police.

The Trauma Response Team Coordinator, one of the TRT Sergeants, will be responsible for the following:

a. Supervision and administrative duties of the Trauma Response Team

Any team member who has not attended the entire basic training course may not participate as a primary debriefer.

All Trauma Response Team members shall attend quarterly training. These training sessions range from four to eight hours and are presented by a licensed psychologist or designee. Absence from training must be approved by a Trauma Support Team supervisor.

377.1.7 OUTSIDE AGENCY REQUESTS FOR TRAUMA SUPPORT

Bay Area Rapid Transit Police Department

Trauma Response Team

- The number of Trauma Response Team members required

The TRT Lieutenant will receive approval from a Deputy Chief before activating team members for an outside agency request.

377.1.8 TRAUMA RESPONSE TEAM ACTIVITY FORM

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Bay Area Rapid Transit Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING

The Personnel and Training Lieutenant is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Service Animals

382.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

382.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Bay Area Rapid Transit Police Department affords to all members of the public (28 CFR 35.136).

382.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

382.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Service Animals

382.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Off-Duty Law Enforcement Actions

386.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Bay Area Rapid Transit Police Department with respect to taking law enforcement action while off-duty.

386.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

386.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

386.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

386.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Bay Area Rapid Transit Police Department officer until acknowledged. Official identification should also be displayed.

386.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

386.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

386.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

386.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Line-of-Duty Deaths

388.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the BART Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply all or some of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

388.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on or off-duty, or a non-sworn civilian member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

388.2 POLICY

It is the policy of the BART Police Department to make appropriate notifications, as well as provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this Department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

388.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and the ISRC.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Press Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Line-of-Duty Deaths

the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

388.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be a Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other BART Police Department members may be apprised that survivor notifications are complete.

388.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

388.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

Bay Area Rapid Transit Police Department

Line-of-Duty Deaths

388.6 LIAISONS AND COORDINATORS

The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

- (a) Department Liaison
- (b) Hospital Liaison
- (c) Survivor Support Liaison
- (d) Critical Incident Stress Management (CISM) coordinator
- (e) Funeral Liaison
- (f) Mutual aid coordinator
- (g) Benefits Liaison
- (h) Finance coordinator

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

388.6.1 DEPARTMENT LIAISON

The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include, but are not limited to:

- (a) Directing the other liaisons and coordinators in fulfilling survivors' needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
- (b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
- (c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
- (d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
- (e) Coordinating all official law enforcement notifications and arrangements.
- (f) Making necessary contacts for authorization to display flags at half-mast.
- (g) Ensuring that department members are reminded of appropriate information—sharing restrictions regarding the release of information that could undermine future legal proceedings.
- (h) Coordinating security checks of the member's residence as necessary and reasonable.

- (i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

388.6.2 HOSPITAL LIAISON

The Hospital Liaison should work with hospital personnel to:

- (a) Arrange for appropriate and separate waiting areas for:
 1. The survivors and others whose presence is requested by the survivors.
 2. Department members and friends of the deceased member.
 3. Media personnel.
- (b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member's survivors or BART Police Department members (except for members who may be guarding the suspect).
- (c) Ensure that survivors receive timely updates regarding the member before information is released to others.
- (d) Arrange for survivors to have private time with the member, if requested.
 1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
 2. The Hospital Liaison should accompany the survivors into the room, if requested.
- (e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.
- (f) If applicable, explain to the survivors why an autopsy may be needed.
- (g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member's equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

388.6.3 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member's Division Commander. The following should be considered when selecting the Survivor Support Liaison:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
- (b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.
- (c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.

Interactions With Individuals Identifying As Transgender

403.1 PURPOSE AND SCOPE

The San Francisco Bay Area Rapid Transit District Police Department (BPD) recognizes and places a high priority on the rights of all people. This policy establishes a procedure for handling interactions with transgender people.

403.2 DEFINITION

Gender Identity - One's internal, deeply held sense of gender. Unlike gender expression (see below), gender identity is not visible to others.

Gender Expression - External manifestations of gender; expressed through one's name, pronouns, clothing, haircut, behavior, voice, or body characteristics.

Transgender (adj.) - An umbrella term for people whose gender identity and/or gender expression differs from what is typically associated with the sex they were assigned at birth. People under the transgender umbrella may describe themselves using one or more of a wide variety of terms, including transgender.

403.3 INTERACTIONS WITH TRANSGENDER PEOPLE

BPD officers and employees are to interact with transgender people and the transgender community in a manner that is professional, respectful, and courteous.

Officers are cautioned not to treat a person's transgender status or appearance as a basis of suspicion or as evidence of a crime.

Officers shall follow the policies governing interactions with transgender people when either of these two conditions is met:

- (a) A person explicitly informs the officer(s) that the person is a transgender person.
- (b) An officer has good reason to believe that the person is a transgender person. Good reason may be based on apparent intention of gender appearance and presentation; reasonable observation; background checks; third party information; prior interaction, and/or routine policing procedures.

If gender expression does not clearly indicate a transgender person's identity, an officer may politely and respectfully ask how the person wishes to be addressed. For example, an officer may ask a transgender person which name and pronoun the person prefers.

When a person self-identifies as a transgender person, officers should not question this identity or ask about the person's transition status. An officer should not engage in any argument, disagreement, or debate regarding a person's self-identification as a transgender person. If an officer does question such self-identification, or asks about a person's transgender status, that

Bay Area Rapid Transit Police Department

BART PD Policy Manual

officer shall provide a compelling, professional, and articulable reason for having done so. The reason(s) shall be properly documented in writing in the form of a BPD Police Report, at minimum.

An officer should not ask questions or make statements about a transgender person's genitalia, breasts, or transition status. If an officer does ask such questions or make such statements, that officer shall provide a compelling, professional, and articulable reason for having done so. The reason(s) shall be properly documented in writing in the form of a BPD Police Report, at minimum.

Whether or not the name on a person's driver's license or identification card coincides with the person's gender identity, an officer shall address or refer to the person by the name that the person has used to identify him or herself. An officer shall also use the pronouns consistent with the name provided by the person.

This department recognizes and places a high priority on the rights of all individuals guaranteed under the Constitution and the laws of this state. Under no circumstances may an officer frisk, search, or otherwise touch any person for the purpose of obtaining information about that person's gender status. An officer shall comply with all existing laws and BPD policies regarding search and seizure (Lexipol Policy 322). Under no circumstances shall transgender people be subject to more invasive search procedures than non-transgender people.

403.4 DETERMINATION OF LEGAL NAME

In the event a transgender person's legal name is required, the person's legal name should be obtained in the following manner:

Absent extenuating circumstances, an officer should ask the person for his or her legal name in a one-on-one situation. If the contact is in a group environment, the officer should ask the person to step outside the group to obtain the legal name and avoid "outing" the person.

If an officer asks a transgender person for his or her legal name in the presence of others, that officer shall provide a compelling, professional, and articulable reason for having done so. The reason(s) shall be properly documented in writing in the form of a BPD Police Report, at minimum.

403.5 MEDICAL TREATMENT OF TRANSGENDER ARRESTEES

Whenever a transgender person who is detained by or in the custody of BPD requires or expresses a need for medical attention or medication (including, but not limited to hormone therapy), an officer shall respond to and address the need with the same urgency and respect as required in connection with any other medical need, illness, or injury experienced by any other detainee or arrestee.

403.6 PROCESSING OF TRANSGENDER ARRESTEES

Appearance-related items, including, but not limited to, prosthetics, clothes, wigs, or make-up should not be confiscated or removed from transgender people unless such items present a safety hazard, impede the administration of medical attention, or are needed for evidentiary reasons (Lexipol Policy 902). If an officer confiscates or removes a transgender person's appearance-

related items, that officer shall provide a compelling, professional, and articulable reason for having done so. The reason(s) shall be properly documented in writing in the form of a BPD Police Report, at minimum.

403.7 JUVENILE TRANSGENDER INDIVIDUALS

All interactions with juvenile transgender individuals shall conform to the mandates set out by this policy. This policy does not affect any other provisions outlined in applicable directives and laws covering the processing and handling of juveniles.

403.8 PROTECTION OF PRIVACY

Under no circumstances should an officer disclose that a person is transgender to non-police personnel or to other non-relevant BPD personnel. If an officer does disclose such information as described, that officer shall provide a compelling, professional, and articulable reason for having done so. The reason(s) shall be properly documented in writing in the form of a BPD Police Report, at minimum.

403.9 CONFIDENTIALITY OF RECORDS AND DATA

If a person has self-identified as transgender, this information may be recorded in public documents. If the person has not self-identified as transgender, this information should not be recorded in public documents. If an officer does record such information in any public document, that officer shall provide a compelling, professional, and articulable reason for having done so. The reason(s) shall be properly documented in writing in the form of a BPD Police Report, at minimum.

403.10 RECORD - KEEPING AND DATA TRACKING

All BPD forms and reports (both paper and computerized/digital) which record the gender of a person shall be revised to include transgender identity.

BPD shall establish and maintain records concerning the number of calls involving transgender people and the corresponding police service response. The Chief of Police, or his/her designee, shall report to the BART Citizen Review Board annually about the number of calls involving transgender people and the corresponding police service response.

All case reports, other reports and non-charging documents shall refer to a transgender person's name as shown on official documents. The person's preferred name shall be listed as an alias or, "Also Known As," (AKA). Preferred gender pronouns should be used in the narrative.

403.11 TRAINING

Training on interactions with transgender people and review of this Policy shall be conducted as directed by the Personnel and Training Section.

All BPD members will be scheduled to attend a Peace Officer Standards and Training (POST) or other departmentally approved training on the subject of interactions with transgender people.

405.2 MAINTENANCE

- (a) Prior to patrolling on a Segway, personnel should conduct an inspection of the Segway to verify that the tires are properly inflated, that the Segway is functioning properly, and that the safety equipment is in place.
- (b) Any Police Segway that is malfunctioning or is not properly equipped shall not be placed in service. Personnel should immediately notify their assigned supervisor of a malfunctioning or improperly equipped Segway.
- (c) The Zone Commander will assign a member the responsibility for coordinating the repair of, and equipment repair or replacement for, the Police Segways,
- (d) The Zone Commander will establish an area within which the Police Segways can be secured and charged.

405.3 SAFETY EQUIPMENT

In compliance with Vehicle Code 21281, Department Segways shall be equipped as follows:

- (a) Front, rear, and side reflectors.
- (b) If the Segway is operated (outdoors) between one-half hour after sunset and one-half hour before sunrise, a lamp emitting a white light that, while the Segway is in motion, illuminates the area in front of the operator and is visible from a distance of 300 feet in front of the Segway.
- (c) A sound emitting device that can be activated from time to time by the operator, as appropriate, to alert nearby persons.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

406.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

410.1.1 ELIGIBILITY

The Bay Area Rapid Transit Police Department Ride-Along Program is offered to everyone. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant and are not limited to:

410.1.2 AVAILABILITY

The Ride-Along Program is available on most days of the week, with certain exceptions. The ride-along times are from 6:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Watch Commander.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Information requested will include a valid ID or California driver's license, address, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Watch Commander will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Watch Commander as soon as possible for his/her scheduling considerations.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Ride-Along Policy

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

410.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. 410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Bay Area Rapid Transit Police Department) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

410.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Watch Commander is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the form shall be returned to the Watch Commander with any comments which may be offered by the officer.

410.4 CONTROL OF RIDE-ALONG

- (a) The ride-along will follow the directions of the officer

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Ride-Along Policy

- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety
- (e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen
- (f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

412.3 REPORTING EXPOSURE(S)

Employee's who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the supervisor on the District's employee report of injury and worker's compensation forms. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the District employee report of injury and worker's compensation forms.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

Mental Illness Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

418.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

418.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

418.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

418.3.2 MENTAL HEALTH DOCUMENTATION

The officer will complete an Application For 72-Hour Detention for Evaluation and Treatment form (MH-302) and provide it to the staff member assigned to that patient. The officer will retain a copy

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Mental Illness Commitments

of the 72-hour evaluation for inclusion in the case report. The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention. The officer will document the incident on a BART Police report CR-1 form. These reports must be written, submitted and approved by a supervisor prior to the reporting officer(s) going off duty. A self-committal will continue to be classified in Alliance as a "sick person" with the subject being assigned the role of a "sick person."

All 5150 W&I reports which include a criminal hold, including all warrants, will be treated as an "in custody" and classified in the Alliance report writing system as an "arrest," with the subject being assigned the role of an "arrestee." The report, including all supplements, shall be written, submitted and approved by a supervisor prior to the reporting officer(s) going off duty. This shall also apply to arrestees who are transported for medical treatment prior to being booked into a jail facility. These reports cannot be approved by Field Training Officers and must be approved by a supervisor.

When an arrestee is transported from a medical or mental health care facility and booked into a jail, the transporting officer shall complete a supplemental report and send an email to all Detectives and the Detective Sergeant advising them of the booking. The email should include the arrestee's name and case number and be sent as soon as practicable after the transport has been completed.

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Mental Illness Commitments

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

418.5 TRANSPORTATION

When transporting any individual for a 5150 commitment, the transporting officer should have Integrated Security Response Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Mental Illness Commitments

- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

418.8 JUVENILE MENTAL ILLNESS COMMITMENTS

It is the policy of the Police Department to detain dangerous or gravely disabled juveniles due to a mental disorder or inebriation, when they are a danger to themselves or others. It is the responsibility of the primary officer to notify the juvenile's parent or guardian of the circumstances regarding the 5150 W&I commitment.

418.8.1 COMMITMENT FACILITIES

Juvenile 5150 W&I committals should be transported to the following facilities via an ambulance, except where ambulance service is not provided for this purpose:

- (a) **Alameda County**
 - 1. 11 years old and under: John George Pavilion Psychiatric Hospital, 2000 Fairmount Avenue, San Leandro, 510-481-4141.
 - 2. 12 through 17 years old: Alta Bates Adolescent Services, Herrick Campus, 2001 Dwight Way, Berkeley, 510-204-4405 or 510-204-4546.
- (b) **Contra Costa County**
 - 1. Contra Costa County Regional Center, 2500 Alhambra Avenue, Martinez, 925-370-5000.
 - 2. Mount Diablo Hospital, 2540 East Street, Concord, 925-674-2333.
- (c) **San Francisco County**
 - 1. Child Crisis Services, 3801 3rd Street, Suite #400, San Francisco, 415-970-3800. Call for pick-up arrangements.
 - 2. If juvenile is violent or aggressive, transport to San Francisco County General Hospital, 1001 Potrero Street, San Francisco, 415-206-8000.
- (d) **San Mateo County**

1. North County Peninsula Hospital, 1783 El Camino Real, Burlingame, 650-696-5170.
2. South County San Mateo Medical Center, 222 West 39th Avenue, San Mateo, 650-573-2662.

418.9 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9.1 INTERVIEWS & INTERROGATIONS

Members will afford every individual investigated, interviewed, or interrogated their constitutional rights. An individual's constitutional rights are not diminished because of his/her mental illness.

When administering the Miranda warnings, members should make every effort to determine the extent to which the person's illness, or the psychotropic medication that he or she is taking to treat the illness, impairs his/her ability to comprehend and give informed consent.

When members doubt a person's capacity to understand his/her rights, they will ask the person to explain each of the Miranda warnings in his/her own words and make a record of the person's explanations. If the member believes that the person does not have an understanding of his/her rights, questioning of the person related to the criminal investigation should cease.

418.10 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Mental Illness Commitments

consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

418.10.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Criminal Investigations Division, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

418.11 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Fare Evasion

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish uniform procedures for the legal detention of individuals suspected of fare evasion on the BART system.

419.2 POLICY

It shall be the policy of the BART Police Department to vigorously enforce transit specific crimes including fare evasion.

419.2.1 FARE EVASION ENFORCEMENT

The California Penal Code for fare evasion used by officers of the BART Police Department is 640(c)(1): Evasion of the payment of a fare of the system. For purposes of this section, fare evasion includes entering an enclosed area of a public transit facility beyond posted signs prohibiting entrance without obtaining valid fare, in addition to entering a transit vehicle without valid fare.

The offense is an infraction punishable by a fine not to exceed two hundred fifty dollars (\$250) and by community service for a total time not to exceed 48 hours over a period not to exceed 30 days, during a time other than during his or her hours of school attendance or employment.

The aforementioned penal code does not, absent probable cause to suspect fare evasion, authorize police officers to ask persons to display their ticket for validation. Officers shall not use civil codes as probable cause to ask persons to display their ticket for validation.

419.2.2 FARE EVASION DEFINED

Fare evasion occurs when an individual travels or attempts to travel on the BART system without payment of the required fare. Fare evasion can be reflected in a variety of ways:

- A person who jumps over the fare gate.
- A person who walks closely behind another person, who is using a valid ticket, through a fare gate before the fare gate closes (piggybacking).
- A person who enters/exits the station from an elevator from the free to paid area/paid to free area with intent to avoid paying fare.
- A person who enters/exits through the emergency gate from the free to paid/paid to free area with intent to avoid paying fare.

419.2.3 CONSENSUAL ENCOUNTER, REASONABLE SUSPICION, AND PROBABLE CAUSE

The following are the most common definitions of consensual encounter, reasonable suspicion, and probable cause:

- (a) **Consensual Encounter:** A consensual encounter is a contact between an officer and an individual which is strictly voluntary. The key element is that the person remains

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Fare Evasion

totally free to leave or not cooperate. An officer does not need any objective reason or justification for initiating this type of contact.

- (b) **Reasonable Suspicion:** Reasonable suspicion to detain a suspect exists if officers were aware of specific facts that reasonably indicated the person was in the process of committing a crime, or was wanted for a completed crime. It is based on objective facts. Reasonable suspicion is the level of proof necessary for a temporary detention.
- (c) **Probable Cause to Arrest:** Although some courts continue to cite the old definition which requires an "honest and strong suspicion", the trend is toward incorporating the new "fair probability" standard; i.e. probable cause to arrest exists if there is a fair probability that the suspect committed the crime. Probable cause is the level of suspicion required to make an arrest.

419.2.4 FARE EVASION/MISUSE OF DISCOUNT TICKET REPORTS BY BART EMPLOYEES

Every officer who responds to a call for service by any BART District employee regarding any report of a fare evasion or the misuse of a discount ticket will contact the BART employee who reported the incident, and ask the BART employee who reported the incident whether he/she wants the subject(s) suspected of fare evasion or the misuse of a discount ticket placed under citizen's arrest for fare evasion or the misuse of a discount ticket before making a disposition of the case . This includes requesting via dispatch that the BART employee arrive at the location where the officer has the suspect(s) detained for fare evasion or the misuse of a discount ticket to in order make a positive identification before making a disposition of the case.

If the officer is unable to locate and detain the suspected fare evader and/or misuse of discount ticket user at or near the scene, then it will not be necessary to contact the BART employee.

419.3 LEGAL ISSUES REGARDING FARE EVASION CONTACTS

With the exception of passes and vouchers issued by the District or other electronic payment methods, BART customers are required to have a valid ticket with at least a minimum value (currently \$1.75) to enter the paid areas of BART.

Persons obviously attempting to evade fare payment of fare such as using the emergency gate without authorization, jumping the fare gates, or piggybacking are subject to being cited for fare evasion under the Penal Code.

Aside from these obvious examples, there are other situations where a person in the paid area may be cited for fare evasion. Generally, in these contacts the person was brought to the attention of police by a station agent or in the course of an unrelated police contact. One of the key issues in less obvious cases of fare evasion is determining when a person in the paid area can be required to show that he/she has a valid ticket.

Based on recent research and review with the local District Attorney offices in the four counties in which BART serves, sections of the California Civil Code, which include 2186-2188, shall not be used as the basis for establishing reasonable suspicion to detain or probable cause to arrest

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Fare Evasion

persons within the BART system. Officers should not require persons to show their fare ticket, unless that officer has already established reasonable suspicion or probable cause regarding fare evasion or any other criminal activity.

Facts are needed to establish both reasonable suspicion and probable cause. Sometimes one fact is sufficient and sometimes it takes a combination of facts. Hunches, instincts, or unsupported conclusions are inadmissible. An officer's subjective feelings or beliefs are immaterial. Specific facts are needed to justify your suspicion and must be articulated in the police report.

Examples where a person should not be required to show his/her ticket include:

- Entering the paid area (without using an authorized method) to use the restroom, buy a newspaper, or use a pay phone
- Waiting in the paid area for an extended period of time
- Inspection of fare tickets during station or train sweeps
- Arbitrarily asking to see a person's ticket while he/she is in the paid areas

Without more facts, a crime has not occurred in the above examples. In order for the officer to develop cause to detain a person, the officer has to be patient and observe the actions of the person to gather more facts. A person who uses the emergency gate to enter the station, buys a newspaper, then proceeds directly to the platform may be detained for fare evasion.

Arbitrarily asking to see someone's ticket may give the perception of profiling. Officers should only ask to see a person's fare ticket after determining that they have reasonable suspicion or probable cause.

It is not automatically fare evasion for a person to lose his or her BART ticket. The District has policies in place which permit for the payment of fare in this type of situation. The officer would have to investigate the circumstances further to develop facts in order to make a determination that a fare evasion has occurred.

Officers must have reasonable suspicion or probable cause to believe that the person has committed some crime or infraction in order to detain and arrest someone and to check his or her ticket. Ultimately, officers should be guided by their training and experience in determining whether reasonable suspicion or probable cause exists for contacting an individual within the paid area.

Cite and Release Policy

420.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

420.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

420.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

420.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by a sergeant.

420.4 NON-RELEASE

420.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking:

Disqualifying offenses include (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1)).
- (b) Felony domestic battery (Penal Code § 273.5).
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1)).
- (d) Violation of a protective order and the arrested person has made threats, used violence or has gone to the protected person's workplace or residence (Penal Code § 273.6).
- (e) Stalking (Penal Code § 646.9).
- (f) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6).

420.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
 1. The Bay Area Rapid Transit Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code §§ 40302, 40303 and 40305.
- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.
 1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
 - (a) Previous failure to appear is on record
 - (b) The person lacks ties to the area, such as a residence, job or family
 - (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Division.

420.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence
- (b) The misdemeanor cited in the warrant involves a firearm
- (c) The misdemeanor cited in the warrant involves resisting arrest
- (d) The misdemeanor cited in the warrant involves giving false information to a peace officer
- (e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics
- (f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety
- (g) The person has other ineligible charges pending against him/her
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person
- (i) The person refuses to sign the notice to appear
- (j) The person cannot provide satisfactory evidence of personal identification

- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear

Release under this section shall be done in accordance with the provisions of this policy.

420.6 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

- (a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
- (c) The hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious. (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.

Confidence in this commitment will increase the effectiveness of the Department in protecting and serving the entire community.

428.2 DEPARTMENT POLICY

The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code dealing with illegal entry.

When assisting ICE at its specific request, or when suspected criminal violations are discovered as a result of inquiry or investigation based on probable cause originating from activities other than the isolated violations of 8 USC § 1304; 8 USC § 1324; 8 USC § 1325 and 8 USC § 1326, this department may assist in the enforcement of federal immigration laws.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS

Persons wishing to report immigration violations should be referred to the local office of the U.S. Immigration and Customs Enforcement (ICE). The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of Title 8, United States Code.

428.3.1 BASIS FOR CONTACT

Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of being an undocumented alien shall not be the sole basis for contact, detention, or arrest.

428.3.2 SWEEPS

The Bay Area Rapid Transit Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.

428.3.3 ICE REQUEST FOR ASSISTANCE

If a specific request is made by ICE or any other federal agency, this department will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Immigration Violations

Members of this department should not participate in such federal operations as part of any detention team unless it is in direct response to a request for assistance on a temporary basis or for officer safety. Any detention by a member of this department should be based upon the reasonable belief that an individual is involved in criminal activity.

428.3.4 IDENTIFICATION

Whenever any individual is reasonably suspected of a criminal violation (infraction, misdemeanor or felony), the investigating officer should take reasonable steps to determine the person's identity through valid identification or other reliable sources.

If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

428.3.5 ARREST

If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation (see Vehicle Code § 40302(a) and Penal Code § 836, if pertinent to the circumstances). A field supervisor shall approve all such arrests.

428.3.6 BOOKING

If the officer is unable to reasonably establish an arrestee's identity, the individual may, upon approval of a supervisor, be booked into jail for the suspected criminal violation and held for bail.

A person detained exclusively pursuant to the authority of Vehicle Code § 40302(a) for any Vehicle Code infraction or misdemeanor shall not be detained beyond two hours for the purpose of establishing his/her true identity. Regardless of the status of that person's identity at the expiration of two hours, he/she shall be released on his/her signature with a promise to appear in court for the Vehicle Code infraction or misdemeanor involved.

428.3.7 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT

Whenever an officer has reason to believe that any person arrested for any offense listed in Health & Safety Code §11369 or any other felony may not be a citizen of the United States and the individual is not going to be booked into county jail, the arresting officer shall cause ICE to be notified for consideration of an immigration hold.

If an officer has an articulable belief that an individual taken into custody for any misdemeanor is an undocumented alien, and after he/she is formally booked there is no intention to transport to the county jail, ICE may be informed by the arresting officer so that ICE may consider placing an immigration hold on the individual.

In making the determination whether to notify ICE in such circumstances, the officer should, in consultation with a supervisor, consider the totality of circumstances of each case, including, but not limited to:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Immigration Violations

- (a) Seriousness of the offense
- (b) Community safety
- (c) Potential burden on ICE
- (d) Impact on the immigrant community

Generally, officers will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges and notification will be handled according to jail operation procedures.

428.4 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The Bay Area Rapid Transit Police Department is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any person. The decision to arrest shall be based upon those factors which establish probable cause and not on arbitrary aspects. Race, ethnicity, age, gender, sexual orientation, religion, and socioeconomic status alone are of no bearing on the decision to arrest.

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Members should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them absent exigent circumstances or reasonable cause to believe that a crime victim or witness is involved in violating criminal laws. Generally, if an officer suspects that a victim or witness is an undocumented immigrant, the officer need not report the person to ICE unless circumstances indicate such reporting is reasonably necessary.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information with any other federal, state or local government entity (8 USC § 1373; 8 USC § 1644).

428.4.1 U-VISA/T-VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U); 8 USC § 1101(a)(15)(T)). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services may be completed on the appropriate U.S. DHS Form supplements (I-918 or I-914) by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded in a timely manner to the Criminal Investigations Division sergeant assigned to supervise the handling of any related case. The Criminal Investigations Division sergeant should do the following:

- (a) Consult with the assigned detective to determine the current status of any related case and whether further documentation is warranted.
- (b) Review the instructions for completing the declaration/certification if necessary. Instructions for completing Forms I-918/I-914 can be found on the U.S. DHS website.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Immigration Violations

- (c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.
- (d) Address the request and complete the declaration/certification, if appropriate, in a timely manner.
- (e) Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed declaration/certification in the case file.

428.4.2 HUMAN TRAFFICKING T-VISA

Officers and their supervisors who are assigned to investigate a case of human trafficking shall complete the above process and documents needed for a T-Visa application within 15 business days of the first encounter with the victim, whether or not it is requested by the victim (Penal Code § 236.5).

The FTO staff will make a recommendation as to whether to reinstate the FTO. The final determination will rest with the Chief of Police. Returning FTOs may be required to participate in a two week patrol orientation with a field training officer prior to being assigned trainees.

The FTO coordinator will make a recommendation to the command staff as to whether to reinstate an FTO supervisor. The final determination will rest with the Chief of Police.

436.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Bay Area Rapid Transit Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules, and regulations adopted by the Bay Area Rapid Transit Police Department.

436.5.2 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of twelve (12) weeks. The training period for a lateral officers may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of ten (10) weeks, unless determined otherwise by the Deputy Chief of the Professional Standards and Training Bureau.

436.5.3 TRAINEE RESPONSIBILITIES

Trainee officer should review and acknowledge each daily evaluation with his/her assigned FTO. If the trainee has any questions or concerns regarding the content of the evaluation, he/she should indicate on the evaluation that he/she wishes to discuss the matter with the field training supervisor.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Training Officer Program

At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTO's and on the Field Training Program.

436.6 EVALUATIONS

Evaluations are an important component of the training process and are designed to measure competency in the required skills, knowledge, and abilities. Evaluations shall be completed daily, unless approved by an FTO program supervisor.

Obtaining Air Support

438.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

438.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

438.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

438.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Detentions And Photographing Detainees

440.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

440.2 DEFINITIONS

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

440.3 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Detentions And Photographing Detainees

- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

440.4 FIELD PHOTOGRAPHS

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

440.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

440.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

440.5 SUPERVISOR RESPONSIBILITY

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

440.6 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other memorandum explaining the nature of the contact. If an

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Detentions And Photographing Detainees

individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or memorandum is relevant to criminal street gang enforcement, the Watch Commander will forward the photo and documents to the Gang Supervisor. The Gang Supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for Criminal Street Gang file retention or which are not evidence in an investigation with an assigned case number should be forwarded to the Records Division. These photographs will be purged as described in the Purging the Field Photo File subsection of this policy.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in the Records Division in a separate non-booking photograph file in alphabetical order.

440.6.1 PURGING THE FIELD PHOTO FILE

The Investigations Section Supervisor will be responsible for periodically purging and destroying all such photographs more than five-years-old. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than five-years provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

440.7 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

440.7.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph/FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Detentions And Photographing Detainees

an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her designee to discuss the matter.

After carefully considering the information available, the Chief of Police or designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and Bay Area Rapid Transit Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI.

If the Chief of Police or his/her designee determines that the photograph/FI was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or Bay Area Rapid Transit Police Department policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to department policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI no longer exists or that the original F/I was not obtained in accordance with established law or Bay Area Rapid Transit Police Department policy, the original FI may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.

If the Chief of Police or his/her designee determines that any involved Bay Area Rapid Transit Police Department personnel violated existing law or department policy, the Chief of Police or designee shall initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employees.

The person photographed/FI'd will be informed in writing within 30 days of the Chief of Police's determination whether or not the photograph/FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.

Criminal Organizations

442.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Bay Area Rapid Transit Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

442.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

442.2 POLICY

The Bay Area Rapid Transit Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

442.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

442.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Division. Any

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Organizations

supporting documentation for an entry shall be retained by the Records Division in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Division are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

442.3.2 GANG DATABASES

The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database.

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate or affiliate in a shared gang database accessible by the department, the basis for that designation and the name of the agency that made the designation. The department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Division after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Organizations

It is the responsibility of the Records Division supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

442.3.3 REPORT TO THE CALIFORNIA DEPARTMENT OF JUSTICE

The Criminal Investigations Division Commander or the authorized designee shall ensure that the annual report of information submitted to a shared gang database as required by Penal Code § 186.34 is submitted to the California Department of Justice.

442.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

442.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Division or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, Integrated Security Response Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

442.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Organizations

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

442.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Personnel and Training Lieutenant to train members to identify information that may be particularly relevant for inclusion.

442.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

442.7 CRIMINAL STREET GANGS

The Criminal Investigations Division supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
 - 1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
 - 2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.

Criminal Organizations

3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
 - (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
 - (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

442.8 TRAINING

The Personnel and Training Lieutenant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Watch Commanders

444.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

444.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as acting Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

444.3 WATCH COMMANDERS DUTIES

The following are a list of Watch Commanders duties. Other duties may be assigned as needed by a Deputy Chief or Chief of Police.

- Notify the Chief and Operations Bureau Deputy Chief of any significant case(s).

As required by 49 C.F.R. §1580.203(b), the TSA's Transportation Security Operations Center (TSOC) will immediately be notified telephonically by the Watch Commander during any incident involving any potential threats or significant security concerns. The telephone number for the TSOC is 1-866-615-5150.

- Document circumstances surrounding incidents that involve train delays of 30 minutes or more in an email message to the Operations Bureau Deputy Chief and Chief of Police.

Mobile Data Computer Use

448.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Integrated Security Response Center.

448.2 POLICY

Bay Area Rapid Transit Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

448.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

448.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies. The introduction of unauthorized software programs or other files to the MDC is strictly prohibited. The manipulation or alteration of current software running on the MDC, with the exception of adjustments to the display, is also prohibited.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Mobile Data Computer Use

448.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped.

Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

448.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

448.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

448.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

448.6 EQUIPMENT CONSIDERATIONS

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Mobile Data Computer Use

448.6.1 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

448.6.2 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify their immediate supervisor.

Use of Audio Recorders

450.1 PURPOSE AND SCOPE

This department allows its sworn members to use audio recorders while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an unbiased audio record of a contact.

450.2 OFFICER RESPONSIBILITIES

Audio recorders may be used to record statements given by victims, witnesses, reporting parties, involved parties, and suspects. Recordings should not be made surreptitiously unless authorized by the applicable district attorney's office (see Section 450.4 below).

At the beginning of any recording, the officer should attempt to dictate his/her name, serial number and the current date and time. At the conclusion of the recording, the officer should attempt to dictate the ending date and time.

Each officer shall be responsible for maintaining his/her own recordings until the media is either full or placed into evidence/safekeeping.

450.3 MEMBER RESPONSIBILITIES

Penal Code § 632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential. Penal Code § 633 expressly exempts certain law enforcement officers from this prohibition during the course of a criminal investigation. *This exemption does not include officers of this department.* If it is determined that surreptitiously recording a private or confidential conversation would be beneficial in the prosecuting of a criminal act(s), this department must obtain written permission from the appropriate District Attorney's office allowing the recording. This written permission must be obtained for each potential recording or for each investigation, as specifically approved by the District Attorney's office.

Conversations of a suspect or suspects being detained in a patrol car or holding cell, for example, are not normally considered private or confidential.

Additionally:

- (a) No member of this department may surreptitiously record a conversation of any other member of this department without the expressed knowledge and consent of all parties. Nothing in this section is intended to interfere with an officer's right to openly record any interrogation pursuant to Government Code § 3303(g).
- (b) Any officer of this department may record any statement or conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation, as long as the requirements of Penal Code § 632 are followed or are lawfully exempted through the District Attorney's office.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Use of Audio Recorders

1. For the purpose of this policy, any uniformed officer contacting an individual suspected of violating any law or during the course of any official law enforcement related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with other employees conducted solely for administrative purposes.
2. For the purpose of this policy, it shall further be presumed that any individual contacted by a uniformed officer wearing a conspicuously mounted audio recorder will have knowledge that such a contact is being recorded.

450.4 ACTIVATION OF THE AUDIO RECORDER

At any time that an officer records any portion of a contact which the officer reasonably believes constitutes evidence in a criminal case; the officer shall record the related case number and book the recording media into evidence or download the file in accordance with current procedure for storing digital files. A second recording shall also be forwarded to the Detective Section for any case that requires follow-up or the filing of charges.

- (a) The officer shall further note in any related report that the recording has been placed into evidence.
- (b) Recording media placed into evidence shall be retained through the final disposition of the related criminal case.

450.4.1 SURREPTITIOUS USE OF THE AUDIO RECORDER

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order or unless lawfully authorized by the Chief of Police or the authorized designee.

450.5 PROHIBITED USE OF PORTABLE RECORDERS

Recorded files may be reviewed in any of the following situations:

- (a) By a supervisor investigating a specific act of officer conduct
- (b) Upon approval by a supervisor, any member of the Department who is participating in an official investigation such as a personnel complaint, administrative investigation or criminal investigation
- (c) By the personnel who originally recorded the incident
- (d) Pursuant to lawful process or by court personnel otherwise authorized to review evidence in a related case
- (e) By media personnel with permission of the Chief of Police or authorized designee

Body Worn Camera

451.1 PURPOSE AND SCOPE

The San Francisco Bay Area Rapid Transit District Police Department (BART) is providing each of its sworn sergeants and officers with a wearable body worn camera for use while on-duty. The body worn camera is designed to record both video and audio activity of members during the course of their official police duties. The body worn camera is intended to assist officers in the performance of their duties by providing an objective, unbiased video and audio record of a contact and/or incident.

The use of the body worn camera provides documentary evidence for criminal investigations, civil litigation, and allegations of officer misconduct. Such evidence shall be maintained by the Police Department as an investigatory record if it supports a criminal investigation based on reason to believe the subject of the investigation is or may be involved in criminal conduct, or for purposes of an administrative investigation on the conduct of a member(s) of the Police Department.

Officers shall utilize the body worn camera in accordance with the provision of this Policy in order to maximize the effectiveness of the device, enhance transparency, and ensure the integrity of evidence.

451.2 DEFINITIONS

- (a) "AXON camera" This refers to the camera system that captures audio and video signals that is individually worn by officers and that includes at a minimum a recorder, microphone, and paired monitoring device.
- (b) "Audio Recording" is the electronic recording of sound. "Evidence.com" is the online web-based digital media storage facility. The virtual warehouse stores digitally-encrypted data (photographs, audio and video recordings) in a highly secure environment. The digital recordings are accessible to authorized personnel based upon a security clearance and maintain an audit trail of user activity.
- (c) "Evidence Transfer Manager" (ETM) is a docking station that simultaneously recharges the AXON camera and uploads all data captured from the camera's point of view during officer's shift to bartpd.evidence.com. The ETM ensures that evidence handling is secured and cannot be altered.
- (d) The AXON camera manages the video compression and storage and is capable of playback via a Bluetooth paired smart device. The AXON camera ensures that evidence handling is secured and cannot be altered. Once plugged into the docking station, the AXON camera will upload digitally-encrypted data through the Evidence Transfer Manager to bartpd.evidence.com.
- (e) "AXON Controller" is the battery pack and on off switch for the AXON Flex Camera and connects to the Flex Camera via a small gage wire.

Members of the Department that are assigned an AXON camera shall receive mobile video training prior to deployment of the device in an operational setting. At this training, each officer will be provided a standard checklist of steps they are required to complete in order to ensure their AXON camera and mounting systems are in good working order.

