A regular meeting of the Board of Directors and regular meetings of the Standing Committees will be held on Thursday, December 3, 2009, commencing at 9:00 a.m. All meetings will be held in the BART Board Room, Kaiser Center 20th Street Mall – Third Floor, 344 – 20th Street, Oakland, California.

Members of the public may address the Board of Directors and Standing Committees regarding any matter on these agendas. Please complete a “Request to Address the Board” form (available at the entrance to the Board Room) and hand it to the Secretary before the item is considered by the Board. If you wish to discuss a matter that is not on the agenda during a regular meeting, you may do so under General Discussion and Public Comment.

Rules governing the participation of the public at meetings of the Board of Directors and Standing Committees are available for review on the District's website (http://www.bart.gov/about/bod), in the BART Board Room, and upon request, in person or via mail, at the Office of the District Secretary, 23rd Floor, 300 Lakeside Drive, Oakland, California.

Any action requiring more than a majority vote for passage will be so noted.

Items placed under “consent calendar” and “consent calendar addenda” are considered routine and will be received, enacted, approved, or adopted by one motion unless a request for removal for discussion or explanation is received from a Director or from a member of the audience.

Please refrain from wearing scented products (perfume, cologne, after-shave, etc.) to these meetings, as there may be people in attendance susceptible to environmental illnesses.

BART provides service/accommodations upon request to persons with disabilities and individuals who are limited English proficient who wish to address BART Board matters. A request must be made within one and five days in advance of Board/Committee meetings, depending on the service requested. Please contact the Office of the District Secretary at (510) 464-6083 for information.

Approval of Resolution of Project Compliance and Initial Project Report for Regional Measure 2 and AB1171 Funds for the eBART Project

Purpose:
To obtain BART Board approval of an application for a total of $43,040,000 in Regional Measure 2 ("RM2") and AB1171 funds for the eBART Project (the "Project"). The application includes a Resolution of Project Compliance ("Resolution") and an Initial Project Report ("IPR") for the RM2 and AB1171 funds, as described in the attached IPR Summary. This application is a request for reimbursement to provide funding for continuing final design, right of way acquisition, guideway preparation and construction of the transfer station for the Project.

Discussion:
Metropolitan Transportation Commission ("MTC") Resolution No. 3636, the Policies and Procedures for Implementation of the Regional Traffic Plan of Regional Measure 2 requires that a project sponsor approve a Resolution of Project Compliance and IPR when the project sponsor requests an allocation of RM2 funds. Although MTC has not yet adopted a Resolution requiring the same documentation for AB1171 funds, MTC has advised BART that a Resolution of Project Compliance and IPR will be required. Staff has prepared the IPR Summary for this portion of the eBART Project and a Resolution of Project Compliance for adoption by the BART Board of Directors to meet MTC’s requirement for allocation of a total of $43,040,000 of RM2 and AB1171 funding for the eBART Project.

The eBART Project has received all necessary environmental clearances. On April 23, 2009, the Board of Directors adopted the eBART Project and authorized the General Manager to proceed with implementation actions. BART and the Contra Costa Transportation Authority (CCTA) are co-sponsors for the RM2 funds associated with the Project. Previous allocations of RM2 funds have been used for the planning and environmental phase, the design of median structures to accommodate future mass transit, and right of way acquisition to widen the SR4 median. This application for RM2 and AB1171 funds will provide funding for continuing final design, right of way acquisition at the Hillcrest Station site, guideway preparation, and construction of the transfer station at the Pittsburg Bay Point BART Station. This will be the first request for AB1171 funds for the eBART Project. Approval of the IPR and Resolution is a requirement for the application for RM2 and AB1171 funds. CCTA will be approving the IPR and Resolution on
December 3, 2009. It is expected that the MTC will approve this application in December 2009.

**Fiscal Impact:**
Approval of the IPR and Resolution is a requirement for the District to receive an allocation of RM2 and AB1171 funds from the MTC.

**Alternatives:**
Do not approve the Resolution and IPR. Failure to approve the Resolution and IPR would likely result in schedule delays and cost increases for the eBART Project.

**Motion:**
The Board of Directors approves the Resolution of Project Compliance and Initial Project Report dated November 19, 2009 for Regional Measure 2 and AB1171 Funds for the eBART Project, as described in the attached IPR Summary.
BEFORE THE BOARD OF DIRECTORS OF THE SAN FRANCISCO BAY AREA RAPID TRANSIT DISTRICT

In the Matter of the Approval of a Resolution of Project Compliance and Initial Project Report for Regional Measure 2 and AB1171 Bridge Toll Funds for the East Contra Costa County Rail Extension/eBART Project

Resolution No.

