Information on how to make reasonable modification requests can also be found by visiting BART’s website at http://www.bart.gov/guide/accessibility.

13. Member Announcements

Randall Glock made a request for Alan Smith to slow down during the meetings. He stated that there often are numerous topics to cover in a short amount of time, and
having to rush through things in the meeting is not helpful for anyone using the aide of an interpreter or captioner. Because of all the different disabilities, members are having trouble keeping up with what’s going on, especially when motions are being made for them to vote on.

He also requested that Alan Smith remove non-members from e-mail blasts, and to include the members that have been left out.

He expressed concern that the BATF did not have information on the report that was made to the Board. (The BATF annual report was distributed in December with the agenda.)

He expressed his frustration that important topics are being left out of the agenda, like Super Bowl City, for example.

Travel reimbursement was submitted to Clipper. Members are to e-mail Randall Glock to confirm receipt or non-receipt of funds.

Randall Glock made a request of Alan Smith that when he submits travel reimbursement for approval, he also includes a list of members who were in attendance.

Clarence Fischer told members to be aware of schedule changes on February 9th on the Pittsburg/Baypoint – SFO line, as well as the Fremont line.

Don Queen commented that the train is louder than any announcements being made.

14. **Future Agenda Topics**

  - Priority use of elevator (suggested by Tian Feng)

  - Disabled fare chart

15. **Adjournment**

The meeting adjourned to the next regularly scheduled meeting of Thursday, February 25, 2016, at 2:00 p.m., at 1750 Broadway in Oakland, California.
