

## TRACK WORKER

JC: MA660  
PG: MW-II  
FLSA: Non-Exempt

PC: 201  
BU: 01 (SEIU)  
Created: April 1988  
Revised: March 2017

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

### **DEFINITION**

Under general supervision, performs a variety of semi-skilled maintenance, repair and modification activities involving trackage and related appurtenances and performs related duties as assigned.

### **CLASS CHARACTERISTICS**

Incumbents in this class normally work in a small crew setting and on off-hours shifts to perform varied physical work in the preventive maintenance and repair of heavy rails and related equipment in locations throughout the system. This class is distinguished from the skilled craft classes in that the work of the latter classes normally require the equivalent of completion of an apprenticeship in a designated craft area for successful work performance.

### **REPORTS TO**

This position reports to the Track Foreworker who assigns work and administers the first step of disciplinary procedure, and to the Section Manager, Track Maintenance who implements major personnel decisions such as hiring and termination.

### **EXAMPLES OF DUTIES** – *Duties may include, but are not limited to, the following:*

1. Receives daily work assignments from shift Foreworker.
2. Selects and gathers necessary hand and power tools, equipment and materials from storage, using a dolly or forklift as required.
3. Loads and unloads tools and equipment from gang truck or buggies.
4. Travels to assigned work sites.
5. Cleans and clears debris, weeds, shrubbery, dead animals and other trash and obstructions from track and associated wayside.
6. Performs scheduled preventive maintenance such as cleaning and lubricating track fastenings and switches and tightening torque and anchor bolts.
7. Installs, removes and replaces track fastenings, concrete and wooden ties, angle bars and joints,