Whereas, the Metropolitan Transportation Commission ("MTC") is the regional transportation planning agency for the San Francisco Bay Area pursuant to Government Code Sections 66500 et seq.; and

Whereas, Streets and Highways Code Sections 30950 et seq. created the Bay Area Toll Authority ("BATA") which is a public instrumentality governed by the same board as that governing MTC; and

Whereas, pursuant to Streets & Highways Code ("SHC") Section 31010 (b), funds (generally referred to as "AB1171 funds") generated in excess of those needed to meet the toll commitments as specified in paragraph (4) or subdivision (b) of section 188.5 of the SHC shall be available to BATA for funding projects consistent with SHC Code Sections 30913 and 30914; and

Whereas, SB 916 (Chapter 715, Statutes 2004), commonly referred to as Regional Measure 2 ("RM2") identified projects eligible to receive funding under the Regional Traffic Relief Plan; and

Whereas, "MTC" is responsible for funding projects eligible for RM2 funds pursuant to Streets and Highways Code Section 30914(c) and (d); and

Whereas, MTC has established a process whereby eligible transportation project sponsors may submit allocation requests for RM2 and AB1171 bridge toll funding; and

Whereas, allocation requests to MTC must be submitted consistent with such procedures and conditions; and

Whereas, BART and CCTA are sponsors of the East Contra Costa County Rail Extension/eBART project (PROJECT), which is eligible for consideration of RM2 Regional Traffic Relief Plan funds; and

Whereas, the PROJECT is also eligible for consideration of AB1171 funds, and;
Whereas, the RM2 and AB1171 allocation request, sponsored by BART and CCTA, in the Initial Project Report ("IPR") dated November 19, 2009 and incorporated herein as though set forth at length, lists the purpose, schedule, budget, expenditure and cash flow plans for which BART is requesting that MTC allocate RM2 and AB1171 bridge toll funds for the PROJECT; and

Whereas, MTC intends to require as a condition of its allocation of AB1171 funds to the PROJECT that BART and MTC execute a funding agreement prior to award of the construction contract, and such agreement would specify the policies and procedures applicable for use of the AB1171 funds;

NOW, THEREFORE, BE IT RESOLVED that:

1. BART and its agents agree to comply with the provisions of the MTC’s RM2 Policy Guidance (MTC Resolution No. 3636);

2. BART certifies that the PROJECT is consistent with the Regional Transportation Plan ("RTP").

3. BART certifies that all environmental clearances necessary for the PROJECT have been obtained and that the year of funding for the construction phase has taken into consideration the time necessary to obtain permitting approval for such construction.

4. BART certifies that the PROJECT phase or segment to be funded with RM2 and AB1171 funds is fully funded and result in an operable and usable segment.

5. BART approves the updated IPR dated November 19 2009, as described in the attached IPR Summary ("Summary").

6. BART approves the cash flow plan described in the IPR dated November 19, 2009, as described in the attached Summary.

7. BART has reviewed the PROJECT’S needs and has adequate staffing resources to deliver and complete the PROJECT within the schedule set forth in the IPR dated November 19, 2009, as described in the attached Summary.

8. BART is an eligible sponsor of projects in the RM2 Regional Traffic Relief Plan, Capital Program, in accordance with California Streets and Highways Code 30914(c).

9. The PROJECT is eligible for receipt of AB1171 funds consistent with California Streets and Highway Code section 31010 (b).

10. BART is authorized to submit an application for RM2 and AB1171 funds for the PROJECT in accordance with the provisions of the California Streets and Highways Code sections 30913 and 30914 as applicable.

11. BART certifies that the PROJECT and purposes for which RM2 and AB1171 funds are being requested are in compliance with the requirements of the California Environmental
Quality Act (Public Resources Code Section 21000 et seq.), and with the State CEQA Guidelines (14 California Code of Regulations Section 15000 et seq.) and, if relevant, the National Environmental Policy Act (NEPA), 42 USC Section 4321 et. seq. and the applicable regulations thereunder.

12. There is no legal impediment to BART making allocation requests for RM2 and AB1171 funds.

13. There is no pending or threatened litigation, which might in any way adversely affect the PROJECT, or the ability of BART, to deliver the PROJECT.

14. BART indemnifies and holds harmless MTC, its Commissioners, representatives, agents, and employees from and against all claims, injury, suits, demands, liability, losses, damages, and expenses, whether direct or indirect (including any and all costs and expenses in connection therewith), incurred by reason of any act or failure to act of BART, its officers, employees or agents, or subcontractors or any of them in connection with its performance of services under this allocation of RM2 and AB1171 funds. In addition to any other remedy authorized by law, so much of the funding due under this allocation of RM2 and AB1171 funds as shall reasonably be considered necessary by MTC may be retained until disposition has been made of any claim for damages.

