OPERATIONS SUPERVISOR LIAISON

JC: OC118  
PB: F  
FLSA: Non-Exempt  
BU: 31 (AFSCME)  
Created: December 2000  
Revised: June 2021

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Oversees, supervises and coordinates daily operations and activities on assigned District extension or renovation construction projects; facilitates contractor access to all District construction sites and locations; coordinates assigned activities with other divisions, outside agencies and the general public; provides highly responsible and complex staff assistance to higher level management staff, and performs related duties as assigned.

CLASS CHARACTERISTICS

This is the journey level within the Operations Supervisor series. Employees at this level receive only occasional instructions or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit. This class is distinguished from the Senior Operations Supervisor in that the latter possesses a specialized, technical or functional expertise within the area of assignment or may supervise the work of Operations Supervisors.

EXAMPLES OF DUTIES - Duties may include, but are not limited to, the following:

1. Coordinates the organization, staffing and operational activities to provide support to extension program construction operations and renovation projects.

2. Participates in the development and implementation of goals, objectives, policies and priorities; recommends and implements resulting policies and procedures.

3. Identifies opportunities for improving service delivery methods and procedures; identifies resource needs; reviews with appropriate management staff; implements improvements.

4. Directs, coordinates and reviews the work plan for assigned services and activities; assigns work activities and projects.
5. Monitors workflow; reviews and evaluates work products, methods and procedures on an ongoing basis to meet BART system safety requirements; meets with staff to identify and resolve problems.

6. Monitors station and train safety systems; conducts safety briefings and related duties for contractors and construction staff on District property.

7. Attends contractor meetings on job sites; reviews current work in progress and future activities; ensures all safety issues are identified and resolved.

8. Performs construction walk-throughs with contractor staff; participates in identifying punch list items; facilitates access for contractors to complete punch list items; coordinates acceptance of station completion including furniture, telecommunications, systems operations and other equipment; oversees the final station cleanup and inspection prior to opening.

9. Provides supervision during pre-revenue rail vehicle and equipment testing operations.

10. Provides staff assistance to higher level management staff.

11. Communicates and notifies appropriate jurisdiction by 2-way radio of unusual events; and prepares a variety of periodic and special reports and other correspondence as appropriate.

12. Coordinates assigned support activities with those of other shifts, divisions, outside agencies and organizations.

13. Stays abreast of new trends and innovations in the field of transit operations.

14. Ensures proper safety procedures and protocols are followed at all assigned sites.