451.4 NON-UNIFORMED OFFICER RESPONSIBILITIES

Any officer assigned to a non-uniformed position may carry a Department-issued AXON camera at any time the officer believes that such a device may be utilized in order to assist the officer in the performance of their duties by providing an objective, unbiased video and audio record of a contact and/or incident. However, whenever a non-uniformed officer is working a uniformed patrol assignment he/she shall wear a Department - issued AXON camera in accordance with this policy.

451.5 ACTIVATION OF THE VIDEO/AUDIO RECORDER

Penal Code Section 632 prohibits any individual from surreptitiously recording any conversation (confidential communication) in which any party to the conversation has a reasonable belief that the conversation is private or confidential. This excludes a communication made in a public gathering or in any legislative, judicial, executive or administrative proceeding open to the public, or in any other circumstance in which the parties to the communication may reasonably expect that the communication may be overheard or recorded. However Penal Code Section 633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation as follows:

- (a) No member of the Department may surreptitiously record a contact with or conversation of any other member of this Department without the expressed knowledge and consent of all parties present, including the member whose acts or conversation are being recorded. Nothing in this Section is intended to interfere with an officer's right to openly record any interrogation pursuant to Government Code Section 3303(g).
- (b) Any member of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation:
 - 1. For the purpose of this Policy, any officer contacting an individual suspected of violating any law or during the course of any official, law enforcement-related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with other employees conducted solely for administrative purposes.
 - 2. For the purpose of this Policy, it shall further be presumed that any individual contacted by a uniformed officer wearing a conspicuously mounted body worn camera will have knowledge that such a contact is being recorded. This subsection shall not apply to contact between a member of the Department wearing a conspicuously mounted body worn camera and other member(s) of the Department. For purposes of this policy, contact between members of this Department is governed by section 451.5(a), and 451.5(b) (1).

- (c) All on-scene officers (inclusive of all initiating and witness officers) equipped with a body worn camera shall activate their cameras prior to making contact with individuals in any of the following circumstances:
 - 1. Any enforcement contact e.g. detentions, vehicle stops, walking stops (officers are encouraged to activate their body worn camera on consensual encounters also), as outlined in Policy section 322.3.
 - 2. Probation and parole searches
 - 3. Service of a search or arrest warrant
 - 4. Any contact with a subject suspected of criminal behavior
 - 5. Processing, transporting, and booking of all prisoners.
- (d) Members of the Department are expected to activate their body worn camera any time they reasonably believe that a recording of an on-duty contact with a member of the public may be of future benefit to the Department.
 - 1. At no time should an officer jeopardize his/her safety or the safety of another in order to activate their body worn camera.
 - 2. Members of the Department are expressly prohibited from utilizing Department recorders and recorded media for personal use.
 - 3. Members of the Department will not make copies of any recordings for their personal use and are prohibited from using a recording device (such as a phone camera or secondary video camera) to record media from bartpd.evidence.com or the AXON camera unit. Nothing in this policy shall be construed as limiting an officer's right to carry and use a personal device such as a smart-phone, however officers shall not carry or use another mobile video recorder in addition to the District issued body worn camera without express approval of the Chief of Police.

451.6 AXON CAMERA OPERATING PROCEDURES

Prior to going into service each officer shall perform an inspection and record a test video, to ensure that his/her AXON camera is operational. If problems are encountered with any component of the system, the AXON camera equipment will not be used. The officer to whom the problematic equipment is assigned shall report the problem to their immediate supervisor upon becoming aware of it. A spare AXON camera shall be issued to that officer through a supervisor prior to the officer going into service. The officer and supervisor shall inform the AXON Technician via email of problems that are occurring with the problem unit as well as what spare AXON camera was assigned to the officer (number of AXON camera unit). The problematic AXON camera shall be routed to the AXON Technician to diagnose and shall reassign a new unit to the affected employee.

- (a) The officers shall report the loss or theft of an AXON camera to their immediate supervisor. The officer shall prepare a memo to be routed via the chain of command to their Bureau Deputy Chief documenting the circumstances surrounding the loss or theft of the device. The AXON technician should be informed via email from the immediate supervisor of the loss. A spare AXON camera shall be issued to the officer

through a supervisor prior to going back into service. The officer and supervisor shall inform the AXON Technician via email of what spare was issued (number of AXON camera unit). The AXON Technician shall assign a new unit to the officer as soon as possible after receiving notification of the loss or theft of the camera.

- (b) Once the AXON camera is activated pursuant to Section 451.5 of this policy, it shall remain on until the event giving rise to the activation has reached a conclusion and/or the officer leaves the scene of the event, whichever occurs first. Officers shall record further interaction with suspects, including searching, processing, transporting, and booking. Any exceptions will be documented in the police report and reported to a supervisor. When the officer reasonably believes the event giving rise to the activation is over, he/she may deactivate the AXON camera from the recording mode. If the event giving rise to the activation resumes following the officer's termination of the AXON camera recording the officer shall reactivate their AXON camera.
- (c) When the AXON camera is used in any incident, investigation, or during a traffic stop, this fact will be documented on any relevant citation and/or report prepared regarding the incident. Conversely, when the AXON camera is not used in any incident, investigation, or during a traffic stop, the reason for non-use will be documented on any relevant citation and/or report prepared regarding the incident. Conversely, whenever the AXON camera is not activated as required by Section 451.5 of this policy, the reason for the lack of activation will be documented on the relevant citation and/or police report prepared regarding the event that otherwise would have given rise to activation. For the purposes of capturing the recording or lack of recording in the police report it should be mentioned at the beginning of the narrative summary.
- (d) Except in circumstances prohibited by statute, or as directed by the Chief of Police, or his or her designee, an officer may have access to review his/her recordings when preparing written reports and/or statements relevant to any incident, to help ensure accuracy and consistency of accounts.
- (e) Department personnel shall not intentionally erase, alter, reuse, modify or tamper with audio-video recordings, nor shall they attempt to erase, alter, reuse, modify or tamper with audio-video recordings.
- (f) If the AXON camera is accidentally activated, the officer shall inform his or her immediate supervisor requesting the recording be deleted. The request shall be sent via email and routed to the AXON Administrator. Once the video has been reviewed by the supervisor and administrator and deemed to have no evidentiary value the video will be categorized as "Testing/ Accidental" and retained for thirty (30) days prior to deletion. Officers should note accidental recordings by labeling them using their Department issued device prior to download.
- (g) Once an officer has completed a recordable encounter he or she shall label the recording using their Department issued device. The officers shall provide the event number, category, and title of the video. This information will be uploaded along with the video once docked into the ETM at the end of shift.
- (h) Officers working overtime assignments outside of their direct report locations will ensure they bring their issued AXON camera to the location of their overtime assignment.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Body Worn Camera

- (i) When an officer discovers that his/her AXON camera battery is becoming depleted (as evidenced by a yellow indicator light and/or a sounding tone when recording), the officer shall immediately exchange the camera for a spare located in the Integrated Security Response Center (ISRC). If the officer will be delayed in exchanging the camera, or if the officer is unable to locate a charged spare Axon camera, the officer shall notify a supervisor and the supervisor will locate a charged spare Axon camera for the officer's use as soon as possible.

451.7 AXON CAMERA IMPOUNDING PROCEDURE

To download the videos from their AXON cameras, officers shall place the AXON camera into an assigned open slot on the Evidence Transfer Manager (docking station). This will allow the data to be transferred from the AXON camera, via the docking station, to bartpd.evidence.com. The data is considered impounded at this point and the AXON camera is cleared of existing data.

Officers will ensure all videos capturing arrests, uses of force, and/or any incident deemed necessary by a supervisor, have been downloaded when not leaving their AXON camera in an ETM at the completion of a work shift. Any exceptions to this requirement will only be made in unusual circumstance and with supervisory approval.

451.8 REVIEW OF RECORDED MEDIA

Recorded files shall be reviewed in any of the following situations:

- (a) By a supervisor investigating a specific incident, issue, and/or act of officer conduct.
- (b) By any member of the Department who is authorized to participate in an official investigation in the following type of cases only: personnel complaints, administrative investigations, or criminal investigations.
- (c) Pursuant to a lawful process or by members of the District Attorney's office or court personnel otherwise authorized to review evidence in a related case.
- (d) By the Independent BART Police Auditor or his/her investigator.
- (e) With the expressed permission of the Chief of Police or authorized designee.
- (f) By the "System Administrators" for the purpose of managing the video evidence, quality assurance, and to categorize, label, provide case numbers to videos when needed.

451.9 MOBILE VIDEO RECORDERS

The Department assigned AXON camera shall be the only mobile video recorder allowed for Department employees while on-duty. Any other mobile video recorder shall only be used with the expressed permission of the Chief of Police.

Medical Marijuana

452.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

452.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the State Department of Health Services to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than eight ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Medical Marijuana

452.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Bay Area Rapid Transit Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

452.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

452.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is reasonable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person does not possess marijuana for personal medical purposes.

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Medical Marijuana

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

452.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or, delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

452.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at a later time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Medical Marijuana

- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
 - 1. The amount of marijuana recommended by a medical professional to be ingested.
 - 2. The quality of the marijuana.
 - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 - 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 - 5. Whether the marijuana is being cultivated indoors or outdoors, the climate, etc.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor or other member with special knowledge in this area and/or appropriate legal counsel. Licensing, zoning and other related issues can be complex. Patients, primary caregivers and cardholders who collectively or cooperatively cultivate marijuana for medical purposes are provided a defense under MMP (Health & Safety Code § 11362.775).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

452.3.5 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (c) Smoking marijuana (Health and Safety Code § 11362.79):
 - 1. In any place where smoking is prohibited by law.
 - 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 - 3. On a school bus.
 - 4. While in a motor vehicle that is being operated.
 - 5. While operating a boat.

Medical Marijuana

- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

452.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

452.5 PROPERTY SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section Supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section Supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section Supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Criminal Investigations Division Supervisor.

Aggressive Panhandling

453.1 PURPOSE AND SCOPE

The purpose of this policy is to regulate aggressive panhandling within the San Francisco Bay Area Rapid Transit District by protecting citizens from harassment without infringing upon the Constitutional protection of free speech under the First Amendment.

453.2 POLICY

The practice of aggressive panhandling has been identified as a significant social and safety concern. Departmental policies regulating aggressive panhandling are a necessary component of a coordinated approach to ameliorate the negative impact of aggressive panhandling activities on BART District property.

Panhandling for gratuitous donations is protected under the U.S. Constitution's First Amendment. However, aggressive panhandling is illegal under California law.

California Penal Code 647(c) provides that anyone who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms is guilty of disorderly conduct, a misdemeanor.

Merely requesting and/or receiving a gratuitous (free) donation is not a violation of law and cannot form the basis for a detention.

453.3 DEFINITIONS

Panhandling - The personal, spoken, written or gestural direct solicitation by a person of gratuitous donations of money, food or goods of any kind from any member of the public.

Accosting - Approaching and/or stopping somebody in order to speak to that person in an unreasonably insistent, threatening, intimidating, or intrusive manner.

Aggressive Panhandling - The solicitation of donations in an unreasonably insistent, threatening, intimidating, or intrusive manner.

453.4 EXAMPLES OF AGGRESSIVE PANHANDLING

Examples of aggressive panhandling include:

- The use of overt or veiled threats in an effort to solicit.
- The invasion of personal space by cornering, blocking, or following others in an effort to solicit.
- Touching others in an effort to solicit.
- Reaching or leaning into a car window or across a seated BART customer to solicit.
- Intimidating or obstructing vehicular or pedestrian traffic to solicit.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Aggressive Panhandling

453.5 PROCEDURES

Although an officer may attempt a consensual contact in circumstances when reasonable suspicion of unlawful activity has not yet been established, an officer cannot detain a lawful panhandler unless and until the officer has established reasonable suspicion that an individual is being or has been accosted. When encountering a person suspected of aggressive panhandling where the continued freedom of the individual would not result in a breach of the peace or a more serious crime, police officers are encouraged to utilize referrals to other appropriate social service providers in lieu of physical arrest. The discretion to make a physical arrest of a person suspected of aggressive panhandling shall be the responsibility of the individual officer. When feasible, an officer shall collect evidence of aggressive panhandling prior to detaining or citing a person in connection with a violation of California Penal Code 647 (c). Such evidence may be obtained by way of:

- Personal observation of aggressive behavior by an officer.
- A statement made to an officer by an individual claiming to have been accosted in any manner including but not limited to the examples provided herein.
- Witness statements made to an officer or dispatcher.
- Video of aggressive conduct or accosting recorded using body-worn mobile video recorders, station video cameras, cell phone cameras, or any other video recording device.
- Audio recordings.

Any evidence collected by an officer that generates reasonable suspicion or probable cause to cite or detain an individual for violation of California Penal Code 647(c) shall be documented and included in the narrative section of the officer's police report.

Officers shall be able to articulate the means by which reasonable suspicion or probable cause was developed prior to detaining any individual suspected of aggressive panhandling.

Officers should rely on the elements listed in California Penal Code Section 647(c) as the basis for establishing reasonable suspicion of aggressive panhandling. Officers should be cautious in utilizing the elements listed in any local law or Municipal Code when assessing and establishing the existence of reasonable suspicion or probable cause to cite or detain because these laws may not apply to circumstances within the BART system and/or may not conform to the parameters set forth in this policy.

453.5.1 REPORTING

Officers having interactions and or contacts with persons suspected of aggressive panhandling as a result of self-initiated contact, a citizen complaint, or a BART employee complaint shall contact dispatch with the disposition of the incident.

453.5.2 TRAINING

Training on enforcement of California Penal Code section 647(c) and review of this Policy shall be conducted as directed by the Personnel and Training Division.

Bicycle Patrol Unit

454.1 PURPOSE AND SCOPE

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle ridden by sworn personnel shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning). Officers shall promptly report any damage to the bicycle and note it on the Damage Control Card for the bike.

If a needed repair is beyond the ability of the bicycle officer, a To/From memo will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance once yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers and CSOs shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

Officers and CSOs can purchase their own bikes for patrol use. The bicycles must be approved by the BPU Lieutenant prior to purchase. Officers purchasing their own bikes shall be responsible for all maintenance, damage or loss.

454.7 OFFICER RESPONSIBILITY

Officers and CSOs must operate the bicycle in compliance with the vehicle code under normal operation. Officers may not operate the bicycle hours of darkness.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

- (a) In response to an emergency call.
- (b) While engaged in rescue operations.
- (c) In the immediate pursuit of an actual or suspected violator of the law

Animals On District Trackways

455.1 PURPOSE AND SCOPE

The purpose of this directive is to establish procedures for the safe removal of live, injured or dead animals from District trackways.

455.2 DEFINITION

Trackway - The portion of the BART system within protective fencing, tunnels, tubes, subways, stations or aerial structures, wherein trains operate.

455.3 PROCEDURE

When assigned to a call of a live, injured or dead animal on the trackway, the responding officer will take the following appropriate action:

- (a) **Notification:** The animal control services department in that jurisdiction will be requested to respond to the reported animal's location. If an animal control officer responds, the BART Police Department officer shall accompany the animal control officer at all times while in the trackway. The BART Police Department officer shall apprise the animal control officer of all dangers within the trackway area (i.e., third rail, train traffic, etc.).
- (b) **Live Animals:** If an animal is interfering with mainline train traffic, immediate attempts should be made to clear the animal from the trackway with or without the assistance of an animal control officer. If repeated attempts have failed to accomplish the safe and timely removal of the animal from the trackway, the BART Police Department officer shall contact a supervisor who will determine if the animal should be dispatched.
 1. If the animal is not interfering with mainline train traffic, attempts should be made to first clear the animal from the trackway, or capture the animal. If repeated attempts fail to accomplish the safe and timely removal of the animal from the trackway, the officer shall contact a supervisor who will determine if dispatching the animal is warranted.
- (c) **Injured Animals:** Injured animals shall be treated in the same manner as live animals. All officers should be aware that any injured animal is a potential risk and may turn vicious without warning. Injured animals actually on the tracks or near the third rail should be dispatched prior to removal to insure the safety of the BART Police Department officer or the animal control officer.
- (d) **Dead Animals:** For any animal removal officers will be responsible in evaluating that the conditions are safe. They shall also evaluate whether the dead animal is to large, heavy or in a condition which will allow for its easy and clean removal.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Animals On District Trackways

1. Officers assigned to accompany animal control officers may, with the approval of a supervisor, assist in the removing of the dead animals from the trackway to a safe area.
2. In the event the removal of a dead animal is requested during non-business hours of the animal control services department, the BART officer may, with the approval of a supervisor, move the dead animal to a safe area for later animal control removal.

Delay of Revenue Trains

457.1 PURPOSE AND SCOPE

To provide guidelines for the holding of revenue trains when police intervention is required.

457.2 POLICY

It is the policy of the Department that revenue train delays resulting from police action will be kept to the minimal level necessitated by the circumstances and in consideration of the District goals to achieve maximum train performance while maintaining patron safety.

457.3 PROCEDURE

- (a) **Train Control:** The overall control of revenue train operations is the responsibility of the Operations Control Center manager.
- (b) **Scene Control/Coordination:** BART Police Department personnel will adhere to the provisions of the Operations Rules and Procedures Manual and the BART Emergency Plan. Specifically, it is the responsibility of police personnel requesting any interruption of revenue train service to inform the Operations Control Center of all pertinent circumstances at the earliest possible time. In all life-threatening situations, the police officer at the scene shall inform the Operations Control Center of the circumstances and shall have complete control to accomplish the police function.
- (c) **Considerations:** The following factors should be considered in any request to hold a revenue train for police action:
 - 1. Patron safety and protection
 - 2. Severity of the situation
 - 3. Necessity for immediate versus delayed police action
 - 4. Impact of the delay in operations during peak hours versus non-peak service
 - 5. Alternatives to holding a train
- (d) **Format:** Officers shall provide the Operations Control Center with the following information as part of any request to hold a train:
 - 1. Reason for the request to hold
 - 2. Station or mile post location
 - 3. Track identifier
 - 4. Train destination
 - 5. Platform identifier where appropriate.

Bay Area Rapid Transit Police Department

Delay of Revenue Trains

- (e) **Restoration of Service:** Officers shall avoid any delay in notifying the Operations Control Center to resume service. Any delay in the rapid resumption of revenue service must be agreed upon by the Operations Control Center manager and by the BART police watch commander or sergeant-in-charge.
 - 1. Under no circumstances will revenue service be delayed beyond a reasonable period of time for situations that are routine and not life-threatening in nature.

Foot Pursuit Policy

458.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

458.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

458.2 DECISION TO PURSUE

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department personnel and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Canine search.
- (c) Saturation of the area with patrol personnel.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Foot Pursuit Policy

- (d) Aerial support.
- (e) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

458.2.1 PURSUIT INTO RIGHTS-OF-WAY

- (a) **Pursuits by BART Officers:** Officers should use extreme caution when deciding whether to pursue a suspect into a District right-of-way, particularly if the suspect flees using the trackway or into an underground tunnel area. The danger posed by moving trains, switches and the electric third rail make such pursuits extremely hazardous and they should not be undertaken for minor offenses. In no case should an officer pursue a suspect onto a right-of-way until he/she has established contact with dispatch and ensured that trains are being held out of the affected area and, if reasonably necessary, that electrical power is shut off as well. Only then should an officer enter the right-of-way to pursue the suspect.
 - 1. In these situations, priority should be given to positioning officers at the next logical exit point and intercepting the suspect, rather than pursuing along the right-of-way.
- (b) **Pursuits by Other Agencies:** From time to time, officers from other agencies may pursue suspects into stations, or onto District rights-of-way. These pursuits are even more hazardous, as there is often no coordination between BART and the pursuing agency and the pursuing officers often have no ability to communicate with their own dispatch centers. If BART officers are in a position to assist another agency with the pursuit of a suspect who has fled into the BART system, officers should exercise the same caution and coordinate holding revenue trains and electrical power before allowing the other agency's officers to enter the right of way. A BART officer should accompany the other agency to assist with communication and coordination.

458.2.2 PURSUIT FOR MINOR OFFENSES

The decision to initiate or continue a foot pursuit for a minor offense, such as fare evasion, should be carefully considered by the officer(s) involved. While it is true that suspects detained for minor offenses often elect to flee because they are attempting to elude arrest for more serious crimes, officers must weigh the inherent hazards of a foot pursuit against the known seriousness of the crime at hand. Minor offenses which may not justify the risk of a foot pursuit, or the expenditure of significant resources in order to capture the suspect, infraction violations and non-violent misdemeanor offenses. Officers should also carefully weigh involving outside agencies in extended foot pursuits or area searches for minor violations.

Officers should make every effort however, to locate and apprehend those suspects reasonably believed to be involved in more serious criminal activity. Suspects known to have outstanding

Foot Pursuit Policy

felony arrest warrants, as well as those suspects believed to have committed felony or violent misdemeanor offenses should be pursued as long as the pursuit can be accomplished with a reasonable degree of safety for the pursuing officers, the general public and the pursued suspect. These cases are also more likely to warrant the involvement of outside agencies, air support, the use of police canines and the resources required to establish a perimeter and to conduct a potentially lengthy area search.

Supervisors should carefully monitor extended foot pursuits for minor violations and direct the pursuit to be terminated if the risks of continued pursuit outweigh the likely benefit of continuing the pursuit.

458.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

- (a) When directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory
- (b) When the officer is acting alone.
- (c) When two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect should a confrontation occur.
- (f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.
- (g) When the officer loses radio contact with Integrated Security Response Center or with backup officers.
- (h) When the suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Foot Pursuit Policy

- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

458.4 RESPONSIBILITIES IN FOOT PURSUITS

458.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Unit identifier
- (b) Location and direction of travel
- (c) Reason for the foot pursuit
- (d) Number of suspects and description
- (e) Whether the suspect is known or believed to be armed

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Integrated Security Response Center of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Foot Pursuit Policy

458.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

458.4.3 SUPERVISOR RESPONSIBILITY

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

458.4.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, communication personnel shall, as soon as practicable, notify the field supervisor and provide available information. Integrated Security Response Center personnel are also responsible for the following:

- (a) Clear the radio channel of non-emergency traffic.
- (b) Repeat the transmissions of the pursuing officer as needed.
- (c) Relay all pertinent information to responding personnel.
- (d) Contact additional resources as directed by a supervisor.
- (e) Coordinate response of additional resources to assist with the foot pursuit.

458.5 REPORTING

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) The reason for initiating the foot pursuit.
- (b) The identity of involved personnel.
- (c) The course and approximate distance of the pursuit.
- (d) Whether a suspect was apprehended as well as the means and methods used.

Bay Area Rapid Transit Police Department

Foot Pursuit Policy

1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy 300.

(e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Critical Asset Patrol Program

460.1 PURPOSE AND SCOPE

This policy shall outline the BART District's "Critical Asset Corridor", the responsibilities of the Critical Asset Patrol (CAP) team, establish the minimum qualifications for the position of CAP personnel, and establish the procedures for the selection, testing, qualifying and retention of CAP personnel.

460.2 OBJECTIVE

The Bay Area Rapid Transit District was given a grant by the United States Department of Homeland Security under the Transit Security Grant Program for security enhancements to the District's "Critical Asset Corridor". The critical asset corridor is the most traveled underground stations, and under tubes and tunnels within BART properties. They include:

- The Trans Bay Tube (TBT), 3.7 miles of underwater track way connecting Oakland to San Francisco
- San Francisco Transition Structure (SFTS), major connecting point of the TBT to San Francisco
- Oakland Transition Structure (OTS), major connecting point of the TBT to Oakland
- Operations Control Center (OCC), heartbeat of the computer system that operates the Bay Area Rapid Transit at the Lake Merritt Station
- Berkeley Hills Tunnel (BHT), connects critical asset corridor in Oakland to Orinda and seven of ten BART stations located in Contra Costa County
- The Fruitvale, Lake Merritt, 12th Street, 19th Street, MacArthur, West Oakland, Rockridge, Orinda, Embarcadero, Montgomery Street, Powell Street, and Civic Center stations

The objective of the Critical Asset Patrol (CAP) team is to provide high visibility, uniformed law-enforcement presence (primarily on trains) within the critical asset corridor. CAP team personnel must be proactive and alert to preventing incidents of significant security concerns, focusing on crimes against persons and destruction of District properties. The CAP team may participate in joint deployment assignments within the District involving the Transportation Administration's Visible Intermodal Prevention and Response (VIPR) teams, made up of sworn Federal Air Marshals (FAMs).

460.2.1 COMPLIANCE WITH FUNDING OPPORTUNITY ANNOUNCEMENT

All allocations and use of funds under this grant shall be in accordance with the Funding Opportunity Announcement. The BART Police Department must ensure that Federal funds for the Critical Asset Patrol team do not replace (supplant) funds that have been budgeted for the same purpose through non-Federal sources. The department may be required to demonstrate and document to the United States Department of Homeland Security that a reduction in non-Federal resources occurred for reasons other than the receipt of Federal funds.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Critical Asset Patrol Program

460.3 PHILOSOPHY

The presence of highly visible uniformed officers with the critical asset corridor represents BART's commitment to be as vigilant and progressive as possible to deter and mitigate in the event of an act of terrorism. This would result in a high level impact that would be apparent through the highly visible deployment of the CAP team within the corridor. The CAP team will further enhance BART's immediate response to the threat or act of terrorism by responding to suspicious and unusual behaviors within the critical asset corridor.

460.4 TRAINING

It shall be the goal of this department to administer continuous professional training from California POST or Department of Homeland Security approved courses that will provide for professional growth and continued development of CAP personnel. By doing so, the department will ensure its CAP personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

CAP team personnel are Terrorism Liaison Officers who may provide anti-terrorism training on surveillance, planning, rehearsal for mobilization activities, and the sharing of terrorism intelligence with District employees and allied agencies.

460.5 CAP PROGRAM PERSONNEL

460.5.1 CAP COORDINATOR

The CAP program coordinator shall be selected from the rank of Lieutenant by the Chief of Police or his/her designee, and shall possess a POST Management Certificate. The coordinator of the CAP team will be responsible for managing the CAP program

460.5.2 CAP SERGEANT

- (b) Unless supervisor approval is given in advance, all officers shall attend daily line up briefing during work days at the assigned times.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Critical Asset Patrol Program

- (c) When using the BAP timekeeping system, officers will enter "79HN000-Final Design" when arriving to work on regular days.
- (d) Work day and shift hours for personnel shall be deployed at the supervisor's discretion.

460.6 CRITICAL ASSET CORRIDOR ASSIGNMENTS

Officers will use individual unit identifiers for their call sign, and, absent any prior duties assigned by a supervisor, will assume a high visibility police presence within the critical asset corridor that present the highest risk of threat to our patrons, employees, and the BART system. Sergeants and officers shall radio their status changes to dispatch.

Officers will normally patrol beats as solo units. Field training officers with trainees will be considered a two officer unit. Officers working on both A-Platoon and B-Platoon shall take their lunch breaks on their assigned beats. Each officer shall conduct security inspections at both the Oakland and San Francisco Transitional Structures during their shift. The documentation of each security inspection shall be transmitted over the air to dispatch, and shall also be included in the officers' daily activity log.

460.7 ANCILLARY ASSIGNMENTS

Additional CAP team assignments will be made at the discretion of the Chief of Police or his/her designee.

460.7.1 MANDATORY EMERGENCY STAFFING

Due to emergency staffing needs, CAP personnel may be required to fill immediate patrol vacancies within the critical asset corridor. Mandatory emergency staffing shall be considered any unpredictable required job assignment or duty deemed necessary to be performed immediately in order to accomplish a department task. Such staffing may be declared by any supervisor when an immediate vacancy occurs in patrol.

"Immediate vacancy" shall be defined as any patrol vacancy due to absence, injury, or sudden withdrawal from duty by a current patrol sergeant or officer 45 minutes prior to the beginning of the absent sergeant or officer's shift. In all other cases, the supervisor may staff the immediate vacancy with non-CAP team patrol personnel (i.e. patrol officer, K-9 officer, or officer in a special assignment) prior to assigning any CAP personnel.

460.8 VEHICLES

The following rules will apply to the use of the CAP Team/Command Staff Sports Utility Vehicle (SUV):

- (a) Except as outlined below, CAP Team members and Command Staff are primarily authorized to utilize the Departmental SUVs.
- (b) SUVs are to be parked in the MTC parking lot.
- (c) All vehicle keys shall be checked in/out through the on-duty Watch Commander. If the Watch Commander is not available, then contact an on-duty Lieutenant.

- (d) The SUVs shall be returned in a cleaned condition and fully fueled.
- (e) Use of the SUVs outside of normal parameters (i.e. special assignments and events) shall be cleared through the Watch Commander.

460.9 SELECTION PROCESS

The purpose of the selection process is to provide a fair and impartial procedure for selecting personnel for CAP team assignments. The selection process shall be conducted in accordance with Department Policy #1028 - Special Assignments, Non-Patrol and Specialized Job Assignments.

Any sworn police officer or revenue protection guard who does not strictly adhere to the requests or instructions of the instructors will not be allowed to participate in training.

If any officer is unable to qualify for any reason, including injury, illness, duty status, or scheduling conflict, that officer shall submit a memorandum to his or her immediate supervisor prior to the end of the required defensive tactics qualification period.

Personnel who fail to qualify shall be allowed a minimum of one additional opportunity to qualify during that training day. Those personnel who are still unable to qualify may receive additional defensive tactics training that day if training time and a sufficient number of defensive tactics staff are available.

In situations involving personnel who are unable to qualify by the end of their scheduled shift or the conclusion of the training day (whichever comes first), the on-site defensive tactics supervisor shall, as soon as practicable, notify the employee's immediate supervisor or the on-duty Watch Commander of the failure to qualify. The department's Progressive Discipline System will be implemented to include no less than a letter of discussion.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Defensive Tactics/Impact Weapons Program

The defensive tactics/impact weapons coordinator or designee shall arrange for a 4-hour remedial defensive tactics or impact weapons training session as soon as practical for the non-qualifying personnel. Personnel who are unable to qualify by the conclusion of the first remedial training session shall be scheduled to attend a second 4-hour remedial training session. Personnel will progress to the next level in the Progressive Discipline System, not less than an a written reprimand.

Personnel who are unable to qualify by the conclusion of the second remedial defensive tactics or impact weapons training session, shall be assigned to an administrative position, and a third 4-hour training session will be scheduled. Progress to the next level in the Progressive Discipline System, not less than a pay step reduction.

Personnel that are unable to qualify by the conclusion of the third remedial defensive tactics or impact weapon training session, shall remain assigned to an administrative position. A final opportunity to qualify will be scheduled. Progress to the next level in the Progressive Discipline System, not less than suspension without pay.

Personnel who are unable to qualify by the conclusion of their fourth remedial defensive tactics or impact weapons training session, shall remain assigned to an administrative position. The member/employee shall be examined by a District medical doctor to ensure no medical condition exists that prevents the employee from qualifying.

If no medical condition exists, the member/employee will be subject to termination proceedings.

461.5.2 REMEDIAL TRAINING

Any employee who acts in a grossly unsafe manner or demonstrates dangerous and/or extremely poor decision-making skills in the deployment of and/or application of any use of force-related task, in the field or in training, may be required to attend mandatory remedial training prior to returning to full-duty status.

If in the opinion of the supervisor/primary instructor at the site of the training, the employee's actions/decision-making are so unsafe that if the employee were returned to full duty, the employee may be a safety hazard to him or herself, fellow employees, and/or the public, the supervisor/primary instructor shall recommend mandatory remedial training for the employee. The primary instructor shall contact the on-duty Watch Commander as soon as practicable and make the recommendation for mandatory remedial training.

If the request for mandatory remedial training is approved, the employee shall be removed from an on-duty patrol capacity and placed into a temporary administrative position until such time as that employee satisfactorily completes the mandatory remedial training.

Repeated failures to correct such deficiencies may result in implementation of the Progressive Discipline System. Nothing in this policy precludes the department from requiring an employee to successfully complete remedial training to correct lesser safety violations and/or marginal tactical decision-making skills, without the employee first being removed from full-duty status.

Wrap Restraint

462.1 PURPOSE AND SCOPE

It is the policy of the BART Police Department to use objectively reasonable force and authority when making an arrest, preventing the escape of an offender, or overcoming resistance. The BART Police Department has approved the use of the WRAP within the guidelines provided.

This policy is intended to familiarize Department personnel with the WRAP and procedural guidelines for its use. The WRAP provides a safe and quick method of controlling and immobilizing a violent or potentially violent/combative subject who has been detained or taken into custody.

462.2 DESCRIPTION

The WRAP Restraint manufactured by Safe Restraints, Inc., was designed as a temporary restraining device. Used properly it can increase officer safety and reduce the risk of liability due to injuries and in-custody deaths. The WRAP immobilizes the body and restricts a subject's ability to kick or do harm to oneself or others. The WRAP minimizes the time required to secure a person safely, restrains the subject in an upright position, and has the subject prepared for transportation or movement.

462.3 GUIDELINES FOR THE USE OF THE WRAP

Subjects should NOT be left unmonitored. The WRAP can be used prior to or after a violent/combative subject is controlled using approved departmental methods. As with any restraint device, do not assume the WRAP is escape proof.

The WRAP should be considered for use under the following situations:

- (a) When pre - assaultive, violent, or combative behavior is indicated
- (b) To immobilize a violent/combative subject
- (c) To limit violent/combative subjects from causing injury to themselves or others
- (d) To prevent violent/combative subjects from causing property damage by kicking
- (e) To restrain a subject after a chemical spray or stunning device is used
- (f) When conventional methods of restraint are not effective
- (g) In transportation of violent/combative subjects

Once the subject is properly restrained in the WRAP, the subject should be placed on his/her side, or in a sitting position. This will increase the oxygen recovery rate and will reduce the incident of respiratory fatigue.

462.3.1 APPLICATION OF THE WRAP

The WRAP can be applied by one person, but for violent/combative subjects, two to four people should be used. Only qualified personnel who have received training in the use of the WRAP should use this restraining device. However, under exigent circumstances, those who are qualified

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Wrap Restraint

to use the Wrap may direct personnel who are not trained in its application on a violent/combative subject.

462.3.2 SAFETY PRECAUTIONS

- (a) The shoulder harness should never be tightened to the point that it interferes with the subject's ability to breathe
- (b) The leg bands and shoulder harness must be checked frequently for tightness and re-tightened or loosened as necessary until the WRAP is removed
- (c) If the restrained subject complains of or shows signs of breathing distress (shortness of breath, sudden calmness, a change in facial color, etc.), medical attention should be provided immediately
- (d) The subject should NOT be left unmonitored
- (e) Subjects should be placed in an upright sitting position or on their side as soon as possible to allow for respiratory recovery
- (f) The WRAP is a temporary restraining device and is NOT escape proof

462.3.3 TRANSPORTATION

Movement of a restrained subject can be accomplished in two ways depending on their cooperation. The restrained subject can either be carried or allowed to stand and shuffle step to the destination. Officers shall observe the following procedures:

- (a) To carry the restrained subject, it is recommended between two to four personnel should be used depending on the size and weight of the subject. Lift the subject under the arms and ankles. A "log lift" carrying technique may be used when moving the subject. Proper lifting techniques should be used to prevent injury to officers.
- (b) As an alternative to lifting, the subject may be moved by means of a shuffle. If the subject is cooperative the lower WRAP leg band can be loosened to allow some leg movement below the knees without compromising security or safety. By loosening the tether to the shoulder harness, the subject can be brought to a standing position with the help of officers and then allowed to shuffle to or from a vehicle or holding cell. If this method is used, appropriate support must be given to the subject to prevent possible injury by falling.

Prior to vehicle transportation, re-check all belts to ensure that they are securely fastened. The use of a seat belt is required to limit movement and reduce the risk of injury to the subject. If needed, consider having an officer ride with the subject to ensure all straps remain tight and the subject has no medical problems. Re-checking the security of the WRAP and keeping the subject under constant observation should apply to any movement of the subject.

462.3.4 DOCUMENTATION

The AXON Flex MVR shall be activated in accordance with Departmental policy and during any incident in which the WRAP is being considered for use. Any time the restraint device is used, the circumstances requiring its use shall be documented in the related report(s). The officer should include the following in the report:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Wrap Restraint

- (a) The reason and/ or justification for use
- (b) The amount of time the suspect was restrained
- (c) How the suspect was transported and the position of the suspect
- (d) Observations of the suspect's physical and physiological actions
- (e) Information about the application and removal of the WRAP
- (f) Any known or suspected drug use or other medical problems
- (g) Documentation of continuous activation of the AXON Flex MVR prior to, during, and after the use of the WRAP

A supervisor shall be responsible for conducting a use of force investigation and shall ensure that the Watch Commander is advised of the incident.

462.4 STORAGE AND RE-USE OF WRAP

It is important that the WRAP is immediately ready for use and prepared for storage in a way that prevents the loop fastening material on the bands from becoming dirty or entangled. This allows the WRAP to be quickly laid out next to the subject and applied without the confusion of having to untangle the bands. The WRAP shall be kept in the provided storage bag as follows:

- (a) The WRAP shall be inspected for signs of wear or damage. If cleaning is necessary, a mild soapy solution may be used. Allow the WRAP to thoroughly air dry prior to storage
- (b) Lay the WRAP on a flat surface with the leg band side up and detach the shoulder harness. Extend each of the leg bands out flat
- (c) Individually fold each of the leg bands back onto itself so that the fold of the band protrudes an inch or two from the edge of the WRAP body
- (d) Be sure the retaining "D" ring on the body of the WRAP and harness is open and ready for use
- (e) Keeping the bands inside, roll the WRAP tightly towards the buckle and secure with the ankle strap and place in the storage bag
- (f) Fully extend the harness buckles and tether. Attach buckles to its counterpart and roll the harness up and place it in the storage bag compartment

462.5 TRAINING

The Department shall provide certified training in the use of the WRAP restraint. Only those personnel who have successfully completed the training shall apply this restraining device and, under exigent circumstances, may direct personnel who are not trained in its application on a violent/ combative subject.