15. BART agrees that, if any revenues or profits from any non-governmental use of property (or project) are collected, that those revenues or profits shall be used exclusively for the public transportation services for which the PROJECT was initially approved, either for capital improvements or maintenance and operational costs; otherwise, the MTC is entitled to a proportionate share equal to MTC’s percentage participation in the PROJECT.

16. BART agrees that assets purchased with RM2 and AB1171 funds including facilities and equipment shall be used for the public transportation uses intended, and should said facilities and equipment cease to be operated or maintained for their intended public transportation purposes for its useful life, that the MTC shall be entitled to a present day value refund or credit (at MTC’ s option) based on MTC’s share of the Fair Market Value of the said facilities and equipment at the time the public transportation uses ceased, which shall be paid back to MTC in the same proportion that RM2 and AB1171 funds were originally used.

17. BART has authorized its General Manager or his/her designee, to execute and submit an allocation request for the design, right of way and construction phase for the PROJECT to MTC for RM2 and AB1171 bridge toll funds in the amount of $43.04 million for the PROJECT, purposes and amounts included in the IPR dated November 19, 2009, as described in the attached Summary.

18. BART’s General Manager or his/her designee has been delegated the authority to make non-substantive changes or minor amendments to the IPR as she deems appropriate.

19. A copy of this resolution shall be transmitted to MTC in conjunction with the filing of the IPR dated November 19, 2009 referenced herein.

###
eBART Project
Initial Project Report Summary - November 19, 2009

Project Description
The purpose of the eBART Project and the State Route 4 widening project is to bring commute relief to the eastern portion of Contra Costa County in a reasonable period of time at a reasonable cost. Eastern Contra Costa County is the fastest growing part of the Bay Area, expecting population growth of 53% and job growth of 132% between 2000 and 2025. The area needs frequent, reliable, high quality transit service to connect the many and increasing homes in the area with the jobs in areas served by existing public transit, including BART, CCTA and BART have identified the SR-4 median as the preferred route for future transit expansion. This application is for the allocation of funds for continuing final design, right of way acquisition at the Hillcrest Station site, guideway preparation, and construction of the transfer station at the Pittsburg Bay Point BART station for the eBART Project.

INDEPENDENT AUDITOR'S REPORTS ON BASIC FINANCIAL STATEMENTS 
AND INTERNAL CONTROL 
FOR THE FISCAL YEAR ENDED JUNE 30, 2009

NARRATIVE:

PURPOSE
To present the Independent Auditor's Reports on Basic Financial Statements and Internal Control for the fiscal year Ended June 30, 2009.

DISCUSSION
The San Francisco Bay Area Rapid Transit District Act provides that an annual audit be made of all books and accounts of the District by an independent certified public accountant (Public Utilities Code Section 28769). The independent certified public accounting firm of Macias, Gini and O'Connell conducted the audit for fiscal year 2009. The District's basic financial statements provide information on the District's Enterprise Fund and Fiduciary Fund. The Enterprise Fund includes all revenues, expenses, assets, liabilities and net assets related to the District's operations. The Fiduciary Fund shows all financial transactions of the Retiree Health Benefit Trust, which was created by the District to administer and account for assets which are restricted for the payment of retiree health premiums, as well as payments by the District for current medical premiums for retirees and surviving spouses (pay-as-you-go). Their audit concluded that the District's basic financial statements for the year ended June 30, 2009 present fairly, in all material respects, the financial position of the Enterprise Fund and the Fiduciary Fund, and are in conformity with accounting principles generally accepted in the United States of America.

As part of the examination, the auditors performed a review and evaluation of the District's internal accounting controls. The results of the evaluation are discussed in the Independent Auditor's Report on Internal Control. There are no findings in the Report. The Report however, included a reminder to the District of the unprecedented amount of oversight and reporting requirements that the Federal authorities require on the American Recovery and Reinvestment grants of which $65,368,239 had been awarded to the District in fiscal year 2009. We believe that the District has sufficient control procedures and resources in place to be able to cope with the Recovery Act grant new and increased requirements.

FISCAL IMPACT
None.

