To require that the line item titled, “Subtotal – Operating Expense” that appears on Attachment 1 be reduced from the $850,853,000.00 to the equivalent of the Fiscal Year 2020 (FY 20) budget amount of $799,800,000.00. This amounts to about a $51 million decrease in operating expenses before allocations to capital budget and debt service. Essentially that would put the Fiscal Year 2021 (FY 21) budget even with the budget for FY 20.

Director McPartland asked staff to discuss the impact of Director Allen’s proposed amendment and inquired about whether budget reductions could be implemented after the budget is approved, the Board’s oversight of budget reductions, and the amount of budget increases funded by the BART Safety, Reliability and Traffic Relief Program (Measure RR).

Director Allen initially seconded Director Ames’ amendment, but subsequently rescinded her second.

To require that the line item titled, “Subtotal – Operating Expense” that appears on Attachment 1 be reduced from the $850,853,000.00 to the equivalent of the FY 20 budget amount of $799,800,000.00. This amounts to about a $51 million decrease in operating expenses before allocations to capital budget and debt service. Essentially that would put the FY 21 budget even with the budget for FY 20.

To supplement the new fare gate funding program through leveraging a combination of Measure RR, county, and grant funds totaling $50 million and issuance of $50 million in new sales tax revenue bonds for a total program of $100 million to fund new fare gate improvements at all stations within 3 years.