Homeless Persons

467.1 PURPOSE AND SCOPE

The purpose of this policy is ensure that personnel are sensitive to the needs and rights of the homeless population, to establish procedures to guide police officers during casual and arrest situation contacts with the homeless, and to reaffirm that homelessness is not a crime.

467.2 POLICY

It is the policy of the BART Police Department for all officials and personnel to provide appropriate law enforcement services to the entire community while protecting the rights, dignity and personal property of the homeless by policy, rules, regulations and practices.

467.3 DEFINITIONS

Homeless Person - A homeless person is an individual who lacks housing because he/she cannot afford, pay for, or is otherwise unable to maintain regular, safe, and adequate housing. A homeless person may also have a primary day or night-time residency that is:

- A supervised publicly or privately operated shelter designed to provide temporary living accommodations;
- An institution that provides a temporary residence for individuals intended to be institutionalized;
- A public or private place not designed for use as a regular sleeping accommodation for human beings.

Basic criteria of a homeless individual is one who appears to need personal shelter, warmth and safety. This may include:

- Personal privacy, especially for sleeping;
- Safekeeping of bedding, clothing and possessions, which may have to be carried at all times;
- Hygiene and shaving complications;
- Obtaining, preparing and storing food in small quantities;
- Keeping contacts without a permanent location or mailing address.

Illegal Lodging - Under California Penal Code 647(e), anyone who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control of it is guilty of disorderly conduct, a misdemeanor.

Per *Black's Law Dictionary* and *The Civil Rights Legal Division Coalition on Homelessness*, a person is not lodging if he/she is just "hanging out" or "sleeping" for awhile. Lodging means that a person is establishing living accommodations or a place of temporary residence by staying in

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Homeless Persons

one place for an extended period of time (more than a few days). An example of this would be a person living out of a tent on District property for a period of time.

467.4 PROCEDURE

- (a) **Casual Contact:** At any time, and for any reason, police officers may approach a homeless person on BART District property who has not been observed engaging in any criminal conduct to advise him or her of shelters, services, or assistance which are currently available. The homeless person may or may not accept the advice, or may even walk away from the area. The rationale is to pro-actively provide referrals to the homeless.
1. Police officers may escort homeless persons off District property toward alternative locations for shelter, service, or assistance.
 2. Police officers may transport homeless persons to any shelter, service, or assistance when the person accepts such referral. The homeless individual will be searched for weapons and/or contraband before being transported.
 3. The officer shall generate a case number from dispatch with the facts of the incident, the referral and disposition.
- (b) **Arrest Situations:** Arrests of all persons including those defined as homeless shall comply with California law, Municipal Ordinances, and Department policies and procedures.
1. If a police officer observes a homeless person(s) engaged in criminal activity, when practical and prudent to do so, an alternative to a physical arrest shall be used.
 2. An officer always has the right to approach any individual including a homeless person, to allay any suspicions an officer may have about the individual and ascertain that no criminal activity is occurring.
 3. When encountering a homeless person who has committed a misdemeanor law violation where the continued freedom of the individual would not result in a breach of the peace or a more serious crime, police officers are encouraged to utilize referral to homeless shelters or other appropriate social service provider, in lieu of physical arrest. It must be recognized that such referral is contingent on the voluntary agreement of the homeless person to accept such referral. The discretion to make a physical arrest of a person determined to be homeless for misdemeanor violations shall be the responsibility of the individual officer.

467.5 PERSONAL PROPERTY

The personal property of all homeless persons shall be respected. In no event shall any officer destroy any personal property known to belong to a homeless person, or readily recognizable as

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Homeless Persons

property of a homeless person unless it is contaminated or otherwise poses a health hazard to an officer or to members of the public. Officers are not responsible for taking custody of mattresses.

All property of the arrested person should be turned over to detention personnel at the jail. If the jail refuses to take the property it should be stored for safe keeping. All perishables should be dispensed of. If property is dirty it should be placed in a plastic bag prior to being stored.

467.6 REPORTING

Officers having interactions and or contacts with persons determined to be homeless as a result of self initiated contact or as a result of a citizen complaint shall contact dispatch with the disposition of the contact.

Community Oriented Policing Program

473.1 PURPOSE AND SCOPE

The BART Police Department's community oriented policing program is a proactive approach to policing that involves problem identification and resolution, and creating partnerships between the members of the police department and the communities they serve. Officers in the BART Police Department are expected to be community resources who assist citizens in solving problems within their jurisdictions. It is expected that the officers will work with patrons, community residents and other city departments to provide a long-term solution to existing and potential issues concerning safety.

Officers involved in community oriented policing are concerned with improving the quality of life in and around the BART District. Officers may be assigned to a specific geographic area for a long term in order to provide them with the opportunity to get to know transit patrons and community residents on a more personal level, learn what they perceive as problems, and develop ways of addressing those problems.

473.2 PHILOSOPHY

Community oriented policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to pro-actively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Community oriented policing goes beyond traditional policing to build a cooperative and mutually beneficial relationship between the police and the community by:

- Ensuring active involvement on the part of problem-solving officers and neighborhood services coordinators in the affairs of the community.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This Department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

The BART Police Department traffic law enforcement practices will include:

- Visible traffic patrol, whether area, line, or directed;
- Stationary observation, covert and overt;

The use of unmarked or unconventional vehicles solely for traffic law enforcement is prohibited by California Vehicle Code § 40800.

500.1.1 TRAFFIC COMPLAINT AND DATA REVIEW PROCESS

The traffic officer (or designee) will establish a procedure for responding to traffic complaints and coordinate efforts with public works engineers. The procedure will include the collection and examination of roadway traffic data (speed, volume, time of day) and the accident data to determine the responses to complaints.

The traffic officer (or designee) will ensure that a report is compiled, at minimum quarterly, that includes:

- (a) Traffic collision data;
- (b) Traffic enforcement activities;
- (c) Traffic complaints;
- (d) Analysis of enforcement activities and collisions, by location and primary collision factor to evaluate the efficacy of traffic enforcement activities.

500.2 AUTHORITY

California Penal Code 830.33(a): The primary duty of a peace officer who is a member of the San Francisco Bay Area Rapid Transit District Police Department appointed pursuant to Section 28767.5 of the Public Utilities Code is the enforcement of the law in or about the properties owned, operated, or administered by the District or when performing necessary duties with respect to patrons, employees, and properties of the District.

California Vehicle Code 21113(a): No person shall drive any vehicle or animal, nor shall any person stop, park, or leave standing any vehicle or animal, whether attended or unattended, upon the driveways, paths, parking facilities, or the grounds of any public school, state university, state

Bay Area Rapid Transit Police Department

college, unit of the state park system, county park, municipal airport, rapid transit district, transit development board, or transit district.

California Vehicle Code 21113(c): When any governing board, legislative body, or officer permits public traffic upon the driveways, paths, parking facilities, or grounds under their control then, except for those conditions imposed or regulations enacted by the governing board, legislative body, or officer applicable to the traffic, all the provisions of this code relating to traffic upon the highways shall be applicable to the traffic upon the driveways, paths, parking facilities, or grounds.

500.2.1 TRAFFIC RECORDS

The data used to deploy traffic officers may include data stored in the Records Management System regarding traffic collision data, traffic enforcement data and roadway hazard information. The traffic officer (or designee) is responsible to coordinate data distribution to the District's Civil Engineering Department.

500.4 DISTRICT PROPERTY ENFORCEMENT

District property traffic enforcement stops should only be done in police vehicles that are equipped with at least a steady burning red light in the front, amber flashing lights to the rear and a siren.

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

District property traffic enforcement (other than speed or reckless driving violations) shall only be done for those parking and/or moving violations where appropriate and maintained signage and/or road markings exists that conform to Department of Transportation standards.

District property traffic enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.4.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Traffic Function and Responsibility

500.4.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.4.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4.4 HANDLING SPECIAL CIRCUMSTANCE - TRAFFIC LAW VIOLATIONS

Foreign Diplomats/Consular Officials will be dealt with in accordance with Policy Manual § 422. Nonresident violators, members of the legislature and military personnel will be processed in the same manner as a private citizen.

Juvenile violators are processed in the same manner as adult violators.

500.4.5 UNIFORM ENFORCEMENT GUIDELINES

Officers should take enforcement action when serious violations are observed or reported. It is the intention of the BART Police Department to take maximum enforcement action when a threat to life and public safety are involved. The following violations are examples of serious:

- Violations involving drug/alcohol impairment
- Drivers with a suspended or revoked license
- Serious speed violations resulting in added danger to the public
- Other hazardous violations including but not limited to reckless driving and speed contests
- Multiple violations
- Violations resulting in traffic collisions

Traffic Function and Responsibility

Officers observing less serious violations are encouraged to take appropriate action. Officers should use discretion in determining enforcement action for things such as:

- Offroad vehicle violations
- Equipment violations
- Public carrier and commercial violations
- Other nonhazardous violations
- Newly enacted laws and/or regulations
- Pedestrian and bicycle violations

500.4 OFF-PROPERTY TRAFFIC ENFORCEMENT

Off-property traffic stops are any stops initiated for violations that occur off the property owned by the District. Any off-property traffic stop will be conducted in a safe manner, keeping the mission, objectives and values of the department in mind. Because enforcement stops initiated for off-property violations keep departmental resources away from the District, police employees shall limit off property enforcement activity to serious, flagrant or life-threatening violations. Officers may conduct traffic enforcement stops for any witnessed violation adjacent to BART stations if they believe the occupants may be involved in criminal activity impacting BART.

Off-property vehicle stops will not be initiated for equipment, registration or other vehicle code moving violations, unless the driving actions constitute a life-threatening hazard to citizens in the area. Examples of off-property vehicle stops that would justify the expenditure of sworn personnel's time away from the District include investigation of driving under the influence of alcohol or drugs, reckless driving or reasonable cause to believe involvement in serious criminal activity. To ensure the safety of sworn personnel and citizens, off-property vehicle stops generally should be initiated with fully-marked police vehicles, minimally equipped with a steady burning red light to the front, amber flashing lights to the rear and a siren.

Officers initiating an off-property vehicle stop, shall use police code "11-95X" to advise dispatch of the stop. At an officer's or supervisor's request, dispatch will contact the local police agency that has primary jurisdiction; however, the officer may choose to handle any necessary citations or warnings without the assistance of the local agency.

Police personnel may stop and render assistance to stranded motorists and assist other public agencies as a cover unit or at an accident scene off District property. Dispatch shall be notified and an event generated. A supervisor may require a report be written documenting the member's actions.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Traffic Function and Responsibility

by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

Suspended, Revoked, and Unlicensed Drivers

501.1 PURPOSE AND SCOPE

To enforce laws pertaining to unlicensed or suspended and revoked drivers and provide a procedure for handling drivers operating vehicles while unlicensed, or while driving with a suspended and/or revoked drivers license. To provide a procedure for the tow and impound of vehicles used by such violators.

501.2 DRIVER LICENSE STATUES VERIFICATION

Officers who contact the driver of a vehicle and become aware that he/she is operating the vehicle while unlicensed, or with a suspended and/or revoked drivers license shall:

- (a) Verify, whether on their MDC's or via dispatch, the driver's license statues via CLETS. Officers should request that dispatch print a copy with the case number on it. Officers shall request the service code on any suspension or revocation. Service Codes B through G and M indicate the person has been served notice of any suspensions and/or revocations.
- (b) If the driver's license has been suspended or revoked, but he or she has not been notified of the suspension or revocation, give him/her verbal notice of the suspension or revocation. Complete a DL-310 form and have the driver sign it. If the driver refuses to sign, write "refused" on the signature line. Confiscate any California Drivers License(s) per 4460 V.C. Forward the license and DL-310 to the traffic officer. Do not place the license into evidence.
- (c) If the driver has prior notification of the suspension or revocation, issue the driver a citation for the appropriate violation of 14601-14601.5 V.C. The violator's vehicle may be towed and stored per 22651(p) V.C. or towed and impounded per 14602.6(a) V.C.
- (d) Officers shall document their actions via the appropriate arrest report. A CHP-180 report will be required if the vehicle is impounded or stored. Officers citing drivers for infraction violations of 12500(a) V.C. or 14601.1(a) V.C. may use a citation report, unless the vehicle is impounded or stored.
- (e) Persons seeking release of their vehicles should be advised to contact the Traffic Officer during business hours.

501.2.1 DRIVER AND PASSENGERS OF VEHICLES BEING TOWED

Refer to Policy 510 for the departments towing policy. Consideration should be given to the safety of the driver and any passengers when deciding whether to tow the vehicle. Officers may summon a taxi or other party to pick up the people, at their request, or the people may be transported to a safe area. In no case should an unlicensed driver, or a person with a suspended or revoked driving privilege, be allowed to take control of the vehicle. Vehicles seized pursuant to sections

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Suspended, Revoked, and Unlicensed Drivers

(b) and (c), listed in 501.2 above, may be subject to forfeiture under section 14607.6(a) V.C. Such forfeiture should be reviewed by the Administrative Traffic Officer.

501.2.2 30 DAY VEHICLE IMPOUNDS

When impounding a vehicle pursuant to section 14602.6(a)(1) VC, officers shall indicate on the CHP 180 form that a vehicle is to be held for 30 days in the box labeled "Storage Authority and Reason", by writing "14602.6(a)(1) VC-30 day hold".

Vehicles may be released prior to 30 days if the "30 day hold" wording is absent. Dispatchers shall enter "14602.6(a)(1)VC-30 day hold" wording in the narrative of their CADS screen.

[In cases where a 30 day hold is not warranted, 22651\(p\)VC shall be used.](#)

501.2.3 VEHICLE RELEASE

The owners or agents seeking the release of vehicles towed, stored or impounded pursuant to 14602.6(a) V.C. may request a hearing by the Administrative Traffic Officer during regular business hours at x7038.

Traffic Collision Involving Police Personnel

502.1 PURPOSE AND SCOPE

This policy is to establish a procedure for reporting and reviewing traffic collisions involving on-duty BART police employees; and traffic collisions involving vehicles owned, leased or rented by the District and operated by, or assigned to, an on- or off-duty BART police employee.

502.1.1 PROCEDURE

A Collision Review Board shall review traffic collisions involving on-duty police employees and traffic collisions involving vehicles owned, leased or rented by the District and operated by, or assigned to, an on- or off-duty BART police employee. The Board will determine if the collision was preventable, non-preventable, a non-collision, or legal intervention. The Board will not be responsible for determining or recommending discipline, or investigating or deciding on other possible procedural, rule, or legal violations.

The Board will not be used to review traffic collision involving the Chief of Police or Deputy Chief. The Chief will review collisions involving commanders, while the District General Manager will review collisions involving the chief.

Investigations of collisions covered under this policy will be conducted by sworn supervisors.

502.2 COLLISIONS OCCURRING ON DISTRICT PROPERTY

- (a) BPD employees involved in a collision occurring on District property shall notify the Communications Center as soon as practicable. The involved employee will advise that he/she has been involved in a traffic collision and request medical assistance for any involved parties, as needed. The employee shall also request that the appropriate zone supervisor be notified.
- (b) Upon notification, the zone supervisor should proceed to the collision scene. The supervisor shall attempt to take verbal statements from all involved parties and complete the collision investigation. Any exceptions to having a supervisor at the collision scene to handle the investigation must be approved by a watch commander.
- (c) Collisions will be documented on the appropriate CHP Traffic Collision Report form, as follows:
 1. Property Damage Only (PDO) forms (CHP 555-03) may be used if:
 - (a) One or two parties are involved;
 - (b) No injuries or fatalities are incurred (including a complaint of pain);
 - (c) No anticipated prosecution;
 - (d) Non-injury hit-and-run collisions where prosecution is not anticipated or no follow-up information is available.

BART PD Policy Manual

Traffic Collision Involving Police Personnel

1. A PDO requires a Collision Report narrative. This format consists of a following report headings: Notification, Statements, Summary, Area of Impact, and Cause. A sketch is required when preparing a PDO; however, a diagram is not. Refer to the CHP Collision Investigation Manual for specific report-preparation instructions.
 2. (Note: Nothing in this directive prohibits the documentation of a report qualifying as a PDO from being completed as a Collision Investigation as described below, at the discretion of the reporting officer or as directed by a supervisor.)
2. All other collisions not qualified for completion on a PDO form shall be documented on a Traffic Collision Report (CHP 555) and will utilize the Investigation Narrative Format. This format requires the use of the following report headings: Facts (Notification, Scene, Parties, Physical Evidence, Hit and Run, Hazardous Materials, and Other Factual Information); Statements; Opinions and Conclusions (Summary, Area of Impact, Intoxication, and Cause); and, Recommendations. The Investigation Format requires a sketch and factual diagram.
 - (a) All Statements, causes, opinions and conclusions, and recommendations will be documented as required by either report format, regardless of who is at fault in the collision.
 - (d) All police employees operating, last in control of, riding in the involved vehicle(s), or witnessing the collision, shall submit a memorandum through the chain of command to the on-scene supervisor. Memos will detail the circumstances of the collision. If the involved employee(s) is unable to prepare a memo, the investigating supervisor shall take a verbal statement.
 - (e) If a supervisor does not prepare the collision report, that supervisor will gather all relevant information and prepare a memo describing the circumstances of the collision and an opinion as to fault. If fault is unclear, this fact must be noted. This memo shall be forwarded to the Collision Review Board chairperson.
 - (f) The on-scene or assigned supervisor will send a **copy** of the traffic collision report and all original memorandum(s) to the Board chairperson. All original reports shall be forwarded to the Records Section.
 - (g) In the event any involved party sustains fatal or severe injuries, the California Highway Patrol will be requested to respond and handle the investigation. If the CHP does not respond, a BPD supervisor shall handle the investigation as outlined above. (Note: A severe injury is defined as an injury that results in broken, dislocated or distorted limbs, severe lacerations, or unconsciousness.)

502.3 TRAFFIC COLLISION REPORTING

- (a) BPD employees involved in a collision occurring off District property must notify the Communications Center as soon as practicable. The involved employee shall advise that he/she has been involved in a traffic collision and request medical assistance for any involved parties, as needed. The employee shall also request that the appropriate BPD supervisor be notified and the law-enforcement agency with jurisdiction of the collision site be contacted and requested to respond to investigate the collision. If the local agency is unable or declines to respond, a BPD supervisor will be assigned to investigate the collision, providing that it occurred within the BART counties.
- (b) If the local law enforcement agency responds and handles the investigation, the involved employee is responsible for obtaining the investigating officer's name, case or incident number, and identifying information of the other involved parties.
- (c) All police employees operating, last in control of, or riding in the involved vehicle(s), or witnessing the collision, will submit a memorandum through the chain of command to the on-scene supervisor. Memos shall detail the circumstances of the collision. If the involved employee(s) is unable to prepare a memo, the investigating supervisor will take a verbal statement.
- (d) If the local law enforcement agency does not investigate the collision, the same reporting requirements regarding PDOs and Traffic Collision Reports, as listed in section 502.2 shall be utilized by the investigating BPD supervisor.

502.4 REPORTING SITUATIONS

In the event an employee is injured as a result of a traffic collision as described in this directive, a supervisor shall complete the Supervisor's Report of Injury/Illness report, and the Employee's Claim for Workers' Compensation Benefits form. The completed forms will be faxed to the appropriate locations and forwarded to the Records Section. All other injury reporting procedures also apply.

The supervisor shall also follow all procedures regarding the District's post-accident testing. Regulations for all safety-sensitive employees (all sworn classifications and Revenue Protection Guards) call for post-accident testing if the collision results in the following: a fatality, regardless of the circumstances; an injury to any person which requires immediate medical treatment away from the scene of the accident; or, one or more of the involved District vehicles incurs disabling damage as a result of the occurrence and is transported from the scene by tow truck or other vehicle. (Note: "Disabling damage" means damage that prevents a vehicle's departure from the scene and would require more than temporary simple repairs or the changing of a tire in order to be driven away.)

For those employees not designated as safety-sensitive (civilian classifications except RPGs), regulations call for post-accident testing if the collision results in the following: a fatality; a medical

injury; or, District property damage of \$5,000 or more. (See District Substance Abuse Program for further details regarding post-accident testing for all BPD employees.)

The supervisor shall also complete the involved vehicle's Vehicle Damage Report Form and Accident Control Card.

502.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

The Collision Review Board will be comprised of the following personnel:

- (a) A command-level officer (chairperson) selected by the chief of police. If the involved employee is a lieutenant, the chairperson shall be a Deputy Chief;
- (b) A sergeant selected by the chairperson;
- (c) An employee of equal rank to the individual involved in the accident or other designee named by the involved employee's bargaining unit.

502.6 BOARD FINDINGS

The Collision Review Board shall determine if the collision was preventable, non-preventable, a non-collision, or legal intervention as defined below:

- (a) **Preventable:** A traffic collision is preventable when the driver fails to take reasonable action to prevent a collision. Vehicle operators are expected to actively attempt to avoid collisions. Any traffic collision that is proven to be the fault of the driver through neglect of his/her duty as a driver is negligence. Failure to exercise the care that a prudent person usually takes shall be deemed a preventable accident caused by negligence.
- (b) **Non-Preventable:** Any traffic collision in which the driver has no control (mechanical failure or being physically incapacitated while driving) or when the driver has taken reasonable and precautionary action to avoid a collision.
- (c) **Non-Collision:** An event in which the involved vehicle may have struck another vehicle or object, or may have been struck by another vehicle or object but no damage to any involved vehicle or object has occurred and no injury to any involved party has occurred. As provided in the CHP Collision Investigation Manual, these events do not constitute a traffic collision.
- (d) **Legal Intervention:** Injury or damage caused by enforcement intervention (usually apprehension or an attempt to apprehend) using a motor vehicle is not a motor-vehicle collision insofar as the enforcing agency and violator relationship are concerned. (If, however, intentional acts are committed and injury or damage goes beyond the original intent, the excessive acts are considered accidental and meet the definition of a motor-vehicle collision.)

The findings of the Collision Review Board will be in writing. The original memorandum detailing the findings shall be kept with the Board's file containing all reports and information pertinent to

Bay Area Rapid Transit Police Department

BART PD Policy Manual

the collision. A copy of the findings memorandum will be sent to the employee via the chain of command.

502.7 DISCIPLINARY ACTION

Pre-discipline or disciplinary action, when warranted, will be in accordance with established procedures.

502.8 COLLISION REVIEW FILE

The chairperson will maintain a file that includes the documentation and findings of each traffic collision reviewed by the Board. The documentation of each collision will be retained for five (5) years from the date of the Board's findings.

Traffic Collision Reporting

503.1 PURPOSE AND SCOPE

The Bay Area Rapid Transit Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

503.1.1 RESPONSIBILITY

The Administrative Traffic Officer will be responsible for distribution of the Collision Investigation Manual. The Administrative Traffic Officer will receive all changes in the state manual and ensure conformity with this policy.

503.2 RESPONSE TO COLLISION SCENES

It is the policy of the Bay Area Rapid Transit Police Department to respond to all injury collisions on District property. The definition of an injury collision is one in which a party involved is transported to the hospital with a visible or serious injury or if the injury constitutes a trauma activation.

Officers will respond to all traffic collisions upon District owned roadways except when resources are not available. In the event officers are not available or have a delayed response time to an injury traffic collision, assistance from the appropriate allied agency shall be requested. In cases where officers are not available to respond to minor collisions, department members should identify alternate means for the parties to complete a collision report.

When a traffic collision occurs on a District owned roadway, the unit dispatched shall assume primary responsibility for the collision scene and documentation of any reporting requirements. Such primary responsibilities may be reassigned by the patrol supervisor.

In any circumstance where an officer/unit witnesses or becomes first on-scene to any injury or major accident investigation that occurred outside of the District's jurisdiction, that unit shall make a reasonable effort to safely maintain the integrity of the scene and summon emergency medical aid until that jurisdictional authority can properly assume control and investigative responsibility of the scene.

Regardless of jurisdiction, the first officer on the scene of any traffic collision shall identify and assess all involved parties for injury and ensure that appropriate medical aid is summoned.

503.2.1 MAJOR ACCIDENT INVESTIGATION

Major accident scenes involving serious injuries, death or unusual circumstances that may be beyond the Department's accident investigative abilities will be brought to the attention of the Watch Commander. The Watch Commander will decide if a request for accident investigation assistance is warranted from a local allied agency or the California Highway Patrol.

If an officer has responded to a major accident and is awaiting the arrival of additional investigative personnel, the officer should ensure that the scene remains secure and free from contamination.

Traffic Collision Reporting

503.3 TRAFFIC CONGESTION DUE TO COLLISIONS, REMOVAL OF VEHICLES

It is important that officers endeavor to clear roadways as quickly as possible after a collision to limit the impact on the motoring public. However, some serious collisions involving major injuries or death may require the closure of a roadway for extended periods of time.

If the closure of a roadway is anticipated for an extended period (more than 30 minutes) officers should utilize additional resource to reroute or detour traffic when possible.

Officers may order drivers to move their vehicles from the roadway or have them towed if damage does not permit movement. All efforts should be made to tow vehicles at the owner's request. If an owner is not available or refuses towing, the officer should complete a Tow/Storage Form (CHP 180) and order the removal if authority exists.

503.4 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be completed in a timely manner and submitted to their supervisor for approval. Any traffic collision reports completed on manual forms shall be submitted to the Records Unit for data entry into the Records Management System.

503.4.1 DEFINITIONS

Serious Injury - Any injury that may result in a fatality.

503.4.2 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports have several formats varying in complexity. Generally, traffic collision reports are taken when the collision occurs on a roadway or highway within the jurisdiction of this department.

Traffic collision reports may be taken when they occur on a roadway or highway within the District's jurisdiction. A collision shall be documented as an INVESTIGATION when one or more of the following conditions exist:

- (a) When there is a death or severe injury to any persons involved in the collision (on or off highway).
- (b) When there is visible injury (on or off highway) requiring transportation by ambulance non- visible injury warranting a trauma activation.
- (c) When the collision results from an identifiable violation of law, and collection of evidence is required to support prosecution.
- (d) When the collision involves a school bus carrying any student at or below the twelfth grade level, the reporting investigation of such a collision shall be referred to the California Highway Patrol (Refer to C.I.M.).
- (e) When the collision involves a hit and run with sufficient information or evidence for follow-up and potential prosecution at a later time.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Traffic Collision Reporting

(f) When a collision involves fire, or the release or potential release of Hazardous Materials, the Bay Area Rapid Transit Police Department will take a supporting role to the local Fire Department within the jurisdiction, who is responsible for all fire and Haz-Mat incidents.

503.4.3 SUMMARY CAUSE COLLISION REPORT

A Collision Report CHP § 555 (Summary Cause) shall be made when one or more of the following conditions exist:

- (a) When a "complaint of pain" is reported regardless if a party is being transported via ambulance for medical care.
- (b) When collisions result in those injuries classified as "other visible injuries", as defined by the C.I.M., and the person was not transported for medical care.
- (c) When an officer witnesses a property damage only collision and the causing violation, including DUI (Vehicle Code § 23152a), and the officer issues a traffic citation or collision notice for that violation.

Narrative of Summary Cause reports shall include:

- Notifications
- Summary
- Cause
- Recommendations

503.4.4 PROPERTY DAMAGE ONLY REPORT

Property Damage Only (PDO) forms (CHP 555-03) may be used if:

- (a) One or two parties are involved;
- (b) No injuries or fatalities are incurred (including complaint of pain);
- (c) No anticipated prosecution;
- (d) Non-injury hit-and-run collisions where prosecution is not anticipated or no follow-up information is available.

1. A PDO requires a Collision Report narrative. This format consists of a following report headings: Notification, Statements, Summary, Area of Impact, and Cause. A sketch is required when preparing a PDO; however, a diagram is not. Refer to the CHP Collision Investigation Manual for specific report-preparation instructions.

2. (Note: Nothing in this directive prohibits the documentation of a report qualifying as a PDO from being completed as a Collision Investigation as described below, at the discretion of the reporting officer or as directed by a supervisor.)

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Traffic Collision Reporting

503.4.5 TRAFFIC COLLISIONS INVOLVING NON-POLICE DISTRICT VEHICLES

- (a) Photographs of the collision scene and vehicle damage and/or property damage should be taken by the Investigating Officer or supervisor.
- (b) Traffic collision reports (CHP 555 form) shall be taken when a District vehicle is involved in a traffic collision, or District property is damaged due to a traffic collision, within BART District property, wherein any damage or injury results.
- (c) When the collision occurs outside District boundaries, the local law enforcement jurisdiction shall be requested to complete the investigation. In the event the local agency is unable to handle the investigation, the Watch Commander shall assign an BART PD officer.

503.4.6 TRAFFIC COLLISIONS WITH OTHER DISTRICT EMPLOYEES OR OFFICIALS

The on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any District official or employee where a serious injury or fatality has occurred.

503.5 CONTROLLING PROPERTY BELONGING TO COLLISION VICTIMS

When an officer at the scene of a traffic collision becomes aware of the personal private property of an incapacitated subject, said property should be taken into custody for safekeeping if that officer is not able to secure the property.

503.6 DISTURBANCES AT SCENES OF COLLISIONS

Upon arriving at the scene of a collision where a disturbance between involved individuals or others is on-going, defuse the situation as appropriate. At the discretion of the officer, it may be prudent to document the circumstances of the disturbance in the corresponding collision report.

Vehicle Towing and Release Policy

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of this Police Department.

510.2 STORAGE AND IMPOUNDS

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Section as soon as practicable after the vehicle is stored.

Whenever a vehicle is towed the towing officer shall fax a copy of the CHP form 180 to the Records Section, x7089, prior to the end of their shift.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call for a rotational tow. The officer will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Towing and Release Policy

- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

510.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6 DISPATCHER'S RESPONSIBILITIES

Approved storage forms shall be promptly placed into the case file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code §§ 22851.3(d), 22852(a), and 14602.6(a)(2)). The notice shall include the following information (Vehicle Code § 22852b):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vehicle Towing and Release Policy

- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

510.3 TOWING SERVICES

The department should maintain a list of selected tow companies to act as the official tow service. These firms, based on county location, will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action
- (b) When a vehicle is being held as evidence in connection with an investigation
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations

Nothing in this policy shall require the Department to tow a vehicle.

510.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.5 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.6 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle

Bay Area Rapid Transit Police Department

and after all applicable fees are paid (Vehicle Code § 22850.3 and Vehicle Code § 22850.5).

- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3 and Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license and applicable fees paid prior to the end of the 30-day impoundment period if the vehicle was stolen, if the driver reinstates his/her driver's license, if the driver acquires a license and proper insurance, or under other circumstances as set forth in Vehicle Code § 14602.6.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

510.7 RELEASE OF VEHICLE

- Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or person in control of the vehicle and after all applicable fees are paid (Vehicle Code §§ 22850.3 and .5).
- Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code §§ 22651 (et seq.), 22652 (et seq.), 22850.3 and .5).
- A vehicle removed pursuant to Vehicle Code § 14602.6(a) and impounded for 30 days shall be released at the end of the impoundment period only when the registered owner or agent presents his/her valid driver's license and proof of current vehicle registration, or upon order of a court (Vehicle Code § 14602.6(d)(2)).

A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his or her agent with proof of current registration, proof of a valid driver's license and applicable fees paid prior to the end of the 30 day impoundment period under any of the following circumstances (Vehicle Code § 14602.6(d)(1)):

- (a) In response to a valid order of a court.

- (b) When the vehicle is a stolen vehicle.
- (c) When the vehicle is subject to bailment and is driven by an unlicensed employee of a business establishment, including a parking service or repair garage.
- (d) When the license of the driver was suspended or revoked for an offense other than those included in Article 2 (commencing with Vehicle Code § 13200) of Chapter 2 of Division 6 or Article 3 (commencing with Vehicle Code § 13350) of Chapter 2 of Division 6.
- (e) When the vehicle was seized under this section for an offense that does not authorize the seizure of the vehicle.
- (f) When the driver reinstates his or her driver's license or acquires a driver's license and proper insurance.
- (g) To the legal owner when all of the following are met:
 - 1. The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state or is another person, not the registered owner, holding a security interest in the vehicle.
 - 2. The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle.
 - 3. The legal owner or the legal owner's agent presents a copy of the documents specified in Vehicle Code § 14602.6(f)(3).

Vehicles may be released prior to the 30 days if the registered owner requests a hearing with the Traffic Officer. Based on the research and circumstances surrounding the towing of the vehicle the Traffic Officer may authorize the release of the vehicle.

Officers or Community Services Officers, with supervisory approval, shall complete the Vehicle Release Form for all impounded or stored vehicles. The original copy of the form shall be forwarded to the records sections. The copy shall be given to the legal owner or their agent.

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any officer of this Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code §§ 22650(a) and 22852(a)).

The hearing shall be conducted within 48 hours of the request being received by the Department, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(d)). The Traffic Officer will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code §§ 22851.3(e)(2) and 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §§ 14602.6(b) and 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code §§ 14602.6(b) or 14608(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Bureau Deputy Chief. The hearing officer will recommend to the appropriate Bureau Deputy Chief that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving and Evidence Collection

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

When a person is arrested for driving under the influence of an alcoholic beverage, the arresting officer will advise the person that he/she has a choice of whether the chemical test shall be of the breath or blood (Vehicle Code § 23612 (a)(2)(A)). When a person is arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the arresting officer will advise the person that he/she has a choice of whether the test shall be of the blood, breath or urine (Vehicle Code § 23612 (a)(2)(B)).

If the person chooses to submit to a breath test, the officer should also require the person to submit to a blood or urine test if the officer has a clear indication that a blood or urine test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug (Vehicle Code § 23612(a)(2)(C)).

Any person who is unable to submit to a chemical test due to any of the following conditions shall not be considered as refusing to comply with the provisions of Vehicle Code § 23612:

- The Department is unable to furnish a selected test.
- There are verifiable medical reasons for noncompliance.
- An attending physician refuses to allow it.

514.3 INVESTIGATIONS

If a person who has been arrested for a violation of Vehicle Code § 23140; Vehicle Code § 23152; Vehicle Code § 23153, after having been advised of his/her rights per Vehicle Code § 23612, refuses or fails through statements or actions to complete a chemical test, the handling officer shall serve the notice of order of suspension on behalf of the Department of Motor Vehicles and confiscate all California driver's licenses in the person's possession (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

Blood may be taken by force in any felony or in a misdemeanor impaired driver investigation when the person refuses to take a chemical test. If the person makes a timely and reasonable request to undergo a different and viable form of testing, such request shall be considered. Blood may only be taken by force when the following circumstances have been met:

- (a) The person must be in custody and the officer must have reason to believe the person is intoxicated.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Impaired Driving and Evidence Collection

- (b) The person's alternative choice, if selected, is either unavailable or not a viable test for the nature of the suspected intoxication (e.g., breath is not a viable test for suspected drug influence).
- (c) The blood is taken in a medically approved manner.
- (d) Only reasonable force may be used to restrain the arrestee.

A supervisor shall be present whenever blood is forcibly extracted from a person who is uncooperative and has refused a chemical test. The amount of force used to accomplish the collection of this evidence will be controlled by that supervisor, keeping in mind the seriousness of the suspected offense and the factors used to determine the reasonableness of force in accordance with the Use of Force Policy. In misdemeanor cases, force will generally be limited to handcuffing or similar restraint methods during the withdrawal of blood.

The amount of force and methods used to accomplish the blood sample draw shall be detailed in the related report.

514.4 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).
- (e) The person is dead, unconscious or otherwise in a condition that renders him/her incapable of refusal (Vehicle Code § 23612(a)(5)).

514.4.1 CHOICE OF TEST

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Impaired Driving and Evidence Collection

completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

514.4.2 BLOOD TEST

Only persons authorized by law to withdraw blood shall collect blood samples (Vehicle Code § 23158). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

514.4.3 URINE TESTS

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen (Vehicle Code § 23158(i)).

The collection kit shall be marked with the person's name, offense, Bay Area Rapid Transit Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

514.5 REFUSALS

When a person refuses to provide a viable chemical sample, officers should:

- (a) Advise the person of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio-record the admonishment and the response if practicable.
- (c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.5.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Impaired Driving and Evidence Collection

- (a) A search warrant has been obtained (Penal Code § 1524); or
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's blood stream. Exigency can be established by the existence of special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.5.2 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Ensure the forced withdrawal is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6 ARREST AND INVESTIGATION

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Impaired Driving and Evidence Collection

514.6.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

514.6.2 STATUTORY WARNING

An officer requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.6.3 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

514.6.4 PRELIMINARY ALCOHOL SCREENING FOR MINORS

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.6.5 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Impaired Driving and Evidence Collection

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

514.7 RECORDS SECTION RESPONSIBILITIES

The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.8 ADMINISTRATIVE HEARINGS

The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Division should forward this to the prosecuting attorney as part of the case file.

514.9 TRAINING

The Personnel and Training Lieutenant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Personnel and Training Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

514.10 STATE AND REGIONAL DUI EFFORTS

The BART Police Department will, when possible, participate in state and regional efforts to combat DUI including:

- California Office of Traffic Safety Grant Programs, i.e.: OTS DUI Mini-Grant administered by Berkeley Traffic Safety Center
- County wide Grant Programs, i.e.: Avoid the 21
- Ad hoc interagency efforts

The Zone Lieutenant is responsible for coordinating these efforts.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Civilian Supervisor shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Division shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Administrative Services Supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the Administrative Services Supervisor may request the Operations Bureau Deputy Chief to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine prior to a court proceeding that any citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer will send a memo, via the chain of command, to their Bureau Deputy Chief immediately after receiving the subpoena. Personnel will not request dismissals without approval from the command-level officer.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. The citation shall have an explanation on the back copy of why the citation was voided. The citation will be sent to the Administrative Services Supervisor.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and is in need of correction, the officer issuing the citation shall submit the citation and complete a notice of citation correction form that shall indicate the corrections made to the citation. A copy of the correction notice shall be mailed by the reporting officer to the violator. A copy of the notice shall be attached with the citation and forwarded to the Records Section.