ALTERNATIVE
None. The District is required by law to have its books and accounts audited every year by an independent certified public accountant.
Adoption of the District’s Civil Rights Policies

Purpose:
To request that the Board of Directors formally adopt the following Civil Rights policies for the District:

- Equal Employment Opportunity (EEO)
- Prevention of Sexual Harassment in the Workplace
- Title VI Non Discrimination Policy

Equal Employment Opportunity (EEO)

Recipients and sub-recipients of FTA financial assistance that employ 50 or more transit-related employees are required to adopt a formal EEO policy. The EEO Policy must include a statement issued by the “Chief Executive Officer (CEO)” which includes a statement of nondiscrimination in all employment practices, including recruitment, selection, promotion, termination, transfers, layoffs, compensation, training benefits and other terms and conditions of employment.

The Board of Directors initially adopted an Affirmative Action Program and District-wide goals for minorities and women in September, 1974 (prior to the interim FTA requirement of 1977). Subsequently the Board reiterated, reinforced and expanded the District’s policy prohibiting discrimination through Resolution 3047, June 16, 1983; Resolution 4483, January 28, 1993; Resolution No. 4516 and Resolution 4554, March 9, 1995.

The proposed EEO policy incorporates the following revisions:
- Name change from Employment Opportunity (EO) Policy to Equal Employment Opportunity (EEO) Policy
- Adds Genetic Information as a basis of discrimination.
- Changes basis of discrimination from Vietnam era veteran status to veteran status.
- Designates Department Manager of the Office of Civil Rights as the designated EEO Officer and assigns responsibility to the General Manager for implementation of the EEO Policy and Equal Employment Opportunity Program
- States commitment to undertake an affirmative action program consistent with federal and state laws.
• Reinforces manager and supervisor responsibility for the implementation of District EEO policy and ties management performance on the success of the implementation of the EEO Policy.

Prevention of Sexual Harassment in the Workplace
The District is also committed to maintaining a workplace that is free of sexual harassment, in keeping with our long-standing EEO policy. Sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964 and the California Fair Employment and Housing Act (FEHA).

The Board adopted the District Policy Regarding Sexual Harassment in December 1980. The proposed policy will be part of the District’s EEO policy, and reiterates, reinforces and expands the District’s policy prohibiting sexual harassment in the workplace.

Title VI Non Discrimination Policy

BART, as a federal grant recipient, is required by the Federal Transit Administration (FTA) to conform to Title VI of the Civil Rights Act of 1964 and its amendments. Title VI requires that no person in the United States, be excluded from, denied the benefits of or subjected to discrimination on the grounds of race, color or national origin under any program or activity receiving federal financial assistance.

To assure conformance, BART is required to notify beneficiaries of the protections under Title VI. This notification includes a Statement of Policy which enforces provisions of Title VI. The District’s commitment includes vigorously enforcing all applicable laws and regulations that affect the District and those organizations, both public and private, which participate in and benefit from federal grants. Additionally, BART is required to conduct a triennial assessment and document those services and benefits are provided on a nondiscriminatory basis. While the District has complied with FTA requirements, the Board of Directors has not previously adopted a Title VI Non Discrimination Policy.

Fiscal Impact:

There is no fiscal impact to this policy.

Alternatives:

Adopt amended or modified Policy statement(s).

Recommendations:

Adopt the following motion:

Motion:
That the Board pass the attached resolution.
BEFORE THE BOARD OF DIRECTORS OF THE
SAN FRANCISCO BAY AREA REAPID TRANSIT DISTRICT

In the matter of District Resolution No.

Equal Employment Opportunity Policy
Prevention of Sexual Harassment in the Workplace
Title VI Non Discrimination Policy

RESOLVED, that it is the continued policy and practice of the San Francisco Bay Area Rapid Transit District (1) to prohibit discrimination, harassment, and retaliation for filing a complaint and to assure equal employment opportunity in all personnel transactions including hiring, promotions, terminations, transfers, layoffs, compensation, training, benefits and other terms and conditions of employment without regard to race, color, marital status, sexual orientation, religion, national origin, ancestry, age, sex, gender identity, disability, medical condition (cancer), genetic information, family and medical care leave, pregnancy disability leave or veteran status; (2) to prevent sexual harassment in the workplace; (3) to conform to the requirements of Title VI, as set forth in the policies attached hereto; and

BE IT FURTHER RESOLVED, that it is a part of the long range goals of the San Francisco Bay Area Rapid Transit District to implement its Equal Employment Opportunity (EEO) policy through its Equal Employment Opportunity Program (EEOP) and to include, consistent with applicable federal and state laws, goals and timetables, designed to overcome the effects of past discrimination of minorities and women; and

BE IT FURTHER RESOLVED, that the San Francisco Bay Area Rapid Transit District has assigned overall implementation of the EEOP to the Department Manager, Office of Civil Rights; and

Be if further resolved, that Resolution No. 4554, as adopted March 9, 1995, is hereby superseded.

###

Adopted _________________, 2009
EQUAL EMPLOYMENT OPPORTUNITY (EEO)

The San Francisco Bay Area Rapid Transit District (District) intends to maintain a diverse workforce based upon the principles of equal employment opportunity.

Statement of Policy:

The San Francisco Bay Area Rapid Transit District (District) is committed to providing a work place free of discrimination, harassment and retaliation for filing a complaint. It is also the District’s policy and practice to assure equal employment opportunity in all personnel transactions including hiring, promotions, terminations, transfers, layoffs, compensation, training, benefits and other terms and conditions of employment without regard to race, color, marital status, sexual orientation, religion, national origin, ancestry, age, sex, gender identity, disability, medical condition (cancer), genetic information, family and medical care leave, pregnancy disability leave or veteran status.

Implementation:

The District is committed to implementing its Equal Employment Opportunity (EEO) policy through its Equal Employment Opportunity Program (EEOP). The Department Manager of the Office of Civil Rights is the designated EEO Officer responsible for daily management of the District’s EEO Policy Statement and EEOP. The General Manager is responsible for the implementation of the EEO Policy Statement and EEOP.

Consistent with applicable federal and state laws, the District’s EEOP is an affirmative action program that includes goals and timetables designed to overcome the effects of past discrimination of minorities and women. The successful achievement of EEO goals will benefit the District through fuller utilization and will enhance the District’s efforts to achieve a workforce reflective of the labor market in the community it serves.

All managers and supervisors will be responsible for the implementation of the District’s EEO policy and the EEOP. Their performance will be evaluated on the success of the implementation of the EEO policy and EEOP in the same way as their performance is evaluated on other District goals.

All BART employees are responsible for conducting themselves in accordance with the District’s EEO Policy Statement. An employee or job applicant who believes that they have been a victim of discrimination, harassment or retaliation has the right to file a complaint with the Office of Civil Rights.
Retaliation

Retaliation for filing a complaint is prohibited by law. Retaliation against employees alleging discrimination and harassment, or involved as witnesses in a discrimination or harassment investigation is prohibited. Employees who oppose and/or refuse to participate in illegal discrimination or harassment are also protected against retaliation.

Reporting
Any employee who believes he/she has experienced EEO discrimination, harassment and/or retaliation is encouraged to file a complaint with the District's Office of Civil Rights. Complaints of discrimination, harassment or retaliation should be directed to:

The Office of Civil Rights

PREVENTION OF SEXUAL HARASSMENT
IN THE WORKPLACE

Statement of Policy:

The San Francisco Bay Area Rapid Transit District (District) is committed to maintaining a workplace that is free of sexual harassment. In keeping with the District's long-standing, Equal Employment Opportunity (EEO) policy, sexual harassment in the workplace will not be tolerated. The District is committed to enforcing this policy and to providing training to its managers, supervisors, and employees to assist them in dealing sensitively and effectively with this important issue.

All BART employees are responsible for conducting themselves in accordance with the District's rules of employee conduct, including but not limited to, the EEO policy.

Any employee who believes he/she has been the victim of harassment on the basis of sex has the right to file a complaint with the District's Office of Civil Rights. All complaints of sexual harassment will be investigated. Retaliation against an employee for filing a complaint is prohibited by law. All parties involved will be treated in a fair and impartial manner. Employee privacy and confidentiality will be protected to the extent permitted by law.

Employees who violate this policy will be subject to disciplinary action, up to and including discharge.

Definition

Sexual harassment is a form of sex discrimination and is an unlawful employment practice. It is a personal affront to the affected employee and negatively impacts morale, motivation and job performance. This policy includes sexual harassment of District employees by non-employees. Unwelcome sexual advances, request for sexual favors, and verbal, physical, visual, or other conduct of a sexual nature, constitutes sexual harassment and are prohibited by this policy when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;

- Submission to or rejection of such conduct by an individual is used as the basis for an employment decision; and/or

- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.
Reporting

Prompt and appropriate action should be taken to prevent or stop incidents of sexual harassment. Any employee who believes he or she has been the target of sexual harassment is encouraged to inform the offending person orally or in writing that such conduct is unwelcome, offensive and must stop. An employee, however, is not required to communicate directly with the offending person, or if communication has been ineffective, the employee can complain directly to the Office of Civil Rights or any District supervisor. Failure to communicate with the perpetrator does not prevent an employee from filing a complaint, nor does it in any way exonerate the harasser.