516.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Division.

Upon separation from employment with the this department, all employees issued traffic citations books shall return any unused citations to the Records Division.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

516.7.1 APPEAL STAGES

Appeals may be pursued sequentially at three different levels:

- (a) Administrative reviews are conducted by the Traffic Section who will review written/documentary data. Requests for administrative reviews are available at the front desk or Traffic Section of the Bay Area Rapid Transit Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.
- (b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.
- (c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.

516.7.2 TIME REQUIREMENTS

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

- (a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking (Violation Vehicle Code § 40215(a)).
- (b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

Traffic Citations

- (c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).
- (d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209 and Vehicle Code § 40210).

516.7.3 COSTS

- (a) There is no cost for an administrative review.
- (b) Appellants must pay the full amount due for the citation, or provide satisfactory proof of their inability to pay, before receiving an administrative hearing.
- (c) An appeal through Superior Court requires prior payment of filing costs including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

516.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

This policy is to establish a procedure for providing assistance to persons with disabled motor vehicles on District property and in those situations off District property requiring immediate attention.

It shall be the policy of the BART Police Department to ensure the motoring public's safety.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer or CSO observes a disabled vehicle on District property, assistance and/or corrective actions shall be required from the time of arrival until:

- All possible steps have been taken to remove any hazard
- Adequate warning devices have been placed, when appropriate
- Roadside service, personal transportation or aid, as needed, has been requested
- The officer/CSO is reasonably certain that all necessary aid has been rendered
- The officer/CSO's assistance is refused by the person(s) involved, provided that the officer acts as necessary to prevent injury or damage to other persons/vehicles that may be endangered by the situation

If responding to a priority call, providing no medical attention is required, the officer shall immediately notify dispatch of the motorist's location and request response by the next available unit or CSO.

Officers/CSOs providing assistance to a motorist/disabled vehicle shall advise dispatch with the location, license plate number and the number of vehicle occupants. An event number will be assigned for record and statistical purposes.

If it becomes necessary to tow a disabled vehicle absent a request from the driver or registered owner, the procedure for reporting a towed vehicle shall be followed.

520.2.1 OFF PROPERTY MOTORIST ASSISTANCE

Whenever motorist assistance is provided off District property as a result of a situation requiring immediate attention, the incident shall be documented as an "Outside Assist Incident Report". In such cases, the officer/ CSO will stay only as long as it takes to stabilize the situation or until relieved by the local jurisdiction.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Disabled Vehicles

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

Parking Enforcement

521.1 PURPOSE AND SCOPE

The purpose of this policy is to delineate the District's parking programs, restricted parking areas, regulations, and departmental parking-enforcement procedures.

It shall be the policy of this department to regularly enforce parking violations in District parking facilities by the issuance of parking citations, parking violation warning notices, or verbal warnings. When parking citations are issued, appropriate BART Resolution or California Vehicle Code sections will be used. Parking citations shall only be issued by sworn personnel and community service officers.

Employee parking is governed by respective union/association contracts, designated parking spaces, and District parking programs and regulations listed herein as applicable.

521.1.1 DEFINITIONS

(a) **District Parking Programs:**

1. **Daily Paid Parking:** Designated stations require a daily parking fee for all spaces, Monday through Friday, excluding designated holidays. This fee may be paid in one of three ways.
 - (a) **Option #1:** After parking, the customer enters the paid area of the station and inserts cash or a valid BART ticket into a Parking Validation Addfare machine in order to make payment for the applicable parking stall. The validation is good for 24-hours of parking only and multiple days of parking cannot be purchased. Payment must be made prior to boarding a train and leaving the station.
 - (b) **Option #2:** At all paid stations, the customer may use pre-purchased a daily, monthly or long term un-reserved permit. This allows a customer to park in available un-reserved areas without having to physically enter a parking stall number and pay the fee each day. The monthly reserved permit must be visible on the dashboard through the parked and permitted vehicle's windshield. These permits are still valid for those who purchased them in the past but are no longer for sale.
 - (c) **Option #3:** A customer may register for and receive a Clipper Card (if not already a card holder) and a vehicle parking ID hang-tag that is to be displayed on the back of the customer's vehicle rear view mirror. After the customer enters the fare gate or paid area of the station, they will proceed to the Clipper Card validation machine reader and touch the Clipper Card to the reader to activate the number on the parking hang-tag for that day. Daily fee parking is required if parking anytime between 04:00 and 15:00.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Parking Enforcement

A monthly permit may be purchased on-line at bart.gov. Clipper Card information can be found at the bart.gov website.

2. **Single-Day Reserved Parking:** A single-day reserved permit may be purchased at stations that require a daily fee. A single-day permit reserves a space until 10:00, Monday through Friday (excluding designated holidays), in the Monthly Reserved Parking area. Parking with a single-day permit is limited to 24 hours. Single-day reserved permits may be purchased on-line or by contacting bart.gov website
 3. **Monthly Reserved Parking:** Up to 40% of parking spaces at all BART Stations will be allocated for this program. The actual number of reserved spaces at each station will depend on the number of customers who sign-up for the program. These reserved spaces are located in premium parking areas and are designated by signs stating "Monthly Reserved Parking". Spaces are reserved for those in the program until 10:00 each weekday (excluding designated holidays). After 10:00, the spaces are available on a first-come basis. There is a monthly fee for permit holders enrolled in this program and the cost varies from station to station, based on demand and availability. Permits are station specific and must be visible on the dashboard through the windshield of the parked and permitted vehicle or stuck to the windshield. Monthly reserved parking permits may be purchased on-line at bart.gov.
 4. **Airport/Long-Term Parking:** Airport/long-term permitted parking is available at most stations with parking. This permit allows customers to park for periods greater than 24 hours. The number of long-term parking permits is limited and they are available on a first-come basis. Permit holders may park in Monthly Reserved Parking areas, but may also park in any other non-restricted areas. Permits are station specific and must be visible through the windshield of the parked and permitted vehicle. Airport/long-term parking permits may be purchased on line at bart.gov.
- (b) **Restricted Parking:**
- (a) **24-Hour Weekday Time Limit:** There is a 24-hour weekday parking time limit at all BART Stations (airport/long-term parking permit holders excepted). All stations offer parking in excess of 24 hours from as early as the beginning of revenue service on Friday to 06:00 on Monday. Designated holidays are also exempt from the time limit. If a designated holiday falls on a Friday, customers may park as early as the beginning of revenue service on Thursday, until 06:00 on Monday. If a designated holiday falls on a Monday, customers may park as early as the beginning of revenue service on Friday, until 06:00 on Tuesday.
 - (b) **Carpool Parking:** Many of the stations' parking lots contain designated areas for permitted carpoolers between 06:00 and 10:00. These permits require that

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Parking Enforcement

at least two (2) Carpool-to-BART registered carpoolers be in the vehicle upon parking. Minimally, two (2) of the Carpool Parking Permits must be visible on the dashboard through the windshield of the parked and permitted vehicle. Permits may be obtained by calling the Regional Rideshare Program at 5-1-1. There is no-charge for the permits, but customers parking in the Carpool areas are still required to pay for parking at those stations with requisite parking fees.

- (c) **Mid-day Parking:** Some stations have designated Midday parking areas. These areas do not allow for vehicles to be parked prior to 10:00. This leaves spaces available for customers arriving after 10:00. Additionally, monthly reserved spaces and carpool spaces that are not filled after 10:00 convert to daily parking and are available for customers.
- (d) **Disabled Parking Areas: Requirements and Exceptions:** Disabled persons or disabled veterans may park in parking stalls designated for disabled parking. Vehicles parked or standing in these designated stalls must display either a special identification license plate or a distinguishing placard, both issued by the DMV.
 - (a) Officers and Community Service Officers may contact the driver or passenger of a vehicle displaying a disabled placard or license plate to verify eligibility.
 - (b) Vehicles displaying DMV issued license plates or placards are not exempt from parking in red zones, the 24-hour time restriction, or paying of required parking fees: such as daily parking, reserved parking, airport/ long-term parking, or any other normally required fees. (Exception: those vehicles displaying DMV issued license plates or placards are not required to pay daily parking fees at the North Berkeley Station due to the fact that the elevator to the platform at this station is located outside of the station.)
- (e) **Attended Vehicle Parking for either 24 hour attended parking or 4:00 to 6:00 p.m. attended parking:** Restricts parking in these designated areas to attended vehicles only from the posted times. Vehicles displaying DMV issued disabled license plates or placards are exempt from this regulation.
- (f) **Red Zones:** Prohibits the stopping, standing, or parking of vehicles along any curb painted red, except for any authorized bus or taxi when the red zones are marked for buses or taxi and are signed accordingly.
- (g) **White Zones:** Restricts stopping, standing, or parking to those picking up or dropping off passengers. By statute, stopping, standing, or parking is limited to (5) minutes.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Parking Enforcement

- (h) **Yellow Zones:** Restricts stopping, standing, or parking, to commercial vehicles bearing commercial license plates for the purpose of loading and unloading. By statute, stopping, standing, or parking is limited to (15) minutes.
- (i) **Non-Patron Parking:** District parking lots and garages are restricted to use by District customers. A District customer is defined as one who parks a vehicle in a District parking facility and proceeds directly to the paid area of the adjacent BART station. (Exception: the original parking garage at the Pleasant Hill Station is exempt from the restriction limiting use to BART Customers only, as it was built with Federal Highway money and is not restricted to BART Parking only.) All users of the Pleasant Hill Station parking facility must pay the established parking fee.
- (j) **Motorcycle Parking:** Designated motorcycle parking is available at some stations, and, if available, motorcycles are not required to pay for parking if parked in these designated areas. If designated motorcycle parking is not available, and/or if a motorcycle is parked in a car-sized space, payment of the daily fee is required at those stations requiring parking fees. Motorcycles failing to park in a designated motorcycle parking area, if available, shall first be issued a warning notice, prior to being cited. All other requirements and restrictions also apply to motorcycles.
- (k) **Over-sized Vehicles:** Vehicles measuring in excess of 6.5 feet wide and 19 feet long may not be parked in a District parking facility. Prior to being cited, vehicles found in violation shall first be issued a warning notice.
- (l) **Board of Director Permits:**
 - (a) BART Board of Directors are issued hang tag permits which state "BADR." These permits allow Directors to park in restricted areas in all District parking facilities, excluding disabled parking areas and red zones. BART board members may also be issued special BPD permits.
 - (b) Directors employed by the Metropolitan Transportation Commission (MTC) are issued permits by the MTC. Parking for these permitted vehicles is located in the MTC parking lot located at 101-8th Street, Oakland. These vehicles are allowed to park in designated parking areas located beneath the building's overhang. All other vehicles parked in violation of the posted signs designating restricted hours should be issued citations or warning notices as appropriate.
- (m) **Special Permits:** The District's Parking Division, as well as the chief of police, may at times issue special parking permits for various reasons. These permits may allow a vehicle to be legally parked in areas that it may not otherwise be permitted. If in doubt as to the validity or restrictions of any particular permit,

the citing employee shall contact the Parking Division, the department's traffic officer, or the employee's supervisor for clarification.

- (n) **Warning Notices:** Warning notices shall be issued for a pre-determined length of time to vehicles that are parked illegally but are subject to a modified or newly adopted regulation. The pre-determined length of time will be determined by the department. Warning notices should also be considered if there has been significant disruption in regular enforcement or if markings or signage is not reasonably clear.
- (o) **Verbal Warnings:** Verbal warnings shall be given to drivers who stop and wait in a no-parking zone to drop off or pick-up passengers. Drivers will be told to move their vehicles. Those who refuse to heed the warning should be cited for the parking violation, not for failure to obey traffic control signs. Exceptions would be drivers who clearly violate posted "Do Not Enter" and "Bus Zone" signs.
- (p) **Designated Parking Holidays:** The following days are designated as parking holidays and parking fees are not required: New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day. All other parking restrictions apply except those that specifically state they do not apply on weekends or designated holidays.

521.2 PROCEDURES

521.2.1 ISSUING PARKING CITATIONS

Prior to issuance, parking citations shall be completed in their entirety. Handwritten citations shall be completed using a pen containing black ink only. The Parking Violation Notices are two-part (no carbon required) and the pen must have a hard writing point so that the written information is transferred from the top copy of the citation to the copy below. Once the required date, time observed, time issued location, vehicle identifying information, violation, fine amount, and additional remarks are completed, the issuing employee shall print his/her name and badge number in the space provided. Citations shall be printed clearly and legibly, including the name and ID number of the issuing employee.

Electronically-generated citations may also be issued if authorized handheld electronic units are available. As above, these citations must also be completed in their entirety.

Completed citations shall be left under the vehicle's driver side windshield wiper. If the vehicle does not have windshield wipers, some other secure method of attachment should be utilized and the citation should be placed where it is obvious to the returning driver.

If the issuing employee encounters a situation in which a car is parked in violation of parking restrictions, and it appears to the employee that it may not be clear to a reasonable person that the vehicle was parked in violation (e.g., missing or poorly located signage, very worn curb markings), the employee shall refrain from issuing a citation until the problem is rectified. If it is questionable

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Parking Enforcement

as to the clarity of the signage or marking, a police supervisor may be consulted and/or a warning notice may be issued in lieu of citation.

Specific problems with poor or unclear signage or markings will be reported in writing by memorandum or e-mail to the administrative traffic officer, who will convey the need for corrective measures to the Parking Division and/or other appropriate department.

Handwritten citations shall be turned in by end of the issuing employee's shift and forwarded to LMA for sending to the Citation Processing Center. Electronic citations shall be uploaded by the end of the employee's shift.

521.2.2 VOIDING PARKING CITATIONS

If a citation has been started or completed and prior to issuance mitigating circumstances arise that support that the citation should not be issued, the citation may be voided. To do this, the issuing employee shall write "VOID" in large letters, across the face of the citation. The voided citation shall then be forwarded to LMA for sending to the Citation Processing Center. For electronic citations, the issuing employee should send an email to the citation processing center to request a void of the citation.

Once a parking citation has been completed and secured to the vehicle, employees may not normally void the citation. Even if the issuing employee or supervisor determines that the citation should have not been issued or it should be dismissed in the interest of justice, the only way to have the citation dismissed or voided is for the person receiving the citation to appeal it (see below).

There is an exception to this process. If the citation was issued for BR-2495-4, Sign Violation-Fee Required, the citation may be voided after issuance if it falls within certain parameters. If, after issuance, the person receiving the citation reports that the citation was issued in error and provides a receipt proving that the required parking fee was paid to or in close proximity to the issuance of the citation, then the receiving employee shall collect the citation (Note: "close proximity" as used in the preceding sentence is defined as the few minutes that it would take a customer to park and proceed into the station to pay for parking, while a citation could be issued prior to payment). The citation shall then be voided and forwarded, along with the receipt provided by the person receiving the citation, to LMA for sending to the Citation Processing Center. The receiving employee shall also issue the person a Parking Control Machine Verification Receipt (form #1400).

521.2.3 APPEAL PROCESS

For those receiving a parking citation, 40215(a) CVC allows for an initial review of the citation to determine if the violation did not occur, the registered owner was not responsible for the violation, or that extenuating circumstances make dismissal of the citation appropriate in the interest of justice. If, during the review, any of the above listed reasons are found to be prevailing, the department will contact the Citation Processing Center and instruct them to cancel the citation. The citation review must be received within 21 calendar days of the issuance of the citation or 14 calendar days from the mailing of the notice of delinquent parking violation. The review may be made by telephone, in writing, or in person. Per 40215(b) CVC, if the subject contesting the citation is dissatisfied with the results of the initial review, the person may request an administrative

hearing of the violation no later than 21 calendar days following the mailing of the results of the initial review. This hearing may take place by mail or in person.

521.2.4 MONTHLY RESERVED PARKING

Both monthly reserved and airport/long term-parking permits are assigned numbers which are printed on the permits. These permit numbers can be input into a cellular telephone equipped with a Web browser provided by Parking Permit vendor in order to check the permit's validity and expiration date. Those CSOs that have access to the enforcement cell phones should regularly check vehicles displaying these permits to assure permit validity.

521.2.5 VEHICLE CODE REGISTRATION AND EQUIPMENT VIOLATIONS

Unattended vehicles may be issued parking citations for registration violations (e.g., expired registration, missing registration tabs. Citations for expired registration will not be issued unless a registration has been expired for more than six (6) months. Unattended vehicles will not be issued citations for equipment violations (e.g., cracked windshields, missing gas cap, no front license plate).

521.2.6 APPLICABLE PARKING ENFORCEMENT CODE SECTIONS

The following BART Resolutions and California Vehicle code sections should be used when applicable (not inclusive):

521.3 TOWING OF VEHICLES FOR PARKING VIOLATIONS

521.3.1 EXCESSIVE OUTSTANDING PARKING CITATIONS

California Vehicle Code Section 22651 (i) allows for the towing and impounding of any vehicle, excluding rental vehicles, that are known to have been issued five (5) or more notices of parking violations to which the owner or person in control of the vehicle has not responded to within 21 calendar days of citation issuance, or 14 calendar days of the mailing of a notice of delinquent parking violations, or the registered owner has not paid the applicable fines, or has failed to appear in court to adjudicate the outstanding citations. It shall be the policy of this department to tow only after (10) or more parking citations are on file. In such cases, the employee seeking to tow and impound of the vehicle in question, shall contact the department's traffic officer for confirmation through DMV and/or Citation Processing Center of the outstanding citations. If the traffic officer cannot confirm that at least 10 outstanding parking citations meet the above criteria, the vehicle shall not be towed. If the vehicle has five (5) confirmed notices of parking violations and is involved in a criminal investigation, it can be towed without exception. All tows done under section 22651(i) CVC must be approved in advance by the zone sergeant.

521.3.2 PARKING WITH REGISTRATION EXPIRED IN EXCESS OF SIX MONTHS

California Vehicle code section 22651(o) allows for the towing and impounding of vehicles in which the registration is expired in excess of six (6) months. This department will only tow vehicles that have been expired in excess of twelve (12) months. If the vehicle is involved in a criminal investigation and is six (6) months expired, it can be towed without exception. All tows under 22651(o) CVC must be approved in advance by the zone sergeant.

523.1 TAXI POLICY

The BART District's taxi rules are intended to facilitate the orderly operation of taxis on BART District property. Violators of these rules are subject to a citation under section 21113(a) of the California Vehicle Code. Section 21113 (a) V.C. requires proper notice in the form of signage. Absent proper signage at or near the location, officers shall give verbal warnings to violators. Officers should endeavor to educate the Taxi drivers of the rules by providing a copy of these rules to violators. In addition, all Federal, State, and Local regulations apply.

(a) **Taxi Rules:**

1. To pick up customers on District property, taxis shall be parked within the limits of the taxi stand (yellow-white-green curb) or designated Taxi area.

72-Hour Parking Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the BART District Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code §§ 22652.6 and 22669.

524.2 MARKING VEHICLES

Vehicles suspected of being in violation of the District of BART 72-Hour Parking Ordinance shall be marked and noted on the Bay Area Rapid Transit Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Section.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

524.2.1 MARKED VEHICLE FILE

The Traffic Section shall be responsible for maintaining a file for all Marked Vehicle Cards.

The Traffic Section or their designee shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

524.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. A copy of the completed CHP 180 form shall be faxed to the Records Section at x7089 prior to the end of shift. It shall be the responsibility of the Records Section to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

72-Hour Parking Violations

524.2.3 TOWING OF VEHICLES FOR 72-HOUR RESTRICTION

Per BR2495-4e, no person shall park or leave any vehicles in a District parking facility for a period in excess of 72 consecutive hours. Notwithstanding this restriction, vehicles may park for longer than 72 consecutive hours if the vehicle has been issued an Airport/Long-Term Parking permit or other arrangements have been made with an authorized District representative. The 72-hour period does not begin until the vehicle has been properly marked and tagged. Prior marking requires that the left rear tire of the vehicle be marked with a vertical chalk mark running from the bottom of the wheel's rim, down the lower most sidewall to the ground. From this point, the chalk mark is drawn on the ground, outward at a right angle and perpendicular to the wheel.

Additionally, the vehicle must be tagged with a departmental orange colored warning tag entitled, "THIS VEHICLE IS PARKING IN VIOLATION OF THE LAW." (Form #0701.) This warning tag shall be completed and placed on the vehicle's windshield. The warning tag shall contain the following information: vehicle make, mileage (if observable), license number, date marked, location, and officer's name and badge number. the tag shall also indicate the date in which the vehicle is to be moved by before it may be towed.

After a vehicle has been marked and tagged, and it has been determined that the vehicle has not been moved for 72 or more hours after being marked, the vehicle may be towed under towing authority 22651 (k) CVC.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

When assigned to a case for initial or follow-up investigation, detectives shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing of criminal charges.

600.2 MODIFICATION OF CHARGES FILED

Employees are not authorized to recommend to the District Attorney, General Counsel, or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the District Attorney's Office or General Counsel's Office only as authorized by a Bureau Deputy Chief or the Chief of Police.

600.3 CUSTODIAL INTERROGATION REQUIREMENTS

Any custodial interrogation of a person who is suspected of having committed any violent felony offense should be electronically recorded (audio/video or both as available) in its entirety as otherwise allowed by law. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Criminal Investigations Division supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should not allow the recording to take the place of a thorough report and investigative interviews and should continue to obtain written statements from suspects when applicable.

Consideration should be given to audio/video recordings of custodial interrogations involving major cases. (This seems redundant and/or counterintuitive to the above paragraph which seems to have stronger language.)

The BART Police Department will not tolerate any confessions or admissions that are obtained through coercion or which are involuntary in nature. Officers shall not delay in the arraignment of defendants, fail to inform them of their rights, or deprive them of counsel when applicable. Officers shall not subject defendants to pretrial publicity which would tend to prejudice a fair trial.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Investigation and Prosecution

600.3.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility or other official setting. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including refusal anytime during interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation took place in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed a murder.
- (e) The interrogation would disclose the identity of a confidential informant or jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement was not feasible.
- (g) Questions are part of a routine processing or booking, and not an interrogation.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction of the individual or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institution Code § 626.8).

Criminal Investigation Administration

601.1 PURPOSE AND SCOPE

The purpose of this section is to create a framework for efficient and effective criminal investigations. Criminal investigations can be performed by both uniformed officers or detectives specialized in investigations.

601.2 24-HOUR CRIMINAL INVESTIGATION

The Criminal Investigations Division produces an on-call schedule for the purpose of having assigned investigators available at times other than normal business hours. The on-call schedule will be made available to the communications Center, Watch Commanders, patrol supervisors, administrative staff, and will be posted on the patrol roster. The Criminal Investigations Division Sergeant is responsible for notifying the Watch Commander of any changes to the rosters or to change the roster itself. The on duty Watch Commander will determine need before calling the on-call detective. In determining when to call out Investigative personnel, the Watch Commander should consider the seriousness of the offense, complexity of the case or crime scene, staleness of the crime, available staffing and their expertise. The on-duty Watch Commander has final authority as to whether or not Investigators are called out.

601.2.1 RESPONSIBILITY AT CRIME SCENES

When an Investigator is summoned to a crime scene, the Investigator will confer with the patrol officer and/or Sergeant in charge. The Investigator will assume responsibility as the case officer and have the authority to control the crime scene, direct the investigation and direct those police resources at the scene. Criminal Investigations Division and Patrol Bureau personnel shall endeavor to cooperate to the utmost level, having the solution of the crime and public safety foremost in mind.

601.2.2 INVESTIGATORS ATTENDANCE AT PATROL LINE-UPS

The Criminal Investigations Division Sergeant shall ensure that investigations personnel attend patrol briefings quarterly to share information and the status of cases.

601.3 CASE SCREENING AND INVESTIGATION

Case screening focuses the available work force on the investigation of crimes that have the best chances for a successful conclusion. The Criminal Investigations Division Sergeant(s) screen new cases to decide the course of the investigation, basing his/her decisions on:

- (a) The seriousness of the incident.
- (b) The solvability factors that are present, including:
 1. Suspect Leads
 2. Witnesses
 3. Identifiable Suspect Vehicles

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Investigation Administration

4. Distinctive Methods of Operation
 5. Available Physical Evidence and/or Lack of Traceable Property
- (c) The Investigative Workload.

Cases should be assigned to available investigators with the special skills, knowledge, or abilities necessary to complete the investigation. The Criminal Investigations Division Sergeant is responsible for recording and monitoring cases assigned to investigators.

601.3.1 SUSPENDING CASES

The suspension of case investigations that are not major cases, e.g., property crimes not involving a criminal ring, may occur with corroboration between the investigator and the Criminal Investigations Division Sergeant. The suspension of major cases may occur only after review by and the approval of the Criminal Investigations Division Sergeant or Lieutenant. Cases may be suspended for reasons that include the following:

- Lack of Workable Leads
- Lack of Corroborative Witnesses
- Lack of Victim Cooperation
- Unavailability of Investigative Resources

601.3.2 COLD CASES

A cold case is any murder, missing person, suspicious death or other crime not subject to a statute of limitation, that is not currently being actively investigated. The Criminal Investigations Division Sergeant will review cold cases at least every other year for potential solvability. Solvability criteria may include DNA evidence, new leads or new technology that is directly related to the case. Cold case murders normally fall into three categories:

- Unsolved: No known suspects.
- Unresolved: Suspect(s) known/suspected but never successfully prosecuted.
- Unidentified: Victim identity unknown (Jane or John Doe).
- All follow up investigative actions and activities shall be documented on a supplemental crime report.

601.4 CASE STATUS CONTROL SYSTEM

Upon screening a potential case, the Criminal Investigations Division Sergeant will decide which investigator will be assigned the case and enter or update the case information in the automated case management system. Minimally, the case management information should include:

- The Investigator's Name
- The Date Assigned
- The Case Number

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Investigation Administration

- The Crime Offense
- Other Pertinent Information

601.4.1 ADMINISTRATIVE DESIGNATORS

All crimes investigated by the BART Police Department shall have administrative clearance designations that meet the guidelines of the California Department of Justice. Authors of criminal investigation reports shall use the most appropriate designation as to the explanation of clearance.

The clearance designations are:

- Cleared by Arrest
- Cleared by Arrest by Another Agency
- Exceptional Clearance
- Located (Missing Persons)
- Not Cleared

601.4.2 INVESTIGATIONS CASE FILES

When a case is assigned to an Investigator, a temporary case file may be created and stored within the Criminal Investigations Division. This file should only contain copies of the original case as all original case files are maintained within the Records Division and the Records Management System (RMS). Upon completion of the case or upon update of original record, the Investigator shall assure that all relevant and/or discoverable information is transferred from the investigations case file to permanent record and/or the Property/ Evidence Unit.

When the Investigator assigned to a case no longer needs the case file and all pertinent information has been transferred to the permanent record, case notes and work product material may be purged and shredded.

601.4.3 REPORT ACCESSIBILITY

The Records Management System (RMS) allows Department-wide viewing of most case files. Personnel assigned to the Criminal Investigations Division have immediate access to RMS via their desktop or laptop computers 24-hours a day. However, with the approval of a supervisor, general access to the report may be restricted, as in Juvenile reports. Restricted access may limit the number of personnel who can view the report, prohibit changes or modifications, or ban users from printing or forwarding sensitive or classified reports

601.5 PRELIMINARY INVESTIGATIONS

Patrol officers are the first responders and responsible for the preliminary investigation of crimes. Patrol officers conduct the follow-up investigation, if practicable, for cases they are assigned. Patrol officers investigating serious felonies should ask their supervisor if it is appropriate to request an Investigator be called out. Patrol officers shall attempt to follow up on all known investigatory leads until the leads are exhausted. If a Patrol Officer is unable to complete follow-up on a routine case, that case should be forwarded to the Criminal Investigations Division.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Investigation Administration

- (a) A preliminary investigation begins when the responding officer or detective arrives at the scene of an incident and first contacts the reporting party, or becomes aware that a crime may have been or is being committed. The initial investigation must continue until the postponement of the investigation or the transfer of investigative responsibility occurs. The preliminary investigation may be sufficient to bring the case to a satisfactory conclusion, thus reducing the amount of work to be done from a follow-up perspective.
- (b) Preliminary investigations usually include, but is not limited to, the following:
1. Observing all conditions, events, and remarks at the scene to find out if an offense has been committed and if so, the exact nature of the offense.
 2. Locating and obtaining complete identification of all witnesses.
 3. Protecting the crime scene to ensure that evidence is not lost or contaminated.
 4. Finding the identity of the suspect and making an arrest if possible either at the scene or through immediate action.
 5. Providing other personnel with descriptions, method and direction of flight, and other relevant information concerning wanted persons or vehicles.
 6. Detecting what information is known by the victims and witnesses.
 7. Identifying the circumstances of the offense.
 8. Arranging for the collection of evidence.
 9. Obtaining statements from victims and witnesses, and the suspect.
 10. Accurately and completely recording all pertinent information in proper form.

601.6 FOLLOW UP INVESTIGATIONS

The Criminal Investigations Division conducts the follow-up investigation on serious and complex cases or those where follow-up by patrol is not practicable. Investigators generally will be requested to handle cases involving the following:

- All Felonies
- Misdemeanor Arrests and Citations
- Sex Crimes
- All employee related assaults or batteries
- Coroner Cases
- Missing Person Cases
- Domestic Violence Cases

It will be the responsibility of field officers to conduct follow-up on all misdemeanor cases assigned to them with exception of those outlined in policy 344.6 Case Assignments or unless the on-duty supervisor determines the case warrants assistance from investigations.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Investigation Administration

601.6.1 STEPS IN CONDUCTING FOLLOW UP INVESTIGATIONS

After a preliminary investigation has been completed and the case has been routed to criminal investigations, the Detective Sergeant (or designee) will review the case. If there is additional follow-up required, the case will be assigned to a detective as an active case. The detective will be accountable for conducting a thorough and timely follow-up investigation, with the ultimate goal of identifying the responsible party, eliminating innocent parties from suspicion, and presenting the case to the appropriate District Attorney's office for criminal filing.

Investigative steps may include, but are not limited to:

- (a) Each detective will review and analyze all preliminary reports prepared by uniformed officers, departmental records, and laboratory results of any physical evidence collected related to the case under investigation
- (b) Detectives will conduct additional interviews of suspects, victims, witnesses, officers, and informants when necessary
- (c) The detective will ensure that information, which if shared could enhance the chance for a satisfactory conclusion, is passed on to other appropriate personnel including personnel from other criminal justice agencies
- (d) The detective should return to the scene if necessary. This may turn up evidence or leads that might still be available.
- (e) It is the responsibility of the detective to ensure that reports, statements, drawings, sketches and other materials of any kind are organized in such a manner that the prosecutor can successfully present them in court. The detective should become so familiar with the case that he can answer any questions that the prosecutors or supervisors pose, and can testify professionally and knowledgeably
- (f) When developing a suspect, it is the responsibility of the detective to check all available sources to:
 1. Ensure the correct identification of the suspect. Identification of a suspect may occur through photo or stand-up lineups, testimony of witnesses and from physical evidence that identifies a particular suspect
 2. Conduct research into the suspect's involvement in past offenses, through arrest records and criminal history checks
 3. Detectives should utilize crime analyst and prior incidents of a similar nature, to determine if the suspect is involved in other crimes.

601.7 HABITUAL-SERIOUS OFFENDERS

The Bay Area Rapid Transit Police Department is dedicated to tracking and apprehending those individuals identified as multiple and repeat felony offenders. Commonly known as a Habitual/Serious Offenders, these individuals commit a substantial and disproportionate amount of serious crimes against the patrons of the Bay Area Rapid Transit District.

- (a) A Habitual Offender is an individual who has a history with Bay Area Rapid Transit Police Department and has been arrested for the same offense, or whose criminal history shows three or more convictions.

Vice, Drugs and Organized Crime

603.1 PURPOSE AND SCOPE

The investigation of vice, drug and organized crime activities can involve large expenditures of time, money and effort. This policy will help to evaluate the accuracy and credibility of initial information and determine the scope and relative importance of the problem.

603.2 COMPLAINT HANDLING

When alleged vice, drug, or organized crime activity information is received, it shall be documented, indicating the source, the activity, pertinent dates and times, the name or employee number of the person receiving the information, and any other pertinent information. Documentation shall be by memorandum or official report if necessary, to the Investigations Unit Supervisor.

Reports regarding vice, drug or organized crime shall be routed to the Investigations Unit Supervisor. The case may be assigned to a detective for possible follow-up or routed to the appropriate jurisdiction. If the case or information is routed to another agency or jurisdiction, such routing shall be documented in the report or incident. Information received from outside agencies shall be reviewed by the Investigations Unit Supervisor and disseminated as appropriate. The Investigations Unit Supervisor shall notify the Chief of Police, via chain of command, of any high-profile vice, drug or organized crime arrests or cases.

603.3 RECORD KEEPING

The Investigations Unit Supervisor shall maintain the security levels on electronic case files of a sensitive nature. Access shall be restricted to a "need to know" basis. Cases of a sensitive nature are not to be printed in hard file until it is determined the case is closed and placing the information in the records system would not jeopardize the case, witnesses or investigators.

603.4 CONFIDENTIAL FUNDS

The Investigations Unit Supervisor is responsible for maintaining a Confidential Investigations Fund, for its disbursement, and for the accounting of each expenditure. This cash fund is maintained to pay for specialized investigative expenses incurred in active organized crime, drug and vice investigations. Any payments to individuals will be in accordance to policy 608, any other operational purchases will be documented by receipt.

603.5 SURVEILLANCE/UNDERCOVER EQUIPMENT

The Investigations Unit Supervisor or designee shall have the responsibility for the Department owned surveillance and undercover equipment which shall be kept in a secured manner. Small equipment should be stored in a locked room or cabinet under the control of the Investigations Unit Supervisor. Any Department member with an official need to use the surveillance equipment may contact the Investigations Unit and request its use.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Vice, Drugs and Organized Crime

The Investigations Unit Supervisor shall maintain an equipment checkout system that at all time accounts for the departmental surveillance and undercover equipment. Any department member requesting usage of equipment shall sign for it upon receipt, note purpose of request and return it promptly when the purpose is complete. Upon return the receiving officer shall sign the equipment back in, and note if there were any problems with its usage.

603.6 CONDUCTING/PARTICIPATING IN SURVEILLANCE

When any surveillance, undercover decoy, or special operation is planned, the department member in charge of the operation shall prepare an Operations Plan in accordance to the procedure established in the Operations section of the Procedures Manual prior to engaging in the operation. The department member in charge of the operation shall ensure that personnel engaged in the operation are appropriately briefed on the plan and the plan has been approved by the Watch Commander. In the event that a member assigned to a task force prepares an Operations Plan, that plan shall be approved by the task force supervisor.

Department members shall not participate in surveillance, undercover activities or decoy operations with outside agencies that do not generally meet the requirements of this section.

Department members in full time assignments with a county task force are exempt from this requirement.

Criminal Intelligence Collection and Maintenance

607.1 PURPOSE AND SCOPE

It is the policy of the Bay Area Rapid Transit Police Department to collect, process, maintain and, under proper circumstances, disseminate suspicious incidents and both developmental and criminal intelligence information on individuals, groups, associations and organizations who or which are: (1) subject of efforts to gather more information for legitimate law enforcement purposes or (2) reasonably suspected of definable criminal or terrorist activity. Criminal Intelligence System or Intelligence System: means the arrangements, equipment, facilities and procedures used for the gathering, analyzing, receipt, storage, access and dissemination of criminal intelligence information, criminal intelligence files, developmental information and developmental files, and the inter-jurisdictional pooling of the information contained in the individual agency files.

Criminal Predicate: means criminal intelligence information which supports the finding that there is reasonable suspicion to believe that a person(s), group, association or organization is engaged in definable criminal activity. This term is the standard by which the determination as to whether information may be used to create an intelligence file is made.

Developmental Information: means information about activity which endangers the public that is gathered for a legitimate law enforcement purpose.

Developmental (Temporary) File: means a file which contains developmental information on person(s), groups, associations or organizations which information is held and analyzed for a discrete period of time to determine whether a criminal predicate exists. Such files may also be known as "tips and leads", "working files" or "temporary files".

BART PD Policy Manual

Criminal Intelligence Collection and Maintenance

Need to Know: means a state of facts that supports the legitimacy of access to specific intelligence by a person with a right to know. The need to know must be pertinent to and necessary to the performance of a specific law enforcement activity.

Reasonable Suspicion: means the state of known information which establishes sufficient facts to give a trained law enforcement officer, criminal investigator or employee a basis to believe that a person(s), group, association or organization is engaged in definable criminal activity or enterprise.

Right to Know: means having the legal status that allows the party to have access to criminal intelligence information. 28 CFR § 28.20(e) imposes the qualification that the right to know must be in "the performance of a law enforcement activity." Such status may be based on status as a law enforcement officer, investigator or employee or may be based on a court order, statute or a binding judicial decision if there is a need to know.

607.4 COMMAND AND CONTROL

- (a) The Chief of Police of the Bay Area Rapid Transit Police Department or the Criminal Investigation Division Lieutenant shall be responsible for supervising the intelligence system and ensuring that these policies and procedures are enforced.
- (b) The Chief of Police shall meet with the Criminal Investigation Division Lieutenant at least once a month or whenever the circumstances require. The purpose of this meeting shall be to inform the Chief of Police of the activities of the Criminal Investigation Division and obtain guidance on issues that require executive level guidance.
- (c) The Criminal Investigation Division Lieutenant shall have overall responsibility for all aspects of the intelligence system, including the training of Departmental personnel and auditing of the system. This person shall also be responsible for reviewing files to determine whether they have source and content validity as well as determining whether the files are current. The training of Department personnel will be accomplished on an individual or group basis depending upon the needs of the Department and will cover this entire policy.