Any manager or supervisor who witnesses or has knowledge of sexual harassment or other forms of harassment or conduct prohibited by District rules must promptly report such conduct to and consult with the Office of Civil Rights. Managers and supervisors have a legal responsibility to take action if they know or have reason to believe of a harassing situation. Managers/Supervisors must take action to address the situation regardless of the victim's stated desire to pursue or not to pursue the matter.

Enforcement

The Office of Civil Rights can provide both formal and informal consultation and provide information regarding harassment concerns. Complaints and cases of sexual harassment brought to the attention of the Office of Civil Rights or any District manager/supervisor will be handled promptly through a confidential procedure.

Retaliation against employees alleging sexual harassment or involved as witnesses in a sexual harassment investigation is prohibited.

Complaints of sexual harassment or inquiries concerning the application of federal and state laws and regulations should be directed to:

TITLE VI NON DISCRIMINATION POLICY

The San Francisco Bay Area Rapid Transit District (BART) is committed to ensuring that no person is excluded from participation in, or denied the benefits of its services or programs on the basis of race, color or national origin.

Statement of Policy:

The San Francisco Bay Area Rapid Transit District, as a federal grant recipient, is required by the Federal Transit Administration (FTA) to conform to Title VI of the Civil Rights Act of 1964 and its amendments. Title VI of the Civil Rights Act of 1964 requires that no person in the United States, on the grounds of race, color or national origin be excluded from, be denied the benefits of, or be subjected to discrimination, under any program or activity receiving federal financial assistance. Presidential Executive Order 12898 addresses environmental justice in minority and low-income populations. Presidential Executive Order 13166 addresses services to those individuals with limited English proficiency.

The District is committed to enforcing the provisions of Title VI and to vigorously enforce all applicable laws and regulations that affect the District and those organizations, both public and private, which participate in and benefit through our programs.

The District is committed to ensuring that all persons and/or firms wishing to participate in its programs are given an equal and equitable chance to participate.

The District’s sub-recipients and contractors are required to prevent discrimination and ensure nondiscrimination in all of their programs, activities and services.

The District’s Office of Civil Rights is responsible for providing leadership, direction and policy to ensure compliance with Title VI of the 1964 Civil Rights Act. Any person(s) who feels that they have been discriminated against is encouraged to report such violations to the District’s Office of Civil Rights:

MEMORANDUM

TO:        Board of Directors                      DATE: November 25, 2009

FROM:      General Manager

RE:        Administration Committee Agenda Item A-2: DBE and Non-Discrimination in Subcontracting Programs Update - For Information

At the December 3, 2009 Board Meeting, staff will present an update on the Disadvantaged Business Enterprise Program (DBE) and Non-Discrimination in Subcontracting Program at the Administration Committee meeting. The presentation will include an overview of the programs, DBE and M/WBE utilization, and procurement contract issues.

If you have any questions or require additional information, please feel free to contact Wayne Wong, Department Manager, Office of Civil Rights, at (510) 464-6134.

**Title:** Procurement of Wayside Multiplexer Printed Circuit Boards, Contract 20LN-219

**NARRATIVE:**
Award Contract No. 20LN-219, Procurement of Wayside Multiplexer Printed Circuit Boards.

**PURPOSE:**
To obtain Board authorization for the General Manager to award Contract No. 20LN-219, for the Procurement of Wayside Multiplexer Printed Circuit Boards to LeeMah Electronics, Inc. of San Francisco, California.

**DISCUSSION:**
Located along the wayside are boxes or cradles which house seven (7) printed circuit boards critical to the proper detection of trains and the transmission and reception of speed codes. The speed encoding multiplexer serves the dual function of occupancy detection and speed code transmission. In order to carry out these functions, speed code bits are multiplexed along common data lines to each track block in a given zone. Applicable train control room and wayside hardware is required to make this possible.

The existing wayside equipment has been in operation for more than 35 years. These units are highly reliable. However, components fail and require replacement. Throughout the equipment's life span, spare printed circuit boards have been used to replace failed printed circuit boards because many of the original components can no longer be repaired or replaced due to their obsolescence. This contract will procure two thousand (2000) units of each of the seven (7) printed circuit boards with modern electronic components that will provide operational reliability and ease of installation and maintenance.

The District provided advanced notice to potential Bidders on September 25, 2009 and advertised the Contract on September 30, 2009. A pre-Bid meeting was held on October 15, 2009 with nine (9) potential Bidders in attendance. A total of twelve (12) potential Bidders purchased the Contract book. An addendum was issued to extend the Bid opening by one (1) week. On November 10, 2009, the District publicly opened the Bids for this Contract. The two (2) Bids received are shown below along with the Engineer's Estimate.

</tbody>
</table>

Based on the competitive Bid package evaluation, LeeMah Electronics, Inc. was determined to be the lowest responsive and responsible Bidder. Furthermore, examination of LeeMah Electronics, Inc. business experience and financial capabilities shows a satisfactory condition. In addition, staff has determined that the Bid price submitted by LeeMah Electronics, Inc. is fair and reasonable.

Pursuant to the revised DBE Program, the Office of Civil Rights is utilizing race and gender neutral efforts for procurement contracts. Therefore, no DBE participation goal was set for this contract.

**FISCAL IMPACT:**

Funding of $3,687,007 ($3,359,460.00 bid plus $327,547 estimated tax) for contract 20LN-219 is included in the total project budget for the FMS#20LN – Speed Encoding System/MUX Electronics Rehabilitation. The Office of the Controller/Treasurer certifies that funds are currently available to meet this obligation.

**CA-90-Y541 FY07 Capital Assistance Program**  
| 52Z | $3,618,742 |

As of 10/31/09, $3,618,742 is available for commitment from this fund source for this project and BART to date has committed $0. There is $0 pending commitment in BART’s financial management system. This action will commit $3,618,742, leaving an uncommitted balance of $0 in this fund.

**CA-05-0224 FY08 Capital Improvements**  
| 53G | $68,265 |

As of 10/31/09, $3,750,785 is available for commitment from this fund source for this project and BART to date has committed $1,430,000. There is $0 pending commitment in BART’s financial management system. This action will commit an additional $68,265, leaving an uncommitted balance of $2,252,520 in this fund.

There is no fiscal impact on available un-programmed District Reserves.

**ALTERNATIVES:**
The alternative is to continue to maintain the existing Wayside multiplexer equipment and endure the inevitable failures resulting in delays to revenue service. These types of failures have resulted in severe operational delays. Maintenance costs will increase as the Wayside multiplexer equipment further ages and replacement parts become harder to find.
RECOMMENDATION:
Adoption of the following motion:

MOTION:
The General Manager is authorized to award Contract No. 20LN-219, Procurement of Wayside Multiplexer Printed Circuit Boards, to LeeMah Electronics, Inc., for the Bid price of $3,359,460.00, plus applicable taxes, pursuant to notification to be issued by the General Manager and subject to the District protest procedures and FTA’s requirements related to protest procedures.

FY10 First Quarter Overview...

✓ Substantial ridership drop / revenue loss compared to a year ago
✓ Customer and Train On-Time daily performance goals were both met, first time in at least 14 years
✓ Car reliability below goal, but improved over last quarter and same quarter last year
✓ New Passenger Environment Survey methodology implemented this quarter
✓ Customer complaints higher in reaction to labor negotiations and changing of train re-sizing times
Total ridership under budget by 1.7% and 8.9% below last year
Average weekday ridership down 9.7% from same quarter last year; core weekday ridership down by 9.9% and SFO Extension weekday ridership down by 8.7%
September ridership was close to budget due to the scheduled Bay Bridge closure
On-Time Service - Customer

✓ On-Time above 96% goal
✓ Improved over last quarter, last year
On-Time Service - Train

- Train on-time above 94% goal
- Improved over last quarter, last year
Wayside Train Control System

Includes False Occupancy & Routing, Delays Per 100 Train Runs

✓ Goal met
✓ Completed and in-progress wayside projects have contributed to improved performance this quarter
Computer Control System

Includes ICS computer & SORS, Delays per 100 train runs

- Goal met
- SORS and ICS stable
Traction Power

Includes Coverboards, Insulators, Third Rail Trips, Substations, Delays Per 100 Train Runs

☑ Performance down, goal not met
☑ Third bracket coverboard installation progressing between South Hayward and Fremont
☑ Stimulus funded, multi-million dollar coverboard project will start in the spring
Transportation

Includes Late Dispatches, Controller-Train Operator-Tower Procedures and Other Operational Delays Per 100 Train Runs

✓ Goal met
Car Equipment - Reliability

- MTBF 2,814, Goal 2,850
- Results better than last quarter and better than the same quarter from prior fiscal year
Car Equipment - Availability @ 0400 hours

✓ Goal met
Elevator Availability - Stations

Active Elevators are those currently not removed from service for renovation

✓ Goal met
✓ Civic Center and Embarcadero head-houses complete, Montgomery in progress
✓ Potential for staffing levels to impact performance negatively
Elevator Availability - Garage

TO: Board of Directors  
FROM: General Manager  
DATE: November 25, 2009  

SUBJECT: PPAAL Committee Agenda – December 3, 2009; BART to Livermore Draft Program Environmental Impact Report (DPEIR)

This subject item was continued from the November 19, 2009 Board of Directors meeting. At the December 3, 2009 Planning, Public Affairs, Access and Legislation (PPAAL) Committee meeting, staff will brief the Board on the BART to Livermore project. The staff presentation will provide a summary of objectives, alternatives and key findings from the DPEIR, which was released on November 5, 2009. Nine different alignment alternatives for a BART extension to Livermore are analyzed in the DPEIR. The DPEIR examines the environmental impacts and benefits of alignment alternatives, station sites and yard/maintenance facility sites at a program level.