607.5 DEVELOPMENTAL (TEMPORARY) FILES

- (a) Developmental files may be created and used for the sole purpose of gathering information to determine whether there is reasonable suspicion that person(s), groups, associations or organizations as to whom or which the information is gathered are engaged in definable criminal activity which would permit the creation of an intelligence file. An individual, organization, business or group may be given "temporary" status in the following cases:
 1. Subject or entity is unidentifiable "" The subject or entity, although suspected of being engaged in criminal activities, has no known physical descriptors, identification numbers, or distinguishing characteristics available.
 2. Involvement is questionable "" Involvement in criminal activities by a subject or entity is suspected which has either:

- (a) Possible criminal associations " Individual, organization, business, or group not currently reported to be criminally active but associates with a known criminal who is reasonably suspected of being involved in illegal activities.
 - (b) History of criminal conduct " Individual, organization, business, or group not currently reported to be criminally active but has a history of criminal conduct; and the circumstances currently being reported (i.e., new position or ownership of a business) indicate they may have, again, become criminally active.
 - (c) Reliability and/or validity unknown " The reliability of the information sources and/or the validity of the information cannot be determined at the time of receipt; however, the information appears to be significant and merits temporary storage while verification attempts are made.
 - (d) Developmental (Temporary) files shall be "actively" worked in an effort to determine whether it should be added to the intelligence files or be destroyed. Failure to actively work and document the files progress will be grounds for the file in question to be destroyed.
- (b) Developmental files shall be permitted for legitimate law enforcement purposes only and shall be maintained for a period of time not to exceed one (1) year.
 - (c) Developmental files shall not include information regarding political, religious, sexual information or social views, associations or activities unless such views, associations or activities are directly related to the activity which is believed to be criminal and which is the basis for creating the developmental file.
 - (d) Information placed in developmental files shall be information collected using only legal methods. Any information offered from any source which is known to have been or learned to have been unlawfully obtained shall be rejected or purged.
 - (e) In no case shall Criminal Offender Record Information (CORI) or Department of Motor Vehicle (DMV) data be incorporated into the intelligence file (Title 11 CFR Section § 703). The CORI/DMV files shall be kept at a separate location from the intelligence file system.
 - (f) Developmental files shall be maintained in the same secure location as intelligence files, but shall not be commingled with intelligence files. Developmental files shall be subject to the same command and control requirements as intelligence files.
 - (g) Developmental files shall be assigned a discrete identifying number.
 - (h) The developmental file contents shall be governed by the same content evaluation rules as apply to intelligence files.

607.5.1 DISSEMINATION/ACCESS RULES FOR DEVELOPMENTAL FILES

- (a) These files shall be accessed only on a need to know/ right to know basis.
- (b) The Criminal Investigation Division Lieutenant shall determine who shall have access to these files.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Intelligence Collection and Maintenance

- (c) If access is granted by use of an intranet or internet connection with the authorized recipient that access shall be read only and no printing shall be permitted.
- (d) If access is not remote it shall be granted in the secure area only and the file shall not be permitted to be removed from the secure area.
- (e) Any printing or copying of developmental files or any portion of developmental files shall occur only if the Criminal Investigation Division Lieutenant approves. Both the request to print or copy and the approval shall be documented. The requesting party shall not be permitted to print or copy unless that party has demonstrated to the Bay Area Rapid Transit Police Department that that party has written policies and procedures in place which are at least as stringent as these policies and procedures. The requesting party shall agree in writing that it will not disseminate the developmental information received to a third party without notification to and consent from the Bay Area Rapid Transit Police Department.
- (f) When a file is printed or copied the recipient party shall be given the discrete number assigned to that file.
- (g) In all cases when there is an imminent threat of harm to persons or property, information in these files which might assist in preventing such harm shall be disseminated to persons, agencies or other entities, public or private who may be in such imminent danger or in a position to assist in preventing such harm.

607.5.2 PURGING OF DEVELOPMENTAL FILES RULES

- (a) Developmental files shall be retained for no more than one year. If at the end of this period no criminal predicate has been established, or if the file contains inaccurate information, the file and all its contents shall be destroyed. Because of the requirements of Government Code Section § 26202 documents such as developmental files cannot be actually destroyed until two years after their creation. Therefore, a developmental file which does not become an intelligence file shall, at the end of the one year period: (a) be removed from the developmental file system; (b) be sealed; (c) be signed by the person sealing the file; and, be stored in a secure location until actual destruction. In such situations, the discrete file number shall be retained and the file shall be identified by that number only. The developmental file system shall carry the notation that the file, identified by the discrete number, has been removed from the system and sealed. When the actual destruction occurs, the notation shall be changed to reflect the destruction of the file.
- (b) Any and all persons/agencies other than Bay Area Rapid Transit Police Department personnel who were given access to a developmental file shall be notified that no criminal predicate was established and that the file has been destroyed. Copies of these notices shall be maintained by the Bay Area Rapid Transit Police Department. These notices shall use the discrete number rather than the name of any person(s), group, association or organization.
- (c) Any persons/agencies given permission to print or copy all or any portion of the developmental file shall be notified as required by item 2 above and shall also be asked to provide written (paper or electronic) verification that the information has

been purged from their system. Copies of that verification shall be maintained by the Criminal Investigation Division.

- (d) In all cases the documents attesting to the destruction of developmental files shall use the discrete number assigned to the file instead of any identifier which could be traced to any person(s), group, association or organization.

607.6 CRIMINAL INTELLIGENCE FILES

- (a) Criminal intelligence files shall be created and maintained as to persons, groups, associations and/or organizations only when there is reasonable suspicion that the subject(s) is/are engaged in definable criminal activity. A criminal intelligence file is only useful if its information is reliable, accurate and current. The two critical components of information to determine these values are:
 - 1. The reliability of the source.
 - 2. The validity of the content.
- (b) Criminal intelligence files shall be maintained for a time period not to exceed four years unless:
 - 1. Before the four-year period has elapsed, it is discovered that the information upon which the determination that reasonable suspicion existed was inaccurate or illegally obtained. In such situations, the information which was inaccurate or illegally obtained shall be purged from the file and the file shall be reevaluated to determine whether the remaining information supports a finding of reasonable suspicion; if it does the edited file shall be retained, if it does not the entire file shall be destroyed.
 - 2. Before the four-year period has elapsed additional information that supports the initial reasonable suspicion determination or demonstrates an additional criminal predicate exists comes to the attention of the intelligence unit. In such cases, a new four-year retention period shall start from the date of discovery of the additional information.
 - 3. An intelligence file may be maintained for an indefinite period of time so long as there is information that demonstrates the continued validity of the criminal predicate or another criminal predicate within the last four years.
- (c) Excluded Material: Only lawfully collected information, based on a reasonable suspicion of criminal activity, should be stored in criminal intelligence files. Information that shall be specifically excluded from criminal intelligence files includes:
 - 1. Information on an individual or group merely on the basis that such individual or group supports unpopular causes.
 - 2. Information on an individual or group merely on the basis of race, gender, age, sexual preference or ethnic background
 - 3. Information on an individual or group merely on the basis of religious or political affiliations or beliefs

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Intelligence Collection and Maintenance

4. Information on an individual or group merely on the basis of personal habits and/or predilections that do not violate any criminal laws or threaten the safety of others
 5. Information on an individual or group merely on the basis of involvement in expressive activity that takes the form of non-violent civil disobedience that amounts, at most, to a misdemeanor offense.
 6. In no case shall Criminal Offender Record Information (CORI) or Department of Motor Vehicle (DMV) data be incorporated into the intelligence file (Title 11 CFR Section § 703). The CORI/DMV file shall be kept at a separate location from the intelligence file system.
- (d) Information contained in intelligence files shall be collected only using legal means. Any information offered from any source which is known to have been or is learned to have been illegally obtained shall be rejected or purged from the intelligence file(s).
- (e) Intelligence files shall be maintained in a secure location which cannot be accessed by the public or agency personnel not assigned to the Criminal Investigations Division without the permission of the Criminal Investigation Division Lieutenant. Developmental files shall be maintained in the same secure location but separate from the intelligence files.
1. The secure area shall be physically separate from other areas.
 2. All files shall be maintained under lock and key or, if electronic, password protected. File access shall be limited to personnel assigned to the Criminal Investigations Division unless another law enforcement officer or law enforcement agency employee has been granted access pursuant to another provision of this policy.
 3. A log of persons requesting intelligence information from the Criminal Investigations Division, after stating their lawful purpose, shall be maintained on a daily basis and shall be available for audit.
 4. Each file maintained by the Criminal Investigations Division, "either developmental file or intelligence file," shall have an access log attached to it. This log, whether in paper or electronic form, shall show who has accessed the file, the date of the access and the purpose for the access. These access rules and log requirements shall apply to persons assigned to the Criminal Investigations Division as well as all other persons. This file log shall be maintained on a daily basis and shall be available for audit.
- (f) Each intelligence file shall be assigned a discrete number.
- (g) File contents rules:
1. Each file shall contain copies of the source documents which were the basis for the finding that reasonable suspicion (or a legitimate law enforcement purpose) existed.
 2. When additional information is added to the file copies of source documents shall also be added.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Criminal Intelligence Collection and Maintenance

3. Information placed in the file shall be labeled for source reliability and content validity prior to its submission for entry into the file. The Criminal Investigation Division Lieutenant or his/her designee will be responsible for approving all information contained in the file. Certain combinations of information standing alone will not support a finding of reasonable suspicion. (Examples would be an unreliable source which has provided information, and the content validity of which could not be judged or was doubtful). If reasonable suspicion has already been established from appropriate sources, then addition of information from an unknown source that cannot be judged as to content validity might be appropriate. It is difficult to justify adding information from an unreliable source that has doubtful or cannot be judged content validity to an existing file regardless of whether reasonable suspicion has already been established.
 - (a) Source reliability is based on the accuracy and consistency of the information provided by a given source. The categories of source reliability are:
 1. Reliable - the reliability of the source is unquestioned or has been tested in the past.
 2. Usually reliable - the source of information can usually be relied upon. The majority of the information provided in the past has proved to be reliable.
 3. Unreliable - the reliability of the source has been sporadic in the past.
 4. Unknown - the reliability of the source cannot be judged; either experience or investigation has not yet determined authenticity or trustworthiness.
 - (b) Content validity is an assessment of the truthfulness of the information provided by the source. The categories of content validity are:
 1. Confirmed - the information has been corroborated by an investigation or another reliable, independent source.
 2. Probable - the information is consistent with past accounts or other information.
 3. Doubtful - the information is inconsistent with past accounts or other information.
 4. Cannot be Judged - the information cannot be judged as to its truthfulness because of lack of time to investigate it or its lack of relation to or corroboration by any other information.
 - (c) Re-evaluation of criminal intelligence should be an ongoing process and each file shall be continually re-evaluated by the assigned investigator. This process will re-evaluate and cull the information that has no potential to become intelligence matter from the rest of the information. The process will be dynamic and unique to each "batch" of information.

Criminal Intelligence Collection and Maintenance

4. Each file shall contain the name of the person(s) who analyzed the information and a statement of the reasons on which that person(s) based his /her finding of reasonable suspicion (such reasons may include conclusions based on training or experience so long as the specific relevance of that training or experience is articulated).
5. Each file should describe the definable criminal activity of which the file subject is reasonably suspected (or articulate the public safety concern that underlies the legitimate law enforcement purpose). Examples would include the following:
 - (a) Narcotics Trafficking.
 - (b) Unlawful Gambling.
 - (c) Loan Sharking.
 - (d) Extortion.
 - (e) Vice and Pornography.
 - (f) Infiltration of Legitimate Business for Illegitimate Purpose.
 - (g) Bribery.
 - (h) Major Crimes Including Homicide, Sexual Assault, Burglary, Destruction of Property, Auto Theft, Kidnapping, Robbery, Fraud, Fencing of Stolen Property and Arson.
 - (i) Manufacturing, Use, or Possession of Explosive Devices for purposes of Homicide, Mass Murder, Fraud, Intimidation, or Political Motivation.
 - (j) Threats to Public Officials or Private Persons.
 - (k) Gang Activity.
 - (l) Stolen Securities.
 - (m) Corruption of Public Officials.
6. Source documents should identify the agency, officer, and other identifiers such as case number, arrest number, etc.
7. If open source documents were employed as part of the process of determining whether reasonable suspicion exists, copies of such documents and information that permits verification of the existence of the open source should be in the file.
8. The file should contain all available identifying information which pertains to the file subject. A non-exhaustive list would include:
 - (a) The full name of the person, group, association or organization.
 - (b) Any aliases.
 - (c) Any nicknames or "monikers."
 - (d) Date of birth or historical information.
 - (e) Place of birth.

- (f) Citizenship or membership data.
 - (g) Social Security number(s).
 - (h) Driver's license number(s).
 - (i) Physical descriptors including gender and ethnicity.
 - (j) Distinguishing marks, scars or tattoos.
 - (k) FBI, CII or any other criminal history identification numbers.
 - (l) Evaluations of violence potential or other officer/citizen safety information.
 - (m) Any other information helpful to identifying or locating the file subject. [In this connection, so called "non-criminal identifying information," which relates to anyone who is not a known criminal associate, should not be discoverable or searchable except as a "locator file" or "drop down" file under the name of the file subject.]
 - (n) In no case shall files be categorized, sorted or otherwise quantified by ethnicity or gender; these factors shall only appear as factors relating to the identifying characteristics of a person. If a group, organization or association has made gender or ethnicity a determining factor in the membership or association then that characteristic of the group, organization or association may be noted in the files pertaining to that group, organization or association.
 - (o) In no case shall Criminal Offender Record Information (CORI) data be incorporated into the intelligence file (Title 11 CFR Section § 703). The CORI file shall be kept at a separate location from the intelligence file system.
9. All source information in the file should identify the date of submission of the information, the submitting agency and the submitting officer or employee. If the information came from a source other than law enforcement the same information should be entered except that proper considerations should be given to protect the identity of confidential informants and citizen informants.
10. Intelligence files should contain "feedback" information that allows for the evaluation whether the accessed/disseminated intelligence was useful or not useful, accurate or inaccurate.
- (h) Intelligence file information may be made available to law enforcement officers or law enforcement agency employees who have both the "right to know" and "the need to know." The access/dissemination rules shall be the same for intelligence files as those set forth for developmental files and shall comply with the log maintenance provisions of this part.

- (h) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses

608.5 NARCOTICS INFORMANT PAYMENT PROCEDURES

The potential payment of large sums of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

608.5.1 PAYMENT PROCEDURE

The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case.
- The significance, value or effect on crime.
- The amount of assets seized.
- The quantity of the drugs seized.
- The informant's previous criminal activity.
- The level of risk taken by the informant.

The Criminal Investigations Section Supervisor will discuss the above factors with the Operations Bureau Deputy Chief and arrive at a recommended level of payment that will be subject to the approval of the Chief of Police. The amount of payment will be based on a percentage of the current market price for the drugs or other contraband being sought, not to exceed 15-percent.

608.5.3 PAYMENT PROCESS

A check shall be requested, payable to the case agent. The case number shall be recorded justifying the payment. The confidential informant will sign the form indicating the amount received, the date, and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The Bay Area Rapid Transit Police Department case number shall be recorded on the cash transfer form. The form will be kept in the confidential informant's file.

If the payment amount exceeds \$500.00, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. This statement shall be signed by the confidential informant verifying the statement as a true summary of his/her actions in the case(s).

Each confidential informant receiving a cash payment shall be informed of his or her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

608.5.4 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR § 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR § 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process -Any field identification, live lineup or photographic identification.

Field identification -A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM

The Criminal Investigations supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process and any related forms or reports should provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An admonishment that the suspect may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Eyewitness Identification

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Eyewitness Identification

- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In such instances officers should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the Bay Area Rapid Transit Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The Bay Area Rapid Transit Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Bay Area Rapid Transit Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Brady Material Disclosure

612.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Department members should receive periodic training on the requirements of this policy.

Operations Planning and Deconfliction

613.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

613.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

613.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

613.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

613.4 RISK ASSESSMENT

613.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

613.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

613.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. (Designated Specialized Response Unit)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation

- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

613.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations, and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations. This is particularly important for agencies with concurrent or contiguous jurisdictions that are involved in high risk activities such as undercover operations, surveillances, execution of search warrants, or fugitive apprehensions.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.. Investigating personnel must refrain from executing any operations until identified conflicts have been resolved.

Unresolved operational conflicts will be immediately referred to command/supervisory level personnel.

Any exemption or deviation from this policy shall be considered on a case-by-case basis and approved only by a command/supervisory level officer.

613.5.1 AUTHORIZED ADMINISTRATOR AND USERS

The Operations Director, or designee, shall be the administrator for the Bay Area Rapid Transit Police Department's involvement with any regional deconfliction systems. The administrator will ensure that all managers, supervisors, investigative personnel, and other personnel with assignments that may require them to perform deconfliction, have user access rights, training, and required documentation to systems used by this department. The administrator will keep abreast of system contact personnel and any changes to distribution and information requirements.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 - 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of department-issued mobile phones and personal communication devices, and the on-duty use of such devices personally-owned by personnel.

Because of technical advances and varying manufacturer nomenclature, this policy will generically refer to all Personal Communication Devices (PCD) as such, but is intended to include all mobile phones, Personal Digital Assistants (PDA), and other such wireless two-way communication and/or portable Internet access devices.

702.2 DEPARTMENTALLY ISSUED PCD

Depending on an employee's assignment and needs of the position, the Department may, at its discretion, issue a PCD. Such devices shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without reason.

702.2.1 INDIVIDUALLY OWNED PCD

Employees may carry their own PCD while on duty subject to the following conditions:

- (a) Carrying an individually-owned personal communication device is optional.
- (b) The device shall be purchased, used and maintained at the employee's expense.
- (c) The employee shall not be reimbursed by the department for any personally owned device which is lost, stolen or broken while the employee is on duty.

702.2.2 USE OF PERSONAL COMMUNICATION DEVICES

PCDs, whether provided by the Department or personally-owned, should only be used by on-duty employees for legitimate department business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impractical or not feasible. PCDs however, should not be used to replace regular radio communications.

- (a) PCD's may not be used to conduct personal business while on duty except when brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours). While employee's may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practical to areas where the communication will not be seen or heard by members of the public.
- (b) Extended or frequent use of department-issued PCDs or personally owned PCDs while on duty for personal use is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Department for any charges incurred as a result of personal use.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Personal Communication Devices

702.2.3 USE WHILE DRIVING

The use of a PCD while driving can cause unnecessary distractions and presents a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practical, stop the vehicle at an appropriate location to complete their call.

Except in the case of an emergency, employees who are operating non-emergency vehicles shall not use cellular phones or other personal communication devices while driving unless the telephone is specifically designed and configured to allow hands-free listening and talking (Vehicle Code 23123 (a)). Such use should be restricted to business related calls or calls of an urgent nature.

702.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

702.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

Bay Area Rapid Transit Police Department

- (d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (e) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Employees will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
- (f) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (g) Use of a personally owned PCD constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, employees will provide the Department with all telephone access numbers for the device.

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisor to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Employees will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty, as such contact may be compensable.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Vehicle Code § 23123). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Video Surveillance

707.1.3 RACIAL PROFILING AND/OR BIASED-BASED POLICING

No person will be targeted, monitored or tracked based solely on the actual or perceived race, religion or creed, age, national origin, gender (including gender identity), sexual orientation, disability, or political status or beliefs.

707.1.4 VIDEO SURVEILLANCE SYSTEM SPECIFICATIONS

The video surveillance system used will utilize multiple fixed and adjustable cameras focused on predetermined public areas in public places, including BART train cars. Cameras shall be situated in a manner and located in public places that will maximize the field of view of public areas for public safety and security purposes

Camera placement will minimize the potential inadvertent capture of images from areas where there would be a reasonable expectation of privacy.

Pan, Tilt, and Zoom (PTZ) cameras are also in place and these cameras have capabilities that allow operators to manipulate the framing or focal length of a video image only for the specific purpose of monitoring potential suspicious persons, or activities.

707.1.5 VIDEO STORAGE CAPABILITY

Structure and facility images captured from the video surveillance system will automatically be downloaded onto a secure data storage system where they will be stored based on the systems' design and recording capabilities before being overwritten by new data; which varies from seven (7) to thirty (30) days. The design of some legacy camera systems in District facilities will only record video when the camera is being actively monitored by an authorized user.

Train car video recorders store images for two (2) to seven (7) days before being overwritten.

This video image storage time frame is based on the various recording systems design, capabilities, and District resources.

707.1.6 VIDEO REQUEST PROCEDURE

Police employees requesting any station or train car video images for an incident will note the video request at the top of their report narrative. Employees must specify whether they are requesting train car video, BART station video, or both. The request should minimally include the date and time for which video is requested, as well as the exact location (i.e. platform, parking structure, bus zone, etc.) for where video is requested. When requesting train car video, employees must include the following information: train run number, train car number(s), train destination direction, and location of the train at the time of the occurrence. Employees should attempt to narrow down the area of the train consist in which the incident occurred and should not normally request video for an entire train consist.

Requests for video from outside agencies and from supervisors completing administrative investigations are still made by emailing policevideo@bart.gov with the information outlined above. Should the request be urgent, the requestor shall be directed to the on-duty Watch Commander.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Video Surveillance

Personnel should request video for all crimes against persons. Personnel will only request video for property crimes when there is a narrowly defined timeframe in which to request video (approximately one hour). Video requests should not be made for extended periods of time. The Criminal Investigations Division may request video for extended periods of time when investigating a series of crimes.

707.1.7 PRIORITY VIDEO REQUESTS

In the event that there is an immediate need for the retrieval of video images (any incident deemed priority by a Detective or on-duty supervisor), including video that may be in danger of being purged, the Watch Commander or supervising member of the Criminal Investigations Division will make direct notification to the Video Recovery Personnel during their normal working hours. In the event that VRP are off-duty, the Watch Commander shall authorize the call-out of the necessary personnel.

707.1.8 RELEASE OF VIDEO IMAGES TO THE GENERAL PUBLIC

All video images/data shall be used for District operations, law enforcement or public safety purposes only; except as required by law, subpoenas or other court process, such data will not otherwise be disclosed/released by the BART Police Department without the consent of the Chief of Police.

Department employees shall not release any information, including capabilities regarding the Districts CCTV systems to the public without prior authorization from the Chief of Police, or the appropriate designee. Personnel shall not release the Video Recovery Personnel telephone number or email address to members of the public.

707.1.9 REQUESTS FOR VIDEO IMAGES FROM THE MEMBERS OF THE PUBLIC

Persons that have a subpoena or preservation letter, and are interested in requesting video footage, shall be directed to the Department's Records Division during normal business hours, or via fax at 510-464-7089.

Persons that do not have a subpoena or preservation letter, and are interested in requesting video footage are to be directed to the District Secretary's Office at 510-464-6000 or via fax at 510-464-6011.

707.1.10 VIDEO IMAGES AS EVIDENCE

The review and retrieval of images may be for the purpose of criminal or administrative investigations only. Any working copies shall be accounted for by the officer, investigator or agency authorized to access and utilize the video images.

707.1.11 RETRIEVAL AND HANDLING OF VIDEO EVIDENCE

Processing requests for downloading and/or retrieval of video images will be the responsibility of the Video Recovery Personnel. In criminal investigations and instances where there is an associated BART Police case number*, the VRP will make a master copy of the video image(s)

Bay Area Rapid Transit Police Department

Video Surveillance

and submit them as evidence. VRP will document their action with a supplemental report in the report writing system if the video request is associated with a BART Police case number.

*Video image requests generated for administrative purposes will not be submitted to evidence, unless specifically requested.

Video footage that is retrieved as evidence shall be handled in a manner that is consistent with the Department's evidence handling guidelines - Policy 804. Personnel shall adhere to a strict chain of custody, and shall always submit the original video cassettes/discs/digital files into evidence.

707.1.12 CAPTURING OF VIDEO IMAGES WITH PERSONAL DEVICES

Personnel without access to retrieve video footage recorded on District surveillance systems shall not use any video or still image cameras, recorders or cell phones to capture video or still images from the District video surveillance system. This applies to equipment privately and District-owned, and includes stored video images as well as video footage being viewed live.

707.1.13 USER ACCESS

All persons designated by the Department as video surveillance system users shall receive necessary training. When technologically feasible, unique user identification shall be used in order to access the system. Images stored on servers shall only be accessed and retrieved by authorized personnel and only in response to public safety emergencies or authorized internal or criminal investigations.

Access to the video system will not be arbitrarily provided. Rather, only police personnel with a need to access this system will be granted access. All requests for access shall be completed by the employee's direct supervisor and should be forwarded to the appropriate designee in charge of CCTV system access. Prior to being given access to the system, each authorized employee will be briefed on this policy.

Any personnel not employed by a law enforcement agency that have a need to access, view or review the CCTV system must have the consent of the Chief of Police, as well as complete a background screening prior to being provided access. Such personnel will also be required to review this policy and sign both a confidentiality agreement, which strictly limits the purposes for which accessed data may be used and imposes sanctions for any violation, as well as an agreement promising to adhere to the guidelines set forth in this policy.

707.1.14 LEGITIMATE LAW ENFORCEMENT PURPOSES

The BART Police Department may collect data that would be relevant to other legitimate law enforcement uses and subject to certain restrictions. Similar to the "plain view" exception in Fourth Amendment law, a police officer properly observing public scenes through a visual surveillance system may act upon evidence of criminal behavior as if he/she had witnessed it in person. This is true whether the officer is viewing the footage in real time or via a recording.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Video Surveillance

707.1.15 PAN, TILT AND ZOOM (PTZ) CAMERA USAGE

Any active, continual observation of an individual, involving the use of PTZ cameras, shall be done to support a legitimate District operational or safety purpose, or as the result of reasonable suspicion of the individual's involvement in actual or suspected criminal activity. PTZ camera operators are responsible for protecting the public's right to privacy as delineated by Citizens' Constitutional rights to privacy.

707.1.16 PRIVACY AND ANONYMITY

In regards to video surveillance, it is the intent of these policies and guidelines to ensure that all citizens, who may be conducting their activities in a place generally described as "public," be assured that their Constitutional right to privacy is respected and acknowledged. The system will not be used for viewing activities where a reasonable expectation of privacy may exist.

707.1.17 AUDITS

The video surveillance system may be equipped with capabilities that provide an audit trail of system use and user access. When available, this information should include the user ID and the ability to review all activities concerning the use of the PTZ features of that particular operator.

A designee(s) at the direction of the Chief of Police may regularly audit use of the video surveillance system. The report will address compliance issues with this policy and any audits of operators and the subsequent findings. Any user's unusual activity and/or other access that is deemed suspicious will also be included in the audit.

707.1.18 SAFEGUARDING AND PROTECTING STORED DATA

The BART Police Department will take all reasonably appropriate technological, physical, administrative, procedural, and personnel measures to protect the confidentiality and integrity of all sensitive video data and evidence, whether in transit or in storage.

707.1.19 PUBLIC NOTIFICATION OF VIDEO CAMERAS

Whenever practical, signage notifying the public that a video surveillance system is being used and images are being recorded will be posted in conspicuous locations proximate to the entrances of stations and other facilities. The signs at the very least will show the image of a camera. Exceptions will be made for confidential police cases.

707.1.20 CAMERA ERRORS/MAINTENANCE, ADDS, MOVES AND CHANGES

Personnel who notice that a camera feed is inoperative or that the image is out of focus or obscured, shall immediately notify the Communications/Maintenance Toll Test Board at ext. 7210, and should send a notification to policevideo@bart.gov for follow up.

Personnel who feel that additional camera coverage is needed in a specific location or that a camera would better serve the District if moved or refocused, shall email their requests to policevideo@bart.gov via their chain of command. Each request will be reviewed and considered for presentation to the District's CCTV Change Control Board.

Video Surveillance

707.1.21 NEW TECHNOLOGY

Any changes to the scope, capabilities and the uses of the system should be in accordance to current state and federal laws and within the scope of this policy and agency guidelines. At no point should this system or policy be altered so that it violates or poses a significant threat to violate an individual's constitutional rights.

Any technological advances that could be incorporated into the existing video surveillance system should also first be presented to the District's CCTV Change Control Board, the Chief of Police, as well as his/her CCTV designee(s).

707.1.22 POLICY VIOLATIONS

Unauthorized access to the system, misuse of the system, unauthorized reproduction of images, unauthorized distribution of images, or any other violations of this policy may result in disciplinary action up to and including termination.

Portable Aerial Observation Tower

709.1 PURPOSE AND SCOPE

This policy governs the use of portable aerial observation tower(s) for surveillance and crime detection.

709.2 EQUIPMENT

The department's portable aerial observation tower(s) are intended for use in areas where a raised surveillance platform is beneficial as a crime deterrent or for enhanced situational awareness. The tower permits an employee to be elevated to a position in a secure cab approximately 25 feet above the ground where they can better monitor the surrounding areas. The tower cab is equipped with tinted windows which prevent observation of the occupancy status of the tower. The tower may be raised or lowered from inside the cab or from a ground level control panel located in a secure compartment on the trailer. The tower is equipped with interior and exterior lights, a chair and a writing table, 110-volt power, PA system, portable radio charger and a HVAC system. The tower is powered by an on board gasoline generator or by an external 110-volt source.

709.3 MARKINGS

The portable aerial observation tower(s) are distinctively marked with the BART Police Department insignia in a highly visible manner.

709.4 DEPLOYMENT

The portable aerial observation tower(s) will be deployed at locations at the direction of a Zone Commander, the Watch Commander or any member of command staff. Any employee may request the deployment of a portable aerial observation tower for official projects via a request through the employee's chain of command. The Detective Sergeant, or designee, will be responsible for scheduling the availability of the tower(s).

In order to track the use of the tower(s), the Watch Commander will make a daily log entry for each deployment of a tower unless such notification would compromise an active investigation. Employees on patrol shall make periodic checks of unoccupied tower(s) on their beat.

The Operations Deputy Chief must review and approve overnight deployments at locations where the tower will not be continuously monitored. Employees should consider monitoring the status of unoccupied tower(s) via CCTV when deployed at locations with sufficient CCTV coverage.

When not deployed, the tower(s) will be stored at a location at the direction of the Detective Sergeant.

709.5 OPERATION

Portable aerial observation tower(s) will be operated and transported in a safe and prudent manner. The tower may only be moved by a vehicle properly equipped for towing the weight of the trailer. The trailer dimensions (height, width and length) and towing weights (overall and tongue-

Bay Area Rapid Transit Police Department

BART PD Policy Manual

weight) are listed in a conspicuous location on the outside of each tower. Employees should check and confirm that the tires are inflated to the recommended pressure prior to moving the trailer. Employees will successfully complete an orientation on the safe operation of the tower prior to operating a tower in the field. Prior to duty on a tower, each operator must complete a safety inspection consisting of the following;

- (a) All outrigger arms are extended, locked and not loose
- (b) The tower is level
- (c) The wind speed is below 40 mph
- (d) There are no overhead obstructions or hazards

All doors and access panels will be locked when the portable aerial observation tower is not occupied. The keys for the tower will be secured with the beat officer or at the nearest police zone facility if the trailer is left unoccupied on a deployment for an extended duration of time. The trailer will be secured with a "Denver boot" on one of the tires whenever it is parked at a deployment location or parked for storage. The tower may be left in the elevated position when unoccupied. The generator disconnect switch shall be left in the disconnected position whenever the tower is left for an extended period of time with the generator turned off.

709.6 SAFETY

Portable Aerial Observation tower(s) will not be elevated during periods of high wind (40 MPH or greater). Employees who observe an unoccupied portable aerial observation tower in an elevated position during a period of high wind shall immediately report the situation to the Watch Commander or immediately lower the tower if trained to operate the equipment.

The portable aerial observation tower(s) are equipped with weather stations which include a removable external anemometer to measure the wind speed. The anemometer shall be in the installed position and operational before the tower is elevated. The anemometer shall be removed and placed in the secure storage compartment when the trailer is towed.

The portable aerial observation tower outriggers shall be deployed and the trailer leveled to the manufacturer's specifications before the cab is elevated. The supplied wheel chocks shall be used when securing the tower for deployment. Before elevating the cab, employees shall ensure that the door is securely closed and that the safety cable is attached to the door. To prevent unintentional openings of the cab door, employees shall never lean on the door or manipulate the door latch while the cab is in the elevated position.

The cab is equipped with a camera and monitor to view the area below the cab when it is in the elevated position. Employees shall confirm that the area below the cab is safe before lowering the cab to the ground level. The tower is designed to be stable when it is fully elevated or fully lowered. The tower will not be deployed in a partially elevated position.

The cab is equipped with an emergency release lever to safely lower the cab in the event of an emergency, such as a loss of power, where the normal controls are not operational. Pulling the

Bay Area Rapid Transit Police Department

lever and holding it will cause the cab to lower to the ground at a controlled speed. A second emergency release is located at ground level in the secure cabinet where the tower controls are located.

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Statewide Integrated Traffic Reporting System (SWITRS)
- Computer Aided Dispatch data
- Regional Law Enforcement RMS data/Crime Analyst reports
- Parole and Probation records
- Field Interview cards

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Physical evidence information
- Modus operandi factors
- Suspect vehicle descriptors
- Suspect descriptors
- Victim and target descriptors
- Temporal factors
- Geographic factors

800.4 EVALUATION OF DATA AND FINDINGS

The crime analysts may use techniques that may include repeat offender analysis, link analysis, telephone record analysis, temporal analysis, geographic analysis, and other resources as directed. For our crime analysis operation to remain effective, BART PD encourages feedback to the Support Services Bureau Deputy Chief so that adjustments can be made to the analysis process based on the input of those operational components using the analyses produced.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Crime Analysis

A key element to developing actionable intelligence relative to crime is the evaluation of the data collected for accuracy and the subsequent organization of that data by filtering erroneous information and arranging the data in a manner that can be easily analyzed. Crime data is analyzed by this agency using analytical tools such as spreadsheets, geographic information systems, and statistical software. Through these tools, an analyst can identify and interpret criminal activity, patterns, and trends, and forecast trends to aid in staffing and deployment of resources. Additionally, research on known offenders is conducted to provide potential suspect leads to patrol and investigative units.

800.5 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. The Crime Analyst will distribute, via email, a printed product, and/or briefing, consisting of routine crime analysis information, patterns, and trends to appropriate units. This includes the Chief of Police and Command Staff at Command Staff meetings, the Operations Bureau, Support Services Bureau, and the Professional Standards and Training Bureau, as needed.

800.6 CRIME ANALYST TRAINING

Please see the Department's Training Plan for mandatory, essential and/or desirable training for the position of Crime Analyst.

Department Form Management

801.1 PURPOSE AND SCOPE

The purpose of department form management and control is to prevent form proliferation. Form management allows for the control, creation, revision, and purchasing of all forms used by the department. The accountability for agency forms includes procedures for development, modification, approval, and review. This policy provides that:

The Communications Center

802.1 PURPOSE AND SCOPE

This policy establishes guidelines for the basic functions of Integrated Security Response Center. It addresses the immediate information needs of the Department in the course of its normal daily activities and during emergencies.

802.2 POLICY

It is the policy of the Bay Area Rapid Transit Police Department to provide 24-hour telephone service to the public for information and for routine or emergency assistance. The Department provides two-way radio capability providing continuous communication between Integrated Security Response Center and department members in the field.

802.3 INTEGRATED SECURITY RESPONSE CENTER SECURITY

The communications function is vital and central to all emergency service operations. The safety and security of Integrated Security Response Center, its members and its equipment must be a high priority. Special security procedures should be established in a separate operations manual for Integrated Security Response Center.

Access to Integrated Security Response Center shall be limited to Integrated Security Response Center members, the Watch Commander, command staff and department members with a specific business-related purpose.

802.4 CALL HANDLING

This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a

Bay Area Rapid Transit Police Department

BART PD Policy Manual

The Communications Center

language-appropriate authorized interpreter is available in Integrated Security Response Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

802.4.1 EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

802.4.2 NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

802.5 RESPONSIBILITIES

802.5.1 COMMUNICATIONS SUPERVISOR

The Chief of Police shall appoint and delegate certain responsibilities to a Communications Supervisor. The Communications Supervisor is directly responsible to the Lieutenant of Support Services or the authorized designee.

The responsibilities of the Communications Supervisor include, but are not limited to:

- (a) Overseeing the efficient and effective operation of Integrated Security Response Center in coordination with other supervisors.
- (b) Scheduling and maintaining dispatcher time records.

802.6.1 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE

Bay Area Rapid Transit Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

802.6.2 RADIO IDENTIFICATION

Radio call signs are assigned to department members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

802.7 AUDIO RECORDING OF RADIO AND TELEPHONE

The Communications Division will maintain a system for recording and immediate playback of all telephone and radio transmissions within the Integrated Security Response Center (ISRC). The records shall be maintained in accordance with the SF Bay Area Rapid Transit District Retention Policy, unless the communication is identified as being needed as evidence. Those recordings identified will be copied and placed into evidence. All non-evidence audio recordings will be maintained for a minimum of 90 days.

The Support Services Division Lieutenant shall assure that security measures are in place and maintained for the digital recordings referred in this section.

Review of the recordings are available for immediate review by Department personnel for business purposes. Supervisors and managers may review audio recording for purposes of quality control, evaluation and training.

External requests for copies of audio recordings from the Integrated Security Response Center shall be routed through the Communications Supervisor or his/her designee.