The key objectives of this current environmental effort are to:
1) Identify a preferred alignment;
2) Preserve right-of-way for a potential future extension to the City of Livermore; and
3) Inform current I-580 and High Speed Rail/ACE project efforts in the corridor.

The public comment period will last for 45 days and conclude on Monday, December 21, 2009. After close of the public comment period, staff will prepare the Final Program Environmental Impact Report and come before the Board in spring/summer of 2010 for two actions: certification of the environmental document and adoption of a preferred alignment.

The environmental document is available to the public for download on the Program EIR website: www.barttolivermore.org. Two public hearings will be held for the public to present their comments in person. The first public hearing will start at 2:00 p.m. on Wednesday, November 18, 2009 at the Livermore City Council Chambers. The second public hearing will start at 6:00 p.m. on Wednesday, December 2, 2009 at the Robert E. Livermore Center.

Please contact Malcolm Quint at (510) 464-7877 or via e-mail at MQuint@bart.gov, if you need additional information.

BART to Livermore Extension:
Program – Level Environmental Review

  • Critical step in project planning process.
  • Extensive community outreach.
  • Footprint-based technical analysis.
  • Program-wide mitigation strategies.
  • Analysis of multiple alternatives

» Purpose of the Program EIR is to:
  • Identify the preferred alignment alternative.
Summary of BART to Livermore Program Objectives

» Increase BART ridership and provide congestion relief along the I-580 corridor through the Tri-Valley area.

» Provide convenient intermodal connections between BART, ACE, LAVTA and future HSR.

» Support local efforts, initiatives and policies to promote TOD.

» Enhance economic benefits by contributing to local investment/development opportunities.

» Conform with the BART System Expansion Policy and MTC’s Resolution 3434.

» Improve transit mobility between the Tri-Valley and greater Bay Area and reduce transportation greenhouse gas emissions, consistent with Senate Bill (SB) 375.

Potential Next Steps: Project-Level EIR / EIS

» Targeted, detailed evaluation of preferred alignment.

» Impacts of preferred alternative compared to alternative technologies:
  • Express Bus/HOT Lane System.
  • Diesel Multiple Unit (DMU) Trains.
  • Commuter Rail Trains.
  • BART Technology.

» Project and site-specific mitigation.

» Other funding initiatives on-going.

» Right-of-way preservation and acquisition begins upon Program EIR certification.

Resolution Commending
Robert K. McCleary

Resolution No.

WHEREAWS, Robert K. McCleary has served the Bay Area as the Executive Director of the Contra Costa Transportation Authority since 1989, retiring at the end of the year 2009.

and

WHEREAWS, Mr. McCleary has been a leader in championing regional transportation issues before the federal and state legislatures, and

WHEREAWS, Mr. McCleary has served Bay Area transportation interests through his activism on state and regional organizations, including the Bay Area Congestion Management Agency Association, the Self-Help Counties Coalition, Californians for Better Transportation, and the Bay Area Partnership.

WHEREAWS, Mr. McCleary has demonstrated unique vision and leadership in the development of cooperative and comprehensive transportation solutions for the Bay Area, including the support of BART's Phase I Extension to Pittsburg/Bay Point, BART's efforts to expand access to local BART stations by including Measure J funds for bicycle, pedestrian and automobile access projects, and for supporting the efforts of the eBART Extension and

WHEREAWS, Mr. McCleary's distinguished career of public service began with the State of California Legislature where he served as Administrative Analyst for the Office of the Legislative Analyst, followed by serving as the Deputy Director for Finance for the California Transportation Commission,

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the San Francisco Bay Area Rapid Transit District does hereby take public cognizance of the contributions Mr. Robert K. McCleary has made to the cause of public transportation in the Bay Area, and

BE IT FURTHER RESOLVED that a suitably engrossed copy of this Resolution be tendered to Mr. McCleary as a token of the high esteem in which Mr. McCleary is held by the members of the San Francisco Bay Area Rapid Transit District Board of Directors.

Adopted by the Board of Directors
of the San Francisco Bay Area Rapid Transit District