802.11 TRAINING AND CERTIFICATION

Dispatchers shall receive training consistent with minimum standards established by POST (Penal Code § 13510).

Evidence Handling

803.1 COLLECTION OF EVIDENCE FROM KNOWN SOURCES

A significant degree of the value of laboratory examinations concerns the identification of substances and the comparison of these materials with materials from known sources.

Whenever such materials or substances are available, and it is legal to do so, Field Evidence Technicians may, when necessary, collect standards from known sources. After collection, these items will be appropriately packaged and booked into the BART Police Department evidence system for preservation and laboratory coordination. Materials and substances to consider collecting for comparison include:

1. Blood
2. Biological fluids
3. Hair
4. Fibers
5. Paint
6. Glass
7. Wood
8. Metal
9. Soil
10. Tools
11. Footwear

Other items not listed above may be valuable for comparison, such as non-expended ammunition, or other objects specific to each case.

803.2 TRANSPORTING EVIDENCE

When personnel process a scene, they are responsible for transporting the evidence in a safe, secure and timely manner to one of the BART Police Department facilities, while maintaining the chain of custody. The evidence will be packaged and booked into the Evidence Room or substation evidence lockers (Refer to BART PD Lexipol Policy 804 regarding proper evidence packaging).

803.3 SUBMITTING EVIDENCE TO THE LAB

The BART Police Department processes all evidence to the capability of the department. Also available are the Alameda County, Contra Costa County, San Francisco County, San Mateo County, Santa Clara County, FBI, private and the Department of Justice Criminalistics Laboratories

Evidence Handling

Evidence Submission Responsibility - The responsibility of submitting evidence and requesting laboratory examinations lies with the Investigations Unit. Any requests must be made via a Request for Laboratory Services form. One copy of the Request for Laboratory Services form is attached to the approved report for submission to the lab.

If the evidence is to be processed by an outside laboratory, the assigned detective then completes a Physical Evidence Submission Form requesting the types of laboratory analysis necessary.

If the California Department of Justice Crime Scene Investigators or any federal crime scene investigators (i.e. FBI or ATF) assist with a crime scene, evidence may be submitted to them directly at the scene. An investigator or Field Evidence Technician must create a complete list and description of the items on a Property Receipt. The assisting agency personnel who receive the item(s) must sign the reverse side of the Property receipt. The items must also be entered in the property section of the written report as being in the possession of DOJ or the FBI, etc.

If evidence is to be sent to an outside Laboratory it should be sent with department personnel or, depending upon the evidence, can be sent via US Mail or by FedEx.

Documentation - If an outside Laboratory is to process evidence, a copy of the examination request form and a copy of the report must accompany the evidence.

Receipts for Chain of Evidence – It is the responsibility of Property/Evidence personnel to indicate the transfer of evidence from BART Police Department Evidence to any other location including to the DOJ. A receipt is given to the department transporter documenting the evidence transfer. This record will be kept in the Property/Evidence Room.

Results in Writing - All reports pertaining to the results of evidence analysis performed must be in writing. Employees must forward an original copy of this report to Records, for filing with the original reports on the offense.

Field Collection and Preservation of Evidence

805.1 PURPOSE AND SCOPE

The procedure provides for the proper collection and preservation of evidence in the field. The protection of the crime scene, the investigation of the crime, and the prosecution of offenders require that information about the crime be obtained through the application of scientific methods.

805.2 CRIME SCENE RESPONSIBILITY

The first officer on the scene is responsible for the initial securing and protection of the crime scene including preservation of evidence. The officer will call others to assist as needed, however, responsibility for the scene remains with the officer who is assigned the call until a supervisor or investigator assumes responsibility.

The patrol supervisor and/or watch commander must decide whether field personnel are to be responsible for the processing of an extraordinary crime scene or if detectives will be called out. When deciding the need, supervisors should consider the seriousness of the offense, the existence of complex evidence, and the condition of the scene. As a guide, patrol officers should collect all evidentiary items for crimes, except for those listed:

1. Murder
2. Kidnapping
3. Rape
4. Suspicious deaths
5. Attempted Murders/Serious Assaults

However, in the case of the transient evidence which would otherwise be lost, patrol officers may be required to collect/protect evidentiary items for all cases. In these cases, the officer should consult with their supervisor. For the indicated crimes, the Watch Commander should call the on-call detective and Field Evidence Technician (FET) for response to the major crime scenes. The Watch Commander or the detective may initiate the call-out of the Field Evidence Technicians. FETs or detectives should collect or direct the collection of all evidentiary items for scenes in which they are called to.

For homicide scenes, Alameda, Contra Costa, San Francisco, San Mateo or Santa Clara County Crime Lab personnel may be summoned. The resources of the Federal Bureau of Investigation should be used for crimes such as kidnapping or where suspect interstate flight is suspected. The request should come from the Investigations Unit.

If a detective takes over the investigation of the scene, he or she has the authority of the management of the crime scene. The detective should assign, direct and manage crime scene personnel as he or she deems appropriate.

Crime Scene Protection

A secured crime scene area should be surrounded with yellow crime scene tape.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Collection and Preservation of Evidence

Crime Scene Log

No one should enter the crime scene unless they have an official purpose to be there. All persons entering the crime scene must check in and out with the crime scene scribe designated by the officer/supervisor in charge of the crime scene. The scribe will broadcast his/her location so that officers can check in prior to entering the crime scene. Only officers involved in the investigation may enter the crime scene for official purposes. The scribe's crime scene log shall contain the rank, name, star number, entry time and exit time of those entering/exiting the crime scene. Police personnel entering the crime scene may be required to complete a written report. All personnel shall complete a supplement report upon exiting officer involved shooting scenes and homicides.

The officer/supervisor in charge of the scene shall ensure the crime scene is secure by assigning and may use uniformed personnel to accomplish this objective. Once a complex crime scene is secured, there are several component steps used for the processing of a crime scene.

Organize and Search

The detective and FET will organize a systematic and thorough search of the crime scene for any and all evidence.

Record

The crime scene shall be properly recorded. There are several recording methods:

1. Photography - photographs taken at any crime scene should be taken in the following sequence prior to any evidence collection or processing:
 - (a) Taken from general to specific to include overall photos.
 - (b) Subject material from various angles
 - (c) If possible, photos or video of scene should be taken from the vantage point of witnesses.
 - (d) Any photograph requiring a scale should be duplicated with and without scale
2. Video procedures should be the same as for still photography.
3. Crime scene sketching and diagramming – When a sketch or diagram is made at a crime scene, the following elements should be included in the sketch:
 - (a) Name of the person preparing the sketch
 - (b) Date of preparation
 - (c) Complete address or description of location, including floor or room number, as appropriate
 - (d) Relation of scene to buildings, geographical features or roads
 - (e) Dimensions
 - (f) Direction of magnetic north
 - (g) “Not to scale” notation on sketches that are not to scale
 - (h) Diagrams that are to scale should include the scale in bar form showing the distance and what that distance represents

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Collection and Preservation of Evidence

- (i) Evidence locations
 - (j) Completion of a log identifying items of evidence noted on the sketch.
4. Latent print recovery - The Field Evidence Technician will use the appropriate methods to develop latent prints. After latent impressions are developed, it is at the Field Evidence Technician's discretion to photograph prior to lifting the obtainable prints. The latent print cards will be booked as evidence. Elimination prints will be taken from owners/victims connected to the property and the cards booked as evidence.

Marking of Evidence

The actual physical evidence collected by investigators and Field Evidence Technicians should not be marked or altered in any way.

Collection of Evidence

The investigator or Field Evidence Technician responsible for the collection of evidence will use the proper packaging container as per their training. Consideration of the evidence, e.g., volatile, biological, or fluid, is essential.

The investigator or Field Evidence Technician will seal the evidence in a proper container with red evidence tape, placing his/her mark and date on the seal. The preservation of the condition of the evidence and prevention of contamination are the utmost importance. A property bar-code label will be securely attached to the container prior to evidence being booked into the property and evidence room. The integrity of the chain of custody must be maintained and all evidence shall be booked as soon as practical in during the course of the investigation.

805.3 IN-FIELD PROCESSING - SPECIAL CONSIDERATIONS

Weapons and explosives are items that shall be considered as "special", i.e., they require unique handling.

Weapons

Firearms shall be rendered safe and placed into a firearms box if possible. Nothing should be placed into the barrel of a firearm, or the firing chamber. **Always treat any firearm as if it is loaded. If you are not familiar with the firearm, find an officer who is - prior to unloading. Use extreme care while unloading the firearm to preserve fragile trace evidence.** Extreme care should also be taken during transport of the firearm to preserve trace evidence. Knives should be placed into a knife box.

Explosives or Hazardous Materials

Limited amounts of volatile fluid of evidential value may be collected in a metal or glass container and then booked into a hazardous materials evidence container. Other hazardous materials such as chemicals, biological specimens, nuclear material, or other unsafe matter will be photographed and disposed of according to applicable law. Non-evidentiary items will be disposed of according to BART PD hazardous materials policy (Policy 412).

All evidence and property should be properly packaged to protect it from contamination, alteration, destruction or damage.

805.4 EVIDENCE COLLECTION

All items of evidence collected at a crime scene will be documented on a Property/Evidence Report. The report should include, when applicable:

1. Brand
2. Model
3. Identifying numbers such as serial numbers
4. Location obtained from
5. Received from whom
6. A thorough description of the evidence, such as size, color, special markings, etc.

805.5 TRANSFER OF EVIDENCE

If evidence is transferred from one person to another prior to the booking of evidence, the transfer must be documented as part of the chain of custody. In such cases, the following shall be documented:

1. Date and time of transfer
2. Releasing person's name
3. Reason for transfer
4. Accepting person's name

Any evidence items which require processing by an investigative laboratory shall first be booked into BART PD property and evidence room. Requests for laboratory processing will be made by the investigations unit. The only exception to this will be if an outside Crime Scene Investigations Unit (FBI, DOJ, ATF) is on scene working with the Investigations Unit, evidence may be submitted to them directly.

805.6 CRIME SCENE AND EVIDENTIARY PHOTOGRAPHY

Photographs should be taken from general to specific. Some photographs may be taken by the responding patrol officer; others during the "walk through" of the scene by the detective or field evidence technician. More photographs may be taken prior to booking evidence when the items can be placed on a table.

Photographs need to be taken so they depict the overall scene, the approach to evidence and areas of interest, and close up. These photographs shall be, if feasible to do so, taken prior to any alteration of the crime scene due to evidence collection. It is the responsibility of the detective or the field evidence technician to photograph crime scenes by use of a digital camera, and/or video camera, for the types of crimes listed below. Digital evidence will then be uploaded into Evidence.com for storage and assigned the category labeled, "Video held."

1. Kidnapping
2. Murder

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Collection and Preservation of Evidence

3. Rape
4. Suspicious deaths

805.6.1 INFORMATION TO BE RECORDED

The following should be documented when photographic evidence is recorded:

1. Date
2. Location
3. Equipment used

805.7 VIDEO CAMERAS

If a video camera is used, the procedures are the same as taking still digital photos. The videotape or CD is booked as evidence using the standard evidence booking procedures. An audio plug should be used to prevent audio from recording; however, the field evidence technician or detective may elect to provide a narration of the scene as the video is recording.

805.8 FINGERPRINTS

The two fundamental forms of fingerprint evidence are:

Latent – not readily visible deposits of oil, salt, water, etc., on a surface, and

Patents – an impression visible to the naked eye

The use of powders and chemicals constitute a potential safety hazard to the FET. A respiratory mask should always be used when working with powders of any kind.

Fingerprint evidence can be processed in the field or in the lab. The procedures to use in the field are:

1. Powders – Fingerprints on smooth, non-porous surfaces can usually be developed with latent powders. In some cases, a magnetic brush and magnetic powder may be easier to work with. The FET should rely on their training and experience in choosing the type of powder to use in the processing.
2. Handling – To prevent contamination always use gloves when processing a crime scene.
3. Processing and developing – The fingerprint brush should be clean and free from debris. The brush should be swirled to remove excess powder, then lightly dipped into the powder, and swirled again before being lightly applied to the surface in a gentle circular motion. Once the latent becomes visible, the print should be dusted in the direction of the ridges until the print is as visible as possible. Avoid over dusting.
4. Lifting – Using fingerprint tape, release an adequate length of tape from the roll. Using a finger place the tape down to cover the entire print. The tape should be rubbed to remove any air bubbles. If the tape can be lifted, it should be placed on a latent card. If the tape cannot be removed without destroying the print, the entire item should be

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Collection and Preservation of Evidence

collected. If the item cannot be collected, the print should be photographed with a 1:1 ratio.

5. Labeling – The employee must complete the following information on the latent fingerprint card:
 - (a) Location of Lift or where print is lifted from
 - (b) Date/Time of Lift
 - (c) Processor's name and badge number
 - (d) Sketch of object and orientation of latent print
 - (e) Crime code or classification
 - (f) Case number
6. Storage of prints – If the print is associated with a Contra Costa County case, the print shall be placed in a fingerprint evidence envelope. The requested information shall be filled out and the chain of custody signed. Latent fingerprint cards from Contra Costa County are booked into evidence in the Contra Costa County white fingerprint envelope. Latent fingerprint cards from Alameda County, San Francisco County, San Mateo County and Santa Clara County are placed into BART PD manila evidence envelopes and booked into evidence.

If additional processing is warranted, the detectives will forward the latent prints to the appropriate crime lab.

Elimination prints are fingerprints taken from known individuals using an Elimination Fingerprint Kit. They can be taken at the crime scene or taken at a later time. Elimination prints are generally associated with a specific case and booked as evidence using the standard evidence booking procedures.

805.9 CRIME SCENE PROCESSING EQUIPMENT

Crime scene processing equipment is issued to field evidence technicians who have attended the 80-hour Evidence Technician course.

805.10 RECOVERY OF LATENT FINGERPRINTS

Every patrol vehicle is issued a fingerprint kit as a part of their equipment. The fingerprint kit consists of fingerprint cards, adhesive tape, a brush, and black powder. The fingerprint kit is re-supplied by the Property & Evidence Specialist or Property Clerk upon request by the officer.

805.11 PHOTOGRAPHY

Patrol officers are assigned a digital camera as part of their equipment. It should remain on their person for use during their shift. In the event a camera is damaged or lost, the Officer responsible for the camera should report the damage or loss to their immediate supervisor by means of a memo. The supervisor can request that the camera be replaced or repaired through the Administration Division.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Collection and Preservation of Evidence

805.12 SKETCH OF THE SCENE

The FET assigned to the investigation should use their discretion in determining whether or not a sketch of the crime scene should be done keeping in mind the goal of prosecuting the offenders. A sketch is a rough drawing representing the chief features of an object or scene as a preliminary study that can be done on graph paper. Pads of graph paper can be obtained in the evidence booking room.

805.13 COLLECTION AND PRESERVATION OF EVIDENCE

The FET is responsible for using the appropriate packaging materials when collecting evidence. These materials include paper bags of various sizes, plastic containers with lids of various sizes, red evidence tape, and marking pens. Replacement evidence collection items are located in the evidence booking room. Additional items can be requested through the FET coordinator.

805.14 COMPUTER AND OTHER DEVICE SEIZURE

When the need arises to collect and store computer equipment and/or other devices capable of storing data in an electronic format, as evidence, a specialist may be notified. Officers working at the direction of trained personnel must properly collect computer equipment, data storage devices, and related apparatus to ensure that actions taken should not add, modify, or destroy data. It is important that officers protect the area and consider possible fingerprints and/or other evidence.

Collection

All collected electronic evidence will be properly documented. If the computer or device is on, leave it on. If the computer or device is off, leave it off. Photograph the entire scene including the front of the screen and record displayed information if applicable. Identify telephone lines attached to devices such as modems and caller ID boxes. Label each telephone line from the walls if possible.

Label, photograph and inventory all electronic evidence including cables prior to disconnect to allow for later reassembly. Consider and properly package for possible latent analysis. If the computer or device is on, remove the power source cable from the computer or device, not from the wall outlet. Remove any portable storage devices from the system, package and label properly. Pack magnetic media in antistatic packaging (paper or antistatic plastic bags). Keep electronic evidence away from magnetic sources, radio transmitters, and speaker magnets. These sources are examples of items that can damage electronic evidence.

Transportation- Maintain the chain of custody on all evidence transported. Transport away from any other electronic devices. Be mindful of patrol car mobile computers, cellular phones, modems, etc.

Other Considerations- Potential evidence such as dates, times and system configurations can be lost as a result of prolonged storage; therefore, investigations personnel should be informed that a device powered by batteries is in need of immediate attention.

Only personnel who have been trained in Computer Forensics should examine and extract data on a seized computer or electronic device.

805.15 REPORTING OF PROCESSING A CRIME SCENE/TRAFFIC COLLISION

It is the responsibility of any personnel who process a crime scene or traffic collision scene for investigative purposes to submit a complete report on the sequence of events associated with his/her scene investigation. The reports must contain the following information:

1. Date and time of occurrence
2. Date and time of arrival at scene
3. Location
4. Victim's name (if known)
5. Suspect's name (if known)
6. Actions taken at the scene including photography, video, etc.
7. Whether measurements were made
8. List of physical evidence recovered

If an investigator or field evidence technician is summoned to the scene, he/she should write a supplemental report. The report will document actions taken including:

1. The date and time of the call-out
2. Any additional collection and/or disposition of evidence
3. Any measurements taken.

Investigations of traffic collisions will be conducted and recorded consistent with the California Highway Patrol's Collision Investigation Manual (CIM). Refer to the CIM for specific report details.

805.16 DNA EVIDENCE COLLECTION

DNA is contained in blood, semen, skin cells, tissue, organs, muscle, brain cells, bone, teeth, hair, saliva, mucus, perspiration, fingernails, urine, feces, etc.

The first officer on the scene where DNA Evidence may be a factor is responsible for the initial securing and protection of the crime scene including preservation of DNA evidence. The officer will call others to assist as needed, however, responsibility for the scene remains with the officer who is assigned the call until a supervisor or investigator assumes responsibility.

Every officer should be aware of important issues involved in the identification, collection, transportation, and storage of DNA evidence. Because extremely small samples of DNA can be used as evidence, greater attention to contamination issues is necessary. Evidence can be contaminated when DNA from another source gets mixed with DNA relevant to the case. This can happen when someone sneezes or coughs over the evidence or touches his or her mouth, nose or other part of the face and then touches the area of the evidence containing the DNA.

Crime Scene(s) which require the collection of DNA evidence should be recovered and collected by a Field Evidence Technician. Field Evidence Technicians will refer to their specialized training regarding the proper techniques for collection of DNA evidence.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Field Collection and Preservation of Evidence

Patrol Officers who are collecting DNA evidence will refer to their continued professional training for proper techniques regarding the collection of DNA evidence.

Procedures for Collection, Storage, and Transportation of DNA Evidence – DNA evidence should be collected in accordance with these procedures.

Contamination

The use of Polymerase chain reaction techniques by the lab in DNA typing requires extra precautions. To avoid contamination of evidence that may contain DNA, collectors should take the following precautions:

1. Wear gloves and change them between sample collections.
2. Use disposable instruments.
3. Avoid touching the area where DNA may exist.
4. Avoid talking, sneezing, and coughing over evidence.
5. Avoid touching of the face, nose, and mouth when collecting and packaging evidence.
6. Air-dry evidence thoroughly before packaging.
7. Put evidence into new paper bags or envelopes, not into plastic bags.

Controls

Anytime a swab is taken of suspected DNA evidence, a control sample needs to be taken. The control should be taken from an area where DNA is not suspected to be located. Control swabs are to be treated the same as evidence swabs.

Collection

Properly collected and preserved evidence can establish a strong link between an individual and a criminal act. Procedures for collection of DNA evidence vary somewhat, but the common rule is not to use plastic containers for storage. The use of paper bags or envelopes is required for long term storage. However, saturated bloody items may be transported in plastic bags to the evidence room where the items can be dried.

Blood on a Person

1. Wet blood
 - (a) Absorb suspected liquid blood onto a clean swab.
 - (b) Using a second swab, swab an unstained area as a control.
 - (c) Air-dry the swabs and pack in the storage containers that come with the swabs. Be sure to mark the evidence number, date, time of collection, and the collector's name on the container.
 - (d) Package in paper envelopes and place in evidence freezer.
2. Dried blood-Absorb
 - (a) Absorb suspected dried blood onto a clean swab moistened with distilled water.

Bloodstains

1. Moveable objects
 - (a) Wrap dried bloodstained garments in clean paper.
 - (b) Do not place wet or dried garments in plastic or airtight containers, other than for immediate transport to the property and evidence room.
 - (c) Place all debris or residue from the garments in an evidence envelope.
 - (d) Avoid creating additional stain patterns during drying and packaging, i.e., try not to fold wet items over onto themselves.
 - (e) Pack in clean paper.
 - (f) Package in paper envelopes and place into evidence freezer.
2. Immovable objects
 - (a) Sample that can be removed
 1. Cut a large sample of suspected bloodstains from immovable objects with a clean, sharp instrument.
 2. Collect an unstained control sample.
 3. Pack to prevent stain removal by abrasive action during shipping.
 4. Pack in clean paper.
 5. Package in paper envelopes and place into evidence freezer.
 - (b) Sample that can not be removed.
 - (a) Absorb suspected dried bloodstains on immovable objects onto a clean swab moistened with distilled water.

Saliva and Urine

1. Liquid Saliva and Urine
 - (a) Absorb suspected liquid saliva or urine onto a clean swab.
 - (b) Using a second swab, swab an unstained area as a control.
 - (c) Air-dry the swabs and pack in the storage containers that come with the swabs. Be sure to mark the evidence number, date, time of collection, and the collector's name on the container.

2. Dry Saliva and Urine
 - (a) Submit suspected small, dry saliva-or urine-stained objects by packing to prevent stain removal by abrasive action during shipping.
 - (b) Pack in clean paper or an evidence envelope.
 - (c) Package in paper envelopes and place into evidence freezer.

Hair

1. Pick up hair carefully with clean forceps to prevent damaging the root tissue.
2. Air-dry hair mixed with suspected body fluids.
3. Package each group of hair separately in clean paper and an evidence envelope.
4. Package in paper.

Transportation and storage - Once DNA evidence has been secured in paper bags or envelopes, it must be sealed, labeled, and transported in a way that ensures proper identification of where

it was found and the proper chain of custody. During subsequent transportation and storage, the evidence that may contain DNA must be kept dry and at room temperature or be frozen.

DNA evidence should not be stored in plastic bags because plastic bags will retain damaging moisture. Direct sunlight and warmer conditions also may be harmful to DNA. Avoid keeping evidence in places that may get hot, such as a room or police car without air conditioning.

Procedures for the Submission of DNA Evidence to the DOJ Laboratory

The responsibility for submitting DNA evidence and requesting laboratory examinations lies with the BART PD investigations unit.

The detectives are responsible for submitting a CL-010 for Contra Costa County or an Alameda County, San Francisco County, San Mateo County or Santa Clara County "Request for Crime Lab Services" form.

It is the responsibility of the Investigations Unit to review cases that require accredited DNA Laboratory forensic services. If additional types of laboratory analysis are necessary, or new or additional evidence becomes available, the investigator must submit a new request to the Property and Evidence Specialist concerning the additional analysis.

The Alameda County, Contra Costa County, San Francisco County, San Mateo County and Santa Clara County crime laboratories provide written reports pertaining to the results of all evidence analysis they perform. The report must be forwarded to Records for filing with the original crime reports. A copy must also be sent to the Investigations Unit.

Records Division

806.4 DETERMINATION OF FACTUAL INNOCENCE

In any case where a person has been arrested by officers of the Bay Area Rapid Transit Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Support Services Supervisor. The Support Services Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Support Services Supervisor should forward the petition to the Criminal Investigations Division Supervisor and the General Counsel for review. After such review and consultation with the General Counsel, the Criminal Investigations Division Supervisor and the Support Services Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Support Services Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Support Services Supervisor should respond to a petition with the Department's decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

806.5 CONFIDENTIALITY

Records Division staff has access to information that may be confidential or sensitive in nature. Records Division staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Division procedure manual.

806.6 ARREST WITHOUT FILING OF ACCUSATORY PLEADING

The Operations Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

- (a) The individual is issued a certificate describing the action as a detention.
- (b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.
- (c) The California DOJ is notified.

Records Division

806.7 FILE ACCESS AND SECURITY

The security of files in the Records Division must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police department case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in the secure Records Management system (RMS) under the control of the Records Division. The release of record files during normal business hours, other than those reports required as part of a booking procedure of a local agency, is the responsibility of the Records Division. All requests for releasable reports will be entered into the case report of the RMS system.

The Records Division will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

Requests for department police reports from outside law enforcement agencies may be requested after hours through the Watch Commander's office. The requesting agency shall fax or email, on department letterhead, the report request. The Watch Commander shall forward the request to the Administrative Services Supervisor with notice that the report was faxed or emailed. A copy of the fax or email will be retained in the Records Management system to note the release.

Records Retention

807.1 PURPOSE AND SCOPE

The purpose of the Records Retention Schedule is to provide guidance on the management of the Department's records and the process to follow when deciding on which records should be kept, for how long, and for the destruction of records that have reached the end of their retention period. The Records Retention Schedule takes into account the Department and District's needs as well as statutory requirements set by state law.

The Records Retention Schedule will serve as a guide to provide Department personnel the appropriate records to retain and the retention period for those records. The Records Retention Schedule will be revised as experience dictates to reflect current methods, procedures, and changes in the law governing law enforcement records.

Under Public Utilities Code Section 28830, the BART District General Manager is responsible for the administration of the business affairs of the District and is therefore empowered to arrange for the management of District records. Additionally, Resolution 1026 of the District's Board of Directors, delegates the General Manager the authority to dispose of District Records.

807.1.1 SUBSECTION TITLE

See attachment: [BART_Records Retention Schedule_2019.21.18.pdf](#)

807.2 RESPONSIBILITIES

The Records Retention Schedule is broken down by the divisions responsible for the records on the schedule. The Office of the Chief, Deputy Chiefs of Operations, Support Services, and Professional Standards and Training will delegate a member of their bureau to be responsible for the management, security, and destruction of their bureau's records.

Records listed on the Records Retention Schedule should be reviewed annually to identify records that have reached their maximum retention period. Those records meeting the schedule's requirements for destruction should be cataloged. Paper records shall be boxed, labeled, and placed in the secure file room (MET 357) temporarily. Each division will be responsible for documenting the records to be destroyed, in memo format, to be reviewed and approved by the Chief of Police and BART Legal before destruction.

Upon approval, the memo should be forwarded to the Records Supervisor. The Records Supervisor will be responsible for scheduling and monitoring the onsite the destruction of paper records. Records that are maintained electronically by the Department shall be deleted by the unit that is responsible for managing them.

Email records are the responsibility of BART IT and are not managed under the BART Police Department Records Retention Schedule.

Records Retention

807.3 DESTRUCTION OF RECORDS

A bonded shredding company will destroy paper records. The destruction will be conducted on-site and observed by the Records Supervisor and/or designee. The shredding company shall provide a receipt upon completion of the destruction which shall be attached to the destruction memos signed off by the Chief of Police and BART Legal. These records shall be kept indefinitely.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

808.2 PROCEDURE

Any firearm coming into the possession of the Bay Area Rapid Transit Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process **before** the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Restoration of Firearm Serial Numbers

808.2.3 OFFICER RESPONSIBILITY

The Evidence clerk receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

808.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence PAS/CSO will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

Legal Process

809.1 PURPOSE AND SCOPE

This procedure establishes guidelines for legal processes that the Department maintains.

Traditional civil/legal process is handled by the five County Sheriff's Offices civil division's in which the BART District operates. The BART Police Department may be called upon to assist in the legal process, responding to court orders and appear in court in response to a legally executed subpoena. The following process outlines the duties and responsibilities of employees when called upon to participate in the legal process.

809.2 ACCREDITATION STANDARDS

This section pertains to the following CALEA Standards: 74.1.3, 74.2.1, 74.3.1, 74.3.2

809.3 PROCEDURE - CIVIL PROCESS

Officers and employees may be ordered to appear in court to testify in various criminal or civil proceedings via legal service of a court-issued subpoena during their employment.

The service of the court issued criminal and civil subpoenas is the responsibility of the issuing court. As it relates to the acceptance of subpoenas, members should reference the Acceptance of Subpoenas subsection in the Court Appearance and Subpoenas policy.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

 - 3. Who claimed ownership.
 - 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a shared network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a physical write-protection tab or switch, it should be activated.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Computers and Digital Evidence

- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request that the investigator assigned to the case copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to a police facility as soon as possible for submission into evidence. Officers

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Computers and Digital Evidence

shall either submit the entire memory card as evidence or shall use appropriate computer software provided by the Department to download a copy of the evidence and burn those files to CD or DVD media. The CD or DVD media shall then be submitted as evidence.

- (b) Officers requiring a copy of the digital files must request a copy from the Investigations Section. Officers shall not keep personal copies of evidence items except as is required for legitimate business purposes.

814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Digital media that is held as evidence may only be duplicated under the direction of the Investigations Section. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Processing and Handling of Arrestees

903.1 PURPOSE AND SCOPE

To establish procedures for the safe handling and processing of arrestees.

903.2 POLICY

Although recommended for most arrest situations, handcuffing is a discretionary procedure and not an absolute rule of the Department. The arresting officer should consider the circumstances leading to the arrest, the attitude of the arrested person, and the age, sex, and health of the person before handcuffing. It must be recognized that officer safety is the primary concern.

It is not the intent of the Department to dissuade officers from handcuffing all persons they believe warrant that degree of restraint, nor is it the intent of this policy to create the atmosphere that in order to avoid risk, an officer should handcuff all persons regardless of the circumstances. In most situations handcuffs should be applied with the hands behind the person. Handcuffs should be removed as soon as the arrested person is safely confined within the jail.

Arrestees should be handcuffed and relieved of all personal property while held in any lock up. Arrestees not handcuffed, for the purposes of interviewing or processing, are the sole responsibility of the officers who have custody of the arrestee.

903.3 DEFINITIONS

Lock Up – A room or secure enclosure that is primarily for the secure detention of adults upon arrest.

Zone Facility - Any police substation or remote-reporting location.

Arrestee - Any person detained for investigation of a criminal incident.

903.4 PROCEDURES

All persons placed under physical arrest should be handcuffed with the hands to the rear, and the handcuffs shall be double-locked and checked for comfort. Arrestees should remain cuffed from the time of arrest until that person is turned over to the custody of a jail facility or other competent authority, unless the person is being interviewed, processed, treated at a medical facility or granted toilet privileges.

Arrestees may be handcuffed to the front only when it is necessary due to medical reasons or due to the physical size of the person. Complaints of handcuff irritation shall be checked as soon as practicable. Prior to granting toilet privileges, the facility or restroom must be checked for security and privacy. Officers are required to accompany arrestees into the restroom to maintain visual control. Arrestees shall be accompanied by an officer(s) of the same sex.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Processing and Handling of Arrestees

When an arrestee is detained in any lock up, all personal property that could be used as a weapon or device to attempt suicide, shall be removed from the arrestee prior to placing the arrestee into the lock up.

No items which could be used as a weapon shall be placed in the lock up.

Officers entering any lock up shall secure their firearms prior to taking the handcuffs off any arrestee.

Violent arrestees shall be restrained by use of an approved restraint method to minimize self-inflicted injuries and injury to department personnel. Officers using a restraint method shall closely monitor the arrestee's vital signs to minimize any injury.

Whenever a lock up is occupied, the lock shall remain engaged.

903.4.1 RELEASE FROM CUSTODY

- (c) Ensure that any known threat or danger the prisoner may pose, such as escape risk, suicide potential, or medical condition, is recorded on the prisoner's booking documentation and is transported with the prisoner to the next facility. The transporting officer shall ensure such threat or danger is communicated to intake personnel at the facility.

903.4.3 ASSISTING CRIMINALS

Employees shall not communicate in any manner, directly or indirectly any information which might assist persons suspected of committing criminal acts to escape arrest or punishment or which may enable them to dispose of or secrete evidence of unlawful activity or money merchandise, or other property unlawfully obtained.

903.4.4 ACTING AS BAILOR PROHIBITED

Employees cannot act as bailors for any person in BART Police custody, except relatives, and in no case where any fee, gratuity or reward is solicited or accepted.

Officers transporting prisoners shall do so in accordance with Departmental policy.

- (a) The transporting officer shall search the prisoner's person and belongings prior to transportation to a booking or medical facility.

- (c) Prisoners and their property shall be surrendered at the jail to custodial officers or as directed otherwise by supervisory personnel.
- (d) Any prisoner transported to a hospital in an ambulance shall be accompanied and guarded by an officer unless police emergencies dictate otherwise.

903.6.1 MAINTAINING OBSERVATIONS OF TRANSPORTED PRISONERS

Prisoners shall be properly restrained and should be transported in a caged patrol vehicle. Officers will not lose sight of prisoners. The prisoner shall be placed in a position to allow the greatest degree of visibility and control by the transporting officer(s).

Prisoners should be transported in a police vehicle equipped with a safety barrier, except in incidents requiring medical attention or other emergencies. No more than three prisoners shall be transported in a marked/caged patrol vehicle.

When a vehicle is equipped with a safety barrier, the prisoner should be transported within the confines of the safety barrier. Officers should position prisoners in the right-hand rear seat so they can be observed by the transporting officer.

If the vehicle is not equipped with a safety barrier, a single prisoner should be placed in the front seat where the transporting officer can maintain observation and control of the prisoner. If a second officer is available to assist transport, the prisoner should be placed in the rear seat with the assisting officer positioned behind the transporting officer.

Under certain circumstances, Detective Officers may be used to transport prisoners, but they must follow the guidelines as stated above.

While transporting prisoners, officers shall not respond to routine calls for service, initiate any enforcement action or become involved in a pursuit.

Upon observation of a situation requiring police action along the transport route, BART PD dispatch shall be advised. Transporting officers should respond only to situations where risk of serious bodily injury or death to third parties is imminent and the risk to the prisoner is minimal.

903.7 SECURITY CONCERNS

In any instance where the department becomes aware that a particular prisoner poses a security risk, whether it is due to previous escape attempts or other information which would constitute a risk, said information will be communicated to county jail officials or any other receiving custodial institution.

903.8 TRANSPORTATION TO DETENTION FACILITIES

When transporting a prisoner to a detention facility, the officer shall do the following upon arrival:

- (a) Secure weapons either in a firearm locker or in the trunk of the patrol vehicle. The vehicle's shotgun and rifle may remain locked in the electro-lock mechanism of the patrol car.

The BART Police Integrated Security Response Center must then notify the on duty patrol watch commander.

The initial law enforcement response to assist and search for an escaped prisoner should be coordinated by the supervising officer of the agency having jurisdiction over the location where the escape occurred, or is believed to have occurred. The transporting officer is responsible for any additional prisoners he/she is transporting. Therefore, in the event of an escape during transport, he/she should remain with the transport vehicle and any remaining prisoners. Extenuating circumstances may dictate a different course of action.

Upon making the above notifications, and as soon as practicable, the officer should transport the remaining prisoners to their destination, or the nearest detention facility, as circumstances dictate. Officers must complete all necessary reports and procedures before reporting off duty. Officers must follow all Department policies and procedures applicable to the Use of Force regarding any attempt to prevent an escape or to recapture an escapee.

If, while in custody, a prisoner appears to need medical attention or expresses a desire for medical attention (even if no obvious medical problems are apparent), request medical aid and immediately notify a supervisor.

If the prisoner is mentally or physically disabled to the point that they cannot be safely transported in a police vehicle, the officer shall contact the on-duty supervisor. If continued custody is essential, the prisoner may be transported by ambulance, or at the supervisor's discretion. If transported by ambulance, appropriate restraints should be used and the arresting officer should accompany if possible.

Medicine, medical devices, walking aids and prosthetic devices shall be placed in an area not accessible to the prisoner, absent those devices (such as oxygen) required to sustain essential life functions.

903.11 TRANSPORT TO MEDICAL FACILITIES

When transported to a medical facility, officers should ensure that prisoners are isolated from other patients and are not left unattended. All contacts with the prisoner should be monitored. Restraints should be removed only when necessary and at the direction of medical personnel.

The officer shall not leave the medical facility until relieved by another officer or released by a supervisor. If the prisoner is admitted to the hospital, a supervisor should be notified to determine if the prisoner can be released on a citation or a warrant sought.

When the prisoner is released from the hospital, the officer should obtain written instructions for future treatments and medication, and the prisoner should be searched and properly restrained.

903.12 SPECIAL CIRCUMSTANCES

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The objective of the evaluation system is to record work performance for both the Department and the employee giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to reassignment, promotion and progressive discipline,. The system also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 POLICY

The Bay Area Rapid Transit Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.3 TYPES OF PERFORMANCE EVALUATIONS

Permanent employees are subject to three types of performance evaluations and reviews. These evaluations shall be prepared on the approved department evaluation form.

a. Regular - An Employee Performance Evaluation shall be completed every six (6) months by the employee's immediate supervisor. The process completion date for the six month evaluation will be the first Monday of January and the first Monday of July. Evaluations should be completed prior to this date and forwarded to the Administrative Civilian Supervisors office, arriving no later than those first Mondays in January and July

b. Quarterly - A quarterly review shall be completed by the first Monday in April and the first Monday in September. This quarterly review shall consist of sitting with the employee and reviewing their performance during the first approximate 90 days of the evaluation process. Supervisors will use the face page of the evaluation sheet to write about the employee's performance and discussions about how the employee can improve over the remaining evaluation time. This can include an action plan outlining any requested training, remedial training, retraining etc..

c. Transfer - If an employee who has been transferred from one assignment to another is due for an evaluation, then the evaluation shall be completed by the current supervisor, provided that the current supervisor has directly supervised the employee for at least three months. Other supervisors who exercised supervisory responsibility over the affected employee during the

evaluation period should also provide their input. In the event that an employee has had multiple supervisors during the evaluation period, the employee's commanding officer will determine which supervisor will complete the evaluation.

1002.4 RATING OF BPOA AND BPMA EMPLOYEES

When completing the semi-annual and quarterly BPOA Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Competent - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position. c. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked improvement needed, unsatisfactory or outstanding shall be substantiated in the rater comments section

When completing the semi-annual and quarterly BPMA Managers Performance Appraisal, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Any rating under any job dimension marked marginal, unsatisfactory or superior shall be substantiated in the rater comments section. All pages of the evaluation need to be signed by the employee, rater and any co-raters.

1002.4.1 EVALUATION INTERVIEW

When the supervisor has completed the quarterly and semi-annual evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding promotion, special assignments and training opportunities. The supervisor and employee will sign and date the evaluation. The rated employee shall have 30 days within which to file a written response, via the chain of command, to any adverse comment written in the evaluation. Such written responses shall be attached to, and shall accompany, the evaluation.

1002.5 EVALUATION REVIEW AND DISTRIBUTION

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Lieutenant, Bureau Deputy Chief, and Chief of Police). The reviewing manager shall review the evaluation for fairness, impartiality, uniformity, and consistency. The reviewing manager shall evaluate the supervisor on the quality of ratings given and return the evaluation within EDR file promptly to the Administrative Civilian Supervisor.

The original performance evaluation shall be maintained in the employee's personnel file in the Support Services Supervisor's office for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to District Human Resources Department

1002.6 EMPLOYEE DEVELOPMENT RECORD - EDR

Tracking employee activity through documentation of quality performance, performance deficiencies, training needs, etc. is a critical part of the supervisor's job. An effective system for storing and maintaining information that may be used in an employee's quarterly performance review and semi-annual evaluation is an essential part of this process. Employee Development Records (EDRs) shall be used as a storage location for documents to be used to substantiate evaluation ratings. Such documents should include written commendations, monthly statistical sheets, supervisory notes forms, training bulletins, uniform inspection forms, report reviews as well as any documentation that can be used to assist in the evaluation of the employee's performance.

The EDR will include an employee resource form and prior evaluation in front. The employee's new supervisor shall review and update the employee's resource form, with the employee, at the beginning of every sign-up. He/she shall also review the employee's last evaluation to identify areas in which the employee would like to improve as well as discuss the expectations of the supervisor during the evaluation period.

All shift's EDRs shall be kept within one centralized cabinet in the zone supervisor's office. This will allow easy location of the files to any visiting supervisor who has the opportunity to add a comment to an employee's EDR file. All sergeant-in-charges EDR files will be located in the Watch Commanders office. Lieutenant's EDR files will be assigned to their respective Deputy Chief.

EDR files shall be kept under strict control of the supervisor's on-duty. They are not to be shared with other employees at any time. Employees are allowed to review their EDR file at anytime upon request to a supervisor.

1002.7 SUPERVISORY NOTES FORM- SNF

A standardized form should be used to document employee conduct, work performance and attendance. The following procedure sets forth the proper method for documenting employee performance issues in compliance with Government Code § 3305, which says in part that public safety officers shall not have adverse comments entered into their personnel files without the opportunity to read and sign the instrument containing the comments. For purposes of this procedure, one "instrument" used to place information in the employee's shift file is the Supervisory Notes Form (SNF). Other "instruments" may include letters, summaries of conversations, copies of reports etc

Any comments or actions that amount to Progressive Discipline is outside the scope of this procedure and should be addressed pursuant to § 344 of this manual.

1002.7.1 SUPERVISORY NOTES FORM PROCEDURE

Supervisors will use the SNF to document favorable as well as adverse comments as soon as possible after receiving the supporting information or making personal observations. Favorable comments include but are not limited to: praise of the employee based on personal observation; comments received by the employee's peers and coworkers; compliments from citizens or others with who the officer has had contact; and written correspondence. Adverse comments include but are not limited to: synopsis of informal training given by the supervisor in response to inappropriate behavior on the employee's part; educational reminders; review of department policy and procedure in light of the employee's performance during a particular incident; critique of the employee's safety practices and field tactics; critique of written work; and statements concerning the employee's investigative skills.

When available, supervisors should attach supporting documents, whether favorable or adverse in nature, to the SNF.

Once the supervisor has discussed the information on the SNF with the employee, he/she shall request the employee sign the form. Once signed, the supervisor will give the employee a copy of the comment form and any attached documents. If the employee refuses to sign the form, the supervisor should note the refusal in the employee signature box, and request the employee to initial next to the signature box. The supervisor will advise his/her supervisor if the employee has refused to sign.

When an SNF is completed employees shall be advised that they have 30 days to respond, in writing, to any adverse comments and that any such written response will be attached to the SNF.

While an employee performance evaluation is being completed, the supervisor conducting the evaluation will check the employee's EDR file and consider all SNF's, as well as any other documentation, when completing the evaluation. The SNF's will then remain in the EDR file until the evaluation is reviewed by the Bureau Deputy Chief. The EDR file will then be purged of all documents except the employee's resource form and a copy of their last evaluation. All purged documents shall be returned to the employee.

Evaluation of Employees

1002.8 EVALUATION FREQUENCY

Employee evaluations are based on the following chart;

POSITION	EVALUATION EVERY THREE MONTHS	EVALUATION EVERY SIX MONTHS	LENGTH OF PROBATION
Probationary Employee	x		One year
Non-probationary employees		x	
BPMA new appointments	x		One year

1002.8.1 NEW EMPLOYEES AND PROMOTIONAL APPOINTMENTS

New hire sworn and non-sworn employees have a 12 month probationary period beginning with the date they are sworn-in. Newly appointed BPMA members have a one year probationary period beginning with the date of the appointment. Evaluations shall be completed every three months by a designated supervisor for probationary employees. This is in addition to daily Field Training Evaluations during training. Probationary employees may be evaluated daily, weekly and monthly.

Per association agreements probation may be extended at the discretion of the Chief of Police.

1002.8.2 EVALUATION PREPARATION

The Administrative Civilian Supervisor shall be the control person for all evaluations. He/she shall inspect all Employee Development Reports (EDR's) to insure they are purged and contain only the employee's last evaluation and personnel sheet.

EDR's will be distributed to the team Lieutenants who will distribute them to their team supervisors. The team supervisors will follow the policy. Upon the completion of the evaluation process they will return the EDR's with the new evaluations and all supporting documentation to their Lieutenant for review. The Lieutenant will forward the evaluations to their Bureau Deputy Chief who will also review evaluation. The Chief of Police, at his discretion, may ask to review selected employee evaluations. Only the updated employee resource form and the last evaluation will be included in the re-distributed EDR files. Those files will once again be distributed to the Lieutenants for re-distribution to the zone sergeants.

Supervisors are encouraged to complete this evaluation process prior to the actual due date. Those that will not be able to do so shall write a memo to their Bureau Deputy Chief via the chain of command notifying him/her as to why the evaluation is delinquent.

Performance Improvement Plans

1003.1 PURPOSE AND SCOPE

The Performance Improvement Plan (PIP) is intended to be a positive approach designed to assist employees who have demonstrated substandard performance or behavior and who may benefit from intervention before it results in discipline or other negative consequences. The PIP is not intended as discipline. Rather, it is intended to aid employees by implementing a structured, written intervention plan focused on achieving desirable performance or behavior outcomes. In addition, the PIP serves as an integral tool of the performance appraisal process in that it provides for timely, constructive feedback while creating opportunities for an employee(s) to receive supervisory guidance and assistance to correct deficient work. This proactive strategy reflects the BART Police Department's commitment to maintaining employee performance and behavior to the standards reflected in the Department's performance evaluation dimensions and policies.

1003.1.1 DEFINITION

The Performance Improvement Plan (PIP) is a written and structured intervention plan designed to assist employees to achieve acceptable performance/behavior outcomes when they have demonstrated a pattern of substandard performance or behavior.

1003.2 PROCEDURE

The components of the Performance Improvement Plan include Identification and Selection, Plan Development, and Plan Administration.

1003.2.1 IDENTIFICATION AND SELECTION

The purpose of identification and selection is to first recognize a pattern of performance and/or behavior which fails to meet published performance expectations or policy standards. Supervisors and managers are charged with continuously evaluating subordinate work and to identify those employees who may benefit from a performance or behavior intervention. Furthermore, supervisors and managers are expected to analyze the substance of substandard performance and/or behavior to determine the most appropriate course of corrective action. The PIP is not intended to replace disciplinary intervention when supervisors and managers determine discipline to be the most appropriate course of action.

In most cases when there is a minor policy violation or performance deficiency supervisors and managers may institute progressive intervention. Progressive intervention may include, but is not limited to verbal counseling, training, monitoring or other strategies. Intervention efforts should be documented on a Supervisor Notes and Observations form or other memorandum. The supervisor(s) and manager of the affected employee may consider selection for a Performance Improvement Plan once progressive intervention efforts fail to produce desired results. Should the manager choose to select an employee to participate in a PIP, s/he shall first seek the approval of the affected employee's Deputy Chief. Upon approval of the Deputy Chief, the manager and/or supervisor(s) shall notify the affected employee of their intention to implement a PIP as soon as practical.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Performance Improvement Plans

1003.2.2 PLAN DEVELOPMENT

The affected employee's supervisor(s) and manager will be responsible to author the content of the PIP unless otherwise directed by the responsible Deputy Chief. The PIP document will consist of six distinct categories in memorandum format as follows:

- (a) **Summary:** Provide a brief description of the pattern of performance or behavior demonstrated by the affected employee and how it fails to meet published performance expectations or policy standards.
- (b) **Specific Circumstances:** This section of the PIP should detail the circumstances and specific examples of the affected employee's performance or behavior that established a pattern of concern warranting supervisory intervention. Additionally, previous intervention efforts should be referenced in support of cause to select the affected employee for PIP participation.
- (c) **Substandard Performance and/or Policy Violations:** This section of the PIP should identify the specific performance dimension(s) or policy standards and how the affected employee failed to meet them.
- (d) **Impact of Employee's Performance and/or Behavior:** This section of the PIP should help the affected employee understand the impact and associated consequences of their substandard performance or behavior.
- (e) **Strategies to Achieve Desirable Performance and/or Behavior Outcomes:** This section of the PIP is intended for the author(s) and the affected employee to work together in crafting objectives intended to map a successful outcome. Objectives should be SMART:
 1. **Specific:** Write expectations that are clear and concise to help ensure the employee grasps an understanding of them.
 2. **Measurable:** Install benchmarks so that progress or lack thereof is readily discernible.
 3. **Attainable:** Make reasonable efforts to ensure the employee has ample opportunity and resources to meet the expectations of the objective.
 4. **Relevant:** Draw a clear nexus between the expectation and named performance dimension(s) or policy standard(s).
 5. **Time Based:** Develop a reasonable timeline to help define expectations and motivate positive progress.
- (f) **Performance Improvement Plan Terms:** This section of the PIP defines the duration of the plan, identifies the PIP administrator(s), prescribes supervisor feedback intervals, and other necessary terms. The following guidelines should apply to the PIP terms:

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Performance Improvement Plans

1. **Duration:** The duration of a PIP should be no longer than three months unless the affected employee's Deputy Chief determines an extension, not to exceed an additional three months, is likely to benefit both the affected employee and the Department. The PIP may be tolled to compensate for employee leave of absence and resume upon their return to full duty.
2. **Feedback Intervals:** The PIP administrator is expected to provide timely feedback and ongoing guidance to the affected employee. The administrator should make reasonable efforts to meet with the employee no less than biweekly unless circumstances require a change of administrator or other unanticipated need(s).
3. **Other Necessary Terms:** Other necessary terms may include, but are not limited to the following:
 - (a) The employee may be required to attend training prescribed by the PIP administrator.
 - (b) The employee may submit to a voluntary assignment transfer.
 - (c) The PIP administrator may limit or restrict the affected employee from participating in work activities outside the scope of their primary assignment including, but not limited to ancillary responsibilities, voluntary overtime assignments, or other work that the PIP administrator reasonably believes may impede the employee's progress or success.
 - (d) Employees who are participating in a PIP will not be placed into a special assignment.

1003.2.3 PLAN ADMINISTRATION

The Performance Improvement Plan will be administered in the following manner:

(a) **Supervisor Responsibilities:**

1. Once an employee is selected for a PIP intervention, his/her supervisor and/or manager should meet with the affected employee to receive input on the content of the PIP.
2. The supervisor/manager should prepare a draft PIP and forward it through the chain of command to the affected employee's Deputy Chief for approval.
3. The affected employee's supervisor should summarize the PIP intervention in the employee's performance evaluation within the same rating period as the PIP intervention.

Request For Employee Address, Phone and Name Changes

1007.1 PURPOSE AND SCOPE

To establish a uniform procedure to record of address, phone, and name changes by police employees.

1007.2 PROCEDURE

All personnel will inform the department immediately of any address, phone or name changes.

Employees will complete District Form #1102 (revised 7189), entitled "Personnel Transaction Form A."

Support Services personnel will forward "Personnel Transaction Form A" to the Human Resources Department for official District notification and filing, with a copy maintained in the employee's administrative file.

The Support Services Division and Communications Section will maintain a record of each employee's current address and phone number.

Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1008.2 POLICY

The Bay Area Rapid Transit Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Bay Area Rapid Transit Police Department

Anti-Retaliation

1008.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the District Assistant General Manager, Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Bay Area Rapid Transit Police Department

Anti-Retaliation

1008.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members who have engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Division for investigation pursuant to the Personnel Complaints Policy.

1008.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

Anti-Retaliation

1008.8 RECORDS RETENTION AND RELEASE

The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Support Services Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Support Services Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Reporting of Employee Convictions

1010.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

Alcohol and Drug Use Policy

1012.1 PURPOSE AND SCOPE

The intent of this policy is to deter the misuse or abuse of legal or illegal substances that create a threat to the safety and health of any employee or member of the public. The Bay Area Rapid Transit Police Department discourages alcohol and drug abuse and strives to achieve a workforce free from the influence of drugs and alcohol.

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.2.1 USE OF PRESCRIBED MEDICATIONS

Any employee who is required to take any medication with side effects which might impair his/her ability to fully and safely perform all requirements of the position shall report the need for such medication to the immediate supervisor prior to commencing any on-duty status. No employee shall be permitted to work or drive a department-owned or department-leased vehicle while taking such potentially impairing medication without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.3 GENERAL GUIDELINES

All types of District drug and alcohol testing including Pre-employment, Reasonable Cause, Post-Accident, Random, Return to Duty and Follow-up in compliance with federal mandates and negotiated District policy are coordinated through Employee Services. Random testing is conducted on site at all job locations, 24-hours a day/7 days a week including weekends and holidays. For more information about drug and alcohol testing, contact the Drug Testing Coordinator at 510-287-4761, or call 510-464-6198.

1012.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

Alcohol and Drug Use Policy

1012.3.2 SUBSTANCE ABUSE REHABILITATION

There may be available a voluntary employee assistance program to assist employees who wish to seek help for alcohol and drug problems. There is also available a variety of insurance coverage which provide treatment for drug and alcohol abuse. Employees may contact the Human Resources Department, their insurance provider, or the Employee Assistance Program for additional information.

Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through the Employee Assistance Programs or their insurance provider. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

Substance abuse rehabilitation services are available to all employees, including part-time and probationary. The District offers two types of admission into substance abuse rehabilitation, Voluntary and Mandatory.

- (a) Voluntary admission occurs when an employee comes forward and requests assistance prior to, and separate from, any type of drug testing. With Voluntary admission BART pays all treatment costs and salary continuation for up to a maximum of 90 days.
- (b) Mandatory admission occurs following a positive drug or alcohol test. In this situation, the employee is required to use sick or vacation leave for time off work and rehabilitation costs are borne by the employee and/or paid by his/her insurance plan. With both plans the employee will be monitored from one to five years upon his/her return to work.

Confidential contact for admission to these services is through 510-464-6198.

1012.3.3 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due employees, and disclosure of any information relating to chemical abuse treatment, except on a need to know basis, shall only be with the expressed written consent of the employee involved or pursuant to lawful process.

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Alcohol and Drug Use Policy

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS

The supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Alcohol and Drug Use Policy

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates in provisions of this policy.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave and Attendance Control

1014.1 PURPOSE AND SCOPE

Employees of this department are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available is detailed in the employee's respective personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) , the California Family Rights Act or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 1510).

1014.2 EMPLOYEE RESPONSIBILITIES

It shall be the policy of this department to adhere to the following standards and requirements regarding sick leave and its various components. Sick leave may only be used in instances as set forth in this directive. Employees are required to maintain a satisfactory attendance record. Unsatisfactory attendance due to tardiness or the excessive use or abuse of sick leave will result in corrective action as described in this directive.

1014.3 DEFINITIONS

- (a) **Personal/Family Sick Leave:** That leave provided by the District to be available for use by employees in the following circumstances:
 - 1. When the employee is ill, injured, quarantined, or similarly exposed to a contagious disease (when industrial injury benefits do not apply);
 - 2. Required attendance upon a seriously ill spouse, child, mother, or father;
 - 3. To attend verifiable medical or dental appointments which cannot be scheduled outside the normal working hours of the employee, provided that a minimum of 48 hours advance notice is given and provided subsequent confirmation that the appointment was kept is given, if requested, by management.
- (b) **AB 109 Leave:** Assembly Bill 109 requires employers to allow their employees to use a portion of accrued annual sick leave in order to care for a sick child, spouse, or parent. The following stipulations apply:
 - 1. For District employees , up to six (6) days of accrued sick leave per calendar year may be used;
 - 2. AB 109 leave may be used in less than full-day increments.
- (c) **Family and Medical Leave Act of 1993 (FMLA):** This legislation provides qualified employees with leave for specified family and/or medical reasons while protecting the

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Sick Leave and Attendance Control

employee's job and health benefits. For employees to be eligible for FMLA leave, one of the following circumstances must apply:

1. An employee's own serious health condition that makes him/her unable to perform one or more of the position's essential job functions;
 2. To care for a spouse, child, parent, or domestic partner with a serious health condition [i.e., an illness, injury, impairment, or physical or mental condition that falls within one of the following six major types: hospital care; absence plus treatment; chronic conditions requiring treatment; long-term conditions requiring supervision; multiple treatments (non-chronic); and, pregnancy];
 3. To care for a newborn child of the employee;
 4. For placement of a child with the employee for adoption or foster care.
- (d) **Tardy:** The failure to report for duty at the time and place specified, unless prior authorization is obtained or mitigating circumstances are accepted. Tardiness is a form of absenteeism.

1014.4 SUPERVISOR RESPONSIBILITY

When reporting an absence for duty due to illness or injury, or in order to care for a sick spouse, child, or parent, the employee shall report the absence to the Department as soon as practicable and not less than 45 minutes, if possible, prior to the employee's scheduled start time. That notification should be made to the watch commanders office. [Note: it shall be at the discretion of the employee when caring for a sick family member if AB 109 leave will be used , pending the availability of AB 109 time (see AB 109 Leave).]

When notifying the Department of a sick-leave absence, the employee shall attempt to make contact with the on-duty watch commander. If the watch commander is not available a message should be left at the watch commanders general number, x7020 and a follow-up call should be made to the Communication Center also advising of the absense.

The employee is required to advise that he/she is ill or injured, along with the expected duration of absence. The employee is not required to report what the illness or injury is and the supervisor/dispatcher shall not inquire. If the duration of the illness or injury is for more than one shift, the employee is required to call-in daily to report the continued absence, unless the exact duration is known and medical documentation indicating a return date is provided to the department.

The watch commander/dispatcher documenting the use of sick leave shall complete an Absence Report and report the absence to the appropriate supervisor, if applicable, as soon as possible. The completed absence form will be forwarded to the employee's regular supervisor for review and to obtain the employee's signature upon his/her return.

Per current BPOA and BPMA collective-bargaining agreements, an employee's use of personal/family sick leave may only be verified by a supervisor when there is a suspected or identifiable

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Sick Leave and Attendance Control

pattern of abuse. Under these circumstances, sick leave may be verified by telephone or by personal visit during the affected employee's scheduled duty hours.

If, after three attempts during the employee's regular shift hours, an employee cannot be contacted at the address/telephone number provided at the time the employee reported the illness, the supervisor will request a memorandum from the employee explaining his/her whereabouts on the day and time in question. In addition to this memo, a supervisor may request medical verification of the illness. The affected employee must respond within seven (7) calendar days and the absence will remain denied until acceptable verification has been received.

Employees whose use of personal/family sick leave shows evidence of being excessive or a pattern shall be subject to having future absences verified by acceptable medical documentation. Such medical verification may be required from the employee for a specified period of time, as determined by the employee's supervisor.

If the employee fails to report the use of sick leave within four (4) hours after the start of the affected shift, the employee will be considered absent without leave (AWOL).

1014.4.1 AB 109 LEAVE

When reporting an AB 109 absence to care for a sick child, spouse or parent, the employee shall report the absence to the department as soon as practicable and not less than 45 minutes, if possible, prior to the employee's scheduled start time.

When notifying the department of an AB 109 absence, the employee will attempt to make contact with the watch commander. If the watch commander is not available a message should be left at x7020 and a follow-up call should be made to the Communication Center to also advise of the absence.

When using AB 109 leave, the employee needs only to identify which of the aforementioned family members is ill. The illness does not need to be stated and, again, the watch commander taking the call shall not ask. The employee also needs to state the expected duration of absence and must call-in each day if the absence continues. The supervisor/dispatcher documenting the use of AB109 leave shall complete the Absence Report and report the absence to the appropriate supervisor, if applicable, as soon as possible. The completed absence form will be forwarded to the employee's supervisor for review and to obtain the employee's signature upon his/her return.

AB 109 leave may not be verified by calling, visiting, or requiring the employee to furnish medical documentation regarding the illness. This does not, however, preclude management from investigating an incident that comes to the department's attention in which the employee reportedly did not use the time-off to care for a family member, as reported. If the employee fails to report the use of AB 109 leave within four (4) hours after the start of the affected shift, the employee will be considered absent without leave (AWOL).

1014.4.2 FAMILY AND MEDICAL LEAVE ACT OF 1993 (FMLA)

FMLA leave allows employees to use sick leave, vacation, recovery or floating holidays for specified family and/or medical reasons. Up to 12 work weeks of leave during any 12-month period

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Sick Leave and Attendance Control

may be used for qualifying circumstances. In order to qualify, an employee must have worked at least 1,250 hours immediately preceding the commencement date of the leave. Regular work hours, compensatory time, and overtime hours count toward the 1,250 hours, while vacation, sick leave, and holidays taken do not.

The District has an established procedure for employees to follow in order to use FMLA leave. For further information regarding eligibility, regulations, and to obtain the Request for Family Medical Leave form, employees must contact the District's Human Resources Department.

1014.4.3 CORRECTIVE ACTION

Management will take appropriate corrective action for abuse of sick leave. Any of several criteria may be used to indicate excessive sick leave use or abuse by an employee. Criteria to be evaluated by management include, but are not limited to: the use of sick leave in a regular and/or patterned manner, such as sick leave usage in conjunction with regular days-off at regular intervals, or on special-event days; or, the use of sick leave which exceeds 40 hours in any six-month period, and/or 80 hours or more of sick leave utilized in four or more instances during a 12-month period, when not supported by medical documentation. The employee's total sick-leave record may be reviewed and the entire pattern and amount of usage will be considered in determining the appropriateness of usage. Management retains the right to initiate corrective action if it determines that sick-leave usage is excessive or abusive, and the decision as to whether or not counseling or further action is appropriate will be the determination of the employee's supervisor or higher-level management in the employee's chain of command.

1014.4.4 TARDINESS

Employees who are tardy will be docked for actual time lost. Employees who are tardy 15 minutes or more shall prepare a written memorandum explaining the reason for the tardiness and submit it to their supervisor. Employees who are tardy two times in a six-month period may receive an Attendance Discussion. Further cases of tardiness may result in disciplinary action. Nothing in this directive prohibits a supervisor from counseling an employee for the first instance of tardiness.

1014.4.5 ATTENDANCE DISCUSSION

An Attendance Discussion may be used as the initial step of the corrective process regarding excessive or abusive sick-leave usage or tardiness. An Attendance Discussion shall be pre-disciplinary in nature, documented on an Attendance Discussion Form, and will include the following information:

- (a) The discussion is pre-disciplinary and informative only;
- (b) An improvement in the attendance record is required of the employee or the formal process of the Progressive Discipline System may be initiated;
- (c) As appropriate, for a specified time period, each future absence may require satisfactory written medical verification as to the necessary and compelling reasons for the employee's absence;

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Sick Leave and Attendance Control

- (d) The supervisor is ready and willing to provide reasonable assistance if there is a particular problem for which assistance can be offered;
- (e) The purpose of the discussion is to bring the matter of absenteeism to the attention of the employee so that he/she can correct it, avoiding any further need for corrective action.

The Attendance Discussion form will be retained in the employee's EDR file until the next performance evaluation.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for department personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury. The policy will offer direction in achieving the following goals:

- (a) To manage the risks associated with blood borne pathogens (BBP), aerosol transmissible diseases, and other potentially infectious substances.
- (b) To assist department personnel in making decisions concerning the selection, use, maintenance, limitations, storage, and disposal of personal protective equipment (PPE).
- (c) To protect the privacy rights of all department personnel who may be exposed to or contract a communicable disease during the course of their duties.
- (d) To provide appropriate treatment and counseling should an employee be exposed to a communicable disease.

1016.2 PROCEDURES FOR EXPOSURE TO BLOOD, BODILY FLUIDS OR AEROSOL TRANSMISSIBLE DISEASES

All department personnel who are exposed to another person's blood, bodily fluids or an aerosol transmissible disease (e.g., during an altercation or while attending to any injured person) shall follow these procedures and guidelines.

Exposure to blood or other potentially infectious materials includes, but is not limited to, the contact of such substances with the eye, mouth, other mucous membranes, non-intact skin, needle sticks, human bites, cuts or abrasions or any exposure that otherwise qualifies under Health and Safety Code § 121060.1 or 8 CCR § 5193.

Exposure to an aerosol transmissible disease is any event in which all of the following have occurred (8 CCR 5199):

- (a) An employee has been exposed to an individual who is a case or a suspected case of a reportable aerosol transmissible disease, or to a work area or to equipment that is reasonably expected to contain aerosol transmissible pathogens associated with a reportable aerosol transmissible disease.
- (b) The exposure occurred without the benefit of applicable exposure controls required by this policy.
- (c) It reasonably appears from the circumstances of the exposure that transmission of disease is sufficiently likely to require medical evaluation.

1016.2.1 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Department's Exposure Control Officer. The ECO shall be responsible for the following:

- (a) The overall management of the bloodborne pathogen Exposure Control Plan (ECP).
- (b) Establishing written procedures and a training program related to aerosol transmissible diseases, as required by 8 CCR § 5199.
- (c) Working with management to develop and administer any additional related policies and practices necessary to support the effective implementation of this plan.
- (d) Remaining current on all legal requirements concerning bloodborne pathogens and other communicable diseases, as required by 8 CCR § 5193.
- (e) Acting as a liaison during OSHA inspections, conducting program audits to maintain an up-to-date ECP and ensuring exposure report forms are available and adequate for employees to properly report incidents of exposure.
- (f) Maintaining an up-to-date list of police personnel requiring training. Developing and implementing a training program, maintaining class rosters and quizzes, and periodically reviewing and updating the training program.
- (g) Reviewing and updating the ECP annually (on or before January 1 of each year).

Department supervisors are responsible for exposure control in their respective areas. They shall work directly with the ECO and any affected employees to ensure that the proper exposure control procedures are followed.

1016.2.2 UNIVERSAL PRECAUTIONS

All human blood and body fluids such as saliva, urine, semen, and vaginal secretions are to be treated as if they are known to be infectious. Where it is not possible to distinguish between body fluid types, all body fluids are to be assumed potentially infectious.

1016.2.3 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, it is recommended that personnel carry the following equipment to assist in the protection against such exposures:

- Not less than two pair disposable latex gloves.
- Safety glasses or goggles
- Rescue mask with a one-way valve
- Alcohol (or similar substance) and/or alcohol-hand wipes to disinfect skin at emergency site.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

1016.2.4 IMMUNIZATIONS

All department personnel who, in the line of duty, may be exposed to or have contact with a communicable disease shall be offered appropriate treatment immunization.

1016.2.5 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or body fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves shall be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other body fluids. Should one's disposable gloves become contaminated with blood or other body fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books, and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

1016.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or body fluids:

1016.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of biohazard with the on-scene fire response vehicle, or at the attending clinic/hospital with their approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival.

The biohazard waste container located at the station shall be collapsible, leakproof, red in color or appropriately labeled with a biohazard warning and routinely emptied.

1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

soon as possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as the cleaning or decontamination area.

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting a paramedic, or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when practicable, shall be into a puncture proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs, or a broom and a dustpan to cleanup debris. If the material must be hand held, protective gloves must be worn.

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or police station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through.

1016.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in Policy Manual § 1016.3.4.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed as soon as feasible. The employee shall wash up and replace the personal protective equipment if the job has not been terminated. If this situation resulted in a contaminated non-intact skin event, Policy Manual § 1016.3.2 shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

police vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as possible. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station, or police station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed, and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by Environmental Protection Agency (EPA) .

While cleaning equipment, pay close attention to handles, controls, portable radios, and corners (tight spots). Equipment cleaning shall not be done in the kitchen, bathrooms, or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter-cup of bleach per one gallon of water) while wearing disposable gloves and goggles. Large particles of contaminants such as, vomit, feces, blood clots, etc. should first be removed (using a disposable towel or other means to prevent direct contact) and properly disposed of.

1016.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a biohazard waste bag and give it to the Exposure Control Officer. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing, and inform them of the potential contamination. This dry cleaning will be done at the Department's expense.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

1016.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios, and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1016.3.9 DECONTAMINATION OF STATION AND CLEANING AREA

The ECO shall designate a location at the station that will serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for the employees to wash any potential contamination from their bodies. This area is to be thoroughly

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

cleaned after each use and to be maintained in a clean and sanitary order at all times between each use. The application of cosmetics, smoking cigarettes, consuming food and drink are prohibited in this designated area at all times.

1016.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and to ensure the best protection and care for the employee(s).

1016.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

To provide appropriate and timely treatment should exposure occur, all employees shall verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. That report shall be submitted to the employee's immediate supervisor. Additionally, employees should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases.

1016.4.2 SUPERVISOR REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure that occurs as soon as possible following the incident, while gathering the following information:

- (a) Name and social security number of the employee(s) exposed.
- (b) Date and time of incident.
- (c) Location of incident.
- (d) What potentially infectious materials were involved.
- (e) Source of material or person.
- (f) Current location of material or person.
- (g) Work being done during exposure.
- (h) How the incident occurred or was caused.
- (i) PPE in use at the time of the incident.
- (j) Actions taken post-event (e.g., clean-up, notifications).

The supervisor shall advise the employee of the laws and regulations concerning disclosure of the identity and infectious status of a source, and Policy § 1016.5, which addresses source testing.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed employee's supervisor to ensure testing is sought (Policy § 1016.5).

1016.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Any employee who was exposed or who suspects he/she was exposed to HIV or to hepatitis B or C should be seen by a physician or qualified health care provider as soon as possible. The doctor or qualified health care provider should be provided with the supervisor's report and the employee's

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

medical records relevant to the visit and examination. The blood of the exposed employee shall be tested.

The health care professional will provide the ECO and/or the District's Risk Manager with a written opinion/evaluation of the exposed employee's medical condition. This opinion should only contain the following information:

- If a post-exposure treatment is indicated for the employee.
- If the employee received a post-exposure treatment.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident and whether further treatment or evaluation will be required.
- Whether communicable disease testing from the source is warranted, and if so, which diseases should the testing include.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

1016.4.4 COUNSELING

The Department shall provide the exposed employee (and his/her family if necessary) the opportunity for counseling and consultation.

1016.4.5 CONFIDENTIALITY OF REPORTS

Most of the information involved in this process must remain confidential. The ECO shall ensure that all records and reports are kept in the strictest confidence.

The ECO shall be responsible for maintaining records containing the employee's treatment status and the results of examinations, medical testing and follow-up procedures.

The Risk Manager shall be responsible for maintaining the name and social security number of the employee and copies of any information provided to the consulting health care professional.

This information is confidential and shall not be disclosed to anyone without the employee's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.5 SOURCE TESTING

Testing for communicable diseases of a person who was the source of an exposure should be sought when it is desired by the exposed employee or when it is otherwise appropriate. There are five methods to obtain such testing. It is the responsibility of the ECO to ensure that the proper testing and reporting occur. These methods are:

- (a) Obtaining voluntary consent from any person who may be the source of an exposure to cover testing for any communicable disease.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

- (b) Filing a report with the county health officer when an employee is exposed to the bodily fluids of an arrestee. The county health officer may pursue testing for HIV or hepatitis B or C (Penal Code § 7510 et seq.).
- (c) Seeking consent for testing or applying for a court order for HIV, hepatitis B and hepatitis C testing (Health and Safety Code § 121060 et seq.).
- (d) Seeking a court order when the person who may be the source of an exposure will not consent to testing and the exposure does not fall under the statutory schemes for testing. This covers testing for any communicable disease as deemed appropriate by a health care professional and documented in the request for the court order.
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing an adult or juvenile when an employee of the Bay Area Rapid Transit Police Department qualifies as a crime victim (Penal Code § 1524.1).

1016.5.1 EXPOSURE FROM A NON-ARRESTEE

Upon notification of an employee's exposure to a person who was not arrested, the ECO should attempt to determine if the person who was the source of the exposure will voluntarily consent to testing. If consent is indicated, the following steps should be taken:

- (a) A licensed health care provider should notify the person to be tested of the exposure and make a good faith effort to obtain voluntary informed consent from the person or his/her authorized legal representative to perform a test for HIV, hepatitis B, hepatitis C and other communicable diseases the health care provider deems appropriate.
- (b) The voluntary informed consent obtained by the health care provider must be in writing and include consent for three specimens of blood for testing. The ECO should document the consent as a supplement to the Exposure Control Report.
- (c) The results of the tests should be made available to the source and the exposed employee.

If consent is not obtained, the ECO should promptly consult with General Counsel and consider requesting that a court order be sought for appropriate testing.

1016.5.2 EXPOSURE FROM AN ARRESTEE

Upon notification of an exposure to an employee by a person who was arrested, the ECO should take the following steps:

- (a) Comply with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (b) Take reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Communicable Diseases

- (c) In all cases, comply with the reporting and testing scheme of Penal Code § 7510 et seq. This includes completing a State Department of Health Services Form CDPH 8479 and submitting it to the County Health Officer with a copy of the Exposure Control Report by the end of the employee's shift. If submission by the end of the shift is not practicable, it must occur as soon as possible but no later than two days after the incident. The exposed employee's name should not appear on this form.
- (d) Remain in contact with the County Health Officer to determine whether testing of the arrestee will occur and whether the testing satisfies the medical needs of the employee.
- (e) The results of the tests should be made available to the donor and the exposed employee.

Since there is potential for overlap between the two statutory schemes, the ECO is responsible for coordinating the testing with the County Health Officer to prevent unnecessary or duplicate testing.

In the rare event that the exposed employee is not covered by either statutory scheme, the ECO should seek consent or a court order in the same manner as for a non-arrestee.

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on the use of tobacco products by employees and others while on-duty or while in Bay Area Rapid Transit Police Department facilities or vehicles.

1018.2 POLICY

The Bay Area Rapid Transit Police Department recognizes that tobacco use is a health risk and can be offensive to other employees and to the public. It is the policy of the Bay Area Rapid Transit Police Department to prohibit the use of tobacco by employees while on-duty or at any time the employee is acting in an official capacity for the Department.

1018.3 EMPLOYEE USE

Tobacco use by employees is prohibited anytime employees are in public view representing the Department.

Smoking and the use of other tobacco products is not permitted inside any District facility, office or vehicle (California Labor Code § 6404.5).

It shall be the responsibility of each employee to ensure that no person under his/her supervision smokes or uses any tobacco product inside District facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

No person shall use tobacco products within 20 feet of a main entrance, exit, or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement, or any other purpose (Government Code § 7596 et seq.).

Early Warning System

1019.1 PURPOSE AND SCOPE

The purpose of this order is to establish policy and procedure for an informal performance review and intervention program, the "Early Warning System" (EWS). The program monitors employee performance that may be inconsistent with professional police conduct and cooperatively engages employees to resolve areas of concern. The goal of EWS is early identification of employee performance issues and correction of these issues through constructive counseling sessions, intervention, and/or training rather than the formal disciplinary process

1019.2 POLICY

It is the policy of the BART Police Department to maintain an Early Warning System to provide early intervention to possible problematic behaviors so that changes can be made prior to discipline being the only corrective option. The EWS is one method by which employees may be identified as possibly needing assistance with performance and/or stress related problems. The EWS is intended as an approach to highlight tendencies that may otherwise be overlooked.

All employees shall participate in the EWS program and comply with the guidelines set forth in this policy. Participation in the EWS program shall not be deemed punitive, nor a formal disciplinary process. Notwithstanding the initiation of the EWS process, the Department retains its right and responsibility with regard to investigation of policy violation and enforcement of employee discipline.

1019.3 PROCEDURE

EWS is a non-disciplinary tool that does not relieve supervisors and managers of their responsibility to directly monitor the performance of their subordinates and take appropriate action in response to performance or behavioral issues.

Employee behavior or performance that is subject to EWS review includes, but is not limited to:

- (a) Administrative Internal Affairs investigations
- (b) Formal citizen complaints
- (c) Informal citizen complaints
- (d) Use of force incidents
- (e) Obstructing/resisting arrest incidents
- (f) Preventable Vehicle collisions
- (g) Negligent discharge (firearm/TASER)
- (h) Substandard conduct/performance concerns observed by a supervisor or manager
- (i) Attendance discussion or corrective action as defined in Policy 1014
- (j) Late activation or non-activation of AXON Flex when activation is required by Policy 451.5

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Early Warning System

(k) Negligent discharge of TASER (not to include training scenarios)

Personnel assigned to the Internal Affairs Unit shall maintain records of the above incidents. When a designated threshold level is met for a single category or for the sum of all categories, Internal Affairs will notify the involved employee that a threshold level has been met and will be reviewed for potential initiation of the EWS program. The review will be conducted within the employee's chain of command and/or the Internal Affairs Unit. Incidents of obstructing/resisting arrest on the part of suspects will also be analyzed during the review to determine if there is anything associated with the employee's performance and/or conduct that may be eliciting resistance from suspects.

Threshold levels are established as follows:

Category	Threshold Level
Administrative Investigation	2 in 12 months
Formal Citizen Complaint	3 in 12 months
Informal Citizen Complaint	3 in 12 months
Use of Force	12 in 12 months
Preventable Vehicle Collisions	2 in 24 months
Negligent Discharge of a Firearm	1 in 12 months
Attendance Discussion or Corrective Action	2 in 12 months
Late Activation or Non-activation of AXON Flex	2 in 6 months
Negligent Discharge of a TASER (not to include training scenarios)	1 in 12 months
Overall	15 in 12 months

Supervisors and managers shall monitor the activity of their subordinate employees to identify actual or perceived unprofessional behavior and/or substandard performance that is subject to EWS review. They shall communicate such information to the Chief of Police via the Chain of Command. The EWS may be initiated based on cause, even when none of the listed threshold levels have been met.

The Office of the Chief of Police shall be responsible for aggregation and administrative management of information and records associated with the EWS program. The Administrative Analyst assigned to the Office of the Chief of Police shall be responsible for preparing quarterly reports summarizing information and activities associated with the EWS program. The reports will contain documentation as to whether or not EWS was implemented for the employee, and the associated reasoning.

Information and records associated with the EWS program are used for personnel purposes. Accordingly, they are confidential personnel files and not public records. Documents, data, and records shall be maintained by the Office of the Chief for a period of two (2) years.

Access to EWS records shall be restricted to the Office of the Chief. An individual employee shall be granted access to EWS records that pertain to that employee. The employee will give the Office of the Chief a reasonable amount of notice before having access to the file.

Early Warning System

1019.4 ADMINISTRATIVE REVIEW BOARD

The Chief of Police shall convene a quarterly Review Board comprised of the Divisions Deputy Chiefs and the Internal Affairs Lieutenant, to review program records to determine if initiation of the EWS Program is recommended. Upon consideration of the Review Board's recommendation, the Chief of Police may direct an employee to participate in the EWS program. The Board may also convene as needed to review situations of relative urgency.

1019.5 INITIATION OF THE EWS PROGRAM

Upon direction of the Chief of Police, an informal counseling meeting shall be held that may include:

- (a) The subject employee
- (b) The Chief of Police and/or his designee.
- (c) The employee's Bureau Deputy Chief and/or his/her designee.
- (d) The employee's direct supervisor.

The subject employee may have one fellow employee accompany him/her to the counseling meeting. The accompanying employee's presence is allowed to offer general support to the subject employee, not to be an active participant in the counseling meeting.

Unless impractical, the counseling meeting shall be held during the employee's regularly scheduled working hours.

The meeting shall not be deemed a punitive or disciplinary proceeding against the employee. In the meeting, the employee shall be informed of the behavioral and/or performance concern(s) at issue, and he/she shall be allowed an opportunity to offer a response. If applicable, the employee may be required to attend necessary training. The employee may also be given information regarding the BART District Employee Assistance Program.

If the subject employee requests training, the Chief of Police may grant the request if the training is relevant and appropriate.

The content of the meeting, and/or resulting training for the employee, may be documented for placement into the employee's personnel file and/or Employee Development Record (EDR). Training issues may also be documented in an employee evaluation. All quarterly reviews and meetings shall be maintained in the strictest confidence and shall not be discussed with other employees without an authorized need to know. Purging of material in personnel files shall be governed by applicable law and the collective bargaining agreement.

If EWS is initiated multiple times for the same employee, additional training, referral, and/or other responsive action may be directed as appropriate.

Internal Investigation of Allegations of Misconduct

1020.1 PURPOSE AND SCOPE

The Department's internal investigative process is critically important to preserve the integrity and morale of the Department. It fosters public trust and confidence in law enforcement, and ensures accountability at all levels of the Department.

This policy incorporates the Department's values, with commitment to the following:

- Fair and impartial enforcement of laws, ordinances and District Resolutions, and respect for fundamental human rights;
- High ideals of honor and integrity to maintain the respect and confidence of superiors, peers, subordinates, the public, District employees, and other government and criminal justice agencies;
- Friendly and courteous service by striving to improve communications and relationships with all District employees and patrons at all times seeking improvement in the quality and image of public service.

The purpose of this policy is to provide guidelines for receiving, classifying, investigating, and determining the disposition of allegations of misconduct regarding members of this department.

1020.1.1 DEFINITIONS

Personnel complaints shall be defined as any allegation of misconduct or improper job performance against any Department employee that, if true, would constitute a violation of Department policy, federal, state or local law. When an allegation warrants investigation, such complaints will be referred to the Internal Affairs Unit for assignment.

If a person alleges or raises an issue that does not constitute a violation of Department policy, procedure, rules, regulations, or the law, the Department will classify the issue as an inquiry.

Definitions:

- Allegation:** An unproven accusation that a member of the Police Department violated Department/District policy or procedure, or the law.
- Misconduct:** An act or omission by a Department member that is a violation of Department/District policy or procedure, or the law; which if sustained, could result in disciplinary action.
- Formal Complaint:** An expression of dissatisfaction or disapproval in regards to the performance of a Police Department employee.
- Informal Complaint:** A comment on the actions of a Department employee, where the reporting party expressly states that he or she does not feel that the matter should

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Internal Investigation of Allegations of Misconduct

be formally investigated with the understanding that an Informal Complaint does not hold the potential to result in disciplinary action against the employee.

- (e) **Supervisor Referral:** For instances involving an Informal Complaint, the Internal Affairs Unit may address the issue through a Supervisor Referral. An assigned supervisor would then address the issue informally with the involved employee and document the content of the conversation in a memorandum to the Internal Affairs Unit.
 - 1. If the alleged involved employee cannot be identified by the complainant or through investigation by Internal Affairs, then the Supervisory Referral will be attributed to “unknown” employee.
 - 1. If the involved employee has a repeated history of similar complaints, the incident may be formally investigated.
 - 2. If the nature of the allegation(s) warrants investigation, then a formal investigation will be conducted.
 - 3. Generally, the following will not be addressed through a Supervisory Referral: allegations of excessive/improper force, racial animus, bias-based policing, or workplace discrimination (exceptions may only be approved by the Chief of Police or his/her designee).
- (f) **Complaint Mediation Program:** For instances involving an Informal Complaint, the issue may also be addressed through Complaint Mediation as defined and specified in Policy 1021. Internal Affairs personnel will advise complainants of the Mediation Program option if the complaint is eligible for mediation.
 - 1. Participation in the Complaint Mediation Program must be voluntary for both the complainant(s) and the involved employee(s).
 - 2. Complaints that include any of the following allegations will not be eligible for the Complaint Mediation program:
 - (a) Use of Deadly Force
 - (b) Suspicious and Wrongful Deaths
 - (c) Unnecessary or Excessive Use of Force
 - (d) Truthfulness
 - (e) Racial Animus
 - (f) Bias-Based Policing and/or Racial Profiling
 - (g) Sexual Orientation Bias
 - (h) Sexual Harassment
 - (i) Arrest or Detention
 - (j) Search or Seizure
 - (k) Reporting Misconduct
 - (l) I.Workplace Discrimination/Harassment
 - (m) Supervision

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Internal Investigation of Allegations of Misconduct

- (n) Substantial injury suffered by any of the involved parties
- 3. The Chief of Police, or the Chief's designee, at his or her discretion, may deem any complaint ineligible for mediation.
- (g) **Inquiry:** A question or comment regarding the actions of a Department employee or the implementation of Department policy, with no allegation of misconduct. An inquiry could also be a circumstance where a complainant initiates a complaint with Internal Affairs; however it is later determined that the involved party is not a BART Police employee. The case will be referred to the correct agency or department. The BART inquiry will be Administratively Closed.
- (h) **Service Review:** When a citizen/customer raises a concern pertaining to a global practice throughout the Department such as Department policy, procedure and/or tactics. Depending on the circumstances, the concern may be evaluated and addressed through a Service Review conducted by Internal Affairs, a designated review committee, or a member of Command Staff. When appropriate, a Service Review could result in a change to Department policy, training and/or tactics.
- (i) **Administrative Closure:** Allegations that are received and documented; however the Chief of Police or his/her designee determines, based on a preliminary investigation, that further investigation is not warranted. Under these circumstances, the complaint will be Administratively Closed and documented in a summary memorandum to the case file. Employees will be documented as witnesses only, not as subjects to the complaint. Internal Affairs will send a letter to the complainant notifying them that the case was closed following a preliminary investigation.

A case may be administratively closed under (but not limited to) the following circumstances:

- The complaint fails to articulate an act, or failure to act, which would constitute a violation of policy, procedure or law that could lead to discipline if proven true.
- The complaint is received after one year or more has elapsed from the date of the incident, making it difficult to investigate the incident in a thorough, fair, and complete manner. (Particularly, allegations such as courtesy or minor procedural violations may be Administratively Closed if the Department is not made aware of the complaint in a timely manner.)
- The complaint lacks specificity and the complainant either refuses to cooperate or becomes unavailable to provide information necessary to investigate the incident.
- Complaints limited to parking or infraction citations, where there is no allegation of misconduct, shall be referred to the parking citation appeals process or the respective court.
- Complaints that appear to not be based in reality may be administratively closed, including but not limited to the following:
 - The complaint appears hallucinatory and/or fantastical, and there does not appear to be facts available to ground the complaint in reality.
 - The complaint is grossly illogical and/or incomprehensible.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Internal Investigation of Allegations of Misconduct

- The complaint centers on the alleged existence of a broad conspiracy; however there are no articulated facts to be investigated.
- The complaint is largely similar in content and/or nature to a previous complaint brought by the same complainant, and the previous complaint resulted in a finding of “Unfounded.”

A complaint may also be administratively closed under the following circumstances:

- If the incident giving rise to the complaint is recorded on video (body-worn video, surveillance video, and/or any other available video), and the video directly and completely refutes all allegations, then the complaint may be administratively closed based on the following conditions:
 - Internal Affairs reviews the complaint and the video and determines that the allegation is either unfounded or exonerated based on the video, and
 - Internal Affairs determines that no further investigation is necessary to unfound or exonerate the allegation and
 - The BART Office of Independent Police Auditor (OIPA) exercises its authority under the BART Citizen Oversight Model to review the Internal Affairs investigative processes and findings and determines that the findings and administrative closure are justified.
- In these circumstances, and only after review by OIPA pursuant to the Model, Internal Affairs will document the allegation, summarize the video, and justify a disposition of unfounded or exonerated in an Administrative Closure memorandum to file. The memorandum will include signature lines for Internal Affairs, the Chief of Police, and OIPA.
- If OIPA determines that the evidence does not support a finding of unfounded or exonerated and/or that an administrative closure is inappropriate, then a full Internal Affairs investigation will be conducted.

If a complaining party initiates a complaint but then either refuses to cooperate with the investigation or becomes unavailable, the Internal Affairs Unit will exercise due diligence and proceed with an investigation. Based on a lack of information, the Chief of Police or his/her designee may determine that a matter does not need to be classified as a personnel complaint and the investigation may be administratively closed. However, depending on the seriousness of the complaint and the availability of information, further investigation may be conducted by the Internal Affairs Unit.

1020.1.2 ALLEGATION CLASSIFICATIONS

The following classifications of allegations will be used. The purpose of these classifications is to objectively characterize the potential misconduct while avoiding the use of value-laden words that could prejudice the investigation.

- (a) **Arrest or Detention:** An allegation that an arrest lacked probable cause or a detention lacked reasonable suspicion.

- (e) When a complainant is intoxicated to a degree that his/her physical state may significantly inhibit his/her ability to give a thorough and complete statement, a supervisor should not attempt to take a detailed statement at that time. Instead, the supervisor should take a brief recorded statement, obtain the complainant's contact information, and give the complainant a complaint form for future reference. An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with Department policy.

1020.7 DISPOSITION OF INTERNAL INVESTIGATIONS

Upon completion of the investigative report, the investigator will include a recommendation of finding for each allegation in the investigation report based on the preponderance of evidence.

The investigator's recommended findings will be reviewed through the chain of command, and the Chief of Police will determine a finding of disposition for each allegation based on the preponderance of evidence as follows:

- (a) **Unfounded** - The investigation clearly established that the allegation is not true, or that the complaint was frivolous per Penal Code § 832.5(c).

one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1. - (b) Upon completion, the investigator will make a recommendation of finding based on the preponderance of evidence and forward the report through the Internal Affairs Unit to the Chief of Police who will make a determination of finding and associated disciplinary action when applicable.
- (c) The subject employee will receive a notice of finding from the Chief of Police, which will be signed by the employee and filed in the Internal Affairs Unit. If the employee refuses to sign, that fact will be noted on that document and signed or initialed by the employee as set forth in Government Code § 3304(d).

- (e) Within 30 days of the final review by the Chief of Police, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings, however, will not disclose the amount of discipline, if any imposed. The complaining party will also have been provided with a copy of his/her own original complaint (Penal Code §832.7).
- (f) Any complaining party who is not satisfied with the findings of the Department concerning their complaint may contact the Office of the Independent Police Auditor or the Chief of Police to discuss the matter further.

1020.8.1 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential peace officer personnel files. The contents of such files shall not be revealed to other than the involved employee or authorized personnel except pursuant to lawful process.

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations (Penal Code § 832.5).

All Formal Complaints shall be maintained for a period of no less than five years, or as governed by the collective bargaining agreement. (Penal Code § 832.5) All Informal Complaints shall be maintained for a period of no less than five years, or as governed by the collective bargaining agreement. Complaint Mediation Program

1021.1 PURPOSE AND SCOPE

Alternative dispute resolution in the form of mediation can often yield the optimal outcome of an incident involving alleged misconduct, both for the complainant and the involved employee. It may be the most effective way for a complainant to feel that his or her concern was genuinely listened to, and it presents an opportunity for an employee to share his or her views about the incident that gave rise to the complaint in a non- interrogatory setting. By maximizing the chance that each party will listen to the other's point of view, mediation often makes it possible for both sides to gain a new understanding of each other and of why the interaction between them might have escalated into a conflict in the first place.

Mediation is based on voluntary participation by all parties to a dispute, and it focuses on understanding, problem solving, and reconciliation rather than fact finding, determining guilt or innocence, and assigning responsibility.

1021.2 ELIGIBILITY FOR MEDIATION

The eligibility of complaints for inclusion in the Complaint Mediation Program is detailed in this section. As a corollary, any complaints that are not eligible for inclusion in the program, for any reason, shall be handled as complaints pursuant to Department Policy 1020 and/or the BART Citizen Oversight Model, as applicable.

1021.2.1 CASE ELIGIBILITY

Participation in the Complaint Mediation Program must be voluntary for both the complainant(s) and the involved employee(s). Before the actual mediation process begins, all such parties must consent to the process in writing. Without written consent from all complainants and involved employees, the case is ineligible for inclusion in the program. Written consent may be obtained from the parties at the site of mediation, prior to the mediation session beginning.

- (a) Complaints that include the below-listed allegations and/or alleged circumstances are ineligible for the Complaint Mediation Program, regardless of the consent of the involved parties; when a complaint involves any of these allegations and/or alleged circumstances, as well as other allegations and/or alleged circumstances not on this list, the entire complaint is ineligible for the Complaint Mediation Program:
1. Use of Deadly Force
 2. Suspicious and Wrongful Deaths
 3. Unnecessary or Excessive Use of Force
 4. Truthfulness
 5. Racial Animus
 6. Bias-Based Policing and/or Racial Profiling
 7. Sexual Orientation Bias

 9. Arrest or Detention
 10. Search or Seizure
 11. Reporting Misconduct
 12. Workplace Discrimination/Harassment
 13. Supervision
 14. Substantial injury suffered by any of the involved parties
- (b) Subject to all of the exclusions listed above, the types of allegations eligible for inclusion in the Complaint Mediation Program include, but are not necessarily limited to:
1. Performance of Duty
 2. Conduct Unbecoming an Officer
 3. Courtesy
 4. Policy/Procedure
 5. Policy Complaint*

*When a complaint is eligible for mediation, but the complaint is against a Department policy and not a specific employee, the Department may designate an employee that it feels is appropriate to participate in the mediation as a Department representative.

1021.2.2 OFFICER ELIGIBILITY

Any new complaint is ineligible for the Complaint Mediation Program when any involved employee who is being accused of misconduct in the complaint:

- (a) Has had any allegation of misconduct Sustained against him or her within the 12 months prior to the date that the new complaint was initiated; or
- (b) Has been accused of misconduct in a Citizen Complaint, Administrative Investigation, or Comment of Non-Complaint, or any combination thereof, on three or more occasions within the 12 months prior to the date that the new complaint was initiated; or
- (c) Has participated in the Complaint Mediation Program, as an employee being accused of misconduct, on three or more occasions within the 12 months prior to the date that the new complaint was initiated.

1021.2.3 DISCRETION OF THE CHIEF OF POLICE

The Chief of Police, or the Chief's designee, at his or her discretion, may deem any complaint ineligible for mediation. The Chief shall promptly notify the Office of the Independent Police Auditor (OIPA) upon making such a determination.

1021.3 COMPLAINT MEDIATION PROGRAM PROCEDURES

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Complaint Mediation Program

1021.3.1 INTAKE OF NEW COMPLAINTS BY INTERNAL AFFAIRS SECTION

Upon receiving a new complaint of misconduct that does not, on its face, fall into the prohibited categories listed in Section 1021.2.1, the Internal Affairs Section shall inform the complainant that his or her complaint may be eligible for the Complaint Mediation Program in lieu of an investigation.

Internal Affairs shall also inform the complainant of his or her option, regardless of eligibility for mediation, to have the complaint handled in accordance with the procedures laid out in Department Policy 1020. If the complainant prefers to pursue mediation, Internal Affairs shall forward the complainant's contact information to OIPA, which shall then be responsible for contacting the involved employee(s) pursuant to Section 1021.3.3.

Internal Affairs shall continue its practice of recording all new complaints in its case database, including the assignment of a case number to each complaint. All cases that end up being a part of the Complaint Mediation Program shall be categorized as "Citizen Complaints."

Internal Affairs shall attempt to identify and gather all evidence about the new complaint that is known or reasonably should be known to be perishable, even if all parties to a complaint indicate their consent to have it handled through the Complaint Mediation Program. The gathering of such evidence is important if mediation does not ultimately take place, in which case a formal investigation may be required to be completed instead.*

*It is acknowledged that even with the requirement to collect perishable evidence, Internal Affairs may not be made aware of as much information about the circumstances giving rise to the complaint as they would be by conducting a series of formal interviews; their ability to discover some of the evidence, perishable or not, that is relevant to the complaint may therefore be curtailed to some degree.

1021.3.2 INTAKE OF NEW COMPLAINTS BY THE OFFICE OF THE INDEPENDENT POLICE AUDITOR

Upon receiving a new complaint of misconduct that does not, on its face, fall into the prohibited categories listed in Section 1021.2.1, OIPA shall inform the complainant that his or her complaint may be eligible for the Complaint Mediation Program in lieu of an investigation . OIPA shall also inform the complainant of his or her option, regardless of eligibility for mediation, to have the complaint handled in accordance with the procedures laid out in Department Policy 1020. If the complainant prefers to pursue mediation, OIPA shall notify Internal Affairs of the information about the complaint it has learned at that point (as is already done with other complaints received by OIPA). OIPA shall then be responsible for contacting the involved employee(s) pursuant to Section 1021.3.3.

Internal Affairs shall attempt to identify and gather all evidence about the new complaint that is known or reasonably should be known to be perishable, even if all parties to a complaint indicate their consent to have it handled through the Complaint Mediation Program. The gathering of such evidence is important if mediation does not ultimately take place, in which case a formal investigation may be required to be completed instead.*

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Complaint Mediation Program

*It is acknowledged that even with the requirement to collect perishable evidence, Internal Affairs may not be made aware of as much information about the circumstances giving rise to the complaint as they would be by conducting a series of formal interviews; their ability to discover some of the evidence, perishable or not, that is relevant to the complaint may therefore be curtailed to some degree.

1021.3.3 CONSENT FROM ALL INVOLVED EMPLOYEES

Once a complainant has indicated a preference to pursue mediation of an eligible complaint, OIPA shall determine whether all involved employees are eligible for mediation in accordance with Section 1021.2.2. If any involved employees are ineligible, OIPA will inform the complainant that mediation is not a viable option for that complaint, which will instead be handled in accordance with BPD Policy 1020. If all involved employees are eligible for mediation, OIPA shall contact each of them to determine whether they consent to mediation of the complaint against them. In making such contact, OIPA shall notify each involved employee of the nature of the allegation(s) raised against him or her. Contact with the employees will be made by OIPA via email message, with a copy to each employee's supervisor.*

*OIPA shall make good faith efforts to establish contact with all involved employees via any means it deems effective and appropriate. The use of email is meant to be the single mandated method of contact in each case. Email is the preferred mandatory method because it lends itself to easy documentation and record-keeping.

If any one of the involved employees decline to consent to mediation, the complaint will be deemed as ineligible for the Complaint Mediation Program. OIPA shall notify IA of this, and IA shall handle the complaint pursuant to BPD Policy 1020.

Once the required email notification has been sent to the involved employees, if OIPA does not subsequently receive a response from any one (or more) of the employees for more than 7 calendar days after that employee was last on-duty, the complaint will be deemed as ineligible for the Complaint Mediation Program. OIPA shall notify the complainant and IA of this, and IA shall handle the complaint pursuant to BPD Policy 1020.

If any employees are involved who are unable to be identified through the best efforts of OIPA, the complaint will be deemed as ineligible for the Complaint Mediation Program. OIPA shall notify IA of this, and IA shall handle the complaint pursuant to BPD Policy 1020.

If all of the involved employees have been successfully identified and deemed eligible for mediation, and all of them have indicated their consent to mediation of the complaint involving them, then the mediation process shall continue pursuant to Section 1021.3.4.

1021.3.4 REFERRAL TO SEEDS

OIPA shall contact the SEEDS Community Resolution Center (SEEDS) to initiate mediation proceedings. OIPA will also be responsible for providing SEEDS with whatever information they require about the complaint at issue. In accordance with standard SEEDS operating procedure, SEEDS will then establish contact with the involved parties and schedule a date and time for the

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Complaint Mediation Program

mediation to take place. BPD employees shall be allowed to attend mediation while on-duty, but they shall inform their immediate supervisor as far in advance as is reasonably feasible before doing so. BPD employees who attend mediation while off- duty shall be compensated for their time.

As noted above in Section 1021.2.1, all parties to mediation must document their consent to the mediation process in writing. Once such documentation has been submitted to either IA, OIPA, or SEEDS (i.e. – at the site of mediation) by all parties, the subsequent failure of the complainant to attend a mediation session scheduled by SEEDS shall not result in any further investigation by IA into the underlying complaint; conversely, the subsequent failure of any of the involved BPD employees to attend a mediation session scheduled by SEEDS shall result in the termination of mediation efforts with respect to the underlying complaint, which will be then be handled by IA pursuant to BPD Policy 1020.

If, for any reason, SEEDS is unable to schedule a date for the mediation that is within 90 days of the date that the underlying complaint was initiated, OIPA will notify SEEDS to cease further attempts at scheduling the mediation. IA shall then handle the complaint pursuant to BPD Policy 1020.

Upon completion of its mediation efforts, SEEDS will contact OIPA to inform it of the outcome of those efforts. OIPA will, in turn, notify IA of the outcome.

If SEEDS reports that mediation occurred, IA shall indicate the disposition of the underlying Citizen Complaint as “Mediated.” No further investigation will be conducted by IA with regard to the mediated complaint, and the complaint shall not be relied upon, in any way, as a basis for disciplinary proceedings or in the evaluation of an employee. This does not preclude a mediated complaint from being considered when determining officer eligibility for a separate mediation, in accordance with Section 1021.2.2.

If SEEDS reports that mediation did not occur, SEEDS will also send a “No Mediation Letter” to the party that was requesting the mediation.

Involved BPD employees in receipt of such a letter may forward a copy to IA, which shall include the copy in the file for the associated case. IA shall also indicate the disposition of the underlying Citizen Complaint as “Mediated.” No further investigation will be conducted by IA with regard to the mediated complaint, and the complaint shall not be relied upon, in any way, as a basis for disciplinary proceedings or in the evaluation of an employee. This does not preclude a mediated complaint from being considered when determining officer eligibility for a separate mediation, in accordance with Section 1021.2.2.

Complainants in receipt of such a letter may forward a copy to IA, which shall include the copy in the file for the associated case. IA shall then handle the complaint pursuant to BPD Policy 1020.

1021.3.5 CONDUCT OF MEDIATION

The mediation itself shall be conducted according to the rules established for Community Mediation by SEEDS. Neither OIPA nor IA shall have any role in conducting any of the mediation sessions, nor shall they be present during any such sessions.

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Complaint Mediation Program

Pursuant to SEEDS standard practice, requests by either party in a mediation to be accompanied by a representative or another person must be made directly to SEEDS prior to the mediation session; this is so that consent can be sought by SEEDS from the opposite party before the request is granted to the requesting party.

Exclusive of any materials it deems confidential in line with its standard operating procedures, SEEDS shall deliver all of the materials it has related to the mediation proceeding (i.e. - written consent to the mediation from the involved parties) to OIPA. OIPA shall deliver a copy of all such materials to IA.

1021.3.6 COST OF MEDIATION

OIPA shall be responsible for the payment of all fees arising out of the mediation services provided by SEEDS pursuant to the Complaint Mediation Program.

Seat Belt Procedure

1022.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle crash. This policy will apply to all employees operating or riding in department vehicles (Vehicle Code § 27315.5).

1022.2 WEARING OF SAFETY RESTRAINTS

All employees shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty or in any privately owned vehicle while on-duty. The employee driving such a vehicle shall ensure that all other occupants, including non-employees, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the officer or the public. Employees must be prepared to justify any deviation from this requirement.

1022.2.1 TRANSPORTING CHILDREN

Children under the age of 8 should be transported in compliance with California's restraint system requirements (Vehicle Code § 27360).

A child may be transported by sworn personnel without the use of a child passenger restraint system in an authorized emergency vehicle if a child passenger restraint system is unavailable and the child is secured by a seat belt (Vehicle Code § 27363(b) and Vehicle Code § 165).

Members should deactivate, if available, the passenger side airbag when appropriate, such as when transporting a rear-facing infant or child in the front seat.

1022.3 TRANSPORTING PRISONERS

Whenever possible, prisoners should be secured in the prisoner restraint system in the rear seat of the patrol vehicle or, when a prisoner restraint system is not available, by seat belts. The prisoner should be in seating position for which seat belts have been provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

1022.4 INOPERABLE SEAT BELTS

No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff who shall do so only with the express authorization of the Chief of Police.

1024.2.2 PRE-PLANNED HIGH RISK SITUATIONS

All personnel engaged in pre-planned high risk operations shall wear body armor. High-risk operations include, but are not limited to, planned warrant executions, drug raids, etc.

Special Assignments, Non-Patrol and Specialized Job Assignments

1028.1 PURPOSE AND SCOPE

To provide a vehicle for interested employees to declare their intent for special assignments, non-patrol and specialized job assignments, and to provide a fair and impartial process for selecting personnel for these assignments.

1028.1.1 DEFINITIONS

Special Assignment - Short-term job assignment filled by officers assigned to Patrol.

Non-Patrol Assignment - Job assignments outside of Patrol (e.g., Detectives, SPU, Traffic). Non-patrol special assignments are normally three (3) years in length but may be extended by two additional six month extensions at the request of the employee and the discretion of the Chief.

Employees selected for the Detective Section will have a five (5) year assignment.

Specialized Job Assignment - Job assignments that require special skills or training (e.g., Range Officer, Canine Handler, FTO, ID technician).

1028.2 MEMORANDUMS-OF-INTEREST

Personnel may submit memorandums-of-interest (MOIs) for a special assignment, non-patrol or specialized job assignment when a position is announced. The employee should list his/her qualifications, including but not limited to, all experience, education and training that is relevant to the desired assignment. Memos are due by the deadline listed in the announcement and should be sent via the chain-of-command to the Bureau Deputy Chief or other person listed in the bulletin. Candidates must be eligible for the assignment by the MOI deadline date.

1028.2.1 SUPERVISORY RESPONSIBILITY

Supervisors who receive an MOI should complete a recommendation for the candidate regarding the assignment desired. Supervisors must comment on the following areas regarding a candidate's qualifications and suitability for any particular assignment:

- Attendance
- Discipline
- EDR file review
- Compliance with minimum qualifications

Additionally, the supervisor should include a recommendation (positive or negative) and any other information that would be relevant to making a selection.

Recommendations should normally be completed by the candidate's immediate supervisor, provided that he/she has directly supervised the candidate for at least three (3) months. Other

Bay Area Rapid Transit Police Department

BART PD Policy Manual

Special Assignments, Non-Patrol and Specialized Job Assignments

supervisors who provided supervisory responsibility over the candidate during last 12 months may also provide input.

1028.3 TESTING PROCESS (IF APPLICABLE)

If a testing process is included in the selection of a candidate(s), the testing process will be outlined in the original announcement bulletin. A testing process may consist of any or all of the following:

- Interview panel (consisting of a command-level officer, person in-charge of the unit, section, or team being tested, and a member from and approved by the BPOA as per the BPOA agreement)
- Written exam (minimum passing score of 75%)
- Practical exercise

Prior to the testing process, the weight of each phase should be announced. An overall score of 75% is required to be placed onto an eligibility test.

1028.4 SELECTION PROCESS

Unless otherwise stated, a pool of five (5) candidates that have been deemed qualified for the position (through the selection process) will be established for any given assignment. An exception to this may be if the assignment was a one-time selection for a given period. Additionally, if less than five candidates are deemed qualified, the pool will only consist of those qualified. Any additional candidates beyond the pool of five should be ranked and listed numerically. When a person is selected from the pool of five, the first ranked person from beyond the pool then moves into the pool.

A candidate's qualifications, work performance, attendance record, active discipline, sustained IA complaints, prior and current assignments, passing test results, and any recommendations from the oral panel will be considered. The final selection will be made by the Chief of Police.

A bulletin will be issued announcing the selection of an employee to any special assignment, non-patrol or specialized job assignment. The eligibility list should remain in effect until exhausted or as long as indicated in the announcement bulletin. The Chief of Police may extend the length of the eligibility list.

1028.5 REMOVAL FROM ASSIGNMENT

An employee may be removed from an assignment for any of the following reasons:

- Fails to perform the required tasks satisfactorily
- Fails to meet or exceed standards in all categories of his/her Employee Performance Evaluation

Two examiners will test applicants in their respective languages. Applicants must demonstrate that they are fluent in a particular designated language. The duration of the examination will not be for any specified time. Under certain circumstances, applicants may be sent to an outside facility for certification (e.g., a school that teaches American sign language). When feasible, the examiners will make an audio or video tape of the examination. The exam will include, but is not necessarily limited to, sufficient dialog to obtain information necessary to complete a page one of a BART Police Department crime report (form 0489-1).

If the applicant is determined to be fluent in the tested Language, the examiners shall complete a "Letter of Bilingual Certification" and forward it, the tape, and any supporting documents to the Support Services Deputy Chief. Unsuccessful applicants may retest in one year.

The Support Services Deputy Chief will notify the applicant of the results of the examination, and a memo requesting compensation will be sent to the Human Relations Department.

Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all District employees that has been established by the General Manager.

1034.1.1 MEAL PERIODS

Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol officers shall request clearance from the Communications Center prior to taking a meal period. Uniformed officers shall take their breaks within the District limits unless on assignment outside of the District.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four- or five-hour work period, as applicable per an eight- or ten-hour work day. Only one 15 minute break shall be taken during each four- or five-hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center.

Lactation Break Policy

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (29 USC § 207 and Labor Code §§ 1030-1032).

1035.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207 and Labor Code § 1030).

1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Integrated Security Response Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

This plan will accommodate the specific needs of the member and will include an exit interview with the Chief of Police or designee and the storage of department issued equipment. The plan will also address a means of communication with the deployed member, to include issuing and/or authorizing equipment for regular contact, such as a calling card, phone, or device, if necessary.

Prior to Deployment, the service member will meet with the Support Services Lieutenant to ensure that all administrative matters are in order within the Department and the District, to include human resource, payroll and benefit needs. BART HRIS will be the point of contact for human resources.

1039.4 REINTEGRATION AND POST DEPLOYMENT

Outside Employment

1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete a Permit for Outside Employment (form #0269). Additionally, the employee must have the potential outside employer complete an Outside Employer's Liability Agreement (forms #0271 and 0271-1). Both completed forms shall be submitted to the employee's immediate supervisor. The application and liability forms will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Permit for Outside Employment form and an Outside Employer's Liability Agreement in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

Outside Employment

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126 and this department's rules and regulations, the department expressly reserves the right to deny any Permit for Outside Employment form submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.

Outside Employment

- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient.
- (e) Involves employment during which the employee would be carrying a concealed or non-concealed firearm.

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service.  1. The officer(s) shall wear the departmental uniform/identification.
 2. The officer(s) shall be subject to the rules and regulations of this department.

pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1040.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to § 1040.2.2(c) of this policy.

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the District's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with this department, a request (in writing) may be made to the Chief of Police to restore the permit.

On Duty Injuries

1042.1 PURPOSE AND SCOPE

The purpose of this policy is to provide for the reporting of on-duty injuries, occupational illnesses or deaths, to ensure proper medical attention is received, and document the circumstances of the incident. This policy will not supersede the BPOA or BPMA's District Agreement.

Any employee sustaining a work-related injury or illness that requires relief from duty is required to be examined/treated by a doctor.

Any employee sustaining a work-related injury or illness that requires relief from duty is also required to comply with departmental policies and directives relating to the duty to periodically call in during absences, as well as the duty to notify the Department of any change in condition or anticipated duration of the absence.

When appropriate, an employee being treated for an on-duty injury should inform the attending physician that a modified duty assignment may be available at the Department. Temporary modified duty may be available for the employees whose injuries prevent resumption of regular duties. Employees should contact the civilian Administrative Services supervisor to request temporary modified duty.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1058.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1058.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Bay Area Rapid Transit Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

The primary mission of the San Francisco Bay Area Rapid Transit District (the "District" is providing safe, efficient and reliable public transit services. The District recognizes that the availability of equipment inside the District's system facilitation cellular communications in its stations and trains (the "System Cellular Equipment") is a valuable and important service to District passengers, that should be interrupted only in the most extraordinary circumstances that threaten the safety of District passengers, employees and other members of public, the destruction of District property, or the substantial disruption of public transit service.

The District also recognizes that any interruption of cellular service poses serious risks to public safety and that available open communications networks are critical to our economy and democracy and should be preserved to the fullest extent possible. The District is also fully committed to its existing long standing policy of allowing the exercise of First Amendment rights of expression in the areas of its stations where it can be done safely, legally and without interference with the District's primary mission. The District is also committed to full compliance with all state and federal regulatory laws applicable to a temporary interruption of operation of the System Cellular Equipment.

1059.2 POLICY

In accordance with these principles, it shall be the policy of the District that the District may implement a temporary interruption of operation of the System Cellular Equipment only when it determines that there is strong evidence of imminent unlawful activity that threatens the safety of District passengers, employees and other members of the public, the destruction of District property, or the substantial disruption of public transit services; that the interruption will substantially reduce the likelihood of such unlawful activity; that such interruption is essential to protect the safety of District passengers, employees and other members of the public, to protect District property or to avoid substantial disruption of public transit services; and that such interruption is narrowly tailored to those areas and time periods necessary to protect against the unlawful activity. Any such interruption shall include measures to ensure the rights of the disabled to information and assistance and shall be promptly reported to first responders and the Board of Directors. Any decision to implement a temporary interruption must be pursuant to a determination that the public safety benefits outweigh the public safety risks of an interruption. The decision to implement a temporary interruption of operation of the System Cellular Equipment requires the establishment of an operational procedure approved by the General Manager (i).

- (i) Nothing herein is intended to restrict the District's ability to implement a temporary interruption of the operation of the System Cellular Equipment for maintenance or other operational reasons.

District Cell Service Interruption Policy

- For all pre-planned events, cell service interruption will be determined by the Chief of Police in collaboration with the General Manager and/or Assistant General Manager of Operations.
- Eminent danger, where the potential for loss of life is involved, which requires immediate cell service interruption must be cleared by the Watch Commander.

1059.2.1 EXAMPLES OF EXTRAORDINARY CIRCUMSTANCES, EMINENT DANGER

Illustrative examples of extraordinary circumstances, eminent danger include, but are not limited to, strong evidence of use of cell phones

- (i) as instrumentalities in explosives;
- (II) to facilitate violent criminal activity or endanger District passengers, employees or other members of the public, such as hostage situations;
- (iii) to facilitate specific plans or attempts to destroy District property or substantially disrupt public transit services. Such circumstances may justify a narrowly tailored interruption of service only if they meet the principles listed above.
